The University of Lethbridge is a public, board-governed university operating as a Comprehensive Academic and Research Institution under the authority of the Post-secondary Learning Act of Alberta.

Founded on the principles of liberal education, the University of Lethbridge provides undergraduate and graduate programs in education, fine arts, health sciences, humanities, management, nursing, sciences, and social sciences, leading to bachelor's, master's and doctoral degrees. The institution also provides certificate programs, post-baccalaureate certificate programs, post-graduate certificate programs and post-master's certificate programs that lead to professional specialization, and open studies for lifelong learners.

The University of Lethbridge conducts pure and applied research and establishes and sustains facilities for pursuing original research. The University develops centres of research excellence in areas in which it has special expertise or that have particular relevance to the region or province. Programs of research, scholarship and creative activity include the study of fundamental issues for their intrinsic intellectual, aesthetic or philosophical interest, and of practical challenges of direct importance for social, cultural, economic or environmental wellbeing. The University of Lethbridge protects free inquiry and scholarship, facilitates access to scholarly resources, and supports artistic expression and the free and open scholarly discussion of issues.

In support of Campus Alberta, the University of Lethbridge collaborates with other institutions to ensure transferability within the province's postsecondary education system and delivers seamless learning opportunities. As part of this commitment, the University works with other institutions to provide degree completion opportunities for university transfer students and diploma graduates.

Across the spectrum of intellectual pursuit, the University of Lethbridge continually develops innovative programs and research collections in existing and emerging disciplines to meet the needs of students, society and the economy. This includes collaborating with First Nations, Métis and Inuit peoples to develop programs and collections that are relevant and accessible to them.

The University of Lethbridge serves a variety of student groups: undergraduate and graduate students; transfer students; high school graduates; First Nations, Métis and Inuit students; adult learners; international students; and immigrants. It also serves students on campuses in Edmonton and Calgary and, through distance learning technology, students across the province, the country and the world. The University of Lethbridge strives to make university-level education available to all Albertans, including those living outside major urban centres and those who have traditionally not sought university education.

The University of Lethbridge fosters a learning community that meets the educational and personal growth needs of its students. This learning community emphasizes teaching excellence, exposure to research, information literacy, interaction with professors and instructors, effective academic advising and personal counselling, and a spectrum of cultural, recreational and extracurricular opportunities. The University of Lethbridge values a high quality of teaching and emphasizes the mutually beneficial relationship between teaching and research. OUR PROMISE

To our students, we make a promise:

A promise to do our best, so they can be their best.

A promise to foster exploration, to share ideas and information, to teach but also to learn.

A promise to build the buildings, acquire the technology, cultivate the partnerships, and welcome the people essential to advancing an environment that excites and ignites learning.

A promise to create an environment where professors and students are colleagues and everyone grows together, an environment that recognizes the power of every student's dream. And helps that dream come true.

DESTINATION 2020

Where we are going

We will be Canada's destination for all who seek a comprehensive, liberal education-based university that promotes a diverse and inclusive environment and inspires research-informed teaching and learning, creative discovery, scholarship, professional endeavour, experiential opportunities and community engagement.

The University of Lethbridge is Alberta's Destination University. Founded in 1967 on traditional Blackfoot land, we are a community that fosters an atmosphere of discovery, a welcoming place where students and faculty have the freedom to think, create and explore together. People are the essential resource of our institution; they define our university and are our greatest strength.

Who we are

We are committed to the individual student as a person of ultimate worth. Our students learn within and beyond the classroom in a research-intensive environment that offers connections with the diverse communities we serve. Students are taught by inspired scholars who integrate research and creativity with teaching.

Our motto, *Fiat Lux* ("Let There be Light"), and our founding principle of liberal education, continue to define and inspire us. We are committed to being the comprehensive academic and research university in Alberta that empowers individuals with broader knowledge and prepares them to think critically and creatively, communicate clearly, solve complex problems, and contribute fully to society. We give people more than an education: we give them a life trajectory and the tools to make a difference.

High quality is central to all that we do. Our commitment to maintaining high quality undergraduate and graduate academic programs is important to fostering a better society. High quality instruction and teaching are essential to our commitment to quality, as are the vibrant programs of research and creative activity that are a differentiating feature of our institution and a central part of our culture as a Comprehensive Academic and Research Institution. High quality facilities and services support our institution and its students, staff and academic staff.

The University of Lethbridge was born from the needs and aspirations of our local communities, and so access to our university is a foundational value. We are committed to providing student access to our high quality academic programs throughout the province, without creating unnecessary financial barriers. Community engagement with our university (and vice-versa) and the community use of our facilities are important to us.

Our liberal education foundation, combined with our student focus and research and creative excellence, enable a distinctive student experience across three campuses in Alberta - Lethbridge, Calgary and Edmonton. The result is engaged citizens, who are intent on understanding relevant issues and on improving our region, our country and our world.

Why We Exist

The University of Lethbridge exists to build a better society and inspire the minds of tomorrow.

- We create, discover, disseminate and apply knowledge through free and critical inquiry and excellence in basic and applied research of regional and global impact.
- At the undergraduate and graduate levels, we develop creative discoverers and independent learners, who understand their responsibility for critical thinking and scholarship.
- We prepare students for their personal and professional paths.
- We encourage and nurture creative expression.

- We value, encourage and celebrate the talents and efforts of our students, faculty, staff and alumni.

OUR FUNDAMENTAL PRINCIPLES

We encourage and protect free inquiry and expression, and model collegial and civil debate, dissent and controversy to critically explore and resolve issues.

We share with our communities our research, scholarship, creative activities, facilities, resources and initiatives, involving our communities wherever possible. This helps us anticipate and respond to societal needs.

We promote diversity and gender equity, and ensure equal opportunity for participation.

We are committed to collaborating with First Nations, Metis and Inuit peoples and communities to ensure that our partnerships, and ensuing programs, meet the needs of these communities.

OUR COMMITMENT TO CREATIVITY, INQUIRY, AND DISCOVERY

We believe in academic freedom. Research and acquiring knowledge are inherent societal goods and ends in themselves.

We encourage and support research, scholarship, critical inquiry and creative performance, in all areas in which we teach, and in areas of special relevance locally, nationally and globally.

We conduct research in many forms, including that with the broadest scope and longest term, and communicate the outcome of these efforts. Wherever appropriate, we connect our research and scholarship to the needs and aspirations of the communities we serve.

We sustain, and provide access to, the scholarly resources and knowledge base needed for research, scholarship and creative activity.

OUR COMMITMENT TO STUDENTS

We offer students a liberal education, the best preparation for their future, which provides a wide base of knowledge and promotes academic skills that students can apply broadly.

We are student-centred, and help students achieve their full potential by facilitating their intellectual growth and personal excellence in an atmosphere of engagement within and beyond the classroom.

We are a comprehensive university, offering excellence in undergraduate and graduate university education, and striving for a balance between our focus on teaching and our commitment to research, scholarship and creative activities.

We promote effective teaching and learning, applying face-to-face learning, experiential learning, and online and distance learning where those delivery modes make the best sense.

We strive for inspirational teaching and learning, which takes place in an environment of respect, free from discrimination.

We expand horizons and develop a global mindset, educating our students to become citizens of a complex society, capable of making important contributions.

We emphasize ethical action and are environmentally, socially and financially responsible.

We practice procedural fairness and act in accordance with all applicable codes of professional and ethical practice and conduct.

We use leading technology effectively, to facilitate and enhance learning and research relationships among students, faculty members and other University stakeholders.

THE UNIVERSITY SHIELD

The University of Lethbridge adopted its official Shield (shown left) in 1973, six years after the University's inception. Developed by a Senate committee with the leadership of University President Dr. William E. Beckel, the Shield design and Heraldic description was approved by the Senate on October 2, 1973 and ratified by the Board of Governors later that month.

The Shield was designed primarily in the University's colours of blue and gold. The gold sun on the blue shield represents southern Alberta. The blue and silver book above the gold and blue wreath represents the search for knowledge. The University's motto, 'Fiat Lux,' Latin for 'Let there be light,' is lettered on a gold and silver band below the shield.

In 2003, the original design was simplified (shown right). The new shield brings focus to the fiery sun with twisted Aztec rays and to the motto, 'Fiat Lux.'

UNIVERSITY OF LETHBRIDGE STUDENTS AND THE ALBERTA WORKERS' COMPENSATION BOARD

In 1985, the Alberta Workers' Compensation Board issued an Order under Section 7 of the *Workers' Compensation Regulation* which provides that the *Workers' Compensation Act* applies to students registered in and attending the University of Lethbridge (and other post-secondary institutions in Alberta) while they are in attendance. The Workers' Compensation Board coverage does not extend to students who suffer accidents while engaging or participating in extracurricular sporting, recreational, social or personal fulfillment activities which are not a current academic requisite or which are not required as a part of the course of study in which the student is registered. Workers' Compensation Board coverage means students are treated as employees when injured in an incident related to the course of studies.

The University's Risk and Safety Services is available to assist the student if a Workers' Compensation claim is required.

Notes:

- Conditional admission decisions may be made for qualified applicants on the basis of interim/unofficial documents received prior to the Admissions Document deadline. Applications will be considered only if Admissions has received sufficient documentation by this date on which to base an admission decision (at least all interim or unofficial transcripts and any other required documents). Note that a high school or transfer applicant may not use grades from summer school courses or supplementary exams for Fall admission unless they are received by this date.
- An application is not complete until all final, official documents have been received by the U of L. U of L Advanced English for Academic Purposes (EAP) results will be accepted from the Summer term EAP classes for admission to the subsequent Fall semester, and from the Fall semester EAP classes for the subsequent Spring semester. All other documents pertaining to English Language Proficiency (e.g., TOEFL) must be received no later than the preceding August 1 for Fall admission, or November 15 for Spring admission.
- Early Admission applicants are advised to apply by December 15; this is important for scholarship eligibility and optimal course selection. Applicants who do not meet the Early Admission application or admission document deadlines, but who meet the regular deadlines, will be considered according to regular high school policies.
- Transfer General Admission deadlines apply to all domestic applicants who have completed three or more transfer courses, a college diploma, or a previous degree (see Part 1 - Admissions, Section 3.b), unless applying to a program listed below.
- Final official documents, including the diploma completion statement, for transfer applicants applying to Post-Diploma programs must be received by August 31. Final official documents for transfer applicants to all other programs must be received by July 31.
- International applicants should ensure that they apply early enough to accommodate the processing time for their study permit application. Study permit processing times may be found at www.cic.gc.ca. These deadlines do not apply to international applicants already in Canada or to applicants to programs that have earlier application deadlines.
- Calgary Campus deadlines apply to Canadian Citizens, Permanent Residents, and International applicants already in Canada who are applying to undergraduate programs offered at the Calgary Campus.
- Although all other supporting documents must be received by June 1, grades from U of L's EDUC 2500 completed in Summer Session I will be considered in admission decisions for the subsequent Fall semester. Applications for pre-Education programs are accepted for both Fall and Spring semesters.
- Addictions Counselling applicants must submit an Admission Statement to the Admissions Office by **June 1**. The Admission Statement form is available at www.uleth.ca/healthsciences/statement.

The U of L reserves the right to consider applications received or completed after the application/documents deadlines should openings remain in any program.

Notes:

¹Only one Fine Arts course may be used as an academic course in the admission average. Another distinct Fine Arts course may be used as the fifth course. For example, Art 30 could be used as one of the academic courses and General Music 30 could be used as the fifth course.

²Only one course in a particular language will be used for admission purposes, e.g., in Alberta, only one of French Language Arts 30-1 or French as a Second Language 30-3Y will be used. Grades from 20-level language, or language and culture courses in six, nine, or 12-year streams may be used for admission purposes in place of 30-level languages, e.g., German Language and Culture 20-6Y.

2. Admission Average

To qualify for General Admission, applicants must have an admission average of at least 65 percent calculated on the five admission courses. The basic admission average is 60 percent; the current admission cut-off is 65 percent.

Note: The blended grade, which averages the school-assigned final grade and the Departmental examination grade, will be used where possible in calculating this average.

Students must have a minimum mark of 50 percent ('P' in British Columbia) for any subjects used in the admission average.

The admission average for all Canadian high schools (excluding Quebec) is calculated using English Language Arts 30-1 or its equivalent, three academic Grade 12 courses comparable to Alberta 30-level courses, and a fifth Grade 12 level course. The admission average for Quebec high schools is calculated using English Literature 603 and two semesters of CEGEP courses (see **page 30**).

Grades and courses from outside Alberta which have been evaluated by agencies other than the original educational institution are subject to review and adjustment by the University of Lethbridge.

For High School Applicant Program Availability and Required Qualifications, see **page 32**.

3. Early Admission

Early Admission may be offered to students currently completing regular high school requirements in Canadian high schools. Applicants will be selected from among those who submit an acceptable statement of courses and grades. Courses considered will include both those completed and those in progress.

Successful applicants will be selected using both actual and predicted academic achievement.

The Early Admission average is calculated, in Alberta, using a combination of final and estimated Grade 12 blended grades. **Self-reported grades:** The applicant will provide final grades for Grade 12 courses already completed and estimate marks for courses in progress and courses he/she plans to complete based on Grade 12 mid-term marks or Grade 11 final marks.

If an applicant is not admissible based on self-reported grades, the Admissions Office will require interim transcripts in order for the Admissions Office to make the prediction of grades and final admission decision.

Early Admission is open to all high school applicants completing high school for the first time and currently enrolled in Canadian high schools. Early

Admission is available to students currently studying at Canadian high schools under student visas, provided that acceptable proof of English Language Proficiency (where applicable - see **Section 6, p. 42**) is provided by the Early Admission application deadline. Early Admission is not available to international students currently studying outside Canada.

Through ApplyAlberta (Alberta Post-Secondary Application System), early admission applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education. Out-of-province applicants must arrange to have official transcripts forwarded directly to the Admissions Office from the appropriate provincial Department of Education. In all cases, final high school transcript(s) must be received by the August 15 preceding the semester of admission. If final grades are not received by that date, the University reserves the right to rescind admission.

Qualifying Average for Early Admission

For most programs, Early Admission is offered to applicants with a predicted admission average of 65 percent or higher. Competitive programs (e.g., the B.Sc. (Environmental Science), the B.F.A. - New Media, the B.N., and the Pre-Engineering (Engineering Transfer Program)) are exceptions.

The University reserves the right to rescind admission at any time should the student's final admission qualifications fall below the minimum standard required for admission to the University (i.e., a final admission average of 60%).

4. International High School

High school qualifications from other countries are considered for admission purposes (see **Section 5. International Students, p. 41**).

5. Advanced Placement Program

Students presenting Advanced Placement (AP) credentials have the option at the point of admission of receiving transfer credit for approved courses where they have achieved AP grades of '4' or '5', or of taking the University of Lethbridge course. An official AP transcript is required.

Advanced Placement credentials are recognized both as an admission route and as a means of satisfying specific course requirements:

- Students presenting AP credentials may receive university course credits for AP courses given grade achievement as indicated in the table on **p. 34**.
- Where an applicant presents both an AP course and the corresponding Grade 12 course for a particular subject, the higher grade will be used for admission purposes. For this purpose, AP course grades are converted as follows:

AP Result	Grade 12 Percentage
5	96%
4	86%
3	76%
2	65%
1	not acceptable for admission

To obtain AP transcripts:

AP College Board ATP (Transcript Department)

6. International Baccalaureate Program

Students presenting International Baccalaureate (IB) credentials have the option at the point of admission of receiving transfer credit for approved courses in which they have achieved satisfactory grades. An official IB transcript is required.

IB credentials are recognized both as an admission route and as a means of satisfying specific course requirements:

- High School applicants presenting IB credentials may receive university course credits for IB courses if they meet the minimum grade achievement levels given in the **table on p. 34**.
- Applicants presenting complete IB diplomas are guaranteed general admission to the University, subject to English Language Proficiency requirements and deadlines. Admission to quota programs is not guaranteed, but is subject to normal enrolment management procedures.
- Where an applicant presents both an IB course and the corresponding Grade 12 course for a particular subject, the higher grade will be used for admission purposes. IB course grades are converted as follows:

IB Grade	Grade 12 Percentage
7	97%
6	84%
5	77%
4	65%
3	55%
2	45%
1	45%

7. Home School

Home School applicants who present recognized secondary credentials, or by some other means satisfy the requirements of a University admission route, will be considered for admission. Regardless of their citizenship or residency, Home School applicants will be considered according to the curriculum they followed.

For example:

- A high school applicant who studied Alberta curriculum is expected to meet the requirements of an Alberta high school applicant (see **Section 3.a.1., p. 28**).
- The applicant should challenge the departmental examinations in courses where such examinations exist to provide grades in the subjects challenged. By this means, an applicant will be considered for admission who presents final grades in five distinct subjects (see **Section 3.a.1., p. 28**).
- A high school applicant from British Columbia should challenge the provincial examinations in courses where such examinations exist to provide grades in the subjects challenged. An applicant will be considered for admission who presents final grades in five distinct subjects (see **Canadian High School Requirements table, p. 28**).
- An applicant who presents both a high school diploma and appropriate, satisfactory standardized test scores, either ACT, or both SAT Reasoning and SAT Subject scores will be considered for General Admission (see **Section 3.e., p. 37**).

b. Transfer Student Admission Route

1. New Transfer (transfer courses)

Applicants who have completed three or more transferable semester courses at one or more post-secondary institutions will be considered as New Transfer applicants.

To qualify for General Admission, New Transfer applicants must have an admission average of at least 2.00 on the U of L 4.00 GPA scale, calculated on all transferable courses.

Admission requirements vary depending on the number of transferable, post-secondary courses completed as indicated below:

eight or more transferable courses

- Admission GPA of at least 2.00 on the U of L 4.00 GPA scale, calculated on all completed, transferable, post-secondary courses.
- High school credentials are not required.

five or more (but fewer than eight) transferable courses

- Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see **Part 1 - Admission, Section 3.a.1., p. 28**).
- Admission GPA of at least 2.00 on the U of L 4.00 GPA scale, calculated on all completed, transferable, post-secondary courses.

at least three (but fewer than five) transferable courses

- Basic high school admission average of at least 60%, calculated on five appropriate 30-level high school courses (see **Part 1 - Admission, Section 3.a.1., p. 28**).
- Admission average is determined using a weighted average of the high school admission average and all completed, transferable, post-secondary courses.

Upon admission, students are assigned transfer credit on a **course-by-course basis** for eligible post-secondary work. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. For additional information, see **Section 7 - Transfer and Evaluation of Credit (p. 43)**.

Applicants to programs leading to any Combined Degrees may be admitted directly to these programs, or may need to seek admission to programs in the Faculty of Arts and Science (for Combined Degrees programs including the B.A. or B.Sc.), the Faculty of Fine Arts (for Combined Degrees programs including the B.F.A. or B.Mus.), or the Faculty of Management (for Combined Degrees programs with B.Mgt.) in order to complete admission requirements.

Admission priority of New Transfer students:

All transferable post-secondary work completed by New Transfer applicants will be used in determining admission priority.

The admission average for New Transfer applicants presenting five or more transferable courses is calculated on all completed, transferable, post-secondary courses. For New Transfer applicants presenting only three to five courses, the admission average is a weighted average of the high school admission average and the post-secondary admission average.

Subject to individual Faculty policies, admission priority is assigned to New Transfer applicants on the basis of grade point average on all transferable courses.

The University may offer admission to highly qualified transfer students prior to the application deadline. Applicants are encouraged to apply well ahead of the deadline. For detailed information, students should contact the Admissions Office (SU140; tel. 403-320-5700).

Time limits and residence requirements apply to transfer students: see table in **Part 4 - Academic Regulations, Section 2.g. (p. 83)**.

Any student encountering difficulties with transfer of credit to the University is encouraged to contact the Manager of Admissions for assistance and further information (tel. 403-382-7134 or fax 403-329-5159).

For Transfer Applicant Program Availability and Required Qualifications, see page 38.

2. College Diploma

Applicants who hold two- or three-year college diplomas from recognized institutions will be considered for admission to the appropriate post-diploma program.

For College Diploma Applicant Program Availability and Required Qualifications, see page 39.

A diploma holder seeking admission to a program other than the appropriate post-diploma program will also be considered for admission:

- a. For admission purposes only, holders of two- or three-year college diplomas of sufficient academic merit from recognized post-secondary institutions, completed with cumulative program GPAs of 2.00 or higher on the U of L 4.00 GPA scale, shall be considered eligible for admission as New Transfer students, in the absence of contradictory evidence.
- b. In all such cases the diploma program in question must have sufficient academic merit. Faculty program residency and time limit policies shall apply. Final determination of sufficient academic merit rests with the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences, and the Faculty of Management, as appropriate.

3. College Certificate

Studies at recognized post-secondary institutions leading to Certificate credentials will be evaluated for transfer credit on a course-by-course basis, in accordance with approved transfer credit procedures.

4. Applied and Technology Degrees

Applicants presenting Applied or Technology Degrees from recognized colleges or technical institutes in Canada with grade point averages of 2.00 or higher on the U of L 4.00 GPA scale are guaranteed admission to first degree, undergraduate non-quota programs. These applicants will be considered for admission to quota programs according to their qualifications as transfer students.

Transfer credit awards will be according to regular University procedures, and subject to University policies including those pertaining to residency, major and time limits.

Applied and Technology Degrees are not normally considered to be a basis of admission for second degree or graduate studies programs.

5. Previous Degree

An approved degree is an academic baccalaureate degree composed of 30 or more course equivalents from a recognized Canadian or international institution. Applicants presenting approved degrees may be offered admission to the University to pursue a second degree. Some courses taken for the

previous degree may be used to satisfy specific requirements for the second degree, depending on the applicability of the courses to the curriculum and the standard of performance achieved.

Previous credentials and courses completed as part of the credential are subject to the time limits of the appropriate Faculty. Please see the Previous Degree section for the appropriate Faculty and the table in **Part 4 - Academic Regulations, Section 2.g. (p. 83)**, for more information.

In order to register in courses as an admitted student, a student who has graduated from a University of Lethbridge program must successfully apply for admission to another program. Otherwise, such students must register using the Open Studies student route (see **Part 2 - Registration, Section 3.f., p. 52**).

Students are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. The decision of the appropriate Faculty will be final in these matters.

International applicants presenting approved degrees and seeking admission to **similar** degree programs offered by the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences, or the Faculty of Management will be considered with the prior approval of the appropriate Dean. The decision of the Faculty will be final in these matters.

Upon admission, students are strongly advised to consult with an Academic Advisor in the appropriate Faculty to determine the course requirements of their second degree program.

c. Adult Student (Mature) Admission Route

Applicants who are 21 years of age or older by the first day of classes in the semester of intended admission and who do not meet current admission requirements will be considered as follows:

1. Qualified Adult High School Admission

This applies to applicants 21 years of age or older who have completed high school requirements (see *Canadian High School Admission Requirements* table, **p. 28**), with an admission average of at least 60 percent but less than the prevailing admission cut-off (currently 65 percent).

2. Non-Traditional Adult Admission

Applicants 21 years of age and older whose qualifications fall short of the University's minimum requirements may be considered under the Non-Matriculated Adult Admission policy (see below). This policy applies to applicants:

- a. who have completed a high school diploma, but have not completed the courses required for University admission or have not achieved an admission average of 60 percent; or,
- b. who have not completed high school.

The number of seats available for Non-Traditional Adult Admission will be limited (as determined each semester). Typically the number of seats will not be more than ten percent of the total admissions for high school applicants in the given fall or spring

semester. The seats are distributed on a first-come, first-served basis to successful applicants.

Non-Matriculated Adult Admission

The Non-Matriculated Adult admission route is available to Canadian and Permanent Resident non-matriculated applicants 21 years of age or older whose credentials do not satisfy the basic admission criteria of any other admission route. The intent of the Non-Matriculated Adult admission route is to provide a limited number of positions for applicants deemed by Admissions to have potential for success at the post-secondary level which is at least equal to that of applicants meeting the prevailing admission criteria for high school applicants. In making this determination, Admissions will consider any or all of the following:

- Transcripts of all high school and post-secondary experience of the applicant;
- Life experiences since leaving normal secondary attendance;
- Standardized test scores - any of SAT, ACT, CPT, CAT Level 19 or CAAT Level D.

The Non-Matriculated Adult applicant is required to provide, in addition to the regular application for undergraduate admission and associated transcripts, the following:

- a. A Letter of Intent from the applicant to the Admissions Office, which shall include a statement on the applicant's potential for success in university studies, how the applicant's experiences since secondary school have contributed to this potential, the applicant's goals for the future and why studies at the University will help the applicant to realize these goals.
- b. A resumé, providing a summary of all educational, employment and volunteer experience.

The Admissions Office may, at their discretion, require an interview.

Admissions will consider whether the applicant has acquired, through a combination of academic and life experience, the reading, writing, organizational and other skills necessary for success in the intended program of study. The decision of Admissions may be appealed in writing to the Manager of Admissions.

Persons who have unsatisfactory post-secondary academic records (i.e., a GPA of less than 2.00) will not be considered for Non-Matriculated Adult admission.

Programs available: Adult applicants will be considered for admission to first-year programs in the Faculty of Arts and Science, the Faculty of Fine Arts, the Faculty of Health Sciences and the Faculty of Management.

d. Visiting Student and Exchange Student Admission Route

1. Visiting students and Exchange students from Other Universities

Applicants currently enrolled in a degree program at another accredited degree-granting institution, and who wish to enrol in courses at the University, must complete an Application for Admission by the

appropriate deadline and have their home institution forward a 'letter of permission' directly to the Admissions Office. This letter should specify courses which the student may take at the University of Lethbridge.

Visiting students and Exchange students should note that registration in specific courses is not guaranteed.

English Language Proficiency requirements do not apply to Visiting students or Exchange students. However, Visiting students and Exchange students are subject to all other regulations of the University of Lethbridge and of the Faculty in which they are registered.

Visiting students must apply for admission on a semester-by-semester basis.

2. University of Lethbridge Students Studying Elsewhere

As it may suit their program, and within the residence requirement of the Faculty in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution, if their registration as a Visiting student or Exchange student is acceptable to that institution or if the University has an approved exchange agreement with that institution.

No transfer credit will be granted for courses taken elsewhere, unless Visiting student or Exchange student status is granted in advance; Visiting student and Exchange student status both require written permission from the Dean or Dean's designate.

3. For some University of Lethbridge programs, students are required to take courses at another institution under Visiting or Exchange student authorization. Visiting or Exchange student status will be granted to these students. Such courses taken under Visiting or Exchange student authorization will be counted as University of Lethbridge courses toward meeting the minimum residence requirement.

4. University of Lethbridge students granted Visiting student or Exchange student status are registered in placeholder courses while studying elsewhere.

Transfer credit will be granted for courses completed by authorized Visiting students. Authorized Exchange students will receive **Pass/Fail** grades for courses completed during the exchange.

It is the responsibility of the student to ensure that an official transcript of grades earned as a Visiting student or Exchange student at another institution is sent to the Registrar's Office at the University of Lethbridge.

Further information on registration procedures for Visiting and Exchange students may be found in **Part 2 - Registration, Section 2.d. Visiting and Exchange Students (p. 52)**.

- e. **Standardized Test Admission Route**

Applicants to first-year Faculty of Arts and Science or Faculty of Fine Arts programs will be considered who present acceptable ACT (American College Testing Program) or SAT (Scholastic Achievement Test) scores. In the case of SAT tests, the applicant must present

Transfer Applicants - Undergraduate Program Availability and Required Qualifications

See **Part 1 - Admission - Section 3.b.1. (p. 35)** if presenting fewer than eight transferable courses.

A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies student route (see **Part 2 - Registration, Section 3.f., p. 52**).

i. Applicants With Unsatisfactory Post-Secondary Records

1. Required to Withdraw

Persons who have been Required to Withdraw from the University of Lethbridge or another post-secondary institution will not be considered for admission until one year has elapsed from the end of the studies from which they were required to withdraw. If, without satisfactory intervening studies, such a person is subsequently offered admission to the University it will be on the condition of Academic Probation. Students Required to Withdraw from the University of Lethbridge should also refer to **Section 3.g. Returning After an Absence from the University of Lethbridge (p. 40) and Section 8.b. Procedures for Readmission (p. 47)**.

Continuing student applicants changing to quota programs will be considered according to the same admission criteria as new transfer applicants.

To be considered, students currently enrolled in programs at the University must obtain, complete and submit to the Admissions Office an *Application for Admission to Specialized Programs* form. This form is available at the Registrar's Office.

5. INTERNATIONAL STUDENTS

a. Academic Qualifications

Applicants from other countries must present qualifications comparable to those of Canadian applicants:

- Completed, appropriate secondary qualifications from other countries will be considered for High School admission.
- Studies completed at recognized universities and colleges will be considered for New Transfer, College Diploma or Previous Degree admission, as appropriate.

Details on requirements for specific countries are available from Admissions, and at our website www.uleth.ca/ross/admission-information/intl/intreq.

For International High School Requirements, see **page 44**.

b. English Language Requirements

The University of Lethbridge has English language requirements for all applicants. These requirements are not affected by citizenship but by first language, educational experience and writing proficiency. They are explained in **Section 6 (p. 42)**.

c. Transfer Credit and Admission

Transcripts presented by an International Student will first be considered to determine the admissibility of the student. Subsequent to admission, completed courses will be considered for transfer credit. The number of courses considered to be transferable in the context of the admission decision may or may not coincide with the number of courses ultimately awarded transfer credit.

It will be the responsibility of International Students to provide English translations of any transcript materials not in English or French, which are deemed to be official and otherwise acceptable by Admissions.

d. Conditional English Proficiency Admission

Conditional English Proficiency Admission may be offered to applicants:

1. whose first language is not English, and;
2. whose academic qualifications satisfy the requirements of the program they seek, and;
3. who have not met the University's English Language Proficiency (ELP) requirement (see **Section 6, p. 42**).

An applicant who is offered Conditional English Proficiency Admission is admitted to an academic program, conditional upon meeting the University's ELP requirement. One way to satisfy the University's ELP requirement is successful completion of the Advanced Level of the University's English for Academic Purposes (EAP) program.

Applicants admitted via the Conditional English Proficiency Admission route who wish to achieve this by successfully completing the University's English for Academic Purposes (EAP) program must apply to the EAP program as directed in the offer of admission letter. Students admitted to the EAP program will be tested and placed in the appropriate level of EAP upon arrival at the University.

Upon satisfying ELP (see **Section 6.a. below**), students admitted via the Conditional English Proficiency

Admission route may commence their full academic programs as regular students.

EAP students are considered to be full-time students while continuously enrolled in EAP classes.

Applicants admitted to the EAP program under the Conditional English Proficiency admission route must:

- Successfully complete the Advanced Level of EAP within two years, and
- Maintain continuous registration in EAP during fall, spring and summer semesters until the ELP requirement is satisfied.

Students who fail to meet these conditions will be required to reapply for admission the University.

Students who have passed three of the four components of Advanced EAP may be allowed to register in one or two academic courses (3.0 to 6.0 credit hours) while completing the remaining EAP component. Course registration will be subject to the approval of the International Student Advisor in the International Centre for Students, in close consultation with appropriate academic advisors. Students who do not successfully complete the remaining EAP component will not be permitted to continue in their academic program until the ELP requirement has been satisfied.

6. ENGLISH LANGUAGE AND WRITING REQUIREMENTS

The University of Lethbridge administers three levels of English language requirements for applicants to undergraduate programs:

- **English Language Proficiency (ELP)** - admission requirement for all applicants to undergraduate programs whose first language is not English.
- **Spoken English Language Proficiency (SELP)** - admission requirement for all applicants, whose first language is not English, to the Bachelor of Nursing and Bachelor of Health Sciences (Public Health) programs (see **Part 10, Section 3.g., p. 196**).
- **Writing Proficiency Requirement (WPR)** - admission requirement for all applicants to programs in the Faculty of Education (see **Part 8 - Education, p. 154**).

a. English Language Proficiency Requirement

The English Language Proficiency (ELP) requirement applies to all applicants to undergraduate programs whose first language is not English, regardless of citizenship or country of origin.

Note: *The following policies do not apply to Audit, Visiting or Exchange students. Applicants to the Bachelor of Nursing and Bachelor of Health Sciences (Public Health majors) programs (see p. 196) must also meet a Spoken English Proficiency requirement.*

2. In the absence of contradictory evidence, the English Language Proficiency requirement may be waived for applicants who have completed at least three consecutive years of full-time study in a recognized institution where the language of instruction is English. These studies must include satisfactory completion of English Language Arts 30-1, or its equivalent, or at least two transferable semester

courses in English. These studies must precede admission by not more than two years.

Applicants whose first language is not English may be required to provide satisfactory evidence that the language of instruction was in English; examples of acceptable evidence include an official letter from the teaching institution or statements from the institution's official Calendar/Catalogue, as well as standardized test results such as TOEFL, IELTS, etc. Applicants who are uncertain regarding the status of their qualifications with respect to this policy should contact the Admissions Office for further information.

Waivers are not automatically granted: Waivers may not be granted, or may be revoked, if contradictory evidence exists. Examples of contradictory evidence are low TOEFL scores, low grades on an English-

based course, or significant communication difficulties.

Individual circumstances will be reviewed by the Manager of Admissions whose decision shall be final.

Special arrangements will be made for students attending the University under an approved exchange program.

7. TRANSFER AND EVALUATION OF CREDIT - POLICIES AND PROCEDURES

Many students are eligible to have some or all previous post-secondary work **transferred for credit** toward completion of their University of Lethbridge program. Transfer of credit serves to reduce the number of courses which must be completed at the University of Lethbridge in order to complete a program of studies. Transfer of credit is not available to persons enrolled in classes at the University who have not been admitted to programs (i.e., transfer of credit is not available to Audit, Exchange, Open Studies or Visiting students).

a. Procedures

1. For **New Transfer** students, transcripts from previous post-secondary institutions will be evaluated for transfer credit in the program of consideration for admission.
2. For **students returning after an absence**, transcripts for work completed during the absence at post-secondary institutions will be evaluated for transfer credit in the course of consideration for readmission.
3. It is the responsibility of the applicant to provide, as support for the application for admission or readmission, full and complete information on all post-secondary attendance. Failure to do so relieves the University of any responsibility to award transfer credit and, depending on the criteria leading to an admission decision, may lead to the rescinding of admission and cancellation of registration.
4. **Continuing University of Lethbridge students** may take courses elsewhere under **Visiting Student or Exchange student authorization**. Such students must obtain prior approval in writing from the appropriate Faculty Dean or Dean's designate. Transfer credit will only be awarded when Visiting student authorization is obtained in advance of the completion of studies. Authorized Exchange students will receive Pass/Fail grades for courses completed during the exchange.
Subsequent to completing the course work at the designated institution, the student must have official transcripts forwarded from that institution to the Registrar's Office at the University of Lethbridge, that they may be evaluated for transfer credit.
5. **Simultaneous enrolment**
A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

b. Transfer and Evaluation Policies

1. The Admissions Office has final authority, subject to appeal, in the evaluation and assignment of transfer credit.

To facilitate the negotiation of transfer arrangements among post-secondary institutions within the Province of Alberta, the procedures established by the Alberta Council on Admissions and Transfer (outlined in the **Alberta Transfer Guide**) shall be followed.

Applications for transfer credit evaluations and transfer credit appeals are initiated with Admissions. Upon application by a student for transfer credit, Admissions shall consult as necessary with the appropriate Faculty. Admissions approval is required for any recommendations to award transfer credit.

Admissions is charged with maintaining records of all evaluations at the University, which shall serve as the standards for future evaluations.

2. Transfer credit may be awarded only for courses which apply to the student's University of Lethbridge program.

Transfer credit awarded on admission to one program must be re-evaluated should the student change to a different program. It is the student's responsibility to request this re-evaluation.

3. Transfer credit may be awarded only for courses which were completed and assigned a passing grade. Courses transferred for credit are subject to Faculty policies regarding minimum grade requirements. When a transfer student presents a transferable course with a grade of 'Pass' (or its equivalent) at the sending institution:

- a. The hours for the course will count toward program completion in the manner assigned by Admissions (either direct transfer, Contingent or Extra to Program); and
- b. The transfer grade will be preserved as 'P' as appropriate.

The student's transfer GPA and University of Lethbridge GPA will not be affected in any way. The University reserves the right to assign a numeric grade where circumstances indicate this is appropriate.

4. Transfer credit will be awarded only for studies transferring to University of Lethbridge courses numbered 1000 or higher.
5. Admissions shall develop and apply grade conversion standards, under the authority of the Admission Standards Committee.

Students who have completed Ordinary level and subsequently completed either an Advanced International Certificate of Education (AICE) Diploma or a year of overseas College Foundation studies (including English) will be considered. Transfer credit will be considered for Advanced level courses in appropriate subjects, completed with grades of 'C' or higher. Credit for up to a maximum of ten semester courses may be obtained in this manner.

6. Courses which have been awarded credit at another recognized Canadian university or at a recognized university college in Alberta or British Columbia are generally transferable for credit to the University of Lethbridge, subject to other University policies including program and major, residence requirements, time limits, and program requirements.
7. The University of Lethbridge recognizes courses completed for credit at other post-secondary institutions in accordance with the Alberta Council on College of Admissions and Transfer, the Pan-Canadian Protocol on the Transferability of University Credits, and the Lisbon Recognition Convention. The assessment of credit will take into account factors such as course level and learning outcomes. Credit is awarded subject to meeting minimum grade and program requirements.
The Province of Alberta recognizes four Comprehensive Academic and Research Institutions (CARIs) within the Campus Alberta system: the University of Lethbridge, Athabasca University, the University of Calgary, and the University of Alberta. Alberta's CARIs are committed to the advancement of Campus Alberta goals, including enhanced learner movement within the advanced education system. To facilitate mobility, the four CARIs accept each other's credit courses for transfer, subject to meeting minimum grade and program requirements.
The University of Lethbridge Transfer Credit Equivalencies Database web page provides information about prior assessment of courses completed at other post-secondary institutions for credit at the University of Lethbridge. For additional details on post-secondary transfer within Alberta, the online **Alberta Transfer Guide** provides information on previously approved transferable courses and programs between many Alberta post-secondary institutions and the University of Lethbridge.
8. Once a transfer course evaluation has been approved by the University of Lethbridge and appears in the **Alberta Transfer Guide**, that evaluation shall serve as the authority for the course in question. A published transfer arrangement will also be honoured for students who completed the course in the year prior to its publication in the Alberta Transfer Guide.
On appeal by the student and where a change will benefit the student, a Faculty may, with reasonable grounds, recommend exemption from the published agreement. This Faculty recommendation shall not alter the published evaluation.
9. Courses taken at any accredited or recognized post-secondary institution may be awarded transfer credit depending on the nature of the institution, the nature of the courses and the program of the student presenting the courses.
10. Year of the Calendar
A student admitted or readmitted to a program offered by the University is governed by the program requirements of the Calendar in effect at the time of the most recent admission (see **Section 9.g., p. 49** for details).
11. Upon admission or readmission to a program, courses taken by an **Open Studies Student** at the University of Lethbridge may be counted toward the student's program, subject to the appropriate rules of the Faculty regarding courses completed prior to admission and Required Withdrawal.
12. International Students - see **Section 5 (p. 41)**.
13. The University of Lethbridge does not award transfer credit on the basis of **Challenge for Credit**. Instead, waiver of specific requirements leading to a certificate, diploma or degree may be granted by the Faculty (see **Part 4 - Academic Regulations, Section 2.d. Waiver of Prerequisite/Corequisite, p. 71**, for more information).
14. Evaluating Courses From Non-Accredited Institutions
When a course taught by an unrecognized institution is presented for transfer credit, it is evaluated by the appropriate Faculty. The recommendation serves as a standard only for students who completed the identical course experience - institution, section and time - and are pursuing the same program of studies as the student who originally presented the course for transfer credit.
In determining whether a course may be awarded **Individual Credit**, the Faculty evaluators shall make the determination after considering the following:
 - a. The institution is recognized or accredited. If not recognized or accredited, the institution maintains academic standards equivalent to those maintained by accredited institutions.
 - b. The course experience of the student was comparable to that which would have been presented at the University of Lethbridge. This determination is based on consideration of materials which may include any of: course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.
 - c. The transfer credit to be awarded is appropriate to the student's program at the University of Lethbridge.
 - d. Instructor qualifications are appropriate to the material and the content of the course. Generally, master's credentials are preferable for introductory courses and doctorates for advanced material.
15. Transfer of credit shall be subject to Faculty regulations, including but not limited to those found below. The student is also referred to the residence requirements of individual Faculties. Where the transfer credit regulations appear to contradict the residence requirements of individual Faculties, the residence requirements shall prevail (see **Part 4 - Academic Regulations, Section 2.g., p. 83**).
For some University of Lethbridge programs, students are required to take courses at another institution under Visiting student authorization. Visiting student authorization will be granted to these students. Such courses taken under Visiting student authorization will be counted as University

of Lethbridge courses toward meeting the minimum residence requirement (see **Section 3.d., p. 37**).

16. Courses taken during the completion of a previous undergraduate degree may satisfy particular course requirements of a program at the University of Lethbridge (see **Section 3.b.5. Previous Degree, p. 36**).

Courses which the student completed subsequent to the conferral of a previous degree or which were classified by the awarding institution as extra to degree at the time of conferral may be approved for transfer credit.

c. Procedures for Student Appeal of Transfer Credit

1. A student who chooses not to accept an Admissions decision regarding transfer credit shall have **one full year**, from the day the transfer courses were evaluated by Admissions, in which to lodge an appeal. The appeal shall be made in writing to the Manager of Admissions and shall set out the student's rationale for appealing the Admissions decision.

The Manager of Admissions shall have 14 days to render a decision regarding the appeal. This decision, and any supporting rationale, shall be communicated in writing to the student and copied to the Registrar.

2. In the event of a negative decision by the Manager of Admissions, and the determination of the student to pursue the appeal, the student shall have **14 days** from the mailing of the Manager of Admissions' decision to forward a letter to the Registrar requesting further consideration.

The Registrar shall have **20 days** from the time of receiving the second appeal to establish an **Appeal Panel**, which shall include: the Registrar as Chair; the Manager of Admissions; two members from the Admission Standards Committee, one of whom shall be a student; and at least one member from the academic unit involved in the appeal.

In addition to any materials which the student chooses to submit, it shall be the responsibility of the student to provide any materials requested by the Panel in a manner acceptable to them, and which may include any of: course descriptions, course outlines, course scheduling information, course assignments, statements of instructor credentials, textbook and resource materials, and final examinations.

The Panel may request the appearance of the student for an interview, at which the student may be accompanied by a fellow student or by a Faculty member of the University.

The student shall have up to **60 days** to assemble the materials requested and to prepare for an interview with the Panel.

Subsequent to the interview or final meeting, the Panel shall have **seven days** to render a decision. This decision shall be final.

8. HOW TO APPLY FOR ADMISSION

a. Procedures for All Applicants

Applicants must submit the following to the Admissions Office:

1. An *Application for Admission* form, complete in every respect, accompanied by a non-refundable

application fee. A student who applies for admission or readmission must pay an application fee. Students who do not maintain continuous registration must apply for readmission and pay the associated application fee.

All applicants to the U of L (undergraduate, master's or Ph.D.) must pay an application fee of \$100. Students may submit only one application for admission per semester. A student who re-applies for admission after an absence from the UofL must pay an application fee of \$25.

2. Through ApplyAlberta (Alberta Post-Secondary Application System), applicants authorize the University of Lethbridge to request transcripts on their behalf from Alberta Education and/or participating post-secondary institutions in Alberta. Applicants attending institutions not participating in ApplyAlberta or any educational institution out-of-province must arrange to have official transcripts sent directly to the Admissions Office. Where possible, transcripts for out-of-province secondary schools should be issued from the appropriate provincial Department of Education.

Applicants currently studying at institutions not participating in ApplyAlberta or any educational institution out-of-province are strongly advised to arrange, at the time of application, for the submission of interim transcripts if necessary final transcripts are not yet available. Final, official transcripts must be submitted on or before the document deadline.

3. High School applicants must indicate courses completed and in progress (including final and estimated final grades) on the Application for Undergraduate Admission form. Self-reported grades: the applicant will provide final grades for Grade 12 courses already completed and estimate final grades for those courses still in progress. Grade 11 final grades may be used for subjects for which mid-term or final Grade 12 grades are not yet available (see **Section 3.a.3. Early Admission, p. 30**, for complete details).

The Admissions Office will require interim transcripts for applicants who are not admissible based on their self-reported grades.

4. Notarized English translations must accompany all documents that are not in either the English or French languages.

5. Additional Procedures for Adult Applicants

Applicants must follow the above procedures and in addition, submit a résumé and a Letter of Intent (see **Section 3.c., p. 36**).

b. Procedures for Readmission

1. Voluntary or Required Withdrawal

A former University of Lethbridge student who has previously withdrawn, either voluntarily or because required to do so for academic or other reasons, must submit a new Application for Admission Form to the University. Through ApplyAlberta (Alberta Post-Secondary Application System), the applicant authorizes the University of Lethbridge to request transcript(s) on their behalf from Alberta Education and/or participating post-secondary institutions in Alberta. If the applicant attended a post-secondary

institution(s) within Alberta that is not participating in ApplyAlberta or any educational institution out-of-province in the interim, the applicant must arrange to have official transcripts sent directly to the Admissions Office.

Similarly, a student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise, such students must register using the Open Studies student route (see **Part 2 - Registration, Section 3.f., p. 52**).

2. Returning to the University of Lethbridge after Visiting and Exchange Studies
See **Part 1 - Admission, Section 3.d.4. (p. 37)** and **Part 2 - Registration, Section 3.d.1. (p. 52)**.

c. Procedures for Acceptance to Undergraduate Programs in the Faculty of Education, Faculty of Fine Arts, Faculty of Health Sciences, Faculty of Management or to any Combined Degrees program

1. Students not currently enrolled in programs at the University must follow the procedures outlined in **8.a.** or **8.b.**, above.
2. Students currently enrolled in programs at the University must obtain, complete and submit to the Admissions Office an *Application for Admission to Specialized Programs Form*.
3. Conditional Admission may be offered to Transfer applicants applying for entry into undergraduate programs (see **Section 9.e. Conditional Admission, p. 48**).

d. Undergraduate Program Application and Document Deadlines, see page 27.

e. Responsibility of the Applicant or Student

It is the responsibility of the applicant or student to:

1. Provide true and complete information at the time of application for admission or readmission (see **Section 9.k, Misrepresentation/Falsified Admission Documents, p. 49**).
2. Provide any materials which the University may reasonably request in order to make decisions regarding either admission to the University or transfer credit evaluation (see **Section 9.j, Misrepresentation/Falsified Admission Documents, p. 49**).
3. Consult with the appropriate Academic Advising office regarding how unspecified transfer credit may be used to meet program requirements.

9. POLICIES FOR ALL STUDENTS

a. Access to Courses

Applicants should note that although admission may be granted to the University, **eligibility to enrol in specific courses may be denied** if the appropriate prerequisite high school or post-secondary course has not been completed (e.g., Chemistry 2320 has a prerequisite of Chemistry 30 or U of L Chemistry 0500). Applicants who are concerned about prerequisite courses for their desired program should check with Admissions.

b. Professional Transfer Programs

Many university courses, including introductory courses, have prerequisite high school courses. Applicants who intend to enrol in one of the professional transfer programs leading to degrees elsewhere should note that, while a student may be admissible to the Faculty of Arts and Science, a longer period may be required to meet the requirements for a professional program if these prerequisite high school courses or their equivalents have not been completed prior to admission.

c. Enrolment Management

The University of Lethbridge subscribes to enrolment management policies as resources become exhausted. For High School applicants, the basic admission average requirement is 60 percent. However, the University has set the admission cut-off average for General Admission at 65 percent for 2015/2016. For New Transfer applicants, the basic requirement for General Admission is a GPA of 2.00 on the U of L 4.00 GPA scale; some programs have a higher GPA requirement for transfer students. The GPA requirement for College Diploma applicants varies according to the program.

As the minimum is reviewed yearly, applicants should contact the Admissions Office for the current requirement.

d. Enrolment Limits and Admission Quotas

The University of Lethbridge guarantees that admitted students will have timely access to courses required to complete the student's program. However, admission to the University does not constitute a guarantee that a student will be able to register for any particular course in a given semester.

Enrolment limits are enforced by all Faculties. Where demand for access exceeds program or major capacity, admission will be limited according to approved enrolment management policies. Applicants will be assigned admission priority chiefly on the basis of academic merit. Subject to individual Faculty policies, High School applicants will typically be assigned priority on the basis of admission average. New Transfer applicants will be assigned priority on the basis of admission grade point average. Notwithstanding, the University reserves the right to limit admission to any or all programs without advance notice.

Faculties may have quotas; satisfying admission requirements for a program does not guarantee admission to the program nor to a specific major within the program.

e. Conditional Admission

Conditional Admission may be offered to applicants studying at Canadian institutions. This provides program admission which is conditional on the eventual satisfaction of certain admission requirements. For example, a student may be offered admission on the basis of satisfactory completion of studies still in progress at another institution or at the University of Lethbridge. Students failing to meet the condition in a satisfactory manner in the time specified may be required to withdraw from the program of admission; in such cases, the student's qualifications will be reviewed for possible admission to another program at the University, or the student may be allowed to complete the semester as an Open Studies student.

f. Confidentiality of Application Documents

All documents received in support of an application become the property of the University and will not be released or copied except to other employees of the University as required by University procedures regarding admission, registration, and awards and financial support administration.

g. Year of the Calendar

A student admitted or readmitted to the University is governed by the **program requirements of the Calendar in effect at the time of the most recent admission**. However, students are governed by the current Calendar in all other respects (e.g., order of registration, fees, course prerequisites) regardless of the year of admission or readmission.

When a student's registration at the University is interrupted and the student subsequently is readmitted to a University program, the student shall be governed by the Calendar in effect at the time of readmission, unless granted special permission.

A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to the University, to the current Calendar. If a student opts for a particular Calendar, **all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects**.

Any student wishing to change the Year of the Calendar must apply to the Registrar's Office.

Students continuously registered in a formally-approved transfer program or in transferable courses at a post-secondary institution in the Alberta Council of Admission and Transfer, are normally admitted under the current Calendar. However, the students may be treated as if they had been continuously registered at the University during that period. They may, therefore, when admitted to the University, opt for any Calendar from the one in effect at the point of most recent admission to the Alberta college system to the Calendar in effect at the point of admission to the University of Lethbridge.

The University also recognizes transfer arrangements with the College of the Rockies and Selkirk College, and the University treats students transferring from these institutions in an equivalent manner with respect to the year of the governing Calendar.

Transfer students from institutions other than those with which the University has established transfer arrangements will be treated according to current policies for new student admissions, and therefore be subject to all the requirements of the Calendar in effect at the time of admission or readmission.

h. Simultaneous Enrolment

A course shall be counted only once to satisfy the requirements of post-secondary qualifications. No student will be permitted to enrol in a University of Lethbridge degree or diploma program, while simultaneously working towards a degree or diploma at another institution.

i. Academic Probation

Normally, if readmitted, an applicant who was on Academic Probation upon leaving the University will be readmitted on condition of Academic Probation.

j. Required to Withdraw

Applicants Required to Withdraw (or its equivalent) from this or any other post-secondary institution will not be considered for admission to the University of Lethbridge until at least one full year has elapsed.

Applicants who were Required to Withdraw prior to application must complete no less than eight transferable courses with an overall GPA of 2.00 or higher on the U of L 4.00 GPA scale to be eligible for General Admission. Any applicant Required to Withdraw from a recognized post-secondary program and subsequently admitted to the University of Lethbridge will be admitted on condition of Academic Probation.

Normally, applicants who have been Required to Withdraw from this or any other post-secondary institution more than once are not eligible for admission and shall be considered for admission only on the recommendation of the appropriate Dean.

Policies on admission after required withdrawal are also included in **Section 8.b. (p. 47)**, **Part 7 - Arts and Science (p. 99)**, **Part 8 - Education (p. 158)**, **Part 9 - Fine Arts (p. 172)**, **Part 10 - Health Sciences (p. 197)**, and **Part 11 - Management (p. 210)**. In particular, *Tabula Rasa* is available only in the Faculty of Arts and Science (see **Section 3.e., p. 99**), Faculty of Fine Arts (see **Section 4.e.2, p. 172**), and the Faculty of Health Sciences (see **Section 6.c, p. 197**).

k. Misrepresentation/Falsified Admission Documents

- Admissions decisions are made on the basis of complete and accurate information provided to the University by the applicant or by other institutions at the request of the applicant. The integrity of the admissions process is dependent on the honesty of the applicant.

For the purposes of this section, the term 'documents' refers to all transcripts, letters and letters of reference, test results, and other documents or statements submitted by an applicant or student, or on behalf of an applicant or student, supporting an application for admission or readmission to the University of Lethbridge.

- The submission of an application for admission containing false statements or intentional omissions of required information constitutes misrepresentation of a student's admission qualifications.
 - Falsified admissions documents include the submission of altered documents and/or the failure to provide all admissions documents.
- Where there is evidence that an applicant or student has 1) submitted, or arranged for the submission of, an application for admission purposes with false statements or intentional omissions; and/or 2) failed to provide any related document; and/or 3) submitted falsified documents, the following procedures will be taken:
 - The Manager of Admissions will review the alleged offence(s) with the applicant or student and advise the student to refer to the Misrepresentation/Falsified Admission Documents policy in this section. At the meeting, the Manager of Admissions will provide the applicant or student with a letter regarding the alleged offence(s) under this section.

- b. Should the Manager of Admissions determine that the alleged offence(s) have occurred, after consultation with the Registrar, he/she may take any or all of the following actions:
 1. Provide the student with a letter of reprimand and place a copy in the student's file.
 2. Revoke the applicant's or student's admission status, up to and including immediate and permanent dismissal from the University.
 3. Cancel or suspend the applicant's or student's admission and/or registration privileges for a specified term.
 4. Notify other educational institutions regarding particulars of the incident.
 5. Enter a notation on the applicant's or student's transcript as follows: "Suspended due to submission of false documents."
3. The Manager of Admissions will meet with the applicant or student again to inform him/her of the penalties to be imposed for the offence(s) committed under this section and provide him/her with information on appeal procedures. At the meeting, the Manager of Admissions will provide the applicant or student with a letter regarding the penalties to be imposed and appeal procedures for the offence(s) under this section. Alternatively, the applicant or student will be notified by registered letter, with the date of receipt by the applicant deemed to be five working days after the date of the Manager of Admissions' letter.
4. The applicant will have seven days after the deemed date of receipt in which to appeal in writing to the Associate Vice-President (Students). In the absence of an appeal received by the Associate Vice-President (Students) within the seven days, the Manager of Admissions may levy any or all of the penalties under **Section 9.k.2.b.** above.

10. CAVEAT - AUTHORITY TO RESCIND ADMISSION/REGISTRATION PRIVILEGES

- a. A person who has applied for admission to a program of studies in an undergraduate or graduate program at the University of Lethbridge, either in a full-time, part-time, visiting, or any other category of admission, shall not be considered a 'student' for the purposes of the rights and privileges accorded to a student of the University of Lethbridge, until the date that the person commences academic studies at the institution or the first day of the academic semester/session for which the application applies, whichever shall last occur, and notwithstanding any act or notice of acceptance or admission may have been communicated to the applicant.
This same restriction in its entirety applies to Open Studies students and authorization to register.
- b. Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any application for admission to an undergraduate studies program or graduate studies program at the University of Lethbridge, either in a full-time, part-time, visiting, or any other category of

admission, at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic semester/session for which the application applies, whichever shall last occur.

This same presidential authority in its entirety applies to Open Studies Students and authorization to register.

- c. The powers of the President to rescind any application for admission or any applicant, or to rescind authorization to register from Open Studies students, may be exercised in any circumstance where the President in his/her sole discretion determines that:
 1. The individual represents a potential risk to the safety, security, or well-being of members of the University community, including but not restricted to students, faculty, and administration.
 2. The best interests of the University outweigh the inclusion of the individual as a student at the University.
- d. The foregoing powers of the President may be exercised, notwithstanding that an applicant may have been provided a notification of acceptance into a program or course of study at the University of Lethbridge, and any such decision shall be final and without appeal to any body in the University of Lethbridge.
- e. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of admission/registration privileges have been addressed.

11. EXPLANATION OF TERMS

Accredited or Recognized Institution - Generally, an accredited or recognized post-secondary institution is one approved by the government of the country in which it is located to grant degrees, diplomas or certificates, or to provide post-secondary courses leading to these qualifications, or one licensed for post-secondary education purposes. Institutions may be deemed to be accredited through recognition by accrediting organizations or by such recognized educational organizations as the American Association of Collegiate Registrars and Admissions Officers (AACRAO).

Credit, specified and unspecified - Advanced course credit may be granted in terms of specific course equivalents (e.g., ENGL 1900) or in terms of approximating subject and course-level credits (e.g., ENGL 1000 level, UNSPECIFIED). These are, respectively, specified and unspecified credit. Specified credits satisfy specific program requirements; appropriate unspecified credit may satisfy specific program requirements.

General Admission - A student guaranteed general admission is regarded to have met the basic prevailing admission criteria for non-quota programs in the Faculty of Arts and Science or the Faculty of Fine Arts.

Transfer Students - Students who have attended other post-secondary institutions and who have completed **three or more transferable semester courses**.

Transferable course - A course at another post-secondary institution for which credit may be granted toward a University of Lethbridge degree.

1. STUDENT RECORDS RETENTION POLICY

The permanent official folder for each student is maintained by the Registrar's Office. The contents of this folder shall be destroyed according to the following schedule:

- a. For students who have graduated, five years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.
- b. For students who have not graduated, seven years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

Prior to the destruction of the folder, the Registrar's Office shall ensure that the contents of the file are reflected in the student's electronic record, according to the policies governing admission, registration and academic history.

For more information, see Confidentiality of Student Records Policy (Part 4 - Academic Regulations, Section 9.c., p. 81).

2. ADVICE AND INFORMATION

Students who require advice or additional information regarding their programs during registration should seek it from a relevant academic advisor.

Students who require other kinds of information and advice about registration, such as deadlines and procedures, should consult the Registrar's Office website at www.uleth.ca/ross or ask at the Information Centre (SU140).

Students are responsible for the accuracy and completeness of their own registration, and are liable for the fees for courses in which they are registered.

Students who decide not to attend the University must cancel their registration prior to the Add/Drop deadline (see Section 8. Cancellation and Withdrawal, p. 54).

3. TERMS USED DURING REGISTRATION

a. Bridge

The University's online registration system is available for all students (www.uleth.ca/bridge).

b. Year of Student

Students are classified by year level according to the number of credit hours they have successfully completed (i.e., this does not include courses in which the student is currently registered).

Year	Credit Hours	Number of Successfully Completed (Semester Course Equivalents)
1	0 - 29.5	(0 - 9)
2	30 - 59.5	(10 - 19)
3	60 - 89.5	(20 - 29)
4	90 - 119.5	(30 - 39)
5	120 or above	(40 and above)

c. Part-Time and Full-Time

1. Fall and Spring Semesters

A part-time student is registered in fewer than 9.0 credit hours (three semester courses or equivalent). A full-time student is registered in a minimum of 9.0 credit hours (three or more semester courses or equivalent).

The usual course load for a full-time undergraduate student is 15.0 credit hours (five courses) per semester. It should be stressed, however, that heavy course loads are a common cause of poor academic performance.

2. Full-Time by Definition
Students registered in Co-operative Education Work Experience courses are considered to be full-time.
3. Summer Session - Maximum Load
Each Faculty has legislated maximum enrolments per session for continuing students. See **Section 6.b. (p. 54)** for maximum loads for each Faculty.
4. Summer Session - Financial Support
Undergraduate students receiving government student loans for full-time studies during summer (May - August) must be registered in a minimum of 9 credits and enrolled in Summer Session I and II/III or Summer Session I, II and III. It may be possible for Alberta residents to receive Alberta Student Loans for one summer session course, but all other borrowers should check with Scholarships and Student Finance staff about other provincial/territorial eligibility.

d. Visiting and Exchange Students

1. University of Lethbridge Students Studying Elsewhere
Within the residence requirement of the Faculty in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution. Students who wish to study as authorized Visiting or Exchange students at another institution must follow the following procedures:
 - a. Students must apply using an *Application for Visiting Student Authorization* form or an *Application for Exchange Student Authorization* form. Approval in writing **must** be obtained from the appropriate Faculty prior to commencement of studies elsewhere.
 - b. The student will be registered in placeholder courses during the semesters of approved absence from the University of Lethbridge. This allows the student to retain the registration privileges of a Continuing student, and the University to keep track of these students for record keeping purposes.
 - c. The student will register along with other Continuing students for the semester following the approved absence, according to the registration instructions for Continuing students.
 - d. If the student wishes to extend the approved absence, prior approval must be obtained from the appropriate Faculty. Otherwise, when the student subsequently applies for readmission, it will be according to the policies and procedures pertaining to students returning after an absence, thereby forfeiting guaranteed readmission and Continuing student privileges.
2. Visiting and Exchange Students from Other Universities
For complete information on registering as a Visiting or Exchange Student, please see the current **Registration Guide**.

e. Audit a Course

To audit a course, a student must be granted permission by the instructor to attend lectures in a course on the understanding that the student may not participate in class discussions (except by invitation of the instructor), submit assignments, or sit for examinations. No degree credit is granted for the course. An *Audit Registration* form must be submitted to the Registrar's Office by the indicated deadline.

Students auditing a course are not required to meet the University's English Language Proficiency (ELP) Requirement.

A student who is only auditing a course is granted the same access to University services as a community user. Community user fees and restrictions will apply.

Refer to the **Academic Schedule (p. 15)** for the semester-applicable deadlines.

f. Open Studies Student

Open Studies student registration allows persons interested in taking courses for general interest to register without having to gain admission to the University. Registration as an Open Studies student is open to any individual not currently admitted to the University with some restrictions.

The following conditions apply to registration as an Open Studies student:

1. Open Studies student enrolment does not constitute formal admission to the University.
2. Students must complete the *Open Studies Registration* form and submit it, along with the registration fee and deposit, to the Registrar's Office each term.
3. Students who have been Required to Withdraw from this or any other post-secondary institution within the last 12 months are not encouraged to register as Open Studies students. See **Part 1 - Admission, Section 9.i., p. 49**. Courses taken as an Open Studies student after required withdrawal may not be used for credit toward program requirements to which a student may ultimately be admitted without the express permission of the faculties offering that program.
4. Open Studies students must meet the University's English Language Proficiency (ELP) Requirement (see **Part 1 - Admission, Section 6.a., p. 42**). Open Studies students must present proof of English Language Proficiency (ELP) at registration. Failure to present proof will result in denial of registration privileges. Unofficial documents are acceptable. Students taking undergraduate courses should consult the **English Language Proficiency (ELP) Requirement** in the applicable degree program part of the Calendar.
5. Course prerequisites must be met where applicable and faculties are responsible for enforcing prerequisites. Open Studies students are required to present unofficial transcripts of prior secondary and/or post-secondary work at registration, if registration into a course with a prerequisite is to proceed.
6. Open Studies students have access to classes only as space and quotas permit. Registration must take place at dates specified in the **Academic Schedule (p. 15)**.

7. Open Studies students must meet minimum academic standards for continuation of registration privileges. While under Open Studies student status, students are allowed a maximum of two grades below 'C-'. Any subsequent grade below 'C-' results in permanent suspension of Open Studies student registration privileges.
8. Open Studies students are not eligible to use the Credit/Non-Credit designation.
9. Open Studies students are subject to the same Course Withdrawal policies as admitted students. Please refer to **Section 8.d. (p. 55)** for complete information.
10. Open Studies students may apply for formal admission or readmission at any time through one of the approved admission routes. At the point of admission, courses completed via the Open Studies student route are included in the admission decision process
11. Open Studies students whose Open Studies registration privileges have been suspended may not re-register until they have attended another post-secondary institution and have been offered admission to a University of Lethbridge program.
12. Students who were previously Required to Withdraw may present courses completed via the Open Studies student route when reapplying for admission. *Tabula Rasa* may be granted to Open Studies students who were Required to Withdraw from the University of Lethbridge. If granted, *Tabula Rasa* is applied only to the student's record prior to the point of Required Withdrawal (see **Part 7 - Arts and Science, Section 4.e., p. 99, Part 9 - Fine Arts, Section 4.e.2, p. 172, or Part 10 - Health Sciences, Section 6.c., p. 197**).
13. Upon subsequent application for admission or readmission, courses completed via Open Studies student registration may be counted toward the student's program, subject to the approval of the appropriate rules of the Faculty regarding residence and Required Withdrawal legislation.
14. Only students who have been admitted to a University of Lethbridge program may graduate with a University of Lethbridge degree, diploma or certificate. (However, students who have been previously admitted, and not subsequently Required to Withdraw, may graduate while under Open Studies student status. Such students must have been admitted to the program of graduation at some point. As well, such students must have met the admission and graduation requirements of that program).
Students who have been Required to Withdraw must be readmitted to the University and to the program of study before they will be permitted to graduate. Such students must apply for admission according to regular application procedures and deadlines.
15. The University occasionally offers non-credit programs to selected groups of students, as do other agencies. Such students may not be eligible for registration via the Open Studies student route. With the permission of the Registrar, students participating in approved non-credit programs may register concurrently in credit courses as Open Studies students. Such registrations must be authorized in advance by the Registrar.
- 4. WHEN TO REGISTER**
See the **Academic Schedule (p. 15)** for specific registration dates. Students who fail to complete registration during the specified period may be assessed a late fee.
- a. New Students and Those Returning After an Absence**
After applications have been processed, those eligible for admission receive full instructions on the procedures to be followed to complete registration.
- b. Graduated Students**
A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise such students must register using the Open Studies Student route (see **p. 52**).
- c. Admitted Students**
Students currently registered at the University register at the times indicated in the **Academic Schedule (p. 15)**.
- d. Registration in Off-Campus Courses**
Each semester the University offers courses at a number of off-campus centres. Open Studies Students may register in these courses in person, by mail or via the Bridge. Admitted students may register using the Bridge.
- e. Applied Studies**
Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the published deadline in the Timetable and the Registration Guide. Application packages may be obtained from the Office of Applied Studies (AH154; tel. 403-329-2000).
- 5. ORDER OF REGISTRATION**

6. REGISTRATION LIMITATIONS

a. Timetable Conflicts

Students are not permitted to register in two classes which are offered at the same time. To avoid delays at registration, students must consult the current semester Timetable. Registration into classes which overlap or create time conflicts will not be processed.

b. Maximum Credit Hours

During early registration, the maximum number of credit hours in which a student may register is 15.0 (five course equivalents). During the first week of classes, students may increase their loads to the maximum allowed by their respective Faculty. Physical Activities, Music Ensemble Activities and Education Professional Development courses carry credit hours equal to 1.5. Generally, most other courses have an equivalent of 3.0 credit hours.

Students wishing to register in more than the maximum credit hours (semester course equivalents) allowed must obtain approval of the Faculty in which they are enrolled.

- In the Faculty of Arts and Science, students must obtain permission if they wish to exceed the following maximum credit hours (as determined by academic standing):

Probation

12.0 credit hours (four courses)

In Good Standing

Normal 15.0 credit hours (five courses)

Maximum 18.0 credit hours (six courses)

- In the Faculty of Education, students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum semester.
- In the Faculty of Management, the usual course load for a full-time student in good standing is 15.0 credit hours (five courses) per semester. Students on

probation must not exceed 12.0 credit hours (four courses) per semester.

- In all other Faculties, students must obtain permission if they wish to exceed 15.0 credit hours (five courses).

- Summer Session (semester course equivalents):

Session	I	II	III	II/III
Arts and Science	2	2	2	
Education	3	2	1	
Fine Arts	3	2	2	
Health Sciences	3	2	1	
Management	3	1*	1*	3*

* The maximum number of courses Management students may take over Summer Sessions II, III, and II/III is three.

Note: In the event of a difference between the maximum credit hour limits set by the Faculties, students in combined degrees programs will be governed by the more stringent limits.

c. Duplication of Registration

A student may not register in more than one section of a course offering in a semester.

A student may not be registered in the same course in more than one semester simultaneously (e.g., in both summer session and fall semester).

d. Faculty Quotas

Admission to the University does not constitute a guarantee that a student will be able to register for any specific course in a given semester. Enrolment limits are enforced by all Faculties.

e. Graduated Students

A student who has graduated from a program at the University must successfully apply for admission to another program in order to pursue studies as an admitted student. Otherwise such students must register using the Open Studies Student route (see p. 52).

f. Holds on Registration

A Faculty may place specific registration requirements upon a student. In such cases, at the request of the respective Dean or designate, the Registrar's Office may restrict a student's access to registration.

7. COURSE ADD/DROP

Courses may be added and/or dropped after initial registration. No changes other than withdrawals from individual courses are permitted after the Add/Drop period.

8. CANCELLATION AND WITHDRAWAL

a. Classroom Privileges - Students

Students have classroom privileges for the course offering in which they are registered. Classroom privileges mean that a student is entitled to attend class meetings as required by the instructor and detailed in the course outline. Students who are not registered may be granted classroom privileges at the discretion of the instructor. Students who do not have classroom privileges may not attend a class. Instructors may authorize guests to attend a class. Audit registration is also normally available for people who would like to attend a class on a regular basis.

b. Cancellation of Registration

Students may cancel their registrations by the Add/Drop deadline in any semester/session:

- Open Studies Students who cancel their registration by the Add/Drop deadline in a fall or spring semester forfeit the \$80 non-refundable deposit and the non-refundable \$20 Open Studies Student Registration fee.
- Open Studies students who cancel their registration by the Add/Drop deadline in a summer session forfeit the \$20 Open Studies Student Registration fee only.

All students must cancel their registration using the Bridge (www.uleth.ca/bridge).

Students who register and decide not to attend but DO NOT cancel their registration by the Add/Drop deadline shall be assessed tuition and compulsory fees according to the fee assessment schedule in **Part 3 - Fees, Section 8.b. Withdrawals (p. 60)**.

c. Complete Withdrawal

A student wishing to withdraw from the semester must notify the Registrar's Office by submitting a *Complete Withdrawal* form which can be obtained from the Registrar's Office. The date this form is received by the Registrar will be the official withdrawal date for purposes of fee assessment.

A 'Complete Withdrawal with Cause' is available only through the Faculty advising offices.

Failure to comply with this requirement results in the assignment of failing grades and full assessment of fees—see **Part 3 - Fees, Sections 8.b. Withdrawals (p. 60)** and **Refunds 8.c., (p. 61)**. Grades are not assigned when a student withdraws.

Students are responsible for ensuring that the Registrar's Office receives the request for withdrawal by the relevant deadline. If a student chooses to mail his or her request for withdrawal, then the Registrar's Office recommends that the student use Registered Mail to guarantee delivery.

d. Course Withdrawal - Part-Time and Full-Time Status

1. Fall and Spring Semesters

Full-time students who withdraw from courses but remain registered in three semester course equivalents (9.0 credit hours) retain classification as full-time students.

Full-time students who withdraw from courses, resulting in registration in fewer than three semester course equivalents (9.0 credit hours), are reclassified as part-time.

2. Summer Session

Students receiving full-time government student loans for the summer session should contact Scholarships and Student Finance for provincial/territorial student loan eligibility.

Students registered in summer session should consult the **Academic Schedule (p. 15)** for withdrawal dates.

- ##### 3. Students who drop from full-time to part-time status may not receive the same privileges as full-time students at the University. Furthermore, students who are accessing government student loans and drop to part-time status may lose their eligibility for

further government student loans for a 12-month period and existing government loans may go into repayment early.

e. Course Withdrawal

1. W - Individual Course Withdrawal

Students are awarded a 'W' designation for any course from which they choose to withdraw after the first Add/Drop period and before the end of a fall or spring, semester provided the student remains registered in one or more courses. Withdrawal deadlines for summer session vary and may be found in the **Academic Schedule (p. 15)**. See **Section 8.b "Withdrawals" in Part 3 - Fees, p. 60**.

2. WC - Withdrawal with Cause

The designation 'WC' is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student which makes continuation in a course impossible and where an 'Incomplete' designation is not in order. For admitted students, the 'WC' is recorded only on application to the Faculty advising office. For Open Studies students, the 'WC' is recorded upon application to the Associate Registrar. A student may apply for a 'WC' after Add/Drop, up to and including the last day of classes (see **Section 8.b "Withdrawals" in Part 3 - Fees, p. 60**).

9. APPEAL OF REGISTRATION

Students dissatisfied with decisions regarding registrations are entitled to a review by the Associate Registrar.

If still dissatisfied after this review, the student may address a written appeal to the Registrar who renders the final decision on behalf of the Registrar's Office.

Students who wish to appeal decisions regarding retroactive adjustments to registrations shall have one full year from the last day of the Add/Drop of the semester or summer session during which the course(s) in question were registered.

1. ADVICE AND INFORMATION

A student may obtain further information about academic regulations from the Faculty in which that student is registered. **It is the responsibility of each student to be familiar with the academic regulations.**

2. ACADEMIC REGULATIONS

All students are bound by the academic regulations contained in the most current Calendar, regardless of the Calendar they are following for program requirements.

a. Grading

An instructor bears full responsibility for evaluating the academic performance of students.

An instructor must indicate at the beginning of each course, in writing, the detailed manner by which work will be evaluated and the final grades derived and, **upon request**, communicate to students an estimation of their levels of performance by the end of the eighth week of the semester. An instructor may prescribe a variety of forms of evaluation, such as recitations and papers, mid-term examinations and a final examination.

Final grades are determined in accordance with the grading system described in this Calendar. All grades for courses and Independent Studies are submitted to the Office of the Dean of the Faculty offering a course by the date set in the Academic Schedule. Except when a Course Incomplete has been approved by both the instructor and the Dean, there is no provision for the late submission, revision or evaluation of students' work after the final grade submission deadline. There is no provision for the late submission of final grades. Grade changes can be submitted by the instructor up to two months following the grade submission deadline (i.e., fall term grade submission deadline in December - grade change permitted until February 28 of the following term). The 'I' designation must be converted by the instructor to a final grade within a maximum of one year. (See 'I' - Incomplete in Part 4 - Academic Regulations, Section 2.a.2)

1. Grading System

Effective May 1, 2002, the University of Lethbridge and other Alberta universities adopted a common 4-point grading system. The common grading system closely resembles the grading system that became effective on September 1, 1988, when pluses and minuses were introduced into the original University of Lethbridge grading system. All three University of Lethbridge systems are described in the table on **page 69**.

Under all three systems, the overall academic performance of a student is expressed as a Grade Point Average (GPA). For students whose grades are recorded under two or three systems, the GPA is determined in the same way. No attempt will be made at differential weighting of the three systems.

The GPA achieved by a student is determined by multiplying the grade points assigned to each grade by the weighting factor for the course. The total of all course grade points thus calculated is then divided by the total of the weighting factors for all courses.

Example:

	Grade	Grade Points	Weighting Factor	Total Grade Points
Sociology 1000	A	= 4	x 3.00	= 12.00
English 1900	B	= 3	x 3.00	= 9.00
Mathematics 1560	C	= 2	x 3.00	= 6.00
Physical Activity 2130	A	= 4	x 1.50	= 6.00
Physics 1000	D	= 1	x <u>3.00</u>	= <u>3.00</u>
				13.50 36.00

The total grade points divided by the total weighting factor = the GPA.

$$\frac{36.00}{13.50} = 2.67 \text{ GPA}$$

Non-Grade Designations (no grade points assigned):

AI	-	Administrative Incomplete
AU	-	Audit
I	-	Incomplete
Cr	-	Credit
NC	-	Non-Credit
P	-	Pass
W	-	Withdrawal
WC	-	Withdrawal with Cause
X	-	Continuing
X	-	Permanent

2. Grade Point Average in the University of Lethbridge Record

The current GPA is printed on the official transcript. The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is the average of all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). The cumulative GPA is calculated but does not appear on the official transcript.

Other types of GPA calculations:

Administrative units at the University may calculate a variety of averages in order to determine eligibility for scholarships and awards, academic standing, admission, graduation, etc. When making their calculations, units may include grades for courses transferred from another institution and grades hidden by the Credit/Non-Credit designation. In addition, they may choose to exclude certain grades on both University of Lethbridge and transfer courses from the GPA calculations.

Additional GPA calculations include academic standing GPA, admission GPA, awards GPA, Faculty GPA, major GPA, prerequisite GPA, program GPA and residence GPA. Note that these calculations are defined by the unit which uses the GPA.

There are certain courses which are not included in the calculation of the current or cumulative GPA. These include courses transferred from another institution; the first attempt for a repeated course; and courses in which there are non-grade designations such as Credit/Non-Credit.

In the case of courses designated as Pass/Fail, a 'P' or 'Pass' is not included in the calculation of the current or cumulative GPA, but an 'F' or 'Fail' is included in the GPA calculation.

AI - Administrative Incomplete

The designation of 'AI' is recorded at the time all grades are released for a given term by the Registrar, if the grade assigned by the instructor of a completed course has not been received by the deadline. The 'AI' is replaced by the letter grade as soon as it is received. The 'AI' designation is temporary, must be replaced by a grade as soon as possible and may not be used in lieu of an Incomplete designation.

AU - Audit

The non-grade AU designation is awarded in the case where a student has been granted permission by an instructor to audit a course. The course appears on the transcript as 'AU' (**Part 2 - Registration, Section 3.e., p. 52**).

I - Incomplete

The designation of 'I' is awarded only in case of illness or other extenuating circumstances beyond the control of the student, which make it impossible to complete the required work by the close of a semester. The 'I' designation is awarded only on application to and approval of both the instructor and the appropriate Dean and such application is not entertained until the last two weeks of classes. When the 'I' is approved, an appropriate deadline is determined for completion of outstanding work. A student who does not complete outstanding work by the assigned deadline will normally receive an 'F' in the course.

The 'I' designation may be converted by the instructor to a letter designation within a maximum of one year; if not so converted, it becomes an 'F' except where circumstances continue to prevent the completion of the course, in which case the 'I' designation remains on the transcript.

An 'I' designation assigned in an Education Field Experience course has a different interpretation. Details are available from the Assistant Dean, Student Program Services, Faculty of Education.

Under no circumstance will an 'I' designation be assigned to any Nursing practice or Public Health practicum course (Nursing 1220, Nursing 1320, Nursing 2150, Nursing 2255, Nursing 4510, Nursing 4511, Nursing 4520, Nursing 4530, Nursing 4750, and Public Health 4550). Please see an Academic Advisor in the Faculty of Health Sciences for details.

W - Withdrawal

A designation of 'W' may be recorded at any time after the Add/Drop period, up to last day of classes. The 'W' designation shall be awarded only upon formal application by the student or his/her agent to the Registrar in **writing**. Students are responsible for ensuring that the Registrar's Office receives the request for withdrawal by the relevant deadline.

WC - Withdrawal with Cause

The designation 'WC' is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student, which make continuation in a course impossible and where an 'Incomplete' designation is not in order. For admitted students, the 'WC' is recorded only on application to the Faculty Advising Office. For Open Studies students, the 'WC' is recorded upon application to the Associate Registrar.

Prior to readmission, students who are granted a complete 'Withdrawal with Cause' may be requested to provide evidence that the conditions which led to the complete withdrawal (WC) have been identified and addressed. Coordination among units, including Academic Advising, Counselling Services and Admissions must take place.

X - Continuing

Used only for courses which may extend beyond one semester. Eligible courses are designated by the Faculty offering the course. Signifies that a grade will be awarded at the conclusion of the course and will replace the 'X' on the student's transcript.

X - Permanent

Used for placeholder courses to indicate that the student is active in the program but is not taking courses in a given term or is taking credit courses at another institution, under the appropriate authorization.

Also used in an Undergraduate Thesis course (4995) when a student elects to complete the course over two semesters. This grade designation is assigned to the first semester.

Cr/NC - Credit/Non-Credit

A student may elect to designate some courses as Credit/Non-Credit. This alternative is designed to encourage students to expand their academic interests by taking courses outside their field of major interest. Credit/Non-Credit is not available to Open Studies students.

For completion of course requirements with a grade of 'C' or higher, the grade earned appears on the transcript automatically. If a grade between 'C-' and 'D' (inclusive) is earned, a 'Cr' appears on the transcript. If a grade of 'F' is earned, an 'NC' appears on the transcript.

Students may designate courses as Credit/Non-Credit according to the following limits:

All single and combined degrees programs:	
• No transfer credit	4
• 1.5 - 30.0 transfer credit hour equivalents	4
• 31.5 - 60.0 transfer credit hour equivalents	3
All post-diploma programs, with or without transfer credit	2
All post-diploma combined degrees programs, with or without transfer credit	3
All certificate programs and the Professional Diploma in Accounting, with or without transfer credit	1
All second degree programs, with or without transfer credit	2

A student is further limited in the number of Credit/Non-Credit designations made per term. In the fall and spring semesters, a student may elect Credit/Non-Credit in a maximum of two courses. In summer session, a student may elect Credit/Non-Credit in a maximum of one course per session. Once a course is designated Credit/Non-Credit, it counts toward the maximum, irrespective of the outcome.

The Credit/Non-Credit alternative may not be elected in courses constituting the student's major, specialization or minor, required courses in Education and specifically-required, non-Management courses. Education students may elect a maximum of three Education courses as Credit/Non-Credit. For the purpose of this regulation, Management courses are regarded as the major for the B.Mgt. degree, Nursing courses are regarded as the major for the B.N. degree, Public Health and Health Sciences courses are regarded as the major for the B.H.Sc. (Public Health major) program, and Health Sciences courses are regarded as the major for the B.H.Sc. (Addictions Counselling major) program.

No courses carrying a 'Credit' designation may be used to meet requirements where the Credit/Non-Credit designation is specifically prohibited in the Calendar. Faculties may allow substitutions for

designated courses at their discretion, but must consider the records of such students as deficient.

Note: *Credit (Cr) designations are often counted by other institutions as equivalent to 'D' grades. Non-Credit (NC) designations are often counted by other institutions as equivalent to 'F' grades. Students in pre-professional and other transfer programs, and students planning to apply to graduate or professional schools, should consider this carefully before electing this option.*

A student may not use a Credit/Non-Credit designation to replace a grade earned previously.

P - Pass/Fail Courses

Certain courses are specified as Pass/Fail in the course descriptions. For such courses, students are awarded either the designation 'P' or the grade 'F'.

The designation 'P' indicates satisfactory completion of the objectives of a Pass/Fail course. When a student is awarded the designation 'P', the course is not included in computation of the grade point average; when the student is awarded 'F', the course is included in computation of the GPA.

Note: *Students in pre-professional transfer programs are advised that some institutions do not recognize courses for which grades are not assigned. The designation 'P' is not considered to be a grade.*

b. Repeat of a Course

At the University of Lethbridge, a student may repeat a course previously taken.

A grade may be improved by completing either the course or its equivalent.

- Students wanting to improve their grade in an Independent Study, Series or Topics course must repeat the section with the identical title.
- Courses that are equivalent are denoted with an 'Equivalent' course element in the course description and include courses that have been renamed or renumbered, and Topics or Series courses that have been regularized.

1. If a student repeats a course, the grade for each attempt is recorded on the transcript.
2. Students may not have grades and credit hours for more than one attempt calculated in the GPA. Students who have repeated a course must submit a *Repeated Course Form* (available at the Registrar's Office).
3. Then only the grade and credit hours for the most recent attempt are computed in the GPA.

A student may not use a Credit/Non-Credit designation to replace a previously earned grade.

c. Exceeding Course Limits

In the case where a student exceeds any legislated course limit(s), the credit hours required in the student's program will be increased by the number of credit hours completed in excess of the limit(s). Examples of such legislated course limits include the maximum number of Activity, Independent Study, or Introductory courses allowed in a program.

1. Substantially Similar Course Limits

Substantially similar courses contain a high percentage of similar course content and are denoted with a 'Substantially Similar' course element in the course description. Students who complete two substantially similar courses will receive credit

for both courses. However, the required credit hours in the student's program will be increased by the number of credit hours of the substantially similar course. For example, if a student in a 40-course program (120.0 credit hours) takes two 3.0 credit hour-courses that are substantially similar, that student must complete 123.0 credit hours.

2. Limitation on the Impact of a Single Course

If a single course causes the student to exceed more than one limit, the student's program will be increased by one course (3.0 credit hours) only. For example, a student who completes History 1000 and History 1200 (which are substantially similar) would have his/her program increased by one course (3.0 credit hours). If completion of History 1200 also causes the introductory course limit to be exceeded by one course (3.0 credit hours), the program would not be increased further.

d. Waiver of Prerequisite/Corequisite

Students may possess some educational experience that provides much of the background usually acquired in a prerequisite or corequisite to a particular course. In such cases, the student may seek the permission of the Faculty to waive the prerequisite(s) and/or corequisite(s) for that course.

Application for a prerequisite/corequisite waiver must be made through the Department offering the course. Once written permission is received from the Faculty, a student may register in a course without having completed the prerequisite(s) and/or corequisite(s). Students do not receive credit for the waived prerequisite(s) or corequisite(s).

If a prerequisite or corequisite course is specifically required in a program or major, it must be registered and completed at some point unless a substitution has been approved by the Dean. In the case of courses required for the major, substitutions must be recommended to the Dean by the Department/Academic Unit.

e. Academic Standards

1. Undergraduate Student in Good Standing

To be in good standing, an undergraduate student must maintain the following minimum cumulative GPA:

Number of completed courses (includes transfer courses)	GPA (U of L)
1-10	1.70
11-20	1.85
21-40	2.00

Students should be aware that some Faculties require higher levels of performance in certain courses or semesters. Students are referred to detailed statements by Faculties in relevant Parts of this Calendar.

2. Probationary Student

If the cumulative GPA falls below the required levels, the student is placed on academic probation and is subject to program restrictions.

In some cases a student may be admitted as probationary because a previous academic record is either deficient in some respect, below the standard ordinarily required or difficult to assess.

3. Required Withdrawal From the University

Students may be required to withdraw on two academic grounds: (1) academic indices or (2) consecutive semesters on probation.

Students shall be required to withdraw for academic reasons from University of Lethbridge programs only following the spring semester.

a. Required Withdrawal - Academic Indices

Students who have completed six courses and whose cumulative GPA, at the end of the spring semester, falls below the following indices are required to withdraw from the University:

Number of completed courses (includes transfer courses)	GPA (U of L)
6-10	1.50
11-20	1.70
21-30	1.85
31-40	2.00

b. Required Withdrawal - Semesters on Probation

Students who, at the end of the spring semester, have remained on academic probation for two or more consecutive semesters, are required to withdraw from the University.

Students should be aware that regulations pertaining to required withdrawal may vary depending on the Faculty. Students are referred to their respective Faculty for details on these regulations.

4. Required Withdrawal From Program/Major

Where demand for access exceeds program/major capacity, Faculties reserve the right to set academic standards for continuation in a specific program or major. A student who is not eligible to continue in a program/major, but whose academic performance does not warrant required withdrawal from the Faculty or the University, is guaranteed a seat in a related program/major for which the student is qualified and which is offered by that Faculty.

f. Honours Thesis Designation

Undergraduate Thesis courses will be designated by the same number in all disciplines: 4995.

Undergraduate Thesis courses will carry the subject code for the discipline (e.g., PHIL).

These courses will carry the title Undergraduate Thesis.

Undergraduate Thesis courses will be 6.0 credit hours, and tuition fees will be assessed on the regular fee basis.

Prerequisites will include: (1) fourth-year standing (a minimum of 90.0 credit hours) and (2) a cumulative GPA specified by the Faculty.

Any disciplinary requirements beyond those prescribed for the major are included as prerequisites for the undergraduate thesis courses and appear in this Calendar under the undergraduate thesis course listing (see **Part 14 - Courses**).

The grading mode will be standard letter grading. Credit/Non-credit is not available.

A minimum grade approved by the Faculty Council must be achieved in order to attain the Honours Thesis designation. A student who achieves a grade of 'D' or higher, but not the designated minimum grade in this course, or who fails to meet any other requirement for

the Honours Thesis designation, will retain credit for the equivalent of two courses (6.0 credit hours) under the course title of 'Undergraduate Thesis' but will not be eligible for the 'Honours Thesis' designation.

For information regarding the Honours Thesis designation and Undergraduate Thesis courses for the B.A., B.Sc., and B.A.Sc. degrees, see **Part 7 - Arts and Science, Section 10, p. 101.**

For information regarding the Honours Thesis designation and Undergraduate Thesis courses for the B.F.A. - Art degree, see **Part 9 - Fine Arts, Section 8.a.2., p. 175.**, and for the B.F.A. - New Media degree, see **Part 9 - Fine Arts, Section 8.e.2., p. 183.**

For information regarding the Honours Thesis designation and Undergraduate Thesis courses for the B.H.Sc. Public Health degree, see **Part 10 - Health Sciences, Section 9.a.3.c., p. 202.**

For information regarding the Honours Thesis designation and Undergraduate Thesis courses for the B.Mgt. degree, see **Part 11 - Management, Section 5., p. 208.**

3. GRADE APPEAL POLICY

a. Definition

Grade appeals deal with claims that a student's course grade has been improperly determined. Student appeals will be directed to the Dean of the Faculty in which the course is taught.

In this policy, 'instructor' shall indicate instructor/supervisor, and 'Faculty' shall indicate Faculty.

b. Faculty and School Appeals

1. The student is not required to inform the instructor(s) of an intention to appeal, but, before initiating a grade appeal, the student must have discussed the grade and how it was determined with the instructor(s). If the Dean of the Faculty is satisfied that the instructor(s) was not available for this discussion, the Dean shall allow the appeal to proceed without it.
2. All grade appeals must be initiated by completion of a *Grade Appeal Form*, which must be received and signed by the Dean by the following dates immediately following completion of the course: fall semester courses - February 7; spring semester courses - June 7; summer session courses - October 7.
3. The *Grade Appeal Form* must explain why the student believes that the grade was improperly determined. The Dean's signature on the *Grade Appeal Form* indicates that the student has discussed the merits of the grade appeal with the Dean, who is also charged with explaining the procedures connected with the grade appeal.
4. The Dean shall immediately forward the appeal to the Faculty Grade Appeal Chair and send signed copies of the *Grade Appeal Form* to both the instructor(s) and the student.
5. The Chair shall immediately request both instructor(s) and student to submit any relevant documentation pertaining to the appeal, and indicate in writing the name of the Faculty member or

student agreeing to serve on the Grade Appeal Committee.

6. The instructor(s) and student must each submit relevant documentation and the names of those willing to serve on the Committee no later than 14 days after the Chair's request, after which period the Dean may act on behalf of either the instructor(s) or the student.
7. The Faculty Grade Appeal Committee shall reach a decision no later than 30 days following the striking of the Committee.
8. The Chair of the Faculty Grade Appeal Committee shall deposit the file relating to an appeal with the Dean within 10 days following an appeal decision by the Committee. The Dean shall immediately notify in writing the instructor(s) and student of the Committee's decision.

c. Appeals to General Faculties Council (GFC)

1. Either the student or the instructor(s) may appeal the decision of a Faculty Grade Appeal Committee to GFC. The appeal must be submitted to the Secretary of GFC no later than 30 days after the decision of the Faculty Grade Appeal Committee has been mailed.
2. The GFC shall reach a decision regarding the appeal no later than 30 days after the date that the appeal was received by the Secretary of GFC.
3. The authority of GFC regarding grade appeals shall be delegated to the GFC Grade Appeal Committee, appointed by GFC. The GFC Grade Appeal Committee shall consist of two faculty members, an alternate, and be chaired by the Provost & Vice-President (Academic). Members should be selected from two different Faculties with experience on Faculty Grade Appeal Committees. Appointments to the GFC Grade Appeal Committee shall be for three years, staggered to provide continuity. The GFC Grade Appeal Committee shall determine its own procedures.
4. The Chair of the GFC Grade Appeal Committee shall deposit the file relating to an appeal with the appropriate Dean, with a copy to the Secretary of GFC within 10 days of the decision of the Committee regarding the appeal. The Secretary of GFC will communicate immediately in writing the decision of the Grade Appeal Committee to the student, instructor(s), Dean(s), Registrar and the Department.

d. Committee Procedure

(Faculty Grade Appeal Committee and Grade Appeal Committee of General Faculties Council)

1. The Grade Appeal Committee shall determine its own procedures. That said, it is understood that the instructor(s) and the student shall have opportunity to make presentations to the Committee in writing, orally or both. Both the instructor(s) and the student shall have the right to cross examine any persons who have been asked by the Committee to speak. Written submissions shall be shared.
2. Decisions of a Grade Appeal Committee shall be made by a majority vote.

3. In the case of the Faculty Grade Appeal Committee, no member of the Committee shall act as an advocate for either the student or the instructor(s) or otherwise act as a representative of some factional interest. Should the Chair of the Committee believe that the deliberations of the Committee suffer from a lack of objectivity on the part of one or more of its members, the Chair shall so inform the Dean. Following such information from the Committee Chair, the Dean may withdraw responsibility for considering the appeal from this Committee. Where the Dean withdraws responsibility for considering an appeal from a Committee, the Dean shall, following consultation with the student and instructor(s), appoint two members to a new Faculty Grade Appeal Committee who, together with the Chair, shall assume responsibility for considering the appeal.
4. A Grade Appeal Committee is not restricted in its decision to finding either for or against the request of any appeal, but may award any letter grade or any available non-grade designation. This means the Faculty and GFC Grade Appeal Committees can adjust grades up or down, or change a grade designation to a non-grade designation. In the event that an 'Incomplete' is awarded, the Committee must prescribe the procedure by which the 'Incomplete' will be converted into a letter grade or non-grade designation.
5. A written report supporting any Faculty Grade Appeal Committee decision must be submitted in every case. The report of the Faculty Grade Appeal Committee shall include a summary of the Committee's rationale for the decision. Where the Committee's decision is not unanimous, the report may contain, but is not required to contain, a dissenting opinion.
6. After a grade appeal is completed, personal materials must be returned to the instructor(s) and student.
7. The decisions of the GFC Grade Appeal Committee shall be final.

4. STUDENT DISCIPLINE POLICY - ACADEMIC OFFENCES

a. Introduction

The integrity of the University and of the degrees the University confers is dependent upon the honesty and soundness of the teacher-student relationship, as well as the integrity of the evaluation process. Conduct by any student that adversely affects this relationship or process represents an academic offence. The following describes the principal academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

b. Plagiarism

No student shall represent the words, ideas, images or data of another person as his or her own. This regulation will affect any academic assignment or other component of any course or program of study, whether the plagiarized material constitutes a part or the entirety of the work submitted.

c. Cheating

1. In the course of an examination, no student shall obtain or attempt to obtain information from another student or other unauthorized source, or give or attempt to give information to another student, or knowingly possess, use or attempt to use any unauthorized material.
2. No student shall represent or attempt to represent oneself as another or have or attempt to have oneself represented by another in the taking of an examination, preparation of a paper or other evaluated activity.

d. Duplication

No student shall submit in any course or program of study, without both the knowledge and approval of the person or persons to whom it is submitted, all or a substantial portion of any academic assignment for which credit has previously been obtained or which has been or is being submitted in another course or program of study in the University or elsewhere. (This clause is not intended to prevent the integration of learning but, rather, to prevent duplication of credit for a body of work.)

e. Confidential Materials

It is an offence knowingly to procure, distribute or receive any confidential academic material such as pending examinations or laboratory notebooks.

f. Misrepresentation

It is an offence knowingly to misrepresent material facts to another for the purpose of obtaining academic advantage or credit. One example of this offence occurs whenever a student submits in any course or program of study any academic assignment containing a statement known by the student to be false or a fabricated reference to non-existent sources or documents.

g. Other Offences

1. Any other conduct by a student which adversely affects the integrity of the instructor-student relationship and/or the evaluation process will be considered an academic offence.
2. Faculties and Schools may define and must publicize any other academic offences specific to a given program, together with attendant penalties. A statement of such offences and penalties must be approved by the General Faculties Council.

h. Discipline Procedures

In this policy, 'instructor' shall indicate instructor/supervisor.

Any member of the University community who believes that a student has violated academic regulations may initiate proceedings against the student.

1. An instructor who believes that a student has committed an academic offence should proceed according to **Section i. Procedures and Penalties** section below.
2. Any other person who believes that a student has committed an academic offence should communicate to the instructor of the affected course the particulars of the time and place and provide a brief summary of the alleged misconduct. Where the alleged academic offence does not

involve a specific course, the allegation of misconduct should be directed to the Dean of the program in which the student is registered.

i. Procedures and Penalties

1. The instructor must review the alleged offence with the student and shall advise the student to refer to the Discipline Policy.
2. Where the instructor has reason to believe that an offence has been committed, he/she must impose a written reprimand in which a summary of both the offence and additional penalty, if any, is included. Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe than suspension or expulsion, insofar as the student's admission/registration status is maintained. In addition to the reprimand, the instructor may impose one or more of the following additional penalties:
 - a. Additional work.
 - b. Grade reduction in or rejection of the assignment.
 - c. Grade reduction in the course.
 - d. A grade of 'F' in the course. If a student is given a grade of 'F', then the student is no longer registered in that offering of the course and no longer has classroom privileges (see **Part 2 - Registration**). Should a student elect to appeal this penalty, the student will remain registered until the appeal is decided. See **Section j. below** for information regarding the appeal process.

The instructor shall forward a copy of the written reprimand to the Dean for inclusion in the student's file in the Registrar's Office. The Registrar shall inform the Dean if there is a previous reprimand in the student's file.

At the discretion of the Dean, a student with a previous academic offence on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate academic behaviour and could include penalties ranging from a recommendation of a grade reduction to suspension or expulsion. The Dean may refer such a case to the GFC Discipline Committee when a penalty listed above has been applied. The Dean has the option of referring a case to the GFC Discipline Committee, even in cases where there is no appeal by the student.

j. Appeals of an Instructor's Decision

Within seven working days of receipt of the written statement described immediately above, the student may challenge either the accusation of having committed an offence or the penalty imposed by an instructor for an offence by submitting a written appeal to the Dean. The Dean shall review the case and either uphold the instructor's decision, reduce the penalty, or dismiss the case. The Dean shall inform the student and instructor in writing of this decision. If an allegation of an academic offence is dismissed, the written notice in the student's file shall be destroyed. The Dean's decision regarding the appeal of the instructor's decision shall be final.

k. Severe Penalties - Suspension and Expulsion

Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See **Section I. Suspension/Expulsion below**.

I. Suspension/Expulsion

1. Suspension

Suspension requires a student to withdraw completely from the University for a specified period of time, to a maximum of three years. Upon expiry of the period of suspension, the student will be permitted to reapply to the program from which he or she was suspended, subject to the appropriate admission standards and requirements applicable at the time of reapplication.

2. Expulsion

Expulsion requires a student to withdraw completely from the University for an indefinite period of time. The student shall not be permitted to return without the written approval of the Provost & Vice-President (Academic) in consultation with the Dean of the program from which the student was expelled. Such approval shall not normally be given before the expiry of three years.

3. Procedures

- a. If the instructor considers that the case requires suspension or expulsion, he/she shall make such recommendation in writing to the Dean, outlining the particulars of the case, with a copy to the student. The instructor shall advise the student to seek advice from his/her Faculty Advisor and/or the Registrar.
- b. If the Dean considers that suspension or expulsion is in order, he/she shall so notify the Discipline Committee in writing, with a copy to the student. The Discipline Committee shall hear the case and will have the authority to expel, suspend, implement a lesser penalty or dismiss the case.
- c. During the period from the time of any recommendation of suspension or expulsion until the point of a final decision, the student shall receive a grade of 'Incomplete' for the course in which the charge was laid. This includes the time until an appeal has been heard. A student shall be allowed to continue his/her program of study until a decision is finally rendered. There will be no loss of credit for courses taken during this period of time.
- d. In the event that the decision affects the graduation status of the student, the decision regarding the offence shall be rendered as soon as possible. Nonetheless, where delay in reaching the decision results in postponement of graduation, the University will not be held responsible unless the decision has been unreasonably withheld.

m. Discipline Committee

1. Composition

The Discipline Committee shall consist of the Provost & Vice-President (Academic) or designate as Chair, two faculty members appointed by the General Faculties Council and two student members nominated by the Students' Union or Graduate Students Association. One alternate faculty member and one alternate student member shall also be appointed and will be invited to serve in the event that Committee members are unable to do so.

2. Quorum

A quorum shall consist of four, to include the Chair plus a minimum of one faculty and one student member.

3. Conflict-of-Interest

To encourage impartiality, Committee members shall not serve during investigations of students with whom they have familial or other close associations. Faculty members shall not serve during investigations of students currently taking courses taught by that Faculty member.

The Chair shall rule on the eligibility of Committee members in cases regarding potential conflict-of-interest.

4. Procedures

The Discipline Committee shall set its own procedures for investigation, subject to the following guidelines:

- a. The Chair shall inform the student in writing of the academic regulation which is alleged to have been violated and the possibility of suspension or expulsion. The student shall be informed (by Registered Mail), at least 14 days prior to the date of the hearing, of the date, time and place of the hearing and notified that if the student does not appear, the Committee may hear the case in the student's absence.
- b. The student may be accompanied by an advisor, or represented by a designate, who may speak on the student's behalf and/or the student may submit a written statement.
- c. The Chair shall notify the Dean and the instructor who lodged the original complaint, of the date, time and place of the hearing, together with a copy of any written submission from the student and shall request the Dean's/ instructor's attendance at the hearing.
- d. The student, his/her advisor or designate and the Dean/instructor shall have the right to cross-examine any persons who have been asked by the Committee to speak and may call forward witnesses or other persons.
- e. The hearing shall be in camera. A confidential record of the hearing shall be kept.

5. Decision of the Discipline Committee

At the conclusion of the hearing, the Discipline Committee shall decide by majority vote whether suspension, expulsion or a lesser penalty is warranted. The Committee shall take into consideration the disciplinary record of the student.

The Discipline Committee shall prepare a brief summary of the evidence and arguments presented, the decision of the Committee and the rationale for the Committee's decision. This document shall be signed and delivered within seven days of the conclusion of the hearing to the University President, who shall communicate the same to the student.

If the student is to be suspended or expelled, the date of implementation shall be sent by Registered Mail. A copy of the Discipline Committee's report shall be placed in the student's file in the Registrar's Office and a copy shall be sent to the Dean. A notation concerning suspension or expulsion shall be placed on the student's transcript.

6. Appeals of the Decision of the Discipline Committee

Within 30 days of receipt of the notice described immediately above, the student may appeal in writing to the Board of Governors a decision of the Discipline Committee. The Board of Governors decision regarding the case shall be final.

5. STUDENT DISCIPLINE POLICY - NON-ACADEMIC OFFENCES

NOTE: Urgent Situations

Notwithstanding the information below, in the context of non-academic offences, any member of the University community who becomes aware of an urgent situation and has reasonable cause to believe that serious harm to individuals may result must immediately notify the Director, Security and Parking (telephone: 403-329-2345) or call 911.

a. Introduction

The integrity of the University community depends upon student conduct which upholds the Principles of Student Citizenship (see **p. 11**). Basic principles of academic integrity include, "honesty in learning, teaching, research, service; respect (for) . . . colleagues, instructors, and administration . . . responsible for upholding the integrity of scholarship and research." A more complete description of fundamental principles is found on **p. 11**. The following describes the principal non-academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

b. Disruption

1. Students should maintain the freedoms of other members of the University community including freedom of thought, beliefs, opinion, expression, peaceful assembly and association. Behaviour contravening or limiting these freedoms constitutes disruption.
2. Student conduct which unduly interferes with instruction including scheduled lectures, seminars, tutorials or other instructional activities, or with course examinations or other evaluation procedures will also be considered a disruption.
3. Student conduct which unduly interferes with learning and studying in the University Library will be considered disruption.

c. Abuse, Harassment and Dangerous Activity

1. Abuse

- a. A student shall not threaten or engage in physical abuse of any other member of the University community, his/her property, or his/her family. No member of the University community shall be placed in a situation of fear of physical abuse or fear of damage to his or her property. A student shall not knowingly incite others, by whatever means, to threaten by physical abuse or engage in physical abuse of individuals or groups of individuals within the University community.
- b. A student shall not engage in verbal abuse of any other member of the University community. A student shall not knowingly incite others, by whatever means, to engage in verbal abuse of individuals or groups of individuals within the University community.

1. A student shall not convert, damage or destroy any University property, equipment, facility or service.
2. A student shall not deface the exterior or interior of any building, structure or facility of the University.
3. A student shall not misuse a facility by gaining unauthorized entry or by remaining in a facility without appropriate authority. Facilities include, but are not limited to, all University buildings, structures, parking lots, athletic playing fields and lands.
4. A student shall not misappropriate any University property, equipment, facility or service.

e. Misrepresentation and Falsified Documents

1. A student shall not submit, or cause to have submitted, false or misleading documents in support of any University activity.
2. A student shall not produce and/or use falsified University documents for any purpose.

f. Other Offences

Any other conduct by a student which adversely affects the safety of the University community and/or its members will be considered a non-academic offence.

g. Initiation of Procedures

1. Any member of the University community who believes a student has committed a non-academic offence may, by a signed statement, initiate proceedings against that student.

2. The complaint shall be a detailed written description of the incident and shall include the time, place and persons involved, as well as all relevant information concerning the incident. The complaint shall be referred as indicated immediately below and copied to others as required.

3. Referral

- a. Actions that interfere with the teaching, learning and research functions of the University are to be referred to the Dean of the Faculty in which the course involved is offered. See **Section h. below**.
- b. Actions which interfere with learning and research activities in the University Library are to be referred to the University Librarian. See **Section h. below**.
- c. All other offences are to be referred to the Director, Security and Parking. See **Section i. below**.

h. Procedures: Non-Academic Offences in Instructional Space, Research Facilities or Library

1. When a student disrupts instructional activities, the instructor may exclude the student immediately from instructional space and/or from future scheduled instructional meetings of that course pending further actions by the Dean. When a student disrupts research activities, the instructor may exclude the student immediately from research areas pending further actions by the Dean. The instructor must immediately notify the Dean of the Faculty in which the course is offered or in which the research is being undertaken. Such notification must be by means of a signed statement as per **Section g.2 above**. Once the statement is received, the Dean will notify both the Director, Security and Parking and the Registrar and provide each of them with a copy of the signed statement.

When a student disrupts learning, research activities or operations in the Library, Library staff may exclude the student immediately from the Library. Staff must immediately notify the University Librarian or designate, the Director, Security and Parking, and the Registrar. Such notification will consist of a signed statement as per **Section g.2 above**.

2. Actions

The Dean or University Librarian will take the following actions:

- Meet with the student and advise the student to refer to the Non-Academic Offences section in the Calendar.
- Consult and coordinate with Security Services, Counselling Services and others as required.
- Place a letter of reprimand in the student's file in the Registrar's Office. The Registrar shall inform the Dean or University Librarian if the student has a previous reprimand in his/her file.

3. Penalties

Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe than suspension or expulsion, insofar as the student's admission/registration status is maintained.

- a. By the Dean, exclusion from one or more courses for a defined number of meetings or to the end of the semester
- b. By the Dean, exclusion from all courses for a defined number of meetings or to the end of the semester
- c. By the University Librarian, reparations

- e. By the University Librarian, exclusion from the Library

At the discretion of the Dean or University Librarian, a student with previous non-academic offences on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate behaviour in the locations identified above and may include penalties ranging from a recommendation of simple exclusion to severe penalties such as suspension and expulsion.

4. Appeal

Students may appeal either the charge of an offence or the penalty imposed or proposed by the Dean or University Librarian to the Associate Vice-President (Academic), within seven working days of receipt of a written indication of the offence and penalty. The Associate Vice-President (Academic) may dismiss the case, confirm the decision of the Dean or University Librarian or take additional action if appropriate. The student shall, in such case, be informed in writing and a copy of the notification shall be placed in the student's file in the Registrar's Office. The decision of the Associate Vice-President (Academic) shall be final.

5. Severe Penalties - Suspension and Expulsion

Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See **Section j. Suspension/Expulsion below**.

i. Procedures: Non-Academic Offences Outside Instructional Space, Research Facilities, or Library

1. When a student commits a non-academic offence outside instructional space, research facilities or the Library, any member of the University community may initiate proceedings against that student. All offences committed outside the identified areas are to be referred to the Director, Security and Parking.

3. Penalties

Penalties in addition to a letter of reprimand in the file may be imposed. Such penalties are less severe than suspension or expulsion, insofar as the student's admission/registration status is maintained. The Director, Security and Parking may impose the following penalties:

- a. Reparation
- b. Exclusion from defined areas of the campus
- c. Exclusion from campus
- d. Other limitations as required

At the discretion of the Director, Security and Parking, a student with previous non-academic offences on file may be subject to further disciplinary action. Such action will be progressive, aimed at correcting inappropriate behaviour in the locations identified in Section 6.i.1. and may include penalties ranging from a. to d. above to suspension and expulsion.

4. Appeal

Students may appeal either the charge of an offence or the penalty imposed or proposed by the Director, Security and Parking to the Registrar, within seven working days of receipt of a written indication of the offence and penalty. The Registrar may dismiss the case, confirm the decision of the Director, Security and Parking, or take additional action if appropriate. The student shall, in such case, be informed in writing and a copy of the notification shall be placed in the student's file in the Registrar's Office. The decision of the Registrar shall be final.

Reparation

Once assessed by the University, reparation for repairs and/or replacement for physical damage shall be paid to the University.

5. Severe Penalties - Suspension and Expulsion

Severe penalties including suspension and expulsion may be imposed and result in a student losing his/her admission/registration status. See **Section j. Suspension/Expulsion below**.

j. Suspension/Expulsion

1. Suspension

Suspension requires a student to withdraw completely from the University for a specified period of time, to a maximum of three years. Upon expiry of the period of suspension, the student will be permitted to reapply to the program from which he or she was suspended, subject to the appropriate admission standards applicable at the time of reapplication.

2. Expulsion

Expulsion requires a student to withdraw completely from the University for an indefinite period of time. The student shall not be permitted to return without the written approval of the Provost & Vice-President (Academic) in consultation with the Registrar. Such approval shall not normally be given before the expiry of three years.

3. Procedures Governing Suspension/Expulsion

- a. If the Dean or University Librarian considers that the case requires suspension/expulsion, he/

she shall make such recommendation in writing to the Registrar, outlining the particulars of the case, with a copy to the student. Should the Director, Security and Parking, consider that the case requires suspension/expulsion, he/she shall consult with the Dean of the program in which the student is registered and they shall jointly make such a recommendation.

- b. If the Registrar considers that suspension/expulsion is in order, the Registrar shall notify the Discipline Committee in writing, with a copy to the student. The Discipline Committee shall hear the case and will have the authority to expel, suspend, implement a lesser penalty or dismiss the case.
- c. During the period from the time of any recommendation of suspension or expulsion until the point of a final decision, a student shall be allowed to continue his/her program of study until a decision is finally rendered. There will be no loss of credit for courses taken during this period of time.
- d. In the event that a decision affects graduation, the decision shall be rendered as soon as possible. Nonetheless, where delay in reaching the decision results in postponement of graduation, the University will not be held responsible unless the decision has been unreasonably withheld.

See **Section 4.m. Discipline Committee on p. 75.**

k. Referral to Civil Authorities

The University reserves the right to notify or summon the appropriate civil authority in any individual matter regarding non-academic offences. The University President or designate is the sole official who may summon the civil authority in the name of the University.

6. CAVEAT - AUTHORITY TO RESCIND REGISTRATION PRIVILEGES/PROHIBIT ACCESS TO UNIVERSITY PROPERTY

- a. Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any student's registration in a course, an undergraduate studies program or graduate studies program at the University of Lethbridge and prohibit the student from accessing University property at any time.
- b. The powers of the President to rescind a student's registration and prohibit access to University property may be exercised in any circumstance where the President in his/her sole discretion determines that:
 1. The individual represents a potential risk to the safety, security or well-being of members of the University community, including but not restricted to students, faculty and administration;
 2. The best interests of the University outweigh the inclusion of the individual at the University.
- c. The President shall not take such action without first consulting with the Provost & Vice-President (Academic) and the Vice-President (Administration). The Coordinator of Counselling Services and the Director, Security and Parking, may also be consulted.

- d. Any decision made by the President to rescind a student's registration privileges and prohibit access to University property shall be final and without appeal to any body in the University of Lethbridge.
- e. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of registration privileges/prohibition of access to University property have been addressed.

7. APPEAL OF APPLICATION OF POLICY OTHER THAN GRADE OR STUDENT DISCIPLINE

Students dissatisfied with the application of an academic policy or regulation to their own status, other than grade or student discipline, are entitled to a review by the Dean of the Faculty in which they are registered.

If still dissatisfied after this review, the student may address a written appeal to the Dean who renders the final decision on behalf of the Faculty. A student may appeal a decision on behalf of the Faculty to the General Faculties Council.

Students shall have one year from the date of application of an academic policy or regulation other than grade or student discipline to appeal.

8. ASSESSMENT OF STUDENT LEARNING POLICY AND PROCEDURES FOR UNDERGRADUATE COURSES

The University of Lethbridge is committed to providing fair and accurate assessment of student learning. Regular assessment provides an opportunity for students to gauge their understanding of course material, for instructors to determine what students have learned, and for the University to certify student achievement. Students must have sufficient and timely feedback from instructors to improve their performance and make informed decisions about withdrawal, registration in subsequent semesters, and how to allocate their time. Students are responsible for soliciting additional feedback about their performance if they wish to have more information.

This policy specifies the components required in course outlines, identifies expectations of students, provides procedures for the conduct and scheduling of formal learning assessments, reporting grades, and handling student work once assessment is complete. However, no policy can cover all eventualities. Faculties may adopt additional assessment policies and procedures for any program. It is understood that this policy must be interpreted humanely and sensitively, recognizing both the rights and the interests of students, and the quality and integrity of academic programs. Students should identify differences in their interpretation of policy with instructors in a timely fashion and cooperate to resolve them. If no resolution is forthcoming, the student may appeal the matter to the Dean of the Faculty offering the course following the procedure in **Section 7 Appeal of Application of Policy Other than Grade or Student Discipline p. 78.**

a. Course Outline

1. To allow students to make timely and informed decisions about registration, add/drop, and the allocation of their time during the semester, instructors must provide a course outline to all students no later than the first class meeting, and to all students who subsequently join the class. If an instructor wishes to incorporate student input in course design, a final outline must be provided to students as soon as possible after the first class.

2. The course outline includes the following essential elements:
 - a. The instructor's name and contact information, course number, section and title, and the department or Faculty.
 - b. Where, when and how students may seek assistance from the instructor.
 - c. A list of required reading materials, supplies, expenses for events outside of regular classes, and, where the instructor requires the study of material that cannot be specified at the outset of the course, an explicit statement to that effect.
 - d. Relative weights of all work used to determine a final grade. Where attendance or other forms of class participation are required, the criteria for these measures should be explicitly stated.
 - e. How the final letter grade for the course will be determined if percentages are used.
 - f. Due dates, approximate due dates or the approximate frequency of graded work.
 - g. Penalties for late work.
 - h. A reminder that students in the course are subject to the student discipline policy for academic and non-academic offenses in accordance with the Calendar.
 - i. If instructors use a University-approved plagiarism detection service to determine the originality of student papers, notice must be provided in the course outline. Student work may be stored in the database of the service, and if students object to such storage, they must advise the instructor in sufficient time that other techniques may be used to confirm the integrity of written work.
 - j. The essential elements of the course as specified in the course outline shall not be altered after the Add/Drop deadline. However, recognizing that teaching excellence requires a degree of flexibility and responsiveness to both students' needs and emergent circumstances, adjustments to the course outline may sometimes be necessary, provided that no student is disadvantaged by the change.
- b. Expectations of Students**
1. Students should be familiar with the academic regulations of the University.
 2. Instructors may assume basic literacy, numeracy and computer literacy as prerequisites for University entrance. Instructors may assume that students have the knowledge or skills of any course listed as a prerequisite for the course in the current University Calendar.
 3. Students may be expected to apply what has been taught in the course to new situations, to analyse different examples, or to synthesize original responses to questions that remain within the realm of fairness, even though the particular applications, examples or circumstances may not have been explicitly addressed in course lectures or readings.
4. Students are expected to monitor their University email accounts and to use their University accounts whenever writing instructors concerning course work and course grades.
 5. Instructors will make reasonable efforts to accommodate students formally representing the University on inter-varsity teams, in academic competitions, in artistic performances, etc. with respect to due dates, tests and examinations, provided sufficient notice is given. Students should provide documentation of such activities identifying potential absences to instructors by the Add/Drop deadline where possible.
 6. In extraordinary circumstances, such as bereavement, illness or injury, students may be accommodated with respect to due dates, tests and examinations. Under such circumstances, instructors may request documentation.
 7. All tests and assignments are due on or before the last day of classes except those identified by the instructor as a final examination or equivalent.
 8. Unless otherwise stated in the course outline, students not submitting term work, in-class tests or final examinations without valid reasons will receive a zero for that part of the course grade.
 9. Instructors have a duty to accommodate students with disabilities that have been verified by the Accommodated Learning Centre.
 - a. The principle of equity requires that all students be afforded an equal opportunity to demonstrate what they know and can do; in the case of students with disabilities, this principle may require adopting alternative assessments, adapting existing assessments, or allowing students to bring items into an assessment which otherwise would be prohibited to ensure that these students are not unfairly disadvantaged.
 - b. Students who wish to arrange for modified assessments must have their disability verified by the Accommodated Learning Centre, which will then issue a letter to the appropriate Dean(s) and instructor(s) indicating the University's support for appropriate requests for special learning opportunities or assessment procedures.
 - c. The student is responsible for requesting accommodations from an instructor at least two weeks in advance of the evaluation date. Disagreements about the accommodation of any request between students with disabilities and instructors should be mediated first by the Accommodated Learning Centre; where that is not satisfactory, subsequent appeal may be made to the Dean for resolution.
- c. Scheduling of Assessments**
1. No examination (test, quiz, or combination of tests and quizzes) worth more than 20% of the final grade may be held in the last two weeks of class during the fall or spring semesters. However, module examinations may be administered in the last two weeks of the on-campus component of Professional Semesters I and II in the Faculty of Education.

2. To ensure that students have the opportunity to correct, improve, adapt or build upon their understanding and skills, students' graded work must be made available to them before they are examined or reassessed on material directly dependent upon that work.
 3. In-class tests and examinations may not exceed the allotted class time.
 4. Final examinations may not normally exceed three hours. Any requests for an extended time period must be made to the Registrar. Any overlap with a subsequent exam may require that the longer exam be moved. Students must be able to take advantage of scheduled breaks between exam time slots.
 5. Final examinations must be held on the date set by the Registrar. In the case of final examinations written in the testing centre, examinations may be opened on or after the first day of the scheduled examination period. Test centre examinations must be scheduled for completion no earlier than the day scheduled by the Registrar and no later than the last day of the final examination period.
 6. Normally any work assigned during the instructional period must be called due by the last day of classes. Where a final project, performance, essay, take-home examination or other demonstration of learning replaces a scheduled final examination, the work may not normally be called due any sooner than the date and time of the final examination scheduled by the Registrar and no later than the last day of the final examination period. However, musical performance examinations may be scheduled after the last day of classes with consent of the student.
 7. All work to be graded in fulfilment of the requirements of an Independent Study course or Honours Thesis must be called due no later than the last day of the final examination period.
 8. Students who cannot write final examinations for reasons beyond their control may request alternative scheduling from the Dean. Upon the Dean's approval, instructors will be authorized to arrange rescheduled final examinations. Instructors may only assign an 'Incomplete' in the course with prior approval from the Dean's office (see **Section 2.a.2. on p. 69** for more information regarding the 'I - Incomplete' designation).
 9. No student shall be expected to write three consecutive final examinations in 24 hours in the scheduled final examination period and, in such cases, it is the student's responsibility to request an accommodation from the Dean. The instructor associated with the second examination is the one who would normally be expected to accommodate the need for a rescheduled examination for such a student.
- d. Conduct of Examinations**
1. For examinations written outside the testing centre, the examination supervisor is responsible for the safe and secure conduct of an examination (test, quiz or scheduled final examination). While the examination supervisor is normally the instructor of the course, any member of academic staff, post-doctoral fellow or graduate student with appropriate expertise may supervise an examination. Whenever possible, course instructors should be available to answer questions arising during the examination.
 2. The supervisor may restrict admission to the examination site prior to the examination. If necessary, arrangements may be made with Security to restrict such admission.
 3. The supervisor may require all students to sign in before the examination, to sign out after the examination, and to register with the supervisor the number of examination booklets used.
 4. The supervisor may require students to deposit personal effects in a designated area.
 5. The supervisor may also require all students to place University of Lethbridge identification cards on their desks for the duration of the examination. If the supervisor is not certain of a student's identity, the student must be allowed to write the examination. The student shall then be referred to the instructor or, where the instructor is the supervisor, the Dean for resolution.
 6. The supervisor may articulate regulations for late entry to and early exit from the examination room.
 7. The supervisor is responsible for dealing with impropriety or irregularity to insure fairness and rigor in the assessment process.
 8. If students must leave the examination site for personal reasons, the supervisor shall take reasonable measures to ensure that no materials leave the site, that no restricted materials are brought back to the site, and that the student takes no action while away from the site that could undermine the integrity of the examination.
 9. Supervisors may prescribe or restrict materials that may be taken to the examination site and used during the examination. No material aids including such items as mobile phones, computers or other digital devices may be brought into an examination without prior approval of the instructor.
 10. In the event that it proves necessary to evacuate an examination room because of an emergency, supervisors will ask students to leave all examination materials behind and supervise the evacuation of the room.
 11. Following the evacuation of an examination site, it is the supervisor's prerogative to resume the examination, if this can be done within a reasonable period of time after the evacuation. Extra time (equivalent to the time lost) shall be provided to complete the examination. If an examination cannot be resumed safely or fairly after an evacuation, all examination materials shall be collected, and the examination shall be rescheduled.
 12. In the event that inclement weather or other conditions require that the University be closed, scheduled final examinations shall be rescheduled by the Registrar.

e. **Ownership, Confidentiality and Posting of Grades**

1. Students have the right to obtain and keep all graded work at the end of the appeal period. Instructors may retain questions.
2. All reasonable measures shall be taken to ensure confidentiality of both the student's work and the instructor's assessment. Under no circumstances shall any form of graded work be left in an unsupervised public place. Students who want someone else to pick up any form of graded work for them must authorize that person in writing. Students may provide a stamped, self-addressed envelope to the instructor for the return of graded work.
3. Instructors may not post grades unless all precautions are taken to protect student confidentiality. Neither names, nor University of Lethbridge student identification numbers, nor lists of identifiers which retain the original alphabetical order of names on a class list may be used for posting grades.
4. When graded term work cannot be returned in person, grades or comments may be posted on-line using university-approved learning management software. When this is not possible, grades and comments may be sent by e-mail provided that University e-mail addresses are used by both instructor and student.
5. Final course grades may not be e-mailed to students. Students should access final course grades using the Bridge.

f. **Handling of Materials after Student Assessment is Complete**

In accordance with Alberta's *Freedom of Information and Protection of Privacy (FOIP) Act*, any graded student work that remains unclaimed after the grade appeal period must be retained for one year as follows:

1. Unclaimed material from the fall semester must be retained until December 31 of the following year and destroyed no later than January 31.
2. Unclaimed material from the spring semester must be retained until April 30 of the following year and destroyed no later than May 31
3. Unclaimed material from the summer sessions must be retained until August 31 of the following year and destroyed no later than September 30.

c. **Confidentiality of Student Records Policy**

In choosing to pursue a post-secondary education, students must be aware that the record of their academic performance will be viewed and evaluated by others. At the same time, the right to privacy asserts that individuals have a legitimate interest in controlling what information about themselves they will reveal to others and what uses may be made of this information. For its part the University has a legitimate interest in obtaining information necessary to carry out its functions and to fulfill its obligations to its students and to the agencies which have direct authority over it. This policy, therefore, is intended to reflect a reasonable balance between the obligations of the University for the welfare of the students and its responsibilities to society.

property, services, faculty, staff, students and other users from such behaviour when it occurs.

External users are those individuals who are not faculty, staff, students or those persons functioning in a volunteer capacity on behalf of the University of Lethbridge. Internal users are those individuals who are faculty, staff, students or those persons functioning in a volunteer capacity on behalf of the University. Unacceptable behaviour by internal users will be dealt with through their respective employment contracts or in the case of students, policies and procedures related to discipline.

Hazing has historically been associated with, but is not limited to, obtaining acceptance or membership in an organization or a team. The University of Lethbridge's Policy Against Hazing applies to all University community members.

The full policy is available online at www.uleth.ca/policy/policy-against-hazing.

i. **Revoking Degrees**

The integrity of the degrees the University confers is dependent on the honesty and soundness of the teacher-student relationship, as well as the integrity of the

evaluation process. The University has a responsibility to protect the integrity of the degrees it awards, both while the degree is being earned and after its conferral.

A degree is revoked if both the following conditions exist:

1. An academic offense is discovered after the degree is awarded; and
2. That offense, if detected, would have resulted in the degree not being awarded.

Applications for undergraduate students not eligible for 'completed' approval at the end of the fall semester (for academic or financial reasons) **will remain active** for Spring Convocation. These students are not required to submit another application. The April 1 payment deadline for outstanding accounts will apply.

Graduands include only those whose degrees, diplomas or certificates have been approved by their Faculty Councils and who have no outstanding accounts with the University. Graduands must be dressed in the academic attire approved by the University of Lethbridge for the credential that is being conferred.

The graduands process as a discrete group, sit in an area reserved for graduands, and proceed to the platform to have their credential conferred under the guidance of the Marshals of the Graduands. Unless a graduand can demonstrate a special need (e.g. service dog), no one except approved graduands will process and sit with the graduands, or appear on the platform for conferral.

a. Academic Dress

The academic dress of the University of Lethbridge is unique to the institution. Different kinds of degrees are represented by different kinds of academic dress as follows:

Bachelor's Degree

Bachelor's graduands wear a black gown and a black mortarboard.

The Bachelor's degree hoods are a shell of black lined with blue, trimmed with a twisted gold and blue cord. Specific degrees are distinguished by the colour of braid on the lining:

Bachelor of Arts:	White braid
Bachelor of Science:	Golden yellow braid
Bachelor of Arts and Science:	White and gold braid
Bachelor of Education:	Light blue braid
Bachelor of Fine Arts:	Brown braid
Bachelor of Health Sciences:	Red and gold braid
Bachelor of Management:	Light brown braid
Bachelor of Music:	Pink braid
Bachelor of Nursing:	Red braid

Students receiving Combined Degrees wear the colours of the two degrees on the braid.

Master's Degree

Master's graduands wear a black gown and a black mortarboard.

All master's degree hoods are a shell of black, lined with blue. An exterior border of light blue satin indicates the hood is for a master's-level degree and the distinguishing braid follows the colours of the undergraduate hoods.

Doctor of Philosophy

Doctor of Philosophy graduands wear a royal blue gown with walden blue velvet facings and chevrons, outlined in bright gold piping, and a walden blue befeater with a bright gold tassel.

The Doctor of Philosophy hoods are a shell of royal blue, lined with sapphire blue satin and a bright gold chevron; the walden blue velvet trim is outlined in bright gold piping, reflecting the colours of the University of Lethbridge.

Guest seating at Convocation is open to the general public subject to availability of seats within prescribed safety limits of the venue. However, the first priority for guest seating is assigned to invited guests of University of Lethbridge graduands.

For the purposes of Convocation, the **Academic Staff** Party is restricted to Professors Emeriti, Registrar, current and retired Faculty Members, and Librarians, excluding Deans and Vice-Presidents. 1. PHILOSOPHY AND PROGRAMS

The Faculty of Arts and Science offers instruction in the humanities and the natural, social and mathematical sciences. The Faculty of Arts and Science commits itself to the development of well-educated persons in three dimensions of liberal education: the liberal arts, general intellectual background and depth of knowledge, as broadly defined in the sections below:

a. The Liberal Arts

Literacy: the ability to read and interpret texts from diverse media, discourses and genres, and to express oneself in writing.

Information literacy: the ability to discern when information is needed, and the ability to find, evaluate and use information effectively.

Oral expression: the ability to listen and understand oral messages, and to express oneself effectively in a wide range of interpersonal contexts.

Numeracy: the ability to work effectively with quantitative ideas and mathematical relations.

Critical thinking: the ability to evaluate reasoning systematically and to argue well in support of deserving ideas.

Integrative thinking: the ability to make connections among diverse and superficially unconnected things.

Problem solving: the ability to recognize the problematic nature of the world and the ability to address those problems in a rigorous and imaginative way.

b. General Intellectual Background

A sense of historical consciousness; an awareness of events in time and their significance to each other; and the relation of oneself and one's community within them.

A wide-ranging grasp of what the *sciences tell us about the world* in which we live; their methods, limitations, purposes and interactions with the global community and the world.

Reflection of one's own values and an openness to change.

An understanding of, and a respect for, the causes and consequences of cultural, group and interpersonal differences.

A critical understanding and an appreciation of the creative and aesthetic dimensions of life.

The ability to comprehend and analyze the many facets of social life.

An awareness of the body and the physical contexts in which we apprehend reality, and the development of well-being.

c. Depth of Knowledge

A capacity to *comprehend the complexity of ideas* through sequential, developmental learning in a single subject or discipline.

The development of the competency to *do rigorous independent work* in a subject or discipline.

A critical grasp of the assumptions, arguments, approaches and controversies that have shaped particular claims and findings within a subject or discipline, and an understanding of the connections among disciplines.

d. Programs

The Faculty of Arts and Science offers three baccalaureate (i.e. bachelor's) degrees: the Bachelor of Arts (B.A.), the Bachelor of Science (B.Sc.), and the Bachelor of Arts and Science (BASc.).

A baccalaureate degree is an academic degree awarded by a university to a person who has successfully completed undergraduate studies.

The Bachelor of Arts is awarded in recognition of the satisfactory completion of a prescribed set of program requirements. Students must declare a major in a humanities, fine arts, or social science discipline and complete all the requirements for the chosen major and the degree.

The Bachelor of Science is awarded in recognition of the satisfactory completion of a prescribed set of program requirements. Students must declare a major in a science discipline and complete all the requirements for the chosen major and the degree.

The Bachelor of Arts and Science is awarded in recognition of the satisfactory completion of a prescribed set of program requirements. Students must declare two majors, one in a humanities, fine arts, or social science discipline and one in a science discipline, and complete all the requirements for both chosen majors and for the degree.

All undergraduate degree programs in the Faculty of Arts and Science require students to complete the General Liberal Education Requirement (GLER). In some post-diploma programs or for the second degree program students must complete a modified GLER. See **Part 4, Section 10, pp. 83-86** for details.

The Faculty of Arts and Science offers the following programs:

- A 40-course (120.0 credit hour) program leading to the Bachelor of Arts (B.A.). See **Section 12** in this Part.

Neither degree is granted until requirements for the entire combined degrees program are completed. See **Part 13 - Combined Degrees**.

Students who hold an undergraduate degree may be eligible to complete a minimum 20-course program leading to the B.A., B.Sc., or BASc. as a second degree. See **Section 19** in this Part.

The 40-course B.A., B.Sc., and BASc. programs can be completed in eight consecutive semesters if students complete five courses (15.0 credit hours) per semester. Students may choose to reduce their course load to accommodate other commitments such as family or employment responsibilities. Students in good standing may take up to six courses (18.0 credit hours) in a semester. Students on academic probation may not register in more than four courses (12.0 credit hours).

2. ADVISING AND INFORMATION

Academic advising in Arts and Science takes account of the variety of educational goals for which the Faculty wholly or partly provides and affiliates with other student services in the University.

a. Dean of Arts and Science

As well as being the administrative head of the Faculty of Arts and Science, the Dean of Arts and Science has direct responsibility for all academic programs and all years of study in Arts and Science. Appeals and issues of interpretation for students in Arts and Science should be directed to the Office of the Dean of Arts and Science.

b. Academic Advisors

Academic advising for the Faculty of Arts and Science is the responsibility of Academic Advisors, located in the Arts and Science Student Program Services Office, Students' Union Building, Level 0.

Students may consult Academic Advisors for assistance with a variety of academic concerns, including program planning, declaration of majors, General Majors, readmission, applications for Incompletes or Withdrawals with Cause, authorized study at another university, and pre-professional transfer programs.

c. Department Advisors

Each Arts and Science department and program designates an advisor who knows in detail department courses, prerequisites and course schedules, as well as all aspects of the department's major program. In some departments, the Chair serves as department advisor.

Although the minimum requirements for each major program are fully detailed in this Calendar, students should plan their major programs in consultation with the department advisor in order to ensure meeting their own individual aims. These aims may include graduate school or professional school admission and vocational goals.

However, department advisors have no authority regarding degree, program or major requirements as set out in this Calendar. For information on such matters, students should consult Academic Advisors.

20-course (60.0 credit hours) Post-Diploma B.A. and B.Sc.	5 ungraded courses

Although credit is retained, the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on condition of

academic probation and limited to a maximum of four courses (12.0 credit hours).

Students who have received *Tabula Rasa* and are seeking admission to a Faculty other than Arts and Science are advised to contact that Faculty.

5. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of the fall and spring semesters.

Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses to qualify.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees 'With Distinction' or 'With Great Distinction.'

Students with an award GPA of 3.50 to 3.74 are awarded their degree 'With Distinction.' Students with an award GPA of 3.75 or higher are awarded their degree 'With Great Distinction.'

For purposes of awarding degrees 'With Distinction' or 'With Great Distinction,' the Faculty of Arts and Science determines an award GPA by factoring into the University of Lethbridge cumulative GPA, actual grades on transfer courses, and A+ grades as 4.30 grade points.

6. ARTS AND SCIENCE DISCIPLINES

7. APPLIED STUDIES

Applied Studies courses offer students the opportunity to earn academic credit for employment or volunteer experiences that offer significant learning at a level suitable for the awarding of university credit. During the field placement, students explore their interests and aptitudes, and test and reinforce the theories and principles learned in the classroom.

To be eligible for an Applied Studies course, students must have a minimum cumulative GPA of 2.00 and second-year standing (a minimum of 30.0 credit hours).

Credit is earned in Applied Studies 2000 or 2001 for successful completion of 130 placement hours, an employer evaluation, and written assignments. Additional credit in Applied Studies 2010 or 2011 may be earned by successful completion of a *Learning Plan* and a project or paper exploring a job-related issue within a specific academic context.

Disciplinary Credit involves an employer evaluation, submission of a *Learning Plan* that outlines learning objectives, and an academic project or paper to be graded by a supervising faculty member from within the selected discipline. Disciplinary credit is signified by the series numbers 2980-85, 3980-85, and 4980-85.

To register in Applied Studies courses, students must apply to the Applied Studies Office no later than the deadline published in the Timetable. Application packages may be obtained from the Applied Studies Office (AH154; tel. 403-329-2000).

The Applied Studies Office coordinates Applied Studies for students in all Faculties and majors.

8. INDEPENDENT STUDY

An Independent Study is a course for which credit is earned through individual study under the supervision of an instructor. Independent Study may be taken for credit inside or outside of the student's major subject or in an interdisciplinary mode. Some major programs require an Independent Study component. Each Arts and Science program has a limit on the number of Independent Study courses that may be completed for credit. Please refer to the appropriate entry later in this section and **Part 4, Section 2.c, Exceeding Course Limits, p. 70**. Independent Study numbers 2990, 3990 and 4990 indicate the level of advancement.

Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability

of the student for undertaking academic work with a minimum of guidance. Independent Study may take a variety of forms including library research, laboratory research projects or field study. Since Independent Study is intended to expand a student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the study, and by approval of the Department and the Dean. Enrolment may be for a regular semester or during a summer session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses. For further information, students should consult the Department or faculty member under whom they wish to pursue an Independent Study.

9. TOPICS COURSES

Topics courses (numbered 1850, 2850, 3850, or 4850) may be offered in a discipline. The subject matter of Topics courses varies with each offering, with different offerings indicated by distinct titles. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e. if each offering taken has a different title).

Topics courses are offered on an irregular basis and do not appear in Part 14 (Courses) of the Calendar; Topics courses are listed in the current semester Timetable. Contact hours for Topics courses may vary according to the nature of the course and will appear in the Timetable entry.

Prerequisites/corequisites/recommended background for individual offerings will appear in the Timetable entry and will normally specify one or more of the following; level-appropriate courses in the discipline/related disciplines, year of standing, appropriate majors, admission to a University of Lethbridge program, or some other special requirement (e.g. an interview).

10. CROSS-LISTED COURSES

There are two types of cross-listed courses, or courses offered by two distinct units, available at the University of Lethbridge: courses cross-listed between two different Faculties, and courses cross-listed between two different disciplines within a Faculty. Cross-listed courses appear in the Calendar and will appear on the student's academic records in the dual form, for example, Economics 2070/Management 2070.

Courses cross-listed between Faculties count within a B.A., B.Sc., or BASc. program as the Arts and Science discipline. For example, Economics 2070/Management 2070 will be used as Economics 2070 for all regulations and requirements relating to the B.A., B.Sc., and BASc..

Courses cross-listed between two disciplines offered by the Faculty of Arts and Science count within a B.A., B.Sc., or BASc. program as either discipline (but not both disciplines). For example, Archaeology 3600/Liberal Education 3600 may count as either Archaeology or Liberal Education for all regulations and requirements relating to the B.A., B.Sc., or BASc..

11. UNDERGRADUATE THESIS COURSES ('HONOURS THESIS' DESIGNATION)

In some disciplines, qualified students in the Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science programs may elect to complete an Undergraduate Thesis course (6.0 credit hours) linked to their declared major. Students who complete all requirements and satisfy the academic standards required for the Undergraduate Thesis course for their

declared major are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment. Students completing a combined degrees program, post-diploma program, or a B.A., B.Sc., or BASc. as a second degree may not count the 6.0 credit hour Undergraduate Thesis towards the requirements of their chosen major or degree program, although they are eligible to receive the 'Honours Thesis' designation by completing this course in addition to the minimum requirements for their chosen major and degree program.

(See **Part 14 - Courses** for details on approved courses.)

a. Prerequisites

Prospective 'Honours Thesis' candidates must meet the following prerequisites:

1. Fourth-year standing (a minimum of 90.0 credit hours).
2. A cumulative GPA of 3.30 (or higher if the Department/Unit requires).
3. Any further prerequisite(s) as determined by the Department/Unit. (See **Part 14 - Courses**).

b. Supervisory Committee

For each prospective 'Honours Thesis' candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the Department offering the Undergraduate Thesis course, will consist of the Thesis Supervisor from the Department and a minimum of one other reader, who may be from outside the Department.

Note: For majors not housed in a Department, the Supervisory Committee composition shall be proposed by the Program Coordinator, subject to endorsement by the Dean.

c. Initial Approval

1. The prospective student must present a *Thesis Proposal* to be approved by the Supervisory Committee prior to registration for the course.
2. The Supervisory Committee will establish at the outset the weighting of the written and oral components of the thesis, as well as the procedure for determining the final grade.
3. Subsequent changes to the approved *Thesis Proposal* must be approved by the Supervisory Committee.
4. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.
5. Admission to the course is achieved through approval of the Supervisory Committee and the Department, or Program Coordinator, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.
6. The student must register for the Undergraduate Thesis course by the last day for course Add/Drop for the given fall/spring semester or summer session.

d. Final Assessment

The final assessment for the Undergraduate Thesis is based on two criteria:

1. Written Component
 - a. The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a matter approved by the Supervisory Committee prior to registration in the course.

- b. The thesis should be of high quality and made publicly available by the Department.

2. Oral Component

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the thesis, unless so specified by the Department.

e. Eligibility for 'Honours Thesis' Designation

Students are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment only if they achieve a minimum grade of 'B+' (3.30 or higher) for the Undergraduate Thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B', inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation.

Students may not repeat an Undergraduate Thesis course and may not complete more than one Undergraduate Thesis course per degree.

Inquiries about the availability of the 'Honours Thesis' option should be directed to the respective Department/Unit. Please refer to **Part 4 - Academic Regulations, Section 2.f. (p. 71)** for more information on the 'Honours Thesis' designation.

12. CO-OPERATIVE EDUCATION/INTERNSHIP PROGRAMS

Co-operative Education/Internship Programs are available to students in all majors in the Humanities and Social Sciences in the B.A., Post-Diploma B.A., B.A.Sc., B.A./B.Ed. (including pre-B.A./B.Ed.) and B.A./B.Mgt. degree programs, and are available to students in all Science majors in the B.Sc., Post-Diploma B.Sc., B.A.Sc., B.Sc./B.Ed. (including pre-B.Sc./B.Ed.) and B.Sc./B.Mgt. degree programs.

Co-operative Education/Internship Programs differ from other forms of education in that they formally integrate a student's academic and career studies on campus with relevant and productive work experience in industry, business or government. The Coordinator, the Faculty of Arts and Science, and the employer share in the enrichment of the student's academic program and in the intellectual, personal, and professional development of the student.

Faculty of Arts and Science Co-operative Education Programs are accredited by the Canadian Association for Co-operative Education (CAFCE).

Further information and details concerning admission and requirements may be obtained from the Office of Co-operative Education/Internship Programs (AH154; tel. 403-332-4461; email: artsci.coop@uleth.ca; website: www.uleth.ca/artsci/coop).

a. Admission

Students are often able to secure a Co-op placement at the end of their first year. Students are therefore encouraged to contact the Faculty of Arts and Science Co-operative Education Office as soon as possible in their program.

The criteria for admission include:

1. Minimum second-year standing (a minimum of 30.0 credit hours)
2. Grade point average and academic standing
3. Resumé and application form
4. Personal interview
5. Ability to perform in a work setting

Other factors such as labour market conditions, work experience, volunteer experience and extracurricular activities are also considered when selecting participants for the program.

b. Requirements

Students may complete between one and six work terms in one or more placements. Co-op work terms are normally four months in length and can begin in January, May or September each year. Co-op internships are usually undertaken by students in the third or fourth year of their program and are usually 12-16 months (i.e. three or four work terms) in duration.

To receive the Co-op designation for the degree students must complete successfully the course, major and degree requirements for the degree program in addition to a minimum of three work terms:

- Arts and Science 3011 - Co-op Work Experience I
- Arts and Science 3012 - Co-op Work Experience II
- Arts and Science 3013 - Co-op Work Experience III

Students may also opt for the maximum of three additional work terms:

- Arts and Science 3014 - Co-op Work Experience IV
- Arts and Science 3015 - Co-op Work Experience V
- Arts and Science 3016 - Co-op Work Experience VI

Students are also required to complete pre-employment preparation training prior to the first work term.

Students must be registered for the entire duration of the work term(s) applied for through the Co-op program, including extensions, and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of 'F' - Fail - will be entered on the transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause ('WC'), in accordance with University of Lethbridge policy (see **Part 4, Section 3, p. 68**). Where approval is granted by the Coordinator of Co-operative Education and the Dean of Arts and Science, a 'WC' will be entered on the transcript. Tuition fees will be assessed as per the University's Withdrawal with Cause policy. Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

c. Continuation in the Programs

Students must acknowledge, accept and abide by the requirements and regulations as outlined in the Calendar and the Co-op student handbook.

d. Transfer of Co-op Terms

For the purpose of fulfilling the Arts and Science Co-operative Education requirement of three work term courses to earn the Co-op designation, a maximum of one Co-op work term from another institution with formal co-operative education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the Co-op work term shall be subject to

special assessment by the Arts and Science Co-operative Education Office. An approved Co-op work term must be registered as a non-academic course on the student's transcript from the sending institution and must have received a passing grade (either a letter grade or 'Pass').

d. Anthropology

Department: Anthropology
 Anthropology is the academic study of the diversity of human life in local settings, whether in the past or present. The particulars of any local life, society or culture, however, are not isolated from global influence. Contemporary anthropology examines the material, social and cultural conditions of human behaviour and life from this locally global perspective. Traditionally, long-

term ethnographic and archaeological fieldwork in other societies has been the hallmark of the anthropological study of the human condition, but anthropologists are also cultural critics considering issues of race, gender, power, space and government in their own societies as well. The anthropological perspective makes significant contributions to fields as diverse as health, education, international development, religion, policy, urban studies, indigenous studies, economics and politics.

i. Biological Sciences

Department: Biological Sciences

The Biological Sciences delve into the world of living organisms—from microbes, to human beings, to entire ecosystems—on, under, and above the earth. Exploring the nature of life leads biologists out into the world to study how organisms interact with their environment, how they function, and how they evolved. The curriculum provides basic studies in molecular and cellular biology, organismal biology and ecology and evolutionary biology during a student's first two years, with subsequent opportunities for specialization. Advanced courses also offer opportunities for independent laboratory or field research projects in the three areas. The program provides background for a diverse range of careers in the life sciences, and a gateway to professional programs such as medicine and veterinary medicine.

Chemistry is the central science of matter, dealing with the 118 known elements from which everything is made. It studies the transformations and properties of all substances - natural and synthetic. Chemistry students develop a strong background in theory and practice and acquire extensive laboratory skills. Chemistry is an experimental science, and students are strongly encouraged to perform original research in partial fulfillment of the degree requirements. The Major in Chemistry leads to professional certification (P.Chem.), and graduates are prepared for careers in industry or the public sector. The degree is also suitable for advanced study in chemistry and can be used to prepare for other professional programs (Medicine, Dentistry and Veterinary Medicine).

At least two offerings of Chemistry 4000 - Advanced Chemistry (Series) must be completed. The content, as identified by the title, must be different in the two offerings. These courses are usually offered each semester and offerings will normally not be repeated within a two-year cycle.

This program has been accredited by the Canadian Society for Chemistry (CSC), which is the national organization representing chemists, and is acceptable for membership in the Association of the Chemical Profession of Alberta (ACPA). Students who complete a B.Sc. degree with the major in Chemistry outlined above will have a degree accredited by the CSC.

Those who plan to pursue graduate studies in Chemistry should take more than the minimum of 18 courses in Chemistry or Biochemistry and should obtain advice on their program from the Department. Students can get credit for participating in original research as part of their studies, especially if preparing for advanced chemistry degrees.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. Students at an early stage of their studies are advised to seek help in planning their programs from the Department Advisor or from any faculty member in the Department of Chemistry and Biochemistry.

ii. Philosophy

Department: Philosophy

Philosophy means “love of wisdom.” Philosophers study the deep intellectual problems that underlie or unify other disciplines in the sciences and humanities. Courses in the reality stream inquire into the nature of knowledge, mind and matter, space and time, language and mathematics, religious beliefs, and the basis of science. Courses in the values stream probe the distinction between right and wrong, the nature of beauty, the assumptions behind political theories and current ethical dilemmas. Logic studies the art and science of reasoning. All philosophy and logic courses place strong emphasis on developing the skills of clear writing and sound argumentation, and the ability to see beneath the surface of the apparently obvious.

jj. Physics

Department: Physics and Astronomy

Physics is the study of matter and energy at all scales, from the sub-nuclear to the dimensions of the universe. It is the fundamental science—all other sciences and technologies rely on the principles of physics. Physics involves observing and understanding natural phenomena evident in the world around us: the seasons, the motion of objects, the flight of birds, the night sky and the weather. The curriculum provides a comprehensive Physics major, built on a foundation of courses in the first two years which lead to more advanced and specialized areas in the senior years, preparing students for postgraduate studies, or for careers in academia, industry and the public sector.

kk. Political Science

Department: Political Science

Political Science is the study of government institutions, political behaviour and political theory. You need no political ambitions to take it. Political Science is both empirical (qualitative and quantitative) and theoretical. Empirically the focus is on Canadian politics (from national to local), comparative politics (of differing

regimes in selected regions of the world), and international relations. Theoretically the focus is on the ideas and visions of justice and the good life that political leaders and citizens aspire to and even stake their lives on. Emphasis is placed throughout on critical reading, writing and analytical skills, encompassing the study of a wide array of materials, including legal, philosophical, literary and historical documents, as well as statistical analysis.

Please refer to the program website (www.uleth.ca/artsci/political-science) for more information.

Required courses:

Political Science 1000 - Introduction to Political Science

Political Science 2110 - International Relations

Political Science 2210 - Canadian Politics and Government

II. Psychology (B.A. or B.Sc.)

Department: Psychology

Psychology seeks to understand the causes of behaviour in humans and other animals. Such behaviour can range from the automatic, unconscious, and reflexive sucking and grasping behaviours of infants through largely unconscious behaviours such as finding food and choosing a mate, to sophisticated, conscious behaviours such as medical decision making. Students will investigate the nature of human and animal thought processes as well as the evolutionary, social and cultural factors that frame the development of human capacities. We consider the best preparation, at the undergraduate level, for graduate study in all areas of psychology, whether research or applied, to be a strong and broad background in experimental psychology.

Please refer to the program website (www.uleth.ca/artsci/psychology) for more information.

Required courses:

Psychology 1000 - Basic Concepts of Psychology

Psychology 2030 - Methods and Statistics

mm. Religious Studies

Department: Religious Studies

Religious Studies aims to enhance critical understanding of the phenomenon of religion and the diversity of religious experience and expression from antiquity to the present in both Eastern and Western traditions. This field of study uses a wide range of tools and methods to describe, analyze and understand religion in human experience. Fundamental issues such as belief, texts, worship, ritual, concepts of the divine, the human condition and the historical development of particular religions are examined. The academic study of religion requires a measure of neutrality, whereby no particular religious tradition is privileged. A major in Religious Studies provides a broad-based understanding of the diverse religious world and requires students to study general themes and issues as well as specific traditions from both Eastern and Western religions.

Please refer to the program website (www.uleth.ca/artsci/religious-studies) for more information.

In Women and Gender Studies classes, students will develop an in-depth understanding of how current and historical events, ideas and institutions have been structured by gender, ethnicity, race, age, ability, class and sexuality.

rr. Double Majors

Although the Faculty of Arts and Science does not recognize double majors as official student programs leading toward the B.A. or B.Sc. degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for two majors.

Double majors are formed by completing the requirements of two established majors for the B.A. or two established majors for the B.Sc. Individual Multidisciplinary majors and General majors are ineligible for double major designation. Double counting of courses is not allowed. Students choosing to complete two majors may need to complete more than the minimum 40 courses for the degree depending on the choice of majors.

The Faculty cannot guarantee that course sequencing and timetables will accommodate all double major combinations within eight consecutive regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Academic Advisors regarding double majors.

ss. Individual Multidisciplinary Majors

Students may establish Individual Multidisciplinary majors.

An Individual Multidisciplinary major must represent an identifiable and significant body of knowledge and entail in-depth study rather than a superficial survey of a broad topic. For the most part, the program is expected to be derived from the existing curriculum in Arts and Science.

An individual multidisciplinary major program consists of 20 courses with the following structure:

a. Required Core

The core of the major must contain a minimum of eight and a maximum of 12 required courses providing a broad-based familiarity with the major. These core courses must be taken from at least two disciplines.

b. An Independent Study at the 3000 or 4000 level.

c. Options

The remaining courses in the Individual Multidisciplinary major must be chosen from a list of optional courses. The chosen courses must be from at least two disciplines.

d. At least six of the 20 courses must be at the 3000 or 4000 level, one of which must be at the 4000 level.

Students are encouraged to apply early to establish an Individual Multidisciplinary major and also to explore potential programs with faculty members prior to making an application.

An application to establish an Individual Multidisciplinary major must be submitted to the Dean or Dean's designate. Approval of an Individual Multidisciplinary major by Arts and Science Council must be obtained prior to registration in the final 10 courses in the degree. Students are advised that formulation and approval of a program normally takes up to six months after the initial application and thus applications should be submitted in sufficient time to allow processing.

The Individual Multidisciplinary major shall be formulated by a committee, chaired by the Dean or Dean's designate and composed of the student and faculty representatives, appointed by their departments, from at least two appropriate departments chosen by the Dean or Dean's designate.

During its deliberations the committee shall consult all departments represented in the major. Before being submitted to the Arts and Science Curriculum Committee, the proposed program shall be approved by the Chairs of the departments represented on the committee.

Students interested in an Individual Multidisciplinary major should contact the Dean or Dean's designate.

17. MINORS

Students in the 40-course (120.0 credit hours) Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), or Bachelor of Arts and Science (BASc.) program may declare a minor, to be completed in addition to their major.

Note: Arts and Science minors are not available to students in the Combined Degrees programs (i.e., B.A./B.Ed., B.A./B.Mgt., B.Sc./B.Ed., B.Sc./B.Mgt.), Post-Diploma programs, or the B.A., B.Sc., or BASc. as second degree.

Students choosing to complete a minor may need to complete more than the minimum 40 courses for the degree depending on the program and choice of major(s).

General Requirements

Students must complete at least six courses (18.0 credit hours), including at least one course (3.0 credit hours) at the 3000/4000 level. Required courses for each minor are listed below.

Students may not double count courses required for the minor in fulfilling requirements for their major. The six courses comprising the minor must be distinct from any such major requirements.

For students who complete the required courses, the minor will be acknowledged on the official transcript.

18. CONCENTRATIONS

A concentration is a defined set of courses related to a major. The one exception is the Post-Diploma B.Sc. in Geography with a Concentration in Geographical Information Science, where courses for the concentration are specified requirements for the program.

Students in certain majors in the B.A., B.Sc., or BASc. degree programs and in some post-diploma programs may declare a concentration. For students who complete all requirements, the concentration will be acknowledged on the official transcript.

Available concentrations are listed below:

a. Concentration in Agricultural Business

- Major in Agricultural Studies (B.A. or B.Sc.)
- Major in Agricultural Biotechnology (B.Sc.)
- Post-Diploma B.A. in Agricultural Studies
- Post-Diploma B.Sc. in Agricultural Studies

b. Concentration in Geographical Information Science

There are combined 50-course programs leading to the degrees B.A./B.Ed. and B.Sc./B.Ed., and the degrees B.A./B.Mgt. and B.Sc./B.Mgt. Upon successful completion of the program the student receives the degree B.A. or B.Sc. from the Faculty of Arts and Science and the degree B.Ed. from the Faculty of Education or the degree B.Mgt. from the Faculty of Management. Neither degree is granted until the entire combined degrees program is completed. See **Part 13 - Combined Degrees**, for complete information.

9. Academic Standards: A cumulative grade point average of at least 2.00 must be maintained at all times.
10. Credit earned towards a previous degree may not be used toward the second bachelor's degree. However, recognition may be given for the content of such previous work in the major(s). In such cases, students will be required to complete appropriate 3000/4000-level courses in lieu of those for which exemption has been granted. Substitutions must be approved by the Dean, Faculty of Arts and Science, on recommendation from the Department Chair or Program Coordinator.

24. PRE-PROFESSIONAL TRANSFER PROGRAMS

Students at the University of Lethbridge may prepare themselves to apply for admission to a number of professional programs offered at other institutions. Admission to these programs is by quota and is competitive.

Through arrangements between the University of Lethbridge and professional Faculties at other universities, transfer programs have been established for the professional programs listed below. Students should be aware that programs offered by other institutions are subject to change or cancellation without notice. The University of Lethbridge endeavours to provide students with complete, timely and accurate information but cannot guarantee the offerings of other institutions. At the time of Calendar publication, the information listed below was correct.

Some professional schools make specific course recommendations for students preparing to apply for admission. However, they reserve the right to admit students who have not followed these recommendations, but have chosen to study other disciplines. The programs suggested here are intended to give students priority access to courses satisfying the programs recommended by the professional schools. Students may choose alternative routes but do so at their own risk. Please refer to the Program Planning Guide Enclosures for Pre-Professional Transfer programs for more specific information.

Students are advised that 'D' grades are not transferable. As well, students may experience difficulties in transferring courses for which grades are not assigned: for example, courses for which Credit/Non-Credit or Pass/Fail appear on the transcript generally do not transfer.

Students who plan to apply to professional programs at other universities not listed below must have courses approved by the professional Faculty at the institution to which they intend to transfer. The University of Lethbridge cannot guarantee program requirements for such programs.

Students with an academic objective of Engineering select the Pre-Professional Transfer Program in Engineering (Engineering Transfer Program). Students with an academic objective of Dentistry, Journalism, Law, Medicine, Social Work and Veterinary Medicine select a University of Lethbridge degree program (either B.A. or B.Sc.) with an appropriate major. Note that Agricultural Biotechnology, Biochemistry, Biological Sciences, Chemistry, and Neuroscience are fields of study in their own right but may also prepare students for application to professional programs of Dentistry, Medicine and Veterinary Medicine.

- is committed to preparing learners and teachers for the present world and for a better world in the future;
- promotes development of attributes and skills necessary for effective communication;
- promotes in students an understanding of how knowledge is generated, evaluated and revised, and an ability to reflect critically upon the nature of knowledge, its transmission, and its interpretation;
- facilitates the integration of knowledge from general education, disciplinary education, professional education and field experiences;
- promotes in students the development of intellectual and affective strategies for making pedagogical decisions;
- promotes in students an understanding of the social, practical, professional and institutional contexts of teaching and learning, and the ability to analyze these contexts in making educational decisions;
- promotes in students an understanding of subject matter to be taught and the means to transform that content for teaching-learning purposes;
- promotes an understanding of the personal nature of teaching and recognizes that the development of professional knowledge is a personal and a professional responsibility;
- promotes the integration of theory and practice in university courses and in schools, through experience, study, and reflection;
- seeks to support and foster in students a spirit of inquiry, intellectual advancement, humane values, environmental conscience, aesthetic sensitivity, and a sense of physical and mental well-being;
- fosters the ability to establish interpersonal relationships and sensitivity to others' interests and feelings, and to encourage students to apply these qualities in fulfilling their responsibility in a global society;
- fosters a close collegial and reciprocal relationship with other members of the teaching profession; and,

- supports Faculty members who exemplify the foregoing by developing and maintaining expertise in their disciplines and fields of study, in their teaching, through their research and scholarly activity, and in their interpersonal interactions.

2. EDUCATION PROGRAMS

The Faculty of Education offers two programs which lead to Alberta Teacher Certification as well as five other programs designed to support in-service or pre-service teacher development.

a. Programs Leading to Alberta Teacher Certification

Candidates apply and are recommended for certification by the Faculty of Education to Alberta Learning. Only Alberta Learning is empowered to grant Alberta Teaching Certificates. Based on the recommendation of the Faculty of Education, Alberta Learning grants the Interim Professional Certificate to individuals who are Canadian citizens or Permanent Residents.

Recommendations are forwarded upon completion of the Combined Degrees Teacher Education program or the B.Ed. after an Approved Degree program. Candidates are evaluated on the basis of all data relating to their readiness to assume the responsibilities of a professional teacher as defined in the Quality Teaching Document.

Students are alerted to the following certification requirement.

All persons applying for certification as a teacher in Alberta will be subject to the following restriction on eligibility:

Except where the Minister of Learning decides otherwise, the Director, Teacher Certification and Development Branch, shall refuse to issue, re-issue, or extend an interim professional certificate to:

- a person who has been convicted of an indictable offence in Canada or an equivalent conviction in a jurisdiction outside Canada; or
- a person who the Director has reason to believe should not be issued a certificate.

For additional information please contact the Director, Teacher Certification and Development Branch of Alberta Learning at 780-427-2045.

b. Other Education Programs

1. Bachelor of Education After Teacher Training

Individualized programs are arranged for candidates who hold an undergraduate degree, who have completed a minimum of one year of teacher training in an approved institution, and who already hold teacher certification. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

Students who have completed a minimum of one year of teacher training and who hold teacher certification but who do not hold an undergraduate degree must be admitted to and must complete the requirements of a Combined Degrees program. The B.Ed. component of the Combined Degrees program will be individually designed for each student to meet residency and degree requirements. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

2. Pre-B.Ed. After an Approved Degree

Students who intend to pursue a B.Ed. after an approved degree, but who do not meet requirements for direct admission to the B.Ed. program, may apply to the pre-B.Ed. (After Degree) program in the Faculty of Arts and Science. A limited number of students may be admitted to this program in a fall or spring semester and may then register for courses in three consecutive semesters following the offer of admission. After three semesters, students intending to take further courses must apply for admission to the B.Ed. program or to another program offered at the University of Lethbridge. Students are not guaranteed admission to the B.Ed. program, or any other program, at the end of three semesters but must compete with other applicants.

Students must meet the following minimum qualifications for admission to the pre-B.Ed. after an Approved Degree program:

- A completed undergraduate degree, including at least four courses in a declared single discipline major, or at least eight courses in a declared general major. Students must select a major from among those available to students in the B. Ed. after an approved degree program (see **Section 5.b.1. Teaching Majors, p. 156**).
- A minimum cumulative grade point average of 2.50 out of 4.00 calculated on all U of L and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently. All courses must be graded with the exception of Education 2500.

3. Diploma in Education

The Faculty of Education offers diploma programs in the following areas for certified practising educators holding a Bachelor of Education degree:

- Diploma Program in Special/Inclusive Education
- Student Initiated Diploma Program

These programs are described in detail in **Section 9. Diploma Programs, p. 164.**

4. Master of Education

A 12-course M.Ed. program for degree holders with educational experience (see the **University of Lethbridge 2015/2016 Graduate Studies Calendar**).

5. Master of Education (Counselling Psychology)

A 12- or 14-course M.Ed. program for degree holders with educational or related experience (see the **University of Lethbridge 2015/2016 Graduate Studies Calendar**).

3. ADVISING

It is essential for new and returning students to seek advice concerning their academic goals, programs, and standing as early as possible.

Academic advising is coordinated by the Assistant Dean, Student Program Services in the Faculty of Education. Faculty members, who serve as academic advisors for each major, also inform students about preparation for teaching in specific school subjects. Advisors are also identified to assist students in planning specialized programs.

Academic advising in the Faculty of Education for graduate programs is coordinated by the Assistant Dean, Graduate Studies and Research.

Academic advice may be obtained at any time during the year, but it is recommended that new students consult advisors during the three weeks prior to registration.

Advice and information from the Assistant Dean, Student Program Services in the Faculty of Education may be obtained for the following:

- all aspects of program planning,
- academic regulations and degree requirements,
- grading system and appeals,
- employment opportunities and job placement in education, and
- teacher certification.

Advice and information from Education Faculty advisors and from appropriate Arts and Science, Fine Arts, or Management advisors should be obtained for the following:

- selection of courses for a major,
- future scheduling of courses,
- prerequisites and recommended backgrounds, and
- availability of Independent Studies and Study Tours.

4. ADMISSION TO BACHELOR OF EDUCATION PROGRAMS

Based on the Faculty's quota system, normally 216 students are admitted to the Faculty each June to begin their studies in the fall semester. For application and document deadlines, see **Part 1 - Admission, p. 27.**

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing

proficiency requirement, and grade point average calculated on all UofL and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently. All courses must be graded with the exception of Education 2500.

Combined Degrees and After Degree students are admitted on the same criteria.

a. Regular Admission

1. Admission to Combined Degrees Program

The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree. First degree students must be admitted to a Combined Degrees program in order to receive a B.Ed. Students are not officially in the program until they have been admitted to both the Faculty of Education and to the Faculty governing the degree combined with the B.Ed.

For a complete description of admission requirements in each of the following programs consult the corresponding sections of **Part 13 - Combined Degrees:**

- Bachelor of Arts/Bachelor of Education, **p. 230**
- Bachelor of Science/Bachelor of Education, **p. 230**
- Bachelor of Management/Bachelor of Education, **p. 262**
- Bachelor of Fine Arts - Art/Bachelor of Education, **p. 251**
- Bachelor of Fine Arts - Dramatic Arts/Bachelor of Education, **p. 254**
- Bachelor of Fine Arts - New Media/Bachelor of Education, **p. 256**

For information regarding readmission after withdrawal, see **Section 6.b.11. Readmission After Withdrawal, p. 158.**

2. Admission to the After Degree Program

Students applying to an After Degree program must meet the following minimum qualifications for admission to the Faculty of Education:

- Completion of a recognized baccalaureate degree which includes a major in a 'school' subject. Students are expected to present in their major the same number of courses as students in the Combined Degrees program (see **Part 13 - Combined Degrees**).
- A minimum cumulative grade point average of 2.50 out of 4.00 calculated on all U of L and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently. All courses must be graded with the exception of Education 2500.

- c. A minimum cumulative grade point average of 2.50 out of 4.00 on all graded courses comprising the major.
- d. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Section 6.b.4. Education 2500 Prerequisite, p. 157**). Students who do not receive a favourable recommendation, or who have withdrawn, may be permitted to re-enrol in the course after one full year and with permission of the Assistant Dean, Student Program Services.

- Students are encouraged to consult early with the Faculty of Education, Student Program Services Office regarding procedures for meeting the Writing Proficiency Requirement.

- f. Completion of Additional Admission Requirements in Specific Majors:
- Dramatic Arts - completion of an acceptable portfolio, performance audition and interview.
 - Music - completion of an acceptable performance audition and/or interview.
 - Native Education - completion of five of the seven courses required in the school subject minor. A minimum cumulative grade point average of 2.50 out of 4.00 is required on all graded courses comprising the minor.
 - Physical Education - completion of a Physical Education and Sport Activities report which must include:
 - brief description of experience (personal physical activity, teaching movement or physical activity, coaching experience, workshops/clinics, certification),
 - written confirmation of experiences (letter of reference, certificate of achievement).

Students should consult Student Program Services in the Faculty of Education for guidelines regarding the requirements stated above.

b. Special Case Admission

For purposes of admission, the Faculty of Education calculates the admission grade point average on all university-level courses taken in the semesters containing the last 20 courses (60.0 credit hours). Students who have a good academic record but who, for some reason, had a period of time within those semesters when their performance was significantly lower, may apply for special case admission (up to four such students may be admitted each year). Normally, the semesters containing the last eight courses may not be included in the period of the special case.

Students applying for Special Case admission must satisfy the following:

- have applied for admission to the Faculty of Education;
- meet minimum criteria for admission to the Faculty of Education;
- demonstrate a shift in academic performance;
- provide documentation of extenuating circumstances;

1. Academic Standards

Upon completion of the program and in order to graduate, students must present a cumulative GPA of 2.50 in their teaching major and a cumulative GPA of 2.50 or higher in all courses taken after admission to the Faculty of Education. In order to have a teaching minor endorsed on a transcript, the student must also present a GPA of 2.50 or higher on all non-Education courses comprising the minor and, additionally, a minimum B- in the appropriate Education methods course.

2. Institutional Honours

Students who graduate with a Faculty GPA of 3.60 to 3.79 (calculated on all courses taken after admission to the Faculty of Education), who have demonstrated excellence in student teaching practica and the internship, and who present an admission GPA of 3.00 or higher are eligible to receive the Bachelor of Education degree 'With Distinction.' Students who meet the same criteria but present a Faculty GPA of 3.80 or higher are eligible to receive the Bachelor of Education degree 'With Great Distinction.'

3. Education Courses Taken Prior to Admission

With the exception of transfer students (who may bring in a maximum of five Education courses), Education courses other than Education 2500 taken prior to Admission may not be counted toward the Bachelor of Education requirements.

Note: *Students intending to major in Music Education may complete courses designated Education 387X prior to admission with permission of the instructor.*

4. Education 2500 Prerequisite

Students who have completed a minimum of 30.0 credit hours with a GPA of 2.50 or higher, calculated on all courses, including all transferable courses, may register directly in Education 2500. If available spaces are not filled, additional students will be enrolled on the basis of the proximity of their GPA to 2.50 and the number of courses remaining in their program (i.e., those with fewer remaining courses will be given preference). Such students will be added during the Add/Drop period upon application to Student Program Services in the Faculty of Education.

5. Visiting Student Status

Authorization is required from the Assistant Dean, Student Program Services in the Faculty of Education to study at other post-secondary institutions while enrolled in the Faculty of Education at the University of Lethbridge.

6. Registration Limits

Students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum semester (spring or fall). Under exceptional circumstances students may have Professional Semester III waived. Students will be required to replace waived elements with Education Electives. Requests must be submitted to the Assistant Dean, Student Program Services in the Faculty of Education. Students who have received 'not recommended' status after completion of Education 2500 are ineligible for a waiver.

9. Withdrawal Deadline

A student may withdraw from any component of a professional semester any time after the add/drop period until 3/4 of the course/practicum is completed; however, a student withdrawing from a professional semester component is withdrawing from the Faculty and must successfully apply for readmission before resuming studies toward the Bachelor of Education.

10. Required Withdrawal

A student is required to withdraw from the Faculty of Education if the following occurs:

- the grade point average falls below 2.50 in Professional Semester I or Professional Semester II;
- the student fails any course, module, or practicum in any Professional Semester; or
- the student fails to meet the Standards of Professional Conduct. The student may be assigned a failing grade for the component where the Standards of Professional conduct were not met.

11. Readmission After Withdrawal

Students who withdraw or who are required to withdraw from the Faculty of Education must successfully apply for readmission by the appropriate deadline. Readmission is not guaranteed. Education courses completed after withdrawing and prior to readmission may not count toward the Bachelor of Education. Students are advised to consult with the Assistant Dean, Student Program Services as early as possible.

Students who have been required to withdraw from an Education program at another post-secondary

institution must receive a favourable recommendation in the U of L offering of Education 2500 - Orientation to Teaching - for admission consideration. Additionally, the student must consult with the Assistant Dean, Student Program Services, prior to the application deadline for the Faculty of Education.

c. Practicum Regulations and Information

The following policies will guide the assignment of students to schools:

1. Placement Policy

While on campus and during practica, students are expected to adhere to the standards of professional conduct set out by the Faculty of Education (**Section 6.a, p. 157**). The Faculty of Education reserves the right to deny or terminate a placement in any practicum course, including Education 2500, to any student if the Dean or Designate has reasonable grounds:

- the student has violated any part of the Faculty of Education's standards of professional conduct;
- the student is unable to carry out the classroom responsibilities of that practicum; or
- the Dean or Designate believes denial or termination of a placement is necessary in order to protect the public interest.

Students whose practicum placements have been denied or terminated will be informed of the reasons in writing.

2. General Policies

- a. All school placements within Zone 6 will be made by the Field Experience Office. Students must not contact schools with the intent of procuring an internship or student teaching placement.
- b. Professional Semester I and II placements will only be made within Zone 6 and Calgary area.
- c. Professional Semester III placements outside of Zone 6 are subject to the approval of the Assistant Dean, Field Experience and the Assistant Dean, Student Program Services in the Faculty of Education.
- d. Students receiving a waiver of Education 2500 must complete Professional Semester III in Alberta.
- e. Students may complete only one practicum/internship with any one teacher associate or teacher mentor. Students will complete only one practicum/internship in any specific school.
- f. Students will not be placed in schools where family members are employed or where family members are themselves pupils.
- g. No student will be placed in a school from which she or he graduated.
- h. Placements in Professional Semesters I and II will differ by a minimum of three grade levels.
- i. Students who refuse a placement may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

- j. Students who do not provide all relevant information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.
- k. Students who provide false information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.
3. Location of Placements
- The Faculty of Education collaborates with Education institutions throughout Zone 6 (which extends in Alberta from the B.C. border to the Saskatchewan border and from the Montana border up to locations immediately south of the city of Calgary) and Calgary area. Students entering the Faculty of Education should note that practicum placements include locations anywhere within Zone 6. Students must be prepared to travel. Some locations require relocation Monday to Friday.
- Note:** *Acceptance of an offer of admission to the Faculty of Education indicates acceptance of a possible requirement to travel to or relocate to practicum placements within Zone 6.*
4. Criminal Record Check (or equivalent).
- Many school jurisdictions require criminal record checks from all individuals (including student teachers and interns) working with children and adolescents. Consequently, all students accepting an admission offer from the Faculty of Education must immediately make application for a criminal record check including a Vulnerable Sector Check. The student is responsible for the cost of obtaining such documentation. Criminal record checks are not submitted to the Faculty of Education, but must be available for the student to present on Practicum Orientation Day should the school or school jurisdiction require it. Students who are unable to present an acceptable criminal record check for any reason may be denied a placement by the co-operating school, the school jurisdiction, or the Assistant Dean, Field Experiences. The Faculty of Education does not guarantee an alternate placement. In the event a student cannot be placed, the student will be unable to complete the program and thus will be required to withdraw from both the practicum and the faculty.
5. Out of Zone and International Professional Semester III Placements.
- Students may apply to the Assistant Dean, Field Experience to complete Professional Semester III outside of Zone 6. Further, it is possible for students to complete Professional Semester III in an international placement. Students must apply well in advance of the intended semester, and will be required to request statements of support from teacher associates and previous practicum supervisors. Only students with an outstanding record of professionalism and an outstanding record of classroom teaching in both Professional Semesters I and II will be granted Professional Semester III placements outside of Zone 6 (including international locations).

Some restrictions on out of zone and international placements do exist for students completing certain specializations. Students are encouraged to contact the Assistant Dean, Field Experiences for further information.

2. Readmission after Required Withdrawal from the University

Students dismissed for academic reasons will not be granted readmission until the lapse of one year. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and removed. Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Fine Arts upon readmission after required withdrawal for unsatisfactory academic performance. *Tabula Rasa* will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of 'C-' or above, or 'P', up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

5. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the fall and spring semesters.

6. CO-OPERATIVE EDUCATION STUDIES

Co-operative Education is a program that integrates academic studies with relevant, full-time work experience. During work terms that are typically four months long, students gain practical experience in not-for-profit organizations, private industry or government agencies. Students may complete up to six work terms. Further information may be obtained from the Arts and Science Office of Co-operative Education (AH154; 403-382-7154).

Co-operative Education is an option for students in all programs offered by the Faculty of Fine Arts. Students interested in pursuing Co-operative Education are strongly encouraged to meet with an Academic Advisor in the Faculty of Fine Arts to discuss course sequencing implications if work terms are to be taken in the fall and/or spring semesters.

a. Work Terms

To receive the Co-op designation, students must complete all regular degree requirements and a minimum of three work terms:

Fine Arts 3001 - Co-op Work Experience I
 Fine Arts 3002 - Co-op Work Experience II
 Fine Arts 3003 - Co-op Work Experience III

Students may also choose to take up to three additional work terms:

Fine Arts 3004 - Co-op Work Experience IV
 Fine Arts 3005 - Co-op Work Experience V
 Fine Arts 3006 - Co-op Work Experience VI

Students must be registered through the program for the full period of the work term in which they applied, and once registered are not permitted to withdraw without failure. A grade of 'F' (fail) will be awarded for the term(s) unless extenuating circumstances warrant granting of Withdrawal with Cause (WC), in accordance with University of Lethbridge policy (see **Part 4, Section 2, p. 68**). Students should contact the Coordinator of Co-operative Education for assistance with the procedure.

b. Transfer of Co-op Work Terms

A maximum of one Co-op work term from another institution with formal co-operative education programs

shall be eligible for recognition towards the requirement. To be eligible for recognition, the Co-op shall be subject to special assessment by the Co-operative Education Office. An approved Co-op must be registered as a non-academic course on the student's transcript from the sending institution and must have received a passing grade.

7. INDEPENDENT STUDY

Independent Study may be taken for credit inside or outside of the student's Fine Arts discipline. A maximum of five Independent Study courses may count for degree credit. Post-diploma and/or combined degrees students may count only three. Independent Study numbers 2990, 3990, and 4990 indicate the level of advancement. Independent Study may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance.

Independent Study may take a variety of forms including theoretical studies, studio practice or a combination of both.

Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrolment may be for a regular semester or during a summer session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

8. DEGREE PROGRAMS

a. B.F.A. - Art

The Department of Art offers degrees in Art Studio and Art History/Museum Studies. Within a liberal education context, the programs provide the opportunity for intensive instruction in studio production and in art history and museum studies, and for engagement with theoretical and historical discourses related to contemporary art.

Art Studio courses combine traditional and emerging media, such as drawing, painting, sculpture, computer-based art, audio art, photography, video, printmaking, installation and performance art. Spacious and well-equipped facilities permit students to undertake projects in an environment of expert technical support, creative guidance and critical dialogue. Foundation courses provide an introduction to a diversity of materials and ideas that are expanded upon in upper level courses. Senior students are allocated individual studio spaces facilitating independent art production at an advanced level.

The Art History/Museum Studies program concentrates primarily on nineteenth to twenty-first century European and North American and First Nations Art History. This degree program is unique in Canada with its combination of history, theory and hands-on museum experience at the undergraduate level. Students intern in regional public art galleries and museums and gain valuable, career-specific skills in the context of the University's renowned teaching collection of over 13,000 objects.

The Visiting Speakers in the Arts Program offered through Art NOW and Architecture and Design NOW, provides extensive exposure to leading practitioners in the field. With several high-profile visitors every week—including artists, critics, historians and curators—

students have a unique learning experience, one that illuminates national and international achievement. Course credit is available for attendance in the Visiting Speakers series in Art 3261 - Art NOW, Art 3262 - Art NOW, Art 3210 - Architecture and Design NOW I, and Art 4210 - Architecture and Design NOW II.

These programs prepare students to become professional artists or art educators, or for careers in gallery and museum work. They provide a solid base for further studies in Art Studio, Art History, Museum Studies, Media Studies, Art Education, Architecture, Design and related disciplines.

may choose a major in Art Studio or Art History/Museum Studies, each of which has a Native American Art emphasis. Within a liberal education context, the programs provide the opportunity for intensive instruction in studio production and in art history and museum studies, and for engagement with theoretical and historical discourses related to contemporary art.

Art Studio courses combine traditional and emerging media, such as drawing, painting, sculpture, computer-based art, audio art, photography, video, printmaking, installation and performance art. Spacious and well-equipped facilities permit students to undertake projects in an environment of expert technical support, creative guidance and critical dialogue. Foundation courses provide an introduction to a diversity of materials and ideas that are expanded upon in upper-level courses. Courses focusing on Native American Art are taught from a First Nations' perspective allowing for a deep engagement with First Nations' studio issues. Senior students are allocated individual studio spaces facilitating independent art production at an advanced level.

The Art History/Museum Studies program concentrates primarily on nineteenth to twenty-first century European and North American and First Nations' Art History. This degree program is unique in Canada with its combination of history, theory and hands-on museum experience at the undergraduate level. Students intern in regional public art galleries and museums and gain valuable, career-specific skills in the context of the University's renowned teaching collection of over 13,000 objects. Courses taught from a First Nations' perspective on Native American Art history provide an important component of this degree.

The Visiting Speakers in the Arts Program offered through Art Now and Architecture and Design Now, provides extensive exposure to leading practitioners in the field. With several high-profile visitors every week—including artists, critics, historians and curators—students have a unique learning experience, one that illuminates national and international achievement.

These programs prepare students to become professional artists or art educators, or for careers in gallery and museum work. They provide a solid base for further studies in Art Studio, Art History, Museum Studies, Media Studies, Art Education, Architecture, Design and related disciplines.

2. Honours Thesis' Designation

Qualified students in the Bachelor of Fine Arts - New Media program may elect to complete an Undergraduate Thesis course (6.0 credit hours). Students who complete all requirements and satisfy the academic standards required for the Undergraduate Thesis course are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment.

The B.F.A. - New Media Undergraduate Thesis course is New Media 4995. (See **Part 14 - Courses** for details.)

- a. Prerequisites
- Prospective 'Honours Thesis' candidates in the B.F.A. - New Media must meet the prerequisites as indicated for New Media 4995. (See **Part 14 - Courses** for details.)
- b. Supervisory Committee
- For each prospective 'Honours Thesis' candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the New Media Department will consist of the Thesis Supervisor from the New Media Department and a minimum of one other reader, who may be from outside the New Media Department.

c. Initial Approval

1. The prospective student must present a Thesis Proposal to be approved by the Supervisory Committee prior to registration for the course.
2. The Supervisory Committee will establish at the outset the weighting of the studio (if applicable), written and oral components of the Thesis, as well as the procedure for determining the final grade.
3. Subsequent changes to the approved Thesis Proposal must be approved by the Supervisory Committee.
4. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.
5. Admission to the course is achieved through approval of the Supervisory Committee and the New Media Department, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.
6. The student must register for the Undergraduate Thesis course by the last day for course Add/Drop for the given fall/spring semester or summer session.

d. Final Assessment

The final assessment for the undergraduate thesis is based on two criteria:

1. Studio and/or Written Component
- The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of artistic and/or academic ability on a matter approved by the Supervisory Committee prior to registration in the course.
- The thesis should be of high quality and made publicly available by the New Media Department.
2. Oral Component
- The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the thesis, unless so specified by the New Media Department.

- e. Eligibility for 'Honours Thesis' Designation
- Students are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment only if they achieve a minimum grade of 'B+' (3.30 or higher) for the Undergraduate Thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B', inclusive, and/or do not complete the oral component will retain credit

for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation.

Inquiries about the 'Honours Thesis' option should be directed to the New Media Department. Please refer to **Part 4 - Academic Regulations, Section 2.f. (p. 71)** for more information on the 'Honours Thesis' designation.

f. **B.Mus.**

The Department of Music offers courses within four basic subject areas: History and Literature, Theory and Composition, Applied Music Studies (Studio courses, Ensemble Activity courses, Conducting), and Digital Audio Arts. All Music courses are available to any student provided that he/she can comply with the prerequisites listed in **Part 14 - Courses** of this Calendar. Entrance to the studio sequence is dependent upon the results of audition and is subject to the availability of instructors.

The B.Mus. with a major in Music is a 'general' Music degree that provides students with a balanced curriculum of scholarly, theoretical and applied performance studies. The B.Mus. with a major in Digital Audio Arts integrates technology courses with the core curriculum of the general Bachelor of Music degree, but students may also draw from curricula in other disciplines. Students in both majors are encouraged to pursue their individual interests through electives and the General Liberal Education Requirement of the program.

Students intending to pursue a B.Mus. should note that courses in the subject area of theory and studio are sequential in nature. Additionally, many theory and history courses core to the B.Mus. are currently offered only once per calendar year. Prospective B.Mus. candidates are advised to begin their theory studies (Music 2160 and Music 2161) in their first fall semester at the University in order to permit the completion of the degree within a four-year period. While all B.Mus. students with a major in Music should begin the studio sequence (Music 2148) in their first semester at the University, composition students must begin Studio I in the fall semester.

Students interested in pursuing a B.A. with a Music major should refer to the degree requirements listed under **Part 7 - Arts and Science, Section 15.w. (p. 128)**.

Sequencing Plan

See www.uleth.ca/ross/sequencing-plans/musi_bmus for a suggested sequencing plan for the Music major in the B.Mus. program.

See www.uleth.ca/ross/sequencing-plans/musi_bmus_daa for a suggested sequencing plan for the Digital Audio Arts major in the B.Mus. program.

2. Double Major in Digital Audio Arts and Music

Although the Faculty of Fine Arts does not recognize double majors as official student programs leading toward the B.Mus. degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for both the Digital Audio Arts and Music majors.

Completion of a double major in Digital Audio Arts and Music would require a minimum of 51 courses (153.0 credit hours). The Faculty cannot guarantee that course sequencing and timetables will accommodate the double major combination within a minimum number of regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Academic Advisors regarding the double major as early as possible in their academic programs.

3. Studio Audition Procedure

Studio Course instruction is available in piano, voice, strings, guitar, woodwinds, brass, percussion and composition.

Fall Semester: Instrumental and vocal auditions for the fall semester are held in March and May. Although a live audition is preferred, it is possible to send a videotape/DVD, which must be received by June 15.

Spring (January) Semester: Instrumental and vocal auditions are on the last day of classes in December. Although a live audition is preferred, it is possible to send a videotape/DVD, which must be received by November 15.

Note: *Some Entrance Scholarships are available based on live auditions and completing the appropriate scholarship application form by the deadline (Early entrance - March 1; Others - June 1).*

Audition dates and more audition information: www.uleth.ca/finearts/departments/music/studio-audition-information

Audition application: www.uleth.ca/finearts/departments/music/application-studio-course-audition

Instrumental and vocal auditions must be accompanied unless the piece is written as an unaccompanied solo. Applicants are encouraged to supply the accompanist. If that is not possible, please call 403-329-2495 at least two weeks prior to the scheduled audition.

Students who wish an emphasis in composition must:

- successfully complete an instrumental or vocal audition at the entry level for Music 2148 - Studio I - (Instrument), and
- successfully complete a composition audition.

Requests for a specific studio instructor should be made at the time of the audition. Every effort will be made to accommodate the request, but final assignment of instructors rests with the Department of Music.

Late auditions will be granted under extenuating circumstances, but admission to Studio classes is not guaranteed after the audition deadline.

Once enrolled in studio, students must achieve a minimum grade of 'C' in order to be eligible for the subsequent course in their studio sequence (Studio II-VIII). Should a grade below 'C' be earned, advancement to the next studio will be based upon the results of a mandatory audition.

Studio courses may not be repeated for the purposes of grade replacement except in the case where a student has previously earned an 'F' (an audition for re-entry to the studio sequence is required).

Students who withdraw from a Studio course are required to audition for re-entry to the studio sequence. Students absent from Studio courses for two or more consecutive semesters and who wish to resume Studio courses, are required to audition for re-entry to the studio sequence.

Practice facilities are available to Studio course registrants. Detailed information concerning audition requirements and Studio course procedures may be obtained from the Department of Music.

9. ART GALLERY

The University of Lethbridge Art Gallery maintains the Art Collection; organizes on-campus and touring exhibitions for the entire campus and the general public; and provides research access to the collection to the Faculty of Fine Arts. The Collection is one of the most significant in Canada with over 13,000 objects including work from Canada, America, and Europe as well as media ranging from drawing, printmaking, and painting to photography, sculpture, and installation. The majority of works span the 19th and 20th centuries, but we have earlier periods and continue to grow with 21st-century additions.

The Gallery programs are an integral part of the teaching program in the Department of Art. The collection was founded with the goal of providing students with an experience of original works of art on their own terms. Students have incomparable opportunities for research access to works in the collection and to information associated with these works. Students and faculty are able to view individual works on request.

10. UNIVERSITY THEATRES

The Faculty of Fine Arts has four performance spaces in the Centre for the Arts; the University Theatre, Recital Hall/Film Theatre, the David Spinks Theatre and the Drama Studio. The **University Theatre** is a 450 seat fully-equipped proscenium theatre, while the **Recital Hall/Film Theatre** is a smaller venue ideally suited for music concerts, lectures and films. The **David Spinks Theatre** is a completely equipped black box theatre with flexible seating for approximately 220 and the **Drama Studio** is a smaller version of the Spinks Theatre.

1. GENERAL PHILOSOPHY

- a. The Faculty of Health Sciences bases its statement of philosophy upon that of the University. In so doing, it:
 1. Accepts the need for, and promotes a liberal education.
 2. Seeks to achieve openness, flexibility and innovation in its programs and in its relationship with various communities.
 3. Promotes the development of life-long learning while fostering a spirit of inquiry and the critical interpretation of ideas.
 4. Encourages students to participate in all phases of university life and encourages the highest degree of interaction between student and faculty.
 5. Encourages close relationships with the local community as well as the wider provincial, national and international communities.
 6. Protects the right, for students and faculty, of free expression and communication of ideas, and expects that they will assume responsibility for such action.

2. ADVICE AND INFORMATION

a. General

The Faculty welcomes both part-time and full-time students, however, it recommends, and sometimes requires, attending as a full-time student for at least a portion of the program. It is recognized that many students are working on a full- or part-time basis and

students are encouraged to consider very carefully their paid workload as they plan their program of study. The Faculty will not modify its course requirements in consideration of the work status of its students.

Attendance at the program-specific orientation sessions is mandatory. These sessions cover topics important to all students and afford students an opportunity to raise questions, seek information and meet other students and faculty.

b. Academic Advising

New and returning students should obtain advice and information from an Academic Advisor as early as possible. Academic advice may be obtained at any time during the year, but it is recommended that new students consult an Academic Advisor during the weeks prior to registration. This advice may include information about:

1. All aspects of program planning.
2. Applications for Incomplete and Withdrawals with Cause.
3. Academic regulations and degree requirements.
4. Readmission.

Students **must** obtain the approval of an Academic Advisor in the Faculty of Health Sciences for:

1. Authorized study at other universities or colleges.
2. Authorization for an Independent and/or Applied Study.

Students who have an approved degree from a recognized university may choose to complete either the Bachelor of Nursing After Degree program, (see, a. below) or the 40-course Bachelor of Nursing program (see, b. below).

- a. Bachelor of Nursing After Degree program
This is a 24-month continuous program starting in September of each year (see **Section 3.b., p. 193**).
- b. 40-course Bachelor of Nursing program
Students who have an earned degree from a recognized university and who wish to enter the Bachelor of Nursing program may have their course load reduced to the extent that the first degree includes courses that are required in the nursing program. It is important to note that such course reduction may not reduce the length of the program because of the sequencing of nursing courses.

2. Bachelor of Health Sciences

The Faculty of Health Sciences offers no formal Bachelor of Health Sciences second degree program due to the high number of unique courses which are required in each major in the B.H.Sc. program. Degree holders will have all the privileges of transfer students with respect to courses transferred in to meet requirements. Students should consult with an Academic Advisor in Health Sciences prior to their first semester to develop an individualized course sequencing plan.

At the time of admission, the record of the applicant's previous degree is examined and a specific program for the student is planned and approved by an Academic Advisor in the Faculty of Health Sciences.

f. Bachelor of Health Sciences/Bachelor of Management

See **Part 13 - Combined Degrees, Section 13 (p. 289)**.

g. Spoken English Language Proficiency Requirement (SELP)

In addition to the English Language Proficiency requirement for regular University of Lethbridge undergraduate admission (see **Section 6.a in Part 1 - Admission, p. 42**), applicants to the Faculty of Health Sciences must also meet a Spoken English Language Proficiency requirement. This additional SELP requirement is essential because students must be able to communicate clearly and effectively with colleagues, instructors, professionals and the public in a variety of settings. Evidence of SELP must be presented prior to admission and may be shown in one of the following ways:

1. At least six consecutive years of full-time study in a country where the primary language is English from a recognized institution where the language of instruction is English. These studies must include satisfactory completion of English Language Arts 30-1 or its equivalent, or satisfactory completion of a university-level course in English (minimum 3.0 credit hours).
2. A score of at least 50 on the TSE (Test of Spoken English).
3. A score of at least 26 on the IBT TOEFL Speaking section.
4. A score of at least 7.5 on the IELTS band for Speaking.
5. A score of at least 70 on the CAEL sub-test for Speaking.
6. A score of at least 3 on the MELAB Speaking section.

Note: Admission may not be granted or may be revoked if contradictory evidence exists (e.g., low TOEFL scores, low grades on an English course, or significant communication difficulties).

h. Transfer Credit

1. Bachelor of Nursing

A student may transfer up to 20 semester course equivalents (60.0 credit hours).

Students may receive transfer credit for both Nursing and non-Nursing courses. Nursing courses must have been completed at an accredited post-secondary institution not more than seven years prior to the expected date of completion of the baccalaureate program. Non-Nursing courses are subject to the time limits of the relevant Faculty (see **Part 4 - Academic Regulations, Section 10.a., p. 83**). Courses for which transfer credit is being sought must be discussed at the time of acceptance into the Faculty of Health Sciences at the University of Lethbridge.

Note: Effective Fall 2016, the time limit for retention of individual course credit applies to Nursing, Human Anatomy/Physiology, and Microbiology courses (see **p. 83**).

2. Bachelor of Nursing After Degree

A student completing the Bachelor of Nursing After Degree Program may not receive transfer credit.

3. Bachelor of Health Sciences

Students in the B.H.Sc. program will be allowed to transfer a maximum of 20 semester course equivalents (60.0 credit hours). For details please consult an Academic Advisor. Courses for which transfer credit is being sought must be discussed at the time of acceptance into the program.

Students with transfer credit for five or more courses (15.0 credit hours) should consult with an advisor prior to the first semester to develop an individual course sequencing plan. This may allow the student to reduce the number of semesters required to complete the program.

4. Post-Diploma Bachelor of Health Sciences

A student completing the Addictions Counselling major in the Post-Diploma Bachelor of Health Sciences program may not receive transfer credit.

4. B.H.Sc. AFTER TRANSFER TO A PROFESSIONAL FACULTY

Students who initially complete an approved 90.0 credit hour program in the Faculty of Health Sciences may attain the University of Lethbridge degree B.H.Sc. after completing degree requirements in Social Work in a professional Faculty elsewhere.

Students intending to complete the B.H.Sc. requirements in the above manner must have their programs approved by the Dean of Health Sciences by the time they have completed 15 courses. Please consult an Academic Advisor in the Faculty of Health Sciences for more information.

5. CO-OPERATIVE EDUCATION STUDIES

Co-operative Education is a program that integrates academic studies with relevant, full-time work experience. During work terms that are typically four months long, students gain practical experience in not-for-profit organizations, private industry, or government agencies. Students may complete up to six work terms. Further information may be obtained from the Arts and Science Office of Co-operative Education (AH154; 403-382-7154).

a. Work Terms

To receive the Co-op designation, students must complete all regular degree requirements and a minimum of three work terms:

Health Sciences 3331 - Co-op Work Placement I
Health Sciences 3332 - Co-op Work Placement II
Health Sciences 3333 - Co-op Work Placement III

Students may also choose to take up to three additional work terms:

Health Sciences 3334 - Co-op Work Placement IV
Health Sciences 3335 - Co-op Work Placement V
Health Sciences 3336 - Co-op Work Placement VI

Students must be registered through the program for the full period of the work term in which they applied, and once registered are not permitted to withdraw without failure. A grade of 'F' (fail) will be awarded for the term(s) unless extenuating circumstances warrant granting of Withdrawal with Cause (WC), in accordance with University of Lethbridge policy (see **Part 4, Section 3, p. 68**). Students should contact the Coordinator of Co-operative Education for assistance with the procedure.

b. Transfer of Co-op Work Terms

A maximum of one co-op work term from another institution with formal co-operative education programs shall be eligible for recognition towards the requirement. To be eligible for recognition, the co-op shall be subject to special assessment by the Co-operative Education Office. An approved co-op must be registered as a non-academic course on the student's transcript from the sending institution and must have received a passing grade.

6. INDEPENDENT STUDY

Credit for Independent Study is at the discretion of the Faculty of Health Sciences upon recommendation of the supervising faculty member. Independent Study registration occurs after approval by the supervising faculty member, the Academic Advisor, and the Dean.

Since the purpose of Independent Study is to expand the student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings and should be undertaken only in areas not covered by courses in the curricula.

7. POLICIES AND REGULATIONS

a. Standards of Professional Conduct

The Faculty of Health Sciences at the University of Lethbridge, along with our collaborative partners at Lethbridge College, is committed to maintaining freedoms of thought, belief, opinion and expression for students. The programs also have an obligation to foster academic freedom within the context of relevant professional standards of conduct and with the goal of assisting students to becoming practicing health professionals. The standards outlined below give direction to behaviours which must be visible to all instructors within the program and related courses. These standards are in addition to the standards of Academic and Non-Academic Conduct for the University of Lethbridge outlined in **Part 4 - Academic Regulations** of this Calendar. **Serious violations of the standards of professional conduct may result in a student being disciplined, including being suspended or expelled from the program. A student disciplined in this way may appeal under Part 4 - Academic Regulations, Section 8. (p. 78) of this Calendar.**

2. Faculty members who are supervising practice experiences may require a student to leave a practice setting at any time if, in the opinion of the faculty member, the student's practice threatens patient/client safety or is disruptive to patient/client care. The Dean will review the case in a timely fashion to determine whether, and under what conditions, the student may return to the practice setting.
3. *Tabula Rasa* will be granted to all first-degree University of Lethbridge students registered in programs offered by the Faculty of Health Sciences upon readmission after required withdrawal for unsatisfactory academic performance. *Tabula Rasa* will be granted only once, after the first required withdrawal. Credit is retained for all previous courses completed with a grade of 'C-' or above, or 'P', up to a limit of 20 courses, although the grades for these courses are not calculated in the GPA. Students readmitted after required withdrawal are readmitted on probation.

e. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the fall and spring semesters. There are two ways to qualify for the Dean's Honour List:

1. Students completing four or more graded courses in one semester must achieve a grade point average of 3.75 or higher on these courses; or,
2. Students completing three or fewer courses in one semester must achieve a grade point average of 3.75 or higher on these courses AND must have a cumulative University of Lethbridge GPA of 3.75 or higher AND must have completed a minimum of four graded courses at the University, including the current semester.

f. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees 'With Distinction' or 'With Great Distinction.'

Students with a graduation GPA of 3.50 to 3.74 are awarded their degree 'With Distinction.' Students with a graduation GPA of 3.75 or higher are awarded their degree 'With Great Distinction.'

For purposes of awarding degrees 'With Distinction' or 'With Great Distinction,' the Faculty of Health Sciences determines a graduation GPA by factoring actual grades on transfer courses into the University of Lethbridge cumulative GPA.

g. Internship and Practicum Placements

Practicum and internship placements provide a critical learning experience that is essential to the completion of the student's academic program in the Faculty of Health Sciences. Students engaged in these experiences should be aware that they are not only subject to University policies and procedures but also that of the agency/health facility in which they are placed. The policies of some external sites may include drug and alcohol testing. If a student is refused or released from an internship or practicum placement because they have tested positive,

the Faculty of Health Sciences will undertake its best efforts to accommodate the student. The Faculty cannot, however, guarantee a subsequent placement.

Individuals with a history of addiction or dependency should note that placement agencies may require students to have a minimum two-year alcohol and other drug-free lifestyle prior to their acceptance in an internship or practicum placement.

While not an admission requirement for programs in the Faculty of Health Sciences, many agencies and organizations providing internship/practicum placements require criminal record checks (or equivalent) of students. Consequently, all students accepting an admission offer from the Faculty of Health Sciences must immediately make application for a criminal record check and provide the completed criminal record check by the dates specified above in Section 4. Admission.

Criminal record checks are not kept on file by the Faculty of Health Sciences, but must be in the student's possession and available to present to agencies and organizations providing internship/practicum placements. The consequences of a prior criminal conviction on a student's status in the program will be examined and discussed on an individual basis. Please note that students with certain criminal convictions may be refused by agencies and organizations providing internship/practicum placements. Should an internship/practicum placement be refused for any reason by an agency or organization, the Faculty of Health Sciences does not guarantee an alternate placement and the student may be required to withdraw from the program.

Students are required to inform the Faculty of Health Sciences if a change in their criminal record status has occurred while they are in the program and submit a new copy of their criminal record check.

h. Nursing Regulations and Information

1. Nursing course sequence requirements

Due to the structured nature of the Bachelor of Nursing and Bachelor of Nursing After Degree programs, students are required to complete nursing courses during the semesters in which they are assigned. Students who do not follow the sequence plan each semester are at risk of not being able to complete the program. Contact an Academic Advisor in the Faculty of Health Sciences.

2. Out-of-region practice course placement guidelines

Students who have clearly identified specific clinical learning goals that require practice placements outside the southwestern part of Alberta Health Services South Zone may apply for an out-of-region placement for Nursing 4750. Out-of-region placements are located beyond this geographic region and may include provincial, national, or international placements. Students intending to seek an out-of-region placement must have a cumulative GPA of at least 3.00 on all courses counted towards program requirements (including courses taken at the University of Lethbridge and courses transferred from Lethbridge College or other institutions that are used to meet program requirements) completed by the end of the first semester of the third year for B.N. students or by the end of Summer Session III of the first year for B.N. After Degree students.

3. Travel requirements

The richness of the BN program is built upon our close connection with rural communities. As a result, travel outside Lethbridge will be expected for clinical practice, and students will incur costs related to this travel.

b. Suggested Sequencing Plan

See www.uleth.ca/ross/sequencing-plans/pubh_bhsc for a suggested sequencing plan for the Public Health major in the B.H.Sc. program.

c. 'Honours Thesis' Designation

Students pursuing a Public Health major in the B.H.Sc. degree program may choose to complete an undergraduate thesis course (6.0 credit hours), subject to meeting course prerequisites (see **Public Health 4995 - Undergraduate Thesis on p. 443**). Students who complete all requirements and satisfy the academic standards required for the undergraduate thesis course are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment.

1. Prerequisites

Prospective 'Honours Thesis' candidates must meet the following prerequisites:

- a. Fourth-year standing (a minimum of 90.0 credit hours completed prior to the start of the applicable fall term).
- b. A cumulative minimum GPA of 3.50.

2. Supervisory Committee

For each prospective 'Honours Thesis' candidate, a Supervisory Committee will be established. The Supervisory Committee will be approved by the Faculty of Health Sciences and the Coordinators for Public Health in the Faculty of Health Sciences and the Faculty of Arts and Science. The Supervisory Committee will be made up of a Thesis Supervisor (preferably a faculty member from Public Health), and one other reader, who may be from outside the program. The Supervisory Committee approves the topic matter of the proposed thesis at the time of application.

3. Initial Approval

- a. The prospective student must present the *Standardized Thesis Proposal Template* to be approved by the Supervisory Committee by April 15th to begin the thesis in September of the same year.
- b. Subsequent changes to the Thesis Proposal must be approved by the Supervisory Committee.

- d. Registration in the course is achieved through approval of the Supervisory Committee and Dean.
- e. The student must register for the undergraduate thesis course by the last day for course Add/Drop for the given fall semester.

4. Final Assessment

The final assessment for the undergraduate thesis is based on two criteria:

- a. Written Component (80%)
 1. The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a public health matter, as approved by the Supervisory Committee at the time of initial approval.
 2. The thesis should be of high quality and will be made publicly available by the Public Health program.
 - b. Oral Component (20%)
The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the thesis.
5. Eligibility for 'Honours Thesis' Designation
Students are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment only if they achieve a minimum grade of 'B+' (3.30 or higher) for the undergraduate thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B', inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation.

Inquiries about the availability of the 'Honours Thesis' option should be directed to the Faculty of Health Sciences Coordinator for Public Health or Academic Advisor. Please refer to **Part 4 - Academic Regulations, Section 2.f. (p. 71)** for more information on the 'Honours Thesis' designation.
3. Completion of two courses from each of Lists I, II, and III for the General Liberal Education Requirement (see **Part 4 - Academic Regulations, Section 10, p. 83**).

1. PHILOSOPHY AND PROGRAMS

The Faculty of Management incorporates in its program the University of Lethbridge philosophy of providing a liberal education. The program encourages personal growth through the enhancement of knowledge about the individual and society and our political and economic environments and through development of interpersonal abilities, habits of precise reasoning and confidence in professional skills.

The Faculty offers a four-year, 40-course program leading to the Bachelor of Management degree (B.Mgt.).

Within the B.Mgt. program, students may choose one of the following majors: Accounting; Computer Science; Economics; First Nations' Governance; Finance; General Management; Human Resource Management and Labour Relations; Information Systems*; International Management; Marketing; and Political Science.

*Major in Information Systems has been suspended (see p. 216)

The Faculty offers a two-year, 20-course Post-Diploma program leading to the Bachelor of Management degree. The Post-Diploma program is open to students holding an

approved college diploma in business administration, management or a related discipline (see **Part 20 - Collaborating and Partnering Institutions** for a list of colleges with approved diplomas). Majors available are Accounting; Finance; First Nations' Governance; General Management; Human Resource Management and Labour Relations; Information Systems*; International Management; and Marketing.

*Major in Information Systems for the Post-Diploma B.Mgt. has been suspended (see p. 220)

The Faculty offers a 25-course Post-Diploma program with a General Management major leading to the Bachelor of Management degree. This program is available to graduates of approved diploma programs.

Management Certificate programs for both degree-holding and non-degree students are also offered in the fields of Finance; First Nations' Governance; General Management; Human Resource Management and Labour Relations; Information Systems*; International Management; and Marketing.

*Information Systems Certificate has been suspended (see p. 225)

The Faculty of Management offers a Professional Diploma in Accounting (PDA) for students with an undergraduate degree seeking a Chartered Professional Accountant (CPA) designation, or diploma in accounting (see **Section 18, p. 226**).

The Faculty of Management also offers a Bachelor of Management (B.Mgt.) as a second degree program (see **Section 14, p. 223**).

The Faculty of Management offers minors in First Nations' Governance, Information Systems*, International Management, New Media, Population Health, Social Responsibility, and Supply Chain Management (see **Section 13. Minors, p. 222**).

*Minor in Information Systems has been suspended (see p. 222)

2. FACULTY OF MANAGEMENT CAMPUSES

The Faculty of Management offers programs on three campuses: Calgary, Edmonton, and Lethbridge. On the Lethbridge campus, students can pursue all programs and majors offered by the Faculty of Management.

The Calgary and Edmonton campuses serve adult learners who may be in the work force wanting to further their education. These campuses offer the B.Mgt., Post-Diploma B.Mgt., second degree in Management, the Professional Diploma in Accounting, and other Management Certificates. The following majors are offered on the Calgary Campus: Accounting, Finance, General Management, Human Resource Management and Labour Relations, and Marketing. Students who wish to complete International Management on the Calgary Campus may require alternate arrangements to complete the requirements for this major. The Edmonton Campus offers the General Management major and the Professional Diploma in Accounting program.

Combined Degrees programs (B.A./B.Mgt., B.Sc./B.Mgt., B.F.A. - New Media/B.Mgt., B.H.Sc./B.Mgt., B.Mgt./B.Ed., and Post-Diploma B.Mgt./B.Ed.) cannot be completed in their entirety on the Calgary or Edmonton campuses, and all Combined Degrees applicants will be assigned to the Lethbridge campus (see **Section 4., p. 206**).

e. Bachelor of Management as a Second Degree (B.Mgt.)

Admission to the Bachelor of Management Second Degree program in the Faculty of Management occurs following completion of an approved degree, other than the degree B.Comm. or its equivalent, and a minimum grade point average of 2.00 (based on a 4.00 scale) on the last 20 graded university-level semester courses is required. An approved degree is a baccalaureate degree (with 30 courses or more), or its academic equivalent, from a recognized degree-granting institution. Other three-year International baccalaureate degrees or Applied Degrees may be considered a basis for admission to second degree programs with the prior approval of the Dean of the Faculty of Management.

International applicants presenting approved degrees and seeking admission to similar degree programs offered by the Faculty of Management will be considered with the prior approval of the Dean. The decision of the Faculty will be final in these matters.

f. Certificate Program in Management

Admission to this program is possible through four admission routes (see **Part 1 - Admission**):

- Eight or more transfer courses
- A college diploma
- A previous undergraduate degree
- Adult applicants who are 21 years of age or older. Please refer to **Section 3.c. Adult Student (Mature) Admission Route (p. 36)**. Note that, in most cases, English Language Arts 30-1 and Pure Mathematics 30 or Mathematics 30 are required.

Courses for the Certificate program in Management are listed in **Section 17 (p. 224)**.

g. Professional Diploma in Accounting

Admission requirements to the Professional Diploma in Accounting (PDA) consist of an undergraduate university degree and a minimum grade point average of 2.00 (based on a 4.00 scale) on the last 20 graded university-level semester courses. Courses for the Professional Diploma in Accounting program in Management are listed in **Section 18 (p. 226)**.

Note: *The Professional Diploma in Accounting replaces the Post-Baccalaureate Certificate in Accounting.*

h. Limitation on Enrolment: Programs and Quotas

Students should note that satisfactory completion of the admission requirements does not guarantee admission to Management programs. Enrolment limits may be placed on the number of students admitted to programs and/or majors in the Faculty of Management. Enrolment limits may also be placed on the number of students admitted to a campus (i.e., Calgary, Edmonton or Lethbridge). If enrolment limits are invoked, admission to the program is competitive and is based upon academic achievement prior to admission as assessed by the Faculty of Management, whose decision shall be final.

i. Time Limit for Retention of Course Credit

Students may receive credit for both Management and non-Management courses. Management courses must have been completed at an accredited post-secondary institution not more than eight years prior to admission to the Faculty of Management.

Eligible diplomas for the Post-Diploma Bachelor of Management Degree program can be no more than eight years old.

j. Conditional Admission

Conditional admission to the Faculty of Management may be offered to applicants in the following situations:

1. Four-year Bachelor of Management

a. High School

Applicants who are currently completing courses at a high school, are presenting the subjects required for admission to the program and major, and have a projected high school average at the date of application which meets the general admission requirements (see Section h. above). Admission will be rescinded if an applicant does not present a minimum final high school average of 65% or higher. Admission to a specific major is not guaranteed.

b. Transfer

Applicants who are currently completing courses at another college or university and have a cumulative grade point average at the date of application which is at or above the Faculty's admission cut-off and not less than 2.00. Admission may be rescinded if an applicant does not present a final GPA at or above the Faculty's final admission cut-off. Admission to a specific major is not guaranteed.

2. Post-Diploma

Applicants in possession of an approved college diploma or in the final year of an approved college diploma program and have a cumulative GPA at the date of application which is at or above the Faculty's admission cut-off and not less than 2.00. Admission to a specific major is not guaranteed.

3. Second Degree

Applicants who have applied for admission to the second degree program and are in the final semester of their first degree. The offer of admission will be rescinded if the applicant does not successfully complete the first degree. Admission to a specific major is not guaranteed.

Applicants who are offered conditional admission must meet the conditions specified in their Letter of Offer. Admission will be rescinded if applicants fail to meet these conditions.

Note: *Students who plan to pursue one major and subsequently change to another major will be required to complete all compulsory courses for the new major.*

k. Returning After an Absence from the Faculty of Management

Students returning after no more than a two-year absence may be readmitted to their program of studies in the Faculty of Management upon application to the University and the Faculty.

1. Management students in good standing who are returning after an absence of up to two years are eligible to return to their previous program of studies regardless of the current admission GPA.
2. Any student who takes transferable post-secondary courses during an absence must meet the current admission GPA requirement, grades on transferable courses included.

Applicants who possess the degree B.Comm. or its equivalent from a recognized institution are not admissible to the B.Mgt. program.

5. UNDERGRADUATE THESIS COURSE (HONOURS THESIS DESIGNATION)

Qualified students in the Bachelor of Management degree, second degree in Management, and Post-Diploma Bachelor of Management programs may elect to complete an Undergraduate Thesis course (6.0 credit hours) linked to their declared major. Students who complete all requirements and satisfy the academic standards required for the undergraduate thesis course for their declared major are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment. The Undergraduate Thesis course is Management 4995. Please note that not all eligible candidates will be selected. Approval will also be subject to the availability of appropriate supervision.

a. Application

Students are strongly recommended to apply to the Undergraduate Thesis course after completion of 10 U of L courses (30.0 credit hours) with a GPA of 3.30 or higher.

Applications to the Faculty of Management Undergraduate Thesis course must include academic transcripts, a resume, a letter of intent and written consent from supervisors of each of the program requirements. The application is available from the Faculty of Management Undergraduate Programs Office or online at www.uleth.ca/management/programs-degrees/honours. Please see an Academic Advisor for more information.

b. Prerequisites

Prospective 'Honours Thesis' candidates must meet the following requirements:

1. A GPA of 3.30 or higher on the last 10 U of L courses (30.0 credit hours) completed.
2. Two honours-approved Management courses at the 3000/4000 level, one of which must be within the student's major.
3. Management 4895 - Honours Component I
4. Management 4896 - Honours Component II
5. One of the following enrichment experiences:
 - a. Management 3002 - Work Experience I
 - b. Management 3091/3092 - Integrated Management Experience

- c. Full-semester international exchange
- d. Management 3990 - Independent Study and Management 4990 - Independent Study
- e. Management 3980 - Applied Studies and Management 4980 - Applied Studies
- f. Management 3980 - Applied Studies and Management 4640 - Cross-Cultural Work Study

Note: For information on international exchanges, see the International Programs website: www.uleth.ca/management/man-int.

c. Supervision

Each prospective candidate for the Undergraduate Thesis course is responsible for obtaining support from a faculty supervisor for the Undergraduate Thesis.

d. Initial Approval

1. The prospective student must present a *Thesis Proposal* to be approved by the supervisor and the Faculty of Management Honours Committee prior to registration for the course.
2. The supervisor will establish at the outset the weighting of the written and oral components of the thesis, as well as the procedure for determining the final grade.
3. Subsequent changes to the approved Thesis Proposal must be approved by the supervisor.
4. Admission to the course is achieved through approval of the supervisor and the Faculty of Management Honours Committee.
5. The student must register for the Undergraduate Thesis course by the last day for course Add/Drop for the given fall/spring semester or summer session.

e. Final Assessment

The final assessment for the undergraduate thesis is based on two criteria:

1. **Written Component**
 - a. The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a matter approved by the supervisor prior to registration in the course.
 - b. The thesis should be of high quality and made publicly available by the Faculty of Management.
2. **Oral Component**

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the thesis undertaken, the research methodology and the results of the thesis. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the thesis, unless so designated by the Faculty.

f. Eligibility for 'Honours Thesis' Designation

Students are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment only if they achieve a minimum grade of 'B' (3.00 or higher) for the Undergraduate Thesis course,

and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B-', inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation. Please refer to **Part 4 - Academic Regulations, Section 2.f. (p. 71)** for more information on the 'Honours Thesis' designation.

g. Standards for Continuance

In order to receive the 'Honours Thesis' designation on their official transcript and degree parchment, students must maintain a term GPA of at least 3.30 at the University of Lethbridge. Students will be given one semester "grace" if the term GPA falls below 3.30, to accommodate life circumstances.

Inquiries about the Undergraduate Thesis should be directed to the Faculty of Management Undergraduate Programs Office (M2060; tel. 403-329-2153; email: undergrad.management@uleth.ca; website: www.uleth.ca/management/programs-degrees/honours).

Note: *The Management Undergraduate Thesis is not available for Combined Degrees programs.*

6. CO-OPERATIVE EDUCATION STUDIES

Co-operative Education is a program that integrates students' academic studies with full-time remunerated work experience directly related to their major area of study. Co-operative Education provides a well-rounded education and enriches academic knowledge with practical experience.

The Faculty of Management and those in the Co-op office who provide professional guidance; employment mentors and supervisors; and the Co-op student all share in the intellectual growth and the professional and personal development of the Co-op student.

Co-operative Education is available in all undergraduate Management programs. We encourage students to apply for placements at the end of the first year provided they meet the criteria specified above. Students are therefore encouraged to contact the Faculty of Management Co-operative Education Office as soon as possible in their programs.

Students who successfully complete the minimum required work terms and all requirements in their undergraduate management program will have the Co-op designation acknowledged on the official transcript and degree parchment. While participating in a Co-op work term, students will be enrolled in one of the following courses that signify participation and contain the deliverables required to complete the work term successfully:

a. Work Term Requirements

- Management 3002 - Work Experience I
- Management 3003 - Work Experience II
- Management 3004 - Work Experience III

Three optional four-month Co-op work terms may be served extra to degree prior to the conferral of the B.Mgt. degree:

- Management 3005 - Work Experience IV
- Management 3008 - Work Experience V
- Management 3009 - Work Experience VI

Students must be registered for the entire duration of the work term(s) applied for and, once registered, are not permitted to withdraw from the work placement without penalty of failure. A grade of 'F' (fail) will be entered on the transcript for the whole term(s) unless extenuating circumstances warrant granting of a Withdrawal with

Cause ('WC'), in accordance with University of Lethbridge policy (see **Part 4, Section 2, p. 68**). Where approval is granted by the Coordinator of Co-operative Education and the Director of Student Program Services, a 'WC' will be entered on the transcript. Tuition fees will be assessed as per the University's Withdrawal with Cause policy. Students may consult the Co-op student handbook for further information/regulations and should contact the Coordinator of Co-operative Education for assistance with the procedure.

Further information and details concerning admission and requirements may be obtained from the Office of Co-operative Education Programs (AH154; tel. 403-380-1810).

b. Transfer of Co-op Work Terms

For the purpose of fulfilling the Management Co-operative Education requirement of three work term courses to earn the Co-op designation, a maximum of one Co-op work term from another institution with formal Co-operative education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the Co-op work term shall be subject to special assessment by the Management Co-op office. An approved Co-op work term must be registered as a non-academic course on the student's transcript from the sending institution, and must have received a passing grade (either a letter grade or 'Pass').

A student who has taken fewer than six courses at the University of Lethbridge will not be required to withdraw. A student who completes courses in any School, Faculty or institution during the period of required withdrawal from the Faculty of Management is not permitted to count such courses for credit toward the B.Mgt. degree.

Should a student take a course or courses which are required for fulfillment of his/her degree, additional courses will be assigned to meet that requirement. A student may repeat courses to raise his/her GPA.

A student required to withdraw for academic reasons must wait a minimum of 12 months from the date of the required withdrawal to reapply. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and remedied. The Faculty of Management does not guarantee that students who have been Required to Withdraw will be permitted to return to their previous program of studies. A student who is readmitted after a required withdrawal is placed on academic probation for the next semester in which he/she registers.

7. ACADEMIC STANDARDS

To retain satisfactory academic standing students must maintain a cumulative grade point average of 2.00 or above at all stages in their progress toward a degree or certificate.

a. In Good Standing

To be in good standing, a student must maintain the following minimum cumulative GPA:

Number of Completed Courses (includes transfer courses)	GPA (U of L)
1-10	1.70
11-20	1.85
21 or more	2.00

b. Academic Probation

Students whose cumulative GPA falls below the levels identified above are considered to be on academic probation. A student on academic probation may not register in more than four courses in a semester.

c. Required Withdrawal for One Full Year

Students will be required to withdraw only following the spring semester. Students whose cumulative GPA, at the end of the spring semester, falls below the following for two consecutive semesters are required to withdraw for one full year from the Faculty of Management:

Number of Completed Courses (includes transfer courses)	GPA (U of L)
6-10	1.50
11-20	1.70
21 or more	2.00

8. REGULATIONS THAT APPLY TO COURSES TAKEN IN MANAGEMENT

a. Course Load

The usual course load for a full-time student is five courses (15.0 credit hours) per semester. Students in good standing may take up to six courses (18.0 credit hours) in the fall and spring semesters (see **Part 2 - Registration, Section 6.b. Maximum Credit Hours, p. 54**). Students may accelerate their programs by carrying heavier study loads or by attending summer sessions (see **Summer Session chart, p. 54**). Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

b. Course Enrolment Limits

Enrolment limits are placed on Management courses to maintain the quality of instruction.

c. Prerequisite(s), Corequisite(s), and Recommended Background

Course prerequisites and corequisites must be met. Only students with the appropriate prerequisite(s) and/or corequisite(s) are considered for enrolment. For some courses, a recommended background is listed instead of, or in addition to, the prerequisite(s) and/or corequisites(s) so that the student may judge his or her own academic preparation (see **Part 14 - Courses, Section 4.d.5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions, p. 296** and **Part 4 - Academic Regulations, Policies and Program Requirements, Section 2.d. Waiver of Prerequisite/Corequisite, p. 71**).

d. Applied Studies

Applied studies provide an opportunity to earn credit for an employment or volunteer experience with a significant learning component. Completion of a written report is required, which includes consultation of relevant literature and relation of theoretical precepts to practical experience.

Management students may earn a maximum of 18.0 credit hours in applied studies (see **Part 4, Section 2.c, Exceeding Course Limits, p. 70**), broken down as follows:

- a maximum of 6.0 credit hours in Management 3980-3981,
- a maximum of 6.0 credit hours in Management 4980-4981, and
- a maximum of 6.0 credit hours in Applied Studies 2000-2001 and Applied Studies 2010-2011.

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the deadline published in the Timetable. Application packages may be obtained from the Office of Applied Studies (AH154; tel. 403-329-2000).

e. Independent Study

A student may be permitted to earn credit by Independent Study, designated by the numbers Management 3990 or Management 4990. An Independent Study may not be used to duplicate course offerings.

A proposal for study must be submitted to a faculty member who will supervise the proposed study. The student may proceed with a formal registration of the study when approval from the instructor and the Dean of the Faculty of Management has been obtained. It is advisable to register in the study in the semester in which the work is expected to be completed.

All applications for Independent Studies shall be reviewed by a committee of the Faculty of Management and no grade shall be registered until approved by the committee. Completion of a written research report is required; contact Student Program Services in the Faculty of Management for details.

The grading mode is standard.

The prerequisite for Management 3990 is third-year standing (a minimum of 60.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

The prerequisite for Management 4990 is fourth-year standing (a minimum of 90.0 credit hours), admission to the Faculty of Management, and successful application to a committee of the Faculty of Management.

No student shall receive credit for more than three such Independent Studies while registered in the Bachelor of Management or Post-Diploma Bachelor of Management programs (see **Part 4, Section 2.c, Exceeding Course Limits, p. 70**).

9. GRADUATION

a. Minimum Grade Requirement

Students must meet the minimum grade requirement specified for their program—see Bachelor of Management (**p. 212**), Post-Diploma Bachelor of Management (**p. 217**), Certificate Programs (**p. 224**), B.A./B.Mgt. or B.Sc./B.Mgt. (**p. 264**), B.Mgt./B.Ed. (**p. 262**), Post-Diploma B.Mgt./B.Ed. (**p. 284**), B.F.A. - New Media/B.Mgt. (**p. 287**), B.H.Sc./B.Mgt. (**p. 289**), and Professional Diploma in Accounting (**p. 226**).

b. Minimum Cumulative Grade Point Average

For graduation, a student must attain a minimum cumulative GPA of 2.00 in courses taken at the University of Lethbridge. Courses from another institution

accredited to a transfer student are not included in calculation of the cumulative GPA.

A student must also attain a minimum graduation GPA of 2.00 to graduate with a Bachelor of Management degree, a Management Certificate, or the Professional Diploma in Accounting.

c. How Graduation GPA is Calculated

The Faculty of Management calculates graduation GPA as follows:

Program	How GPA is Calculated
B.Mgt. (first degree)	GPA calculated on the last 20 courses ¹ taken at the U of L

Such waivers will be decided at the time of admission by the Undergraduate Programs Office in the Faculty of Management.

Because all possible combinations of single disciplinary majors are eligible for double major designation by a student, the Faculty cannot guarantee that course sequencing and timetables will accommodate all double major combinations within four consecutive regular semesters of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Management Academic Advisors.

Combined Degrees at the University of Lethbridge are generally 50 courses (five years) in length and provide students with the opportunity to meet the requirements for two degrees offered by two different Faculties. Note that some Combined Degrees programs require more than 50 courses. Students must be admitted to both Faculties responsible for a particular Combined Degrees program before they may be registered formally in the program. 2. ADVISING

Combined Degrees are made possible by the efforts and co-operation of two different Faculties. Students are urged to consult with Advisors from both Faculties throughout their program.

3. BACHELOR OF ARTS/BACHELOR OF EDUCATION BACHELOR OF SCIENCE/BACHELOR OF EDUCATION

a. Admission

Students begin this program in the Faculty of Arts and Science where they progress toward completion of Arts and Science degree requirements, and prepare to meet the admission requirements for the Faculty of Education. Students admitted to the Faculty of Arts and Science may declare their intention of completing the combined B.A./B.Ed. or B.Sc./B.Ed. degrees. Such students who have not yet been admitted to the Faculty of Education are designated pre-B.A./B.Ed. or pre-B.Sc./B.Ed. After completion of the minimum number of courses required to be eligible for admission to the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees program.

Students are not officially in the program until they have been admitted to BOTH the Faculty of Arts and Science (through admission to the University) and the Faculty of Education. If a student is admitted to the Combined Degrees program and subsequently chooses to withdraw from Education, the student must make formal application to the Faculty in which he or she intends to pursue a degree.

Note: *The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree: first degree students must be admitted to a Combined Degrees program in order to receive a B.Ed.*

While application for admission after 20 courses is the preferred academic plan, those students who have completed 30 or more courses may also apply for admission to this program.

1. Faculty of Education Admission Requirements for the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees Program

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the fall semester. For application and document deadlines, see **Part 1 - Admission, p. 27**.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants, admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all U of L and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently. All courses must be graded with the exception of Education 2500.

Students must meet the following minimum qualifications for admission to the Faculty of Education:

- a. Completion of a minimum of 19 Arts and Science courses.

Education courses (other than Education 2500) taken at the University of Lethbridge *before* the completion of Professional Semester I **do not** contribute to the fulfillment of B.Ed. program requirements. For students who withdraw or who are required to withdraw from the Faculty of Education, please refer to **Part 8 - Education, Section 6.b. Readmission After Withdrawal (p. 158)**.

Students who transfer from another institution with 20 courses will be considered for admission with a minimum of 15 Arts and Science courses and five appropriate Education courses.

Note: *Students who have not completed a major portion of the General Liberal Education Requirement prior to admission to the Combined Degrees program may not be able to complete degree requirements in 50 courses.*

- b. A minimum cumulative grade point average of 2.50 on all U of L and transferable courses taken within the semesters containing the last 20 courses (60.0 credit hours). All courses must be graded with the exception of Education 2500.
- c. A minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all transferable courses. Admission requirements for the major may be met in one of the following ways:
 1. Completion of at least eight semester courses in a single discipline major.
 2. Completion of at least 11 courses in the 16-course multidisciplinary major, including at least five courses in the main teaching subject area.
 3. Completion of at least 11 courses in the 16-course General Major, including at least five courses in the main teaching subject area.
- d. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Section 6.b.4. Education 2500 Prerequisite, p. 157**). Students who do not receive a favourable recommendation, or who have withdrawn, may be permitted to re-enrol in the course after one full year and with permission of the Assistant Dean, Student Program Services.
- e. Demonstrated proficiency in written and oral English by the June 1 document deadline. A student may meet the Writing Proficiency Requirement in any of the following ways:
 - obtaining a grade of 75 percent or higher on the English Language Arts 30-1 Alberta Diploma exam

- obtaining a final grade of 80 percent or higher in English Language Arts 30-1 or its equivalent from any province
- obtaining a grade of 'B' (3.00 on a 4.00 scale) or higher in Writing 1000
- obtaining a grade of 'B' (3.00 on a 4.00 scale) or higher in a university English course

See **Part 8 - Education, Section 4.b. Special Case Admission (p. 154)** for details.

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to the Faculty each June to begin their studies in the fall semester. For application and document deadlines, see Part 1 - Admission, p. 29.

Students should note that completion of pre-Education requirements does not guarantee admission to the program. For qualified applicants admission decisions are based primarily on evaluation of performance in Education 2500, a writing proficiency requirement, and grade point average calculated on all U of L and transferable courses taken within the semesters containing the last 20 university-level courses (60.0 credit hours), including courses in a previous degree and courses taken subsequently. All courses must be graded with the exception of Education 2500.

Note: *While application for admission after 20 courses is the preferred academic plan, those students who complete 30 or more courses may also apply for admission to this program.*

- a. Completion of a minimum of 20 courses which may include a maximum of 5 Education courses* (which must include Education 2500 or equivalent),

**Education courses (other than Education 2500) taken at the University of Lethbridge before the completion of Professional Semester I do not contribute to the fulfillment of B.Ed. program requirements. Students who transfer from another institution with 20 courses will be considered for admission with 5 appropriate Education courses. For students who withdraw or who are required to withdraw from the Faculty of Education, please refer to Part 8 - Education, Section 6.b. Readmission After Withdrawal (p. 158).*

All courses must be graded with the exception of Education 2500.
 - A minimum grade point average of 2.50 on courses comprising the Education major, including all transferable courses.

 BACHELOR OF SCIENCE/BACHELOR OF MANAGEMENT**

The Faculties of Arts and Science and Management jointly offer a 50-course Combined Degrees program leading to the degrees B.A./B.Mgt. or B.Sc./B.Mgt. Upon successful completion of the Combined Degrees program, the student receives the B.A. or B.Sc. degree from the Faculty of Arts and Science and the B.Mgt. degree from the Faculty of Management. Neither degree is granted until the entire Combined Degrees program is completed.

a. **Admission**

Students may be admitted to the B.A./B.Mgt. or B.Sc./B.Mgt. when they are admitted to the University. If a student is admitted to the Combined Degrees program and subsequently chooses or is required to withdraw from the program, he or she must make formal application to the Faculty in which he or she intends to pursue a degree. For application and document deadlines, see **Part 1 - Admission, p. 27.**

Students should note that completion of pre-Education requirements does not guarantee admission to the program. All courses must be graded with the exception of Education 2500.
- b. A minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all diploma courses.
- c. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Section 6.b.4. *Students are strongly encouraged to complete Pure
Mathematics 30 or Mathematics 30-1.

For quantitative majors, Mathematics 30-1 or Pure
Mathematics 30 must be presented. For non-
quantitative majors, Mathematics 30-2 is also
accepted.

Quantitative Majors - Mathematics 30-1 or Pure
Mathematics 30 is required for admission to the
Bachelor of Management with majors in
Accounting, Economics, and Finance.

Non-quantitative Majors - Mathematics 30-1, Pure
Mathematics 30, or Mathematics 30-2 is required
for admission to the Bachelor of Management with
majors in Computer Science, First Nations'
Governance, General Management, Human
Resource Management and Labour Relations,
Information Systems, International Management,
Marketing, and Political Science.

Instead of Pure Mathematics 30 or
Mathematics 30-1, students may use U of L's
Mathematics 0500.

c. Spoken English Language Proficiency
Requirement (SELP)

In addition to the English Language Proficiency
requirement for regular University of
Lethbridge undergraduate admission (see
Section 6.a in Part I - Admission, p. 42),
applicants to the Public Health major in the
Bachelor of Health Sciences/Bachelor of
Management, whose first language is not
English, must also meet a Spoken English
Language Proficiency requirement (see
**Section 3.g in Part 10 - Faculty of Health
Sciences, p. 192**). This additional SELP

be able to communicate clearly and effectively
with colleagues, instructors, health care
professionals, and the public in a variety of
settings to be successful in the Bachelor of
Health Sciences program.

d. Health Sciences Minor Requirements

Students may elect to complete minors in
Aboriginal Health, Addictions, Mental Health,

Students may elect to complete minors in Information Systems, Social Responsibility, and Supply Chain Management in the B.H.Sc./B.Mgt. program. In some cases, achievement of the minor and a chosen major will require a student to take extra courses (see **Part II, Faculty of Management, Section 13, p. 222**).

g. Academic Regulations

In the Combined Degrees program, students divide their time between different Faculties which have different standards of academic performance. Students should read the academic regulations for each Faculty in which a portion of the Combined Degrees will be taken. 4. DEFINITIONS

a. Semester

Semester refers to a period of study (see the **Glossary** for more information, **p. 595**). Students should consult the **Academic Schedule (p. 15)** at the front of this Calendar to learn the specific dates for the start and end of each semester.

b. Course

Course refers to a unit of study (called a course or course equivalent) normally studied for one semester. A course normally carries a weighting of three credit hours. The University offers some units of study which deviate from this norm.

c. Course Types

1. Applied Studies

An opportunity for students to gain University course credit for volunteer or employment experience. Students should see the Coordinator of Applied Studies for specific information (AH154; tel. 403-382-7154).

2. Independent Study

A course for which credit is earned through individual study under the supervision of an instructor. This option may be elected as early as the second semester or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance. Course work may require library and/or field research and/or a major term paper.

Students wishing to improve their grade in an Independent Study course must repeat the section with the identical title (see **Part 4 - Academic Regulations, Section 3.b. Repeat of a Course, p. 70** for more information).

For further information, students should consult the Department or the Faculty member under whom they wish to pursue an Independent Study (see also the Independent Study sections in **Part 7 - Faculty of Arts and Science, p. 100; Part 8 - Faculty of Education, p. 159; Part 9 - Faculty of Fine Arts, p. 173; Part 10 - Faculty of Health Sciences, p. 197; Part 11 - Faculty of Management, p. 211**).

3. Series

A course which is offered regularly at the University of Lethbridge, but whose content may vary with different offerings. Each Series has one number (e.g., Anthropology 3100, English 3700) and different offerings in the series are indicated by the title of the course, as listed in the current semester Timetable. Students may take more than one offering of a Series course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Students wishing to improve their grade in a Series course must repeat the section with the identical title (see **Part 4 - Academic Regulations, Section 2.b. Repeat of a Course, p. 70** for more information).

A Series course may be specified as a required course in a major or program.
4. Topics

A course which is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Any Faculty or School may offer Topics courses. Each Topics course is identified by the number 1850, 2850, 3850, 4850, 5850 or 7850, and different offerings are indicated by the title of the particular section, as listed in the current semester Timetable. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Contact hours for Topics courses may vary according to the nature of the course. Check the specific Topics offering for complete information.

Students wishing to improve their grade in a Topics course must repeat the section with the identical title. From time to time, Topics offerings are made into regularly scheduled courses and listed in the Calendar. In this case, students must complete the regularly scheduled course that corresponds to the particular Topics offering in order to improve their grade (see **Part 4 - Academic Regulations, Section 2.b. Repeat of a Course, p. 70** for more information).

A Topics course cannot be specified as a required course in any major or program.
5. Cross-Listed

A cross-listed course is a single course originating from two different faculties or two different departments within the same faculty. Cross-listed courses appear in the Calendar and on student's academic records in the dual form, for example, Management 2070/Economics 2070.
6. Online

Courses may be offered online or have online components. Such courses are identified in the current semester Timetable. The course information listed in the Calendar (e.g., credit hours, course description, etc.) applies to all offerings of that course.
7. Placeholder
 - a. Active Student Status

A Placeholder course (e.g., Education 5999, New Media 4999) that enables students not registered in credit courses to maintain active student status in their program. No credit hours are attached to this Placeholder.
 - b. Continuing Student Status

A Placeholder course (e.g., Agricultural Studies 3999, Environmental Science 3999, Visiting 9999, Exchange 9999) that enables students registered elsewhere to maintain continuing student status for registration purposes. No credit hours are attached to this Placeholder.
 - c. Full-Time Status

Professional Semester I and II Placeholder courses (i.e., Education 3599 and Education 3699) which facilitate block-registration arrangements to be finalized by the Faculty of Education. For student loan/scholarship enrolment verification purposes, 15.0 credit hours are attached to this Placeholder.
8. Graduate Level

The Master of Arts (M.A.) and Master of Science (M.Sc.) course requirements are determined at the time of admission to the program. Students in the M.A. and M.Sc. programs may take senior undergraduate courses for credit at the graduate level. For example, a course may have both senior undergraduate and graduate students participating; the undergraduate students will be enrolled in 3xxx or 4xxx whereas the graduate student will be enrolled in 5xxx. For further information on course requirements, see the applicable program-specific part of the **University of Lethbridge 2015/2016 Graduate Studies Calendar**.

The Master of Education (M.Ed.) program requires students to complete core courses and electives to satisfy degree requirements. The courses are listed under 'Education, Master of Education Courses' in this Part. For further information on course requirements for the M.Ed. program, see the applicable program-specific part of the **University of Lethbridge 2015/2016 Graduate Studies Calendar**.

The Master of Science (Management) program requires students to complete four modules composed of specific courses listed in this Part under 'Management, Master of Science (Management) Courses'. For further information on course requirements for the M.Sc. (Management) program, see the applicable program-specific part of the **University of Lethbridge 2015/2016 Graduate Studies Calendar**.

The Doctor of Philosophy (Ph.D.) course requirements are determined at the time of admission to the program. For further information on course requirements for the Ph.D. program, see the applicable program-specific part of the **University of Lethbridge 2015/2016 Graduate Studies Calendar**.
- d. Course Elements
 1. Subject and Course Number

The subject identifies the course discipline, and the course number identifies the course level (see **Section 3. Course Numbering System, p. 294**).

2. Course Title

A descriptive title is given for each subject and course number. The title of a given course may occasionally change. A change in course title does not constitute a new course. Accordingly, students who repeat a course with the same subject and course number, regardless of the course title, are bound by the regulations given in **Part 4 - Section 2.b. Repeat of a Course, p. 70**.

Special regulations apply to Topics and Series courses (see **Section 4.c.3. Series, p. 295** and **4.c.4. Topics, p. 295**).

3. Credit Hours

The weighting factor of a course when determining grade point average. Regular full-semester credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 3040 is worth 6.0 credit hours). A student requires a minimum of 120.0 credit hours to complete a standard four-year degree at the University of Lethbridge.

4. Contact Hours

There are two types of contact hours: (1) Hours per week, and (2) Other hours. 'Hours per week' are regularly scheduled weekly meeting times, while 'Other hours' are meeting times which are scheduled at irregular times over the semester.

Hours per week (regular): a-b-c

- a - number of required lecture or studio* hours per week
- b - number of required laboratory hours per week
- c - number of required hours per week in a different setting (e.g., tutorial)

Other hours (irregular): d-e-f

- d - number of required lecture or studio* hours per semester
- e - number of required laboratory hours per semester
- f - number of required hours per semester in a different setting (e.g., tutorial, field trip, rehearsal)

All contact hours may be delivered by a number of means, including, but not limited to, the following:

- a regular University classroom
- a University computer lab
- online
- an off-campus location

* Studio courses are identified as such in the offering note for the course.

5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions

Some courses require an appropriate background of knowledge as indicated by the prerequisite(s), corequisite(s) and recommended background. A prerequisite must be completed successfully before a student is eligible to register in a given course. A corequisite must be taken prior to or in conjunction with another course. Students who have previously passed such a course will be deemed to have met the corequisite requirement.

A student lacking the prerequisite or corequisite for a particular course may apply for a waiver of prerequisite/corequisite from the Faculty/School offering the course.

For some courses, a recommended background is listed instead of, or in addition to, prerequisite(s) and corequisites(s) so that the student may judge his or her own academic preparation.

Prerequisites, corequisites and recommended backgrounds are normally expressed in terms of Alberta high school subjects, one or more courses, admission to programs offered by the University of Lethbridge, year of standing, and/or other special requirements.

A prerequisite or recommended background that specifies year of standing indicates that students are expected to have attained a certain level of academic or intellectual advancement prior to registering in a particular course.

For some courses, students may not exceed a defined year of standing prior to registering in the course. These courses are closed to students who have taken more than the specified number of courses or who are beyond the determined year of standing at the time of registration. These limits are applied when a course is targeted to a specific group of junior students.

Although students may choose to have their program requirements governed by the Calendar in effect at the time of their most recent admission to the University (see **Part 1 - Admission, Section 9.f. Year of the Calendar, p. 48**), all students are bound by the current Calendar with regard to prerequisites, corequisites and recommended backgrounds for individual courses.

6. Equivalent

Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see **Part 4 - Section 2.b. Repeat of a Course, p. 70**).

Note: A course offered at a given level (2000-, 3000-, 4000-level) will be used to meet requirements only at that level.

7. Substantially Similar

Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students cannot use a substantially similar course to replace another course specified as a prerequisite. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see **Part 4 - Section 2.c.1. Substantially Similar Course Limits, p. 70**).

8. Grading

Grading indicates what type of grade will be awarded as defined in **Part 4 - Academic Regulations**. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

5. FEES

For complete information about all fees, including additional fees for field trips, major specialty, etc., see **Part 3 - Fees**.

6. TIMETABLE

Normally classes start at 8:00 a.m. on a 50-minute schedule Mondays, Wednesdays and Fridays, and on a 75-minute schedule Tuesdays and Thursdays. Some classes may be scheduled on a Saturday, if necessary, or in the evening. Normal lecture time is three hours per week, excluding laboratories. Special timetabling is arranged for summer session.

7. DISCLAIMER

The appearance of a course in this Calendar does not guarantee that the course will be offered during the academic year for which this Calendar is published.

The University reserves the right to add, modify or withdraw any course or courses without notice.

Introduction to Philosophy

Credit hours: 3.0

Contact hours per week: 3-0-0

The branches of philosophy study humanity's ultimate questions. Metaphysics considers what is truly real. Does God exist? Is there free will? How real is the past or the future? Epistemology asks whether answers to such questions can be known. Ethics investigates rights and duties, vices and virtues, and tries to define the good life for humans. Social and political philosophy study and assess human communities.

18th-Century Philosophy: Leibniz to Kant

Credit hours: 3.0

Does our knowledge of the world come chiefly from reason, or from the senses? In the 18th Century, Leibniz, Berkeley, Hume and Kant focused on the workings of perception, the relation between mind and body, and the foundations of knowledge. The tension between reason and experience that they explored continues to drive work on these problems today, influencing (for example) debates over nature versus nurture in human behaviour.

PHILOSOPHY 3420**Wittgenstein***Credit hours: 3.0**Contact hours per week: 3-0-0*

One of the most important and original philosophers of the 20th Century, Ludwig Wittgenstein influenced philosophical movements (Logical Positivism, Linguistic Philosophy, Logical Behaviourism) and our very conception of the nature of Philosophy. Beginning with the *Tractatus Logico-Philosophicus* (1921) and its picture theory of meaning, this course examines Wittgenstein's Tractarian integration of logic, language, representation, and reality. The course then examines Wittgenstein's intermediate (1929-34) criticism of the *Tractatus* and his unorthodox views on scientific hypotheses and the illusion of mathematical truth, culminating in an examination of Wittgenstein's later discussions (primarily in *Philosophical Investigations*) of rules, rule-following, language-games, private languages, mind, and certainty.

PHILOSOPHY 3460**Philosophy of Peace***Credit hours: 3.0**Contact hours per week: 3-0-0*

For the fortunate, peace is a presumed and unexamined backdrop to our world. We fail to reflect on the practices and institutions that make peace possible; we begin to consider peace only when it is jeopardized. At that point a violent response may seem inevitable. What is peace? How can peace best be pursued in today's world? Are there alternatives to violence in responding to serious conflict? We will explore philosophical and practical aspects of conflict resolution, nonviolent citizen action, pacifism, and just war theory. Also covered are logical and ethical issues in post-conflict reconciliation including collective and individual responsibility, forgiveness, apology, roles of victims and perpetrators, truth commissions, and war crimes trials.

2. Tenure of Awards

Scholarships administered by the University of Lethbridge are available only to those students pursuing University of Lethbridge programs or to those students enrolled in recognized professional transfer programs. All awards are contingent upon students proceeding with their University program in the next academic session and are payable only when the student is in actual attendance as a full-time student in a study term at the University of Lethbridge.

Exceptions to this requirement are:

- Part-time Awards** - If an award has been granted to a part-time student, the award will be payable when the student is in actual attendance at the University of Lethbridge.
- Immersion Students** - If an award has been granted to a student who will be attending another institution to participate in an approved Visiting Student program, the award will be disbursed to the student. Students must be registered in French 2250, German 2250, or Spanish 2250 at the University of Lethbridge to receive payment.
- Graduating Students** - If a student has been granted an award designated for a graduating student, the student will receive payment of the award without being required to register in the next academic session.

If a student withdraws from full-time studies after having received a payment for an award, unpaid balances of awards outstanding are forfeited. - a. **Unavoidable Circumstances** - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the semester for which an award was made.

5. Returning After an Absence

Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of full-time attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.

7. Letters of Appreciation

Where a donor contact is available, award recipients will be expected to write a letter of appreciation to the donor.

Only academic records from the last five years will be considered for measurement of academic achievement.

2. High School Applicant Awards

These awards are for students entering the University for the first time. Unless otherwise stated, the criterion for awards for new post-secondary students is demonstrated academic achievement. Academic achievement for Alberta high school graduates is based on the admission average, as defined in **Part 1 - Admission**. Unless otherwise stated, the minimum admission average required is 80 percent for scholarships and 70 percent for awards.

Equivalent credentials from other educational jurisdictions will be considered in accordance with the Admission guidelines stated in the University of Lethbridge Calendar.

Awards offered to high school applicants based on predicted grades are subject to cancellation or changes to the award value if actual admission averages deviate more than five percent and/or drop below an actual admission average of 80 percent.

3. Transfer Awards

These awards are for students entering the University for the first time and admitted as transfer applicants as defined in **Part 1 - Admission**. Unless otherwise stated, the criterion for transfer awards is demonstrated academic achievement measured by the award transferable GPA as defined in **Section 1.e. Definition of Terms (p. 459)**. In the case of scholarships and awards for which the main criterion is academic achievement, consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours while enrolled in a post-secondary level program. These courses must transfer into the program for which the candidate has been admitted to the University. The minimum award transferable GPA required is 3.50 for scholarships and 3.00 for awards.

4. Post-Diploma Awards

These awards are for students entering the University for the first time and admitted as college diploma applicants as defined in **Part 1 - Admission**. The minimum cumulative program GPA required is 3.50 for scholarships and 3.00 for awards.

5. Collaborative Program Awards

These awards are for students who have completed their course work at the collaborating college and are starting their full-time course work at the University of Lethbridge. Unless otherwise stated, the criterion for collaborative program awards is demonstrated academic achievement measured by the award transferable GPA as defined in **Section 1.e. Definition of Terms**. In the case of scholarships and awards for which the main criterion

is academic achievement, consideration is only given to candidates who have successfully completed a minimum of 24.0 credit hours in the preceding fall and spring semesters while attending full-time studies at the collaborating college. The minimum award transferable GPA required is 3.50 for scholarships and 3.00 for awards.

6. Undergraduate Awards

Consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours in the last two semesters while attending full-time studies at the University of Lethbridge. While 24.0 credit hours is the minimum criterion which applies, all other things being equal, those students taking more than 24.0 credit hours over the academic year will be given priority in the case of a tie. Summer session courses are not calculated in a student's award GPA. Unless otherwise stated the minimum award GPA required is 3.50 for scholarships and 3.00 for awards.

For award purposes, Pass/Fail courses are included in the 24.0 credit hours; courses designated Credit/Non-Credit are not included in the 24.0 credit hours.

Students with an Incomplete or Continuing grade appearing on their transcript in the last two semesters will have until **August 15** to complete the course and remain eligible for awards. This guideline applies to all students applying for Undergraduate Awards.

7. Athletic Awards

Athletes must have been enrolled in full-time studies (9.0 credit hours) in each of the previous fall and spring semesters while participating on a University of Lethbridge Pronghorn athletic team. Athletes must be pursuing a University of Lethbridge degree or enrolled in a recognized professional transfer program. Unless otherwise stated, the minimum award GPA required is 2.00. All athletic awards are subject to Canadian Interuniversity Sport (CIS) regulations.

d. Disclaimer

Since the University of Lethbridge Calendar is published a considerable time before the beginning of the academic year, the University reserves the right to make whatever changes circumstances may require, including cancellation of particular awards or changes to the minimum GPA required for awards.

6. FINANCIAL ASSISTANCE

Application forms and information for Government Student Financial Assistance Programs are available from Scholarships and Student Finance (AH151, tel. 403-329-2585). General eligibility for full-time assistance is:

- Canadian citizen or Permanent Resident of Canada
- A valid Social Insurance Number
- Study in an approved post-secondary program of at least 12 weeks in length
- Courses must be applied to a recognized degree
- Demonstrated financial need.

Most government financial aid programs are need based. Students apply for the program through a provincial/territorial application form. One application encompasses the Canada Student Loans and Grants program, and Provincial/Territorial Loans and Grants. Scholarships and Student Finance will assist students to determine which application to use. Students must apply to the province/territory which they are considered residents of, not necessarily the province/territory they are attending school in.

The government determines financial need by assessing costs the student will incur for tuition, fees, books and moderate living costs. Savings, part-time earnings, scholarships, assets and parental contributions may be assessed as resources and formulated as to whether a student has need. Students may appeal the outcome of the government needs assessment.

Allow four to eight weeks for an application to be processed. Students are advised to apply before June 1 for fall funding. Students will receive a *Notification of Assessment* with directions on where the loan, grant payments or documents will be sent. Tuition and fees owing will be deducted from the loan payments. **Students are strongly advised to read all**

applications and documents before signing. Know your rights and responsibilities!

In semesters when a returning student who has previous government student loans does not take out additional student loans, it is essential the student complete and submit a *Confirmation of Enrolment* form. This will protect the student (interest-free) status of the loan. *Confirmation of Enrolment* forms must be filed for both Canada and Provincial student loans, if both have been previously issued to the student.

General eligibility for part-time financial assistance is the same as full-time assistance. Check with the staff at Scholarships and Student Finance for further details.

Financial assistance programs for students with permanent disabilities are also available. Check with the staff at Scholarships and Student Finance for further details.

The following websites have more information on the Government Financial Assistance Programs for students:

- Alberta residents:
studentaid.alberta.ca
- All other provincial/territory links can be accessed from:
www.canlearn.ca
- The University of Lethbridge does not participate in the U.S. Department of Education (USDE) Federal Student Aid programs. Students can receive *Confirmation of Enrolment* for existing USDE issued loans, but cannot access new USDE loans to attend the University of Lethbridge.

a. Repayment

Students are responsible for repaying their student loans. However, loans are not repayable during periods of full-time studies and for six months after graduation or

withdrawal. In certain cases repayment may be deferred for additional periods after the six months' exemption, upon successful application for the Repayment Assistance Program.

b. Withdrawal While on Government Student Assistance (loans/grants program)

Students must maintain registration to stay eligible for government student assistance. When on full-time government student assistance, a student must remain a full-time student throughout the funded period of study. If a student withdraws or drops below full-time standing, the student may be required to repay some or all funding received. Grant money may be converted to loan money. Students may be restricted from further government student assistance for 12 months. Check with the staff at Scholarships and Student Finance before withdrawing or dropping registration. Part-time funding programs are available for graduate students who are studying part-time.

c. Incomplete (I) and Continuing (X) Grades

Courses used in one semester to determine eligibility for student loan purposes cannot be used in subsequent semesters toward a student's full-time registration. Independent and Applied Studies courses are classified as one course and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly.

d. Emergency Student Loan Fund

The purpose of the fund is to provide temporary assistance to full-time University of Lethbridge students to meet expenses related to an unexpected shortfall in their personal finances or an unanticipated delay in their receipt of financial assistance funding.

An emergency is defined as an unexpected shortfall in finances that has caused an inability to meet the rent payments when due, lack of adequate food supplies, and any other type of expenses related to the necessities of life that cannot be delayed. Students will not receive emergency financial assistance to cover registration deposits, tuition fees, books, fines or debts to other University departments.

Emergency loans are available to assist students experiencing delays in the normal disbursement of their confirmed government student loans or grants. These advances are also available, in extenuating circumstances, to those students ineligible for government financial aid. In such cases, students must have written proof of their ability to repay the loan.

1. ACCOMMODATED LEARNING CENTRE

Students with Disabilities

The University of Lethbridge attempts to meet the special needs of students with disabilities. Many students have unique needs and response must be made on an individual basis. Supporting these needs may require the student in question to liaise with a number of provincial and non-profit agencies, as well as University of Lethbridge personnel. For more information and possible assistance with these matters, contact the Accommodated Learning Centre (B760; 403-329-2766).

The Accommodated Learning Centre can support student requests for assessments or registration procedures once their disability has been documented. They can also guide students to local services or agencies which may be of assistance. Special equipment or specialized services frequently must be funded through agencies outside the University of Lethbridge. Questions regarding physical access may also be brought to the Accommodated Learning Centre who will then direct students to the appropriate University office or personnel. Further information is available on the Accommodated Learning Centre website.

Graduate and Professional School Examinations

The Accommodated Learning Centre is an authorized test center for professional and graduate school exams such as the LSAT (Law School Admission Test) and MAT (Miller Analogies Test). Pre-registration for these tests is required and Internet links are included on the Accommodated Learning Centre website (www.uleth.ca/ross/accommodated-learning-centre) Information bulletins are also available at the Career & Co-op Services (AH154).

Accommodated Learning Centre website:
www.uleth.ca/ross/accommodated-learning-centre

2. ADMISSIONS

In addition to processing all applications for admission and transfer credit, Admissions personnel provide on-campus advising regarding admission requirements and application procedures to prospective students. Admissions is located in the Registrar's Office (SU140; 403-382-7134, admissions@uleth.ca).

Admissions website: www.uleth.ca/ross/admissions

3. BOOKSTORE

Retail Services

The University Bookstore is located on Level 2 of the Students' Union Building. It stocks all required course materials as well as a full line of general reading books, stationary, art supplies, University apparel and giftware.

Textbook Reservation Service

The Bookstore can do your textbook shopping for you. Access the Bookstore's website at www.uleth.ca/bookstore for information as it becomes available. Textbook reservation sign up occurs in April and is only available for the fall semester for the Lethbridge campus only.

Returns Policy

The Bookstore's policy for returning textbooks and other materials is clearly stated on the 'Return Policy' attached to the receipt with your purchase. If you are unsure whether an item is returnable, please ask the Bookstore staff for clarification.

Used Book Sell Backs

If a textbook is going to be used the following semester, and the Bookstore requires inventory, we will purchase good quality used copies from students. This service is available daily, except during semester opening (watch for time changes). As well, the Bookstore sponsors semi-annual 'Used Book Sell Backs' during exam week in April and December. Exact dates and times are posted on campus and on the Bookstore website.

Various Forms of Course Materials Available

The bookstore staff are continually reviewing various opportunities to provide cost savings to our students. Watch for options as they become available such as rental for new and used books, digital formats and special requests from instructors.

4. BUS SERVICE

The City of Lethbridge operates a regular bus service between west Lethbridge and downtown in accordance with a published schedule, including two stops at the campus.

Bus passes and additional information on schedules are available from the Students' Union *Rockerman's Service Centre* (SU232) and the City of Lethbridge.

5. CAMPUS ID CARD

The University of Lethbridge Campus ID Card is the official picture identification of the University of Lethbridge. All students, faculty and staff need this card in order to access vending, printing, photocopying, food services, recreation facilities, athletic events, the Library and some off-campus services.

Campus ID Cards may be obtained at the ITS Solutions Centre in University Hall (E610). Government-issued photo ID is required. For more information contact the ITS Solutions Centre (tel. 403-329-2490). The initial card is free—replacing a damaged, lost or stolen card is \$10.

Campus ID Card website: www.uleth.ca/information-technology/services/campus-id-cards

6. CAMPUS SAFETY - SECURITY SERVICES/ PARKING

The Campus Safety Administration Office is located in the Library building (L911, 403-329-2603).

Anyone intending to park a vehicle on the University of Lethbridge campus must purchase a parking permit. Permits are available at the Cash Office, or they may be reserved online using the Bridge (www.uleth.ca/bridge). To see current permit rates, please visit the Bridge.

Individuals with special needs should apply for a permit to park in assigned areas. Applications are available through Campus Safety at 403-329-2603.

A reduced fee is charged for summer school and part-time students.

Residence students should purchase a parking permit through Housing Services (C420).

7. CAMPUS WOMEN'S CENTRE (CWC)

The Campus Women's Centre offers many services to the University and its surrounding community. It's a safe, quiet place where women (and men) can come to talk. Student volunteers, experienced with student life on campus, are easy to talk to and can relate to issues such as frustrations with roommates, juggling home life with school life and personal conflict. Although the Campus Women's Centre is not a licensed counselling centre, student volunteers are trained to recognize when someone is in need of counselling services and will direct them accordingly. The Campus Women's Centre can facilitate help for students through contact with local organizations such as the YWCA, the Womanspace Resource Centre, shelters and food banks.

The Women's Centre has a wide range of pamphlets and information about topics including sexual health, birth control, cancer, STI's, pregnancy, nutrition, HIV and AIDS, drug and alcohol abuse, sexual abuse, mental health, spirituality, feminism, daycare services, self-esteem, losing weight and piercings.

Throughout the year, the Women's Centre organizes and participates in a variety of events impacting women in our society today. These events include National Day of Remembrance and Action on Violence Against Women, International Women's Day, Breast Cancer Awareness Month and AIDS Week.

Currently each student contributes a levy fee of one dollar in the fall and spring semesters. Since the Women's Centre fee is not compulsory, students may choose to opt out. To do so, students must submit a formal email request, indicating their full name and University ID number from a valid 'uleth.ca' account. Alternatively, students may stop by the office (SP150) and fill out an opt-out form. Refunds will be administered during the last week in October for the fall semesters and the last week in February for the spring semesters. Applications and requests for opt out must be submitted prior to the refund dates. Students will receive an email confirmation instructing them to come to the Women's Centre in person to receive their refund in cash. A valid University ID card is required.

17. HOUSING SERVICES

'Come Live With Us!'

Our focus in Housing Services is to provide students with the best possible environment for academic success and personal development. Residence Life programming is offered and coordinated through live-in Residence Assistants. Some examples of the programs and workshops offered in the past include time management, aerobics, health and nutrition, substance abuse, study skills, exam preparation, library use, tutoring, movie nights, cabarets, resumé writing and effective interview and job search skills.

The convenience of living on campus, together with access to the University's services and programs, gives students educational, social and cultural advantages. Note: All electrical appliances must be CSA approved.

Application Process

Applications are accepted starting in September for the following September occupancy. Applications may be obtained online at www.uleth.ca/housing. You must apply to the University of Lethbridge for Admission prior to being eligible to apply for campus housing. Once you have received your U of L ID number you may log on to the Housing Residence Portal to apply. All applications must be accommodated with a non-refundable application fee plus deposit payable online.

Students are advised to apply as early as possible to improve their chances for accommodation. Newly admitted applicants, applying before April 1, will have their names entered into an accommodation lottery. Approximately 75% of the allocated beds will be randomly selected. The names drawn will be guaranteed accommodation prior to May 15. Returning students, whose applications are received by January 15, will participate in a lottery draw for 75% of the allocated beds. Others will have their names placed on the application list in priority order, according to date received.

Offer of Accommodation

Once accommodation is assigned, the student is advised through an *Offer of Accommodation* letter via email. This letter must be signed and returned, along with the second advance payment, by the deadline date as stated in the offer. Failure to meet this deadline will result in cancellation of the application and loss of the first advance payment.

Security Deposit

All students staying in campus accommodation will be required to submit a security deposit of \$300 for single student housing or the equivalent of one month rent for family housing. Interest will be payable on any unused amount if applicable under Provincial Government Statute. Security deposits will be used to cover any outstanding housing-related charges deemed payable upon termination of occupancy, including cancellation fees, damage, cleaning, lost keys, dining plan, etc.

The security deposit shall not be deemed to constitute a limit for any charges which may be incurred under the lease.

Cancellations

Applicants who are declined admission to the University, who cannot be accommodated by Housing Services by the first day of classes, or who cancel their application in writing prior to June 1, may request a refund of all advance payments, but must do so within one week of the start of classes. Cancellation for any other reason will be subject to forfeiture of the advance payments according to the cancellation schedule as outlined in the Offer of Accommodation. The refund amount for these cancellations is based on the date upon which written notice is received by Housing Services; therefore, students are advised to contact Housing Services as soon as their plans change. (Cancellation over the Christmas break may be submitted by email to housing@uleth.ca.) All cancellations received after a student has moved into residence are subject to one calendar month notice. Failure to provide this notice will result in next month rent charges.

Housing Services may be contacted at the University of Lethbridge, 4401 University Drive, Lethbridge, Alberta, T1K 3M4; phone: 403-329-2584; fax: 403-329-2030; or email: housing@uleth.ca.

Fees

Rates for single student housing (Traditional-Style, Apartments and Village Townhomes) and for the Residence Dining Plan must be paid at the beginning of each semester.

A utility surcharge may be levied to offset increased utility costs due to the effects of deregulation and the resulting inflationary impact.

Rental rates include all utilities except telephone line and Internet access and are based on a two-semester (single) or 12-month (family) contract. Arrangements may be made with Housing Services for a 12-month contract for single students (September-August).

Emergency Response/Internet Digital System Fee

All residence bedroom spaces are equipped with the VoIP (Voice over Internet Protocol) communication system, which provides each resident with Internet access and a telephone in their room. The system allows for efficient communication within residence for emergency response in the event of critical incidents. A mandatory \$72 fee is levied to each resident per semester.

Organization of Residence Students (ORS)

The ORS provides community development opportunities to meet, interact and socialize in the academic atmosphere for the benefit of each member and the community as a whole. A \$45 membership fee is levied to each resident per semester.

Policies

The University has policies, regulations and programs to provide for the students' personal, academic, social and cultural growth, as well as their privacy and well-being. Breach of these policies and certain Criminal Code offences will be grounds to terminate the students' use agreements and evict them from University Housing. Housing policies are available online at www.uleth.ca/housing (refer to *Residence Community Handbook*).

Summer Housing

Students working or studying in Lethbridge over the summer are invited to stay in our residence. Special contract terms and rates are available. 30. STUDENT AWARDS - SCHOLARSHIPS AND BURSARIES

The University of Lethbridge offers a wide range of awards that serve to recognize the achievements of students who pursue their university education at the University of Lethbridge. These awards are granted based on academic achievement as well as other factors (e.g., financial need, leadership potential, community involvement, artistic ability).

Students are eligible to apply for awards if they are:

- an applicant entering the University from high school or from another post-secondary institution; or,
- a student continuing his/her studies at the University of Lethbridge.

While not all awards require the student to apply, an application is strongly recommended for students who feel that they may qualify for awards. Application forms for most awards are online on the Bridge and information on procedures are available at Scholarships and Student Finance, located in Anderson Hall (AH151; 403-329-2585) or online at www.uleth.ca/ross/student-finance/awards.

Entrance Awards - High School students

Fall Entrance Awards - March 15

Entrance Awards - Transfer students

Fall Entrance Awards - June 15

Undergraduate Awards - Continuing students

University-administered Awards - May 1

General Policies and Procedures

For a complete description of awards administered by the University of Lethbridge, please refer to **Part 15 - Awards and Scholarships** in this Calendar.

Liability - The University assumes liability for the payment of scholarships, bursaries, prizes and other awards only to the extent that expected gifts from donors or returns from particular investments of endowed funds are realized.

Application - To be eligible for awards, application forms must be submitted via the Bridge no later than the designated date. Application forms and information are available from the following website:

www.uleth.ca/ross/student-finance/awards.

A student who has not applied for awards cannot claim for the right of consideration by the University.

Academic records - Only academic records from the last five years will be considered for measurement of academic achievement.

Interrupted studies - Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.

Conditions - Unless otherwise stated, awards made to full-time students are conditional on the student proceeding with full-time studies at the University of Lethbridge in the fall and spring semesters following the award. Failure to meet this condition may result in the forfeiture of any unpaid balance.

Replacement - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.

Payment schedule - Awards totaling more than \$1,000 are disbursed in two equal payments: the first on October 1 and the second on February 1.

Deductions - The University may deduct from award payments any funds owed to the University.

Tax receipts - T4A forms will be issued to award recipients by the University or other issuing agency in the spring following the year of the award.

Government Student Loan Programs - It is the responsibility of the student receiving an award, who is currently receiving financial assistance in the form of student loans and grants, to notify the applicable government student loan program as soon as possible regarding the number and value of scholarships, bursaries and other awards.

Deferral - A deferral postpones the payment of a financial award until a student is registered full-time at the University of Lethbridge. A request for a deferral must be submitted in writing to the Coordinator, Scholarships and Student Finance

by October 31 for the fall semester and February 28 for the spring semester. Justifiable reasons for deferral include:

- Unavoidable circumstances - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the semester for which an award was made.

www.uleth.ca/ross/student-finance

31. STUDENT FINANCE - GOVERNMENT STUDENT LOANS AND GRANTS

The Federal, Provincial and Territorial governments of Canada provide financial assistance to help residents in the pursuit of post-secondary education. This assistance is provided in the form of loans and grants. Scholarships and Student Finance provides advising concerning these government student assistance programs.

The level of government financial assistance awarded to a student depends on evidence of financial need and on personal circumstances. In Alberta, parental income is no longer used to determine the loan funding a student can receive. During the 2014/2015 academic year, the maximum amount an Alberta resident was eligible to receive was \$13,300 in combined Canada and Alberta student loan funding. Students may also qualify for low or middle income grants in their first and subsequent years of study. Grants are also available for students with dependents and students with permanent disabilities.

Financial assistance is also available to students who are considered to be residents of other provinces and territories. The amount and type of provincial or territorial funding available for out-of-province students varies according to the individual provincial or territorial guidelines.

Government student loans are interest-free while students are attending full-time at a post-secondary institution. To ensure that interest-free status continues during full-time study, it is the student's responsibility to provide appropriate proof of enrolment to all lenders holding the student's loan(s). Repayment of government student loans begins six months after ceasing to be a full-time student.

Students in receipt of financial assistance to attend full-time studies who withdraw completely or revert to part-time studies may be required to repay a proportionate amount of their assistance granted for the current academic session. Furthermore, such assistance for the next semester is automatically cancelled and students may be ineligible to receive further funding for a 12 month period. Students intending to return to full-time studies in the next semester and who require financial assistance must submit a new financial assistance application for the appropriate period of studies.

Students who need to apply for financial assistance should apply prior to the semester in which assistance will be required. Many provinces and territories do have deadlines and it is advisable to check the deadlines in advance of application. Processing of an application can take four to six weeks and processing must be completed prior to the end of the semester to which it pertains.

Independent and Applied Studies courses are classified as one course (3.0 credit hours) and can only be used in one semester to determine eligibility for student loan purposes. Students taking more than one semester to complete these courses should plan their subsequent semester schedules accordingly. Payment of tuition and fees are a first charge against assistance received from government student loan certificates and grants/bursaries.

For application forms and more information, please visit Scholarships and Student Finance, located in Anderson Hall (AH151) or call 403-329-2585.

More information on Government Student loan programs is available from the following websites:

www.canlearn.ca

GLOSSARY

Academic Advisor

Individual who provides advice to students regarding their program, major or other academic concerns at the University of Lethbridge.

Academic Medals

Awarded to mark the achievements of the University's top students. The University's Faculties and Schools award gold medals at Spring Convocation to the top undergraduate students in Arts, Science, Education, Management, Fine Arts and Health Sciences. An additional undergraduate gold medal (the William Aberhart Medal) is awarded by the Alberta Teachers Association. In the School of Graduate Studies, medals of merit are awarded to the most distinguished students graduating with a master's degree. The overall top undergraduate and graduate students in the institution receive, respectively, the silver and gold medals of the Governor General of Canada.

Academic Objective

Students planning to transfer to another university to complete a professional program declare an academic objective, which is their ultimate academic destination at a transfer institution (see **Part 7 - Faculty of Arts and Science, Section 22, p. 146**).

Academic Schedule

The University's schedule of dates and deadlines. These dates are legislated by General Faculties Council (GFC) and are not negotiable (see **page 15**).

Accredited or Recognized Institution

A university or college from which the University of Lethbridge normally accepts transfer credit.

Add/Drop

Period of time at the beginning of each semester when students may add or drop courses. Courses that are dropped by the Add/Drop deadline do not appear on the transcript as Withdrawals.

Alberta Council on Admissions and Transfer (ACAT)

An independent body consisting of representatives from the public, students, universities, public colleges, technical institutions, Alberta Vocational Colleges, private colleges and Alberta Education. The Council is responsible for developing policies, guidelines and procedures designed to facilitate course and program transfer arrangements among post-secondary institutions. The basic objective of the Council is the enlargement of educational opportunities for students.

Alumni

Individuals who have had a degree conferred on them by the University of Lethbridge. Associate alumni are those who have completed 10 or more courses toward a University of Lethbridge degree. (Alumnus - single male; alumna - single female; alumni - plural.)

Alumna/Alumnus of the Year Award

Awarded by the University of Lethbridge Alumni Association to recognize those individuals who have demonstrated outstanding academic achievement and have gained an international reputation in their chosen field.

Applied Studies

An opportunity for students to gain University course credit for volunteer or employment experience. Students should see the Coordinator of Applied Studies for specific information (AH154; tel. 403-329-2000).

Audit Student

A student who has been granted permission by an instructor to attend lectures in a course on the understanding that the student may not submit assignments, sit for examinations or participate in class discussions (except by invitation of the instructor). The course appears on the transcript, and the non-grade AU designation appears (see **Part 2 - Registration, Section 3.e., p. 52**).

Bridge (www.uleth.ca/bridge)

The University's online system that contains information and services such as application status, scholarship applications, course registration, fees, tax statements and access to final grades.

Canadian Registered Nurse Examination (CRNE)

A national examination for all students who have completed a program in approved nursing school.

Career & Employment Services (CES)

Career & Employment Services provides a comprehensive service to students in all stages of their career development. The co-location of Career and Employment Services (CES), Applied Studies, and the Co-operative Education/Internship Programs of the Faculties of Arts and Science and Management provides students with one-stop-shopping for their search for employment and their career development needs.

Cognates

Courses from a related discipline deemed to complement the chosen area of study and to encompass knowledge and skills essential to that area.

Cohorts

A group of students with a particular program focus who are admitted together and register together in a particular sequence of courses. Currently cohorts exist in the M.Ed., M.Sc. (Management) and Arts and Science.

Combined Degrees Program

Program offered at the University of Lethbridge which allows a student to complete requirements for two degrees simultaneously. The requirements for the 40-course single degree configuration are modified for the Combined Degrees program. Neither degree is awarded until all requirements for both degrees are completed.

Concentration

A defined set of courses related to the major but generally over and above the minimum requirements for the major. It may be required or optional. If a concentration is required for a major, both the major and concentration must be completed as neither may stand alone. Concentrations are not available in all programs.

Contact Hours

The total number of hours of instruction to which a student is obligated for a specific course. This number includes weekly lectures, labs and tutorials, as well as other irregularly scheduled requirements.

Contingent Transfer Credit

Transfer credit which has been approved, pending admission of the student into the appropriate program to which the transfer credit will be applied. Contingent transfer credit is not used to calculate a student's year level.

Continuing Student

An admitted student who has been enrolled in at least one course (including Placeholder courses) in each consecutive fall or spring semester from the time of his or her most recent admission to the University.

Convocation

An assembly for the purpose of conferring degrees; students are not graduates until degrees are conferred. Convocations are held twice annually (see **Part 5 - Graduation**).

Corequisite(s)

A course which must be taken prior to or in conjunction with another course.

Counsellor

Mental health professional eligible for provincial certification who provides personal counselling for students. This may include career or academic counselling. Vocational interest and related testing is provided by counsellors as required.

Credit Hours

The weighting factor of the course when determining grade point average. Regular full semester credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 3040 is worth 6.0 credit hours). A University of Lethbridge student requires 120 credit hours to graduate with a four year degree.

Cross-Listed Course

A cross-listed course is a single course originating from two different Faculties or two different departments within the same Faculty. Cross-listed courses appear in the Calendar and on student's academic records in the dual form, for example, Management 2070/Economics 2070. Courses that are cross-listed are noted in the course title.

Department

A formal subdivision within the Faculty of Arts and Science and the Faculty of Fine Arts at the University of Lethbridge. Departments are responsible for developing and administering programs and courses related to specific disciplines.

Discipline

A branch of knowledge or learning.

Distinguished Teaching Award

The Distinguished Teaching Award was established in 1987 to recognize the central importance of teaching to the philosophy and goals of our University. The award is presented at Convocation.

English as a Second Language (ESL)

The ESL program is designed for students who have not yet met the language requirements but are seeking admission to the University of Lethbridge. For further information, contact Language Services (SU047; tel. 403-329-2053).

English Language Proficiency (ELP)

Required of all students, both admitted and Open Studies, for whom English is not the first language. This requirement may be met in a variety of ways (see **Part 1 - Admission, Section 6, p. 42**).

Equivalent Courses

Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see **Part 4 - Section 2.b. Repeat of a Course, p. 70**). Courses that are equivalent are denoted with an 'Equivalent' course element in the course description.

Exchange Student

A student enrolled at one university who is attending another university under an approved exchange program.

Extra to Program Transfer Credit

Transfer credit which cannot be used to meet program requirements. For example, students may transfer in a maximum of 20 courses for a single 40-course degree. A student presenting 25 transferable courses will receive credit for only 20 of them toward that degree. The remainder will be deemed 'extra to program'. The designation of the specific 20 courses is flexible depending upon the program requirements that the student must meet.

Faculty

A formal subdivision within the University. Faculties are responsible for the development, approval and administration of programs and courses related to specific degrees.

Fee Payment Schedule

A schedule of fee payment dates and deadlines for students. These dates are set by Financial Services and are not negotiable (see **page 61**).

Fiat Lux - 'Let there be light.'

The University's motto and the words seen on its shield.

Final Grades

Grades recorded on the transcript for completed courses. Students may access their final grades via the Bridge.

Full-Time Student

According to the University, any student enrolled in at least nine (9.0) credit hours (three semester-long courses) in a fall, spring or summer semester is considered full-time. Students enrolled in Co-operative Education Work Experience courses are considered to be full-time. Students receiving full-time government student loans for summer session will need to be registered from May through August in the minimum nine (9.0) credit hours (three semester-long courses) to qualify. Some exceptions to provincial/territorial student loan regulations exist; contact Scholarships and Student Finance for eligibility requirements.

Government or other agencies may require more than these minimums per semester for loans or scholarships for which only full-time students are eligible.

General Admission

Basic, default admission into programs which do not have quotas or other requirements (e.g., auditions, portfolios) in addition to the basic admission requirements which all new students must meet.

General Liberal Education Requirement

A 12-course requirement for all University of Lethbridge undergraduate students. The requirement is based on the liberal education philosophy of the University and is designed to ensure that students acquire breadth of knowledge encompassing a wide range of disciplines.

Grade Point Average (GPA)

The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is calculated on all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). Other types of GPA such as Admission GPA or Program GPA are used by certain Faculties or Units at the University of Lethbridge. These are defined by the Faculty or Unit who uses them (see **Part 4 - Academic Regulations**).

Grading Mode

Grading mode indicates what type of grade will be awarded as defined in **Part 4 - Academic Regulations**. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

Graduate Student

A student enrolled in a program which leads to a master's degree (M.A., M.C., M.F.A., M.Mus., M.N., M.Sc., M.Sc. (Management), or M.Ed.) or a Doctoral degree (Ph.D.) at the University of Lethbridge.

Honorary Degree

A degree awarded by the University of Lethbridge Senate to an individual in recognition of outstanding achievement. The specific degree awarded varies according to both the individual's area of accomplishment and the source of the original nomination.

Independent Study

Individual study for course credit under the supervision of a professor. Course work may require independent library research or field work and a major term paper. For further information, students should consult the Department or Faculty member under whom they wish to pursue an independent study.

Individual Multidisciplinary Major

An individual major designed by the student. The major must be an in-depth study of a subject rather than a broad survey. The major must incorporate knowledge from several disciplines and should be derived from existing Arts and Science curriculum. It may not duplicate a program offered at the University.

Ingrid Speaker Medal for Distinguished Research, Scholarship, or Performance

The Ingrid Speaker Medal was established in 1995 to recognize the importance of research, scholarship and performance at the University of Lethbridge. The award is presented at Convocation.

Major

The primary academic focus of a program. It is generally a defined set of courses in a subject area. For each declared single degree, diploma or certificate, a major must be declared. Generally, unless otherwise specified, a student may declare only one major per credential sought, i.e., degree, diploma or certificate (refer to the Double Majors sections in the applicable Faculty parts of the Calendar). For the BASc., two majors must be declared. For Combined Degrees, two majors must be declared, i.e., one major for each degree sought.

Member of the University Community

Member of the University community means any student, employee, alumni, volunteer, person participating in a non-credit program offered by the University, person invited to participate in a University sponsored event, contractor or guest of the University.

Open Studies Student

A student who is not formally admitted to a program at the University but who is permitted to take one or more courses in a given semester. Courses taken as an Open Studies Student may count in a University program if a student later applies and is admitted to a program at the University (see **Part 2 - Registration, Section 3.f., p. 52**).

Part-Time Student

According to the University, a student who is registered in fewer than nine (9.0) credit hours (three semester-long courses) in a fall, spring or summer semester is considered part-time. Recommended Background

A course which is not a preliminary requirement for another course but contains material which would provide a good background for that course. Students may take a course for which they do not have the recommended background but should be aware that they may have more difficulty with the course than a student who has the recommended background.

Rescinding Admission/Registration Privileges

The President has the power and authority to rescind (i.e., remove or revoke) an offer of admission to an Undergraduate program or Graduate program at the University of Lethbridge at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic semester/session for which the application applies, whichever shall last occur. This same presidential authority in its entirety applies to Open Studies students and authorization to register. **See Part 1 - Admission, Section 10. Caveat - Authority to Rescind Admission/Registration Privileges (p. 50).**

Rescinding Registration Privileges/Prohibiting Access to University Property

The President has the power and authority to rescind any student's registration in a course, an Undergraduate Studies program, or Graduate Studies program at the University of Lethbridge and prohibit the student from accessing University property at any time. **See Part 4 - Academic Regulations, Section 6. Caveat - Authority to Rescind Registration Privileges/Prohibit Access to University Property (p. 78).**

Residence Requirement

The number of courses which must be completed at the University of Lethbridge in order for the degree, diploma or certificate to be conferred. **See Part 4 - Academic Regulations, Section 2.g. (p. 83)** for specific information on all program residence requirements. Some Faculties specify the number of courses students must take after the point of admission.

Any applicants or students who were admitted to a University of Lethbridge program, completed one or more semesters at the University, subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the students), and who did not complete any university-level studies in the interim.

Returning Transfer

Semester

Semester refers to a period of study.

- a. Fall semester occurs during the period September through December.
- b. Spring semester occurs during the period January through April.
- c. Summer semester occurs during the period May through August. Students registered in graduate or undergraduate courses that run full term during the period May through August are considered to be enrolled in the summer semester. See Summer Session below for information on courses that do not run full term over the summer.

Senate Volunteer Award

Inaugurated in Spring 2005, this award honours worthy recipients having a record of singularly exemplary and distinguished volunteer service to the University. This award is available to any member of the University community.

Different offerings in a series course are indicated by the course title. A Series course may be specified as a requirement in a major or program. Students may receive credit for more than one offering in a series if the offerings are distinct (i.e., if each offering has a different course title).

Specialization

A defined set of courses related to the major but over and above the minimum requirements for the major. It includes an experiential learning component such as a required internship. It may be required or optional. Specializations are not available in all programs.

Student

Substantially Similar Courses

Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see **Part 4 - Section 2.c.1. Substantially Similar Course Limits, p. 70**). Courses that are substantially similar are denoted with a 'Substantially Similar' course element in the course description.

Summer Session

Summer session refers to a period of study within the summer semester, which occurs during the period May through August. Summer Session I occurs during the period early May through late June; Summer Session II occurs during the period early to late July; Summer Session II/III occurs during the period early July to mid-August; and Summer Session III occurs between the end of July and mid-August. The aggregate of all summer sessions is considered to be a summer semester. See **Section 3.c. in Part 2 - Registration** for information regarding financial support and maximum course load during summer session. See Summer Semester above for information on courses that run full term over the summer.

Tabula Rasa

Literally 'a clean slate.' A student who is required to withdraw from the University of Lethbridge may apply for readmission. Upon readmission, Tabula Rasa allows the student to retain credit for certain courses while the points and hours are removed from the student's record and the grade point average is rolled back to zero. This academic amnesty allows the student to retain credit for courses and to start over again with respect to grade point average. *Tabula Rasa* is available only in the Faculty of Arts and Science (see **Section 4.e.**, p. 99), the Faculty of Fine Arts (see **Section 4.e.2**, p. 172), and the Faculty of Health Sciences (see **Section 7.c.**, p. 197).

Term

For fall or spring, a 13-week semester. The summer term comprises a number of separate sessions. Summer Session I is six weeks, Summer Sessions II and III are three weeks each, and Summer Session II/III is six weeks.

Topics Course

A course which is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Each Topics course is identified by the number 2850, 3850, 4850 or 5850, and different offerings are indicated by the title of the particular section. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e., if each section taken has a different title).

A Topics course cannot be specified as a required course in any major or program.

Transferable Course

Courses offered at another post-secondary institution which may be awarded transfer credit, given successful admission of the student to an appropriate program at the University of Lethbridge.

Transferable Grade Point Average

The average of all grades a student is awarded for all completed transferable courses (including both passing and failing grades), whether or not these courses are actually transferred to a University of Lethbridge program.

Specified transfer credit corresponds directly to specific courses at the University of Lethbridge and satisfies specific program requirements. Unspecified transfer credit (1000-level unspecified, 2000-level unspecified, etc.) is granted in terms of approximating subject and course levels and may not satisfy specific program requirements.

Transfer Student

A student who has attended another post-secondary institution and who has been admitted to the University of Lethbridge with a minimum of nine (9.0) hours of transfer credit.

Tutorial

A scheduled class meeting time separate from the normal three hours per week in which a lecture is held. Tutorials allow opportunity for students to receive help from an instructor in specific areas, or to practice skills gained during lectures.

Unclassified Student

See **Open Studies Student**.

Undergraduate Student

A student enrolled in a program which leads to a bachelor's degree, a diploma or a certificate at the University of Lethbridge.
