MANDATE STATEMENT

The University of Lethbridge is a public, board-governed university operating as a Comprehensive Academic and Research University under the authority of the Post-secondary Learning Act of Alberta.

Founded on the principles of liberal education, the University of Lethbridge provides undergraduate and graduate programs in education, fine arts, health sciences, humanities, management, nursing, sciences, and social sciences, leading to bachelor's, master's and doctoral degrees. The institution also provides certificate programs, post-baccalaureate certificate programs, post-graduate certificate programs and post-master's certificate programs that lead to professional specialization, and open studies for lifelong learners.

The University of Lethbridge conducts pure and applied research and establishes and sustains facilities for pursuing original research. The University develops centres of research excellence in areas in which it has special expertise or that have particular relevance to the region or province. Programs of research, scholarship and creative activity include the study of fundamental issues for their intrinsic intellectual, aesthetic or philosophical interest, and of practical challenges of direct importance for social, cultural, economic or environmental well-being. The University of Lethbridge protects free inquiry and scholarship, facilitates access to scholarly resources, and supports artistic expression and the free and open scholarly discussion of issues.

In support of Campus Alberta, the University of Lethbridge collaborates with other institutions to ensure transferability within the province's post-secondary education system and delivers seamless learning opportunities. As part of this commitment, the University works with other institutions to provide degree completion opportunities for university transfer students and diploma graduates.

Across the spectrum of intellectual pursuit, the University of Lethbridge continually develops innovative programs and research collections in existing and emerging disciplines to meet the needs of students, society and the economy. This includes collaborating with First Nations, Métis and Inuit peoples to develop programs and collections that are relevant and accessible to them.

The University of Lethbridge serves a variety of student groups: undergraduate and graduate students; transfer students; high school graduates; First Nations, Métis and Inuit students; adult learners; international students; and immigrants. It also serves students through a campus in Calgary and, through distance learning technology, students across the province, the country and the world. The University of Lethbridge strives to make university-level education available to all Albertans, including those living outside major urban centres and those who have traditionally not sought university education.

The University of Lethbridge fosters a learning community that meets the educational and personal growth needs of its students. This learning community emphasizes teaching excellence, exposure to research, information literacy, interaction with professors and instructors, effective academic advising and personal counselling, and a spectrum of cultural, recreational and extracurricular opportunities. The University of Lethbridge values a high quality of teaching and emphasizes the mutually beneficial relationship between teaching and research. Other facilities and services, such as the Library, student residences, health services, theatres and other performance spaces, and sports and recreation facilities support and enrich the student experience and the lives of community members while respecting environmental sustainability. The University strives to enhance its educational environment through innovation and creativity.

The University of Lethbridge builds mutually supportive relationships and partnerships, addresses the cultural and societal needs of the communities it touches, and advocates the critical role that education plays in the growth and well-being of an informed society. The University further contributes to society by discovering, preserving, synthesizing and disseminating knowledge for the benefit of all.

OUR PROMISE

To our students, we make a promise:

A promise to do our best, so they can be their best.

A promise to foster exploration, to share ideas and information, to teach but also to learn.

A promise to build the buildings, acquire the technology, cultivate the partnerships, and welcome the people essential to advancing an environment that excites and ignites learning.

A promise to create an environment where professors and students are colleagues and everyone grows together, an environment that recognizes the power of every student's dream. And helps that dream come true.

DESTINATION 2022

Where we are going

We will be Canada's destination for all who seek a comprehensive, liberal education-based university that promotes a diverse and inclusive environment and inspires research-informed teaching and learning, creative discovery, scholarship, professional endeavour, experiential opportunities, and community engagement.

Who we are

The University of Lethbridge is Alberta's Destination University. Founded in 1967 on traditional Blackfoot land, we are a community that fosters an atmosphere of discovery, a welcoming place where students and faculty have the freedom to think, create and explore together. People are the essential resource of our institution; they define our university and are our greatest strength.

We are committed to the individual student as a person of ultimate worth. Our students learn within and beyond the classroom in research-intensive environments that offer connections with the diverse communities we serve. Students are taught by inspired scholars who integrate research and creativity with teaching.

Our motto, *Fiat Lux* ("Let There be Light"), and our founding principle of liberal education, continue to define and inspire us. We are committed to being the comprehensive academic and research university in Alberta that empowers individuals with broader knowledge and prepares them to think critically and creatively, communicate clearly, solve complex problems, and contribute fully to society. We give people more than an education: we give them a life trajectory and the tools to make a difference.

High quality is central to all that we do. Our commitment to maintaining high quality undergraduate and graduate academic programs is important to fostering a better society. High quality instruction and teaching are essential to our commitment to quality, as are the vibrant programs of research and creative activity that are a differentiating feature of our institution and a central part of our culture as a Comprehensive Academic and Research University. High quality facilities and services support our institution and its students, staff and academic staff.

The University of Lethbridge was born from the needs and aspirations of our local communities, and so access to our university is a foundational value. We are committed to providing student access to our high quality academic programs throughout the province, without creating unnecessary financial barriers. Community engagement with our university (and vice-versa) and the community use of our facilities are important to us.

Our liberal education foundation, combined with our student focus and research and creative excellence, enable a distinct student experience across two campuses in Alberta - Lethbridge and Calgary. The result is engaged citizens, who are intent on understanding relevant issues and on improving our region, our country and our world.

Why we exist

The University of Lethbridge exists to build a better society and inspire the minds of tomorrow.

- We create, discover, disseminate, and apply knowledge through free and critical inquiry and excellence in basic and applied research of regional and global impact.
- At the undergraduate and graduate levels, we develop creative discoverers and independent learners who understand their responsibility for critical thinking and scholarship.
- We prepare students for their personal and professional paths.
- We encourage and nurture creative expression.
- We pursue community engagement.
- We value, encourage and celebrate the talents and efforts of our students, faculty, staff, and alumni.

OUR FUNDAMENTAL PRINCIPLES

The University of Lethbridge is committed to the following fundamental principles:

OUR COMMITMENT TO SOCIETY

We adopt a global perspective and cultivate responsible citizens who contribute to build better societies.

We encourage and protect free inquiry and expression, and model collegial and civil debate, dissent and controversy to critically explore and resolve issues.

We share with our communities our research, scholarship, creative activities, facilities, resources and initiatives, involving our communities wherever possible. This helps us anticipate and respond to societal needs.

We promote diversity and gender equity, and ensure equal opportunity for participation.

We are committed to collaborating with First Nations, Metis and Inuit peoples and communities to ensure that our partnerships, and ensuing programs, meet the needs of these communities.

OUR COMMITMENT TO CREATIVITY, INQUIRY, AND DISCOVERY

We believe in academic freedom. Research and acquiring knowledge are inherent societal goods and ends in themselves.

We encourage and support research, scholarship, critical inquiry and creative performance, in all areas in which we teach, and in areas of special relevance locally, nationally and globally.

We conduct research in many forms, including that with the broadest scope and longest term, and communicate the outcome of these efforts. Wherever appropriate, we connect our research and scholarship to the needs and aspirations of the communities we serve.

We sustain, and provide access to, the scholarly resources and knowledge base needed for research, scholarship and creative activity.

OUR COMMITMENT TO STUDENTS

We offer students a liberal education, the best preparation for their future, which provides a wide base of knowledge and promotes academic skills that students can apply broadly.

We are student-centred, and help students achieve their full potential by facilitating their intellectual growth and personal excellence in an atmosphere of engagement within and beyond the classroom.

We are a comprehensive university, offering excellence in undergraduate and graduate university education, and striving for a balance between our focus on teaching and our commitment to research, scholarship and creative activities.

We promote effective teaching and learning, applying face-to-face learning, experiential learning, and online and distance learning where those delivery modes make the best sense.

We strive for inspirational teaching and learning, which takes place in an environment of respect, free from discrimination.

We expand horizons and develop a global mindset, educating our students to become citizens of a complex society, capable of making important contributions.

OUR COMMITMENT TO RESPONSIBLE ACTION

We emphasize ethical action and are environmentally, socially and financially responsible.

We practice procedural fairness and act in accordance with all applicable codes of professional and ethical practice and conduct.

We use leading technology effectively, to facilitate and enhance learning and research relationships among students, faculty members and other University stakeholders.

LIBERAL EDUCATION AT THE UNIVERSITY OF LETHBRIDGE

Liberal education has been a community tradition at the University of Lethbridge since its founding. Our approach to education continues to produce creative explorers and innovative thinkers who will lead in a complex global world. Our liberal education philosophy guides the academic and research activities that enable students to develop the skills to think critically and creatively, communicate clearly, work collaboratively, solve complex problems and contribute fully to society as engaged and informed global citizens and leaders. The collaboration and integration inherent in liberal education have distinguished the University of Lethbridge as an attractive destination for potential students. This transdisciplinary focus and transformational learning experience unify the University of Lethbridge and set our programming apart from other institutions. The qualities developed in a liberal education are important for citizens in a democratic society, and with these qualities, University of Lethbridge graduates gain a competitive advantage to succeed in their chosen disciplines.

“Liberal Education is an education that is ‘liberal’ in that it liberates the mind from the bondage of habit and custom, producing people who can function with sensitivity and alertness as citizens of the whole world.”

Martha C. Nussbaum, *Cultivating Humanity*, 1997

The School of Liberal Education was established to integrate liberal education programming throughout the University. Information on School philosophies and policies can be found in **School of Liberal Education, p. 81**.

THE UNIVERSITY

The University of Lethbridge is incorporated under the provisions of the *Post-secondary Learning Act* of the Province of Alberta with membership in the Association of Commonwealth Universities and Universities Canada. The University of Lethbridge participates with the universities and other post-secondary institutions of Alberta in a variety of co-operative programs and activities.

The University of Lethbridge was established in 1967 with a student population of 638. It has grown to a current population of roughly 8,700 full-time and part-time students, with approximately 600 graduate students and 600 international students from more than 80 countries. The University also offers programs at our Calgary campus, serving approximately 650 students. There are more than 43,000 University of Lethbridge alumni worldwide.

The University is situated on over 550 acres of traditional Blackfoot territory in west Lethbridge. University Hall, designed by architect Arthur Erickson, has received international acclaim for its architectural originality and functional design.

Lethbridge has a population of 99,000 and is located in southern Alberta, approximately 145 kilometres east of the Canadian Rockies and 95 kilometres north of the United States border.

Opening Fall 2019, our new Science and Academic Building will be one of the most advanced facilities in Canada for teaching and research in the sciences. This will give our students an incredible advantage as they work alongside faculty members and students from across disciplines to tackle the most perplexing issues facing our society today.

The University of Lethbridge is ranked sixth in the 2018 Maclean's University Rankings in the primarily undergraduate category, and ranked third in student services. The University of Lethbridge also ranked second in Research Infosource Inc.'s Undergraduate Research Universities of the Year (Undergraduate Category), 2018.

PROGRAMS

The University of Lethbridge offers Canada's premier learning experience. It is grounded in liberal education and committed to providing its students with small classes, a personal experience, and the most vital and engaging learning environment in the country.

THE UNIVERSITY SHIELD

The University of Lethbridge adopted its official Shield (shown left) in 1973, six years after the University's inception. Developed by a Senate committee with the leadership of University President Dr. William E. Beckel, the Shield design and Heraldic description was approved by the Senate on October 2, 1973 and ratified by the Board of Governors later that month.

The Shield was designed primarily in the University's colours of blue and gold. The gold sun on the blue shield represents southern Alberta. The blue and silver book above the gold and blue wreath represents the search for knowledge. The University's motto, 'Fiat Lux,' Latin for "Let there be light," is lettered on a gold and silver band below the shield.

In 2003, the original design was simplified (shown right). The new shield brings focus to the fiery sun with twisted Aztec rays and to the motto, 'Fiat Lux.'

UNIVERSITY OF LETHBRIDGE PRINCIPLES OF STUDENT CITIZENSHIP

A. PREAMBLE

Definition

Student means any person, including a faculty or staff member, who is:

1. Registered or enrolled in one or more credit or non-credit courses and programs at the University of Lethbridge for the current or a future term; or
2. Registered or enrolled in any University-sponsored program.

Purpose and Scope

These Principles of Student Citizenship define the University of Lethbridge's expectations for the behaviour of its students.

Application

The Principles of Student Citizenship apply to all students at the University of Lethbridge. They outline the behaviour that the University of Lethbridge expects of its students while they are on University premises, on professional practice assignment, on paid and volunteer placements, or off-campus for academic or University purposes.

Philosophy Behind the Principles

The educational environment at the University of Lethbridge encourages intellectual exchange, creativity, originality and discovery. It also emphasizes free inquiry and expression, diversity, equality and equal opportunity for participation. The Principles of Student Citizenship are designed to support and protect this educational environment by defining students' responsibilities as members of the academic community. These principles operate within the framework provided by the institution's *Statement of Philosophy, Vision, Mission and Fundamental Principles*.

The University of Lethbridge has a tradition of academic integrity and personal civility. The Principles of Student Citizenship aim to promote and continue this tradition.

B. FUNDAMENTAL PRINCIPLES OF STUDENT CITIZENSHIP

1. Students honour the following basic values of academic integrity:
 - a. Honesty in learning, teaching, research and service.
 - b. Respect of a wide range of thoughts, opinions and ideas; of colleagues, instructors and administration; and of the work of others.
 - c. Responsibility for upholding the integrity of scholarship and research.
2. Students conduct themselves in a manner consistent with the Fundamental Principles of the University of Lethbridge.
3. Students respect the rights of every student and faculty member to attain their educational goals fairly.
4. Students respect the health, safety and welfare of every member of the University of Lethbridge community.
5. Students respect and uphold the rights and freedoms of all members of the University of Lethbridge community, in accord with the principles articulated in the Canadian Charter of Rights and Freedoms.
6. Students treat with consideration the buildings, grounds, facilities and equipment of the University of Lethbridge.
7. Students strive to maintain collegial relationships with fellow students, peers, faculty, staff and administration.
8. Students abide by the policies, regulations, rules and procedures of the University of Lethbridge and its academic and administrative units.
9. Students abide by reasonable oral or written instructions given by University of Lethbridge personnel in the implementation of their duties to ensure compliance with institutional policies, regulations, rules and procedures.
10. All students accept the responsibility to abide by the University of Lethbridge Principles of Student Citizenship.

To view the entire version of the Principles of Student Citizenship, please visit www.uleth.ca/policy/principles-student-citizenship.

NOTICES TO STUDENTS

Regarding the Collection of Personal Data

THE COLLECTION OF PERSONAL INFORMATION

The University collects personal information pursuant to Alberta's *Post-secondary Learning Act (PSLA)*, Alberta's *Freedom of Information and Protection of Privacy Act (FOIP)*, and other applicable federal and provincial law.

The subsections which follow outline personal information collected by the University. Where there is a specific legal authority to collect information, it is noted in the subsection. Your personal information will be used for admission, registration, scholarships and awards administration, academic progress monitoring, planning and research, alumni relations, contacting you about University courses and services, and operating other University-related programs. The University may share and disclose your personal information within the University to carry out its Mandate and operations. Specific non-identifying data will be disclosed to relevant student associations, and to the federal and provincial governments to meet reporting requirements. For questions on the collection, use and disclosure of this personal information, please contact the University's FOIP Coordinator.

Address: 4401 University Drive W
Lethbridge, AB T1K 3M4
Attn: Privacy Officer
Email: foip@uleth.ca
Phone: 403-332-4620

The University's practices for the collection, use and disclosure of personal information about students, and this Notice, comply with the provisions of Alberta's *Freedom of Information and Protection of Privacy Act (FOIP)*.

THE OFFICIAL STUDENT RECORD

The Registrar of the University maintains the Official Student Record. It includes: information provided when an *Application for Admission* is submitted or when registration for and change to programs and courses are submitted; the student identification number; academic record; graduation status; and immigration status (collection is specifically authorized by the *Immigration and Refugee Protection Act*) correspondence. It is used to determine a student's eligibility for admission and registration; to track progress at the University; to contact the student when necessary; to confirm a student's status and identity; and to develop statistical reports (although the information in statistical reports is grouped to protect individual privacy of individuals).

Some personal information in the Official Student Record is available to and used by other units of the University in order to meet the University's Mandate. However, access to the Official Student Record is limited in accordance with the University's *Confidentiality of Student Records Policy* and the *FOIP Act*.

When a student is eligible, certain elements from the Official Student Record are used in the Alumni and Development Record. These are name, address, Faculty and graduation status. They are used for ongoing contact with alumni and for the University's development activities.

For further information about the Official Student Record, please contact the Registrar:

SCHOLARSHIPS AND STUDENT FINANCE

Scholarships and Student Finance collects specific personal information from and about students who have applied for scholarships, bursaries, awards and other financial aid. The information collected is determined by the donors of the financial aid and relates to specific eligibility requirements set by the donors. The University also administers student loan programs under contracts with the financial assistance in the form of federal and provincial loans, grants, bursaries and awards. Personal information collected from and about students who apply for Alberta and Canada Student Loans is authorized by the *Alberta Students Finance Act* and related regulations, and by the *Canada Student Loans Act*, the *Canada Student Financial Assistance Act* and the *Income Tax Act*, and pursuant to the *FOIP Act*.

The information collected by Scholarships and Student Finance is used to administer the University Awards Program (**Awards and Scholarships, p. 453**), the Alberta (Government) Scholarships Program and the loan programs of the provincial and federal governments.

For further information about personal information collected by Scholarships and Student Finance, please contact Scholarships and Student Finance:

HOUSING SERVICES

The Housing Services and Catering and Food Services offices collect personal information necessary to operate student housing and food services programs, including the assignment to housing units, financial records related to payment for housing, and food services.

For further information about personal information collected by the Housing Services and Catering and Food Services offices, please contact the Executive Director, Ancillary Services:

403-329-2213 housing@uleth.ca

INFORMATION TECHNOLOGY SERVICES

The University offers email services and computer access to students. The primary purposes of the service are to enable the students to contact one another and faculty members, participate in online research and discussions, and to allow assignments to be completed. Information Technology Services collects personal information about students in order to assign access to the University servers, monitor the use of University equipment in accordance with agreements signed by students to obtain access, and to obtain assistance with the use of University equipment.

For further information about personal information collected by Information Technology Services, please contact the Chief Information Officer:

403-332-4664 help@uleth.ca

FINANCIAL SERVICES

University Financial Services collects personal information about students in order to ensure debts owed to the University are recorded and collected. Required information is collected to ensure Canada Revenue Agency rules are followed to issue tax slips to students.

The information is used to determine eligibility to participate in University programs and activities, including ongoing registration for academic programs, graduation, Students' Union programs, Recreation Services programs, and Health Centre programs.

For further information about personal information collected by Financial Services, please contact the Manager, Revenue Accounting, Financial Services:

403-329-2391 financial.services@uleth.ca

HEALTH CENTRE

The Health Centre collects personal information that is necessary to operate clinical health services and to manage health care for students and University employees who visit the Health Centre. In addition to information collected under the general authority, the *Alberta Health Care Insurance Act* authorizes the collection of the individual's Alberta Health Care Insurance number or its equivalent for billing purposes. Collection of personal information by health practitioners and confidentiality of clinical records are also subject to the provisions of the *Alberta Health Disciplines Act*, *Health Facilities Review Act*, *Health Information Act* and *Medical Professions Act*.

For further information about personal information collected by Health Services, please contact the Manager, Health Centre:

UNIVERSITY OF LETHBRIDGE STUDENTS AND THE ALBERTA WORKERS' COMPENSATION BOARD

In 1985, the Alberta Workers' Compensation Board issued an Order under Section 7 of the *Workers' Compensation Regulation* which provides that the *Workers' Compensation Act* applies to students registered in and attending the University of Lethbridge (and other post-secondary institutions in Alberta) while they are in attendance. The Workers' Compensation Board coverage does not extend to students who suffer accidents while engaging or participating in extracurricular sporting, recreational, social or personal fulfillment activities which are not a current academic requisite or which are not required as a part of the course of study in which the student is registered. Workers' Compensation Board coverage means students are treated as employees when injured in an incident related to the course of studies.

The University's Risk and Safety Services is available to assist the student if a Workers' Compensation claim is required.

ERRATA AND ADDENDA

The University of Lethbridge Undergraduate Calendar and Course Catalogue is updated annually and is effective for the academic year that runs from May 1 to April 30.

From time to time, the Minister of Innovation and Advanced Education may provide the University with approval to offer new programs and majors. Such approval may be given after the Calendar has been published. In this event, the University will list newly approved programs and majors along with complete descriptions and requirements on the University website.

In addition, a list of corrections and post-publication updates to the print edition of the 2019/2020 Calendar will be posted at www.uleth.ca/ross/academic-calendar. The online edition of the Calendar may be changed to reflect these changes. Please check this web page regularly for information about changes.

ACADEMIC SCHEDULE

The University's Academic Schedule defines the academic year terms and sessions, as well as other important dates and deadlines for the institution. This includes holiday dates, deadlines for fees payments, adding and dropping courses, application for graduation, and other important related information.

Undergraduate students in internship/practicum/practice courses in the Faculty of Education or Faculty of Health Sciences may be required to complete hours outside of the regularly scheduled term. Term breaks, if scheduled, may be scheduled differently than what is presented in the Academic Schedule.

When a deadline date occurs on a weekend or Statutory or Civic Holiday, the deadline will be the next working day.

The Academic Schedule is also available online and contains a tentative schedule (subject to change) for Summer 2020 to Spring 2022. Updated information will be available from the Registrar's Office website at www.uleth.ca/ross/academic-schedule.

For admission application and document deadlines – see page 20.

I. INTRODUCTION

The University of Lethbridge is Canada's destination for all who seek a comprehensive, liberal education-based university that promotes a diverse and inclusive environment and inspires research-informed teaching and learning, creative discovery, scholarship, professional endeavour, experiential opportunities and community engagement.

Applications for admission to undergraduate programs are welcomed from Canadian and international applicants for fall term (commencing September) and spring term (commencing January). The University of Lethbridge imposes no admission limitations on the basis of provincial residence or citizenship.

Individuals who wish to study at the University, but who do not wish to be or who are not qualified to be admitted to a program of studies, may register in credit courses through **Open Studies** (see **Registration, Open Studies Student, p. 41**).

The Registrar's Office is responsible for all applications for admission:

Office: SU140 (Students' Union Building)
 Hours: Monday to Friday, 8:30 a.m. - 4:30 p.m.
 Email: inquiries@uleth.ca
 Phone: 403-382-7134
 Fax: 403-329-5159
 Web: www.uleth.ca/future-student/application

Admission information within this Calendar pertains to applicants beginning studies in the 2019/2020 academic year. Admission requirements for future years will be available upon approval at www.uleth.ca/ross/admissions.

2. ADMISSION PROCEDURES

a. Application for Admission

To apply for admission or readmission, applicants submit an *Application for Admission* accompanied by a non-refundable application fee (see **Fees, p. 45**). Applicants must apply using their full legal name and list any previous legal names on the application. By completing the application, applicants attest that the information they are supplying is complete and correct.

The application for admission to undergraduate programs may be submitted online at www.applyalberta.ca. Applicants may also download the application in PDF format from www.uleth.ca/ross/admissions.

Continuing students submit a *Request to Change a Program or Major* form (see **Continuing Students Changing Programs, p. 26**).

Only one application to the University of Lethbridge may be completed each term.

b. Submission of Transcripts and Documents

By submitting an *Application for Admission* or readmission, applicants authorize the University of Lethbridge to request transcripts on their behalf through ApplyAlberta from Alberta Education and/or participating post-secondary institutions in Alberta.

Applicants who have previously studied or are currently studying at institutions not participating in ApplyAlberta are strongly advised to arrange at the time of application for the submission of final, official transcripts (or interim transcripts if necessary final transcripts are not yet available) and any other required documentation. Final, official academic transcripts and any other documentation

requested by the University must be received on or before the document deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines and **Admission Documents, p. 33**).

c. Confirmation of Admission

All newly admitted and readmitted students are required to submit a *Confirmation of Admission* form and pay a non-refundable tuition deposit to confirm their acceptance of admission on or before the expiry date of the *Offer of Admission* (see **Fees, p. 45**).

d. Admission Appeals

Admission and readmission decisions are final. Admission decisions may not be appealed to any Faculty, School, or department of the University of Lethbridge.

3. GENERAL ADMISSION

The University of Lethbridge offers over 150 different programs. Many of these programs are available directly to high school graduates or non-matriculated applicants. Others require a year or more of university-level studies as preparation for admission.

This part of the Calendar outlines the minimum requirements for undergraduate admission at the University of Lethbridge. Individual programs may have additional requirements or higher standards for entry that must be met before admission to a specific program will be considered. Such requirements are detailed in the appropriate part of this Calendar:

Faculty of Arts and Science	p. 87
Faculty of Education	p. 137
Faculty of Fine Arts	p. 153
Faculty of Health Sciences	p. 177
Dhillon School of Business	p. 189
Combined Degrees	p. 213

Additional information for programs offered by the **School of Graduate Studies** is available in the **University of Lethbridge Graduate Studies Calendar and Course Catalogue** (www.uleth.ca/ross/academic-calendar).

4. APPLICATION DEADLINES

For **Application Deadlines**, please visit www.uleth.ca/ross/admissions/undergrad/deadlines.

5. GENERAL ADMISSION ROUTES AND ACADEMIC QUALIFICATIONS

Applicants are considered for general admission under the admission route most appropriate to their academic qualifications. All applicants are required to meet the English Language Proficiency (ELP) requirement (see **English Language Proficiency Requirement, p. 26**). Specific programs have additional admission requirements. For **Program Availability and Summary of Required Qualifications**, see tables beginning on **page 28**.

a. High School Admission Route

Applicants presenting high school (often referred to as secondary) credentials, will be considered for admission under the **High School Admission Route**. In order to maximize program and course choices, all applicants are encouraged to present a broad range of subjects for admission.

To qualify for general admission, applicants must have a final admission average of at least 65 percent.

When necessary for the purposes of calculating the admission average, the Registrar's Office will convert grades to the Alberta high school percentage scale. Grades and courses from outside Alberta that have been evaluated by agencies other than the original educational institution are subject to review and adjustment by the University of Lethbridge.

Only passing grades will be used in the average calculation. In cases where the applicant has repeated a secondary course, the highest grade will be used.

I. High School Requirements

a. Course Requirements

All Canadian high school applicants must present credit in five senior secondary courses, or equivalents, including one language arts course and at least four other courses.

For Canadian equivalent high school courses by province, please see www.uleth.ca/ross/admissions/undergrad/high-school.

Alberta, N.W.T., and Nunavut One academic English Language Arts course:

- English Language Arts 30-I

Three approved courses chosen from:

- Aboriginal Studies 30
- Art 30 or Art 31
- Biology 30
- Chemistry 30
- Choral Music 30, General Music 30, or Instrumental Music 30
- Dance 35
- Drama 30
- Mathematics 30-I or Mathematics 30-2
- Mathematics 31
- Physics 30
- Science 30
- Social Studies 30-I
- Five credits in Advanced-level CTS Computer Science (CSE)
- One or more distinct languages at the 30, 20-6Y, 20-9Y, or 20-12Y level*

One additional course than has not already been used:

- May be from the list above
- Must be at the 30 level
- Must be worth at least five credits (multiple courses worth a total of five or more credits can be used)
- Cannot be a Special Project

Note: *Instead of Mathematics 30-I students may use University of Lethbridge's Mathematics 0500.*

* 20-level courses will be removed from the list of approved courses for Fall 2020 admission.

b. Admission Average

The admission average for all Canadian high school applicants is calculated using the most advantageous combination of course requirements.

For applicants presenting both school and exam grades on Canadian high school courses, the

final (blended) grade will be used to calculate the admission average.

Applicants currently completing courses at Canadian high school may be considered for conditional admission on the basis of final Grade 11 grades. For this purpose, the applicant will provide final grades for Grade 11 and Grade 12 courses already completed.

The University reserves the right to rescind admission at any time should the student's admission qualifications fall below the minimum standard required for admission (see **Conditional Admission, p. 33**). When possible, the applicant will be offered admission to an alternate program for which they are eligible and will not be charged an additional application processing fee.

Applicants that apply by December 15 automatically qualify for the Board of Governors award.

2. International High School

Academic high school (secondary) qualifications from other countries are considered for admission (see www.uleth.ca/ross/admissions/undergrad/international/intreq_table).

Conditional admission is available to applicants currently completing high school courses outside of Canada. The University must receive an interim academic transcript or current report card in order to determine an admission average for general admission.

3. Advanced Placement Program

Advanced Placement (AP) credentials are recognized as a means of satisfying general admission requirements.

AP scores are converted as follows:

AP Score	Grade 12 Percentage
5	96%
4	86%
3	76%
2	65%
1	not acceptable for admission

AP Transfer Credit Policy

Students presenting AP credentials have the option at the point of admission of receiving transfer credit for approved courses where they have achieved a grade of '4' or higher. For course equivalents, refer to the University of Lethbridge Transfer Equivalency Database (TED) (www.uleth.ca/ross/ted). To be eligible for transfer credit, an official AP transcript must be received by the final official document deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines).

To obtain AP transcripts:

AP College Board ATP (Transcript Department)
P.O. Box 6671
Princeton, NJ 08451-6671
<https://apcore.collegeboard.org/scores/score-reporting> (University of Lethbridge College Code: 0855)

4. International Baccalaureate Program

International Baccalaureate (IB) credentials are recognized both as an admission route and as a means of satisfying general admission requirements:

Applicants presenting complete IB diplomas are guaranteed general admission to the University, subject to English Language Proficiency requirements and deadlines. Admission to specific programs is not guaranteed.

IB course grades are converted as follows:

IB Grade	Grade 12 Percentage
7	97%
6	84%
5	77%
4	65%
3	55%
2	not acceptable for admission
1	not acceptable for admission

IB Transfer Credit Policy

Students presenting IB credentials have the option at the point of admission of receiving transfer credit for approved courses in which they have achieved a grade of '5' or higher. For course equivalents, refer to the University of Lethbridge Transfer Equivalency Database (TED) (www.uleth.ca/ross/ted). To be eligible for transfer credit, an official IB transcript must be received by the final official document deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines).

To obtain IB transcripts

To request that an IB transcript be sent directly to the University of Lethbridge please visit www.ibo.org/programmes/diploma-programme/assessment-and-exams/requesting-transcripts.

5. High School Upgrading

The University of Lethbridge recognizes academic upgrading courses completed at post-secondary institutions in lieu of high school courses for admission and prerequisite purposes, including University of Lethbridge courses at the 0500 level. A list of recognized courses available at other Alberta post-secondary institutions may be obtained from <http://alis.alberta.ca/pdf/transferralberta/Upgrading.pdf>. Other courses will be considered on a case-by-case basis.

6. Home School

Home school applicants who present recognized secondary credentials will be considered for admission under the appropriate admission route.

b. Post-Secondary Admission Route

Applicants who have completed six or more transferable courses at one or more post-secondary institutions will be considered under the **Post-Secondary Admission Route**, as follows.

For **Program Availability and Summary of Required Qualifications**, see tables beginning on **page 27**.

1. Transferable Courses

To qualify for general admission, post-secondary applicants must present six or more completed transferable credit courses with an admission grade point average (GPA) of at least 2.00 (on the University of Lethbridge 4.00 GPA scale). Applicants presenting fewer than six transferable credit courses must also meet the **High School Admission Route (p. 20)** requirements.

All transferable post-secondary work completed by an applicant, as indicated on the transcript(s), will be used in determining admission eligibility.

Upon admission, completed post-secondary credit courses will be considered for transfer credit on a course-by-course basis for eligible post-secondary work. The number of courses considered to be transferable in the context of the admission decision may or may not coincide with the number of courses ultimately awarded transfer credit. For additional information, see **Transfer Credit (p. 34)**.

When necessary for the purposes of calculating the admission GPA and awarding transfer credit, the Registrar's Office will convert grades to the University of Lethbridge 4.00 GPA scale.

The University of Lethbridge does not award transfer credit on the basis of Prior Learning Assessment and Recognition.

Applicants who hold certificate credentials from credit programs at recognized post-secondary institutions may be eligible to receive transfer credit upon admission (see **Transfer Credit (p. 34)**).

2. College Diploma

An applicant who has been awarded a diploma credential from a recognized institution will be considered for admission. In all cases, University of Lethbridge program residence and time limit policies shall apply.

a. General Admission

Holders of two- or three-year college diploma credentials from approved post-secondary institutions, completed with a program GPA of 2.00 or higher (on the University of Lethbridge 4.00 scale), shall be eligible for general admission. The Registrar's Office will consult with the Faculty or School offering programs most closely related to the diploma credential program in regard to determination of sufficient academic merit. The higher of the diploma program GPA or GPA based on transferable courses (see **Transferable Courses, p. 22**) will be used for admission purposes.

Transfer credit will be awarded on a course-by-course basis, in accordance with approved transfer credit policies (see **Transfer Credit, p. 34**).

b. Post-Diploma Agreements

Where the University of Lethbridge has an agreement with a partner institution, an applicant who has been awarded a two-or three-year college diploma credential will be

considered for admission to the appropriate post-diploma program. For more information on partner institutions, see **Collaborating and Partnering Institutions (p. 499)**.

For post-diploma applicant program availability and required qualifications, see tables beginning on **page 31**.

3. Applied and Technology Degrees

Applicants presenting Applied or Technology degrees from recognized post-secondary institutions will be considered for admission under **College Diploma (p. 22)**.

Except when the Applied or Technology degree is the basis for admission to a post-diploma program, transfer credit will be awarded on a course-by-course basis, in accordance with approved transfer credit policies.

Applied and Technology degrees are not considered to be a basis of admission for second degree or graduate studies programs.

4. Previous Degree

Admission is based on highest level of education completed.

a. Undergraduate

Applicants who have completed an approved undergraduate degree with a minimum GPA of 2.00 (on the University of Lethbridge 4.00 scale) will be eligible for general admission to pursue a second undergraduate degree.

An approved degree is an academic baccalaureate degree requiring a minimum of 30 course equivalents (90.0 credit hours) or a graduate degree from a recognized degree-granting institution.

Previous courses completed as part of the credential are subject to the time limits of the appropriate Faculty or School. Please see the **After an Approved Degree** section for the appropriate Faculty or School and **Academic Regulations, Residence Requirements and Time Limits (p. 63)**.

Students are not normally eligible to pursue a second degree that is similar to one already completed at a recognized institution.

Generally, degrees with identical or closely related majors are considered to be similar.

International applicants who possess a related degree will be considered for admission on a case-by-case basis. The Registrar's Office will consult with the intended Faculty or School with regard to this matter as appropriate.

In order to register in courses as an admitted student, a student who has graduated from a University of Lethbridge program must successfully apply for admission to another program using the *Application for Admission*. Otherwise, such students must register using the Open Studies student route (see **Registration, Open Studies Student, p. 41**).

b. Graduate (Master's and Ph.D.)

Applicants who have completed an approved Master's or Ph.D. degree from a recognized degree-granting institution will be eligible for general admission to pursue an undergraduate second degree.

Students are not normally eligible to pursue a second undergraduate degree that is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. International applicants who possess a related degree will be considered for admission on a case-by-case basis. The Registrar's Office will consult with the intended Faculty with regard to this matter as appropriate.

5. Applicants with Unsatisfactory Post-Secondary Records

In addition to the standards outlined above, the following policies apply to applicants who have unsatisfactory records at other post-secondary institutions:

a. Required to Withdraw

Applicants who have been required to withdraw (or its equivalent) from another post-secondary institution will be considered for admission after the lapse of one year from the date of the required withdrawal. Where an applicant has been required to withdraw more than once from post-secondary institutions, the Registrar's Office may consult with the appropriate Faculty or School in consideration of admission.

If such applicants are offered admission to the University, without satisfactory intervening studies, it will be on the condition of academic probation. See the corresponding section for the appropriate Faculty or School for more information.

b. Suspension

Applicants under an order of suspension from another post-secondary institution will be considered for admission only with the written recommendation by the Registrar and approval of the Provost and Vice-President (Academic).

c. Expulsion

Applicants who have been expelled from another post-secondary institution will be considered for admission only with the written recommendation by the Registrar and approval of the Provost and Vice-President (Academic).

See also **Returning After an Absence (p. 25)**.

c. Adult Student (Mature) Admission Route

Applicants who are Canadian Citizens or Permanent Residents, at least 21 years of age by the first day of classes of the term of intended admission, and who do not fulfill requirements for any other admission route will be considered for general admission as outlined below. The number of seats available for Adult Student (Mature) Admission will be limited (as determined each term). Typically the number of seats will not be more than ten percent of the total admissions for high school applicants in a given fall or spring term.

All applicants are required to meet all program-specific requirements and one of the following:

1. **High School Admission Route (p. 20)** with an admission average of at least 60% with no transferable post-secondary courses
2. Minimum final grade of 65% in English 30-1 or 30-2, as well as passing grades in two other 30-level courses
3. Demonstrated potential for academic success and excellence in non-academic areas. Applicants are required to submit the following to Admissions:
 - a. Transcripts of all high school and post-secondary experience.
 - b. Standardized test scores, such as SAT or ACT, if available.
 - c. A *Letter of Intent* from the applicant including a statement on the applicant's potential for success in university studies, how the applicant's experiences since secondary school have contributed to this potential, the applicant's goals for the future, and why studies at the University will help the applicant to realize these goals.
 - d. A résumé, providing a summary of all educational, employment and volunteer experience.

Applicants who have unsatisfactory post-secondary academic records (i.e. a GPA less than 2.00 on the University of Lethbridge 4.00 scale) will not be considered for Adult Student (Mature) Admission (see **Post-Secondary Admission Route, p. 22**).

d. First Nations' Transition Program Admission Route

The First Nations' Transition Program (FNTP) is a first year credit program offered by the Faculty of Arts and Science that provides First Nations, Métis and Inuit (FNMI) students who are not fully admissible to the University of Lethbridge an opportunity to enter into the University. When space permits, those who qualify for general admission may also access the FNTP.

To be eligible for admission to the program, applicants must have been enrolled in high school until Grade 12 OR have been out of high school for at least one year and, at a minimum, hold credit for the following Alberta high school courses or their equivalents:

One academic English Language Arts course chosen from:

- English Language Arts 20-1
- English Language Arts 30-2

Three approved courses chosen from:

- Aboriginal Studies 20
- Biology 20
- Chemistry 20
- One Fine Arts course:
 - Art 30 or Art 31
 - Dance 35
 - Drama 30
 - Choral Music 30, General Music 30, or Instrumental Music 30
- Mathematics 20-1 or Mathematics 20-2
- Physics 20
- Science 20

- Social Studies 20-1 or Social Studies 30-2
- A 20-level language

Enrolment in the FNTP is limited. Students may be contacted by the Admissions Office or the Faculty of Arts and Science for further information.

Applicants to the FNTP who have been required to withdraw from the University of Lethbridge or another institution for academic reasons will be considered for admission without waiting for the lapse of one year and without completing additional university courses. Students admitted to the FNTP may be eligible for *Tabula Rasa* if their cumulative University of Lethbridge GPA is below 2.00 regardless of required withdrawal. For details regarding the granting of *Tabula Rasa*, see **Admission, Readmission after Required Withdrawal, p. 25**.

Students are encouraged to complete a range of 30-level high school courses, or equivalent, before application. Some option courses within the transition program have specific high school prerequisites (see **Course Catalogue (p. 291)** for details).

Students who complete the minimum course requirements of the FNTP and meet the Faculty of Arts and Science academic standards required for continuation (see **Arts and Science, Academic Standards, p. 92**), will be admitted to any Arts and Science undergraduate program for which they have the required prerequisite courses (see **Arts and Science, Admission, p. 90**). Those completing the FNTP with a GPA of at least 2.00 will be considered to have met general admission requirements for programs in the Faculty of Fine Arts, Faculty of Health Sciences, or Dhillon School of Business (see **Continuing Students Changing Programs, p. 26**). Some programs have additional admission requirements or higher standards for entry that must be met before admission will be considered.

e. English for Academic Purposes Admission Route

The English for Academic Purposes (EAP) program is a full-time, non-credit program offered by the English Language Institute (ELI) designed for students who are seeking admission into degree programs but have not met English Language Proficiency (ELP) requirements. Students who successfully complete the Advanced Level of EAP will satisfy the University's ELP requirement (for both undergraduate and graduate levels) and will not be required to submit a standardized English language test score (e.g., TOEFL, IELTS or CAEL) for University of Lethbridge admission.

Program entry is available in summer (May), fall (September), and spring (January) terms. Admission to the EAP program does not constitute admission to an undergraduate or graduate program at the University of Lethbridge. Applicants to an undergraduate or graduate program must meet all admission requirements specific to their program of study.

To be eligible for admission to the EAP program, applicants must have basic knowledge of the English language, equivalent to a score of 4.0 on the IELTS assessment (see **English Language Proficiency Requirement, p. 26** for further details regarding standardized English language tests). Applicants may submit standardized test scores to assist in determining their initial placement within the EAP program.

For application information, please see www.uleth.ca/international/eap. Additional information regarding EAP program requirements can be found within **University of Lethbridge International, p. 73**.

f. Standardized Test Admission Route

Applicants who present acceptable ACT or SAT scores will be considered for general admission.

In the case of the SAT written prior to March 2016, the applicant must present complete SAT (Critical Reading, Mathematics and Writing) and three additional SAT Subject Test scores. In the case of the SAT written after March 2016, a minimum combined Evidence-Based Reading and Writing plus Math (ERW+M) score of 1040 is required.

In the case of the ACT, a composite score of 20 is required.

Applicants are also required to meet program-specific admission requirements and therefore will be required to submit their high school transcript for review.

g. Dual Admission

Dual Admission is a specific post-secondary admission route available for some degree programs open to students enrolled in a Dual Admission Partner Institution (see **Dual Admission Partner Institutions, p. 502**).

Students admitted and enrolled in a Partner Institution may be eligible to participate in dual admission. Students who meet Partner Institution and University of Lethbridge admission requirements and are enrolled in the Partner Institution may apply for general admission at the University of Lethbridge. Students who do not meet University of Lethbridge admission requirements may take courses at the Partner Institution to prepare for eligibility.

Students begin the application process at the Partner Institution. It is highly advised students seeking dual admission meet with an academic advisor from the Partner Institution.

Individuals enrolled in a Partner Institution who do not meet admission criteria or timelines are still invited to apply to the University of Lethbridge through the Post-Secondary admission route (see **Post-Secondary Admission Route, p. 22**).

To learn more about dual admission, please visit the website www.uleth.ca/ross/admissions/undergrad/dual-admission).

h. Returning After an Absence

All students returning to the University of Lethbridge after an absence of one or more fall or spring terms must apply for readmission according to current application procedures and deadlines.

1. Applicants who were previously admitted to the University, left after completing one or more terms, and have not completed any transferable courses at another institution during the absence will be considered for readmission to their previous program of study in accordance with the policies of the relevant Faculty or School (refer to the Admission information in the applicable Faculty or School part of the Calendar).

2. Applicants who are seeking readmission to a different program of studies or who have completed transferable courses at another post-secondary institution during the absence must meet current admission requirements for the program they are intending to pursue (see **Post-Secondary Admission Route, p. 22**).

3. If readmitted, applicants who were on academic probation upon leaving the University will be readmitted on condition of academic probation. See the corresponding section for the appropriate Faculty or School for more information.

4. Readmission after Required Withdrawal

Applicants seeking readmission after required withdrawal from the University of Lethbridge will be considered for admission after the lapse of one year from the date of required withdrawal, in accordance with the policies of the Faculty or School offering the program for which they are seeking admission. See **Faculty of Arts and Science (p. 87)**, **Faculty of Education (p. 137)**, **Faculty of Fine Arts (p. 153)**, **Faculty of Health Sciences (p. 177)**, and **Dhillon School of Business (p. 189)**.

Tabula Rasa will be granted to all first-degree University of Lethbridge students upon readmission to the University after required withdrawal for unsatisfactory academic performance. *Tabula Rasa* will be granted only once, upon readmission after the first required withdrawal. Credit is retained for all previous courses completed with a grade of 'C-' or above, or 'P' or 'CR', up to the following limits (including transfer courses):

Single Degree Programs

B.A., B.Sc., B.Asc., B.F.A. - Art, B.F.A. - Dramatic Arts, B.F.A. - Multidisciplinary, B.F.A. - Native American Art, B.F.A. - New Media, B.Mus., B.H.Sc., B.N., B.T.R., B.Mgt.	20 ungraded courses (60.0 credit hours)
--	--

Combined Degree Programs

All with B.A., all with B.Sc., B.F.A. - Art/B.Ed., B.F.A. - Dramatic Arts/B.Ed., B.F.A. - New Media/B.Ed., B.Mus./B.Ed., B.H.Sc./B.Mgt., B.Mgt./B.Ed.	15 ungraded courses (45.0 credit hours)
---	--

Post-Diploma Programs

B.A., B.Sc., B.Asc., B.F.A. - Art, B.F.A. - Dramatic Arts, B.F.A. - Multidisciplinary, B.F.A. - New Media, B.Mus., B.H.Sc., B.T.R., B.Mgt.	5 ungraded courses (15.0 credit hours)
--	---

Applicants readmitted to the University after being required to withdraw are readmitted on condition of academic probation. See the corresponding section for the appropriate Faculty or School for more information.

Where an applicant has been required to withdraw more than once, the Registrar's Office may consult with the appropriate Faculty or School in consideration of admission.

5. Readmission after Suspension

Applicants who left the University under an order of suspension will be considered for readmission to their previous program of study upon expiry of the period of suspension and fulfillment of any other requirements defined in the order of suspension, in accordance with 1. and 2. above.

6. Readmission after Expulsion

Applicants who left the University under an order of expulsion will be considered for admission only with the recommendation of the Registrar in consultation with the Dean of the program from which the student was expelled, and the written approval of the Provost and Vice-President (Academic). Such approval shall not normally be given before the expiry of three years.

Such applicants will be considered for readmission to their previous program of study in accordance with 1., 2. and 3. above.

i. Continuing Students Changing Programs

A continuing student who wishes to change their academic program or major will apply by submitting an *Application for Admission for Continuing Students*.

All applicants must meet the additional admission requirements for the program to which they are applying as defined by **Program Availability and Summary of Required Qualifications (p. 27)**.

a. Competitive Programs

Applicants seeking to change to competitive programs must meet the GPA requirements as defined by **Program Availability and Summary of Required Qualifications (p. 27)**.

b. Non-Competitive Programs

Applicants must meet the minimum academic standing requirement of the Faculty or School to which they are applying (see **Academic Standards** within each Faculty or School part of this Calendar).

In the case where the program or major to which the student is applying has been introduced after the student's current Year of Calendar, the application will be considered for the calendar year for which they are applying.

Students who have graduated from a University of Lethbridge program must successfully apply for admission as a previous degree applicant (see **Previous Degree, p. 23**).

6. INTERNATIONAL STUDENTS

a. Academic Qualifications

All applicants must present qualifications comparable to those of Canadian applicants:

- Applicants who have completed appropriate secondary qualifications will be considered for admission under the **High School Admission Route (p. 20)** (see www.uleth.ca/ross/admissions/undergrad/international/intreq_table for requirements for specific countries).
- Applicants who have completed studies at recognized post-secondary institutions will be considered for admission under the **Post-Secondary Admission Route (p. 22)**.
- All applicants must meet additional admission requirements specific to their program (see **Program Availability and Summary of Required Qualifications, p. 27**).

b. Deferral of Admission

International applicants who are eligible for admission will receive an *Offer of Admission* to both the initial term specified and the next term of admission to their program, provided it is within one calendar year of the term to which the applicant initially applied (i.e. an applicant may receive an *Offer of Admission* for fall or spring, but not for fall of one year and fall of the next). The applicant must then specify on their *Confirmation of Admission* form which term offer they are accepting.

International applicants who have accepted the first term specified on their *Confirmation of Admission* may be eligible to defer admission to the second term offered if they are unable to attend the University of Lethbridge as initially indicated. An applicant may only defer admission to the second term indicated on their *Confirmation of Admission*. Applicants who initially accepted for the second term listed on their *Confirmation of Admission* may not defer to a later term.

Only one deferral will be granted per application. The non-refundable tuition deposit (see **Fees, p. 48**) will be moved to the deferred admission term.

Applicants to programs that offer admission only once per calendar year, or those who would prefer an admission date later than the next available term, must re-apply to their desired program. If an applicant chooses to re-apply, the initial tuition deposit will not be transferred to a future term.

7. ENGLISH LANGUAGE REQUIREMENTS

English is the primary language of instruction and communication at the University of Lethbridge. Prior to registration, all undergraduate students must demonstrate English language proficiency sufficient to meet the demands of classroom instruction, written assignments and participation in tutorials and discussions, regardless of their citizenship status or country of origin.

There are two types of English requirements that apply to applicants to the University of Lethbridge:

- **English Language Proficiency (ELP)** - admission requirement for all applicants to undergraduate programs.
- **Spoken English Language Proficiency (SELP)** - admission requirement for applicants to programs offered by the Faculty of Health Sciences (see **Health Sciences, p. 181**).

a. English Language Proficiency Requirement

The English Language Proficiency (ELP) requirement applies to all applicants to undergraduate programs, regardless of citizenship or country of origin. The University of Lethbridge reserves the right to determine and publish adequate levels of language proficiency.

Note: *The following policies do not apply to Exchange students.*

Proficiency in English may be demonstrated through any of the following means:

- I. High School
 - a. Alberta English Language Arts 30-I diploma examination, or equivalent, with a minimum grade of 75 percent.
 - b. Alberta English Language Arts 30-I, or equivalent, with a minimum final (blended) grade of 80 percent.

- c. Successful completion of a minimum of three consecutive years of full-time academic study in English at a secondary school or post-secondary institution in Canada or another country where English is recognized as the primary language (see **Recognized Countries**, below). English as a Second Language of study is not considered academic.
2. Post-Secondary
- a. Successful completion of a minimum of three consecutive years of full-time academic study in English at a secondary school or post-secondary institution in Canada or another country where English is recognized as the primary language (see **Recognized Countries**, below). English as a Second Language of study is not considered academic.
- b. Successful completion of an academic diploma, applied degree, or baccalaureate degree, requiring at least two years of full-time study, at a recognized post-secondary institution in Canada where the language of instruction is English (see **College Diploma, p. 22**).
3. English for Academic Purposes (Must have been completed within two years prior to the date of application).
- a. Successful completion of the Advanced Level of the University of Lethbridge English for Academic Purposes (EAP) program (see **p. 74**).
- b. A passing grade in an EAP program accepted as a means of satisfying ELP by another recognized Canadian university, and whose ELP requirement is at least as demanding as that of the University of Lethbridge.
- c. A passing grade in an EAP program approved by the Manager of Admissions.
4. ELP Assessments (Must have been completed within two years prior to the date of application).
- a. Test of English as a Foreign Language (TOEFL) with minimum scores of:
- 550 on the paper-based TOEFL* and 4.0 on the Test of Written English (TWE); or
 - 80 on the internet-based TOEFL (iBT), with minimum scores of 16 in each of Listening, Reading, and Speaking, and a minimum score of 18 in Writing.
- Website: www.toefl.org (University of Lethbridge Destination Institution (DI) code: 0855)
- b. Academic International English Languages Testing System (IELTS) test with a minimum overall score of 6.0, and a minimum 6.0 in each band.
- Website: www.ielts.org
- c. Pearson Test of English (PTE) Academic score with a minimum overall score of 54.
- Website: www.pearsonpte.com
- d. Canadian Academic English Language (CAEL) Assessment with a minimum overall score of 60, a minimum of 50 in each of Listening, Reading, and Speaking, and a minimum of 60 in Writing.
- Website: www.cael.ca
- e. Cambridge English: Advanced (CAE), with a minimum score of 'C'.
- Website: www.cambridgeenglish.org/exams/advanced
- f. Cambridge English: Proficiency (CPE), with a minimum score of at 'C'.

- *Effective October 14, 2019, the paper-based TOEFL will no longer be accepted.
5. Recognized Countries
- For the purposes of administering the ELP requirement, the University of Lethbridge recognizes designated countries where the primary language is English (see www.uleth.ca/ross/admissions/elp).
6. Required Documentation
- All proof of English proficiency must be provided on official academic transcripts or standardized test score reports. Standardized test scores must be valid and verifiable.
8. **PROGRAM AVAILABILITY AND SUMMARY OF REQUIRED QUALIFICATIONS**
- These tables provide a summary of the admission requirements for each program offered at the University of Lethbridge. In the event of a discrepancy between the detailed admission requirements detailed in the program section of the Calendar and the information provided here, the requirements detailed in the program section will prevail. The Combined Degrees table begins on **page 29**, and the Post-Diploma and After Degree table begins on **page 31**.

9. ADMISSION DOCUMENTS

The University of Lethbridge requires official documents to support each application for admission and reserves the right to request any documentation that might reasonably be required to evaluate the applicant's eligibility for admission or transfer credit.

The University will consider unofficial documents to make an admission decision. Any *Offer of Admission* made on the basis of unofficial or interim documents will be conditional upon receipt of final official documents. Such documents must confirm the applicant's eligibility for admission, including current competitive admission standards. To be considered official, documents must be received by the University directly from the issuing institution.

By submitting an *Application for Admission*, applicants authorize the University of Lethbridge to request academic transcripts on their behalf from Alberta Education and/or post-secondary institutions participating in ApplyAlberta. Applicants who have attended institutions not participating in ApplyAlberta must arrange to have official academic transcripts sent directly to:

Registrar's Office
University of Lethbridge
4401 University Drive West
Lethbridge, Alberta, Canada
T1K 3M4

It is the responsibility of the applicant to ensure that all required documents are received by the final official document deadline.

a. Documents not Issued in English or French

Certified English translations are required for all admission documents that are not issued in either English or French. Certified English translations are required for all course materials submitted for transfer credit assessment that are not issued in English.

b. Confidentiality of Application Documents

Applications for admission and all supporting documents are collected, managed and retained in accordance with the *Confidentiality of Student Records* policy.

All documents received in support of an application become the property of the University and will not be released or copied except to other employees of the University as required by University procedures regarding admission, registration and awards and financial support administration.

c. Misrepresentation/Falsified Documents

Admission and transfer credit decisions are made on the basis of complete and accurate information provided to the University by the applicant or by other institutions at the request of the applicant. The integrity of the admissions process is dependent on the honesty of the applicant.

Applicants are required to disclose all secondary and post-secondary institutions where any course registrations were made, and to arrange for all official transcripts to be sent directly to Admissions. Applicants who fail to meet these requirements may have their admission and registration cancelled and/or lose transfer credit.

For the purposes of this section, the term 'documents' refers to all transcripts, letters of reference, test results, portfolios, and other documents or statements submitted

by an applicant or student, or on behalf of an applicant or student, supporting an *Application for Admission* or readmission to the University of Lethbridge or transfer credit assessment.

The submission of documents containing false identifying information, statements or intentional omissions of required information constitutes misrepresentation of a student's admission qualifications.

The submission of altered documents and/or the failure to provide all admissions documents constitutes the falsification of documents.

Where there is evidence that an applicant or student has 1) submitted, or arranged for the submission of, an application for admission purposes with false statements or intentional omissions; and/or 2) failed to provide any related document; and/or 3) submitted falsified documents, the University reserves the right to revoke admission and registration, according to the following procedures:

1. The Manager of Admissions will review the alleged offence(s) with the applicant or student and advise the student to refer to the Misrepresentation/ Falsified Admission Documents policy in this section. Should the Manager of Admissions determine that the alleged offence(s) have occurred, he/she will provide the student with a letter of reprimand and place a copy in the student's official file, and may take any or all of the following additional actions:
 - a. Disqualify the applicant or student from future consideration for admission for a definite or indefinite period of time.
 - b. Notify other educational institutions regarding particulars of the incident.
 - c. Revoke the applicant's or student's admission status and/or registration privileges, up to and including immediate and permanent dismissal from the University.
 - d. Enter a notation on the applicant's or student's academic transcript as follows: "Suspended due to submission of false documents."
2. The applicant or student will have seven working days after the date of the letter in which to appeal in writing to the Registrar. In the absence of an appeal received by the Registrar within the seven-day period, the Manager of Admissions will action the penalties outlined in the letter of reprimand.

10. CONDITIONAL ADMISSION

Admission decisions are based on the information available at the time that the application is reviewed. Conditional *Offers of Admission* may be issued in anticipation of fulfillment of the admission requirements by the appropriate deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines).

Offers of Admission are not reissued upon fulfillment of the conditions. However, the Registrar's Office will issue a letter confirming that all conditions have been met upon request by the applicant.

Admission may be rescinded and/or registration privileges may be restricted if official documentation that confirms the applicant's eligibility for admission is not received by the Registrar's Office by the appropriate deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines). In cases where the applicant does not fulfill the specific requirements

or maintain a competitive admission average, the University will offer the applicant admission to an alternate program, if possible. If a decision to rescind an *Offer of Admission* is made within two weeks prior to the start of or during the term, and admission to an alternate program is not possible, the applicant may be allowed to complete the term as an Open Studies student (see **Registration, Open Studies Student, p. 41**). See also **Misrepresentation/Falsified Documents (p. 33)**.

a. Applicants Currently Attending High School

Offers of Admission to applicants who are currently completing secondary courses at a high school or upgrading at a post-secondary institution, in Canada or elsewhere, will be conditional upon satisfactory completion of courses in progress. Satisfactory completion is defined as final grades and averages that meet or exceed the minimum general and program admission requirements, including current competitive standards.

b. Applicants Currently Attending Post-Secondary

Offers of Admission to applicants who are currently attending a post-secondary institution in Canada or elsewhere, including the University of Lethbridge, will be based on all courses and grades reported to date, provided they are in their last year of study at their current institution. Such offers will be conditional upon satisfactory completion of all outstanding courses prior to the appropriate deadline. Satisfactory completion is defined as final grades and GPAs that meet or exceed the minimum general and program admission requirements, including current competitive standards.

c. Conditional English Language Proficiency

Conditional English Proficiency Admission may be offered to applicants:

1. Whose academic qualifications satisfy the requirements of the program they seek, and;
2. Who have not met the University's English Language Proficiency (ELP) requirement (see **p. 26**).

An applicant who is offered Conditional English Proficiency Admission is admitted to an academic program conditional upon meeting the University's ELP requirement (see **English Language Proficiency Requirement, p. 26**).

Applicants admitted via the conditional English Proficiency Admission route who wish to fulfill the ELP requirement by successfully completing the University's EAP program must apply to the EAP program as directed in the *Offer of Admission* letter (see **English For Academic Purposes (EAP), p. 74**).

Upon satisfying ELP (see **p. 26**), students admitted via the conditional English Proficiency Admission route may commence their full academic programs as undergraduate students. Such applicants will be governed by the Year of the Calendar in effect at the time that they commence their academic program (see **Year of the Calendar, p. 36**).

EAP students are considered to be full-time students while continuously enrolled in EAP classes.

II. TRANSFER CREDIT

Many applicants are eligible to have some or all previous post-secondary credit courses assessed for transfer credit toward completion of their University of Lethbridge program. Transfer of credit serves to reduce the number of courses that must be completed at the University of Lethbridge in order to complete a program of studies. Not all transfer credit awarded will necessarily satisfy program requirements.

Transfer of credit is not available to students enrolled in classes at the University who have not been admitted to programs (i.e., transfer of credit is not available to exchange, Open Studies, or visiting students). See also **Academic Regulations, Waiver of Prerequisite/Corequisite (p. 62)**.

The University of Lethbridge Transfer Credit Equivalencies Database (TED) provides information about prior assessment of courses completed at other post-secondary institutions for credit at the University of Lethbridge (see www.uleth.ca/ross/ted). Transfer Alberta provides information on previously approved transferable courses and programs between many post-secondary institutions in Canada and the University of Lethbridge (see www.transferalberta.ca).

a. Transfer Policies

1. The University of Lethbridge recognizes courses completed for credit at other post-secondary institutions in accordance with the Alberta Council on Admissions and Transfer (ACAT) member institutions and other accredited post-secondary institutions. The University of Lethbridge aligns its transfer policies with the Pan-Canadian Protocol on the Transferability of University Credits, and the Lisbon Recognition Convention. The assessment of a credit course will take into account factors such as course level and learning outcomes. Credit is awarded subject to meeting minimum grade and program requirements.

The Province of Alberta recognizes four Comprehensive Academic and Research Universities (CARUs) within the Campus Alberta system: the University of Lethbridge, Athabasca University, the University of Alberta, and the University of Calgary. Alberta's CARUs are committed to the advancement of Campus Alberta goals, including enhanced learner movement within the advanced education system. To facilitate mobility, the four CARUs accept each other's credit courses for transfer, subject to meeting minimum grade and program requirements.

2. Transfer credit will be awarded only for courses transferring as University of Lethbridge courses numbered 1000 or higher.
3. Transfer credit for previously completed post-secondary courses is assessed and awarded at the point of admission to a University of Lethbridge program. Detailed course outlines and other course materials may be necessary to assess previously completed courses for transfer credit. When such materials are requested, they must be submitted to the Registrar's Office by the **end of the student's first term** as an admitted student. Certified translations must accompany materials not written in English. Failure to provide requested materials relieves the University of Lethbridge of responsibility to award transfer credit.

4. It is the responsibility of the applicant to provide, as support for the application for admission or readmission or transfer credit assessment, full and complete information on all post-secondary attendance. Failure to do so relieves the University of responsibility to award transfer credit and may lead to the rescinding of admission and cancellation of registration (see **Misrepresentation/Falsified Documents, p. 33**).
 5. Transfer credit is awarded at the institutional level for credit courses in accordance with University of Lethbridge program and residence requirements (see **Academic Regulations, Residence Requirements and Time Limits, p. 63**). Students must review the institutional transfer credit awarded and their program requirements to determine which transferable courses can be used to meet their program requirements. Not all credit awarded will necessarily satisfy program requirements. Students should consult with the appropriate academic advising office if they have questions regarding which awarded transfer credit may be used to meet their program requirements after admission and if they later change to a different program.
 6. Transfer credit may be awarded only for courses that were completed and assigned a passing grade. Courses transferred for credit are subject to program policies regarding minimum grade requirements.
 7. A course shall be counted only once to satisfy the requirements of post-secondary degree qualifications. Transfer credit will not be awarded for courses used for credit toward another baccalaureate degree.
 8. Courses may be assessed and combined for the awarding of transfer credit at the University of Lethbridge only if they were taken at the same post-secondary institution. The University does not combine courses completed at more than one post-secondary institution to assess and award transfer credit for a University of Lethbridge course.
 9. Transfer credit will not be awarded in place of courses previously successfully completed at the University of Lethbridge.
 10. Transfer credit will not be awarded for courses in Theology or Ministerial Preparation, or courses completed at private vocational schools.
 11. The University of Lethbridge does not award transfer credit on the basis of Challenge for Credit or Prior Learning Assessment and Recognition.
 12. Transfer agreements reflecting courses approved for transfer from member institutions of the Alberta Council on Admissions and Transfer are published in the Alberta Transfer Guide (www.transferalberta.ca). A published transfer arrangement will also be honoured for students who completed the course in the year prior to the effective date.
 13. Use of Transfer Course Grades
Transfer credit is awarded as ungraded credit and grades earned on transfer courses are not included in official grade point average (GPA) calculations.

For the purposes of calculating admission GPAs, actual grades earned will be preserved in the student's official record and converted to the University of Lethbridge 4.00 GPA scale as necessary, with the exception of courses completed by admitted students on an authorized exchange program, which are preserved only as Pass/Fail.
The Registrar's Office shall develop and apply grade conversion standards, under the authority of the Admission Standards Committee.
 14. Transfer of Credits for University of Lethbridge Students Studying Elsewhere
Continuing students who are required to or wish to take courses offered by other post-secondary institutions for credit toward their program at the University of Lethbridge must obtain Visiting or Exchange Student Authorization from their Faculty or School. The courses to be taken during the visiting or exchange term must be specified at the point of approval.
Course materials may be requested to assess the proposed courses for transfer credit. Visiting students must provide certified translations for any course materials not written in English.
Approved transfer credit will be awarded by the Registrar's Office upon receipt of official academic transcripts from the designated institution. It is the student's responsibility to arrange for the submission of an official academic transcript.
Transfer credit will only be awarded when Visiting or Exchange Student Authorization is obtained in advance of the completion of studies.
Further information on registration procedures for visiting and exchange students may be found in **Registration, Visiting and Exchange Students (p. 40)**.
 15. The Registrar's Office is responsible for maintaining records of all transfer evaluations at the University, which shall serve as the standards for future evaluations.
 16. The Registrar's Office is the final authority with respect to the evaluation and assignment of transfer credit.
- b. Re-evaluation of Transfer Credit Decisions**
A student wanting to contest a decision regarding a transfer credit evaluation shall have **one full year** from the beginning of the term of admission to submit additional documentation in a petition for re-evaluation of the transfer credit decision. The petition for re-evaluation shall be made in writing to the Registrar's Office and must set out the student's rationale for seeking a re-evaluation.
The University of Lethbridge will only re-evaluate a course for transfer credit once per student when a petition for re-evaluation is accompanied by additional, sufficient, supporting documentation from what was originally submitted and/or requested (E.g. course scheduling information, course assignments, requisites). The outcome of the transfer credit re-evaluation, including rationale, shall be communicated in writing to the student upon completion of the assessment process.

12. INFORMATION FOR INCOMING VISITING STUDENTS

Individuals currently enrolled in a degree program at another recognized degree-granting institution who wish to enrol in courses at the University of Lethbridge for credit at their home institution are advised to request a *Letter of Permission* issued by their home institution.

Visiting students register for courses as Open Studies students. It is the responsibility of the Visiting student to meet any applicable course prerequisites. Registration in specific courses is not guaranteed. For additional information, see **Registration, Open Studies Student (p. 41)**.

13. INFORMATION FOR INCOMING EXCHANGE STUDENTS

Exchange students are admitted on the basis of formal agreements between the University of Lethbridge and another post-secondary institution. Students who would like to participate in an exchange program at the University of Lethbridge apply through their home university.

Exchange students register for courses as Open Studies students. It is the responsibility of the exchange student to meet any applicable course prerequisites. Registration in specific courses is not guaranteed. For additional information, see **Registration, Open Studies Student (p. 41)**.

English Language Proficiency requirements do not apply to exchange students.

14. GENERAL POLICIES FOR ALL APPLICANTS

a. Student Status

A person who has applied for admission to a program of studies in an undergraduate or graduate program at the University of Lethbridge, either in a full-time, part-time, visiting or any other category of admission, shall not be considered a 'student' for the purposes of the rights and privileges accorded to a student of the University of Lethbridge, until the date that the person commences academic studies at the institution.

This same restriction in its entirety applies to Open Studies students and authorization to register.

b. Access to Courses

The University of Lethbridge guarantees that admitted students will have timely access to courses required to complete the student's program. However, admission to the University does not constitute a guarantee that a student will be able to register for any particular course in a given term.

c. Enrolment Limits

The University of Lethbridge does not guarantee that students who meet the published minimum requirements will be admitted to any Faculty or School, program, or major. In cases where the number of qualified applicants exceeds the number that can be accommodated, the University reserves the right to limit enrolment in a Faculty or School, or program and to establish minimum criteria beyond the minimum published requirements without advanced notice.

d. Year of the Calendar

A student admitted or readmitted to the University is governed by the **program requirements of the Calendar in effect at the time of the most recent admission** (see **Academic Regulations, Program Requirements, p. 63**).

Transfer students from institutions other than those with which the University has established transfer arrangements will be treated according to current policies for new student admissions, and therefore be subject to all the requirements of the Calendar in effect at the time of the most recent admission.

Students continuously registered in a formally-approved transfer program or in transferable courses at a post-secondary institution in the Alberta Council of Admission and Transfer are normally admitted and governed under the Calendar of the year of admission to the University of Lethbridge. However, students may opt to be governed by any Calendar from the one in effect at the point of most recent admission to the Transfer Alberta system to the Calendar in effect at the point of admission to the University of Lethbridge by applying to their Faculty or School Academic Advising or Student Program Services office.

The University also recognizes transfer arrangements with the College of the Rockies, Medicine Hat College and Selkirk College. Students who attend the University of Lethbridge under the dual admission agreement will be subject to the Academic Calendar in effect at the point of admission to the University of Lethbridge.

e. Simultaneous Enrolment

No student will be permitted to enrol in a University of Lethbridge credential program while simultaneously working towards a degree or diploma at another institution. This policy does not apply to students studying at a partner institutions who have been admitted under the University of Lethbridge's Dual Admission (see **Dual Admission, p. 25**) or Dual Degree agreement with that institution.

15. CAVEAT - AUTHORITY TO RESCIND ADMISSION/REGISTRATION PRIVILEGES

- a. Until modified by resolution of the Board, the President shall have the power and authority in his/her capacity as President, and as representative of the Board of Governors, to rescind any application for admission to an undergraduate studies program or graduate studies program at the University of Lethbridge, either in a full-time, part-time, visiting, or any other category of admission, at any time prior to the date that the applicant commences academic studies at the University or the first day of the academic term/session for which the application applies, whichever shall occur last.

This same presidential authority in its entirety applies to Open Studies students and authorization to register.

- b. The powers of the President to rescind any application for admission or any applicant, or to rescind authorization to register from Open Studies students, may be exercised in any circumstance where the President in his/her sole discretion determines that:
 1. The individual represents a potential risk to the safety, security or well-being of members of the University community, including, but not restricted to, students, faculty, and administration.
 2. The best interests of the University outweigh the inclusion of the individual as a student at the University.

- c. The foregoing powers of the President may be exercised, notwithstanding that an applicant may have been provided a notification of acceptance into a program or course of study at the University of Lethbridge, and any such decision shall be final and without appeal to any body in the University of Lethbridge.
- d. Such students may be considered for Open Studies status or readmission only by the President, normally after the lapse of one year. Students must provide evidence that the issues leading to the rescinding of admission/registration privileges have been addressed.

16. EXPLANATION OF TERMS

Accredited or Recognized Institution - Generally, an accredited or recognized post-secondary institution is one approved by the government of the country in which it is located to grant degrees, diplomas or certificates, or to provide post-secondary courses leading to these qualifications, or one licensed for post-secondary education purposes.

Credit, specified and unspecified - Advanced course credit may be granted in terms of specific course equivalents (e.g., ENGL 1900) or in terms of approximating subject and course-level credits (e.g., ENGL 1000 level, UNSPECIFIED). These are, respectively, specified and unspecified credit. Specified credits satisfy specific program requirements; appropriate unspecified credit may satisfy specific program requirements.

Transferable course - A course completed at another post-secondary institution that is recognized as university-level for the purposes of admission.

I. STUDENT RECORDS RETENTION POLICY

The permanent official folder for each student is maintained by the Registrar's Office. The contents of this folder shall be destroyed according to the following schedule:

- a. For students who have graduated, five years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.
- b. For students who have not graduated, seven years after the most recent registration activity of any description, except for those files containing documents pertaining to disciplinary action.

Prior to the destruction of the folder, the Registrar's Office shall ensure the contents of the file are reflected in the student's electronic record, according to the policies governing admission, registration, and academic history.

For more information, see **Academic Regulations, Policies, and Program Requirements, (p. 57)**.

2. ADVICE AND INFORMATION

Students who require advice or additional information regarding their programs during registration should seek it from a relevant academic advisor.

Students who require other kinds of information and advice about registration, such as deadlines and procedures, should consult the Registrar's Office website at www.uleth.ca/ross or ask at the Information Centre (SU140).

Students are responsible for the accuracy and completeness of their own registration, and are liable for the fees for courses in which they are registered.

Students who decide not to attend the University must cancel their registration prior to the Extended Drop deadline (see **Course Registration, p. 43**).

3. TERMS USED DURING REGISTRATION

a. Bridge

The University's online registration system is available for all students on the Bridge (www.uleth.ca/bridge).

b. Year of Student

Students are classified by year according to the number of credit hours they have successfully completed; this does not include courses in which the student is currently registered.

Year	Successfully Completed Credit Hours	(Term Course Equivalents)
1	0 - 29.5	(0 - 9)
2	30 - 59.5	(10 - 19)
3	60 - 89.5	(20 - 29)
4	90 - 119.5	(30 - 39)
5	120 and above	(40 and above)

c. Part-Time and Full-Time

I. Fall and Spring Terms

A part-time student is registered in fewer than 9.0 credit hours. A full-time student is registered in a minimum of 9.0 credit hours (three term course equivalents) per term.

The usual course load for a full-time undergraduate student is 15.0 credit hours (five term course equivalents) per term.

2. Full-Time by Definition

Students registered in Co-operative Education Work Experience courses are considered to be full-time.

3. Summer Session - Maximum Load

Each Faculty and School has legislated maximum enrolment per session for continuing students (see **Maximum Credit Hours, p. 42**).

4. Summer Session - Financial Support

Undergraduate students receiving government student loans for full-time studies during summer (May - August) must be registered in a minimum of nine credit hours and enrolled in Summer Session I and II/III or Summer Session I, II, and III. It may be possible for Alberta residents to receive Alberta Student Loans for one summer session course, but all other borrowers should check with Scholarships and Student Finance staff about other provincial/territorial eligibility.

d. Visiting and Exchange Students

1. University of Lethbridge Students Studying Elsewhere

Within the residence requirement of the Faculty or School in which they are enrolled, continuing students in good standing at the University of Lethbridge may be authorized to take courses at another post-secondary institution. Students who are required to or wish to study as an authorized visiting or exchange student at another institution must follow the following procedures:

- a. Students must apply using an *Application for Visiting Student Authorization* form or an *Application for Exchange Student Authorization* form from the appropriate Faculty or School. Approval in writing **must** be obtained from the appropriate Faculty or School prior to commencement of studies elsewhere.
- b. The student will be registered in a placeholder course during terms of approved absence from the University of Lethbridge. This allows the student to retain the registration privileges of a continuing student, and the University to keep track of these students for record-keeping purposes.
- c. The student will register along with other continuing students for the term following the approved absence, according to the registration instructions for continuing students.
- d. If the student wishes to extend the approved absence, prior approval must be obtained from the appropriate Faculty or School. Otherwise, when the student subsequently applies for readmission, it will be according to the policies and procedures pertaining to students returning after an absence, thereby forfeiting guaranteed readmission and continuing student privileges.

- e. It is the responsibility of the student to ensure that an official academic transcript of grades earned as a visiting or exchange student at another institution is sent to the Registrar's Office. See also **Admission, Transfer of Credits for University of Lethbridge Students Studying Elsewhere (p. 35)**.

For some University of Lethbridge programs, students are required to take courses at another institution under Visiting Student Authorization. Visiting Student Authorization will be granted to these students. Such courses taken under Visiting Student Authorization will be counted as University of Lethbridge courses for residence requirement purposes (see **Academic Regulations, Residence Requirements and Time Limits, p. 63**).

2. Visiting and Exchange Students from Other Universities

Visiting and exchange students from other universities register at the University of Lethbridge as Open Studies students (see **Open Studies Student**, below).

See also **Information for Incoming Visiting Students (p. 36)** and **Information for Incoming Exchange Students (p. 36)**.

e. **Audit a Course**

To audit a course, a student must have been granted permission by the instructor to attend lectures in a course on the understanding that the student may not participate in class discussions (except by invitation of the instructor), submit assignments or sit for examinations. No degree credit is granted for the course. An *Audit Registration* form must be submitted to the Registrar's Office by the indicated deadline. Refer to the **Academic Schedule (p. 15)** for applicable deadlines.

Students auditing a course are not required to meet the University's English Language Proficiency (ELP) Requirement.

A student who is auditing a course is granted the same access to University services as a community user. Community user fees and restrictions will apply.

f. **Open Studies Student**

Open Studies student registration allows persons interested in taking courses for general interest to register without having to gain admission to a University program. Registration as an Open Studies student is available to any individual not currently admitted to a University program, with some restrictions.

The following conditions apply to registration as an Open Studies student:

1. Open Studies student enrolment does not constitute formal admission to a University program.
2. Students must complete the *Open Studies Registration* form and submit it, along with the registration fee and deposit, to the Registrar's Office each term.
3. Upon subsequent application for admission or readmission to a University of Lethbridge program, courses completed via Open Studies may be counted for credit toward the student's program only with the expressed permission of the Faculty or School offering that program.

4. Open Studies students must meet the University's English Language Proficiency (ELP) Requirement (see **English Language Proficiency Requirement, p. 26**).
5. While under Open Studies student status, students are allowed a maximum of two grades below 'C-'. Any subsequent grade below 'C-' will result in permanent suspension of Open Studies student registration privileges. When an Open Studies student's registration privileges have been suspended, the student may not register in a course until they have been admitted to a University of Lethbridge program.
6. Open Studies students are not eligible to use the Credit/Non-Credit designation.
7. Open Studies students may apply for admission or readmission to a University of Lethbridge program. Courses completed via Open Studies student registration are considered in the admission decision process.
8. Only students who are admitted to a University of Lethbridge program may graduate with a University of Lethbridge degree, diploma, or certificate. Open Studies students, including those who have been required to withdraw, must be readmitted to a University program before they will be permitted to graduate. Students must fulfill program admission requirements for the Calendar year of admission. Students should see academic advising with regard to their Calendar year and graduation requirements.

4. **WHEN TO REGISTER**

a. **New Students and Those Returning After an Absence**

After applications have been processed, those eligible for admission receive full instructions on the procedures to complete registration.

b. **Graduated Students**

A student who has graduated from a program at the University must successfully apply for admission to another program or submit an *Open Studies Registration* form in order to continue studies (see **Open Studies Student, p. 41**).

c. **Admitted Students**

Students currently registered at the University will receive an email to their University of Lethbridge email account with instructions on registering for courses.

d. **Dual Admission Students**

Dually admitted students who have activated their enrolment by accepting their *Offer of Admission* and paying the tuition deposit will have access to the registration period in effect the day after the deposit is received. If the deposit is received prior to the early registration period, access will be granted to the earliest applicable registration period.

e. **Registration in Off-Campus Courses**

Each term, the University offers courses at a number of off-campus centres. Admitted students may register via the Bridge. Open Studies students will register via the Bridge upon submission of their *Open Studies Registration* form.

f. Applied Studies

Registration in Applied Studies courses is initiated by application to the Office of Applied Studies no later than the published deadline. Application packages may be obtained from Career Bridge. See **Applied Studies and Co-operative Education, p. 287**.

*Note: Students who have been verified as having a disability may receive assistance with registration from the Accommodated Learning Centre (see **General Services, Accommodated Learning Centre, p. 460**).*

5. ORDER OF PRIORITY REGISTRATION

1. All graduate students.
2. All fourth-year and higher-standing students, including continuing second degree students, continuing post-diploma students, Management Certificate students, and Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting) students.
3. All third-year standing students, including first-year post-diploma students, and first-year second degree transfer students.
4. Second-year standing students.
5. First-year standing students.
6. English for Academic Purposes (EAP) students.
7. Open Studies students and Visiting or Exchange students.
8. Students auditing courses.

6. REGISTRATION LIMITATIONS

a. Academic Timetable Conflicts

Students are not permitted to register in two classes that are offered at the same time. To avoid delays at registration, students must consult the current term Academic Timetable. Registration into classes that overlap or create time conflicts will not be processed.

b. Maximum Credit Hours

During early registration, the maximum number of credit hours in which a student may register is 15.0 (five course equivalents). Beginning on the first day of classes, students may increase their loads to the maximum allowed by their respective Faculty or School. Physical Activities, Music Ensemble Activities, and Education Professional Development courses carry credit hours equal to 1.5. Generally, most other courses have an equivalent of 3.0 credit hours.

Students wishing to register in more than the maximum credit hours (term course equivalents) allowed must obtain approval of the Faculty or School in which they are enrolled.

Fall/Spring Term

Faculty/School	Maximum Credit Hours (Term Course Equivalents)
Arts and Science	Probation: 12.0 (4) Good Standing Normal: 15.0 (5) Maximum: 18.0 (6)
Education	18.0 (6) in a non-practicum term
Fine Arts	15.0 (5)
Health Sciences	15.0 (5)
Business	Probation: 12.0 (4) Good Standing: 15.0 (5)

Summer Session

Faculty/School	Maximum Credit Hours (Term Course Equivalents)			
	Session I	Session II	Session III	Session II/III
Arts and Science	6.0 (2)	6.0 (2)	6.0 (2)	
Education	9.0 (3)	6.0 (2)	3.0 (1)	
Fine Arts	9.0 (3)	6.0 (2)	6.0 (2)	
Health Sciences	9.0 (3)	6.0 (2)	3.0 (1)	
Business	9.0 (3)	3.0 (1)*	3.0 (1)*	9.0 (3)*

**The maximum number of courses Management students may take over Summer Sessions II, III, and II/III is three.*

Note: In the event of a difference between the maximum credit hour limits set by each Faculty or School, students in combined degrees programs will be governed by the more stringent limits.

c. Duplication of Registration

A student may not register in more than one section of a course offering in a term or session.

A student may not be registered in the same course in more than one term simultaneously (e.g., in both summer session and fall term).

d. Faculty and School Quotas

Admission to the University does not constitute a guarantee that a student will be able to register for any specific course in a given term. Enrolment limits are enforced by all Faculties and Schools.

e. Graduated Students

A student who has graduated from a program at the University must successfully apply for admission to another program or submit an *Open Studies Registration* form in order to continue studies (see **p. 41**).

f. Holds on Registration

A Faculty or School may place specific registration requirements upon a student. In such cases, at the request of the respective Dean, the Registrar's Office may restrict a student's access to registration.

g. Prerequisites and Corequisites

Course prerequisites and corequisites must be met where applicable. Faculties and Schools are responsible for ensuring course prerequisites and corequisites have been met.

Students may possess some educational experience that provides much of the background usually acquired in a prerequisite or corequisite to a particular course. In such cases, the student may seek the permission of the Faculty or School to waive the prerequisite(s) and/or corequisite(s) for that course.

Application for a prerequisite/corequisite waiver must be made through the department offering the course. Once written permission is received, a student may register in a course without having completed the prerequisite(s) and/or corequisite(s). Students do not receive credit for the waived prerequisite(s) or corequisite(s).

If a prerequisite or corequisite course is specifically required in a program or major, it must be registered in and completed at some point unless a substitution has been approved by the Dean.

7. CLASSROOM PRIVILEGES

Students have classroom privileges for the course offering in which they are registered or auditing. Students who are not registered in or have dropped or withdrawn from a course do not have classroom privileges and may not attend any classes for that specific course. Instructors may authorize guests to attend a class.

8. COURSE REGISTRATION

Courses may be added until the Add/Drop deadline and cancelled/dropped until the Extended Drop deadline, as shown in the **Academic Schedule (p. 15)**. No changes to registration other than withdrawals from individual courses are permitted after the Extended Drop deadline.

a. Canceling Registration

Open Studies students who cancel their registration by the Extended Drop deadline in a term forfeit the non-refundable deposit and the non-refundable Open Studies student registration fee.

All students must cancel their registration using the Bridge (www.uleth.ca/bridge).

Students who register and decide not to attend but DO NOT cancel their registration by the Extended Drop deadline will be assessed tuition and compulsory fees (see **Fees, Cancellations, Refunds and Withdrawals, p. 47**).

b. Waitlists

Waitlists for specific courses may be created due to different circumstances across Faculties/Schools. For information regarding waitlists, please see www.uleth.ca/ross/registration/register/waitlists.

9. WITHDRAWAL

Students can withdraw from courses after the Extended Drop deadline up to and including the last day of classes in a term or session as specified in the **Academic Schedule (p. 15)**. Grades are not assigned when a student withdraws (see **Academic Regulations, Grading, p. 58**).

Failure to withdraw results in the assignment of grades by the instructor for the course(s) in which the student is registered. Students are responsible for ensuring that the Registrar's Office receives the request for withdrawal by the relevant deadline.

a. Complete Withdrawal

A student wishing to withdraw from the term must notify the Registrar's Office by submitting a *Complete Withdrawal* form, which can be obtained from the Registrar's Office. The official withdrawal date for purposes of fee assessment will be the date the form is received by the Registrar's Office. A 'W' designation is recorded for each course the student is registered in that term.

b. Course Withdrawal

Students are granted a 'W' designation for any course they choose to withdraw from in a term provided they remain registered in one or more courses. Withdrawing from one or more courses may result in a reclassification from full-time to part-time status (see **Part-Time and Full-Time, p. 40**). Students who drop from full-time to part-time status may not receive the same privileges as full-time students at the University. Furthermore, students who access government student loans and drop to part-time status may have their eligibility for future student loans and the terms of repayment of current loans affected. For more information, students should consult an academic advisor.

c. Withdrawal with Cause

Withdrawal with Cause is granted only in case of serious illness or other extenuating circumstances beyond the control of the student, which makes continuation in a term or course impossible and where an 'Incomplete' designation is not in order. For admitted students, the 'WC' is recorded only on application to the Faculty or School advising office. For Open Studies students, the 'WC' is recorded upon application to the Registrar's Office.

10. APPEAL OF REGISTRATION

Students dissatisfied with decisions regarding registration are entitled to a review by the Assistant Registrar.

If still dissatisfied after this review, the student may address a written appeal to the Registrar who renders the final decision.

Students who wish to appeal decisions regarding retroactive adjustments to registration have two months from the last day of the term or summer session during which the course(s) in question were registered.

I. DISCLAIMER

The fees stated in this Calendar are correct at the time of publication. The University reserves the right to alter fees without notice. Refer to the Undergraduate Calendar and Course Catalogue at www.uleth.ca/ross/academic-calendar for the most current information.

2. SELF-SERVICE RESOURCES AND GENERAL INFORMATION

a. Fees and Payments

The University provides a **self-service** option via the Bridge website available at www.uleth.ca/bridge or ULink for viewing the *Account Summary by Term* report, which includes fees charged and payments received by term. The University will send invoices to students' University of Lethbridge email accounts in advance of key deadlines. **Paper statements are not mailed via Canada Post.** Inquiries about fees are directed to the Cash Office (AH144; 403-329-2469; cash.office@uleth.ca).

b. Anticipated Payments

Awarded student loans, sponsorships and other payments can be viewed on the Bridge in the *Account Summary by Term* report. Anticipated payments verified as in transit by the Cash Office can be viewed using the *Anticipated Funds* link on the *Account Summary by Term* page. Anticipated funds are considered payments-in-progress and stop the assessment of interest charges and cancellation for non-payment processes.

c. Government Loans and Grants

See **General Services, Student Finance - Government Student Loans and Grants (p. 469)**. Inquiries are directed to the Scholarship and Student Finance office (AH115; 403-329-2585).

d. Scholarships and Bursaries

See **General Services, Student Awards - Scholarships and Bursaries (p. 468)**. Inquiries are directed to the Scholarships and Student Finance office (AH115; 403-329-2585).

e. Holds Applied to Outstanding Accounts

Cash holds are placed on student accounts after fee deadlines when there is an outstanding balance owing. Students with outstanding fees on their account will not be able to apply to graduate and will not receive parchments, registration privileges, access to the Tuition and Education Amounts Certificate (T2202A tax form) or official academic transcripts until all fees are paid in full. Students who present student loan forms at the Cash Office will have their outstanding fees automatically deducted from the loan (for details, see **First Charge for Student Loans, Bursaries and Scholarships**, p. 47).

f. Receipts and Tax Forms

Students can verify payments on their account by viewing the *Account Summary by Term* report on the Bridge (www.uleth.ca/bridge). Printed receipts are not issued unless requested. The Tuition and Education Amounts Certificate (T2202A) required for completing personal tax returns is available for download from students' Bridge accounts before the end of the following February. Students will be charged \$5 for a printed T2202A from the Cash Office.

g. Definitions

- **Add/Drop Date** - The final day to register in courses for the term or session. See the **Academic Schedule (p. 15)**.
- **Domestic Student** - Any student who is a Canadian citizen, Permanent Resident, protected person in accordance with the Immigration and Refugee Protection Act, or is a holder of a diplomatic visa issued by the Government of Canada. Classification as a domestic student affects fee assessment only.
- **Extended Drop Deadline** - The final day to drop courses (cancel registration) without incurring 100% of tuition, compulsory, and program-related fees. See the **Academic Schedule (p. 15)**.
- **Full-time** - Any student who is currently registered in 9.0 credit hours or more in a term. Students enrolled in Co-operative Education Work Experience courses are considered to be full-time. This definition of full-time may not be the same as the definition used by the Canada Revenue Agency (CRA) for the preparation of the Tuition and Education Amounts Certificate (T2202A). For more information, see **Registration, Part-Time and Full-Time (p. 40)**.
- **International Student** - Any student who is not a resident of Canada. Classification as an international student affects fee assessment only. New international students and international students who receive their Landed Immigrant status or Canadian citizenship while registered in courses at the University must present their official Landed Immigrant documentation or Canadian Citizenship card at the Registrar's Office no later than January 31 for the spring term, May 31 for the summer term, the last day of classes in each summer session, and September 30 for the fall term to be eligible for Canadian fee assessment rates.
- **On-campus** - Any student who is registered in courses delivered remotely or in-person at the University of Lethbridge main campus in Lethbridge, Alberta.
- **Off-campus** - Any student who is registered only in courses offered through satellite campuses held off the main University campus.
- **Part-time** - Any student who is currently registered in fewer than 9.0 credit hours in a term. For more information, see **Registration, Part-Time and Full-Time (p. 40)**.
- **Senior Citizen** - Any student 65 years of age or over does not pay fees except for the *Application for Admission fee* or *Registration fee* (if attending as an Open Studies student).

3. PAYMENTS

a. Where to Pay Fees

1. Bill payment through a domestic bank

Available at most domestic banks and financial institutions in Canada. Add the University of Lethbridge as a payee and use the nine-digit student ID number as your account/customer number. Students should contact their bank for more information about bill payment service.

Note: Allow four working days for processing. Payments must be received by applicable deadlines to avoid interest and cancellation policies.

2. Mail or courier

University of Lethbridge Cash Office
4401 University Drive West
Lethbridge, AB T1K 3M4

Note: Payments must be received by applicable deadlines to avoid interest and cancellation policies.

3. On-site secure drop box

A 24-hour accessible drop box located at the east end of the Cash Office counter in Anderson Hall. Ensure student name and University ID number are included with the payment.

4. Any Bank of Montreal branch

Whether a client of the Bank of Montreal or not, students can bring a completed *First Bank Bill Payment Service* form to any Bank of Montreal branch for deposit to the University of Lethbridge. The form is available at www.uleth.ca/financial-services/payment-methods. Bank service charges may apply.

5. In person

The Cash Office, located in Anderson Hall (AH144), accepts cash, cheque, or debit payments from 9:00 a.m. to 3:30 p.m. Monday to Friday. Credit cards are not accepted.

b. Fee Deadlines and Automatic Cancellation

Fees are due in full by **October 1** (fall term), **February 1** (spring term) and **June 1** (summer term and all summer sessions). When a deadline falls on a weekend, the deadline will be the next working day.

Failure to make a payment (excluding those made towards application fees, Open Studies registration fees, and tuition deposits) by the fall and spring fee deadlines will result in automatic cancellation of a student's registration in courses and access to services.

Arrangements for student loan or sponsor payments will count as a payment towards student fees if these arrangements are received prior to the fee deadline. The anticipated funds that are set up can be viewed on the student's Bridge account under the *Account Summary by Term* page. University of Lethbridge scholarships and completion of the Health and Dental opt-out will also be counted as a payment towards the fee deadline. To be reinstated in courses for the term after cancellation, students are required to pay a \$25 reinstatement fee and make a payment toward their fee balance. Students who do not reinstate their registration in the term will lose their continuing student status. To resume studies, students must submit a new *Application for Admission* and pay related application fees and deposits.

c. Interest

Students who have made a partial payment by the fee deadline but have a balance owing after the fee deadline will be charged interest of the Bank prime lending rate plus five percent per annum on the outstanding balance, applied on the first working day of each successive month that the account remains unpaid.

Subsequent payments will be applied first against interest charges and, thereafter, against the outstanding assessed charges.

d. First Charge for Student Loans, Bursaries and Scholarships

100% of current and outstanding fees are the first charge against assistance received from the federal or provincial government as student loan certificates/bursaries and University of Lethbridge awarded or administered scholarships.

e. Collection Practices

Cash Office staff will administer collection practices and contact students about outstanding balances. Accounts will be transferred to a professional collection agency when deemed necessary.

4. CANCELLATIONS, REFUNDS AND WITHDRAWALS

a. Cancellations

To cancel course registration (drop courses) before incurring a withdrawal grade on transcripts or incurring tuition, compulsory, and program-related fees, students must cancel their registration by the Extended Drop deadline for the term or session through the Bridge (www.uleth.ca/bridge). For Extended Drop deadlines, see the **Academic Schedule (p. 15)**.

b. Refunds

Cancellation - Cancellation of course registration occurs prior to the Extended Drop deadline. Related tuition, compulsory, and program-related fees for cancelled courses are reversed from the student's account, depending on the degree program.

Over-payments - Any payments received from students that exceed non-refundable fees incurred will be refunded to students upon their request to the Cash Office. Date restrictions may apply to student loan and scholarship refunds.

Refunds can be received by cheque (within three weeks of request), debit (Cash Office from 9:00 a.m. to 3:30 p.m. Monday to Friday with valid picture identification), and bank wire (for international addresses). The Cash Office does not issue cash refunds.

c. Withdrawals

After the Extended Drop deadline, students can withdraw from a course or their complete registration up to the last day of classes in a term or session as specified in the **Academic Schedule (p. 15)**. After the Extended Drop deadline, courses are assessed 100% of tuition, compulsory, and program-related fees. See also **Registration, Withdrawal (p. 43)**.

5. NON-REFUNDABLE APPLICATION AND REGISTRATION FEES

a. Application for Admission to Credential Programs

Applicants for admission to the University of Lethbridge pay a non-refundable application fee, as follows:

- Domestic (all academic transcripts from Canadian institutions): \$125
- International (any academic transcript(s) from non-Canadian institutions): \$140

Applicants who have previously submitted an *Application for Admission* to a level of studies (e.g. undergraduate) are eligible to pay a reduced application fee of \$50 for subsequent applications to the same level of studies.

b. Registration for Open Studies

Students who wish to enrol in courses without being admitted to a program are called Open Studies students. To register for Open Studies, students must pay a non-refundable \$20 registration fee each term they wish to register in courses. For more information, see **Registration, Open Studies Student (p. 41)**.

c. Application for Admission to English for Academic Purposes

Applicants for admission to the English for Academic Purposes (EAP) program at the University of Lethbridge are required to pay a non-refundable application fee of \$125.

d. Application fee for First Nations' Transition Program

An application fee for First Nations' Transition Program (FNTP) students is not assessed.

6. NON-REFUNDABLE DEPOSITS**a. Confirmation of Admission**

All newly admitted and readmitted domestic undergraduate students are required to pay a non-refundable tuition deposit of either \$200 (all programs except Bachelor of Nursing and Bachelor of Nursing After Degree programs) or \$300 (Bachelor of Nursing and Bachelor of Nursing After Degree programs) to confirm their admission on or before the expiry date of the *Offer of Admission*. The tuition deposit is applied to tuition fees incurred by the student.

All newly admitted and readmitted international undergraduate students are required to pay a non-refundable tuition deposit of \$500 to confirm their admission on or before the expiry date of the *Offer of Admission*.

b. Open Studies Tuition Deposit

All Open Studies registrants are required to pay a non-refundable tuition deposit of \$80 each term they register in courses. The tuition deposit is applied to tuition fees incurred by the student. For more information, see **Registration, Open Studies Student (p. 41)**.

c. English for Academic Purposes Tuition Deposit

All newly admitted and readmitted students in the English for Academic Purposes (EAP) program are required to pay a non-refundable tuition deposit of \$300. The tuition deposit is applied to tuition fees incurred by the student.

7. FEES**a. Compulsory Fees****1. University of Lethbridge fees:**

- *1st Choice Savings Centre for Sport and Wellness Contribution Fee* - Contribution to the 1st Choice Savings Centre for Sport and Wellness.
- *Sport and Recreation Services (SRS) Fee* - Provides access to various facilities and events both on campus and throughout Lethbridge. A portion of this fee supports the Pronghorn Athletic program. Off-campus and summer session students may opt into this service. For more details, please contact Sport and Recreation Services (PE160; 403-329-2706).

- *Student Administrative Fees* - Includes (1) *Student Services Fee* to provide student services and create resources to help students succeed throughout their academic careers; (2) *Student Copyright Access Fee* to partially offset expenses incurred by the University related to compliance with the Copyright Act.
- *Tuition Fee* - Price charged for enrolment in a course. The tuition fee for auditing a course is half the normal tuition of the course.

2. Students' Union fees:

- *Building Fund Fee* - Covers maintenance, renovations and utilities charges.
- *Operations Fund Fee* - Supports the ongoing day-to-day business costs such as administration, memberships and student services offered by the Students' Union.
- *Capital Replacement Fund (CRF) Fee* - Used to purchase and replace major depreciating assets.
- *Health and Dental Plans Fee* - The Health Plan is an extended plan (over and above provincial health care) specifically designed for the students' benefit. The Dental Plan is a basic set of dental insurance benefits. All full-time students who pay Students' Union fees are enrolled in the plans unless proof of alternate coverage is provided to the Students' Union Office before the opt-out deadline dates for new registrants in each term. For more details, contact the Health and Dental Plan Administrator at the Students' Union Office in the Students' Union Building (SU180; 403-329-2039; www.ulsu.ca).
- *International Health Centre Fee* - The health plan for International students.

I. INTRODUCTION

All students are bound by the academic regulations contained in the most current Calendar, regardless of the Calendar they are following for program requirements. A student may obtain further information and advice about academic regulations from the Faculty or School in which that student is registered. It is the responsibility of each student to be familiar with the Academic Regulations as outlined in this section and program-specific sections of the Calendar, as well as University student policies referenced in **Student Policies, p. 66** and found online (www.uleth.ca/policy).

2. ACADEMIC REGULATIONS

a. Grading

An instructor bears full responsibility for evaluating the academic performance of students, see **Assessment of Student Learning Policy and Procedures for Undergraduate Courses (www.uleth.ca/policy)**.

An instructor must indicate at the beginning of each course, in writing, the detailed manner by which work will be evaluated and the final grades derived and, **upon request**, communicate to students an estimation of their levels of performance by the end of the eighth week of the term. An instructor may prescribe a variety of forms of evaluation, such as recitations and papers, mid-term examinations and a final examination.

Final grades are determined in accordance with the grading system described in this Calendar. All final grades for courses and Independent Studies are submitted by the date set in the Academic Schedule. Except when a Course Incomplete has been approved by both the instructor and

the Dean, there is no provision for the late submission, revision or evaluation of students' work after the final grade submission deadline. There is no provision for the late submission of final grades. Grade changes can be submitted by the instructor up to two months following the grade submission deadline (e.g., fall term grade submission deadline in December - grade change permitted until February 28 of the following term).

1. Grading System

Effective May 1, 2002, the University of Lethbridge and other Alberta universities adopted a common 4-point grading system. The common grading system closely resembles the grading system that became effective on September 1, 1988, when pluses and minuses were introduced into the original University of Lethbridge grading system. All three University of Lethbridge systems are described in the table below, which appears on the back of official University of Lethbridge academic transcripts.

Under all three systems, the overall academic performance of a student is expressed as a Grade Point Average (GPA). For students whose grades are recorded under two or three systems, the GPA is determined in the same way. No attempt will be made at differential weighting of the three systems.

The GPA achieved by a student is determined by multiplying the grade points assigned to each grade by the weighting factor for the course. The total of all course grade points thus calculated is then divided by the total of the weighting factors for all courses.

Grading System effective May 1, 2002			Grading System prior to May 1, 2002		Grading System prior to Sept. 1, 1988		
		Grade Points		Grade Points			Grade Points
A+		4.00	A+	4.00	A	Excellent	4
A	Excellent	4.00	A	4.00			
A-		3.70	A-	3.70	B	Superior	3
B+		3.30	B+	3.30			
B	Good	3.00	B	3.00	C	Satisfactory	2
B-		2.70	B-	2.70			
C+		2.30	C+	2.30	D	Poor	1
C	Satisfactory	2.00	C	2.00			
C-		1.70	C-	1.70	F	Failing	0
D+	Poor	1.30	D+	1.30			
D	Minimal Pass	1.00	D	1.00			
			D-	0.70			
F	Failure	0	F	0			

Note: WF Withdrawal Fail effective May 1, 1992 to April 30, 2010

Example:

	Grade	Grade Points	Weighting Factor	Total Grade Points
Sociology 1000	A =	4	x 3.00	= 12.00
English 1900	B =	3	x 3.00	= 9.00
Mathematics 1560	C =	2	x 3.00	= 6.00
Physical Activity 2130	A =	4	x 1.50	= 6.00
Physics 1000	D =	1	x 3.00	= 3.00
			13.50	36.00
Total grade points		= GPA		36.00
Total weighting factor				13.50 = 2.67 GPA

Note: For master's programs, the minimal pass for graded courses is 'B-' and failure is 'C+' or below. For Ph.D. programs, the minimal pass for graded courses is 'B' and failure is 'B-' or below.

2. Grade Point Average Calculations

The current GPA, often referred to as the 'term GPA', is calculated on all graded courses completed in a given term and appears on both official and unofficial transcripts.

The total institution GPA, often referred to as the 'cumulative GPA', is calculated on all graded courses and appears on all academic transcripts by the level of a student's program (undergraduate, master's, or doctoral). student's program (undergraduate, master's, or doctoral).

Other types of GPA calculations:

Administrative units at the University may calculate a variety of averages in order to determine eligibility for scholarships and awards, academic standing, admission, graduation, etc. When making their calculations, units may include grades for courses transferred from another institution and grades hidden by the Credit/Non-Credit designation. In addition, they may choose to exclude certain grades on both University of Lethbridge and transfer courses from the GPA calculations.

Additional GPA calculations include academic standing GPA, admission GPA, awards GPA, Faculty or School GPA, major GPA, prerequisite GPA, program GPA and residence GPA. Note that these calculations are defined by the unit which uses the GPA.

There are certain courses which are not included in the calculation of the current or cumulative GPA. These include courses transferred from another institution; the lowest graded attempt(s) of a repeated course; and courses in which there are non-grade designations such as Credit/Non-Credit.

In the case of courses designated as Pass/Fail, a 'P' or 'Pass' is not included in the calculation of the current or cumulative GPA, but an 'F' or 'Fail' is included in the GPA calculation.

3. Non-Grade Designations:

No grade points are assigned for the following designations:

AI - Administrative Incomplete

The designation of 'AI' is recorded at the final grade submission deadline for a given term by the Registrar, if the instructor has not submitted a final

grade by the deadline. The 'AI' is replaced by the letter grade as soon as it is received. The 'AI' designation is temporary, must be replaced by a grade and may not be used in lieu of an Incomplete designation.

AU - Audit

The non-grade AU designation is awarded in the case where a student has been granted permission by an instructor to audit a course. The course appears on the academic transcript as 'AU' (**Registration, Audit a Course, p. 41**).

I - Incomplete

The designation of 'I' is awarded only in case of illness or other extenuating circumstances beyond the control of the student, which make it impossible to complete the required work by the close of a term. The 'I' designation is awarded only on application to and approval of both the instructor and the appropriate Dean and such application is not reviewed until the last two weeks of classes. When the 'I' is approved, an appropriate deadline is determined for completion of outstanding work. A student who does not complete outstanding work by the assigned deadline will normally receive an 'F' in the course.

The 'I' designation may be converted by the instructor to a letter designation within a maximum of one year; if not so converted, it becomes an 'F' except where circumstances continue to prevent the completion of the course, in which case the 'I' designation remains on the academic transcript.

An 'I' designation assigned in an Education Field Experience course has a different interpretation. Details are available from the Assistant Dean, Student Program Services, Faculty of Education.

The 'I' designation is not available in Nursing Practice or Public Health practicum courses. Students enrolled in these courses should see an academic advisor in the Faculty of Health Sciences for details.

L - Tabula Rasa - Retain Credit

The designation of 'L' prefaces a course grade if credit was retained for that course following the granting of *Tabula Rasa* at the point of readmission. Refer to **Readmission after Required**

Withdrawal, (p. 25) for information regarding the granting of *Tabula Rasa*.

T - Tabula Rasa - No Credit

The designation of 'T' prefaces a course grade if credit was not retained for that course following the granting of *Tabula Rasa* at the point of readmission. Refer to **Readmission after Required**

Withdrawal, (p. 25) for information regarding the granting of *Tabula Rasa*.

W - Withdrawal

Where a student withdraws from a course at any time after the Extended Drop deadline up to and including the last day of classes, a designation of 'W' will be awarded only upon formal application by the student or his/her agent to the Registrar in **writing**. A 'W' designation is not factored into the term or cumulative GPA calculations. Students are responsible for ensuring that the Registrar's Office

receives the request for withdrawal by the relevant deadline. Refer to the **Academic Schedule (p. 15)** for the last day to withdraw.

WC - Withdrawal with Cause

The designation 'WC' is recorded only in case of serious illness or other extenuating circumstances beyond the control of the student, which make continuation in a course impossible and where an 'Incomplete' designation is not in order. For admitted students, the 'WC' is recorded only on application to the Faculty or School advising office. For Open Studies students, the 'WC' is recorded upon application to the Registrar's Office.

Prior to readmission, students who are granted a complete 'Withdrawal with Cause' may be requested to provide evidence that the conditions which led to the complete withdrawal (WC) have been identified and addressed. Coordination among units, including academic advising, Counselling Services and Admissions will take place.

X - Continuing

Used for courses which may extend beyond one term. Eligible courses are designated by the Faculty or School offering the course. Signifies that a grade will be awarded at the conclusion of the course and will replace the 'X' on the student's academic transcript.

X - Permanent

Used for placeholder courses to indicate that the student is active in the program but is not taking courses in a given term or is taking credit courses at another institution, under the appropriate authorization.

Also used in an Undergraduate Thesis course (4995) when a student elects to complete the course over two terms. This grade designation is assigned to the first term.

Cr/NC - Credit/Non-Credit

A student may elect to designate some courses as Credit/Non-Credit. This alternative is designed to encourage students to expand their academic interests by taking courses outside their field of major interest. Credit/Non-Credit is not available to Open Studies students.

For completion of course requirements with a grade of 'C' or higher, the grade earned appears on the academic transcript automatically. If a grade between 'C-' and 'D' (inclusive) is earned, a 'Cr' appears on the transcript. If a grade of 'F' is earned, an 'NC' appears on the academic transcript.

Students may designate courses as Credit/Non-Credit according to the following limits:

- All single and combined degrees programs:
 - No transfer credit 4
 - 1.5 - 30.0 transfer credit hour equivalents 4
 - 31.5 - 60.0 transfer credit hour equivalents 3
- All post-diploma programs, with or without transfer credit 2
- All post-diploma combined degrees programs, with or without transfer credit 3
- All certificate programs and the Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting), with or without transfer credit 1

All second degree programs, with or without transfer credit 2

A student is further limited in the number of Credit/Non-Credit designations made per term. In the fall and spring terms, a student may elect Credit/Non-Credit in a maximum of two courses. In summer sessions, a student may elect Credit/Non-Credit in a maximum of one course per session. Once a course is designated Credit/Non-Credit, it counts toward the maximum, irrespective of the outcome.

The Credit/Non-Credit alternative may not be elected in courses constituting the student's major, specialization or minor, required courses in Education and specifically-required, non-Management courses. Education students may elect a maximum of three Education courses as Credit/Non-Credit. For the purpose of this regulation, Management courses are regarded as the major for the B.Mgt. degree, Nursing courses are regarded as the major for the B.N. degree, Public Health and Health Sciences courses are regarded as the major for the B.H.Sc. (Public Health major) program, and Addictions Counselling and Health Sciences courses are regarded as the major for the B.H.Sc. (Addictions Counselling major) program.

No courses carrying a 'Credit' designation may be used to meet requirements where the Credit/Non-Credit designation is specifically prohibited in the Calendar. Faculties may allow substitutions for designated courses at their discretion, but must consider the records of such students as deficient.

Note: Other post-secondary institutions may not recognize courses where grades other than 'A+' to 'F' are assigned (e.g. 'CR', 'P'). Students in pre-professional and other transfer programs, and students planning to apply to graduate or professional schools are advised to contact the receiving institution for more information.

A student may not use a Credit/Non-Credit designation to replace a grade earned previously.

P - Pass/Fail Courses

Certain courses are specified as Pass/Fail in the course descriptions. For such courses, students are awarded either the designation 'P' or the grade 'F'.

The designation 'P' indicates satisfactory completion of the objectives of a Pass/Fail course. When a student is awarded the designation 'P', the course is not included in computation of the grade point average; when the student is awarded 'F', the course is included in computation of the GPA.

Note: Other post-secondary institutions may not recognize courses where grades other than 'A+' to 'F' are assigned (e.g. 'CR', 'P'). Students in pre-professional and other transfer programs, and students planning to apply to graduate or professional schools are advised to contact the receiving institution for more information.

b. Academic Transcripts

An academic transcript is the official, permanent record of a student's enrolment activity at the University of Lethbridge, including the terms in which registration took place and the associated grades or grade symbols that were assigned. The academic transcript also includes the student's current or most recent program degree(s), major(s), minor(s), concentration(s), and specialization(s), as appropriate.

1. **Official and Unofficial Academic Transcripts**
 Official academic transcripts bear the seal and signature of the University of Lethbridge Registrar. An official academic transcript includes, for each student at each program level (undergraduate, master's and doctoral), all University of Lethbridge courses in progress, courses attempted (successfully and unsuccessfully), courses repeated, courses withdrawn, credits earned, GPA, and academic standing by term until the day the academic transcript is produced. A summary of academic transfer credit is listed by institution and term awarded. The student's cumulative GPA is also included on the academic transcript. Upon completion of program requirements and the conferral of degrees, additional notations are included on the official academic transcript in accordance with University policies (see **Graduation, Academic Transcripts, p. 70**).

An unofficial academic transcript does not bear the Registrar's seal or signature. This type of academic transcript is not the official record of the University of Lethbridge; however, it is accessible to students online through the Bridge (www.uleth.ca/bridge) to allow students to monitor their own progress as they navigate their program(s).

2. **Academic Transcript Requests**

Official academic transcripts are confidential and will only be issued upon request by the student. A student may request official academic transcripts to be sent directly to an institution or to be provided to the student, in a sealed envelope. When requests are made in person, appropriate documentation such as a student ID card or driver's licence is required.

Third-party requests must be authorized by the student. For more details on obtaining official academic transcripts, see www.uleth.ca/ross/ transcripts. Requesting separate official academic transcripts for each degree level completed at the University of Lethbridge is not possible.

Official academic transcript requests, complete with date of issue and recipient, are maintained indefinitely. Students will be notified promptly if their academic transcripts have not been issued because of academic holds, inability to authenticate the source of the request, or for other reasons which may apply.

3. **Withholding Academic Transcripts**

Official and unofficial academic transcripts will not be issued if the student has any outstanding financial obligations to the University.

c. **Repeat of a Course**

At the University of Lethbridge, a student may repeat a course previously taken in an attempt to: improve the course grade, improve the GPA and/or meet graduation requirements.

1. A grade may be improved by completing either the course or its equivalent.
 - Students wanting to improve their grade in a Series or Topics course must repeat the section with the identical title.

- Courses that are equivalent are denoted with an 'Equivalent' course element in the course description and include courses that have been renamed or renumbered, and Topics or Series courses that have been regularized.
2. If a student repeats a course, the grade for each attempt is recorded on the transcript.
 3. After a course is repeated, the grade and credit hours of the attempt with the highest grade will be used to calculate the GPA.
 4. A student may not use a Credit/Non-Credit designation to replace a previously earned grade.

d. **Exceeding Course Limits**

In the case where a student exceeds any legislated course limit(s) and/or the credit hours required in the student's program, those credits will be considered extra-to-program (see **Glossary, Extra-to-Program Course Credit, p. 506**). The extra-to-program courses may be University of Lethbridge courses taken outside a student's program requirements or eligible electives, one of a substantially similar pair, or awarded institutional transferable course credit that does not fulfill program requirements. These courses will be counted toward applicable GPAs and are maintained on the student record. Students should be aware of legislated course limits, including the maximum number of Independent Study or Introductory courses allowed in a program.

1. **Substantially Similar Course Limits**

Substantially similar courses contain a high percentage of similar course content and are denoted with a "Substantially Similar" course element in the course description. Students who complete two substantially similar courses will receive credit for both courses. However, the number of credit hours of the substantially similar course will be considered extra-to-program. For example, if a student in a 40-course program (120.0 credit hours) takes two 3.0-credit-hour courses that are substantially similar, one of the courses would be considered extra-to-program. This substantially similar course will be counted toward applicable GPAs and will remain on the student's record, but it will not fulfill program requirements for graduation.

Some courses may be applicable to more than one limit in a program. For example, History 1000 and History 1200 are substantially similar and both may count toward the 1000-level course limit in a program. The course deemed substantially similar would be extra-to-program and excluded from the 1000-level course limit.

2. **Limitation on the Impact of a Single Course**

If a single course causes the student to exceed more than one limit, the student's program will be increased by one course (3.0 credit hours) only. For example, a student who completes History 1000 and History 1200 (which are substantially similar) would have his/her program increased by one course (3.0 credit hours). If completion of History 1200 also causes the introductory course limit to be exceeded by one course (3.0 credit hours), the program would not be increased further.

e. Waiver of Prerequisite/Corequisite

Students may possess some educational experience that provides much of the background usually acquired in a prerequisite or corequisite to a particular course. In such cases, the student may seek the permission of the Faculty or School to waive the prerequisite(s) and/or corequisite(s) for that course.

Application for a prerequisite/corequisite waiver must be made through the Department offering the course. Once written permission is received from the Faculty or School, a student may register in a course without having completed the prerequisite(s) and/or corequisite(s). Students do not receive credit for the waived prerequisite(s) or corequisite(s).

If a prerequisite or corequisite course is specifically required in a program or major, it must be registered and completed at some point unless a substitution has been approved by the Dean. In the case of courses required for the major, substitutions must be recommended to the Dean by the Department/Academic Unit.

f. Substitutions

A substitution for a required course is at the sole discretion of the Faculty or School. Substitutions are only granted in exceptional situations. Students should seek advice and information about substitutions from an academic advisor. Course substitutions must be approved by the Dean and are recorded on the student's record.

g. Academic Standards

1. Undergraduate Student in Good Standing

To be in good standing, an undergraduate student must maintain the following minimum cumulative GPA:

Number of completed courses (includes transfer courses)	GPA (U of L)
1-10	1.70
11-20	1.85
21-40	2.00

Students should be aware that some Faculties require higher levels of performance in certain courses or terms. Students are referred to detailed statements by Faculties/Schools in relevant Parts of this Calendar.

2. Probationary Student

If the cumulative GPA falls below the required levels, the student is placed on academic probation and is subject to program restrictions.

In some cases a student may be admitted as probationary because a previous academic record is either deficient in some respect, below the standard ordinarily required or difficult to assess.

3. Required Withdrawal from the University

Students may be required to withdraw on two academic grounds: (1) academic indices or (2) consecutive terms on probation.

Students shall be required to withdraw for academic reasons from University of Lethbridge programs only following the spring term.

a. Required Withdrawal - Academic Indices

Students who have completed six courses and whose cumulative GPA, at the end of the spring term, falls below the following indices are required to withdraw from the University:

Number of completed courses (includes transfer courses)	GPA (U of L)
6-10	1.50
11-20	1.70
21-30	1.85
31-40	2.00

b. Required Withdrawal - Terms on Probation

Students who, at the end of the spring term, have remained on academic probation for two or more consecutive terms, are required to withdraw from the University.

Students should be aware that regulations pertaining to required withdrawal may vary depending on the Faculty or School. Students are referred to their respective Faculty or School for details on these regulations.

4. Required Withdrawal from Program/Major

Where demand for access exceeds program/major capacity, Faculties/Schools reserve the right to set academic standards for continuation in a specific program or major. A student who is not eligible to continue in a program/major, but whose academic performance does not warrant required withdrawal from the Faculty or School, or the University, is guaranteed a seat in a related program/major for which the student is qualified and which is offered by that Faculty or School.

h. Honours Thesis Designation

Undergraduate Thesis courses will be designated by the same number in all disciplines (4995), carry the subject code for the discipline (e.g., PHIL), and the title "Undergraduate Thesis."

Undergraduate Thesis courses will be 6.0 credit hours, and tuition fees will be assessed on the regular fee basis. Prerequisites will include: (1) fourth-year standing (a minimum of 90.0 credit hours) and (2) a cumulative GPA specified by the Faculty or School.

Any discipline-specific requirements beyond those required for the major are included as prerequisites for the Undergraduate Thesis courses and appear in this Calendar under the Undergraduate Thesis course listing (see **Course Catalogue, p. 291**).

The grading mode will be standard letter grading. Credit/Non-credit is not available.

A minimum grade approved by the Faculty or School Council must be achieved in order to attain the Honours Thesis designation. A student who achieves a grade of 'D' or higher, but not the designated minimum grade in this Undergraduate Thesis course, or who fails to meet any other requirement for the Honours Thesis designation, will retain credit for the equivalent of two courses (6.0 credit hours) under the course title of 'Undergraduate Thesis' but will not be eligible for the 'Honours Thesis' designation.

For information regarding the Honours Thesis designation and Undergraduate Thesis courses for the B.A., B.Sc., and BASc. degrees, see **Faculty of Arts and Science, Section 11 (p. 94)**.

For information regarding the Honours Thesis designation and Undergraduate Thesis courses for the B.F.A. - Art degree, see **Faculty of Fine Arts, (p. 162)**, and for the B.F.A. - New Media degree, see **Faculty of Fine Arts, (p. 169)**.

For information regarding the Honours Thesis designation and Undergraduate Thesis courses for the B.Mgt. degree, see **Dhillon School of Business, Section 5. (p. 192)**.

3. PROGRAM REQUIREMENTS

a. Year of the Calendar

Students are governed by the **program requirements of the Calendar in effect at the time of the most recent admission**. However, students are governed by the current Calendar in all other respects (e.g., academic regulations, order of registration, fees, course prerequisites) regardless of the year of admission or readmission.

When a student's registration at the University is interrupted and the student subsequently is readmitted to a University program, the student shall be governed by the Calendar in effect at the time of readmission, unless granted special permission.

A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to the University, to the current Calendar. If a student opts for a particular Calendar, **all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects.**

Any student wishing to change the Year of the Calendar must apply to their Faculty or School Academic Advising or Student Program Services office.

b. Liberal Education List Requirement

In keeping with the Liberal Education focus of the University, all students in an undergraduate degree program must complete the Liberal Education List Requirement (Lib Ed List Requirement) (see **School of Liberal Education, p. 81**).

c. Residence Requirements and Time Limits

Please note the following for the last three columns of the table:

Column A: Residence Requirement

A student who is a candidate for an undergraduate degree, diploma, or certificate must satisfy the minimum residence requirement through successful completion of University of Lethbridge courses. A single course, as listed in this table, is the equivalent of 3.0 credit hours.

For some University of Lethbridge programs, students are required to take courses at another institution under Visiting Student Authorization. Such courses taken under Visiting Student Authorization will be counted as University of Lethbridge courses for residence requirement purposes.

Column B: Time Limit for Retention of Individual Course Credit

Many courses have a defined 'shelf life.' A course may be used to meet program requirements for a specific number of years. After that point, credit for that course is not retained.

Column C: Time Limit for Program Completion

A student who is a candidate for a degree, diploma or certificate must satisfy all program requirements within the time limit established by the Faculty or School administering that program.

1. There are restrictions on the diploma used as the basis for admission to the Post-Diploma B.Mgt. program. The approved diploma can be no more than eight years old at the point of admission.
2. Management courses must have been completed at a recognized post-secondary institution not more than eight years prior to admission to the Dhillon School of Business. Once admitted, credit is retained until completion of the program (up to a maximum of 10 years after admission).
3. Students who study at an international institution under Exchange Student authorization will count the exchange courses toward meeting the minimum residence requirement.
4. Exceptions apply to certain majors for the ten 3000/4000-level Management courses required for residency. Students in the following majors may use courses in the major towards this requirement: Computer Science majors can use 3000/4000-level Computer Science courses in addition to 3000/4000-level Management courses; Economics majors can use 3000/4000-level Economics courses in addition to 3000/4000-level Management courses; Indigenous Governance and Business Management majors can use 3000/4000-level Indigenous Studies courses in addition to 3000/4000-level Management courses; and Political Science majors can use 3000/4000-level Political Science courses in addition to 3000/4000-level Management courses.
5. Exceptions apply to certain majors for the ten 3000/4000-level Management courses required for residency. Students in the following majors may use courses in the major towards this requirement: Economics majors can use 3000/4000-level Economics courses in addition to 3000/4000-level Management courses; Indigenous Governance and Business Management majors can use 3000/4000-level Indigenous Studies courses in addition to 3000/4000-level Management courses; and Political Science majors can use 3000/4000-level Political Science courses in addition to 3000/4000-level Management courses.
6. In addition to meeting the residence requirement for their program, students in the Accounting major must complete five of the following courses at the University of Lethbridge: Management 3100, 3101, 3130, 3131, 3151, 3160, 3170, 3180, 4110, 4125, 4130, 4151, 4160.

4. STUDENT POLICIES

Prior to the 2019/2020 Academic Calendar and Course Catalogue, policies a. - f. (below) were published in Academic Regulations, Policies, and Program Requirements and are now referenced below and available online. Students are bound by the current versions of these policies which are located online.

The University of Lethbridge provides many policies to support student learning and the student experience. A comprehensive listing of policies - academic and non-academic - can be found online. Students are bound by all the policies that are currently in effect, and the official versions are contained on the policy website (www.uleth.ca/policy).

a. Assessment of Student Learning Policy and Procedures for Undergraduate Courses

This policy specifies the components required in course outlines, identifies expectations of students, and provides procedures for the conduct and scheduling of formal learning assessments, reporting grades, and handling student work once assessment is complete.

The full policy is available online at www.uleth.ca/policy/resources/assessment-student-learning-policy-and-procedures-undergraduate-student.

Prior to the 2019/2020 Academic Calendar and Course Catalogue, this policy was published in Academic Regulations, Policies, and Program Requirements and is now available entirely online.

b. Grade Appeal Policy

Grade appeals deal with claims that a student's course grade has been improperly determined. Student grade appeals will be directed to the Dean of the Faculty or School in which the course is taught. Students shall first

discuss the grade and how it was determined with the instructor.

The full policy is available online at www.uleth.ca/policy/resources/grade-appeal-policy-undergraduate-student.

Prior to the 2019/2020 Academic Calendar and Course Catalogue, this policy was published in Academic Regulations, Policies, and Program Requirements and is now available entirely online.

c. Student Discipline Policy - Academic Offences

The integrity of the University and of the degrees the University confers is dependent upon the honesty and soundness of the teacher-student relationship, as well as the integrity of the evaluation process. Conduct by any student that adversely affects this relationship or process represents an academic offence. The following describes the principal academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

The policy defines plagiarism, cheating, duplication, confidential materials, misrepresentation and other offences along with the disciplinary action.

The full policy is available online at www.uleth.ca/policy/resources/student-discipline-policy-academic-offences-undergraduate-students.

Prior to the 2019/2020 Academic Calendar and Course Catalogue, this policy was published in Academic Regulations, Policies, and Program Requirements and is now available entirely online.

d. Student Discipline Policy - Non-Academic Offences

NOTE: Urgent Situations

Notwithstanding the information below, in the context of non-academic offences, any member of the University community who becomes aware of an urgent situation and has reasonable cause to believe that serious harm to individuals may result must immediately notify the Chief Safety Officer (telephone: 403-329-2345) or call 911.

The integrity of the University community depends upon student conduct which upholds the Principles of Student Citizenship (see **University of Lethbridge Principles of Student Citizenship, p. 11**). Basic principles of academic integrity include, "honesty in learning, teaching, research, service; respect [for]...colleagues, instructors, and administration...responsible for upholding the integrity of scholarship and research." The following describes the principle non-academic offences and procedures for their investigation and penalization. This policy pertains to such conduct where it involves any person registered in a University course (credit or non-credit).

The policy defines disruption; abuse harassment and dangerous activity; misuse or misappropriation of University Property, equipment facilities or services; misrepresentation and falsified documents and other offences along with initiation of disciplinary procedures.

The full policy is available online at www.uleth.ca/policy/resources/student-discipline-policy-non-academic-offenses-undergraduate-students.

Prior to the 2019/2020 Academic Calendar and Course Catalogue, this policy was published in Academic Regulations, Policies, and Program Requirements and is now available entirely online.

e. Authority to Rescind Registration Privileges/ Prohibit Access to University Property

This policy specifies the circumstance where the President may rescind registration privileges.

The full policy is available online at www.uleth.ca/policy/resources/caveat-authority-rescind-registration-privilegesprohibit-access-university-property.

Prior to the 2019/2020 Academic Calendar and Course Catalogue, this policy was published in Academic Regulations, Policies, and Program Requirements and is now available entirely online.

f. Appeal of Application of Policy Other Than Grade or Student Discipline

Students dissatisfied with the application of an academic policy or regulation to their own status, other than grade or student discipline, are entitled to a review by the Dean of the Faculty or School in which they are registered.

The full policy is available online at www.uleth.ca/policy/resources/appeal-application-policy-other-grade-or-student-discipline-undergraduate-students.

Prior to the 2019/2020 Academic Calendar and Course Catalogue, this policy was published in Academic

Regulations, Policies, and Program Requirements and is now available entirely online.

The University of Lethbridge provides many policies to support student learning and the student experience. A comprehensive listing of policies - academic and non-academic - can be found online (www.uleth.ca/policy). Students are bound by all the policies that are currently in effect, and the official versions are contained on the policy website.

g. Academic Accommodations for Students with Disabilities

The University of Lethbridge will take all reasonable measures short of undue hardship to promote full access to all services for students with disabilities in its post-secondary education programs (credit and non-credit) and community outreach components.

The full policy is available online at www.uleth.ca/policy.

h. Artwork Placement Policy

The University of Lethbridge encourages and nurtures creative expression and supports the display of student artist artwork. This policy outlines artwork replacement rules and artwork placement locations to ensure safe installation and removal.

The full policy is available online at www.uleth.ca/policy.

i. Computer Use Policy

Computer and network resources are critical resources at the University of Lethbridge. The purpose of this policy is to ensure the efficient operation and distribution of these resources.

The full policy is available online at www.uleth.ca/policy.

j. Confidentiality of Student Records Policy

In choosing to pursue a post-secondary education, students must be aware that the record of their academic performance will be viewed and evaluated by others. At the same time, the right to privacy assert that individuals have a legitimate interest in controlling what information about themselves they will reveal to others and what uses may be made of this information.

The full policy is available online at www.uleth.ca/policy.

k. Copyright

All University of Lethbridge students are obliged to uphold Canadian copyright law. Students needing assistance in using copyrighted materials in copyright-compliant ways are encouraged to contact the University Copyright Advisor office (copyright@uleth.ca; 403-332-4472) or consult the wide range of information available on the University's Copyright website (www.libguides.uleth.ca/copyright).

l. Library Access Policy

The purpose of the University Library's resources and services is to further the academic mandate of the University by facilitating access to information in all formats for the purposes of study and research. The objective of the Access Policy is to provide equitable access to the resources and services of the University Library.

The full policy is available online at www.uleth.ca/policy.

m. Library Code of Conduct

The University Library - as a central learning area and a shared, common resource - is committed to providing users with fair and equitable access to Library materials, resources, and services.

The full policy is available online at www.uleth.ca/policy.

n. Managing Unacceptable Behaviour by External Users of University Facilities

This policy provides a process to deal with unacceptable behaviour of external users and to protect University property, services, faculty, staff, students, and other users from such behaviour when it occurs.

The full policy is available online at www.uleth.ca/policy.

o. Policy Against Hazing

The University of Lethbridge has a zero tolerance policy on hazing. Hazing activities of any type are inconsistent with the mission and vision of the University and are prohibited at all times.

The full policy is available online at www.uleth.ca/policy.

p. Revoking Degrees

The policy defines conditions where a degree could be revoked.

The full policy is available online at www.uleth.ca/policy.

q. Behavioural Intervention Policy

The Behavioural Intervention Policy provides a procedure and mechanism by which worrisome or potentially harmful behaviours may be reported, assessed, and responded to by the University.

The full policy is available online at www.uleth.ca/policy.

r. Student Housing Policy

Student housing accommodation at the University provides convenient living accommodation together with services and programs from which residents may secure additional education, social, and cultural advantages. The University is concerned not only with the physical environment within student housing, but also with activities which will provide an educational experience aimed at aiding the personal growth of each resident.

The full policy is available online at www.uleth.ca/policy.

s. Student Safety Abroad Policy

This policy sets out standards to ensure safer experiences for University of Lethbridge students who travel internationally as part of a University program or activity.

The full policy is available online at www.uleth.ca/policy.

t. Taping of Lectures

Lectures and performances given by academic staff members and visiting speakers may be audio or video recorded by students provided prior approval has been granted by the instructor or performer. Permission to record is solely for the purpose of personal study by the student and does not convey any right to duplicate the recording.

u. Other Policies

For more information regarding other University policies pertaining to alcohol, animals on campus, cannabis, sexual violence, smoking, weapons, research, and others, see www.uleth.ca/policy.

1. APPLICATION FOR GRADUATION

Each degree, diploma, or certificate candidate must formally apply to graduate by completing the *Application for Graduation* available on the Bridge (www.uleth.ca/bridge).

Students who are not eligible to graduate will submit another application by the appropriate future deadline.

a. Application Deadlines

All dates and deadlines regarding graduation and convocation are located in the Academic Schedule (see **Academic Schedule, p. 15**).

b. Outstanding Accounts

Students owing the University of Lethbridge fees, fines or other charges will not be permitted to graduate and will have academic transcripts withheld. Outstanding fees include tuition fees, housing charges (including Telecom charges), and library fines.

2. CREDENTIAL

A credential is evidence of program completion and is represented as a notation on the academic transcript. A parchment is a document made of superior paper that recognizes the credential.

a. Academic Transcripts

After official verification and after completion of the conferral process, the Registrar's Office includes an official notation on all academic transcripts of graduated students that the degree, diploma, or certificate has been awarded. This notation includes the major(s), minor(s), concentrations, and specialization designation, and any Academic Distinction, Honours Thesis or Co-operative Education designations.

3. CONVOCATION INVITATION

In late March (for May/June Convocation) or late August (for October Convocation), an invitation is mailed to each applicant's permanent address. Applicants can also access this information online at www.uleth.ca/convocation.

Students may only attend the Convocation ceremony to which they have applied and have been invited to attend.

4. CONFERRAL

The conferral of degrees, diplomas, and certificates occurs during Convocation ceremonies held twice annually, and in absentia once annually.

Convocation ceremonies, where conferral takes place for students who have fulfilled degree, diploma, or certificate requirements, during the fall and spring terms are scheduled for the Thursday and Friday following the week of the Victoria Day long weekend. Students who have completed degree requirements in the fall term and had their credential conferred upon them in absentia in February will be invited to attend this Convocation ceremony to celebrate and receive their parchments.

A Convocation ceremony for students who have fulfilled degree, diploma, or certificate requirements during the summer term is scheduled for the Saturday following Thanksgiving in October. See the **Academic Schedule, p. 15** for dates.

If a graduand is absent from their appointed Convocation ceremony, their degree, diploma, or certificate parchment will only be released following the Convocation ceremony.

Parchments are available for pickup at the Registrar's Office during the week following the Convocation ceremonies. Parchments not picked up will be mailed to each students' permanent address.

Term of Completion	Conferral	Convocation Ceremony
Fall	February	May/June
Spring	May/June	May/June
Summer	October	October

a. Order of Conferral

For information regarding the order of conferral, please see www.uleth.ca/convocation.

b. Distinction or Great Distinction

Undergraduate degrees with Distinction or Great Distinction are conferred upon students who have displayed outstanding academic performance during their undergraduate degree programs. In the Faculty of Education, outstanding practicum performance is also required.

Standards for Distinction or Great Distinction are defined by the Faculty of School. Please refer to **Institutional Honours** in the relevant Faculty or School section of the Calendar for information on how these honours designations are awarded.

c. Medals

Each year, Faculties and Schools award a University of Lethbridge Gold Medal to their most distinguished graduand. Two medals are awarded by the Faculty of Arts and Science.

The Silver Medal of the Governor General of Canada is awarded to the graduate with the highest academic standing in an undergraduate program.

The Gold Medal of the Governor General of Canada is awarded to the graduate with the highest academic standing in a graduate program.

The School of Graduate Studies Silver Medals of Merit are awarded to a graduating student from each degree program for excellence in graduate studies.

The William Aberhart Gold Medal in Education is awarded to the graduating student who has shown the highest general proficiency in the final two years of the Bachelor of Education program.

Applications for these medals are not required. For complete information, please refer to **Awards and Scholarships, Academic Medals (p. 456)**.

5. NAMES ON PARCHMENTS

The full legal name of the graduand will appear on the parchment. Changes in name must be supported by copies of legal documentation (e.g., marriage certificate, divorce decree, vital statistics certificate). **Legal given names cannot be replaced with nicknames or initials.**

6. ISSUANCE OF A PARCHMENT

The original parchment is provided to the graduand as part of the graduation process.

In order to receive an additional or replacement parchment, the graduand will need to submit a signed request and the original parchment to the Registrar's Office. Accommodations may be arranged if the original parchment is not able to be submitted.

7. AWARDED POSTHUMOUSLY

With the approval of a Faculty or School Council, a degree, diploma or certificate may be awarded posthumously to a deceased student who had completed their program or was completing the last term of their program. Posthumous awards will be noted on the academic transcript and parchment.

8. CONVOCATION ATTENDANCE

a. Graduands

Graduands include only those whose degrees, diplomas, or certificates have been approved by their Faculty or School Council and who have no outstanding accounts with the University.

The graduands process as a discrete group, sit in an area reserved for graduands, and proceed to the platform to have their credential conferred under the guidance of the Marshals of the Graduands. Unless a graduand can demonstrate a special need (e.g. service dog), no one except approved graduands will process and sit with the graduands, or appear on the platform for conferral.

b. Guests

Guest seating at Convocation is open to the general public subject to availability of seats within prescribed safety limits of the venue. However, the first priority for guest seating is assigned to invited guests of University of Lethbridge graduands.

c. Academic Staff

For the purposes of Convocation, the Academic Staff Party is restricted to Professors Emeriti, the Registrar, current and retired faculty members, and Librarians, excluding Deans and Vice-Presidents. The Academic Staff process as a discrete group and sit on the platform.

Any individual listed as a faculty member in the Calendar of an accredited post-secondary institution, the focus of which is on teaching, scholarship, and research, shall be allowed to join and to process with the Academic Staff Party upon request to the Convocation Coordinator.

d. Chancellor's Party

The Chancellor's Party includes the Chair of the Board of Governors, President and Vice-Chancellor, all Deans and Vice-Presidents, members of the Senate Executive Committee, members of the Board of Governors, member from the Iniskim Education Committee or their designate, and all those distinguished guests invited to Convocation by the Chancellor (including those individuals selected to receive honours). The Chancellor's Party processes as a discrete group and sits according to a seating plan in a reserved area of the platform.

9. ACADEMIC DRESS

The University of Lethbridge academic dress has been uniquely designed for the University. At Convocation, graduating students wear celebratory regalia with a hood associated with the credential being conferred, as described below.

a. Gown

Bachelor's degree, master's degree, diploma, and certificate graduands wear a black gown.

Doctor of Philosophy graduands wear a royal blue gown with walden blue velvet facings and chevrons, outlined in bright gold piping.

In place of the gown, the University invites North American Indigenous graduands to wear cultural dress in combination with the hood associated with their academic program.

b. Hood

All graduands will wear a hood associated with the credential being conferred.

The Bachelor's degree hood is a shell of black lined with blue, trimmed with a twisted gold and blue cord. Specific degrees are distinguished by the colour of braid on the lining, described below. Hoods for graduands of combined degree program feature the braids for both degrees awarded.:

Bachelor of Arts:	White braid
Bachelor of Science:	Golden yellow braid
Bachelor of Arts and Science:	White and gold braid
Bachelor of Education:	Light blue braid
Bachelor of Fine Arts:	Brown braid
Bachelor of Music:	Pink Braid
Bachelor of Health Sciences:	Red and gold braid
Bachelor of Nursing:	Red braid
Bachelor of Therapeutic Recreation:	Green Braid
Bachelor of Management:	Light brown braid

The master's degree hood is a shell of black lined with blue. An exterior border of light blue satin indicates the hood is for a master's-level degree and the distinguishing braid follows the colours of the undergraduate hood.

The certificate and diploma hood is a shell of black lined with blue, trimmed with a twisted gold and blue cord without a braid.

The Doctor of Philosophy hood is a shell of royal blue, lined with sapphire blue satin and a bright gold chevron; the walden blue velvet trim is outlined in bright gold piping.

c. Cap

Graduands in the academic procession will be provided with the approved academic headwear which is worn, without alteration, at the Convocation ceremony.

Bachelor's degree, master's degree, diploma, and certificate graduands wear a black mortarboard with a black tassel.

Doctor of Philosophy graduands wear a walden blue befeater with a bright gold tassel.

Graduands may opt to wear religious headwear or cultural North American Indigenous headwear in place of the academic cap provided.

d. Honorary Degree

Honorary degree recipients wear a blue robe with thin gold trim and gold sleeves, and a blue mortarboard with a gold tassel. Honorary degree hoods are a shell of light blue with a chevron of gold and blue lining with a border of white velvet.

e. Academic Staff Party

Academic staff shall be robed in the academic regalia to which they are entitled by virtue of their recognized academic degree or, failing that, in the approved cap and gown of the University of Lethbridge.

North American Indigenous academic staff are invited to wear cultural dress.

b. Indigenous Stole

Self-declared North American Indigenous graduands will receive the gift of a University of Lethbridge Indigenous stole to be worn as part of the regalia. The decorative stole is embroidered with an Eagle Feather, Metis infinity symbol, buffalo, and Inukshuk. These stoles are available for all self-declared North American Indigenous graduands who attend their Convocation Ceremony.

II. REVOKING DEGREES

The University has a policy to govern the revoking of a degree after it has been awarded (see **Academic Regulations, Student Policies, p. 66**). The full policy is available online at www.uleth.ca/policy/revoking-degrees-policy.

10. RECOGNITION AND CELEBRATORY DRESS**a. Cords of Distinction and Great Distinction**

Bachelor's degree graduands who are being awarded their degrees with Distinction or Great Distinction will be gifted with and recognized by Cords of Distinction.

I. INTERNATIONAL STUDENTS

An international student is any student whose country of citizenship is not Canada, and who is not a Permanent Resident of Canada.

a. Admission

1. Admission Requirements and Procedures

For information on admission, see **Admission (p. 19)**.

2. English Language Requirements

All applicants to undergraduate programs must fulfill the English Language Proficiency requirement, regardless of citizenship or country of origin. See **Admission, English Language Requirements (p. 26)**.

b. Fees

For information on international student fees, see the fee schedules in **Fees (p. 48)**.

c. Mandatory Health Care Insurance for International Students

The University of Lethbridge requires all students to obtain and carry basic health insurance, in addition to the Students' Union supplementary health insurance plan or equivalent. Students include all individuals registered in credit or non-credit courses and programs at the University of Lethbridge. Such insurance must be arranged prior to the commencement of classes for each term of study. The University reserves the right to rescind registration privileges from any student not carrying basic health insurance.

d. Authorization to Study in Canada

Most foreign nationals require a study permit to study in Canada. Visit www.canada.ca/en/services/immigration-citizenship.html for information on how to obtain a study permit after admission to the University of Lethbridge.

2. EXCHANGE STUDENTS

An exchange student is any student who is enrolled at one university but attending another university under an approved exchange agreement.

a. Outgoing Exchange Students

University of Lethbridge students who are required to or wish to participate in an approved international exchange program are required to contact the International Office. There are currently approved exchange programs at institutions in over 25 countries (see **Collaborating and Partnering Institutions, p. 499**). Some exchange programs are only available to students in specific Faculties/Schools or programs at the University of Lethbridge. To see a current list of countries available for exchange, please visit www.uleth.ca/international/content/education-abroad.

For further information, contact the International Office (SU040, tel. 403-329-2053, fax 403-382-7140, or email: outgoing@uleth.ca).

b. Incoming Exchange Students

Students enrolled at one of our international partner universities who wish to participate in an exchange program at the University of Lethbridge are required to apply through their home university.

For procedures and information pertaining to Exchange Students, see **Admission, Information for Incoming Exchange Students (p. 36)**.

3. VISITING STUDENTS

Individuals currently enrolled in a degree program at another recognized degree-granting institution who wish to enrol in courses at the University of Lethbridge for credit at their home institution are advised to request a *Letter of Permission* issued by their home institution.

International Visiting students are approved by the International Office and are able to study at the University of Lethbridge for up to two terms. Visiting students will contact the International Office (international@uleth.ca) to coordinate their studies.

Visiting students register for courses as Open Studies students. It is the responsibility of the Visiting student to meet any applicable course prerequisites. Registration in specific courses is not guaranteed. For additional information, see **Registration, Open Studies Student (p. 45)**.

4. INTERNATIONAL STUDENT ADVISING

The International Office provides non-academic advising services to assist international students in adapting to campus life. International Student Advisors provide assistance related to immigration, and academic and cultural transition.

For further information, contact the International Office (SU040, tel. 403-329-2053, fax 403-382-7140, or email: international.advice@uleth.ca).

5. ENGLISH FOR ACADEMIC PURPOSES (EAP)

The University of Lethbridge English Language Institute (ELI) is responsible for the English for Academic Purposes program, a non-credit English as an Additional Language program.

The English for Academic Purposes program is designed for students who are seeking admission into degree programs. Students who successfully complete the Advanced Level of EAP will satisfy the University of Lethbridge English Language Proficiency (ELP) requirement, for either undergraduate or graduate levels, and will not be required to submit a standardized English language test score (e.g., TOEFL, IELTS or CAEL) for University of Lethbridge admission.

The EAP program does not satisfy the University of Lethbridge Spoken English Language Proficiency (SELP) requirement for programs offered by the Faculty of Health Sciences (see **English Language Requirements, p. 26**).

The EAP program is available on the Lethbridge campus.

a. Admission

Admission requirements for all applicants to the English for Academic Purposes (EAP) program, including those not seeking admission into a degree program, can be found within **English for Academic Purposes Admission Route (p. 24)**.

b. Placement

Placement tests are administered at the beginning of each term to determine each student's current level of ELP. Generally, overall IELTS scores co-relate as such:

- IELTS 4.0 - Pre Intermediate
- IELTS 4.5 - Intermediate
- IELTS 5.0 - High Intermediate
- IELTS 5.5 - Advanced

Upon assessment of student work within the first week of classes, an instructor may recommend to the Manager, English Language Institute that a student be moved to a higher or lower level at the beginning of the second week of classes. Changes will not be typically made after this time.

c. Program Requirements

The EAP program is comprised of the courses listed below. The number of courses required to complete the EAP program may vary based on the initial placement of a student.

Required courses:

- English for Academic Purposes 0110 - Pre-Intermediate Reading and Writing
- English for Academic Purposes 0111 - Pre-Intermediate Communication (Listening and Speaking)
- English for Academic Purposes 0120 - Intermediate Reading and Writing
- English for Academic Purposes 0121 - Intermediate Communication (Listening and Speaking)
- English for Academic Purposes 0130 - High Intermediate Reading and Writing
- English for Academic Purposes 0131 - High Intermediate Communication (Listening and Speaking)
- English for Academic Purposes 0140 - Advanced Reading and Writing
- English for Academic Purposes 0141 - Advanced Communication (Listening and Speaking)

d. Academic Course Registration

Students who are admitted to EAP and place into the Advanced EAP level may be given permission to enrol in either EAP 0140 or EAP 0141 and one academic undergraduate course. Consideration is based on ELI placement scores, recent external language test scores, student conferencing and consultation with appropriate international student advisors and academic advisors.

Academic course registration will be subject to the approval of the Manager, English Language Institute, in close consultation with an international student advisor and/or appropriate academic advisors. Students who do not successfully complete the remaining EAP component will not be admitted to an undergraduate academic program until the ELP requirement has been satisfied.

e. Withdrawal

Students in the EAP program are strongly advised to see the International Student Advisor prior to withdrawing from an EAP course. For more information regarding course withdrawals, please see **Withdrawal (p. 43)**.

f. Required Withdrawal

An EAP student who does not successfully complete any EAP course after three terms will be required to withdraw.

g. Fees

For EAP program fees, see **Fees (p. 50)**.

I. GENERAL PHILOSOPHY AND INFORMATION

The University of Lethbridge Library works to advance the scholarly research and creative endeavours of the University through information literacy instruction and information management support. It aims to develop, within students and academic staff, the skills required to discern the value, authority, relevance and significance of information retrieved to meet post-secondary educational outcomes. The Library promotes teaching excellence, research, information literacy, and research data management for undergraduate and graduate students, and for other members of the University community. It achieves this through provision of rich and relevant collections, innovative technologies, exemplary assistance, quality instruction, and varied learning and study spaces.

Information literacy is integral to the four pillars of Liberal Education, and is a foundational background for discipline-specific and trans-disciplinary programming. See **School of Liberal Education (p. 81)** for more details regarding the University of Lethbridge Liberal Education philosophy.

Library Contact and Hours

The Library's hours vary throughout the year. Please check the Library's website for current Library hours.

Phone: 1-403-329-2265

Email: gsd.library@uleth.ca

Web: www.uleth.ca/lib/hours

Mobile: www.uleth.ca/lib/mobile

Library Website

The University of Lethbridge Library website (www.uleth.ca/lib) provides access to resources and services available both on- and off-campus. These include access to the Library catalogue, electronic resources (indexes and databases, e-journals, e-books, etc.), a virtual tour, help guides, and electronic reference services. Off-campus access to licensed online resources is restricted to current University of Lethbridge students and staff.

2. SERVICES

a. Campus Services

The University of Lethbridge Library offers a variety of services to students. For further information on the services outlined here, visit www.uleth.ca/lib/services.

1. Assistance

Library staff are available to assist students with research questions and to provide instruction in the effective use of information resources and the tools available to locate them. Staff are available in person at the Information and Research Assistance Desk (IRAD), by telephone, email, or via instant messaging (www.uleth.ca/lib/Ask_Us). Tours of physical and virtual resources are offered at the beginning of the fall and spring terms, or by special request.

2. Borrowing

Individuals with a valid University of Lethbridge Campus ID Card (including alumni) are entitled to borrow circulating materials from the Library. University of Lethbridge students are also able to obtain The Alberta Library (TAL) card and a Council of Prairie and Pacific University Libraries (COPPUL) card at no cost. The TAL card provides borrowing privileges in more than 260 participating libraries, including public libraries, while the COPPUL card

provides reciprocal borrowing privileges in participating academic libraries across Canada.

Loan periods vary depending on the type of material borrowed as some items are non-circulating. Materials in heavy demand, such as required readings for courses, may be placed on reserve and are subject to shortened loan periods.

For details regarding borrowing policies and privileges, see www.uleth.ca/lib/borrowing.

3. Interlibrary Loans

Students may request that the Library obtain materials required for study and research that are not available at the University of Lethbridge Library. To request an Interlibrary Loan, visit www.uleth.ca/lib/services.

4. Media

A collection of equipment is available for loan and includes PC/Mac laptops, projectors, camcorders, audio recorders, etc. Note that some services are restricted to members of the University community.

5. Study and Creative Facilities

The Library provides a variety of study spaces including bookable group workrooms (www.uleth.ca/lib/bookinb), carrels, lounge seating, and tables. There is access to general-use computers equipped with a variety of productivity software, and access to hardware and software to support the production of multimedia projects. Listening and viewing equipment is available for use with a variety of media types. Group workrooms are equipped with wall-mounted televisions for connecting to laptops. Copiers/printers/scanners are available on all three levels of the Library.

b. Liaison Librarians

Through a subject area liaison model, each academic subject area, including the School of Graduate Studies, is assigned a liaison librarian. Liaison librarians offer a wide range of instructional and research services, and are also responsible for collection development and management in their assigned subject area disciplines. Liaison librarians work with designated library representatives from each Faculty or School to facilitate communication with staff and students.

c. Scholarly Communications and Research Support

Librarians inform and support research at the University through consultation, programming, online resources and self-education via web resources in areas such as Open Access publishing, research data management, and scholarly research mobilization. Librarians provide support for the scholarly communications and research lifecycle, including grant-writing, data management, publishing, and understanding measures of research impact. The Library's Centre for the Study of Scholarly Communication (www.uleth.ca/research/centres-institutes/centre-study-scholarly-communication) includes academic staff from the Library and Faculties/Schools, complementing the delivery of scholarly communication and research support.

d. University Copyright Advisor

The University Copyright Advisor office provides strategic direction, operational leadership, and copyright services to students and staff. The office offers:

- Advice on how best to maintain copyright compliance.
- Assistance in interpreting copyright legislation and licence agreements.
- Permissions clearance services for instructors and course packs.
- Timely updates on changes in the University's copyright environment.
- Workshops and educational sessions on copyright.

Current information on copyright issues, support and advice can be found at www.uleth.ca/copyright.

3. INSTRUCTION

a. Credit Courses

The Library offers credit courses in Library Science (LBSC) and research methods at both the undergraduate and graduate levels.

Undergraduate students also have the opportunity to earn academic credit through LBSC Applied Studies and Independent Study courses supervised by a Librarian or University Archivist. Please see **Faculty of Arts and Science, Applied Studies and Co-operative Education (p. 93)** and **Faculty of Arts and Science, Independent Study (p. 93)** for further details.

b. Embedded Instruction

The Library offers instruction within a number of subject-specific credit courses. This embedded instruction may take the form of tutorials, labs, workshops, and guest lectures, and may or may not be a graded component of the course.

c. Additional Instructional Programming

The Library provides out-of-classroom opportunities to support undergraduate students, post-doctoral fellows, and other researchers in the changing information environment. Lectures, public presentations, workshops, and training sessions cover a variety of topics, including EndNote, current issues in scholarly communication, Open Access publishing, Research Data Management, measuring research impact, and more. Instruction is also available online through subject-specific research guides and e-learning modules (libguides.uleth.ca)

4. COLLECTIONS

University of Lethbridge Library collections are selected and maintained based on an assessment of quality, relevance, and balance to support and strengthen teaching, learning, and research across campus. The Library provides access to educational materials in a variety of formats that support the University's academic and research programs.

a. Physical Collections

There are roughly 1.4 million physical items in the collection including books, journals, government publications, audiovisuals, maps, and microforms. Most of this collection is housed in a high-density stack area on Level 9, with current serials, newspapers, the reference

collection, new additions to the collection, and a Lethbridge Public Library popular collection being housed on Level 10.

b. Digital Collections

The Library provides online access to scholarly journals in all disciplines, key reference and government information sources, images, streaming audio and video, and a growing collection of scholarly work published as Open Access. This also includes locally digitized collections of historical and cultural significance to southern Alberta.

1. Blackfoot Digital Library

Hosted by the University Library in partnership with Red Crow Community College, the Blackfoot Digital Library contains primary source materials related to the knowledge, language and history of the Blackfoot people. For more information, see www.blackfootdigitallibrary.com.

2. Institutional Repository

Theses, articles, and other research outputs produced by the University of Lethbridge academic community can be accessed electronically (www.uleth.ca/dspace/). This interface also allows for graduate student submission of theses via an e-thesis system.

3. Numerical Data

The University Library is a member of the Data Liberation Initiative, which provides access to Statistics Canada's micro data collections. Other numerical data products the Library subscribes to include SDA@CHASS, Canadian Census Analyser and the Inter-University Consortium for Political and Social Research (ICPSR) Data Archive.

4. GIS and Spatial Data

The Library is a member of the GEODE Consortium, which provides enhanced access to digital mapping data pertaining to Alberta. It is also a participant in the DMTI Spatial Academic Consortium, which provides access to digital mapping products produced by DMTI Spatial.

c. Special Collections

The University of Lethbridge Library maintains special collections of rare and antiquarian books as well as a collection of local histories. Special collections are available for private research and reading within the Library as a non-circulating collection. Special collections are housed within University Archives.

d. Faculty of Education Curriculum Laboratory

The Curriculum Laboratory, located on Level 11, is a learning resource centre designed to support programs offered by the Faculty of Education. Multi-format materials relevant to the Alberta school curriculum are available for viewing and/or loan. Collections and facilities include group study spaces, Mac computers, a scanner, and other preview and materials preparation equipment. Circulating materials are signed out and returned at the Library's General Services Desk. For more information visit www.uleth.ca/education/currlab.

e. University Archives

University of Lethbridge Archives is responsible for the collection and preservation of official records which document the University's fulfillment of its teaching, research and public service. University Archives appraises, acquires, arranges, describes, preserves, and makes records available for teaching and research. For more information visit www.uleth.ca/aschome/home.

5. POLICIES AND REGULATIONS

The University has policies, plans, and publications to provide users with fair and equitable access to Library materials, resources, and services in a productive and safe environment. Users and visitors are expected to engage in behaviour consistent with these goals. Library policies can be found within **Academic Regulations, Policies , and Program Requirements, Student Policies (p. 66)** and are available online at www.uleth.ca/lib.

I. GENERAL PHILOSOPHY

Since its founding, the University of Lethbridge has provided a Liberal Education model that brings its students together in a learning community which offers opportunities and experiences for developing leaders in society. The School of Liberal Education fosters a teaching and learning philosophy for growth in transdisciplinary learning and thinking skills to enable individuals to contribute to their communities at all levels.

a. Liberal Education Model

The University of Lethbridge Liberal Education model encompasses four main aspects or pillars:

1. Breadth of knowledge across disciplines. Students are exposed to multiple ways of looking at and studying the world beyond their own disciplinary boundaries.
2. Connections and integration of knowledge across disciplines. Students learn about transdisciplinary points of contact across a range of topics.
3. Critical thinking and problem solving skills. Students develop skills to identify arguments, evaluate evidence and reasoning, produce informed decisions, and communicate and defend those decisions.
4. Education for citizenship. Students are encouraged to be contributing community members on all levels from local to global, and to participate in the running of their communities.

These four pillars provide students with the competencies and skills to enhance employability and cultivate the values of good citizenship.

b. Pathways to Liberal Education

The University of Lethbridge provides a number of pathways that expose students to the pillars of Liberal Education in a variety of ways. For further information regarding these pathways, visit www.uleth.ca/liberal-education.

The Liberal Education List Requirement (p. 83) requires students to take courses from a variety of disciplines.

A number of combined degree programs, including an Individualized Multidisciplinary Major (IMM), and a variety of possible minors (including a minor in Liberal Education) also expose students to breadth and integrative critical thinking. The School of Liberal Education offers courses specifically designated as Liberal Education (LBED) courses which emphasize integration of several pillars and include Topics, Applied Studies, and Independent Study courses. The School of Liberal Education offers students opportunities for undergraduate research projects, tutorial leader positions, and volunteer and service learning. Co-operative Education programs at the University allow students to obtain hands-on experience relevant to their programs.

c. Role of the School of Liberal Education

The School of Liberal Education integrates all facets of the Liberal Education model at the University of Lethbridge. The School provides support for teaching and learning, student programs, and experiential learning activities. It educates students to develop an understanding of the value of Liberal Education.

The School of Liberal Education oversees and coordinates the following strategic planning and policy development activities:

1. Ensures University focus on the four-pillar Liberal Education model.
2. Integrates programming with all Faculties and Schools.
3. Coordinates and provides direction for the pathways to Liberal Education.
4. Guides and approves the Liberal Education List Requirements for all Faculties and Schools.
5. Oversees the development and offering of LBED courses.

2. ADVISING AND INFORMATION

a. Dean of Liberal Education

As well as being the administrative head of the School of Liberal Education, the Dean has direct responsibility for instruction and courses in Liberal Education (LBED). Appeals and issues of interpretation for students in Liberal Education (LBED) courses, minors, or initiatives should be directed to the Office of the Dean of Liberal Education.

b. Academic Advising

Students should seek academic advice from the Faculty or School of their program. Academic advisors provide assistance to students regarding their program, major, or other academic concerns. Contact the relevant Faculty or School for information.

3. LIBERAL EDUCATION LIST REQUIREMENT

In keeping with the Liberal Education focus of the University, all students in an undergraduate degree program must complete the Liberal Education List Requirement (Lib Ed List Requirement). **As some courses may not fit specific program requirements, students should consult their Faculty or School advising office.**

The Liberal Education Lists provide students with opportunities to critically explore a wide range of disciplines as embedded in academic programming.

- i. Fine Arts and Humanities: The exploration of the human experience including culture, history, language, thought, religion, ethics, arts, and creativity.
- ii. Social Science: The study of individuals and their relationships within society.
- iii. Science: The study of the natural world and conceptual modeling of reality.

a. 40-Course Degree Programs

Students may complete the Lib Ed List Requirement through one of the following pathways:

Four courses (12.0 credit hours) from each of Lists I, II, and III.

OR

Three courses (9.0 credit hours) from each of Lists I, II and III for students who successfully complete both Liberal Education 1000 and either Liberal Education 2000 or Library Science 2000.

OR

Three courses (9.0 credit hours) from each of Lists I, II, and III for students who successfully complete both Liberal Education 3010 and Liberal Education 4000.

OR

*Two courses (6.0 credit hours) from each of Lists I, II, and III for students who successfully complete one of the following pairs:

Liberal Education 1000 and Liberal Education 2000;
and Liberal Education 3010 and Liberal
Education 4000

OR

Liberal Education 1000 and Library Science 2000;
and Liberal Education 3010 and Liberal
Education 4000

**The individual Liberal Education (LBED) and Library Science (LIBR) courses (Liberal Education 1000, Liberal Education 2000, Liberal Education 3010, Liberal Education 4000 and Library Science 2000) do not fulfill a requirement for any list.*

b. Post-Diploma Degree Programs

Students pursuing a post-diploma program offered by the University of Lethbridge are required to complete either the full 12-course (see a. above) or a modified Lib Ed List Requirement. For further information, see the program description in the appropriate part of this Calendar.

1. Full 12-Course Liberal Education List Requirement
Students registered in the Post-Diploma B.A. and B.Sc. in Agricultural Studies, the Post-Diploma B.Sc. in Computer Science, the Post-Diploma B.F.A. - Art or Dramatic Arts, or B.Mus. (after a two year diploma) program are required to meet the full 12-course (36.0 credit hours) Lib Ed List Requirement.
2. Modified Liberal Education List Requirement
Students registered in some post-diploma programs are required to meet a modified Lib Ed List Requirement. For further information, refer to the requirements for individual programs in the appropriate part of this Calendar.

c. Limitations

There are limitations on the courses that can be used for meeting the Liberal Education List Requirement.

1. Only four courses (12.0 credit hours) in total may be counted from any one discipline. Disciplines are identified by course subject codes (e.g. ENGL, MGT, and MUSI are separate disciplines).
2. Only four courses (12.0 credit hours) in total may be counted from a combination of Liberal Education List courses from the Faculty of Education, Faculty of Health Sciences, and the Dhillon School of Business. That is, only four courses in total having a course title of EDUC, ABHL, ADCS, HLSC, NURS, PUBH, TREC, and MGT may be counted in meeting the Liberal Education List Requirement.
3. Cross-listed courses count toward the limit for both disciplines (e.g. Management 3500/Indigenous Studies 3250 counts toward the limit for Management and Indigenous Studies).
4. Courses may only be counted according to the Liberal Education List in effect in the term in which credit is earned at the University of Lethbridge. For example, if a course is not on the Lib Ed List in the term a student earns credit for it, but the course is subsequently added to the Lib Ed List, the student cannot use the course toward meeting their Lib Ed List Requirement. Applicants presenting transferable courses are deemed to have earned transfer credit at the University of Lethbridge in the term in which a student is first admitted to a University of Lethbridge program (for more information, see **Admission, Transfer Credit, p. 34**).

LIBERAL EDUCATION LISTS

The School of Liberal Education, in consultation with the Faculties and Schools, has the ultimate authority to approve and designate courses to be placed on each list.

Courses offered as Series, Topics, Applied Studies Disciplinary Credit, Independent Studies, Undergraduate Thesis and Interdisciplinary Studies may be designated as Fine Arts and Humanities, Social Science, or Science and may be so designated at the time of offering.

Students may designate Science courses marked with an asterisk (*) as List II: Social Science Courses for the purposes of the Liberal Education List Requirement. Such a designation is made at the Registrar's Office.

As some courses may not fit specific program requirements, students should consult their Faculty or School advising office.

I. PHILOSOPHY AND PROGRAMS

The Faculty of Arts and Science offers instruction in a broad range of subjects, from the humanities and social sciences to the natural and mathematical sciences. The Faculty of Arts and Science commits itself to the development of well-educated persons through the pillars of Liberal Education, including breadth and connections across disciplines, critical thinking skills, and engaged citizenship at all levels. We emphasize the skills developed by a Liberal Education, and a balance of breadth of general intellectual background with depth of knowledge in a particular area.

a. Liberal Education Skills

Literacy: the ability to read and interpret texts from diverse media, discourses and genres, and to express oneself in writing.

Information literacy: the ability to discern when information is needed, and the ability to find, evaluate and use information effectively.

Oral expression: the ability to listen and understand oral messages, and to express oneself effectively in a wide range of interpersonal contexts.

Numeracy: the ability to work effectively with quantitative ideas and mathematical relations.

Critical thinking: the ability to evaluate reasoning systematically and to argue well in support of deserving ideas.

Integrative thinking: the ability to make connections among diverse and superficially unconnected things.

Problem solving: the ability to recognize the problematic nature of the world and the ability to address those problems in a rigorous and imaginative way.

b. Breadth and General Intellectual Background

A *sense of historical consciousness*; an awareness of events in time and their significance to each other; and the relation of oneself and one's community within them.

A wide-ranging grasp of what the *sciences tell us about the world* in which we live; their methods, limitations, purposes and interactions with the global community and the world.

An understanding of the importance of evidence-based and logical reasoning, as the basis for informed decision-making.

Reflection of one's own values and an openness to change.

An understanding of, and a respect for, the causes and consequences of cultural, group and interpersonal differences.

A *critical understanding and an appreciation of the creative and aesthetic dimensions of life.*

The ability to comprehend and analyze the many facets of social life.

An *awareness of the body* and the physical contexts in which we apprehend reality, and the development of well-being.

c. Depth of Knowledge

A capacity to *comprehend the complexity of ideas* through sequential, developmental learning in a single subject or discipline.

The development of the competency to *do rigorous independent work* in a subject or discipline.

A *critical grasp* of the assumptions, arguments, approaches and controversies that have shaped particular claims and findings within a subject or discipline, and an understanding of the connections among disciplines.

d. Programs

The Faculty of Arts and Science offers three baccalaureate (i.e. bachelor's) degrees: the Bachelor of Arts (B.A.), the Bachelor of Science (B.Sc.), and the Bachelor of Arts and Science (B.A.Sc.).

A baccalaureate degree is an academic degree awarded by a university to a person who has successfully completed undergraduate studies.

The Bachelor of Arts is awarded in recognition of the satisfactory completion of a prescribed set of program requirements. Students must declare a major in a Humanities, Fine Arts, or Social Science discipline and complete all the requirements for the chosen major and the degree.

The Bachelor of Science is awarded in recognition of the satisfactory completion of a prescribed set of program requirements. Students must declare a major in a Science discipline and complete all the requirements for the chosen major and the degree.

The Bachelor of Arts and Science is awarded in recognition of the satisfactory completion of a prescribed set of program requirements. Students must declare two majors, one in a Humanities, Fine Arts, or Social Science discipline and one in a Science discipline, and complete all the requirements for both chosen majors and for the degree.

All undergraduate degree programs in the Faculty of Arts and Science require students to complete the Liberal Education List Requirement (Lib Ed Requirement). In some post-diploma programs or for the Second Degree program students must complete a modified Lib Ed Requirement. For details, see **School of Liberal Education, Liberal Education List Requirement (p. 83)**.

The Faculty of Arts and Science offers the following programs:

- A 40-course (120.0 credit hour) program leading to the Bachelor of Arts (B.A.) (see **p. 95**).
- A 40-course (120.0 credit hour) program leading to the Bachelor of Science (B.Sc.) (see **p. 96**).
- A 40-course (120.0 credit hour) program leading to the Bachelor of Arts and Science (B.A.Sc.) (see **p. 96**).
- A 20-course (60.0 credit hour) post-diploma program in Agricultural Studies leading to the Bachelor of Arts (B.A.) (see **p. 129**).
- A 20-course (60.0 credit hour) post-diploma program in Agricultural Studies leading to the Bachelor of Science (B.Sc.) (see **p. 130**).
- A 20-course (60.0 credit hour) post-diploma program in Computer Science leading to the Bachelor of Science (B.Sc.) (see **p. 131**).
- A 20-course (60.0 credit hour) post-diploma program in Environmental Science leading to the Bachelor of Science (B.Sc.) (see **p. 132**).
- A 20-course (60.0 credit hour) post-diploma program in Geography, with a Concentration in Geographical Information Science, leading to the Bachelor of Science (B.Sc.) (see **p. 133**).
- A 30-course (90.0 credit hour) program leading to the Bachelor of Arts (B.A.) or Bachelor of Science

(B.Sc.) portion of the Bachelor of Arts/Bachelor of Education (B.A./B.Ed.) or Bachelor of Science/ Bachelor of Education (B.Sc./B.Ed.). Neither degree is granted until requirements for the entire combined degrees program are completed. See **Combined Degrees**.

- A 30-course (90.0 credit hour) program leading to the Bachelor of Arts (B.A.) or Bachelor of Science (B.Sc.) portion of the Bachelor of Arts/Bachelor of Management (B.A./B.Mgt.) or Bachelor of Science/ Bachelor of Management (B.Sc./B.Mgt.). Neither degree is granted until requirements for the entire combined degrees program are completed. See **Combined Degrees**.

Students who hold an undergraduate degree may be eligible to complete a minimum 20-course program leading to the B.A., B.Sc., or B.ASc. as a second degree. See **B.A., B.Sc. or B.ASc. After an Approved Degree (p. 128)**.

The 40-course B.A., B.Sc., and B.ASc. programs can be completed in eight consecutive terms if students complete five courses (15.0 credit hours) per term. Students may choose to reduce their course load to accommodate other commitments such as family or employment responsibilities. Students in good standing may take up to six courses (18.0 credit hours) in a term. Students on academic probation may not register in more than four courses (12.0 credit hours).

2. ADVISING AND INFORMATION

Academic advising in Arts and Science takes account of the variety of educational goals for which the Faculty wholly or partly provides and affiliates with other student services in the University.

a. Dean of Arts and Science

As well as being the administrative head of the Faculty of Arts and Science, the Dean of Arts and Science has direct responsibility for all academic programs and all years of study in Arts and Science. Appeals and issues of interpretation for students in Arts and Science should be directed to the Office of the Dean of Arts and Science.

b. Academic Advisors

Academic advising for the Faculty of Arts and Science is the responsibility of academic advisors, located in Markin Hall (M2102).

Students may consult academic advisors for assistance with a variety of academic concerns, including program planning, declaration of majors, General majors, readmission, applications for Incompletes or Withdrawals with Cause, authorized study at another university, and pre-professional transfer programs.

c. Department Advisors

Each Arts and Science department and program designates an advisor who knows in detail department courses, prerequisites and course schedules, as well as all aspects of the department's major program. In some departments, the Chair serves as Department Advisor.

Although the minimum requirements for each major program are fully detailed in this Calendar, students should plan their major programs in consultation with the department advisor in order to ensure meeting their own

individual aims. These aims may include graduate school or professional school admission and vocational goals.

However, department advisors have no authority regarding degree, program or major requirements as set out in this Calendar. For information on such matters, students should consult academic advisors.

3. ADMISSION

Applicants to Faculty of Arts and Science programs are advised to refer to **Admission** for general admission requirements, policies and application deadlines.

a. Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science

Admission to the Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), or Bachelor of Arts and Science (B.ASc.) programs may be gained by fulfilling the general admission requirements outlined in **Admission**.

In addition, applicants to the following majors must satisfactorily complete the Alberta high school courses indicated, or equivalents:

Major	Additional High School Admission Requirement(s)
Agricultural Biotechnology	Biology 30 Chemistry 30 Mathematics 30-1
Agricultural Studies (B.A.)	Mathematics 30-1 or Mathematics 30-2
Agricultural Studies (B.Sc.)	Biology 30 Chemistry 30 Mathematics 30-1
Applied Statistics	Mathematics 30-1 (Mathematics 31 recommended)
Biochemistry	Biology 30 Chemistry 30 Mathematics 30-1
Biological Sciences	Biology 30 Chemistry 30 Mathematics 30-1
Chemistry	Biology 30 Chemistry 30 Mathematics 30-1
Computer Science	Mathematics 30-1
Computer Science and Geographical Information Science	Mathematics 30-1
Economics	Mathematics 30-1or Mathematics 30-2
Environmental Science	Biology 30 Chemistry 30 Mathematics 30-1
Geography (B.Sc.)	Mathematics 30-1
Kinesiology (B.Sc.) ¹	Biology 30
Mathematics	Mathematics 30-1 (Mathematics 31 recommended)
Neuroscience	Biology 30 Chemistry 30 Mathematics 30-1
Physics	Mathematics 30-1 (Mathematics 31 recommended)
Remote Sensing	Mathematics 30-1

Concentration in Geographical Information Science (available for select majors only)	Mathematics 30-1 or Mathematics 30-2 (in addition to major requirements)
--	--

¹ Beginning with admission for Fall 2020, students applying to the major in Kinesiology for the B.Sc. will need Biology 30, Chemistry 30, and Mathematics 30-1 (or equivalent courses).

Enrolment in the Bachelor of Arts, Bachelor of Science, and Bachelor of Arts and Science degree programs is limited, based on major, and fulfilment of the minimum admission requirements does not guarantee admission. The Faculty of Arts and Science reserves the right of selection of all applicants for admission and readmission based on admission average.

b. Bachelor of Arts/Bachelor of Education and Bachelor of Science/Bachelor of Education

See **Combined Degrees, (p. 213)**.

c. Bachelor of Arts/Bachelor of Management and Bachelor of Science/Bachelor of Management

See **Combined Degrees, (p. 213)**.

d. Post-Diploma Bachelor of Arts or Bachelor of Science programs

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to these post-diploma degree programs. The Faculty of Arts and Science will consider related diplomas not previously approved for admission on a case-by-case basis.

1. Post-Diploma Bachelor of Arts in Agricultural Studies; Post-Diploma Bachelor of Science in Agricultural Studies; Post-Diploma Bachelor Science in Computer Science; and Post-Diploma Bachelor of Science in Geography, with a Concentration in Geographical Information Science

Admission to these post-diploma programs is available to applicants who have completed an approved college diploma with a cumulative grade point average (GPA) of 2.50 or higher (on the University of Lethbridge 4.00 scale). Applicants with a diploma GPA below 2.50 but not less than 2.00 (on the University of Lethbridge 4.00 scale) will be considered for admission on a case-by-case basis.

2. Post-Diploma Bachelor of Science in Environmental Science

Admission to the Post-Diploma Bachelor of Science in Environmental Science program is guaranteed to applicants who have completed an approved college diploma with a cumulative GPA of 2.75 or higher (on the University of Lethbridge 4.00 scale). Subject to permission of the Faculty of Arts and Science, applicants with related work experience may be admitted with a GPA below 2.75 but not less than 2.00 (on the University of Lethbridge 4.00 scale). Applicants must submit a resume detailing related work experience to Admissions.

e. Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science After an Approved Degree

The Bachelor of Arts (B.A.), Bachelor of Science (B.Sc.), or Bachelor of Arts and Science (BASc.) After an

Approved Degree programs are available to applicants who have completed an approved undergraduate degree. These programs are primarily of interest to degree-holders wishing to pursue an entirely different field of study to enhance or change their career focus and to international students seeking North American credentials.

An approved degree is a baccalaureate degree requiring a minimum of 30 or more courses (90.0 credit hours) from a recognized degree-granting institution. (See **Admission, Previous Degree, p. 23**). Applicants are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar. International applicants who possess a related degree will be considered for admission on a case-by-case basis and are not eligible for admission without the approval of the Faculty of Arts and Science. The decision of the Faculty of Arts and Science will be final in these matters.

Beginning with admission for Fall 2020, second degree applicants are required to meet major-specific admission requirements (see **Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science, p. 90**).

f. Pre-Professional Transfer Program in Engineering

Admission to the Pre-Professional Transfer Program in Engineering is competitive. All applicants, including high school, transfer and adult (mature) applicants must present the following courses:

- Chemistry 30
- English Language Arts 30-1
- Mathematics 30-1 or Pure Mathematics 30
- Mathematics 31
- Physics 30

Enrolment in the Pre-Professional Transfer Program in Engineering is limited, and fulfilment of the minimum admission requirements does not guarantee admission. Typically, applicants require a minimum average of 75% on these five courses, with at least 70% in each course. Transfer and adult applicants must also meet the admission requirements identified in **Admission (p. 19)**. Applicants changing programs or seeking transfer credit should seek advice from an Arts and Science academic advisor.

g. First Nations' Transition Program (FNTP)

To be eligible for admission to the program, applicants must have been enrolled in high school until Grade 12 OR have been out of high school for at least one year and, at a minimum, hold credit for the following Alberta high school courses or their equivalents:

One academic English Language Arts course chosen from:

- English Language Arts 20-1
- English Language Arts 30-2

Three approved courses chosen from:

- Aboriginal Studies 20
- Biology 20
- Chemistry 20
- One Fine Arts course:
 - Art 30 or Art 31
 - Dance 35
 - Drama 30

- Choral Music 30, General Music 30, or Instrumental Music 30
- Mathematics 20-1 or Mathematics 20-2
- Physics 20
- Science 20
- Social Studies 20-1 or Social Studies 30-2
- A 20-level language

Enrolment in the FNTP is limited. Students may be contacted by the Admissions Office or the Faculty of Arts and Science for further information.

Applicants to the FNTP who have been required to withdraw from the University of Lethbridge or another institution for academic reasons will be considered for admission without waiting for the lapse of one year and without completing additional university courses.

Students admitted to the FNTP may be eligible for *Tabula Rasa* if their cumulative University of Lethbridge GPA is below 2.00 regardless of required withdrawal. For details regarding the granting of *Tabula Rasa*, see **Admission, Readmission after Required Withdrawal, p. 25**.

Students are encouraged to complete a range of 30-level high school courses, or equivalent, before application. Some option courses within the transition program have specific high school prerequisites (see **Course Catalogue (p. 291)** for details).

h. Readmission after an Absence from the Faculty of Arts and Science

1. **Good Academic Standing or Academic Probation**
 - a. Students who left the Faculty of Arts and Science in good standing or on academic probation and are seeking readmission after an absence of up to two years are eligible to return to their previous program of studies regardless of current admission requirements. Such students will be governed by the program requirements of the Calendar in effect at the time of readmission (see **Admission, Year of the Calendar, p. 36**).
 - b. Students who left the Faculty of Arts and Science in good standing or on academic probation and are seeking readmission after an absence of more than two years, without completing transferable post-secondary courses, must meet current program-specific admission requirements, as indicated above.
 - c. Students who have completed transferable post-secondary courses during an absence must meet current admission requirements to be eligible for readmission (see **Admission, Post-Secondary Admission Route, p. 22**).
2. **Readmission after Required Withdrawal**
 Students dismissed for academic reasons will not be granted readmission until after the lapse of one year. Applicants for readmission after required withdrawal must complete no less than eight transferable courses (24.0 credit hours) with an overall GPA of 2.00 or higher (on the University of Lethbridge 4.00 scale), after being required to withdraw, to be eligible for readmission. Students required to withdraw twice are not eligible for readmission without approval from the Faculty.
Tabula Rasa will be granted to all first-degree University of Lethbridge students upon readmission

after required withdrawal for unsatisfactory performance. For details regarding the granting of *Tabula Rasa*, see **Admission, Readmission after Required Withdrawal, p. 25**.

Students readmitted after required withdrawal are readmitted on condition of academic probation and limited to registration in a maximum of four courses (12.0 credit hours).

4. ACADEMIC STANDARDS

For graduation, students must attain a minimum cumulative GPA of 2.00 on a minimum of 20 courses taken at the University of Lethbridge for credit toward the degree.

Students who fall within the cumulative GPA ranges below will be in good standing, on academic probation, or required to withdraw respectively.

Number of Completed Courses (includes transfer courses)	Good Standing	Academic Probation	Required Withdrawal
0-5	1.70 or higher	0.00-1.69	-
6-10	1.70 or higher	1.50-1.69	Below 1.50
11-20	1.85 or higher	1.70-1.84	Below 1.70
21-30	2.00 or higher	1.85-1.99	Below 1.85
31-40 (or more)	2.00 or higher	-	Below 2.00

The number of completed courses is based on a standard 3.0 credit hour course. For the purposes of these regulations, students in post-diploma degree programs will be considered to have 20 courses completed at the beginning of the program. Students in a second degree program must maintain a minimum GPA of 2.00 at all times.

- a. **Probation**
 Students whose cumulative GPA falls within the levels identified above are considered to be on academic probation. Students on academic probation may not register in more than four courses in a term.
- b. **Required Withdrawal - Academic Indices**
 Students whose cumulative GPA, at the end of the spring term, falls within the levels identified above are required to withdraw from the University. Students who have taken fewer than six courses (18.0 credit hours) at the University of Lethbridge will not be required to withdraw.
- c. **Required Withdrawal - Terms on Probation**
 Students who, at the end of the spring term, have remained on academic probation for two or more consecutive terms are required to withdraw from the University.
 Students who have taken fewer than six courses (18.0 credit hours) at the University of Lethbridge will not be required to withdraw.
Note: *The required withdrawal legislation, as indicated in b. and c., applies both to students registered in the fall term who did not continue in the spring term and to students registered in the spring term. All students' records are reviewed once per year, at the end of the spring term.*

5. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of the fall and spring terms.

Students enrolled in an Arts and Science program completing four or more graded courses (12.0 credit hours) in one term must achieve a GPA of 3.75 or higher on these courses to qualify. Of the four or more courses noted above, a minimum of three courses (9.0 credit hours) must be offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees 'With Distinction' or 'With Great Distinction.'

Students with an award GPA of 3.50 to 3.74 are awarded their degree 'With Distinction.' Students with an award GPA of 3.75 or higher are awarded their degree 'With Great Distinction.'

For purposes of awarding degrees 'With Distinction' or 'With Great Distinction,' the Faculty of Arts and Science determines an award GPA by factoring into the University of Lethbridge cumulative GPA, actual grades on transfer courses, and 'A+' grades as 4.30 grade points.

6. ARTS AND SCIENCE DISCIPLINES

A discipline is a branch of knowledge or learning. Disciplines are indicated in the Calendar by distinct course titles and course subject abbreviations. The Faculty of Arts and Science (in conjunction with the Faculty of Fine Arts and the School of Liberal Education) offers courses at the undergraduate level in the following disciplines:

Agricultural Biotechnology (AGBT)	Indigenous Studies (INDG)
Agricultural Studies (AGST)	Interdisciplinary Studies (IDST)
Anthropology (ANTH)	Japanese (JPNS)
Applied Studies (APST)	Japanese Studies (JPST)
Archaeology (ARKY)	Kinesiology (KNES)
Art (ART)*	Latin (LATI)
Art History (ARHI)*	Liberal Education (LBED)*
Asian Studies (ASIA)	Library Science (LBSC)
Astronomy (ASTR)	Linguistics (LING)
Biochemistry (BCHM)	Logic (LOGI)
Biology (BIOL)	Mathematics (MATH)
Blackfoot (BKFT)	Modern Languages (MODL)
Canadian Studies (CNST)	Museum Studies (MSTU)*
Chemistry (CHEM)	Music (MUSI)*
Cinema (CINE)*	Music Ensemble Activity (MUSE)*
Computer Science (CPSC)	Music Studio (MUSS)*
Cree (CREE)	Neuroscience (NEUR)
Drama (DRAM)*	New Media (NMED)*
Economics (ECON)	Philosophy (PHIL)
Engineering (ENGG)	Physical Activity (PHAC)

English (ENGL)	Physics (PHYS)
Environmental Science (ENVS)	Political Science (POLI)
Fine Arts (FA)*	Psychology (PSYC)
French (FREN)	Religious Studies (RELS)
First Nations' Transition (FNT)	Remote Sensing (RMTS)
Geography (GEOG)	Sociology (SOCL)
Geology (GEOL)	Spanish (SPAN)
German (GERM)	Statistics (STAT)
Greek (GREK)	Urban and Regional Studies (UBRE)
Hebrew (HEBR)	Women and Gender Studies (WGST)
Hispanic Studies (HPST)	Writing (WRIT)
History (HIST)	

Note: Disciplines indicated by an asterisk (*) are offered by the Faculty of Fine Arts or the School of Liberal Education. For all degree regulations, disciplines offered by the Faculty of Fine Arts or the School of Liberal Education are considered in the same way as Arts and Science disciplines.

7. APPLIED STUDIES AND CO-OPERATIVE EDUCATION

Faculty of Arts and Science students may be eligible to enhance their programs through participation in Applied Studies courses and/or Co-operative Education.

See **Applied Studies and Co-operative Education, p. 287** for more details. Further information may be obtained from the Career Bridge office (AH151; 403-329-2000; career.bridge@uleth.ca; www.ulethbridge.ca/career-bridge).

8. INDEPENDENT STUDY

An Independent Study is a course for which credit is earned through individual study under the supervision of an instructor. Independent Study may be taken for credit inside or outside of the student's major subject or in an interdisciplinary mode. Some major programs require an Independent Study component. Each Arts and Science program has a limit on the number of Independent Study courses that may be completed for credit. Please refer to the appropriate entry later in this section and **Academic Regulations, Exceeding Course Limits, p. 61**. Independent Study numbers 1990, 2990, 3990 and 4990 indicate the level of advancement.

Independent Study courses may take a variety of forms including library research, laboratory research projects or field study. Since Independent Study is intended to expand a student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the study, and by approval of the department and the Dean. Enrolment may be for a regular term or during a summer session. Credit for Independent Study is at the discretion of the department, upon recommendation of the instructor. Grades are due at the end of the term of registration, as for regular courses. For further information, students should consult the department or faculty member under whom they wish to pursue an Independent Study.

9. TOPICS COURSES

Topics courses (numbered 1850, 2850, 3850, or 4850) may be offered in a discipline. The subject matter of Topics courses varies with each offering, with different offerings indicated by

distinct titles. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e. if each offering taken has a different title).

Topics courses are offered on an irregular basis and do not appear in the **Course Catalogue 2019/2020** of the Calendar; Topics courses are listed in the current term Timetable. Contact hours for Topics courses may vary according to the nature of the course and will appear in the Timetable entry.

Prerequisites/corequisites/recommended background for individual offerings will appear in the Timetable entry and will normally specify one or more of the following: level-appropriate courses in the discipline/related disciplines, year of standing, appropriate majors, admission to a University of Lethbridge program, or some other special requirement (e.g. an interview).

10. CROSS-LISTED COURSES

There are two types of cross-listed courses available at the University of Lethbridge: courses cross-listed between two different Faculties or Schools, and courses cross-listed between two different disciplines within a Faculty or School. Cross-listed courses appear in the Calendar and will appear on the student's academic records in the dual form, for example, Economics 2070/Management 2070.

Courses cross-listed between Faculties or Schools count within a B.A., B.Sc., or B.A.Sc. program as the Arts and Science discipline. For example, Economics 2070/Management 2070 will be used as Economics 2070 for all regulations and requirements relating to the B.A., B.Sc., and B.A.Sc.

Courses cross-listed between two disciplines within the Faculty of Arts and Science may be used to meet major/minor requirements in either discipline, but not both (in the case of a double major or major/minor combination). However, cross-listed courses will count toward both disciplines with respect to any limits that exist within a student's program (including disciplinary course limits and Liberal Education List Requirements). For example, Asian Studies 3150/Women and Gender Studies 3150 will count toward the limit on the number of disciplinary courses allowed in both Asian Studies and Women and Gender Studies. A student may not assign a cross-listed course to one discipline or the other in order to avoid exceeding a limit.

11. UNDERGRADUATE THESIS COURSES ('HONOURS THESIS' DESIGNATION)

In some disciplines, qualified students in the Bachelor of Arts, Bachelor of Science, or Bachelor of Arts and Science programs may elect to complete an Undergraduate Thesis course (6.0 credit hours) linked to their declared major. Students who complete all requirements and satisfy the academic standards required for the Undergraduate Thesis course for their declared major are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment.

Students completing a combined degrees program, post-diploma program, or a B.A., B.Sc., or B.A.Sc. as a second degree may not count the 6.0 credit hour Undergraduate Thesis towards the requirements of their chosen major or degree program, although they are eligible to receive the 'Honours Thesis' designation by completing this course in addition to the minimum requirements for their chosen major and degree program.

Undergraduate Thesis courses are numbered 4995 and are available for Arts and Science majors as indicated below:

Arts and Science major	Undergraduate Thesis course
Agricultural Biotechnology	Agricultural Biotechnology 4995
Agricultural Studies (B.A. or B.Sc.)	Agricultural Studies 4995
Anthropology	Anthropology 4995
Applied Statistics	Statistics 4995
Archaeology and Geography (B.A. or B.Sc.)	Archaeology 4995 or Geography 4995
Art	Art 4995, Art History 4995, or Museum Studies 4995
Biochemistry	Biochemistry 4995
Biological Sciences	Biology 4995
Canadian Studies	Canadian Studies 4995
Chemistry	Chemistry 4995
Computer Science	Computer Science 4995
Computer Science and Geographical Information Science	Computer Science 4995 or Geography 4995
Dramatic Arts	Not currently available
Economics	Economics 4995
English	English 4995
Environmental Science	Environmental Science 4995
French	French 4995
French/Spanish	French 4995 or Spanish 4995
General Major in the Humanities	Not available
General Major in the Sciences	Not available
General Major in the Social Sciences	Not available
Geography (B.A. or B.Sc.)	Geography 4995
History	History 4995
Indigenous Studies	Indigenous Studies 4995
Kinesiology (B.A. or B.Sc.)	Kinesiology 4995
Mathematics	Mathematics 4995
Music	Not currently available
Neuroscience	Neuroscience 4995
Philosophy	Philosophy 4995 or Logic 4995
Physics	Physics 4995
Political Science	Political Science 4995
Psychology (B.A. or B.Sc.)	Psychology 4995
Religious Studies	Religious Studies 4995
Remote Sensing	Remote Sensing 4995
Sociology	Sociology 4995
Urban and Regional Studies	Urban and Regional Studies 4995
Women and Gender Studies	Women and Gender Studies 4995

(See **Course Catalogue**, (p. 291) for details on approved courses.)

a. Prerequisites

Prospective 'Honours Thesis' candidates must meet the following prerequisites:

1. Fourth-year standing (a minimum of 90.0 credit hours).
2. A cumulative GPA of 3.30 (or higher if the department/unit requires).
3. Any further prerequisite(s) as determined by the department/unit (see **Course Catalogue**).

b. Supervisory Committee

For each prospective 'Honours Thesis' candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the department offering the Undergraduate Thesis course, will consist of the Thesis Supervisor from the department and a minimum of one other reader, who may be from outside the department.

Note: For majors not housed in a department, the Supervisory Committee composition shall be proposed by the Program Coordinator, subject to endorsement by the Dean.

c. Initial Approval

1. The prospective student must present a *Thesis Proposal* to be approved by the Supervisory Committee prior to registration for the course.
2. The Supervisory Committee will establish at the outset the weighting of the written and oral components of the Thesis, as well as the procedure for determining the final grade.
3. Subsequent changes to the approved *Thesis Proposal* must be approved by the Supervisory Committee.
4. The prospective student must submit an unofficial transcript for review by the Supervisory Committee.
5. Admission to the course is achieved through approval of the Supervisory Committee and the department, or Program Coordinator, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.
6. The student must register for the Undergraduate Thesis course by the last day for course add/drop for the given fall/spring term or summer session.

d. Final Assessment

The final assessment for the Undergraduate Thesis is based on two criteria:

1. Written Component
 - a. The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a matter approved by the Supervisory Committee prior to registration in the course.
 - b. The Thesis should be of high quality and made publicly available by the department.
2. Oral Component

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the Thesis, unless so specified by the department.

e. Eligibility for 'Honours Thesis' Designation

Students are eligible to receive the 'Honours Thesis' designation on their official transcript and degree parchment only if they achieve a minimum grade of 'B+' (3.30 or higher) for the Undergraduate Thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B', inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation.

Students may not repeat an Undergraduate Thesis course and may not complete more than one Undergraduate Thesis course per degree.

Inquiries about the availability of the 'Honours Thesis' option should be directed to the respective department/unit. Please refer to **Academic Regulations, Honours Thesis Designation (p. 62)** for more information on the 'Honours Thesis' designation.

12. BACHELOR OF ARTS (B.A.)

a. General Requirements

1. Completion of at least 40 courses (120.0 credit hours) with a GPA of at least 2.00.
2. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
3. Not more than 12 courses (36.0 credit hours) may be completed at the 1000 level (or lower) for credit towards the degree, excluding Activity courses (labelled PHAC and MUSE) and courses numbered in the range of 0520 to 0530.
4. Completion of at least 15 courses (45.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000/4000 level, excluding Activity courses (labelled PHAC and MUSE).
5. Not more than five Independent Study courses (15.0 credit hours) may be completed for credit towards the degree.
6. Not more than five Disciplinary Credit Applied Studies courses (15.0 credit hours) may be completed for credit towards the degree. Students may, in addition, complete Applied Studies 2000, 2001, 2010, and 2011.
7. Not more than 24 courses (72.0 credit hours) may be completed from any one discipline for credit towards the degree.

Note: Disciplines are identified by a specific course label (e.g. KNES, ASTR, and HIST are separate disciplines).
8. Not more than six credit hours in Activity courses (i.e. courses labelled PHAC and MUSE) may be completed for credit towards the degree, except for Kinesiology majors (not more than 15.0 credit hours) and Music majors (not more than 12.0 credit hours).
9. Not more than six courses (18.0 credit hours) from disciplines offered outside the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education may be completed for credit towards the degree. Courses cross-listed between the Faculty of

Arts and Science and another Faculty or School do not count towards this limit.

10. Residence requirement: a minimum of 20 courses (60.0 credit hours) must be completed at the University of Lethbridge, including at least 10 courses (30.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000/4000 level.

(See **Academic Regulations, Exceeding Course Limits, p. 61.**)

b. Major Requirements

For the Bachelor of Arts, a major program must be chosen and completed from among the following majors: Agricultural Studies, Anthropology, Archaeology and Geography, Art, Canadian Studies, Dramatic Arts, Economics, English, French, French/Spanish, General Major in the Humanities, General Major in the Social Sciences, Geography, History, Indigenous Studies, Kinesiology, Music, Philosophy, Political Science, Psychology, Religious Studies, Sociology, Urban and Regional Studies, Women and Gender Studies, or an individual multidisciplinary major program.

Residence requirement: at least half of the courses required in the major must be completed at the University of Lethbridge.

13. BACHELOR OF SCIENCE (B.Sc.)

a. General Requirements

1. Completion of at least 40 courses (120.0 credit hours) with a GPA of at least 2.00.
2. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
3. Not more than 12 courses (36.0 credit hours) may be completed at the 1000 level (or lower) for credit towards the degree, excluding Activity courses (labelled PHAC and MUSE) and courses numbered in the range of 0520 to 0530.
4. Completion of at least 15 courses (45.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000/4000 level, excluding Activity courses (labelled PHAC and MUSE).
5. Not more than five Independent Study courses (15.0 credit hours) may be completed for credit towards the degree.
6. Not more than five Disciplinary Credit Applied Studies courses (15.0 credit hours) may be completed for credit towards the degree. Students may, in addition, complete Applied Studies 2000, 2001, 2010, and 2011.
7. Not more than 24 courses (72.0 credit hours) may be completed from any one discipline for credit towards the degree.

Note: *Disciplines are identified by a specific course label (e.g. KNES, ASTR, and HIST are separate disciplines).*

8. Not more than six credit hours in Activity courses (i.e. courses labelled PHAC and MUSE) may be completed for credit towards the degree, except for Kinesiology majors (not more than 15.0 credit

hours) and Music majors (not more than 12.0 credit hours).

9. Not more than six courses (18.0 credit hours) from disciplines offered outside the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education may be completed for credit towards the degree. Courses cross-listed between the Faculty of Arts and Science and another Faculty or School do not count towards this limit.
10. Residence requirement: a minimum of 20 courses (60.0 credit hours) must be completed at the University of Lethbridge, including at least 10 courses (30.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000/4000 level.

(See **Academic Regulations, Exceeding Course Limits, p. 61.**)

b. Major Requirements

For the Bachelor of Science, a major program must be chosen and completed from among the following majors: Agricultural Biotechnology, Agricultural Studies, Applied Statistics, Archaeology and Geography, Biochemistry, Biological Sciences, Chemistry, Computer Science, Computer Science and Geographical Information Science, Environmental Science, General Major in the Sciences, Geography, Kinesiology, Mathematics, Neuroscience, Physics, Psychology, Remote Sensing, or an individual multidisciplinary major program.

Residence requirement: at least half of the courses required in the major must be completed at the University of Lethbridge.

14. BACHELOR OF ARTS AND SCIENCE (BASc.)

a. General Requirements

1. Completion of at least 40 courses (120.0 credit hours) with a GPA of at least 2.00.
2. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
3. Not more than 12 courses (36.0 credit hours) may be completed at the 1000 level (or lower) for credit towards the degree, excluding Activity courses (labelled PHAC and MUSE) and courses numbered in the range of 0520 to 0530.
4. Completion of at least 15 courses (45.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000/4000 level, excluding Activity courses (labeled PHAC and MUSE).
5. Not more than five Independent Study courses (15.0 credit hours) may be completed for credit towards the degree.
6. Not more than five Disciplinary Credit Applied Studies courses (15.0 credit hours) may be completed for credit towards the degree. Students may, in addition, complete Applied Studies 2000, 2001, 2010, and 2011.
7. Not more than 24 courses (72.0 credit hours) may be completed from any one discipline for credit towards the degree.

Note: Disciplines are identified by a specific course label (e.g. KNES, ASTR, and HIST are separate disciplines).

8. Not more than six credit hours in Activity courses (i.e. courses labeled PHAC and MUSE) may be completed for credit towards the degree, except for Kinesiology majors (not more than 15.0 credit hours) and Music majors (not more than 12.0 credit hours).
9. Not more than six courses (18.0 credit hours) from disciplines offered outside the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education may be completed for credit towards the degree. Courses cross-listed between the Faculty of Arts and Science and another Faculty or School do not count towards this limit.
10. Residence requirement: a minimum of 20 courses (60.0 credit hours) must be completed at the University of Lethbridge, including at least 10 courses (30.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000/4000 level.

(See **Academic Regulations, Exceeding Course Limits**, p. 61.)

b. Major Requirements

For the Bachelor of Arts and Science, students must complete two majors: an Arts major chosen from the list of eligible majors below, and a Science major chosen from the list of eligible majors below.

Eligible Arts Majors

Anthropology	Indigenous Studies
Art	Kinesiology
Dramatic Arts	Music
Economics	Philosophy
English	Political Science
French	Psychology
French/Spanish	Religious Studies
Geography	Sociology
History	Women and Gender Studies

Eligible Science Majors

Biological Sciences	Kinesiology
Chemistry	Mathematics
Computer Science	Physics
Geography	Psychology

Note: Majors in Geography, Kinesiology, and Psychology may be used as either the Arts major or the Science major but not both.

Students must complete the minimum course requirements for both majors. Students may not double count courses in fulfilling requirements for their two majors.

In some cases, depending on the choice of majors, more than 40 courses (120.0 credit hours) may be required to satisfy all degree and major requirements.

Residence requirement: at least half of the courses required in each major must be completed at the University of Lethbridge.

15. MAJORS

The section on majors lists all majors available for the various degree programs offered by the Faculty of Arts and Science. Majors are listed alphabetically, and each entry provides pertinent information about the major and outlines the requirements. Further details may be obtained from Department Chairs, Program Coordinators, academic advising, or the Arts and Science Dean. Each entry also provides a web address for each program.

Sample Sequencing Plans

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

a. Agricultural Biotechnology (B.Sc.)

Departments: Biological Sciences, Chemistry and Biochemistry, and Economics.

The major in Agricultural Biotechnology provides background for a diverse range of activities such as graduate study in the life sciences and career development within the agricultural industry; the program is often taken as a means of completing pre-professional requirements leading to a veterinary degree. Please refer to the program website (www.uleth.ca/artsci/agricultural-biotechnology) for more information.

Required courses:

Agricultural Studies 1000 - The Evolution of Agriculture
 Biochemistry 2000 - Introductory Biochemistry
 Biology 1010 - Cellular Basis of Life
 Biology 1020 - Diversity of Life
 Biology 2000 - Principles of Genetics
 Biology 2200 - Principles of Ecology
 Biology 3000 - Gene Expression and Regulation
 Biology 3105 - Signal Transduction
 Biology 3210 - Experimental Methods in Molecular and Cellular Biology
 Biology 3300 - Evolution
 Biology 3400 - Principles of Microbiology
 Biology 4100 - Advances in Agricultural Biotechnology
 Chemistry 1000 - General Chemistry I
 Chemistry 2000 - General Chemistry II
 Chemistry 2500 - Organic Chemistry I
 Chemistry 2600 - Organic Chemistry II
 Economics 1010 - Introduction to Microeconomics
 Economics 3300 - Agricultural Policy I

One of:

Biology 3005 - Genome Maintenance
 Biology 3115 - Principles of Cell Growth

One of:

Biology 3420 - Animal Physiology
 Biology 3460 - Plant Physiology

One of:

Economics 2150 - Economics of Agricultural Issues
 Economics 2350 - Economics of Agricultural Markets I

One of:

Mathematics 1410 - Elementary Linear Algebra
 Mathematics 1560 - Calculus I
 Mathematics 1565 - Accelerated Calculus I

One of:

Physics 1000 - Introduction to Physics I
 Physics 1050 - Introduction to Biophysics

Recommended courses:

- Neuroscience 2600 - Brain and Behaviour
- Neuroscience 3600 - Fundamental Neurobiology
- Statistics 1770 - Introduction to Probability and Statistics

Notes

Students are advised to complete both Biology 3005 and Biology 3115 as part of their Agricultural Biotechnology major (only one of these is required).

A student who successfully completes this degree program and major may apply to the Alberta Institute of Agrologists (AIA) to be registered as a Professional Agrologist within Alberta. Students should contact the Coordinator of Agricultural Biotechnology early in the program for further information.

Concentration: Agricultural Business (optional)

Agricultural Biotechnology majors in the B.Sc. degree program may declare a Concentration in Agricultural Business.

Required courses:

- Management 2020 - Marketing
- Management 2100 - Introductory Accounting

Three of:

- Economics 3030 - Managerial Economics
- Economics 3080/Management 3780 - Principles of Industrial Organization
- Management 3010 - Business Law
- ¹Management 3050 - Human Resource Management
- Political Science 2210 - Canadian Politics and Government

Notes

¹ Has prerequisites: Management 2030, and one of Writing 1000 or a university English course (3.0 credit hours).

For students who complete all requirements, the Concentration in Agricultural Business will be acknowledged on the official academic transcript.

b. Agricultural Studies (B.A.)

Department: Economics

Agricultural Studies is a broad multidisciplinary program encompassing a purposeful blend of the physical sciences, economics, and other social sciences. The aim of the program is to improve the understanding and practice of activities that transform natural capital, plants, and animals to satisfy myriad human wants. The curriculum enables aspiring agriculturalists to explore and learn about the physical and economic interrelationships between agricultural production, marketing and trade, nutrient management, water, grazing, rangeland, and

riparian management. The program provides the foundation for a wide variety of career alternatives related to primary production, input supply services including banking, commodity marketing, and processing, and agri-food retailing.

Please refer to the program website (www.uleth.ca/artsci/agricultural-studies) for more information.

Required core (10 courses):

- Agricultural Studies 1000 - The Evolution of Agriculture
- Agricultural Studies 3300 - Modelling of Agricultural Systems
- Agricultural Studies 4000 - Seminar in Agricultural Issues
- Agricultural Studies 4300 - Advanced Modelling of Agricultural Systems
- Biology 1020 - Diversity of Life
- Economics 1010 - Introduction to Microeconomics
- Geography 1200 - Introduction to Human Geography
- Statistics 1770 - Introduction to Probability and Statistics

One of:

- Philosophy 2001 - Introduction to Ethics
- Philosophy 2236 - Environmental Philosophy

One of:

- Anthropology 1000 - The Anthropological Perspective
- Political Science 1000 - Introduction to Political Science
- Sociology 1000 - Introduction to Sociology

Subfield requirements (10 courses):

- Eight courses (24.0 credit hours) from either subfield list (1. or 2.) below
- Two courses (6.0 credit hours) from the other subfield list below
- Four of the subfield courses (12.0 credit hours) must be at the 3000/4000 level

Students choosing Agricultural Economics as their eight-course subfield must complete the Quantitative Methods requirement: Economics 2900. Students choosing Rural Sociology and Development as their eight-course subfield must complete the Research Methodology requirement: Sociology 2100.

1. Agricultural Economics

- Economics 1012 - Introduction to Macroeconomics
- Economics 2150 - Economics of Agricultural Issues
- Economics 2350 - Economics of Agricultural Markets I
- Economics 2750 - Quantitative Methods in Economics
- Economics 3010 - Intermediate Microeconomic Theory
- Economics 3030 - Managerial Economics
- Economics 3220 - Environmental Economics
- Economics 3300 - Agricultural Policy I
- Economics 3350 - Economics of Agricultural Markets II
- Economics 4300 - Agricultural Policy II

Quantitative Methods Requirement:

- Economics 2900 - Economics and Business Statistics

2. Rural Sociology and Development

- Economics 2150 - Economics of Agricultural Issues
- Economics 3300 - Agricultural Policy I
- Economics 3800 - Economic Development
- Economics 4300 - Agricultural Policy II

- Geography 1000 - Introduction to Physical Geography
- Geography 2210 - Spatial Organization of Economic Activity
- Geography 2700 - Geographical Data and Analysis
- Geography 3210 - Agricultural Geography
- Political Science 2210 - Canadian Politics and Government
- Political Science 3260 - Canadian Public Policy
- Political Science 3400 - Public Administration

Technical Studies Term (five courses)

Students are required to complete a term of study at an approved college. The Technical Studies term counts as the equivalent of 15.0 credit hours at the University of Lethbridge (i.e., three unspecified 2000-level and two unspecified 3000-level Agricultural Studies courses).

The Technical Studies term should be taken after at least 20 university courses have been completed and prior to registration in the final 10 courses for the degree.

Students must have the college course selection approved by the Coordinator of Agricultural Studies. Further details are available from the Coordinator.

Notes

Courses which appear in both subfield lists may be counted in only one of the subfields. Students choosing Agricultural Economics as their eight-course subfield must choose two courses from the Rural Sociology and Development subfield which are not Economics courses.

Applied Studies, Independent Studies and Topics courses may be counted toward the subfield requirements provided they are (1) clearly related to one of the subfields and (2) approved by the Coordinator of Agricultural Studies.

Students may not receive credit for courses at the University of Lethbridge for which close equivalents have been taken at the college, and vice versa. Students must ensure that their course selection has been approved by the Coordinator of Agricultural Studies.

Students wishing to pursue graduate studies in Agricultural Economics should also include Economics 3012, Economics 4010, Economics 4012, and Mathematics 1560 in their programs.

A student who successfully completes this major may apply to the Alberta Institute of Agrologists (AIA) to be registered as a Professional Agrologist within Alberta. Students should contact the Coordinator of Agricultural Studies early in the program for further information.

Notes

¹Has prerequisites: Management 2030, and one of Writing 1000 or a university English course (3.0 credit hours).

Students may not double count courses required for the Concentration in Agricultural Business in fulfilling requirements for subfields of the Major in Agricultural Studies. In such cases, students must select another option from the subfield list.

For students who complete all requirements, the Concentration in Agricultural Business will be acknowledged on the official academic transcript.

Agricultural Studies (B.A.)

d. Anthropology (B.A.)

Department: Anthropology

Anthropology is the academic study of the diversity of human life in local settings, whether in the past or present. The particulars of any local life, society, or culture, however, are not isolated from global influence. Contemporary anthropology examines the material, social, and cultural conditions of human behaviour and life from this locally global perspective. Traditionally, long-term ethnographic and archaeological fieldwork in other societies has been the hallmark of the anthropological study of the human condition, but anthropologists are also cultural critics considering issues of race, gender, power, space, and government in their own societies as well. The anthropological perspective makes significant contributions to fields as diverse as health, education, international development, religion, policy, urban studies, indigenous studies, economics, and politics.

Please refer to the program website (www.uleth.ca/artsci/anthropology) for more information.

Required courses:

- Anthropology 1000 - The Anthropological Perspective
- Anthropology 2210 - Cultures of the World (Series)
- Anthropology 2410 - Anthropological Approaches to Prehistory
- Anthropology 3000 - Anthropological Thought
- Anthropology 3010 - Methods, Knowledge, and Ethics
- Two additional courses (6.0 credit hours) in Anthropology at the 3000 or 4000 level
- Two courses (6.0 credit hours) in Anthropology at the 4000 level
- Four additional courses (12.0 credit hours) in Anthropology at the 2000 level or above

Notes

Independent Studies courses, Applied Studies, courses and the Undergraduate Thesis may not be counted as part of the minimum requirements for the major.

e. Applied Statistics (B.Sc.)

Departments: Mathematics and Computer Science, Economics, Geography, and Psychology

Statistics is the study of the collection, organization, analysis, interpretation, and presentation of data. Application of statistical techniques is an essential part of decision making and study in a wide range of disciplines such as astronomy, biology, education, economics, geography, engineering, genetics, marketing, medicine, psychology, public health, and sports, among many.

Please refer to the program website (www.uleth.ca/artsci/math-computer-science) for more information.

Required courses:

- Computer Science 1620 - Fundamentals of Programming I
- Mathematics 1410 - Elementary Linear Algebra
- Statistics 1770 - Introduction to Probability and Statistics
- Statistics 2200 - Survey Design and Analysis
- Statistics 3500 - Mathematical Probability
- Statistics 3510 - Mathematical Statistics
- Statistics 3700 - Design and Analysis of Experiments

- Mathematics 1565 - Accelerated Calculus I

One of:

- Mathematics 2560 - Calculus II
- Mathematics 2565 - Accelerated Calculus II

One of:

- Statistics 2780 - Statistical Inference
- Economics 2900 - Economics and Business Statistics

One course (3.0 credit hours) at the 4000 level in Statistics

Required Concentration:

For the Major in Applied Statistics, all students must complete one of the following concentrations:

1. Concentration in Economics

Economics 1010 - Introduction to Microeconomics
Economics 1012 - Introduction to Macroeconomics
Economics 2750 - Quantitative Methods in

Economics

Economics 3010 - Intermediate Microeconomic Theory

Economics 3012 - Intermediate Macroeconomic Theory

Economics 3950 - Econometrics I

Economics 4960 - Econometrics II

One additional course (3.0 credit hours) in Economics at the 3000/4000 level

Two additional courses (6.0 credit hours) in Economics at the 4000 level

2. Concentration in Geography

Geography 1000 - Introduction to Physical Geography

Geography 1200 - Introduction to Human Geography

Geography 2210 - Spatial Organization of Economic Activity

Geography 2700 - Geographical Data and Analysis

Geography 2735 - Introduction to Geographical Information Science

Geography 3235 - Quantitative Models for Geographic Analysis

Geography 4730 - Spatial Statistics

One of:

Geography 2030 - Geomorphology

Geography 2300 - Weather and Climate

One of:

Geography 3740 - Geographical Information Systems

Geography 3750 - GIS Applications in Human Geography

One additional course (3.0 credit hours) in Geography at the 3000/4000 level

3. Concentration in Psychology

Psychology 1000 - Basic Concepts of Psychology

Psychology 2030 - Methods and Statistics

Psychology 3400 - Advanced Research Design and Data Analysis

Four courses (12.0 credit hours) in Psychology or Neuroscience at the 2000 level

Two additional courses (6.0 credit hours) in Psychology or Neuroscience at the 3000/4000 level

One course (3.0 credit hours) in Psychology at the 4000 level

For students who complete all requirements for the Major in Applied Statistics with one of the above concentrations, the concentration will be acknowledged on the official academic transcript.

Notes

It is strongly recommended that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses in Computer Science, Mathematics, and Statistics.

f. Archaeology and Geography (B.A. or B.Sc.)

Department: Geography

Archaeology is the study of the human past based on cultural remains viewed in their spatial context. Archaeological research is often pursued using spatial and environmental models developed within the field of Geography. The major in Archaeology and Geography allows students to combine theoretical and methodological approaches, in tandem with advanced studies of particular cultures through conventional lecture courses and field work.

Please refer to the program website (www.uleth.ca/artsci/archaeology) for more information.

Required courses:

Anthropology 1000 - The Anthropological Perspective

Archaeology 1000 - Introduction to Archaeology

Archaeology 2610 - Old World Archaeology

Archaeology 3300 - Archaeological Field Work (Series)

Archaeology 3700 - Geoarchaeology and Landscape Analysis

Archaeology 3720 - Archaeological Materials Analysis

Archaeology 4100 - Advanced Archaeological Theory (Series)

Geography 1000 - Introduction to Physical Geography

Geography 1200 - Introduction to Human Geography

Geography 2030 - Geomorphology

Geography 2700 - Geographical Data and Analysis

Geography 2735 - Introduction to Geographical Information Science

One course (3.0 credit hours) in a language other than English

Four additional courses (12.0 credit hours) in Archaeology at the 3000 or 4000 level

Three additional courses (9.0 credit hours) in Geography, Geology, or Anthropology at the 3000 or 4000 level

One additional course (3.0 credit hours) in Geography, Geology, or Anthropology at the 2000 level or higher

Notes

Concentration: Geographical Information Science (optional)

Majors in Archaeology and Geography may declare a Concentration in Geographical Information Science.

Required courses:

- Computer Science 1620 - Fundamentals of Programming I
- Geography 3720 - Remote Sensing
- Geography 3740 - Geographical Information Systems
- Geography 4725 - Advanced Remote Sensing
- Geography 4740 - Advanced Geographical Information Systems

Notes

An alternate Geography course may be counted toward the concentration requirements provided (1) it is clearly related to Geographical Information Science and (2) it is approved by the Chair of the Department of Geography. Students may not double count courses required for the Concentration in Geographical Information Science in fulfilling requirements for the Major in Archaeology and Geography.

For students who complete all requirements, the Concentration in Geographical Information Science will be acknowledged on the official academic transcript.

g. Art (B.A.)

Department: Art (Faculty of Fine Arts)

The major in Art is a broad, general program of study. Students complete required courses in both studio art and art history and museum studies, as well as electives chosen from either or both areas. Studio instruction is available in drawing, painting, sculpture, photo-arts, printmaking, computer art, video, installation art, performance art, and audio art. Art History and Museum Studies courses are available in all periods and genres of western art including First Nations' and Canadian Art history.

Please refer to the program website (www.uleth.ca/artsci/art) for more information.

Required courses:

- Art 2031 - Foundation Studio (Drawing and Image)
- Art 2032 - Foundation Studio (Object and Space)
- Art 3010 - Drawing (Principles and Practices)
- Art History 1000 - Introduction to Art
- Art History 2001 - Contemporary Art Practices and Theories
- Art History 2225 - A Brief History of World Art

One of:

- Art 3261 - Art NOW
- Art 3262 - Art NOW

One of:

- Art History 3200 - Issues in 19th-Century Art and Culture
- Art History 3215 - 20th-Century Art History to 1945

- Art History 3240 - Canadian Art History to 1960
- Museum Studies 2900 - Introduction to Museum Studies

One of:

- Art History 3151 - Art History (Series)
- Art History 3152 - Indigenous Art History (Series)
- Art History 3220 - Art from 1945 to 1980
- Art History 3245 - Canadian Art History from 1960 to the Present
- Art History 3270 - Global Art Since 1980
- Art History 3850 - Topics Course
- Art History 4150 - Art History (Series)
- Museum Studies 3850 - Topics in Museum Studies
- Museum Studies 3900 - Exhibiting Cultures: Art Galleries, Museums and Cultures of Display
- Museum Studies 4000 - Museum Studies Internship

Four additional courses (12.0 credit hours) in Art, Art History, and/or Museum Studies

Notes

A student proceeding beyond these minimum requirements may choose to focus on Art Studio, Art History, or Museum Studies courses.

h. Biochemistry (B.Sc.)

Departments: Biological Sciences, and Chemistry and Biochemistry

Biochemistry is the study of all living systems at the molecular level. It looks at the chemical and physical basis of life and how these microcosms interact with their environments. The Biochemistry program will help students develop a strong background in the basic sciences and extensive laboratory skills. Thereby, the Biochemistry program provides background for a diverse range of careers in the life sciences, including professional programs such as medicine and veterinary medicine.

Please refer to the program website (www.uleth.ca/artsci/biochemistry) for more information.

Required courses:

- Biochemistry 2000 - Introductory Biochemistry
- Biochemistry 3100 - Proteins, Enzymes and Nucleic Acids
- Biochemistry 3300 - Bioenergetics and Metabolism
- Biology 1010 - Cellular Basis of Life
- Biology 1020 - Diversity of Life
- Biology 2000 - Principles of Genetics
- Biology 3000 - Gene Expression and Regulation
- Biology 3105 - Signal Transduction
- Biology 3210 - Experimental Methods in Molecular and Cellular Biology
- Biology 3400 - Principles of Microbiology
- Chemistry 1000 - General Chemistry I

Chemistry 2000 - General Chemistry II
 Chemistry 2410 - Analytical Chemistry I
 Chemistry 2500 - Organic Chemistry I
 Chemistry 2600 - Organic Chemistry II
 Chemistry 2740 - Physical Chemistry
 Physics 2000 - Introduction to Physics II

One of:

Mathematics 1560 - Calculus I
 Mathematics 1565 - Accelerated Calculus I

One of:

Mathematics 2560 - Calculus II
 Mathematics 2565 - Accelerated Calculus II

One of:

Physics 1000 - Introduction to Physics I
 (recommended)
 Physics 1050 - Introduction to Biophysics
¹Engineering 2060 - Engineering Mechanics

Two of:

Biology 3005 - Genome Maintenance
 Biology 3115 - Principles of Cell Growth
 Biology 3310 - Developmental Biology
 Biology 3420 - Animal Physiology
 Biology 3460 - Plant Physiology
 Chemistry 3410 - Analytical Chemistry II
²Chemistry 3730 - Advanced Physical Chemistry
 Chemistry 3830 - Inorganic Chemistry I
 Chemistry 3840 - Inorganic Chemistry II

Two courses (6.0 credit hours) in Biochemistry or Biology (List I - Cellular and Molecular Biology) at the 4000 level (see **Biological Sciences (B.Sc.)**, p. 104, for Biology lists)

Notes

¹Prerequisites required: *Engineering 2000 and Mathematics 1565.*

²Prerequisite required: *Mathematics 1410.*

Applied Studies, Independent Studies, and the Undergraduate Thesis may not be counted as part of the minimum requirements for the major; however, they are strongly encouraged for students taking courses beyond this minimum.

Students should choose appropriate 3000-level Biology or Chemistry courses to meet prerequisites for 4000-level courses in Biochemistry and/or Biology.

It is strongly recommended that students who are planning to pursue graduate studies in Biochemistry consider the Undergraduate Thesis option during the final two terms of their fourth year. Students interested in this option should consult potential supervisors at an early stage to discuss their background preparation.

i. Biological Sciences (B.Sc.)

Department: Biological Sciences

The Biological Sciences delve into the world of living organisms - from microbes, to human beings, to entire ecosystems - on, under and above the earth. Exploring the nature of life leads biologists out into the world to study how organisms interact with their environment, how they function, and how they evolved. The curriculum provides basic studies in molecular and cellular biology, organismal biology, and ecology and evolutionary biology during a student's first two years, with subsequent opportunities for specialization. Advanced courses also offer opportunities for independent laboratory or field research projects in the three areas. The program provides background for a diverse range of careers in the life sciences and a gateway to professional programs such as medicine and veterinary medicine.

Please refer to the program website (www.uleth.ca/artsci/biological-sciences) for more information.

Required courses:

Biochemistry 2000 - Introductory Biochemistry
 Biology 1010 - Cellular Basis of Life
 Biology 1020 - Diversity of Life
 Biology 2000 - Principles of Genetics
 Biology 2200 - Principles of Ecology
 Biology 3300 - Evolution
 Biology 4500 - Seminars in Biological Sciences
 Chemistry 1000 - General Chemistry I
 Chemistry 2000 - General Chemistry II
 Chemistry 2500 - Organic Chemistry I
 Chemistry 2600 - Organic Chemistry II

One of:

Mathematics 1410 - Elementary Linear Algebra
 Mathematics 1560 - Calculus I
 Mathematics 1565 - Accelerated Calculus I

One of:

Physics 1000 - Introduction to Physics I
 Physics 1050 - Introduction to Biophysics
 (preferred)

One of:

One course (3.0 credit hours) in English at the 1000 level or higher
 Writing 1000 - Introduction to Academic Writing

¹Six courses (18.0 credit hours) at the 3000/4000 level, including two from each of the following subfield lists; one of the six courses must be at the 4000 level.

List I - Cellular and Molecular Biology

Biology 3000 - Gene Expression and Regulation
 Biology 3005 - Genome Maintenance
 Biology 3105 - Signal Transduction
 Biology 3115 - Principles of Cell Growth
 Biology 3210 - Experimental Methods in Molecular and Cellular Biology
 Biology 4100 - Advances in Agricultural Biotechnology
 Biology 4130 - Genomics and Biotechnology
 Biology 4140 - RNA Biology
 Biology 4170 - Plant Biotechnology
 Biology 4200 - Techniques in Molecular Biology
 Biology 4230 - Molecular and Cellular Biology of Cancer

List 2 - Organismal Biology

- Biology 3310 - Developmental Biology
- Biology 3400 - Principles of Microbiology
- Biology 3420 - Animal Physiology
- Biology 3460 - Plant Physiology
- Biology 3505 - Freshwater Biology
- Biology 3520 - Invertebrate Zoology
- Biology 3530 - Vertebrate Zoology
- Biology 3560 - Integrative Plant Biology
- Biology 4420 - Environmental Physiology
- Biology 4440 - Toxicology
- Biology 4560 - Plant Development

List 3 - Ecology and Evolutionary Biology

- Biology 3605 - Conservation Biology
- ²Biology 3610 - Prairie Conservation
- Biology 3630 - Field Biology
- Biology 3660 - Field Botany and Ecology
- Biology 3700 - Ecosystem Ecology
- Biology 3710 - Population Biology
- Biology 3800 - Aquatic Ecosystems
- Biology 3810 - Experimental Design and Analysis
- Biology 4700 - Molecular Ecology
- Biology 4710 - Evolutionary and Ecological Modelling
- Biology 4740 - Behavioural Ecology
- Biology 4800 - Biology of Parasitism

Recommended course:

Statistics 1770 - Introduction to Probability and Statistics

Notes

¹ Topics courses (Biology 3850 and 4850) may be assigned to one of the Biological Sciences lists at the time of scheduling. Please refer to the current term timetable.

² Prerequisite required: Environmental Science 2000.

Applied Studies, Independent Studies, and the Undergraduate Thesis may not be counted as part of the minimum requirements for the major; however, they are strongly encouraged for students taking courses beyond this minimum.

Concentration: Research Internship (optional)

Students completing the major in Biological Sciences for the B.Sc. may declare a Research Internship Concentration.

Admission Requirements:

Students interested in the Research Internship option will need to qualify according to one of the following routes:

1. Direct Entry
Students applying to the Research Internship Concentration with fewer than four university courses completed will be considered direct entry applicants. Direct entry applicants must present a minimum 80% grade in Biology 30 and a minimum 75% admission average (see **Admission**).
2. Delayed Entry
Students applying to the Research Internship Concentration after completing four or more university courses will be considered delayed entry

applicants. Delayed entry applicants must present one of Biology 1010 or Biology 1020 and a minimum GPA of 3.00 (calculated on all completed university-level courses).

Fulfillment of one of the above admission routes does not guarantee admission due to a limited number of seats. Students may be ranked according to GPA, and may be asked for a *Letter of Intent*, references, and/or an interview.

Continuation:

Students admitted to the Research Internship Concentration must maintain a minimum cumulative GPA of 3.00. Students who fall below 3.00 will be removed from the concentration.

Required courses:

- Biology 2001 - Research Internship I: Scientific Discovery
- Biology 2002 - Research Internship II: Scientific Data and Analysis
- Biology 3001 - Research Internship III: Communicating Science

One of:

- Biology 4995 - Undergraduate Thesis (6.0 credit hours)
- Two Independent Study courses (6.0 credit hours) in Biology at the 3000/4000 level

Notes

Students are encouraged to complete additional research intensive activities (Applied Studies, Independent Studies, Co-operative Education).

For students who complete all requirements, the Research Internship Concentration will be acknowledged on the official academic transcript.

j. Canadian Studies (B.A.)

The Canadian Studies major is for students wishing to deepen their understanding of Canada. The major comprises a core of courses that provide a foundation for more focused and advanced study. Beyond the core, students choose from amongst several interdisciplinary thematic areas. Many Canadian Studies graduates work in business, as teachers, or in government at all levels; others have gone on to study for advanced degrees in law and public administration.

Please refer to the program website (www.uleth.ca/artsci/canadian-studies) for more information.

Required core (8-12 courses):

A minimum of eight courses (24.0 credit hours) and a maximum of 12 courses (36.0 credit hours) from the following list:

English 2000 - Survey of Canadian Literature

Two of:

- French 1000 - Beginners' French I
- French 1100 - Beginners' French II
- French 1500 - Intermediate Language I
- French 2000 - Intermediate Language II
- French 2001 - Intermediate Language for Immersion Graduates
- French 2200 - Culture and Civilization I

French 2250 - French Immersion
 French 2300 - Introduction to Modern Literature
 and Literary Analysis

Two of:

Economics 3170 - Economic History of Canada
 History 2710 - Canada to 1867
 History 2720 - Canada Since 1867

Three of:

Geography 2600 - Canada
 Indigenous Studies 2100 - Aboriginal Peoples and
 Law
 Indigenous Studies 2400 - Traditional Aboriginal
 Political Economy
 Indigenous Studies 2500 - Canadian Indian History
 Indigenous Studies 2800 - Native American Politics
 Political Science 2210 - Canadian Politics and
 Government
 Sociology 2010 - Canadian Society
 Sociology 2410 - Sociology of Gender

Independent Study (one course)

One Independent Study course (3.0 credit hours) in
 Canadian Studies at the 3000/4000 level

Options (7-11 courses):

A minimum of seven courses (21.0 credit hours) and a
 maximum of 11 courses (33.0 credit hours) from the
 following 3000/4000-level courses:

Art History 3240 - Canadian Art History to 1960
 Art History 3245 - Canadian Art History from 1960 to
 the Present
 Economics 3210 - Natural Resource Economics
 Economics 4300 - Agricultural Policy II
 English 3001 - Canadian Poetry
 English 3002 - Contemporary Canadian Drama
 English 3008 - Canadian Literature, 1867 - 1914
 English 3810 - Contemporary Canadian Literature
 English 4000 - Seminars in Canadian and Post-Colonial
 Literature (Series)
 French 3001 - Advanced Language I
 French 3200 - Culture and Civilization II (Series)
 French 3500 - Survey of French or French-Canadian
 Literature (Series)
 French 3600 - Literary Genres (Series)
 French 4001 - Advanced Language II
 French 4002 - Advanced Studies in Language (Series)
 French 4600 - Seminar in Literature (Series)
 History 3703 - History of Western Canada
 History 3707 - Canada Since 1939
 History 3708 - History of Atlantic Canada
 History 4070 - Seminars in Canadian History (Series)
 Indigenous Studies 3300 - Canadian Indian Art History
 and Theory
 Indigenous Studies 3400 - Contemporary Aboriginal
 Political Economy
 Indigenous Studies 3500 - History of Prairie Indian
 Treaties
 Indigenous Studies 3700 - Native American Health
 Indigenous Studies 4200 - Law and Aboriginal
 Development in Canada
 Indigenous Studies 4400 - Indians and the Criminal Justice
 System
 Indigenous Studies 4700 - The Metis
 Political Science 3120 - Canadian Foreign Policy
 Political Science 3221 - The Politics of Canadian
 Federalism

Political Science 3241 - Canadian Constitutional Law I:
 Federalism and First Nations

Political Science 3242 - Canadian Constitutional Law II:
 The Charter

Political Science 3250 - Alberta Politics and Government

Political Science 3260 - Canadian Public Policy

Political Science 3280 - Canadian Political Behaviour

Political Science 3400 - Public Administration

Notes

Selected Applied Studies, Independent Studies, Topics
 courses, and offerings in the English 4000, French 3200,
 French 3500, French 3600, French 4002, and
 French 4600 Series may be counted toward the Options
 courses in the major provided (1) they are clearly related
 to Canadian Studies and (2) they are approved by the
 Coordinator of Canadian Studies.

Many of the Options courses require prerequisites, thus
 students should choose courses with this in mind.

The required Independent Study course should involve
 more than one discipline and must be approved by the
 Coordinator of Canadian Studies.

k. Chemistry (B.Sc.)

Department: Chemistry and Biochemistry

Chemistry is the central science of matter, dealing with
 the 118 known elements from which everything is made.
 It studies the transformations and properties of all
 substances - natural and synthetic. Chemistry students
 develop a strong background in theory and practice and
 acquire extensive laboratory skills. Chemistry is an
 experimental science, and students are strongly
 encouraged to perform original research in partial
 fulfillment of the degree requirements. The Major in
 Chemistry leads to professional certification (P.Chem.),
 and graduates are prepared for careers in industry or the
 public sector. The degree is also suitable for advanced
 study in chemistry and can be used to prepare for other
 professional programs (Dentistry, Medicine, or
 Veterinary Medicine).

Please refer to the program website (www.uleth.ca/artsci/chemistry-biochemistry) for more information.

Required courses:

Biochemistry 2000 - Introductory Biochemistry
 Biology 1010 - Cellular Basis of Life
 Chemistry 1000 - General Chemistry I
 Chemistry 2000 - General Chemistry II
 Chemistry 2410 - Analytical Chemistry I
 Chemistry 2500 - Organic Chemistry I
 Chemistry 2600 - Organic Chemistry II
 Chemistry 2740 - Physical Chemistry
 Chemistry 3250 - Contemporary Chemistry
 Chemistry 3410 - Analytical Chemistry II

Chemistry 3730 - Advanced Physical Chemistry
 Chemistry 3830 - Inorganic Chemistry I
 Chemistry 3840 - Inorganic Chemistry II
 Mathematics 1410 - Elementary Linear Algebra
 Physics 2000 - Introduction to Physics II

One of:

Mathematics 1560 - Calculus I
 Mathematics 1565 - Accelerated Calculus I
 (recommended)

One of:

Mathematics 2560 - Calculus II
 Mathematics 2565 - Accelerated Calculus II
 (recommended)

One of:

Physics 1000 - Introduction to Physics I
 (recommended)
 Physics 1050 - Introduction to Biophysics
¹Engineering 2060 - Engineering Mechanics

²Two offerings (6.0 credit hours) chosen from the following list:

Chemistry 4000 - Advanced Chemistry (Series)
 Chemistry 4010 - Advanced Chemistry with
 Laboratory (Series)

²Four additional courses (12.0 credit hours) in Chemistry or Biochemistry chosen from the following list:

Additional offerings of Chemistry 4000 - Advanced
 Chemistry (Series)
 Additional offerings of Chemistry 4010 - Advanced
 Chemistry with Laboratory (Series)
 Biochemistry 3100 - Proteins, Enzymes and Nucleic
 Acids
 Biochemistry 3300 - Bioenergetics and Metabolism
 Chemistry 3990 - Independent Study
 Chemistry 4990 - Independent Study
 Chemistry 4995 - Undergraduate Thesis (6.0 credit
 hours)

Notes

¹Has prerequisites: Engineering 2000 and Mathematics 1565.

²A minimum of two of the six selected courses must be lab-based. Offerings in the Chemistry 4000 Series do not meet this requirement. Chemistry 3990 and 4990 may meet this requirement if the Independent Study includes laboratory work.

This program has been accredited by the Canadian Society for Chemistry (CSC), which is the national organization representing chemists, and is acceptable for membership in the Association of the Chemical Profession of Alberta (ACPA). Students who complete a B.Sc. degree with the major in Chemistry outlined above will have a degree accredited by the CSC.

Those who plan to pursue graduate studies in Chemistry should take more than the minimum of 18 courses in Chemistry or Biochemistry and should obtain advice on their program from the department. Students can get credit for participating in original research as part of their studies, especially if preparing for advanced Chemistry degrees.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. Students at an early stage of their studies are advised to seek help in planning their programs from the Department Advisor or from any faculty member in the Department of Chemistry and Biochemistry.

 the major 24**

I. Computer Science (B.Sc.)

Department: Mathematics and Computer Science

Computer Science is the study of algorithms and data structures and their applications in designing new and efficient solutions to industrial, technological, environmental or social problems. The program is designed to enable students to gain both theoretical knowledge and practical experience, and includes access to state-of-the-art hardware and software.

Please refer to the program website (www.uleth.ca/artsci/math-computer-science) for more information.

Required courses:

Computer Science 1620 - Fundamentals of
 Programming I
 Computer Science 1820 - Discrete Structures
 Computer Science 2610 - Introduction to Digital Systems
 Computer Science 2620 - Fundamentals of
 Programming II
 Computer Science 2720 - Practical Software

 Computer Science 3740 - Programming Languages
 Mathematics 2000 - Mathematical Concepts

One of:

Mathematics 1410 - Elementary Linear Algebra
 Mathematics 1510 - Calculus for Management and
 Social Sciences
 Mathematics 1560 - Calculus I
 Mathematics 1565 - Accelerated Calculus I
 Statistics 1770 - Introduction to Probability and
 Statistics

¹Six additional courses (18.0 credit hours) in Computer Science at the 3000/4000 level

Two courses (6.0 credit hours) in Computer Science at the 4000 level, excluding Computer Science 4850 (Topics), Computer Science 4980 (Applied Studies), and Computer Science 4990 (Independent Study)

Notes

¹One of the six additional 3000/4000-level courses may be replaced by a course from the following list:

Physics 3900 - Intermediate Experimental Physics (Series)
 (Digital Electronics)
 Any 3000/4000-level Mathematics course

It is strongly recommended that Computer Science majors include additional Mathematics courses in their program. Students intending to take Physics 3900 should plan carefully to include the appropriate Mathematics and Physics prerequisites in their programs.

Some senior courses are scheduled for alternate years. Since these courses are frequently sequential and dependent upon adequate preparation, students are urged to seek advice before the end of their third term in planning a major and selecting courses.

It is strongly recommended that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses in Computer Science and Mathematics.

m. Computer Science and Geographical Information Science (B.Sc.)

Departments: Geography, and Mathematics and Computer Science

Geographical Information Science (GIS) involves the use and analysis of digital maps, databases, models and mobile applications, as well as navigation and spatial integration tools. Major GIS application areas include remote sensing, geographical information systems, computer graphics, image processing and mapping and spatial modelling. These rely on advanced computer science algorithms and software development, platform integration, hardware design and operating system principles. The major provides applied training coupled with a solid theoretical and developmental foundation. Graduates have the choice of a wide range of employment opportunities that involve applications, development or both.

Please refer to the program website (www.uleth.ca/artsci/gis) for more information.

n. Dramatic Arts (B.A.)

Department: Drama (Faculty of Fine Arts)

The major in Dramatic Arts is a broad, general program of study. Students complete required courses in various aspects of the Dramatic Arts including theory and history as well as performance-based and technically-based courses. Beyond the required courses, students will choose electives based on their specific interests in the Dramatic Arts.

Please refer to the program website (www.uleth.ca/artsci/drama) for more information.

Required courses:

- Drama 1000 - Introduction to Dramatic Arts
- Drama 2010 - Performance Fundamentals

- Drama 2100 - Play Reading and Analysis
- Drama 2120 - History and Development of Theatre I
- Drama 2130 - History and Development of Theatre II
- Drama 2810 - Introduction to Stagecraft
- Drama 3100 - Theatre in Performance
- Drama 3130 - Canadian Theatre
- Drama 3151 - Play Reading and Analysis II
- Drama 4211 - Theories of Theatre

o. Economics (B.A.)

Department: Economics

Economics is the study of the allocation of scarce resources by societies to meet individual and social wants. The major includes a number of courses in microeconomics and macroeconomics. These provide the theoretical framework within which contemporary issues, such as pollution, non-renewable natural resources, free trade, agricultural subsidies, interest rates, government deficits, unemployment, inflation, poverty and third world development can be analyzed and appropriate policies can be recommended.

Please refer to the program website (www.uleth.ca/artsci/economics) for more information.

Required courses:

Economics 1010 - Introduction to Microeconomics

- Economics 1012 - Introduction to Macroeconomics
 - Economics 2750 - Quantitative Methods in Economics
 - Economics 2900 - Economics and Business Statistics
 - Economics 3010 - Intermediate Microeconomic Theory
 - Economics 3012 - Intermediate Macroeconomic Theory
 - Economics 3950 - Econometrics I
 - Statistics 1770 - Introduction to Probability and Statistics
- Three courses (9.0 credit hours) in Economics at the 4000 level

Three additional courses (9.0 credit hours) in Economics

Notes

Please note that credit will not be granted for both Economics 2900 and Statistics 2780.

It is recommended that Economics majors include courses in Mathematics, especially courses in Calculus, as part of their overall programs.

It is also strongly recommended that students who are considering graduate studies in Economics include in their programs as many 4000-level courses as possible, and in particular the following courses:

- Economics 4010 - Advanced Microeconomic Theory
- Economics 4012 - Advanced Macroeconomic Theory
- Economics 4150 - Mathematical Economics

p. English (B.A.)

Department: English

English is the study of the properties and powers of the English language and literature as the fundamental means by which we communicate our values, ideals and vision. Courses in the fundamentals of the three main literary genres of poetry, prose and drama prepare students for the close study of major works and periods of literature from the British, American, Canadian, and post-Colonial traditions. In addition, the curriculum includes a variety of special courses in rhetoric, the history of language, literary theory, gender, children's literature and creative writing. At the senior level, courses concentrate on specific topics such as particular authors and are conducted in small seminar classes which stimulate open and intensive discussion between students and instructor. Please refer to the program website (www.uleth.ca/artsci/english) for more information.

Required courses:

English 1900 - Introduction to Language and Literature

Two of (Literary Surveys):

- English 2000 - Survey of Canadian Literature
- English 2400 - Survey of English Literature I
- English 2450 - Survey of English Literature II
- English 2500 - Survey of American Literature I

- English 2550 - Survey of American Literature II
- English 2610 - Survey of Children's Literature
- English 2625 - Survey of World Literature
- English 2700 - Surveys of Literature (Series)

Two of (Genres, Approaches and Themes):

- English 2100 - Poetry
- English 2200 - Drama
- English 2300 - Prose Fiction
- English 2720 - Approaches to Literature (Series)
- English 2800 - Rhetoric
- English 2810 - Grammar

Six courses (18.0 credit hours) in English at the 3000/4000 level chosen from the subfield lists below

Two courses (6.0 credit hours) in English at the 4000 level chosen from the subfield lists below

For the above 3000/4000-level requirements, students must draw courses from at least five of the following subfield lists:

1. Theory, Language and Creative Writing
 - English 3010 - Literary Theory
 - English 3060 - Gender and Literature
 - English 3070 - Imperialism and Nationalism in Children's Literature
 - English 3800 - Creative Writing
 - English 3901 - History of the English Language
 - Any offering in the English 3700, English 4400, or English 4600 Series with an emphasis on Literary Theory, Language or Creative Writing
2. Old and Middle English
 - English 3401 - Medieval Literature
 - English 3450 - Old English
 - English 3601 - Chaucer
 - Any offering in the English 3700, English 4400, or English 4600 Series with an emphasis on Old or Middle English Literature
3. Renaissance
 - English 3201 - Elizabethan and Jacobean Drama
 - English 3410 - 17th-Century Literature
 - English 3602 - Shakespeare
 - Any offering in the English 3700, English 4400, or English 4600 Series with an emphasis on Renaissance Literature
4. Eighteenth Century and Romantic
 - English 3301 - Rise of the Novel
 - English 3310 - Restoration and 18th-Century Literature
 - English 3350 - Romanticism
 - Any offering in the English 3700, English 4400, or English 4600 Series with an emphasis on Eighteenth-Century or Romantic Literature
5. Nineteenth Century
 - English 3302 - 19th-Century British Novel
 - English 3500 - Victorian Literature
 - Any offering in the English 3700, English 4400, or English 4600 Series with an emphasis on Nineteenth-Century Literature
6. Twentieth Century and Contemporary
 - English 3610 - Modernism
 - English 3620 - Modern Drama

- English 3630 - Modern Novel
- English 3650 - Contemporary Literature
- English 3660 - Contemporary Drama
- Any offering in the English 3700, English 4400, or English 4600 Series with an emphasis on Twentieth-Century or Contemporary Literature

7. Canadian and Post-Colonial
 - English 3001 - Canadian Poetry
 - English 3002 - Contemporary Canadian Drama
 - English 3008 - Canadian Literature, 1867 - 1914
 - English 3810 - Contemporary Canadian Literature
 - English 3860 - Post-Colonial Literature
 - English 4000 - Seminars in Canadian and Post-Colonial Literature (Series)
 - Any offering in the English 3700, English 4400, or English 4600 Series with an emphasis on Canadian or Post-Colonial Literature

Notes

Applied Studies, Independent Studies, and courses not listed under the seven subfields are not counted as part of the 13-course minimum for the major; they are strongly encouraged for students taking courses beyond this minimum, however.

Fourth-year English majors are especially encouraged to become involved in seminars and Independent Studies at the 4000 level. Suggestions for unique and imaginative projects and approaches to fourth-year studies are welcomed by the Department.

q. Environmental Science (B.Sc.)

Departments: Biological Sciences and Geography

Environmental Science focuses on understanding the Earth's natural systems and how we, as humans, interact with them. Environmental scientists study the impact of these interactions on the biosphere, hydrosphere, lithosphere and atmosphere using an interdisciplinary approach. They provide us with the information we need to address some of the most pressing issues facing humanity today - like climate change. The Environmental Science program will provide students with the natural and physical science background needed to understand a multitude of environmental systems, as well as the broad perspective required to appreciate the role of humanity in global environmental change.

Please refer to the program website (www.uleth.ca/artsci/environmental-science) for more information.

Required courses:

- Biology 1010 - Cellular Basis of Life
- Biology 1020 - Diversity of Life
- Biology 2000 - Principles of Genetics
- Biology 2200 - Principles of Ecology

Biology 3300 - Evolution
 Chemistry 1000 - General Chemistry I
 Chemistry 2000 - General Chemistry II
 Environmental Science 2000 - Fundamentals of Environmental Science
 Environmental Science 4000 - Selected Studies in Environmental Science II (Series)
 Geography 1000 - Introduction to Physical Geography
 Geography 2030 - Geomorphology
 Geography 2300 - Weather and Climate
 Geography 2700 - Geographical Data and Analysis
 Geography 2735 - Introduction to Geographical Information Science

Three of:

Geography 2090 - Biogeography
 Geography 3035 - Fluvial Geomorphology
 Geography 3060 - Glaciology and Glacial Geomorphology
 Geography 3080 - Soils
 Geography 3300 - Microclimatology
 Geography 3400 - Hydrology
 Geography 3720 - Remote Sensing
 Geography 3740 - Geographical Information Systems
¹ Geography 3780 - Field Research in Geography
 Geography 4400 - Advanced Hydrology
 Geography 4415 - Integrated Watershed Management
 Geography 4730 - Spatial Statistics
 Geology 2060 - Physical Geology

One of:

Chemistry 2410 - Analytical Chemistry I
 Chemistry 2500 - Organic Chemistry I

Two of:

Mathematics 1410 - Elementary Linear Algebra
 Mathematics 1560 - Calculus I or Mathematics 1565 - Accelerated Calculus I
 Statistics 1770 - Introduction to Probability and Statistics

One of:

Biology 3630 - Field Biology
 Geography 3710 - Field Techniques in the Earth Sciences

¹ Geography 3780 - Field Research in Geography
 Geography 3792 - Field Excursion in Physical Geography (Series)

² An approved field course

Three courses (9.0 credit hours) from Biology List 2 (Organismal Biology) and List 3 (Ecology and Evolutionary Biology) of which two must be lab-based (see p. 104, for Biology lists). Some Topics courses in Biology may also qualify.

³ One Independent Study or Applied Study at the 3000/4000 level in Environmental Science

Technical Studies Term (five courses)

Students are required to complete a term of study at Lethbridge College, consisting of five courses from the College's Environmental Science program. The Technical Studies term counts as the equivalent of 15.0 credit hours at the University of Lethbridge (three unspecified 2000-level and two unspecified 3000-level Environmental Science courses).

The Technical Studies term should be taken after at least 20 university courses have been completed and prior to registration in the final 10 courses for the degree.

Students must have the college course selection approved by the Coordinator of Environmental Science. Students are not permitted to complete any courses in addition to the approved Lethbridge College courses during the Technical Studies term. Further details are available from the Coordinator.

Notes

¹ Prerequisite required: Geography 1200.

² Must be approved by the Coordinator of Environmental Science. An approved external field course offered by a Field Station may be counted among the final 10 courses taken for credit toward the B.Sc. degree.

³ Must be approved by the Coordinator of Environmental Science.

Students may not receive credit for courses at the University of Lethbridge for which close equivalents have been taken at Lethbridge College, and vice versa. Students must ensure that their course selection has been approved by the Coordinator of Environmental Science.

Students should consider including an introductory Physics course (Physics 1050 - Introduction to Biophysics is recommended) as an Elective in their degree program. Many other courses offered by the Faculty of Arts and Science complement an Environmental Science focus. Consult the Coordinator of Environmental Science for further information.

Concentration: Geographical Information Science (optional)

Environmental Science majors in the B.Sc. degree program may declare a Concentration in Geographical Information Science.

Required courses:

Computer Science 1620 - Fundamentals of Programming I
 Geography 3720 - Remote Sensing
 Geography 3740 - Geographical Information Systems
 Geography 4725 - Advanced Remote Sensing
 Geography 4740 - Advanced Geographical Information Systems

Notes

An alternate Geography course may be counted toward the concentration requirements provided (1) it is clearly related to Geographical Information Science and (2) it is approved by the Chair of the Department of Geography. Students may not double count courses required for the Concentration in Geographical Information Science in fulfilling requirements for the Major in Environmental Science.

For students who complete all the requirements, the Concentration in Geographical Information Science will be acknowledged on the official academic transcript.

All students must also complete the Technical Studies Term (five courses).

r. French (B.A.)

Department: Modern Languages

French is the study - in French - of the language, literature, and culture of the francophone world. Upper-level students may choose to focus on language and linguistics, language and literature, or language and culture. In the course of their studies, students are encouraged to take French courses at a francophone university in Canada or abroad.

Please refer to the program website (www.uleth.ca/artsci/modern-languages) for more information.

Required courses:

One of the following pairs (a. or b.):

a. Non-Immersion Pair

(for students who have completed French 30, French 31, or equivalent)

French 1500 - Intermediate Language I

French 2000 - Intermediate Language II

OR

b. Immersion Pair

(for students who have completed French Language

Arts 30, Français 30, or equivalent)

French 2001 - Intermediate Language for

Immersion Graduates

One additional course in French

French 2250 - French Immersion

French 2300 - Introduction to Modern Literature and Literary Analysis

French 2700 - Communication écrite et orale

French 3001 - Advanced Language I

French 3100 - Survey of Pre-Revolutionary French Literature

French 4001 - Advanced Language II

One of:

French 3500 - Survey of French or French-Canadian Literature (Series)

French 3600 - Literary Genres (Series)

One of:

French 4002 - Advanced Studies in Language (Series)

French 4600 - Seminar in Literature (Series)

Two additional courses (6.0 credit hours) in French at the 3000/4000 level

Four additional courses (9.0 credit hours) in French

Notes

Students may **not** count French 1000 (Beginners' French I) among the minimum requirements for the major.

Students registering in introductory language courses must complete the *Student Information Form* to determine whether they are registered in the appropriate course. Students may be asked to write the *Student Placement Test*. Advanced placement may be granted to students who have acquired language skills outside of a formal academic environment. Please refer to www.uleth.ca/artsci/modern-languages/departement-modern-languages-placement-policy for more information.

Students who have not completed French 30 or French 31 (or equivalent) should begin their program with French 1000 and/or French 1100 depending on placement test results.

French 2250 and the French Visiting Student Program are required. Please refer to www.uleth.ca/artsci/modern-languages/visiting-student-programs-vsp for information on the Visiting Student Program.

It is strongly recommended that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses in French. For more information see an academic advisor in the Student Program Services Office.

s. French/Spanish (B.A.)

Department: Modern Languages

The French/Spanish major combines a core of French courses with an equal number of courses in Spanish. Students majoring in French and Spanish will study the language, literature and culture of both the francophone and Spanish worlds in their respective languages. Upper-level French students may choose to focus on language and linguistics, language and literature, or language and culture. Upper-level Spanish students will study the language and literature of Spain and Latin America. In the course of their studies, students are encouraged to take university classes in francophone Canada or abroad in countries where French or Spanish are national languages.

Please refer to the program website (www.uleth.ca/artsci/modern-languages) for more information.

Required courses:

French 2300 - Introduction to Modern Literature and Literary Analysis

French 3001 - Advanced Language I

Spanish 2300 - Introduction to Hispanic Literature and Literary Analysis

One of:

Spanish 3001 - Advanced Language

Spanish 3002 - Spanish for Professional Contexts

Four courses (12.0 credit hours) in French at the 3000/4000 level

Three courses (9.0 credit hours) in Spanish at the 3000/4000 level

Two additional courses (6.0 credit hours) in French

Three additional courses (9.0 credit hours) in Spanish

Notes

Students may **not** count either French 1000 (Beginners' French I) or Spanish 1000 (Beginners' Spanish I) among the minimum requirements for the major.

Students may replace one course in Spanish with one course in Hispanic Studies.

Students registering in introductory language courses must complete the *Student Information Form* to determine whether they are registered in the appropriate course. Students may be asked to write the *Student Placement Test*. Advanced placement may be granted to students who have acquired language skills outside of a formal academic environment. Please refer to www.uleth.ca/artsci/modern-languages/department-modern-languages-placement-policy for more information.

It is recommended that students majoring in French/Spanish complete either the French or Spanish Visiting Student Program. Please refer to www.uleth.ca/artsci/modern-languages/visiting-student-programs-vsp for information on the Visiting Student Program.

It is strongly recommended that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses in French and Spanish. For more information see an academic advisor in the Student Program Services Office.

t. General Major in the Humanities (B.A.)

The General Major in the Humanities is a broad major that supports an ideal of liberal education.

Please refer to the program website (www.uleth.ca/artsci/general-majors) for more information.

Required courses:

Five courses (15.0 credit hours) in each of three disciplinary streams chosen from the following list:

- English - all courses
- Fine Arts
 - Art - all courses
 - Art History - all courses
 - Cinema - all courses
 - Drama - all courses
 - Museum Studies - all courses
 - Music - all courses
 - Music Studio - all courses
 - New Media - all courses
- One of French, Japanese, or Spanish

Classical Languages

- Greek - all courses
- Hebrew - all courses
- Latin - all courses

History - all courses

Indigenous Studies - all courses (including courses in Blackfoot and Cree)

- Linguistics - all courses designated Humanities
- Philosophy - all courses designated Humanities
- Religious Studies - all courses

Four additional courses (12.0 credit hours) chosen from any of the Humanities disciplinary streams listed above

One course (3.0 credit hours) in a language other than English

Of the 20 courses (60.0 credit hours) required in the major, seven courses (21.0 credit hours) must be at the 3000/4000 level.

Notes

To determine if a given course in a disciplinary stream has a Humanities designation, see List I: Fine Arts and Humanities Courses (p. 84).

If one of the disciplinary streams selected is a language discipline, students may use a course in a different language or a sixth course in the chosen stream to meet the language requirement.

- Chemistry - all courses (including courses in Biochemistry)
- Computer Science - all courses
- Geography - all courses designated Science (including courses in Geology)
- Kinesiology - all courses designated Science (neither Kinesiology 1160 nor Kinesiology 1161 may be included)
- Mathematics - all courses (including courses in Statistics)
- Neuroscience - all courses
- Physics - all courses (including courses in Astronomy and Engineering)

Psychology - all courses designated Science

Four additional courses (12.0 credit hours) chosen from any of the Science disciplinary streams listed above

One of (Science in Human Affairs):

- Biochemistry 2300 - Elements of Human Nutrition
- Environmental Science 2000 - Fundamentals of Environmental Science
- Philosophy 2233 - Philosophy and the World View of Science: Earth and Life Sciences
- Philosophy 2234 - Philosophy and the World View of Science: Space, Time and Matter
- Philosophy 3402 - Biomedical Ethics
- Physics 2020 - The Physics of Everyday Life

Of the 20 courses (60.0 credit hours) required in the major, seven courses (21.0 credit hours) must be at the 3000/4000 level.

Notes

To determine if a given course in a disciplinary stream has a Science designation, see List III: Science Courses (p. 85).

Some of the Science in Human Affairs courses have prerequisites which may or may not be included in the major.

w. Geography (B.A.)

Department: Geography

Geography involves the study of human activities and natural systems with a focus on spatial relationships and the nature of places. The discipline stresses integration and synthesis, so students graduating with a major in Geography possess a firm understanding of environmental stewardship in the context of complex interrelationships between nature and humankind. Geography students also learn many practical skills and techniques essential to a diverse range of employment opportunities.

After completing a set of core foundational courses, students will select additional upper-level courses which focus on human-related systems and phenomena. Students with an interest in geographical techniques such as cartography, geographical information systems (GIS), or remote sensing can pursue those interests either by choosing such courses as options or by completing a specified set of courses to satisfy the Concentration in Geographical Information Science.

Please refer to the program website (www.uleth.ca/artsci/geography) for more information.

Required courses:

- Archaeology 1000 - Introduction to Archaeology
- Environmental Science 2000 - Fundamentals of Environmental Science
- Geography 1000 - Introduction to Physical Geography
- Geography 1200 - Introduction to Human Geography
- Geography 2030 - Geomorphology
- Geography 2210 - Spatial Organization of Economic Activity
- Geography 2300 - Weather and Climate

Geography 2700 - Geographical Data and Analysis
 Geography 2735 - Introduction to Geographical Information Science

Three of (Geographical Techniques):

- Computer Science 1000 - Introduction to Computer Science
- Computer Science 1620 - Fundamentals of Programming I

Two additional courses (6.0 credit hours) in Geography, Geology, or Archaeology at the 3000/4000 level

One course (3.0 credit hours) in Geography, Geology, or Archaeology at the 4000 level

Two non-science courses (6.0 credit hours) at the 1000 level or higher from the offerings in Anthropology, Economics, Indigenous Studies (excluding Blackfoot and Cree), Political Science, and Sociology

One non-science course (3.0 credit hours) at the 2000 level or higher from the offerings in Anthropology, Economics, Indigenous Studies (excluding Blackfoot and Cree), Political Science, and Sociology

Notes

¹ Students choosing the Concentration in Geographical Information Science must complete Computer Science 1620.

Additional 3000/4000-level Geography courses may be selected from the Geographical Techniques list above.

y. History (B.A.)

Department: History

History is a discipline that examines evidence to reconstruct and understand the past. It is our collective memory and our possible future. Encompassing a wide range of human events and historical conditions, history necessarily complements other disciplines in the University. The program offers instruction in aspects of the social, economic, political, and cultural histories of societies ranging from ancient Greece to modern-day Japan. Students pursuing a major in History will develop strong skills in critical reading, writing, and analysis.

Please refer to the program website (www.uleth.ca/artsci/history) for more information.

Required courses:

History 2222 - History in Practice

One of:

- History 1000 - The Western World
- History 1200 - World History

One of:

- History 2001 - Main Themes in Ancient History
- History 2100 - Main Themes in Medieval European History

One of:

- History 2102 - Early Modern Europe - 1500-1750
- History 2150 - The Politics of Europe - 1750-1914

One of:

- History 2710 - Canada to 1867
- History 2720 - Canada Since 1867

Two of:

- Economics 3170 - Economic History of Canada
- History 2290 - Main Themes in East Asian History
- History 2300 - Latin America
- History 2500 - Themes in British Social and Political History
- History 2600 - Main Themes in the History of the United States
- History 2800/Women and Gender Studies 2800 - History of Women
- Religious Studies 2500 - Christianity

Five courses (15.0 credit hours) in History at the 3000/4000 level

Two courses (6.0 credit hours) in History at the 4000 level, excluding History 4980 (Applied Studies), History 4990 (Independent Study), and History 4995 (Undergraduate Thesis)

Notes

The Department strongly advises students intending to pursue graduate studies to take History 4990 (Independent Study) or History 4995 (Undergraduate Thesis). History majors should meet with the Department Advisor once a term in order to ensure that an appropriate program is being planned.

z. Kinesiology (B.A.)

Department: Kinesiology and Physical Education
 Kinesiology is the study of human movement from a multidisciplinary perspective. Students who enrol in the Kinesiology major for the B.A. will take a broad range of theoretical courses in the social science and humanities dimensions of the discipline. Students are also required to complete physical activity courses as part of their program. The Kinesiology major for the B.A. offers students the opportunity to investigate those

psychological, social, cultural, economic, and political influences that shape and limit opportunities for activity across the lifespan as well as to study the tremendous potential of sport and leisure activities to bring pleasure and meaning to individuals and community.

Please refer to the program website (www.uleth.ca/artsci/kinesiology) for more information.

Required courses:

- Kinesiology 1000 - Wellness and Physical Activity
- Kinesiology 2110 - Biophysical Perspectives
- Kinesiology 2130 - Humanities Perspectives
- Kinesiology 2140 - Psychological Perspectives
- Kinesiology 2150 - Sociological Perspectives
- Kinesiology 2160 - Management Perspectives
- Kinesiology 2200 - Research Methodologies
- Kinesiology 2600 - Functional Human Anatomy

Five courses (15.0 credit hours) in Kinesiology at the 3000/4000 level with a Humanities or Social Science designation, excluding Kinesiology 3980 and Kinesiology 4980 (Applied Studies)

Three courses (9.0 credit hours) in Kinesiology at the 4000 level with a Humanities or Social Science designation, excluding Kinesiology 4980 (Applied Studies)

Three courses (9.0 credit hours) in Physical Activity at the 3000 level

Notes

To determine if a given course in Kinesiology has a Humanities or Social Science designation, see List I: Fine Arts and Humanities Courses and List II: Social Science Courses (p. 84).

No more than two Independent Study courses (Kinesiology 3990 or Kinesiology 4990; 6.0 credit hours) may be counted towards the major.

aa. Kinesiology (B.Sc.)

Department: Kinesiology and Physical Education
 Kinesiology is the study of human movement from a multidisciplinary perspective. Students who enrol in the Kinesiology major for the B.Sc. will take a broad range of theoretical courses in the science dimensions of the discipline. Students are also required to complete physical activity courses as part of their program. The Kinesiology major for the B.Sc. offers students the opportunity to investigate the anatomical, biomechanical, neurological and physiological characteristics that underlie human movement across the spectrum from basic tasks such as reaching and walking to elite sport performance.

Please refer to the program website (www.uleth.ca/artsci/kinesiology) for more information.

Required courses:

- Biology 1010 - Cellular Basis of Life
- Kinesiology 1000 - Wellness and Physical Activity
- Kinesiology 2200 - Research Methodologies
- Kinesiology 2600 - Functional Human Anatomy
- Kinesiology 2610 - Human Physiology
- Kinesiology 2650 - Functional Biomechanics
- Kinesiology 3500 - Nutrition and Physical Activity
- Kinesiology 3610 - Exercise Physiology
- Kinesiology 3630 - Growth, Development and Aging
- Kinesiology 3650 - Biomechanics
- Neuroscience 2600 - Brain and Behaviour
- Physics 1050 - Introduction to Biophysics

One of:

- Chemistry 1000 - General Chemistry I
- Chemistry 1110 - Chemistry for Life Sciences I

Two of:

- Kinesiology 2130 - Humanities Perspectives
- Kinesiology 2140 - Psychological Perspectives
- Kinesiology 2150 - Sociological Perspectives
- Kinesiology 2160 - Management Perspectives

Three additional courses (9.0 credit hours) in Kinesiology at the 3000/4000 level with a Science designation, excluding Kinesiology 3980 and Kinesiology 4980 (Applied Studies)

¹ Two courses (6.0 credit hours) in Kinesiology at the 4000 level with a Science designation, excluding Kinesiology 4980 (Applied Studies)

One course (3.0 credit hours) in Mathematics at the 1000 level or higher

One course (3.0 credit hours) in Statistics at the 1000 level or higher

Two courses (6.0 credit hours) in Physical Activity at the 3000 level

Notes

¹ *Kinesiology 4900 (Interdisciplinary Research Dialogues) may be used in place of one Kinesiology course at the 4000 level with a Science designation.*

To determine if a given course in Kinesiology has a Science designation, see List III: Science Courses (p. 85).

No more than two Independent Study courses (Kinesiology 3990 or 4990; 6.0 credit hours) may be counted towards the major.

ab. Mathematics (B.Sc.)

Department: Mathematics and Computer Science
 Mathematics is the study of structure and patterns in numbers and shapes. It is an active research area, providing a language, theories and models to solve complex problems across a wide variety of scientific, industrial and economic sectors. The program offers courses in four main areas: algebra, analysis, number theory and geometry, as well as statistics. Many students

opt to combine mathematics with courses in physics, computer science, chemistry, economics, management or other areas of interest.

Please refer to the program website (www.uleth.ca/artsci/math-computer-science) for more information.

Required courses:

- Computer Science 1620 - Fundamentals of Programming I
- Computer Science 2620 - Fundamentals of Programming II
- Mathematics 1410 - Elementary Linear Algebra
- Mathematics 2000 - Mathematical Concepts
- Mathematics 2570 - Calculus III
- Mathematics 2580 - Calculus IV
- Mathematics 3400 - Group and Ring Theory
- Mathematics 3410 - Linear Algebra
- Mathematics 3500 - Analysis I
- Statistics 1770 - Introduction to Probability and Statistics
- Statistics 3500 - Mathematical Probability

One of:

- Mathematics 1560 - Calculus I
- Mathematics 1565 - Accelerated Calculus I (recommended)

One of:

- Mathematics 2560 - Calculus II
- Mathematics 2565 - Accelerated Calculus II (recommended)

¹ Three additional courses (9.0 credit hours) in Mathematics or Statistics at the 3000/4000 level

Two courses (6.0 credit hours) in Mathematics or Statistics at the 4000 level, excluding Mathematics 4980 and Statistics 4980 (Applied Studies), and Mathematics 4990 and Statistics 4990 (Independent Study)

Notes

¹ *One of the additional 3000/4000-level courses may be replaced by a course from the following list:*

- Computer Science 3630 - Theoretical Foundations of Computing
- Physics 3200 - Mechanics

Students who intend to take Physics 3200 as a course contributing to the Mathematics major should carefully plan their program to include the required prerequisites.

It is strongly recommended that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses in Computer Science, Mathematics, and Statistics.

ac. Music (B.A.)

Department: Music (Faculty of Fine Arts)

The major in Music is a broad, general program of study. Students complete a core of required courses and choose electives based on their areas of interest. Students may focus on scholarly and written work without requiring a high level of musical performance skills, although a degree of facility on an instrument is recommended. Students may also choose a performance focus supported by theory and history courses.

The program includes initial study in music history and theory courses and may include applied music instruction (Music Studio courses, Music Ensemble Activity courses and conducting). Entrance to Music Studio courses is dependent upon the results of an audition. Students will tailor their program depending on their interests in one or more areas such as history, theory, classical and/or contemporary music.

Please refer to the program website (www.uleth.ca/artsci/music) for more information.

Required courses:

Music 2080 - Western Art Music

Music 2090 - The Eighteenth Century

Music 2160 - Theory I

¹ Music 2161 - Musicianship Skills I

Music 2260 - Theory II

¹ Music 2261 - Musicianship Skills II

Music 2500 - Introduction to Music Technology

Three of:

Music 3030 - Film Music

² Music 3200 - Popular Music (Series)

Music 3261 - Music in Recital

Music 3721 - World Music

Music 3734 - Portfolio and Music Industry

Music 3850 - Topics in Music

³ Seven additional courses from the Department of Music (21.0 credit hours) including a minimum of five courses at the 3000/4000 level, excluding Music 1000 and Music 1011, and including no more than four Music Ensemble Activity courses.

Notes

¹ 1.5 credit hours.

² Only one offering of Music 3200 may count toward the "Three of" list. Additional offerings of Music 3200 may be taken as Music electives.

³ Music Ensemble Activity courses cannot be used to meet the 3000/4000-level course requirement in the Music major.

Each Music Ensemble Activity course counts as one-half course (1.5 credit hours). Students with a major in Music may earn credit for a maximum of eight Music Ensemble Activity courses (12.0 credit hours).

ad. Indigenous Studies (B.A.) (formerly Native American Studies)

Department: Indigenous Studies

The Indigenous Studies program was developed and formalized by representatives of southern Alberta's Native communities and the University of Lethbridge. The major in Indigenous Studies is multidisciplinary and comprehensive in nature and consists of courses in First Nations' history, art, law, politics, language, literature and contemporary issues, all taught from a First Nations' perspective. It aims to foster the study of these various dynamics of North American Indigenous culture and to further a deeper awareness of First Nations' issues.

Please refer to the program website (www.uleth.ca/artsci/native-american-studies) for more information.

Required courses:

Indigenous Studies 1000 - Introduction to Native American Studies

One course (3.0 credit hours) in Blackfoot or Cree

One of (Art and Literature):

Indigenous Studies 2300 - North American Indian Art History and Theory

Indigenous Studies 2350/Art 2350 - Indigenous Art Studio

Indigenous Studies 2600 - Native American Literature

One of (Culture and History)

Indigenous Studies 2000 - Native American Philosophy

Indigenous Studies 2500 - Canadian Indian History

Indigenous Studies 2550 - U.S. Indian History

One of (Law and Politics)

Indigenous Studies 2100 - Aboriginal Peoples and Law

Indigenous Studies 2150 - Native Rights in the U.S.

Indigenous Studies 2800 - Native American Politics

One of (Contemporary Issues)

Indigenous Studies 2400 - Traditional Aboriginal Political Economy

Indigenous Studies 2700 - Native American Women

Indigenous Studies 3700 - Native American Health

Three courses (9.0 credit hours) in Indigenous Studies at the 3000/4000 level

One course (3.0 credit hours) in Indigenous Studies at the 4000 level

Three additional courses (9.0 credit hours) in Indigenous Studies, Blackfoot, or Cree

ae. Neuroscience (B.Sc.)

Department: Neuroscience

The Neuroscience major explores how nervous systems work and requires courses from a range of departments. These courses investigate the processes by which information is transmitted within cells and between cells, and how particular neural systems produce perceptions, learning, memory, and behaviour. Brain and behavioural change during evolution, individual development, and pathology are all used to gain insight into how the nervous system functions.

Please refer to the program website (www.uleth.ca/artsci/neuroscience) for more information.

Required courses:

Biology 1010 - Cellular Basis of Life
 Biology 1020 - Diversity of Life
 Biology 2000 - Principles of Genetics
 Neuroscience 2600 - Brain and Behaviour
 Neuroscience 3600 - Fundamental Neurobiology
 Psychology 2330 - Learning and Cognition

 Physics 1050 - Introduction to Biophysics

One of:

Neuroscience 4630 - Neuroscience (Series)
 Neuroscience 4980 - Applied Studies
 Neuroscience 4990 - Independent Study
²Neuroscience 4995 - Undergraduate Thesis

One of:

One course (3.0 credit hours) in English at the 1000 level or higher
 Writing 1000 - Introduction to Academic Writing

One of:

Neuroscience 3690 - Introduction to Programming and Statistics in MATLAB
 Psychology 2030 - Methods and Statistics
 Statistics 1770 - Introduction to Probability and Statistics

Three courses (9.0 credit hours) in Neuroscience or Psychology at the 3000/4000 level with a Science designation (see **List III: Science Courses, p. 85**).

One of the following groups:

Biochemistry 2000 - Introductory Biochemistry
 Chemistry 1110 - Chemistry for Life Sciences I
 Chemistry 2120 - Chemistry for Life Sciences II
 Two additional courses (6.0 credit hours) in Biology, Chemistry, Neuroscience, or Psychology at the 3000/4000 level with a Science Designation (See **List III: Science Courses, p. 85**)

Note: Students who choose this grouping may not choose Biochemistry 2000 as part of the "Two of" list above.

 Biology 3210 - Experimental Methods in Molecular and Cellular Biology
 Computer Science 1000 - Introduction to Computer Science
 Logic 1000 - Critical Thinking
 Management 2020 - Marketing
 Neuroscience 3705 - Evolution of Brain and Behaviour

Notes

¹Prerequisite required: One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy.

²If Neuroscience 4995 is chosen, the requirement for three additional courses at the 3000/4000 level in Neuroscience or Psychology with a Science designation is reduced to two additional such courses.

It is strongly recommended that students who are planning to pursue graduate studies in the Neurosciences consider the Undergraduate Thesis option and include the following courses in their program:

Neuroscience 3605 - Research Methods in Neuroscience
 Psychology 3400 - Advanced Research Design and Data Analysis

af. Philosophy (B.A.)

Department: Philosophy

Philosophy means "love of wisdom." Philosophers study the deep intellectual problems that underlie or unify other disciplines in the sciences and humanities. Courses in the reality stream inquire into the nature of knowledge, mind and matter, space and time, language and

mathematics, religious beliefs, and the basis of science. Courses in the values stream probe the distinction between right and wrong, the nature of beauty, the assumptions behind political theories, and current ethical dilemmas. Logic studies the art and science of reasoning. All philosophy and logic courses place strong emphasis on developing the skills of clear writing and sound argumentation, and the ability to see beneath the surface of the apparently obvious.

Please refer to the program website (www.uleth.ca/artsci/philosophy) for more information.

Required courses:

Two of (Logic):

- Logic 1000 - Critical Thinking
- Logic 2003 - Symbolic Logic I
- Logic 3003 - Symbolic Logic II

Two of (History of Philosophy):

- Philosophy 2010 - Ancient Philosophy
- Philosophy 2030 - 17th-Century Philosophy: Descartes to Leibniz
- Philosophy 3350 - Analytic Philosophy
- Philosophy 3409 - 18th-Century Philosophy: Leibniz to Kant
- Philosophy 3420 - Wittgenstein

One of (Philosophy of Values):

- Philosophy 2001 - Introduction to Ethics
- Philosophy 3401 - Social and Political Philosophy
- Philosophy 3410 - Advanced Ethics

One of (Philosophy of Values):

- Philosophy 2150 - Philosophy of Art
- Philosophy 2236 - Environmental Philosophy
- Philosophy 3402 - Biomedical Ethics
- Philosophy 3404 - Philosophy of Law
- Philosophy 3411 - Game Theory in Philosophy
- Philosophy 3413 - Feminist Philosophy
- Philosophy 3450 - Philosophy of War

Two of (Philosophy of Reality):

- Philosophy 2002 - Belief, Truth, and Paradox
- Philosophy 2210 - Philosophy of Religion
- Philosophy 2220 - Philosophy of Mind
- Philosophy 2233 - Philosophy and the World View of Science: Earth and Life Sciences
- Philosophy 2234 - Philosophy and the World View of Science: Space, Time and Matter
- Philosophy 3260 - Metaphysics
- Philosophy 3270 - Theory of Knowledge
- Philosophy 3280 - Philosophy of Language

One course (3.0 credit hours) in Philosophy or Logic at the 4000 level

Four additional courses (12.0 credit hours) in Philosophy or Logic

Notes

Students should take courses from as many instructors as possible, since the views of instructors on any given topic may vary significantly. Those intending to go on to graduate or professional schools should get more specific advice, particularly about Independent Study.

ag. Physics (B.Sc.)

Department: Physics and Astronomy

Physics is the study of matter and energy at all scales, from the sub-nuclear to the dimensions of the universe. It is the fundamental science - all other sciences and technologies rely on the principles of physics. Physics involves observing and understanding natural phenomena evident in the world around us: the seasons, the motion of objects, the flight of birds, the night sky, and the weather. The curriculum provides a comprehensive Physics major, built on a foundation of courses in the first two years which lead to more advanced and specialized areas in the senior years, preparing students for postgraduate studies, or for careers in academia, industry and the public sector.

Please refer to the program website (www.uleth.ca/artsci/physics-astronomy) for more information.

Required courses:

- Chemistry 1000 - General Chemistry I

- Physics 4000 - Advanced Studies in Physics (Series)
- Physics 4100 - Nuclear and Particle Physics
- Physics 4250 - Solid State Physics

Notes

¹ Engineering 2000 and Mathematics 1565 are prerequisites for Engineering 2060.
² Offerings in Physics 3850 (Topics) and Physics 4850 (Topics) and either Physics 4150 or Physics 4200 (if not used above) may be used to satisfy this requirement.

Since a number of courses are offered only on alternate years, students are advised to plan carefully to include the desired courses. In all cases, students (especially those planning for advanced studies in Physics) are encouraged to seek advice on their programs from any member of the Department of Physics and Astronomy.

It is recommended that students majoring in Physics include in their program courses in Biology, Chemistry, Computer Science, and Mathematics.

It is strongly recommended that a student attain a grade of 'C' or higher in any course used to satisfy prerequisites for courses in Physics and Mathematics.

Concentration: Theoretical Physics (optional)

Students completing the major in Physics for the B.Sc. may declare a concentration in Theoretical Physics.

Requirements:

Students may be considered for entry to the Concentration in Theoretical Physics after completion of a minimum of 10 courses (30.0 credit hours) in Physics. A minimum GPA of 3.20 calculated on all Physics courses, and a minimum cumulative GPA of 3.00 is required for entry to the concentration.

Continuation:

Students admitted to the Concentration in Theoretical Physics must maintain a cumulative GPA of 3.00. Students who fall below 3.00 will be removed from the concentration.

Required courses:

- ¹ Physics 3840 - Introduction to Computational Physics

One of:

- Physics 4150 - Quantum Mechanics III
- Physics 4200 - Advanced Mechanics

Three of:

- Physics 4000 - Advanced Studies in Physics (Theoretical Physics I)
- Physics 4000 - Advanced Studies in Physics (Theoretical Physics II)
- Physics 4100 - Nuclear and Particle Physics
- Physics 4250 - Solid State Physics
- Physics 4995 - Undergraduate Thesis (6.0 credit hours)

Notes

¹ Students who complete Physics 3840 as part of the major may substitute Mathematics 3600 (Differential Equations I) in the concentration.

An alternate Physics course may be counted toward the concentration requirements provided (1) it is clearly related to Theoretical Physics and (2) it is approved by the Chair of the Department of Physics and Astronomy.

Students may not double count Physics courses required for the Concentration in Theoretical Physics in fulfilling requirements for the major in Physics.

For students who complete all requirements, the Concentration in Theoretical Physics will be acknowledged on the official academic transcript.

ah. Political Science (B.A.)

Department: Political Science

Political Science is the study of government institutions, political behaviour, and political theory. You need no political ambitions to take it. Political Science is both empirical (qualitative and quantitative) and theoretical. Empirically the focus is on Canadian politics (from national to local), comparative politics (of differing regimes in selected regions of the world), and international relations. Theoretically the focus is on the ideas and visions of justice and the good life that political leaders and citizens aspire to and even stake their lives on. Emphasis is placed throughout on critical reading, writing, and analytical skills, encompassing the study of a wide array of materials, including legal, philosophical, literary, and historical documents, as well as statistical analysis.

Please refer to the program website (www.uleth.ca/artsci/political-science) for more information.

Required courses:

Political Science 1000 - Introduction to Political Science

Political Science 2110 - International Relations

Political Science 2210 - Canadian Politics and Government

Political Science 2310 - Comparative Politics and Government

Political Science 2511 - Introduction to Political Theory

Political Science 2610 - Introductory Research Methods

Five courses (15.0 credit hours) in Political Science at the 3000/4000 level

¹ Two courses (6.0 credit hours) in Political Science at the 4000 level, excluding Political Science 4980 (Applied Study) and Political Science 4990 (Independent Study)

Notes

¹ Students completing Political Science 4995 (6.0 credit hours) as part of this requirement will still need at least one classroom-based 4000-level Political Science course (3.0 credit hours).

ai. Psychology (B.A. or B.Sc.)

Department: Psychology

Psychology seeks to understand the causes of behaviour in humans and other animals. Such behaviour can range from the automatic, unconscious, and reflexive sucking and grasping behaviours of infants through largely unconscious behaviours such as finding food and choosing a mate; to sophisticated, conscious behaviours such as medical decision making. Students will investigate the nature of human and animal thought processes as well as the evolutionary, social, and cultural factors that frame the development of human capacities. We consider the best preparation, at the undergraduate level, for graduate study in all areas of psychology, whether research or

applied, to be a strong and broad background in experimental psychology.

Please refer to the program website (www.uleth.ca/artsci/psychology) for more information.

Required courses:

Psychology 1000 - Basic Concepts of Psychology

Psychology 2030 - Methods and Statistics

Four courses (12.0 credit hours) in Psychology or Neuroscience at the 2000 level

Six courses (18.0 credit hours) in Psychology or Neuroscience at the 3000/4000 level

One course (3.0 credit hours) in Psychology at the 4000 level

Notes

Students who wish to pursue graduate studies in Psychology should consider the Undergraduate Thesis option and should take Psychology 3400. Students who wish to pursue graduate studies in Neuroscience should, in addition, take Neuroscience 3605, and may wish to consider a major in Neuroscience (see the Neuroscience major earlier in this section).

aj. Religious Studies (B.A.)

Department: Religious Studies

Religious Studies aims to enhance critical understanding of the phenomenon of religion and the diversity of religious experience and expression from antiquity to the present in both Eastern and Western traditions. This field of study uses a wide range of tools and methods to describe, analyze, and understand religion in human experience. Fundamental issues such as belief, texts, worship, ritual, concepts of the divine, the human condition, and the historical development of particular religions are examined. The academic study of religion requires a measure of neutrality, whereby no particular religious tradition is privileged. A major in Religious Studies provides a broad-based understanding of the diverse religious world and requires students to study general themes and issues as well as specific traditions from both Eastern and Western religions.

Please refer to the program website (www.uleth.ca/artsci/religious-studies) for more information.

Required courses:

Religious Studies 1000 - Introduction to World Religions
Religious Studies 2001 - Studying Religion as an Academic Discipline

Religious Studies 4001 - Concepts and Methods in the Study of Religion

One of (Eastern Religions):

Religious Studies 2100 - The Hindu Tradition
 Religious Studies 2200 - The Buddhist Tradition
 Religious Studies 2330 - Chinese Religions
 Religious Studies 2360 - Japanese Religions

One of (Western Religions):

Religious Studies 2400 - Judaism
 Religious Studies 2450 - Bible Survey
 Religious Studies 2500 - Christianity
 Religious Studies 2600 - Islam

One of:

Religious Studies 4000 - Seminars in Religious Studies (Series)
 Religious Studies 4110 - Seminars in Eastern Religions (Series)
 Religious Studies 4400 - Seminars in Western Religions (Series)

¹ One of:

Anthropology 2550 - Anthropology of Religion
 Anthropology 3500 - Ritual, Practice, and Performance
 Archaeology 3171 - Ancient Israel
 Greek 1200 - Elementary Biblical Greek I
 Greek 1300 - Elementary Biblical Greek II
 Hebrew 1000 - Elementary Hebrew I
 Hebrew 1100 - Elementary Hebrew II
 History 3007 - Greek and Roman Mythology
 History 3103 - The Crusades
 History 3402 - The Reformation
 Indigenous Studies 2000 - Native American Philosophy
 Indigenous Studies 3000 - Native American Philosophy - Advanced
 Latin 1000 - Elementary Latin I
 Latin 1100 - Elementary Latin II
 Philosophy 2010 - Ancient Philosophy
 Philosophy 2210 - Philosophy of Religion
 Philosophy 3260 - Metaphysics
 Political Science 3510 - Political Thought Before 1500
 Political Science 3525 - Politics and Religion
 Sociology 3330 - Sociology of Religion

Two additional courses (6.0 credit hours) in Religious Studies at the 2000 level selected from Eastern Religions or Western Religions

² Five additional courses (15.0 credit hours) in Religious Studies at the 3000/4000 level, excluding Religious Studies 3980 and Religious Studies 4980 (Applied Studies), and Religious Studies 4995 (Undergraduate Thesis)

Notes

¹ Most courses in this list have prerequisites that are not part of the major.

² A maximum of one Independent Study course (3.0 credit hours) may be used to fulfill the 3000/4000-level requirement.

From time to time, Topics courses in other disciplines will address the subject of religion. These will be considered for credit toward a Religious Studies major on an individual basis and must be approved by the Department Chair.

ak. Remote Sensing (B.Sc.)

Departments: Geography, and Physics and Astronomy

Remote Sensing involves the acquisition and analysis of photographs and images from airplanes, satellites, and other platforms for obtaining important information about the Earth's land, oceans, and atmosphere, as well as other planets and bodies. The Remote Sensing major provides applied training in laboratory and field settings coupled with a solid theoretical and experimental foundation. This is the only remote sensing program of its kind in Canada; therefore, graduates have unique qualifications for direct employment in private industry, government, and universities, as well as for entry to advanced graduate-level studies.

Please refer to the program website (www.uleth.ca/artsci/remote-sensing) for more information.

Required courses:

Computer Science 1620 - Fundamentals of Programming I
 Geography 1000 - Introduction to Physical Geography
 Geography 2030 - Geomorphology
 Geography 2300 - Weather and Climate
 Geography 2700 - Geographical Data and Analysis
 Geography 2735 - Introduction to Geographical Information Science
 Geography 3720 - Remote Sensing
 Geography 4725 - Advanced Remote Sensing
 Mathematics 1410 - Elementary Linear Algebra
 Mathematics 2570 - Calculus III
 Mathematics 2580 - Calculus IV
 Physics 2000 - Introduction to Physics II
 Physics 2120 - Introduction to Physics III
 Physics 2130 - Waves, Optics and Sound
 Physics 2925 - Introduction to Experimental Physics
 Physics 3650 - Optics
 Remote Sensing 4650 - Physics of Remote Sensing

One of:

Geography 4710 - Remote Sensing Field Techniques
 Geography 4751 - Project in Spatial Modelling
 Geography 4753 - Seminar in Remote Sensing

One of:

Mathematics 1560 - Calculus I
 Mathematics 1565 - Accelerated Calculus I (recommended)

al. Sociology (B.A.)

Department: Sociology

Sociology provides the conceptual and methodological tools with which to understand society. Its primary goal is to stimulate sociological thinking, which involves the application of imagination and critical analysis to the many facets of social life. Ideally, this encourages not only the development of analytical insight, but also the application of Sociology to social problems and issues.

The program provides instruction for both the liberal arts student and the student planning advanced studies or a career related to Sociology. A wide range of courses is offered in sociological theory, methods and topics reflecting a variety of contemporary social issues.

Please refer to the program website (www.uleth.ca/artsci/sociology) for more information.

Required courses:

- Sociology 1000 - Introduction to Sociology
- Sociology 2050 - Social Inequality
- Sociology 2100 - Research Methodology
- Sociology 2130 - Social Statistics I
- Sociology 2300 - Committing Sociology
- Sociology 3110 - Survey Research
- Sociology 3120 - Qualitative Research Methods
- Sociology 3130 - Social Statistics II
- Sociology 3210 - Classical Sociological Theory
- Sociology 3220 - Contemporary Sociological Theory

Three additional courses (9.0 credit hours) in Sociology at the 3000/4000 level

Three courses (9.0 credit hours) in Sociology at the 4000 level

am. Urban and Regional Studies (B.A.)

The major in Urban and Regional Studies includes courses in disciplines that have traditionally focused on cities, such as Anthropology, Economics, Geography, Political Science, Sociology, and Statistics. It provides a broad range of conceptual and practical tools for students to understand and play a role in the planning, administration, and governance of human settlements from towns to metropolitan regions. Courses delve into the physical, social, spatial, economic, political, and planning factors that shape urban areas. Topics such as architecture and the city, urban and regional planning, urban systems, globalization, and issues such as immigration, aging, homelessness, and environmental sustainability may be included.

Please refer to the program website (www.uleth.ca/artsci/urban-regional-studies) for more information.

Required core (10 courses):

- Geography 2535 - Introduction to Planning
- Geography 4500 - Contemporary Issues and Problems in Planning (Series)

Three of (Introductory Courses):

- Anthropology 1000 - The Anthropological Perspective
- Economics 1010 - Introduction to Microeconomics
- Economics 1012 - Introduction to Macroeconomics
- Geography 1000 - Introduction to Physical Geography
- Geography 1200 - Introduction to Human Geography
- History 1000 - The Western World or History 1200 - World History
- Political Science 1000 - Introduction to Political Science
- Sociology 1000 - Introduction to Sociology

Two of (Urban Studies):

- Anthropology 3280 - Urban Anthropology
- Geography 3230 - Urban Social Geography
- Geography 3245 - Urbanization in Developing Countries

One of (Statistical Methods):

- Geography 2700 - Geographical Data and Analysis
- Sociology 2130 - Social Statistics I
- Statistics 1770 - Introduction to Probability and Statistics

One of (Research Techniques):

- Economics 2900 - Economics and Business Statistics
- Geography 2735 - Introduction to Geographical Information Science
- Political Science 2610 - Introductory Research Methods
- Sociology 2100 - Research Methodology
- Sociology 3110 - Survey Research
- Sociology 3120 - Qualitative Research Methods
- Statistics 2780 - Statistical Inference

One of:

One course (3.0 credit hours) in English at the 1000 level or higher
 Writing 1000 - Introduction to Academic Writing

Independent Study or Applied Studies (one course)

One Independent Study or Applied Studies course at the 3000/4000 level. This course must be (1) clearly related to Urban and Regional Studies, (2) multidisciplinary, and (3) approved by the Urban and Regional Studies Coordinator.

¹ Options (10 courses):

The ten options courses (30.0 credit hours) must draw from **at least two and no more than three** of the following disciplines. At least six of these courses (18.0 credit hours) must be at the 3000/4000 level.

Anthropology

Anthropology 2210 - Cultures of the World (Series)
 Anthropology 3280 - Urban Anthropology

Economics

Economics 2750 - Quantitative Methods in Economics
 Economics 2900 - Economics and Business Statistics
 Economics 3010 - Intermediate Microeconomic Theory
 Economics 3012 - Intermediate Macroeconomic Theory
 Economics 3750 - Economics of Public Spending
 Economics 3950 - Econometrics I

Geography

Geography 1200 - Introduction to Human Geography
 Geography 2210 - Spatial Organization of Economic Activity
 Geography 3075 - Environmental Resources Management
 Geography 3225/Management 3660 - Industrial Location and Globalization of Enterprise
 Geography 3230 - Urban Social Geography
 Geography 3235 - Quantitative Models for Geographic Analysis
 Geography 3245 - Urbanization in Developing Countries
 Geography 3750 - GIS Applications in Human Geography
 Geography 4220 - Advanced Economic Geography (Series)
 Geography 4240 - Advanced Urban Geography (Series)
 Additional offerings of Geography 4500 - Contemporary Issues and Problems in Planning (Series)

History

History 2001 - Main Themes in Ancient History

Political Science

Political Science 2210 - Canadian Politics and Government
 Political Science 2511 - Introduction to Political Theory
 Political Science 3210 - Local Government and Politics

Political Science 3250 - Alberta Politics and Government
 Political Science 3260 - Canadian Public Policy
 Political Science 3400 - Public Administration
 Political Science 3511 - Political Thought Since 1500 (Series)

Sociology

Sociology 2010 - Canadian Society
 Sociology 2600 - The Individual and Society
 Sociology 3020 - Social Problems
 Sociology 3050 - Sociology of Race and Ethnicity
 Sociology 3210 - Classical Sociological Theory
 Sociology 3220 - Contemporary Sociological Theory

Notes

¹ Many of the Options courses require prerequisites, thus students should choose courses with this in mind.

A maximum of two courses (6.0 credit hours) chosen from Applied Studies, Independent Study, Series, and Topics courses in any of the above disciplines may be counted toward the Option courses in the major provided (1) they are clearly related to Urban and Regional Studies and (2) they are approved by the Urban and Regional Studies Coordinator.

an. Women and Gender Studies (B.A.)

Department: Women and Gender Studies

Women and Gender Studies examines the historical and contemporary conditions of women and men in society. By using feminist theories and research methodologies, students will broaden their knowledge of various power relations shaping women's lives, bodies, experiences, labour, and scholarship. Students will explore feminism as an important influence in political and societal change. The program draws on a vibrant community of women scholars, contemporary research, and activism inside and outside the University to explore a breadth of social issues. In Women and Gender Studies classes, students will develop an in-depth understanding of how current and historical events, ideas, and institutions have been structured by gender, ethnicity, race, age, ability, class, and sexuality.

Please refer to the program website (www.uleth.ca/artsci/women-gender-studies) for more information.

Required courses:

Women and Gender Studies 1000 - Knowing Bodies: An Introduction to Women and Gender Studies
 Women and Gender Studies 2300 - Theorizing Women's Lives: Feminist Frameworks
 Women and Gender Studies 2600 - Activism and Advocacy
 Women and Gender Studies 2700 - Feminist Approaches to Research

Six courses (18.0 credit hours) in Women and Gender Studies at the 3000/4000 level

Three additional courses (9.0 credit hours) in Women and Gender Studies

Notes

With the permission of the Department Chair, students may take a maximum of two courses (6.0 credit hours) from other disciplines which offer related or complementary course materials.

Students may take more than one offering of a Series course or more than one Independent Study for credit if the offerings (as indicated by the specific titles) are distinct.

ao. Double Majors

Students completing the Bachelor of Arts may declare and complete two established majors for the B.A., and students completing the Bachelor of Science may declare and complete two established majors for the B.Sc. Students interested in completing an arts major and a science major may refer to the **Bachelor of Arts and Science (BASc.) (p. 96)**.

Admission Requirements

Students interested in a second major should begin their studies in a single major and apply for the second major at a later date. To be approved for the declaration of a second major, the following requirements must be met (in addition to high school requirements - see **p. 90**):

1. A minimum cumulative GPA of 3.00 on the completion of at least 10 courses (30.0 credit hours) at the University of Lethbridge.
2. Completion of at least one course (3.0 credit hours) in the main discipline of the major. For example, students wishing to declare a second major in Biochemistry must have completed at least one course labeled Biochemistry.

Individual Multidisciplinary majors and General majors are ineligible for double major designation. Double counting of courses is not allowed. Students choosing to complete two majors may need to complete more than the minimum 40 courses for the degree depending on the choice of majors.

The Faculty cannot guarantee that course sequencing and Timetables will accommodate all double major combinations within eight consecutive regular terms of work.

Students who have completed two majors at the time of graduation without having previously declared a second major may still apply to convocate with both majors.

Interested students are encouraged to consult with academic advisors regarding double majors.

ap. Individual Multidisciplinary Majors

Students may establish Individual Multidisciplinary majors.

An Individual Multidisciplinary major must represent an identifiable and significant body of knowledge and entail in-depth study rather than a superficial survey of a broad topic. For the most part, the program is expected to be derived from the existing curriculum in Arts and Science.

An Individual Multidisciplinary major program consists of 20-28 courses with the following structure:

- a. Required Core
 The core of the major must contain a minimum of eight and a maximum of 20 required courses providing a broad-based familiarity with the major. These core courses must be taken from at least two disciplines.
- b. An Independent Study at the 3000 or 4000 level.
- c. Options
 The remaining courses in the Individual Multidisciplinary major must be chosen from a list of optional courses. The chosen courses must be from at least two disciplines.
- d. At least six of the courses must be at the 3000 or 4000 level, one of which must be at the 4000 level.

Students are encouraged to apply early to establish an Individual Multidisciplinary major and also to explore potential programs with faculty members prior to making an application.

An application to establish an Individual Multidisciplinary major must be submitted to the Dean. Approval of an Individual Multidisciplinary major by Arts and Science Council must be obtained prior to registration in the final 10 courses in the degree. Students are advised that formulation and approval of a program normally takes up to six months after the initial application and thus applications should be submitted in sufficient time to allow processing.

The Individual Multidisciplinary major shall be formulated by a committee, chaired by the Dean and composed of the student and faculty representatives, appointed by their departments, from at least two appropriate departments chosen by the Dean.

During its deliberations the committee shall consult all departments represented in the major. Before being submitted to the Arts and Science Curriculum Committee, the proposed program shall be approved by the Chairs of the departments represented on the committee.

Students interested in an Individual Multidisciplinary major should contact the Dean.

16. MINORS

Students in Arts and Science degree programs may declare a minor to be completed in addition to their major. For the majority of degree programs, please refer to **Minors (p. 277)** for course requirements and regulations. For students completing the B.A./B.Ed. or B.Sc./B.Ed., please refer to **Faculty of Education (p. 146)** for information about Education minors.

17. CONCENTRATIONS

A concentration is a defined set of courses related to a major and may be required (completed within the minimum requirements for a major or program) or optional (completed in addition to the minimum requirements for a major).

For students who complete all requirements, the concentration will be acknowledged on the official academic transcript.

Available concentrations are listed below:

- a. **Optional Concentration: Agricultural Business**
 - Major in Agricultural Studies (B.A. or B.Sc.)
 - Major in Agricultural Biotechnology (B.Sc.)
 - Post-Diploma B.A. in Agricultural Studies
 - Post-Diploma B.Sc. in Agricultural Studies
- b. **Optional Concentration: Geographical Information Science**
 - Major in Agricultural Studies (B.Sc.)
 - Major in Archaeology and Geography (B.A. or B.Sc.)
 - Major in Environmental Science (B.Sc.)
 - Major in Geography (B.A., B.Sc., or BASc.)
 - Post-Diploma B.Sc. in Agricultural Studies
 - Post-Diploma B.Sc. in Environmental Science
- c. **Optional Concentration: Legal Reasoning**
 - Major in Philosophy (B.A. or BASc.)
- d. **Optional Concentration: Research Internship**
 - Major in Biological Sciences (B.Sc. or BASc.)
- e. **Optional Concentration: Theoretical Physics**
 - Major in Physics (B.Sc. or BASc.)
- f. **Required Concentration: Economics, Geography, or Psychology**
 - Major in Applied Statistics (B.Sc.)
- g. **Required Concentration: Geographical Information Science**
 - Post-Diploma B.Sc. in Geography

Required courses for the concentrations can be found in "Majors" on page 97 along with the requirements for the given major or in "Post-Diploma Degree Programs" on page 129 where requirements for each post-diploma program are outlined.

18. COMBINED DEGREES

There are combined 50-course programs leading to the degrees B.A./B.Ed. and B.Sc./B.Ed., the degree B.F.A. - New Media/B.Sc. (Computer Science), and the degrees B.A./B.Mgt. and B.Sc./B.Mgt. Upon successful completion of the program, the student receives the degree B.A. or B.Sc. from the Faculty of Arts and Science and the degree B.Ed. from the Faculty of Education or the degree B.Mgt. from the Dhillon School of Business. Neither degree is granted until the entire combined degrees program is completed. See **Combined Degrees, p. 213** for complete information.

19. B.A., B.Sc. or BASc. AFTER AN APPROVED DEGREE

a. General Requirements

1. Completion of at least 20 courses (60.0 credit hours) with a GPA of at least 2.00.
The program must be approved on an individual basis in advance by the Dean, and, in some cases, more than 20 courses (60.0 credit hours) may be required to satisfy all second degree and major requirements.

2. Completion of the Liberal Education List Requirement: six courses, two from each of List I, List II, and List III (see **School of Liberal Education, Liberal Education List Requirement p. 83**).
3. No courses may be completed for credit towards the degree below the 2000 level, unless required for the major.
4. Completion of at least 10 courses (30.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000/4000 level, excluding activity courses (labeled PHAC and MUSE).
5. Not more than three Independent Study courses (9.0 credit hours) may be completed for credit towards the degree.
6. Not more than three Disciplinary Credit Applied Studies courses (9.0 credit hours) may be completed for credit towards the degree. Students may, in addition, complete Applied Studies 2000, 2001, 2010, and 2011.
7. No courses from disciplines outside the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education may be completed towards the degree.
8. Residence requirement: 20 courses (60.0 credit hours) taken at the University of Lethbridge after admission to the second degree program, including at least 10 courses (30.0 credit hours) at the 3000/4000 level.
9. Academic standards: A cumulative GPA of at least 2.00 must be maintained at all times.
10. Degree holders may be eligible to have course requirements waived in recognition of equivalent courses completed in the previous degree, in accordance with the residence requirement (above). Such waivers will be determined at the time of admission, or soon thereafter. Course materials may be requested to assess appropriate course waivers.

b. Major Requirements

1. The majors(s) must be declared at the time of program approval. Please see **p. 97-96** for a listing of majors available for B.A., B.Sc., and BASc. degrees. All requirements for the major(s) must be completed.
2. Students seeking a General Major for a B.A. or B.Sc. after an approved degree must complete a modified 16-course General Major which includes at least four courses in each of three disciplinary streams, three additional courses from any of the available disciplinary streams, and one additional course. Please see **pp. 113-114** for more information on the General Majors.

20. B.A. or B.Sc. AFTER COMPLETION OF A PROFESSIONAL DEGREE

Students who initially complete an approved 30-course program in the Faculty of Arts and Science may attain the University of Lethbridge degree B.A. or B.Sc. after completing degree requirements in Dentistry, Law, Medicine, Social Work, or Veterinary Medicine in professional Faculties elsewhere. Students are not eligible if an undergraduate degree has already

been awarded by another institution on the basis of University of Lethbridge courses.

Students intending to complete the B.A. or B.Sc. requirements in the above manner must have their programs approved by the Dean. It is recommended that interested students consult with an academic advisor early in their programs.

21. POST-DIPLOMA DEGREE PROGRAMS

Sample Sequencing Plans

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

a. Post-Diploma Bachelor of Arts (B.A.) in Agricultural Studies

This program is directed toward graduates of approved two-year college diplomas in Agriculture. Graduates of other diploma programs in Agriculture will also be considered. See www.uleth.ca/postdiploma for a list of colleges with approved diplomas.

Students must complete at least 20 courses (60.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education, as follows, with a minimum GPA of 2.00.

Required core (11 courses):

Agricultural Studies 1000 - The Evolution of Agriculture
Agricultural Studies 3300 - Modelling of Agricultural Systems

Agricultural Studies 4000 - Seminar in Agricultural Issues
Economics 1010 - Introduction to Microeconomics
Economics 2750 - Quantitative Methods in Economics
Economics 3300 - Agricultural Policy I
Statistics 1770 - Introduction to Probability and Statistics

One of:

Economics 2150 - Economics of Agricultural Issues
Economics 2350 - Economics of Agricultural Markets I

One of:

Philosophy 2001 - Introduction to Ethics
Philosophy 2236 - Environmental Philosophy
Philosophy 3402 - Biomedical Ethics

One of:

Economics 2900 - Economics and Business Statistics
Statistics 2780 - Statistical Inference

One of:

English 1900 - Introduction to Language and Literature
History 1000 - The Western World
History 1200 - World History
Philosophy 1000 - Introduction to Philosophy
Religious Studies 1000 - Introduction to World Religions

Required stream (Choose one of the following streams; eight courses):

General Stream

Three courses (9.0 credit hours) at the 3000/4000 level from List I: Fine Arts and Humanities Courses and List II: Social Science Courses

One additional course (3.0 credit hours) from List I: Fine Arts and Humanities Courses and List II: Social Science Courses

Four additional courses (12.0 credit hours) from disciplines offered by the Faculty of Arts and Science

Agricultural Economics Stream

Economics 1012 - Introduction to Macroeconomics
Economics 3010 - Intermediate Microeconomic Theory
Economics 3012 - Intermediate Macroeconomic Theory
Economics 4300 - Agricultural Policy II

Two additional courses (6.0 credit hours) at the 3000/4000 level from List I: Fine Arts and Humanities Courses and List II: Social Science Courses

Two additional courses (6.0 credit hours) from disciplines offered by the Faculty of Arts and Science

Electives (one course):

One additional course from List I: Fine Arts and Humanities Courses

Notes

Courses labeled as "electives" may be used towards a minor if a minor is chosen. Additional courses (apart from the core, stream, and elective courses) must be completed if a concentration is declared.

To determine if a given course has a Fine Arts and Humanities designation or Social Science designation, see List I: Fine Arts and Humanities Courses and List II: Social Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

No more than two Independent Study courses (3990 or 4990; 6.0 credit hours) may be counted towards the program.

Students with an interest in graduate study in Agriculture or recognition in professional societies should select their additional courses from Economics (3000/4000 level).

A student who successfully completes this degree program and major may apply to the Alberta Institute of Agrologists (AIA) to be registered as a Professional Agrologist within Alberta. Students should contact the Coordinator of Agricultural Studies early in the program for further information.

Concentration: Agricultural Business (optional)

Students in the Post-Diploma B.A. in Agricultural Studies degree program may declare a Concentration in Agricultural Business.

Required courses:

Management 2020 - Marketing
Management 2100 - Introductory Accounting

Three of:

Economics 3030 - Managerial Economics
Economics 3080/Management 3780 - Principles of Industrial Organization
Management 3010 - Business Law
¹Management 3050 - Human Resource Management
Political Science 2210 - Canadian Politics and Government

Notes

¹ Has prerequisites: Management 2030 and one of Writing 1000 or a university English course (3.0 credit hours).

Students may not double count courses required for the Concentration in Agricultural Business in fulfilling requirements for the post-diploma program.

For students who complete all requirements, the Concentration in Agricultural Business will be acknowledged on the official transcript.

Post-Diploma B.A. in Agricultural Studies

Number of courses required for program 20

Concentration: Agricultural Business (optional)

Number of courses required for concentration 5

b. Post-Diploma Bachelor of Science (B.Sc.) in Agricultural Studies

This program is directed toward graduates of approved two-year college diplomas in Agriculture. Graduates of other diploma programs in Agriculture will also be considered. See www.uleth.ca/postdiploma for a list of colleges with approved diplomas.

Students must complete at least 20 courses (60.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education, as follows, with a minimum GPA of 2.00.

Eight of:

Environmental Science 2000 - Fundamentals of Environmental Science

Geography 2300 - Weather and Climate

Geography 2700 - Geographical Data and Analysis

Geography 2735 - Introduction to Geographical Information Science

Geography 3075 - Environmental Resources Management

Geography 3080 - Soils

Geography 3400 - Hydrology

Geography 3700 - Cartography

Geography 3720 - Remote Sensing

Geography 3740 - Geographical Information Systems

Geography 4060 - Agricultural Soil Management

Geography 4065 - Irrigation Science

Geography 4400 - Advanced Hydrology

Geography 4415 - Integrated Watershed Management

Geography 4725 - Advanced Remote Sensing

Geography 4740 - Advanced Geographical Information Systems

Elective (one course):

One additional course from List I: Fine Arts and Humanities Courses

Notes

¹ Prerequisite required: *Biochemistry 2000*.

² Prerequisite required: *Environmental Science 2000*.

³ Prerequisite required: *Biology 3210*.

Courses labeled as “electives” may be used towards a minor if a minor is chosen. Additional courses (apart from the core, stream, and elective courses) must be completed if a concentration is declared.

To determine if a given course has a Fine Arts and Humanities designation, see List I: Fine Arts and Humanities Courses (see **School of Liberal Education, Liberal Education Lists, p. 84**).

No more than two Independent Study courses (3990 or 4990; 6.0 credit hours) may be counted towards the program.

Students may count a maximum of two Special Topics courses (i.e., Biology or Geography 3850 or 4850) towards the required stream provided they are (1) clearly related to the stream and (2) approved by the Coordinator of Agricultural Studies.

Students wishing to pursue the Concentration in Geographical Information Science must complete

Geography 2735 among the eight courses required in the Geography Stream.

A student who successfully completes this degree program and major may apply to the Alberta Institute of Agrologists (AIA) to be registered as a Professional Agrologist within Alberta. Students should contact the Coordinator of Agricultural Studies early in the program for further information.

Concentration: Agricultural Business (optional)

Students in the Post-Diploma B.Sc. in Agricultural Studies degree program may declare a Concentration in Agricultural Business.

Required courses:

Management 2020 - Marketing
Management 2100 - Introductory Accounting

Three of:

Economics 3030 - Managerial Economics
Economics 3080/Management 3780 - Principles of Industrial Organization
Management 3010 - Business Law

¹ Management 3050 - Human Resource Management
Political Science 2210 - Canadian Politics and Government

Notes

¹ Has prerequisites: Management 2030 and one of Writing 1000 or a university English course (3.0 credit hours).

For students who complete all the requirements, the Concentration in Agricultural Business will be acknowledged on the official academic transcript.

Concentration: Geographical Information Science (optional)

Students in the Post-Diploma B.Sc. in Agricultural Studies degree program may declare a Concentration in Geographical Information Science.

Required courses:

Computer Science 1620 - Fundamentals of Programming I
Geography 3720 - Remote Sensing
Geography 3740 - Geographical Information Systems
Geography 4725 - Advanced Remote Sensing
Geography 4740 - Advanced Geographical Information Systems

Notes

An alternate Geography course may be counted toward the concentration requirements provided (1) it is clearly related to Geographical Information Science and (2) it is approved by the Chair of the Department of Geography.

Students may not double count courses required for the Concentration in Geographical Information Science in fulfilling requirements for the Geography stream.

For students who complete all the requirements, the Concentration in Geographical Information Science will be acknowledged on the official academic transcript.

Post-Diploma B.Sc. in Agricultural Studies

Number of courses required for program 20

Concentration: Agricultural Business (optional)

Number of courses required for concentration 5

Concentration: Geographical Information Science (optional)

Number of courses required for concentration 5

c. Post-Diploma Bachelor of Science (B.Sc.) in Computer Science

This program is directed toward graduates of approved two-year college diploma programs in Computer System Technology or Computer Information Technology. Graduates of other diploma programs in these areas will also be considered. See www.uleth.ca/postdiploma for a list of colleges with approved diplomas.

Students must complete at least 20 courses (60.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education, as follows, with a minimum GPA of 2.00.

Required core (12 courses):

Computer Science 1820 - Discrete Structures
Computer Science 2720 - Practical Software Development
Computer Science 3615 - Computer Architecture
Computer Science 3620 - Data Structures and Algorithms
Computer Science 3740 - Programming Languages
Mathematics 2000 - Mathematical Concepts

¹ Four additional courses (12.0 credit hours) in Computer Science at the 3000/4000 level

Two courses (6.0 credit hours) in Computer Science at the 4000 level, excluding Computer Science 4850 (Topics), Computer Science 4980 (Applied Studies), and Computer Science 4990 (Independent Study).

Electives (eight courses):

Four courses (12.0 credit hours) from List I: Fine Arts and Humanities

Four courses (12.0 credit hours) from List II: Social Sciences

Notes

¹ One of the additional 3000-level Computer Science courses may be replaced by a course from the following list:

Physics 3900 - Intermediate Experimental Physics (Series) (Digital Electronics)

Any 3000/4000-level Mathematics course

Courses labeled as "electives" may be used towards a minor if a minor is chosen.

To determine if a given course has a Fine Arts and Humanities designation or a Social Science designation, see List I: Fine Arts and Humanities Courses and List II: Social Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

No more than two Independent Study courses (3990 or 4990; 6.0 credit hours) may be counted towards the program.

Students may find that their diploma courses may overlap in content with some course offerings in the Computer Science program. However, the Department's offerings will often differ in focus and emphasis from diploma course offerings that bear superficially similar course descriptions. Students who have reservations about apparent duplication of offerings of Computer Science Electives studied in their diploma programs are encouraged to pursue other Elective offerings from the Department.

Students will be expected to have a working knowledge of the programming languages used by the Department in the delivery of Computer Science 1620 and Computer Science 2620. A student without this background will be expected to remedy any programming language deficiencies.

d. Post-Diploma Bachelor of Science (B.Sc.) in Environmental Science

This program is directed toward graduates of approved two-year college diploma programs in Environmental Science or related areas. Graduates of other diploma programs in Environmental Science will also be considered. See www.uleth.ca/postdiploma for a list of colleges with approved diplomas.

Students must complete at least 20 courses (60.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education, as follows, with a minimum GPA of 2.00.

Required core (14 courses):

Biology 1010 - Cellular Basis of Life
 Biology 2000 - Principles of Genetics
 Environmental Science 4000 - Selected Studies in Environmental Science II (Series)
 Geography 2300 - Weather and Climate
 Geography 2700 - Geographical Data and Analysis
 Geography 3740 - Geographical Information Systems

One of:

Physics 1050 - Introduction to Biophysics
 Statistics 1770 - Introduction to Probability and Statistics

One of:

Biology 3300 - Evolution
 One course (3.0 credit hours) in Biology at the 3000/4000 level chosen from the Biological Sciences List 3 (Ecology and Evolutionary Biology), see **Biological Sciences (B.Sc.) (p. 104)**

Two courses (6.0 credit hours) in Biology at the 3000/4000 level chosen from among the Biological Sciences List 1 (Cellular and Molecular Biology), List 2 (Organismal Biology), and List 3 (Ecology and Evolutionary Biology) courses, see **Biological Sciences (B.Sc.) (p. 104)**

Two courses (6.0 credit hours) in Geography or Geology at the 3000/4000 level, with a Science designation

Two lab-based courses (6.0 credit hours) in Chemistry at the 1000 level or above (preferably Chemistry 1110 - Chemistry for Life Sciences I and Chemistry 2120 - Chemistry for Life Sciences II)

Electives (six courses):

Three courses (9.0 credit hours) from List I: Fine Arts and Humanities

One course (3.0 credit hours) from List II: Social Sciences

One course (3.0 credit hours) from List I: Fine Arts and Humanities or List II: Social Sciences

One additional course (3.0 credit hours) at the 3000/4000 level, excluding Activity courses (labeled PHAC and MUSE)

Notes

Courses labeled as "electives" may be used towards a minor if a minor is chosen. Additional courses (apart from the core and elective courses) must be completed if a concentration is declared.

To determine if a given course has a Fine Arts and Humanities, Social Science, or Science designation, see List I: Fine Arts and Humanities Courses, List II: Social Science Courses, and List III: Science Courses (see **School of Liberal Education, Liberal Education Lists, p. 84**).

No more than two Independent Study courses (3990 or 4990; 6.0 credit hours) may be counted towards the program.

Students may not take for credit those courses offered by Biological Sciences or Geography that have close equivalents in the college diploma program. These excluded courses include the following: Biology 1020, Biology 2200, Geography 1000, Geography 2735, Geography 3080, and Geology 2060.

Concentration: Geographical Information Science (optional)

Students in the Post-Diploma B.Sc. in Environmental Science degree program may declare a Concentration in Geographical Information Science.

Required courses:

Computer Science 1620 - Fundamentals of Programming I
 Geography 3720 - Remote Sensing
 Geography 4725 - Advanced Remote Sensing
 Geography 4740 - Advanced Geographical Information Systems

One of:

Geography 4400 - Advanced Hydrology
 Geography 4415 - Integrated Watershed Management
 Geography 4700 - Advanced Computer Mapping
 Geography 4710 - Remote Sensing Field Techniques
 Geography 4730 - Spatial Statistics
 Geography 4751 - Project in Spatial Modelling
 Geography 4753 - Seminar in Remote Sensing

Notes:

An alternate Geography course may be counted toward the concentration requirements provided (1) it is clearly related to Geographical Information Science and (2) it is approved by the Chair of the Department of Geography.

Students may not double count courses required for the Concentration in Geographical Information Science in fulfilling requirements for the major.

For students who complete, in addition to the minimum 20 courses for this B.Sc. degree program, all five courses, the Concentration in Geographical Information Science will be acknowledged on the official academic transcript.

Post-Diploma B.Sc. in Environmental Science

Number of courses required for program 20

Concentration: Geographical Information Science (optional)

Number of courses required for concentration 5

e. Post-Diploma Bachelor of Science (B.Sc.) in Geography, With a Concentration in Geographical Information Science

This program is directed toward graduates of approved two-year college diploma programs in geography, geomatics and land resource information systems. Graduates of other diploma programs in these areas will also be considered. See www.uleth.ca/postdiploma for a list of colleges with approved diplomas.

Students must complete at least 20 courses (60.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education, as follows, with a minimum GPA of 2.00.

Required core (14 courses):

- Computer Science 1620 - Fundamentals of Programming I
- Geography 1200 - Introduction to Human Geography
- Geography 2210 - Spatial Organization of Economic Activity
- Geography 2700 - Geographical Data and Analysis
- Geography 3720 - Remote Sensing
- Geography 3740 - Geographical Information Systems
- Geography 4725 - Advanced Remote Sensing
- Geography 4740 - Advanced Geographical Information Systems

Two of:

- Environmental Science 2000 - Fundamentals of Environmental Science
- Geography 2030 - Geomorphology
- Geography 2300 - Weather and Climate

One of:

- Geography 3235 - Quantitative Models for Geographic Analysis
- Geography 3700 - Cartography
- Geography 3710 - Field Techniques in the Earth Sciences
- Geography 3750 - GIS Applications in Human Geography

One of:

- Geography 4400 - Advanced Hydrology
- Geography 4415 - Integrated Watershed Management
- Geography 4700 - Advanced Computer Mapping
- Geography 4710 - Remote Sensing Field Techniques

- Geography 4730 - Spatial Statistics
- Geography 4751 - Project in Spatial Modelling
- Geography 4753 - Seminar in Remote Sensing

One additional course (3.0 credit hours) in Geography, Geology or Archaeology at the 3000/4000 level, with a Science designation

One additional course (3.0 credit hours) in Geography, Geology or Archaeology at the 4000 level, with a Science designation

Electives (six courses):

Three courses (9.0 credit hours) from List I: Fine Arts and Humanities

One course (3.0 credit hours) from List II: Social Sciences

One course (3.0 credit hours) from List I: Fine Arts and Humanities or List II: Social Sciences

One additional course (3.0 credit hours) at the 3000/4000 level, excluding Activity courses (labeled PHAC and MUSE)

Notes

Courses labeled as “electives” may be used towards a minor if a minor is chosen.

To determine if a given course has a Fine Arts and Humanities, Social Science, or Science designation, see List I: Fine Arts and Humanities Courses, List II: Social Science Courses, and List III: Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

Students may not take for credit courses that have close equivalents in their diploma program. Students should consult the Program Coordinator for Geography (Geographical Information Science Concentration) concerning possible adjustments to the above program requirements. Excluded courses include the following: Geography 1000 and Geography 2735.

Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science

Number of courses required for program 20

22. FIRST NATIONS' TRANSITION PROGRAM

The First Nations' Transition Program (FNTP) is a first year credit program that provides First Nations, Métis, and Inuit (FNMI) students who are not fully admissible to the University of Lethbridge an opportunity to enter into, and succeed at, the university level by providing a solid foundation of core skills in a supportive cohort environment that attends to Aboriginal ways of knowing and learning. In addition to access to university courses, the program provides cultural and peer support, advising, and academic skill development to create a positive first year experience that positions students for success in further undergraduate studies of their choice. When space permits, those who qualify for general admission may also access the FNTP. This is a full-time university program that may qualify for loans and other sources of funding.

Please refer to the program website (www.uleth.ca/artsci/first-nations-transition-program) for more information.

Required core:

First Nations' Transition 0524 - Quest for Success I (1.5 credit hours)
 First Nations' Transition 0525 - Quest for Success II (1.5 credit hours)
 Interdisciplinary Studies 0520 - Bridging Cultures: Two-Eyed Seeing
 Library Science 0520 - Information Literacy
 Writing 0520 - Preparation for Academic Reading and Writing

One of:

First Nations' Transition 0520 - Mathematical Reasoning and Application
 Mathematics 0100 - Preparation for Essential Mathematics (0.0 credit hours)

Options:

Students must complete a minimum of two (6.0 credit hours) and a maximum of four (12.0 credit hours) of the option courses.

Anthropology 0520 - The Anthropological Imagination
 Biology 0520 - Foundations of Biology
 Chemistry 0520 - Introductory Chemistry
 Environmental Science 0520 - Introduction to Environmental Science
 Health Sciences 0520 - Introduction to Health Sciences
 Indigenous Studies 1000 - Introduction to Native American Studies
 Mathematics 0520 - Essential Mathematics

Notes

Students should choose Option courses based on the admission requirements of the undergraduate program (B.A., B.H.Sc., B.Mgt., B.N., B.Sc., etc.) they intend to enter at the completion of the FNTP. FNTP learning facilitators and advisors will provide guidance on appropriate course selection based on desired goals.

Students who complete the minimum course requirements of the FNTP and meet the Faculty of Arts and Science academic standards required for continuation (see **Academic Standards, p. 92**), will be admitted to any Arts and Science undergraduate program for which they have the required prerequisite courses (see **Admission, p. 90**). Those completing the FNTP with a minimum GPA of 2.00 (on the University of Lethbridge 4.00 scale) will be considered to have met general admission requirements for programs in the Faculty of Fine Arts, Faculty of Health Sciences, or the Dhillon School of Business (see **Admission, Continuing Students Changing Programs, p. 26**). Some programs have additional admission requirements or higher standards for entry that must be met before admission will be considered.

23. NURSING PREPARATION PROGRAM

The Faculty of Health Sciences and the Faculty of Arts and Science collaborate to offer the Nursing Preparation Program. Aimed at Bachelor of Nursing (B.N.) applicants who did not make the cut-off for admission, the program is designed to provide students with an opportunity to increase their grades for possible admission to the B.N. program the following year at the same time as completing requirements for that program.

The admission policies and procedures set out in **Admission** of this Calendar apply. See **Admission, General Admission Routes and Academic Qualifications, (p. 20)** for general admission requirements.

Refer to the Program Planning Guide (available at www.uleth.ca/ross/ppgs) for current information regarding

course options and the Faculty of Health Sciences' website (www.uleth.ca/healthsciences/substitutions) for the list of courses which may be substituted in the Bachelor of Nursing program.

Note: *Students should see an academic advisor in the Faculty of Health Sciences for program planning prior to course registration.*

24. PRE-PROFESSIONAL TRANSFER PROGRAM IN ENGINEERING

Students may complete a one-year Engineering Transfer Program with full transfer to the University of Alberta Bachelor of Science in Engineering degree program or the University of Saskatchewan Bachelor of Engineering degree program.

a. Engineering (University of Alberta)

12 courses (33.0 credit hours) at the University of Lethbridge
 University of transfer: Alberta

Required courses:

Chemistry 1000 - General Chemistry I
 Chemistry 2000 - General Chemistry II
 Computer Science 1620 - Fundamentals of Programming I
 Engineering 1100 - The Engineering Profession I (1.5 credit hours)
 Engineering 2000 - Engineering Statics
 Engineering 2060 - Engineering Mechanics
 Engineering 2100 - The Engineering Profession II (1.5 credit hours)
 Mathematics 1410 - Elementary Linear Algebra
 Mathematics 1565 - Accelerated Calculus I
 Mathematics 2565 - Accelerated Calculus II
 Physics 2130 - Waves, Optics and Sound
 Writing 1200 - Writing for Engineering Students

A minimum GPA of 2.50 is required for admission into the second year of Engineering at the University of Alberta. Students presenting a GPA lower than 2.50 may be offered admission based on available seats. Students are expected to complete the required 12 courses in two successive terms.

*For detailed information about the Engineering program at the University of Alberta, and planning the University of Lethbridge program in order to meet those requirements, students are directed to the Program Planning Enclosure for **Engineering (Alberta)**.*

b. Engineering (University of Saskatchewan)

12 courses (34.5 credit hours) at the University of Lethbridge
 University of transfer: Saskatchewan

Required courses:

Chemistry 1000 - General Chemistry I
 Computer Science 1620 - Fundamentals of Programming I
 Engineering 1100 - The Engineering Profession I (1.5 credit hours)
 Engineering 2000 - Engineering Statics
 Engineering 2060 - Engineering Mechanics
 Engineering 2300 - Engineering Design
 Mathematics 1410 - Elementary Linear Algebra
 Mathematics 1565 - Accelerated Calculus I
 Mathematics 2565 - Accelerated Calculus II
 Physics 2000 - Introduction to Physics II

One of:

Chemistry 2000 - General Chemistry II
Geology 2060 - Physical Geology

One of:

Archaeology 1000 - Introduction to Archaeology
Economics 1012 - Introduction to Macroeconomics
Geography 1200 - Introduction to Human Geography
Indigenous Studies 1000 - Introduction to Native American Studies
Logic 1000 - Critical Thinking
Philosophy 1000 - Introduction to Philosophy
Philosophy 2001 - Introduction to Ethics
Psychology 1000 - Basic Concepts of Psychology
Sociology 1000 - Introduction to Sociology
Women and Gender Studies 1000 - Knowing Bodies: An Introduction to Women and Gender Studies

A minimum GPA of 2.50 is required for admission into the second year of Engineering at the University of Saskatchewan.

For detailed information about the Engineering program at the University of Saskatchewan, and planning the University of Lethbridge program in order to meet those requirements, students are directed to the Program Planning Enclosure for Engineering (Saskatchewan).

25. PROFESSIONAL TRANSFER PROGRAMS

Students at the University of Lethbridge may prepare themselves to apply for admission to a number of professional programs offered at other institutions. Admission to these programs is by quota and is competitive, and students should consult with their school(s) of choice for further details regarding admission requirements.

For information about the B.A. or B.Sc. After Completion of a Professional Degree, see **p. 141**

a. Dentistry (University of Alberta)

Students with an academic objective of Dentistry are admitted to the B.Sc. program with a major in Agricultural Biotechnology, Biochemistry, Biological Sciences, Chemistry, or Neuroscience. Students are referred to **Bachelor of Science (B.Sc.), p. 96** and **Majors, p. 97** for information on the University of Lethbridge general degree and major requirements.

The basic requirement for admission to the Dentistry program is 20 courses (60.0 credit hours), including:

Two courses (6.0 credit hours) in each of:

Biology, English, General Chemistry, Organic Chemistry, Physics

One course (3.0 credit hours) in each of:

Biochemistry, Statistics

*For detailed information about the Dentistry program at the University of Alberta, and planning the University of Lethbridge degree in order to meet those requirements, students are directed to the Program Planning Guide for the B.Sc. with the appropriate major, with the **Dentistry Enclosure**.*

b. Journalism (University of Regina)

Students with an academic objective of Journalism are generally admitted to a B.A. program at the University of Lethbridge with a major of the student's choice. Majors in Economics, English, History, Political Science or Sociology may be of particular interest. Students are referred to

Bachelor of Arts (B.A.), p. 107 and **Majors, p. 109** respectively for information on the University of Lethbridge general degree and major requirements.

The University of Regina requires at least 20 courses (60.0 credit hours), including a wide variety of courses in subjects such as English, History, Indigenous Studies, and Political Science prior to admission to the B.A.

(Journalism). The appropriate up-to-date University of Lethbridge equivalent courses are published in the **Journalism Enclosure**.

*For detailed information about the Journalism program at the University of Regina, and planning the University of Lethbridge degree in order to meet those requirements, students are directed to the Program Planning Guide for the B.A. with an appropriate major, with the **Journalism Enclosure**.*

c. Law (University of Alberta or University of Calgary)

Students with an academic objective of Law are generally admitted to a B.A. program at the University of Lethbridge with a major of the student's choice. Students are referred to **Bachelor of Arts (B.A.), p. 107** and **Majors, p. 109** respectively for information on the University of Lethbridge general degree and major requirements.

To be considered for admission, prospective applicants must have an undergraduate degree or have completed at least 30 term courses. In exceptional circumstances, students may apply to the Faculty of Law after completion of 20 courses.

Admission to the Law program does not require any specific courses or identify any particular discipline as a required area of study in preparation.

The University of Lethbridge recommends that a student should possess knowledge from such disciplines as Economics, English, History, Philosophy, and Political Science. While a pre-Law background in the pure sciences should not be seen as a disadvantage, the oral, literary and analytical skills developed in the humanities and social sciences provide an excellent foundation for the study of law.

*Students are directed to the Program Planning Guide for the B.A. with the appropriate major, with the **Law Enclosure (University of Alberta or University of Calgary)**.*

d. Medicine (University of Alberta or University of Calgary)

Students with an academic objective of Medicine (Alberta or Calgary) are generally admitted to a B.Sc. program at the University of Lethbridge with a major of the student's choice. Majors in Agricultural Biotechnology, Biochemistry, Biological Sciences, Chemistry, and Neuroscience are of particular interest, although students from a wide variety of majors are admitted to this program. Admission is not restricted to students who have completed a B.Sc. degree. Students are referred to **Bachelor of Science (B.Sc.), p. 108** and **Majors, p. 109** respectively for information on the University of Lethbridge general degree and major requirements.

Most successful applicants to the University of Alberta and University of Calgary programs will have completed a baccalaureate degree before admission. However, to be considered for admission, prospective applicants must have completed a minimum of two full years of university courses at the time of application.

No degree is preferred and no specific courses are required for application or acceptance to these M.D. programs. The admissions committees recommend that applicants consider taking as many of the courses listed below as their schedules allow, as the content of these courses will be helpful when writing the MCAT and during the M.D. program. Whether or not an applicant has taken these courses at the time of application will not be taken into consideration in scoring the academic record.

Suggested courses:

Biology, Biochemistry, General Chemistry, Organic Chemistry, English, Physics, Physiology, Psychology/Sociology/Anthropology and Statistics/Calculus.

Completion of the suggested courses does not guarantee admission.

*For detailed information about the Medicine program and planning the University of Lethbridge degree in order to meet those requirements, students are directed to the Program Planning Guide for the B.Sc. with the appropriate major, with the **Medicine (University of Alberta or University of Calgary) Enclosure.***

e. Social Work (University of Calgary)

Students with an academic objective of Social Work are generally admitted to a B.A. program at the University of Lethbridge with a major of the student's choice. Majors in Economics, Political Science, Psychology or Sociology may be of particular interest. Students are referred to **Bachelor of Arts (B.A.), p. 107** and **Majors, p. 109** respectively for information on the University of Lethbridge general degree and major requirements.

The Bachelor of Social Work is offered through the University of Calgary and may be taken at one of the three divisions: University of Calgary campus, University of Lethbridge campus, or University of Alberta campus.

The nature of the Social Work profession is such that a student should possess a strong background in the Social Sciences before application to the Faculty.

Admission to the Social Work program requires a minimum of 19 courses at the University of Lethbridge plus Social Work 201 (Introduction to Social Work), which is offered on the University of Lethbridge campus. Students must first obtain a letter of permission granting Visiting Student Authorization to the University of Calgary from the Arts and Science Student Program Services Office, as well as provide an official academic transcript of all post-secondary education.

For further details, see **Social Work, p. 209** in this Calendar.

*Students are directed to the Program Planning Guide for the B.A. with the appropriate major, with the **Social Work Enclosure.***

f. Veterinary Medicine (University of Calgary)

Students with an academic objective of Veterinary Medicine are admitted to the B.Sc. program with a major in Agricultural Biotechnology, Biochemistry, Biological Sciences, Chemistry, or Neuroscience. Students are referred to **Bachelor of Science (B.Sc.), p. 96** and **Majors, p. 97** for information on the University of Lethbridge general degree and major requirements.

Most successful applicants to Veterinary Medicine programs will have completed a baccalaureate degree before admission. However, to be considered for admission, prospective applicants must have completed a minimum of two full years of university courses at the time of application.

The minimum admission requirements are as follows:

Two courses (6.0 credit hours) in each of:
Biology (with labs), General Chemistry (with labs)

One course (3.0 credit hours) in each of:
Biochemistry, Organic Chemistry (with lab), Ecology, English, Genetics, Statistics

*For detailed information about the Veterinary Medicine program and planning the University of Lethbridge degree in order to meet those requirements, students are directed to the Program Planning Guide for the B.Sc. with the appropriate major, with the **Veterinary Medicine (University of Calgary) Enclosure.***

The Faculty of Education incorporates in its programs the overall philosophy that underscores the University's commitment to liberal education. Its programs reflect emphasis on individualization, flexibility, innovation, and experimentation.

I. GUIDING PRINCIPLES OF TEACHER EDUCATION

Consistent with the philosophy of the University of Lethbridge, the Faculty of Education:

- Is committed to the concept of a liberal education and the development of learners who engage in the life-long pursuit of knowledge;
- Promotes the concept of a teaching profession committed to understanding, working with, and relating positively to children and youth;
- Is committed to preparing learners and teachers for the present world and for a better world in the future;
- Promotes development of attributes and skills necessary for effective communication;
- Promotes in students an understanding of how knowledge is generated, evaluated, and revised, and an ability to reflect critically upon the nature of knowledge, its transmission, and its interpretation;
- Facilitates the integration of knowledge from general education, disciplinary education, professional education, and field experiences;
- Promotes in students the development of intellectual and affective strategies for making pedagogical decisions;
- Promotes in students an understanding of the social, practical, professional, and institutional contexts of teaching and learning, and the ability to analyze these contexts in making educational decisions;
- Promotes in students an understanding of subject matter to be taught and the means to transform that content for teaching/learning purposes;
- Promotes an understanding of the personal nature of teaching and recognizes that the development of professional knowledge is a personal and professional responsibility;
- Promotes the integration of theory and practice in university courses and in schools, through experience, study, and reflection;
- Seeks to support and foster in students a spirit of inquiry, intellectual advancement, humane values, environmental conscience, aesthetic sensitivity, and a sense of physical and mental well-being;
- Fosters the ability to establish interpersonal relationships and sensitivity to others' interests and feelings, and to encourage students to apply these qualities in fulfilling their responsibility in a global society;
- Fosters a close collegial and reciprocal relationship with other members of the teaching profession; and,
- Supports faculty members who exemplify the foregoing by developing and maintaining expertise in their disciplines and fields of study, in their teaching, through their research and scholarly activity, and in their interpersonal interactions.

2. EDUCATION PROGRAMS

The Faculty of Education offers two programs which lead to Alberta Teacher Certification, as well as five other programs designed to support in-service or pre-service teacher development.

a. Programs Leading to Alberta Teacher Certification

Candidates apply and are recommended for certification by the Faculty of Education to Alberta Learning. Only Alberta Learning is empowered to grant Alberta Teaching Certificates. Based on the recommendation of the Faculty of Education, Alberta Learning grants the Interim Professional Certificate to individuals who are Canadian citizens or Permanent Residents.

Recommendations are forwarded upon completion of the Combined Degrees Teacher Education program or the B.Ed. After an Approved Degree program. Candidates are evaluated on the basis of all data relating to their readiness to assume the responsibilities of a professional teacher as defined in the *Quality Teaching Document*.

Students are alerted to the following certification requirement.

All persons applying for certification as a teacher in Alberta will be subject to the following restriction on eligibility:

Except where the Minister of Learning decides otherwise, the Director, Teacher Certification and Development Branch, shall refuse to issue, re-issue, or extend an interim professional certificate to:

- a. A person who has been convicted of an indictable offence in Canada or an equivalent conviction in a jurisdiction outside Canada; or
- b. A person who the Director has reason to believe should not be issued a certificate.

For additional information, please contact the Director, Teacher Certification and Development Branch of Alberta Learning at 780-427-2045.

1. Basic Teacher Education

This program leads to one of the following combined degrees:

- Bachelor of Arts and Bachelor of Education
- Bachelor of Fine Arts - Art and Bachelor of Education
- Post-Diploma Bachelor of Fine Arts - Art and Bachelor of Education
- Bachelor of Fine Arts - Dramatic Arts and Bachelor of Education
- Post-Diploma Bachelor of Fine Arts - Dramatic Arts and Bachelor of Education
- Bachelor of Fine Arts - New Media and Bachelor of Education
- Bachelor of Management and Bachelor of Education
- Post-Diploma Bachelor of Management and Bachelor of Education
- Bachelor of Music and Bachelor of Education
- Post-Diploma Bachelor of Music and Bachelor of Education
- Bachelor of Science and Bachelor of Education

These programs are described in detail in **Combined Degrees, p. 213**.

2. Bachelor of Education After an Approved Degree

This program leads to a Bachelor of Education and Alberta Teacher Certification for those students already holding an approved degree (see **After Degree Program, p. 140**).

b. Other Education Programs

1. Bachelor of Education After Teacher Training

Individualized programs are arranged for candidates who hold an undergraduate degree, who have completed a minimum of one year of teacher training in an approved institution, and who already hold teacher certification. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

Students who have completed a minimum of one year of teacher training and who hold teacher certification but who do not hold an undergraduate degree must be admitted to and must complete the requirements of a combined degrees program. The B.Ed. component of the combined degrees program will be individually designed for each student to meet residency and degree requirements. Students should consult with the Assistant Dean, Student Program Services in the Faculty of Education.

2. Pre-B.Ed. After an Approved Degree

Students who intend to pursue a B.Ed. After an Approved Degree, but who do not meet requirements for direct admission to the B.Ed. program, may apply to the Pre-B.Ed. (After Degree) program in the Faculty of Education. A limited number of students may be admitted to this program in the fall or spring term and may then register for courses needed to meet minimum requirements for the B.Ed. After an Approved Degree program.

Students are not guaranteed admission to the B.Ed. After Degree program upon completion of the admission requirements but must compete with the other applicants.

3. Diploma in Education

The Faculty of Education offers the Student Initiated Diploma Program for certified practicing educators holding a Bachelor of Education degree.

This program is described in detail in **Diploma Program in Education (D.P.E.)**, (p. 150).

3. ADVISING

It is essential for new and returning students to seek advice concerning their academic goals, programs, and academic standing as early as possible.

Academic advising is coordinated by the Assistant Dean, Student Program Services in the Faculty of Education. Faculty members, who serve as academic advisors for each major, also inform students about preparation for teaching in specific school subjects. Advisors are also identified to assist students in planning specialized programs.

Academic advising in the Faculty of Education for graduate programs is coordinated by the Assistant Dean, Graduate Studies and Research.

Academic advice may be obtained at any time during the year, but it is recommended that new students consult advisors during the three weeks prior to registration.

Advice and information from the Assistant Dean, Student Program Services in the Faculty of Education, may be obtained for the following:

- All aspects of program planning;
- Academic regulations and degree requirements;
- Grading system and appeals;

- Employment opportunities and job placement in education; and
- Teacher certification.

Advice and information from Education advisors and from appropriate Faculty of Arts and Science, Faculty of Fine Arts, or Dhillon School of Business advisors should be obtained for the following:

- Selection of courses for a major;
- Future scheduling of courses;
- Prerequisites and recommended backgrounds; and
- Availability of Independent Studies and Study Tours.

4. ADMISSION TO BACHELOR OF EDUCATION PROGRAMS

Based on the Faculty's quota system, normally 216 students are admitted to Bachelor of Education (B.Ed.) programs (combined degrees and After Degree) each year. Admission is available in the fall term only. Applicants to Faculty of Education programs are advised to refer to **Admission (p. 20)** for general admission requirements and policies.

Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both combined degrees and After Degree applicants.

a. Combined Degrees Programs

The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree. First degree students must be admitted to a combined degrees program in order to earn a B.Ed. degree. Students are not officially in the program until they have been admitted to both the Faculty of Education and to the Faculty governing the degree combined with the B.Ed.

For a complete description of admission requirements for each of the following programs consult the corresponding sections of **Combined Degrees**:

- Bachelor of Arts/Bachelor of Education, **p. 215**
- Bachelor of Science/Bachelor of Education, **p. 215**
- Bachelor of Fine Arts - Art/Bachelor of Education, **p. 234**
- Bachelor of Fine Arts - Dramatic Arts/Bachelor of Education, **p. 236**
- Bachelor of Fine Arts - New Media/Bachelor of Education, **p. 239**
- Bachelor of Music/Bachelor of Education, **p. 241**
- Bachelor of Management/Bachelor of Education, **p. 244**
- Post-Diploma Bachelor of Fine Arts - Art/Bachelor of Education, **p. 269**
- Post-Diploma Bachelor of Fine Arts - Dramatic Arts/Bachelor of Education, **p. 269**
- Post-Diploma Bachelor of Music/Bachelor of Education, **p. 269**
- Post-Diploma Bachelor of Management/Bachelor of Education, **p. 273**

b. After Degree Program

Applicants to the Bachelor of Education (B.Ed.) After Degree program must meet the following minimum requirements for admission. Applicants who do not meet these requirements will be considered for admission to the Pre-Bachelor of Education After an Approved Degree program (see **Pre-Bachelor of Education After an Approved Degree, p. 141**).

All of the following admission requirements must be met by the decision document deadline, but exceptions are made for 1. (previous degree) and 4. (Education 2500) when applicants are completing these over the summer preceding admission.

1. Completion of an approved baccalaureate degree, including the completion of a teaching subject major. Applicants must present in their major the same number of courses in their major as students in the combined degrees program (see **Combined Degrees, p. 213**).

An approved degree is a baccalaureate degree requiring a minimum of 30 courses (90.0 credit hours), or its academic equivalent, from a recognized degree-granting institution.

2. A minimum admission grade point average (GPA) of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all courses taken within the terms containing the last 14 university-level courses (42.0 credit hours), including courses in a previous degree and courses taken subsequently. All courses must be graded with the exception of Education 2500.
3. A minimum major GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all graded courses comprising the teaching subject major.
4. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Education 2500 Prerequisite, p. 144**).
5. Completion of additional admission requirements for the Indigenous Education Major

Completion of three of the seven courses required in the school subject minor. A minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.00 scale) is required on all graded courses comprising the minor.

c. Special Case Admission

For purposes of admission, the Faculty of Education calculates the admission GPA on all university-level courses taken in the terms containing the last 14 university-level courses (42.0 credit hours). Applicants who have a satisfactory academic record but who, for some reason, had a period of time within those terms when their performance was significantly lower, may apply for special case admission (up to four such applicants may be admitted each year). Normally, the terms containing the last eight courses may not be included in the period of the special case.

Applicants seeking special case admission must satisfy the following:

- Have applied for admission to the Faculty of Education;

- Meet minimum criteria for admission to the Faculty of Education;
- Demonstrate a shift in academic performance;
- Provide documentation of extenuating circumstances;
- Have completed at least 14 courses (42.0 credit hours) outside of the period of the special case; and
- Possess an admission GPA comparable to those admitted in the same subject area that year. The admission GPA is calculated on all university-level courses taken in the terms containing the last 14 university-level courses (42.0 credit hours), excluding the period of the special case. All courses must be graded with the exception of Education 2500.

Students must apply in writing to the Assistant Dean, Student Program Services in the Faculty of Education prior to the application deadline for such consideration.

d. Admission Procedures Available to Students of Aboriginal Descent

The Faculty of Education offers two alternative admission opportunities for applicants of Aboriginal descent:

1. Applicants who meet all minimum admission requirements in any major will be admitted to the Faculty. Applicants who wish to gain admission to the Faculty on the basis of their Aboriginal heritage will follow all normal application procedures and, in addition, inform Student Program Services in the Faculty of Education of their intent in writing and provide evidence of Aboriginal descent, prior to the application deadline.
2. Applicants of Aboriginal descent who have a cumulative GPA and/or GPA in the major of less than 2.50 but equal to, or greater than, 2.00, may be considered for admission to the Faculty of Education. All other minimum admission requirements must be met. Applicants will be required to demonstrate that they possess other skills, talents or life experiences that enhance their ability to succeed in teaching. This may include, but is not limited to, any one of the following:
 - Experience working with children;
 - Proficiency in a First Nations language;
 - Expertise in First Nations cultural events;
 - Leadership experiences in the community;
 - Appropriate work experience; or
 - Completion of a college diploma program in an area relevant to teaching.

Admission decisions are to be based on submission of a résumé, at least one letter of recommendation, and an interview with the Undergraduate Student Program Committee. The decision of the Committee is final. Applicants who wish to gain admission through this route must follow all normal application procedures and, in addition, inform Student Program Services in the Faculty of Education of their intent in writing prior to the application deadline. All relevant supporting documents must be received by the decision document deadline.

e. Readmission after Withdrawal

Students who withdraw or who are required to withdraw from the Faculty of Education must successfully apply for readmission by the appropriate deadline. Readmission is not guaranteed. Education courses completed after withdrawing and prior to readmission may not count toward the Bachelor of Education. Students are advised to consult with the Assistant Dean, Student Program Services as early as possible.

Students who have been required to withdraw from an Education program at another post-secondary institution must receive a favourable recommendation in the University of Lethbridge offering of Education 2500 - Orientation to Teaching for admission consideration. Additionally, the student must consult with the Assistant Dean, Student Program Services prior to the application deadline for the Faculty of Education.

5. ADMISSION TO OTHER EDUCATION PROGRAMS

Applicants to Faculty of Education programs are advised to refer to **Admission, p. 19** for general admission requirements and policies.

a. Pre-Bachelor of Education After an Approved Degree

Applicants must meet the following minimum qualifications for admission to the Pre-B.Ed. After an Approved Degree program:

1. Completion of an approved undergraduate degree, including at least four courses in a declared single discipline major, or at least eight courses in a declared general major. Students must select a major from among those available to students in the B. Ed. After an Approved Degree program (see **Teaching Majors, p. 142**). An approved degree is a baccalaureate degree requiring a minimum of 30 courses (90.0 credit hours), or its academic equivalent, from a recognized degree-granting institution.
2. A minimum admission GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all University of Lethbridge and transferable courses taken within the terms containing the last 14 university-level courses (42.0 credit hours), including courses in a previous degree and courses taken subsequently. All courses must be graded with the exception of Education 2500.

b. Diploma in Education

The Student Initiated Diploma in Education is available to teachers who are self-motivated and self-directed and who are also able to identify and develop programs to meet their own specific needs. Applicants must apply by May 1 to commence the program in the subsequent academic year and meet the following minimum requirements for admission:

1. Evidence of professional teaching certification (or its equivalent) in Alberta (or its equivalent); and
2. Two years successful teaching experience.

The Student Initiated Diploma in Education is also available as an exit route to students in the University of Lethbridge Master of Education (M.Ed.) program who have completed at least eight courses in the M.Ed. program, including the four core courses (see "Time

Limits" in the University of Lethbridge Graduate Studies Calendar and Course Catalogue for the M.Ed. (Educational Leadership) and M.Ed. (Counselling Psychology) degrees). Such students apply to the Assistant Dean, Student Program Services in the Faculty of Education.

6. REQUIREMENTS FOR BACHELOR OF EDUCATION PROGRAMS

Generally, the combined degrees programs are comprised of three years of study (90.0 credit hours) in the Faculty of Arts and Science, the Faculty of Fine Arts or the Dhillon School of Business, and two years of study (60.0 credit hours) in the Faculty of Education. The B.Ed. after an Approved Degree program is generally comprised of two years of study in the Faculty of Education.

a. Degrees Combined with the Bachelor of Education

1. Teaching Major

Each student must enter the Faculty of Education under one of the 11 Education majors.

There are 10 Education majors in the B.A./B.Ed. or B.Sc./B.Ed. degree program:

- Art Education
- Drama Education
- English Language Arts Education
- Indigenous Education
- Mathematics Education
- Modern Languages Education (French or French/Spanish)
- Music Education
- Physical Education
- Science Education
- Social Studies Education

For a full description of these majors and sample sequencing plans, please consult **Combined Degrees, p. 217**.

There are other majors available within the Combined Degrees programs. Please consult the appropriate sections in **Combined Degrees, p. 213** as indicated below for a full description and related sample sequencing plans.

Art Education

- B.F.A. - Art/B.Ed., **p. 234**
- Post-Diploma B.F.A. - Art/B.Ed.*, **p. 269**

Career and Technology Studies: Business Focus

- B.Mgt./B.Ed., **p. 244**
- Post-Diploma B.Mgt./B.Ed.*, **p. 273**

Career and Technology Studies: New Media Focus

- B.F.A. - New Media/B.Ed., **p. 239**

Drama Education

- B.F.A. - Dramatic Arts/B.Ed., **p. 236**
- Post-Diploma B.F.A. - Dramatic Arts/B.Ed.*, **p. 269**

Music Education

- B.Mus./B.Ed., **p. 241**
- Post-Diploma B.Mus./B.Ed.*, **p. 269**

*After a two- or three-year diploma

2. Minors

Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education methods course, usually selected from the Education 3700 series. Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor. Please refer to **Education Minors (p. 146)** for information on Education minor requirements. Indigenous Education majors should refer to **“Minors for Indigenous Education Majors” on page 142** below.

Note: For all majors, Education students may not include, in any minor, any of the courses (including cognates) which are included in the major.

3. Minors for Indigenous Education Majors

Indigenous Education majors must declare a minor in one of the following areas:

- Art Education
- Career and Technology Studies (CTS):
Business, Administration, Finance &
Information Technology (BIT)
- Drama Education
- English Language Arts Education
- Mathematics Education
- Modern Languages Education (French or Spanish)
- Music Education
- Physical Education
- Science Education
- Social Studies Education

The minor for Indigenous Education majors includes seven non-Education courses in a school subject and an appropriate Education methods course.

The seven non-Education courses includes five courses as defined in **Education Minors (p. 146)**, as well as two further courses drawn from any discipline within the minor.

Note: For all majors, Education students may not include, in any minor, any of the courses (including cognates) which are included in the major.

4. Education Specializations

Students may elect to complete a specialization in addition to a major or minor, with the exception of those enrolled in the Indigenous Education major, who must complete Education 4576 - Indigenous Education Internship (Fall). Students will be eligible to receive an endorsement on their official academic transcript upon completion of a specialization. Please refer to **Education Specializations (p. 150)** for information on Education specialization requirements.

b. Bachelor of Education After an Approved Degree

At the time of admission, the content of the applicant's previous degree or degrees is assessed. A program is planned and approved by Student Program Services in the Faculty of Education. If the previous degree or degrees contain the necessary components, including a completed teaching major, both certification and B.Ed. requirements may be met upon completion of the minimum additional 20 courses, including the following:

- *Education 2500 - Practicum I - Orientation to Teaching
- Professional Semester I
- Professional Semester II
- Professional Semester III
- *Three Education Electives
- One Education Foundation course taken from the following list, or one appropriate approved Independent Study:
 - Education 4310 - Comparative Studies of Education in Developed and Third World Nations
 - Education 4311 - World Issues and Problems in Education
 - Education 4320 - Education and Society from a Sociological Perspective
 - Education 4321 - Social Issues in Education
 - Education 4341 - Foundations of Multicultural Education in Canada
 - Education 4360 - Studies in the History of Western Education
 - Education 4361 - History of Canadian Education
 - Education 4362 - Concepts of Childhood in the History of Education
 - Education 4380 - Developing a Philosophy of Education
 - Education 4381 - Ethics of Teaching
 - Education 4391 - eSeminar in Educational Foundations (Series)

*Students who have received a waiver for Education 2500 will complete four Education electives.

• Teaching Majors

Each student is required to have an Education major. There are 11 Education majors accepted in the B.Ed. After Degree program:

- Art Education
- Career and Technology Studies (CTS):
 - Business Focus
 - New Media Focus
- Drama Education
- English Language Arts Education
- Indigenous Education
- Mathematics Education
- Modern Languages Education (French or French/Spanish)
- Music Education
- Physical Education
- Science Education
- Social Studies Education

Normally students in the B.Ed. After Degree program are expected to present in their major the same number of courses as students in the Combined Degrees Program (see **Combined Degrees, p. 213**). Any courses required to complete the major are in addition to the minimum 20 Education courses comprising the After Degree program.

Note: Modern Language Education Majors in French and French/Spanish must have in their first degree a study experience similar to French 2250 or Spanish 2250 or equivalent, prior to graduation with an After-Degree B.Ed.

5. Minors

Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education methods course, usually selected from the Education 3700 Series. Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor. Please refer to **Education Minors (p. 146)** for information on Education minor requirements. Native Education majors should refer to **“Minors for Indigenous Education Majors” on page 142** below.

Note: For all majors, Education students may not include, in any minor, any of the courses (including cognates) which are included in the major.

6. Minors for Indigenous Education Majors

Indigenous Education majors must declare a minor in one of the following areas:

- Art Education
- Career and Technology Studies (CTS):
Business, Administration, Finance &
Information Technology (BIT)
- Drama Education
- English Language Arts Education
- Mathematics Education
- Modern Languages Education (French or Spanish)
- Music Education
- Physical Education
- Science Education
- Social Studies Education

The minor for Indigenous Education majors includes seven non-Education courses in a school subject and an appropriate Education methods course.

The seven non-Education courses include five courses as defined in **Education Minors (p. 146)**, as well as two further courses drawn from any discipline within the minor.

Note: For all majors, Education students may not include, in any minor, any of the courses (including cognates) which are included in the major.

7. Education Specializations

Students may elect to complete a specialization in addition to a major or minor, with the exception of those enrolled in the Indigenous Education major, who must complete Education 4576 - Indigenous Education Internship (Fall). Students will be eligible to receive an endorsement on their official academic transcript upon completion of a specialization. Please refer to **Education Specializations (p. 150)** for information on Education Specialization Requirements.

8. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

students' freedom of thought, beliefs, opinions and expressions. As a professional Faculty, the Faculty of Education is committed to assisting students to become professionals. The Faculty, then, has the dual responsibility of fostering the academic freedom of students within the context of professional standards of conduct. The standards describe professional characteristics and behaviours that students are expected to develop and demonstrate during all field and on-campus components within the teacher education program. Appropriate demonstration of these professional standards will be judged by on-campus instructors and school personnel.

1. The student acts in a manner that respects the dignity and rights of all persons without prejudice as to race, religious beliefs, colour, gender, sexual orientation, physical characteristics, age, ancestry, or place of origin.
2. The student treats pupils, peers, school personnel, and faculty with dignity and respect and is considerate of their circumstances.
3. The student acts in a responsible manner which includes being punctual, dependable, trustworthy, consistent, and reliable.
4. Recognizing that attendance in practicum courses and professional semesters is a professional responsibility, students apprise appropriate personnel at the University and/or school in advance of unavoidable absences.
5. The student demonstrates empathy for others by showing concern for and having an understanding of others' feelings and/or ideas.
6. The student responds to feedback by listening to, evaluating, and responding to suggestions.
7. The student maintains positive interpersonal relationships with peers, faculty, school personnel and pupils by contributing, co-operating, participating, and working with others in a flexible and adaptable way.
8. The student shows enthusiasm and initiative by being actively involved as a participant while encouraging the involvement and participation of others.
9. The student shows maturity and judgment.
10. The student demonstrates a commitment to teaching through interest in learning about teaching, consulting, questioning, reading, and discussing.
11. The student criticizes (verbally or in writing) the professional competence or professional reputation of others only in confidence to proper officials and only after the other person has been informed of the criticism.
12. The student respects the confidentiality of information about pupils, peers, school personnel, or faculty received in confidence or in the course of professional duties.
13. The student acts in a manner which maintains the honour and dignity of the profession and the University of Lethbridge.
14. The student does not make representations on behalf of the Faculty of Education, the University of Lethbridge, the school, or the profession.

7. POLICIES AND REGULATIONS

a. Standards of Professional Conduct

As a Faculty within the University of Lethbridge, the Faculty of Education is committed to maintaining its

b. Academic Regulations and Information

1. Academic Standards

Upon completion of the program and in order to graduate, students must present a cumulative GPA of 2.50 in their teaching major and a cumulative GPA of 2.50 or higher in all courses taken after admission to the Faculty of Education. In order to have a teaching minor endorsed on the official academic transcript, the student must also present a GPA of 2.50 or higher on all non-Education courses comprising the minor and, additionally, a minimum B- in the appropriate Education methods course.

2. Institutional Honours

Students who graduate with a Faculty GPA of 3.60 to 3.79 (calculated on all courses taken after admission to the Faculty of Education), who have demonstrated excellence in student teaching practica and the internship, and who present an admission GPA of 3.00 or higher are eligible to receive the Bachelor of Education degree 'With Distinction.' Students who meet the same criteria but present a Faculty GPA of 3.80 or higher are eligible to receive the Bachelor of Education degree 'With Great Distinction.'

3. Education Courses Taken Prior to Admission

With the exception of transfer students (who may bring in a maximum of five Education courses), Education courses other than Education 2500 taken prior to admission may not be counted toward the Bachelor of Education requirements.

Note: *Students intending to major in Music Education may complete courses designated Education 387X prior to admission with permission of the instructor.*

4. Education 2500 Prerequisite

Students who have completed a minimum of 24.0 credit hours with a GPA of 2.50 or higher, calculated on all courses including all transferable courses, may register directly in Education 2500. If available spaces are not filled, additional students will be enrolled on the basis of the proximity of their GPA to 2.50 and the number of courses remaining in their program (i.e., those with fewer remaining courses will be given preference). Such students will be added during the Add/Drop period upon application to Student Program Services in the Faculty of Education.

Students who do not receive a favourable recommendation, or who have withdrawn, may be permitted to re-enrol in the course after one full year and with permission of the Assistant Dean, Student Program Services.

5. Visiting Student Status

Authorization is required from Student Program Services in the Faculty of Education to study at other post-secondary institutions while enrolled in the Faculty of Education at the University of Lethbridge.

6. Registration Limits

Students may enrol in a maximum of six courses (18.0 credit hours) during a non-practicum term (spring or fall). Students may not register in a sixth course while enrolled in Professional Semester I, Professional Semester II, or Professional

Semester III without special permission from the Assistant Dean, Student Program Services in the Faculty of Education. Students may register in a maximum of three courses in Summer Session I, two courses in Summer Session II, and one course in Summer Session III.

7. Consecutive Professional Semesters

Only students who have completed a minimum of 25 term courses (75.0 credit hours) at the time of admission may complete Professional Semester I and Professional Semester II in the same academic year.

8. Waiver of Practica

Students who have appropriate and successful Grade 1-12 Canadian classroom experience may have Education 2500 waived. Under exceptional circumstances students may have Professional Semester III waived. Students will be required to replace waived elements with Education electives. Requests must be submitted to the Assistant Dean, Student Program Services in the Faculty of Education. Students who have received 'not recommended' status after completion of Education 2500 are ineligible for a waiver.

9. Withdrawal Deadline

A student may withdraw from any component of a professional semester any time after the Extended Drop deadline until 3/4 of the course/practicum is completed; however, a student withdrawing from a professional semester component is withdrawing from the Faculty and must successfully apply for readmission before resuming studies toward the Bachelor of Education.

10. Required Withdrawal

A student is required to withdraw from the Faculty of Education if the following occurs:

- The GPA falls below 2.50 in Professional Semester I or Professional Semester II;
- The student fails any course, module, or practicum in any Professional Semester; or
- The student fails to meet the Standards of Professional Conduct. The student may be assigned a failing grade for the component where the Standards of Professional conduct were not met.

c. Practicum Regulations and Information

The following policies will guide the assignment of students to schools:

1. Placement Policy

While on campus and during practica, students are expected to adhere to the Standards of Professional Conduct set out by the Faculty of Education (**Standards of Professional Conduct, p. 143**). The Faculty of Education reserves the right to deny or terminate a placement in any practicum course, including Education 2500, to any student if the Dean has reasonable grounds:

- The student has violated any part of the Faculty of Education's Standards of Professional Conduct;
- The student is unable to carry out the classroom responsibilities of that practicum; or

- The Dean believes denial or termination of a placement is necessary in order to protect the public interest.

Students whose practicum placements have been denied or terminated will be informed of the reasons in writing.

2. General Policies

- All school placements within Zone 6 will be made by the Field Experience Office. Students must not contact schools with the intent of procuring an internship or student teaching placement.
- Professional Semester I and II placements will only be made within Zone 6 and Calgary area.
- Professional Semester III placements outside of Zone 6 are subject to the approval of the Assistant Dean, Field Experience and the Assistant Dean, Student Program Services in the Faculty Education.
- Students receiving a waiver of Education 2500 must complete Professional Semester III in Alberta.
- Students may complete only one practicum/internship with any one teacher associate or teacher mentor. Students will complete only one practicum/internship in any specific school.
- Students will not be placed in schools where family members are employed or where family members are pupils.
- No student will be placed in a school from which she or he graduated.
- Placements in Professional Semesters I and II will differ by a minimum of three grade levels.
- Students who refuse a placement may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.
- Students who do not provide all relevant information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.
- Students who provide false information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

3. Location of Placements

The Faculty of Education collaborates with Education institutions throughout Zone 6 (which extends in Alberta from the British Columbia border to the Saskatchewan border and from the Montana border up to locations immediately south of the city of Calgary) and Calgary area. Students entering the Faculty of Education should note that practicum placements include locations anywhere within Zone 6. Students must be prepared to travel. Some locations require relocation Monday to Friday.

Note: *Acceptance of an Offer of Admission to the Faculty of Education indicates acceptance of a possible requirement to travel to or relocate to practicum placements within Zone 6.*

4. Criminal Record Check (or equivalent).

Many school jurisdictions require criminal record checks from all individuals (including student teachers and interns) working with children and adolescents. Consequently, all students accepting an *Offer of Admission* from the Faculty of Education must immediately make application for a criminal record check including a Vulnerable Sector Check. The student is responsible for the cost of obtaining such documentation. Criminal record checks are not submitted to the Faculty of Education, but must be available for the student to present on Practicum Orientation Day should the school or school jurisdiction require it. Students who are unable to present an acceptable criminal record check for any reason may be denied a placement by the co-operating school, the school jurisdiction, or the Assistant Dean, Field Experiences. The Faculty of Education does not guarantee an alternate placement. In the event a student cannot be placed, the student will be unable to complete the program and thus will be required to withdraw from both the practicum and the Faculty.

5. Out of Zone and International Professional Semester III Placements.

Students may apply to the Assistant Dean, Field Experience to complete Professional Semester III outside of Zone 6. Further, it is possible for students to complete Professional Semester III in an international placement. Students must apply well in advance of the intended term, and will be required to request statements of support from teacher associates and previous practicum supervisors. Only students with an outstanding record of professionalism and an outstanding record of classroom teaching in both Professional Semesters I and II will be granted Professional Semester III placements outside of Zone 6 (including international locations).

Some restrictions on out of zone and international placements do exist for students completing certain specializations. Students are encouraged to contact the Assistant Dean, Field Experiences, for further information.

In order to have an international placement designated on the official academic transcript, students must register in Education 4577 - International Education Internship. This internship has as a prerequisite (one of the following courses):

* Education 4310 - Comparative Studies of Education in Developed and Third World Nations

* Education 4311 - World Issues and Problems in Education

Education 4783 - Culturally Different Students

Education 4920 - Study Tour

* *These courses would also fulfill the Education Foundation requirement.*

d. Special Study Arrangements

1. Applied Studies

Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2510 and Education 4980. The Applied Studies program in the

Faculty of Education is administered through Career Bridge - Co-operative Education & Applied Studies (AH151; 403-329-2000; artsci.coop@uleth.ca; www.ulethbridge.ca/career-bridge) in consultation with the Associate Dean, Faculty of Education.

2. Independent Study

Students may be permitted to earn credit for Independent Study, which is designated by the course number Education 4990. Independent Study may be undertaken only in areas not covered by courses offered in the Education curriculum. Independent Study proposals must be submitted to a faculty member who agrees to serve as examiner for the proposed study. Formal registration occurs after approval by the faculty member, Student Program Services, and the Dean. A maximum of two Independent Studies may count toward requirements for the B.Ed. portion of the Basic Teacher Education programs (see **Academic Regulations, Exceeding Course Limits, p. 61**). Students are advised to register in the term in which the work will be completed.

3. Study Tours

Credit may be received for a maximum of two courses in Education 4920 - Study Tour. Study Tours must be approved in advance by the Assistant Dean, Student Program Services in the Faculty of Education for acceptance in the student's program.

8. EDUCATION MINORS

Students may elect to complete a minor in addition to a major. The minor must be a school subject, and must not be the same subject as the major.

There are 18 Education minors: Art Education; Blackfoot Language Education; Career and Technology Studies (CTS): Agriculture Focus; Career and Technology Studies (CTS): Business, Administration, Finance & Information Technology (BIT); Career and Technology Studies (CTS): Communication Focus; Career and Technology Studies (CTS): Community Health Focus; Career and Technology Studies (CTS): Computer Technologies Focus; Career and Technology Studies (CTS): Natural Resources Focus; Drama Education; English Language Arts Education; Mathematics Education; Modern Languages Education (French or Spanish); Music Education; Native Education; Physical Education; Religious Studies Education; Science Education; and Social Studies Education.

With the exception of the minor for Native Education majors, minors include five non-Education courses and an appropriate Education methods course, usually selected from the Education 3700 series. The minor for Native Education majors includes seven non-Education courses in a school subject and an appropriate Education methods course.

Note: For Indigenous Education majors, the additional two non-Education courses required for completion of a minor must include two electives in a school subject (refer to **Minors for Native Education Majors, p. 143**).

Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor.

For all majors, Education students may not include, in any minor, any of the courses (including cognates) which are included in the major.

Students are urged to seek advice from Student Program Services in the Faculty of Education regarding appropriate course choice and an appropriate Education course.

a. Art Education

Required courses:

10. DIPLOMA PROGRAM IN EDUCATION (D.P.E.)

The Diploma Program in Education is designed for certified practicing educators who wish to engage in further professional development.

Completion of the program results in the credential, Diploma in Education.

a. Student Initiated Diploma Program

The Student Initiated Diploma is available to teachers who are self-motivated and self-directed and who are also able to identify and develop programs to meet their own specific needs. This program consists of eight term courses (24.0 credit hours). The courses are proposed by the student at the time of admission according to a topic or theme related to the student's professional development needs or interests. Programs are individualized and courses are approved by the Assistant Dean, Student Program Services in the Faculty of Education, in consultation with an appropriate faculty advisor.

The designation of Student Initiated Major with a specific text record, as authorized and approved by the Faculty of Education, will appear on the recipient's official academic transcript.

I. Program Requirements

- a. The program consists of the successful completion of eight term courses (24.0 credit hours), which may consist of a combination of 3.0- and 1.5-credit-hour courses, as follows:
 - Six term courses (18.0 credit hours) in Education at the 3000 level or above.
 - Two term courses (6.0 credit hours) from any Faculty or School at the University of Lethbridge, including Education courses at the 3000 level or above.
- b. Students must maintain a minimum program GPA of 3.00.

2. Academic Policies and Regulations
 - a. Prior to completing the Diploma, and if accepted into the Master of Education (M.Ed.) program, students may apply to have courses transferred into the M.Ed. program. Students apply to the Assistant Dean of Graduate Studies and Research in the Faculty of Education who decides which courses transfer. Admission to the M.Ed. program is not guaranteed.
 - b. Prior to completing the M.Ed. degree, students may apply to have courses transferred into a Student Initiated Diploma program. Students apply to the Assistant Dean, Student Program Services in the Faculty of Education.
 - c. Residence Requirement: A minimum of 15.0 credit hours must be completed at the University of Lethbridge.
 - d. Permission may be given by the Assistant Dean, Student Program Services in the Faculty of Education, for the inclusion of credit for courses at other levels.
 - e. At the time of admission, qualifying courses from other institutions may be transferred up to a maximum of 6.0 credit hours. Other courses from other institutions, up to a maximum of 3.0 credit hours, may be transferred during the program provided prior approval is granted by the Assistant Dean, Student Program Services in the Faculty of Education.
 - f. At the time of admission, students may be permitted to use for credit prior courses completed at the University of Lethbridge provided such courses have not been counted for other credentials.
 - g. Students are required to complete their entire program within five years from the date of admission. Students who fail to complete the program within five years may apply for an extension from the Assistant Dean, Student Program Services in the Faculty of Education.

I. GENERAL PHILOSOPHY AND PROGRAMS

The Faculty of Fine Arts incorporates the Departments of Art, Drama, Music, and New Media which include the Art Gallery, Music Conservatory and the University Theatres. The Faculty emphasizes the acquisition of knowledge and the development of analytical skills and imagination necessary to both create and respond with aesthetic intelligence to the fine arts in a global community. Small class sizes, an integrative approach which allows for cross-disciplinary fertilization and an intrinsic emphasis on the development of valuable job skills are distinguishing features. The Faculty provides opportunities for students to demonstrate their creative ability and skills through exhibitions and performances, acknowledging that audience exposure and the resulting feedback and criticism is essential to learning in all of the Fine Arts disciplines. The Faculty is also committed to strengthening the creative and artistic dimensions of the University's total program and its commitment to the philosophy of a liberal education.

Degrees offered by the Faculty of Fine Arts are the Bachelor of Fine Arts - Art, the Bachelor of Fine Arts - Dramatic Arts, the Bachelor of Fine Arts - Multidisciplinary, the Bachelor of Fine Arts - Native American Art, the Bachelor of Fine Arts - New Media, and the Bachelor of Music. The requirements for these degrees are set out in this section.

The Faculty of Fine Arts also offers a post-diploma program (admission is based on a two- or three-year diploma) leading to the Bachelor of Fine Arts - Art, the Bachelor of Fine Arts - Dramatic Arts, the Bachelor of Fine Arts - Multidisciplinary, and the Bachelor of Music.

Students with previous degrees may pursue the degree Bachelor of Fine Arts - Art, Bachelor of Fine Arts - Dramatic Arts, Bachelor of Fine Arts - Multidisciplinary, Bachelor of Fine Arts - Native American Art, Bachelor of Fine Arts - New Media, or Bachelor of Music.

For more information about programs offered by the Faculty of Fine Arts, contact an academic advisor in the Faculty of Fine Arts (W660; tel. 403-329-2691; email: finearts.advising@uleth.ca).

2. ADVISING AND INFORMATION

Students must contact an academic advisor (W660; tel. 403-329-2691; email: finearts.advising@uleth.ca) in the Faculty of Fine Arts for advising and information about their programs.

3. ADMISSION

Applicants to Faculty of Fine Arts programs are advised to refer to **Admission (p. 19)** for general admission requirements, policies and application deadlines.

a. Bachelor of Fine Arts - Art

Applications are accepted for the Bachelor of Fine Arts - Art (B.F.A. - Art) program for the fall term only.

1. Art History/Museum Studies Major

The B.F.A. - Art degree program with a major in Art History/Museum Studies is available to applicants who meet the general admission requirements outlined in **Admission (p. 19)**.

Enrolment in this program is limited and admission is competitive; selections are made based on academic proficiency, as demonstrated by grade achievement.

2. Art Studio Major

In addition to the general admission requirements outlined in **Admission (p. 19)**, all applicants to the

B.F.A. - Art degree program with an Art Studio major must submit an art portfolio for consideration by the appropriate decision document deadline (see **Admission, (p. 19)**). Details are given below.

Enrolment in this program is limited and admission is competitive; selections are made based on the following:

- Academic proficiency, as demonstrated by grade achievement; and
- Completed portfolio:

Art Portfolio Content

Compiling a portfolio of artwork is an important stage in the experience of an art student. The portfolio informs the Art Department about prospective students' creative interests, experience, skills, and direction. When developing a portfolio, applicants should choose their best work and present it as professionally as possible.

Personal Statement

The personal statement (or *Letter of Intent*) provides insight to the Art Department about the background and experience, inspirations and goals of students applying to study in Art programs. In a typed statement of approximately 500 words, applicants should explain their reasons for wishing to enter studies in Art. Applicants should include references to their artistic interests, specific influences, and any educational background in the arts, and include this statement with their portfolio.

Examples of Artwork

The portfolio should consist of 10-20 images of artworks by the applicant that provide a good representation of their range of art interests and skills. Works may be created inside or outside of a formal class environment. Applicants may submit more than one image of a single artwork if the work is large or complex.

Applicants are encouraged to submit documentation of work in a range of materials and media:

- Drawings, prints, paintings, or murals
- Photography (analogue or digital), collage, or other mixed media works
- Video, performance, animation, or audio-based work
- Sculpture, fibre, or ceramic work
- Website, graphic novel, and zine productions
- Sketchbook and journal examples

Image/Media List

The portfolio must include a numbered list of all works submitted, with titles, materials, dimensions, dates, and a small description of the work along with the applicant's name and contact information.

Portfolio Review Dates

Portfolio submissions will be reviewed according to the following schedule:

- December 15 - early evaluation
- March 15 - regular evaluation
- June 15 - final deadline for submission and final evaluation

Portfolio Submission

Portfolios are submitted online at:

www.ulethbridge.slideroom.com

For more information, visit the Faculty of Fine Arts website at www.uleth.ca/finearts/ admissions, contact the Faculty of Fine Arts Admissions and Portfolio Advisor at 403-380-1864, or email finearts.admissions@uleth.ca.

b. Bachelor of Fine Arts - Dramatic Arts

Applications are accepted for the Bachelor of Fine Arts - Dramatic Arts (B.F.A. - Dramatic Arts) program for the fall term only.

The B.F.A. - Dramatic Arts degree program is available to applicants who meet the general admission requirements outlined in **Admission (p. 19)**.

Enrolment in this program is limited and admission is competitive; selections are made based on academic proficiency, as demonstrated by grade achievement.

c. Bachelor of Fine Arts - Multidisciplinary

Applications are accepted for the Bachelor of Fine Arts - Multidisciplinary (B.F.A. - Multidisciplinary) program for both fall and spring terms.

The B.F.A. - Multidisciplinary degree program is available to applicants who meet the general admission requirements outlined in **Admission (p. 19)**.

Enrolment in this program is limited and admission is competitive; selections are made based on academic proficiency, as demonstrated by grade achievement.

d. Bachelor of Fine Arts - Native American Art

Applications are accepted for the Bachelor of Fine Arts - Native American Art (B.F.A. - Native American Art) program for the fall term only.

1. Art History/Museum Studies Major

The B.F.A. - Native American Art degree program with a major in Art History/Museum Studies is available to applicants who meet the general admission requirements outlined in **Admission (p. 19)**.

Enrolment in this program is limited and admission is competitive; selections are made based on academic proficiency, as demonstrated by grade achievement.

2. Art Studio Major

In addition to the general admission requirements outlined in **Admission**, all applicants to the B.F.A. - Native American Art degree program with an Art Studio major must submit an art portfolio for consideration by the appropriate decision document deadline (see **Admission, p. 20**). Please refer to the portfolio requirements as indicated in **Bachelor of Fine Arts - Art (p. 154)**.

Enrolment in this program is limited and admission is competitive; selections are made based on the following:

- a. Academic proficiency, as demonstrated by grade achievement; and
- b. Completed portfolio.

e. Bachelor of Fine Arts - New Media

Applications are accepted for the Bachelor of Fine Arts - New Media (B.F.A. - New Media) program for the fall term only.

In addition to the general admission requirements outlined in **Admission (p. 19)**, all applicants to the B.F.A. - New Media degree program must submit a portfolio (or essay alternative) and Summary Questionnaire for consideration by the appropriate decision document deadline (see **Admission, (p. 19)**). Details are given below.

Enrolment in this program is limited and admission is competitive; selections are made based on the following:

1. Academic proficiency, as demonstrated by grade achievement; and
2. Completed portfolio or essay alternative.

New Media Portfolio Content**Questionnaire**

The questionnaire provides insight to the New Media Department about an applicant's background, experience, inspirations and goals. For each of the following questions, an applicant should provide an approximately 200-word statement per question:

- Interest: What areas of interest does the applicant have in New Media (examples: graphic design, web design, and development, interaction design, 3D modeling, animation, gaming, narrative screen writing, cinema production and studies, historical and contemporary new media theory).
- Background: What is the applicant's background? What fine arts classes and technology experience do they have?
- Goals: What are the applicant's goals when they complete a degree in this field?

10-20 Examples of Work

An applicant must submit examples of 10 to 20 current pieces of their work. The applicant is encouraged to submit works that display variety and the breadth of their experiences. This may be from any of the following areas: art, drama, music and new media. Works may be created inside or outside a formal class setting.

Examples of the type of works an applicant can submit, but are not limited to, include:

- Graphic design, digital drawing, or illustration
- Video, animation, or audio-based work
- Interaction design or website design
- Graphic novel and zine productions
- Digital fabrications (like 3D printing)
- Photography (analogue or digital)
- Drawings, prints, paintings, or murals

- Selections from sketchbooks and journals
- Sculpture, fibre, or ceramic work
- Drama performance/construction/ participation documentation (reviews, photos, programs)
- Music production - a piece of music from any genre produced and recorded by the applicant
- Other creative works

Note: Applicants may submit more than one image of a single work as a PDF if the work is large or complex.

The applicant should include the following information with their work:

- Title
- Year of work
- Technology or equipment used
- Brief description of the work - maximum 50 words (optional)
- Names of any collaborators (if relevant)

750-Word Essay (optional)

If the applicant does not have access to the necessary technology, they can submit an essay instead of providing examples of work (a questionnaire is also required as part of the application).

The applicant will research the term New Media, its many media components, and then write a 750 word essay explaining why they are interested in it, and what it is about their particular background skills and interests that makes the B.F.A. - New Media degree interesting to them. In one of the paragraphs, the applicant shall address the reasons why they decided to submit an essay rather than examples of their work.

Portfolio Review Dates

Portfolio submissions will be reviewed according to the following schedule:

December 15 - first round

February 15 - second round

March 15 - third round

June 15 - final deadline for submission and final evaluation

Portfolio Submission

Portfolios (or essay alternative) are submitted online at:

www.ulethbridge.slideroom.com

For more information, visit the Faculty of Fine Arts website at www.uleth.ca/finearts/admissions, contact the Faculty of Fine Arts Admissions and Portfolio Advisor at 403-380-1864, or email finearts.admissions@uleth.ca.

f. Bachelor of Music

Applications are accepted for the Bachelor of Music (B.Mus.) program for the fall term only.

1. Music Major

In addition to the general admission requirements outlined in **Admission** (p. 19), all applicants to the B.Mus. degree program must successfully audition for Music Studio before the appropriate decision

document deadline (see **Admission**, (p. 19). Audition procedures are provided below.

Enrolment in the B.Mus. program with a major in Music is limited and admission is competitive; selections are made based on:

- a. Academic proficiency, as demonstrated by grade achievement; and
- b. Successful audition:

Music Audition Information

Instrumental and vocal auditions are held in February, March, and May for fall admission. Although a live audition is highly preferred, it is possible to submit an audition video to SlideRoom (www.ulethbridge.slideroom.com) by the decision document deadline.

Note: Some entrance scholarships are available based on live auditions and completing the appropriate scholarship application form by the deadline (Early entrance - March 1, others - June 1).

Audition dates and additional information:

www.uleth.ca/finearts/departments/music/studio-audition-requirements

Audition application:

www.uleth.ca/finearts/departments/music/studio-audition-application

Instrumental and vocal auditions must be accompanied unless the piece is written as an unaccompanied solo. Applicants are encouraged to supply the accompanist. If that is not possible, please call 403-329-2495 at least two weeks prior to the scheduled audition.

Students who wish an emphasis in composition must:

1. Successfully complete an instrumental or vocal audition at the entry level for Music Studio 2148 - Studio I - Instrument; and
2. Successfully complete a composition audition.

Requests for a specific studio instructor should be made at the time of the audition. Every effort will be made to accommodate the request, but final assignment of instructors rests with the Department of Music.

For more information, visit the Faculty of Fine Arts website at www.uleth.ca/finearts/ admissions, contact the Faculty of Fine Arts Admissions and Portfolio Advisor at 403-380-1864, or email finearts.admissions@uleth.ca.

2. Digital Audio Arts Major

In addition to the general admission requirements outlined in **Admission** (p. 19), all applicants to the B.Mus. degree program with a major in Digital Audio Arts must submit a portfolio for consideration by the appropriate decision document deadline (see **Admission**, (p. 19). Portfolio requirements are provided below.

Enrolment in the Digital Audio Arts major is limited and admission is competitive; selections are made based on:

- a. Academic proficiency, as demonstrated by grade achievement; and
- b. Submission of a portfolio:

Digital Audio Arts Portfolio Content

Applicants must submit to the Department of Music a digital portfolio that includes three parts:

1. **Essay**
A minimum 600-word essay that describes the following: (1) reasons for choosing this program, (2) area of interest in the Digital Audio Arts (production, film, broadcast, composition, and/or computer music), (3) all audio and technology experiences in the area, (4) music theory background, and (5) any other information the applicant deems relevant.
2. **Audio Examples**
Applicants must submit three to five audio examples. Submissions may or may not be original compositions. Submissions of audio for film or other visual media in QuickTime and other digital imagery are also acceptable.

Although not required, it is strongly recommended applicants use one or more of the following options to diversify the examples:
 - Music Production – a piece of music from any genre produced and recorded by the applicant.
 - Audio for Film – remove the sound from a scene in a movie or video and reproduce all dialogue, sound effects and scores.
 - Soundscape – create an experimental piece by layering sounds produced either electronically or acoustically.
 - Sonic Art – create an experimental work by exploring the aural domains of art and perception using notions of sound, listening and hearing as predominant creative forces.
 - Radio Advertisement – create a 30-second radio ad using dialogue, sound effects, and music.
3. **Inventory List**
Applicants will include an inventory list of the examples including the title and date of each work, names of collaborators, and a description of the process used (including hardware and software). The list must also include the applicant's name and contact information.

Portfolio Review Dates

Portfolio submission will be reviewed according to the following schedule:

- December 15 - early evaluation
- March 15 - regular evaluation
- June 15 - final deadline for submission and final evaluation

Note: Portfolios must be submitted by March 1 to be considered for early admission. June 15 is the final date portfolios are accepted for the fall term.

Portfolio Submission

Portfolios are submitted online at:

www.ulethbridge.slideroom.com

For more information, visit the Faculty of Fine Arts website at www.uleth.ca/finearts/ admissions, contact the Faculty of Fine Arts Admissions and Portfolio Advisor at 403-380-1864, or email finearts.admissions@uleth.ca.

g. Post-Diploma Degree Programs (After a Two- or Three-Year Diploma)

1. **Available Programs**
The Faculty of Fine Arts currently offers the following Post-Diploma degree programs after the completion of an approved two- or three-year college diploma in a related discipline:
 - B.F.A. - Art
 - B.F.A. - Dramatic Arts (fall admission only)
 - B.Mus. (fall admission only)
2. **Choice of Major**
Applicants must declare the major that most closely corresponds to the content of the diploma. For example, a Post-Diploma B.F.A. - Art applicant whose diploma emphasized studio practice would declare the Art Studio major.
3. **Applicants are eligible for admission to a Post-Diploma program in the Faculty of Fine Arts by completing:**
 - a. An approved two- or three-year college diploma in art, theatre or dramatic arts, or music with a cumulative diploma grade point average (GPA) of at least 2.50 (on the University of Lethbridge 4.00 scale); and
 - b. The appropriate portfolio or audition for the program they are completing by the appropriate decision document deadline. See details below.

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to Post-Diploma degree programs in the Faculty of Fine Arts. The Faculty will consider diplomas not previously approved for admission on a case-by-case basis.¹
4. **Enrolment in Post-Diploma degree programs in the Faculty of Fine Arts is limited and admission is competitive. Selections are based on a combination of diploma GPA and portfolio/audition.**

Portfolio/Audition Content

Art:

See Art Portfolio instructions in Bachelor of Fine Arts - Art (p. 178). Portfolio requirements are also available at www.uleth.ca/finearts/admissions.

Note: Students pursuing a Post-Diploma B.F.A. - Art with a major in Art History/Museum Studies are not required to submit a portfolio.

Dramatic Arts:

Technical/Design majors: Materials representative of 10-20 recent theatre experiences as performer, designer or technician. Examples include: list of productions, roles, reviews, photographs, programs, and/or video.

Performance majors: As above and audition/interview.

Portfolio and audition/interview requirements are also available at www.uleth.ca/finearts/admissions.

Music:

A live audition or 20-minute video demonstrating musicianship, musical development, overall ability and potential. Applicants to the Post-Diploma B.Mus. (after a two-year diploma) must successfully audition into Studio V - Instrument (Music Studio 3548) to be eligible for admission. Applicants to the Post-Diploma B.Mus. (after a three-year diploma) must successfully audition into Studio VII - Instrument (Music Studio 4748) to be eligible for admission.

The audition application and additional information are available at www.uleth.ca/finearts/admissions. Also see **Bachelor of Music, Music Major (p. 180)**.

Portfolio Submission

Portfolios are submitted online at:

www.ulethbridge.slideroom.com

For more information, visit the Faculty of Fine Arts website at www.uleth.ca/finearts/admissions, contact the Faculty of Fine Arts Admissions and Portfolio Advisor at 403-380-1864, or email finearts.admissions@uleth.ca.

h. Post-Diploma B.F.A. - Multidisciplinary Degree Program (After a Two- or Three-Year Diploma)

Applicants are eligible for admission to the Post-Diploma B.F.A. - Multidisciplinary degree program by completing an approved two- or three-year college diploma in Art, Theatre or Dramatic Arts, or Music with a cumulative diploma GPA of at least 2.50 (on the University of Lethbridge 4.00 scale).

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to Post-Diploma degree programs in the Faculty of Fine Arts. The Faculty will consider diplomas not previously approved for admission on a case-by-case basis.

Enrolment in this program is limited and admission is competitive. Selections are based on diploma GPA.

i. Bachelor of Fine Arts or Bachelor of Music After an Approved Degree

The B.F.A. - Art, B.F.A. - Dramatic Arts, B.F.A. - Multidisciplinary, B.F.A. - Native American Art, B.F.A. - New Media, and B.Mus. After an Approved Degree programs are available to applicants who have completed an approved undergraduate degree. This program is primarily of interest to degree holders wishing to pursue an entirely different field of study to enhance or change their career focus, and to international students seeking North American credentials.

An approved degree is a baccalaureate degree requiring a minimum of 30 courses (90.0 credit hours) from a recognized degree-granting institution. (See **Admission, Previous Degree, p. 23.**)

Students are not eligible to pursue a second Fine Arts degree which is similar to one already completed at a recognized institution. Generally, Fine Arts degrees with identical or closely related majors are considered to be similar. International applicants who possess a related degree will be considered for admission on a case-by-case basis and are not eligible for admission without the approval of the Faculty of Fine Arts. The decision of the Faculty will be final in these matters.

The B.F.A. - Art, B.F.A. - Dramatic Arts, B.F.A. - Native American Art, B.F.A. - New Media, and B.Mus. programs accept applications to the fall term only.

Additional Admission Requirements

Second degree applicants to the B.F.A. - Art with an Art Studio major must meet the portfolio requirements as indicated in **3.a.2.** above.

Second degree applicants to the B.F.A. - Native American Art with an Art Studio major must meet the portfolio requirements as indicated in **3.a.2.** above.

Second degree applicants to the B.F.A. - New Media must meet the portfolio requirements as indicated in **3.e.** above.

Second degree applicants to the B.Mus. with a Music major must audition as indicated in **3.f.1.** above.

Second degree applicants to the B.Mus. with a Digital Audio Arts major must meet the portfolio requirements as indicated in **3.f.2.** above.

- p. Returning after an Absence from the Faculty of Fine Arts**
 - l. Fine Arts students in good standing who are returning after an absence from the University are eligible to return to their previous (and most recent) program of study, regardless of current admission requirements.

2. Any student who takes University of Lethbridge courses in another Faculty or School or any transferable post-secondary courses during an absence must meet current admission requirements.

q. Readmission after Required Withdrawal

1. Readmission after Required Withdrawal from the Faculty of Fine Arts

Students who maintain continuing student status in another Faculty or School at the University of Lethbridge are eligible for readmission to the Faculty of Fine Arts once their cumulative GPA returns to 2.00 or above.

Students who do not maintain continuing student status at the University of Lethbridge after required withdrawal from the Faculty of Fine Arts are eligible for readmission under the conditions listed in 2. below, provided they are not subsequently admitted to another Faculty or School prior to applying for readmission to the Faculty of Fine Arts.

2. Readmission after Required Withdrawal from the University

Students dismissed for academic reasons will be granted readmission after the lapse of one year. An application for readmission must include evidence that the causes of previous unsatisfactory work have been identified and removed. Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students upon readmission after required withdrawal for unsatisfactory academic performance. For details regarding the granting of *Tabula Rasa*, see **Admission, Readmission after Required Withdrawal (p. 159)**.

Students readmitted after required withdrawal are readmitted on condition of academic probation and limited to registration in a maximum of four courses (12.0 credit hours).

4. ACADEMIC STANDARDS

a. Student in Good Standing

To be in good standing, a student must maintain a cumulative GPA of 2.00.

b. Probationary Student

If the cumulative GPA falls below 2.00, the student is placed on academic probation and is subject to program restrictions.

In some cases, a student may be admitted as probationary because a previous academic record is either deficient in some respect, below the standard ordinarily required or difficult to assess.

c. Required Withdrawal from the Faculty of Fine Arts

Students may be required to withdraw from the Faculty of Fine Arts on two academic grounds: (1) academic indices or (2) two consecutive terms on probation.

Students shall be required to withdraw for academic reasons from the Faculty of Fine Arts only following the spring term.

Students who have completed fewer than six courses (18.0 credit hours) at the University of Lethbridge will not be required to withdraw from the Faculty of Fine Arts.

1. Required Withdrawal - Academic Indices

Students whose cumulative GPA, at the end of the spring term, falls below the following indices are required to withdraw from the Faculty of Fine Arts:

Number of completed courses (includes transfer courses)	GPA (U of L)
6 - 10	1.80
11 - 20	1.90
21 - 40	2.00

Students in the Post-Diploma B.F.A. and B.Mus. programs will be considered with students who have completed 21 to 40 courses.

2. Required Withdrawal - Terms on Probation

Students who, at the end of the spring term, have remained on academic probation for two or more consecutive terms, are required to withdraw from the Faculty of Fine Arts.

Students required to withdraw from the Faculty of Fine Arts may be eligible for admission to another Faculty or School at the University of Lethbridge under the conditions of Continuing Students Changing Programs (see **Admission, Continuing Students Changing Programs, p. 26**).

d. Required Withdrawal from the University of Lethbridge

Students may be required to withdraw from the University on two academic grounds: (1) academic indices or (2) two consecutive terms on probation.

Students shall be required to withdraw for academic reasons from the University of Lethbridge only following the spring term.

Students who have completed fewer than six courses (18.0 credit hours) at the University of Lethbridge will not be required to withdraw.

1. Required Withdrawal - Academic Indices

Students whose cumulative GPA, at the end of the spring term, falls below the following indices are required to withdraw from the University:

Number of completed courses (includes transfer courses)	GPA (U of L)
6-10	1.50
11-20	1.70
21-30	1.85
31-40	2.00

Students in the Post-Diploma B.F.A. and B.Mus. programs will be considered with students who have completed 21 to 30, or 31 to 40 courses, as appropriate.

2. Required Withdrawal - Terms on Probation

Students who, at the end of the spring term, have remained on academic probation for two or more consecutive terms and whose cumulative GPA is below the following indices are required to withdraw from the University:

Number of completed courses (includes transfer courses)	GPA (U of L)
1-10	1.70
11-20	1.85
21-40	2.00

Students in the Post-Diploma B.F.A. and B.Mus. programs will be considered with students who have completed 21 to 40 courses.

5. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the fall and spring terms.

To qualify, students must complete four or more graded courses and achieve a GPA of 3.75 or higher in their courses.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees 'With Distinction' or 'With Great Distinction.'

Students with an award GPA of 3.50 to 3.74 are awarded their degree 'With Distinction.' Students with an award GPA of 3.75 or higher are awarded their degree 'With Great Distinction.'

For purposes of awarding degrees 'With Distinction' or 'With Great Distinction,' the Faculty of Fine Arts uses the cumulative GPA as calculated on the University of Lethbridge academic transcript.

6. APPLIED STUDIES AND CO-OPERATIVE EDUCATION

Faculty of Fine Arts students may be eligible to enhance their programs through participation in Applied Studies courses and/or Co-operative Education.

See **Applied Studies and Co-operative Education, p. 287** for more details. Further information may be obtained from the Career Bridge office (AH151; 403-329-2000; career.bridge@uleth.ca; www.ulethbridge.ca/career-bridge).

7. INDEPENDENT STUDY

Independent Study may be taken for credit inside or outside of the student's Fine Arts discipline. A maximum of five Independent Study courses may count for degree credit. Post-Diploma and/or Combined Degrees students may count only three. Independent Study numbers 2990, 3990, and 4990 indicate the level of advancement. Independent Study may be elected as early as the second term or as late as the last, depending upon the capability of the student for undertaking academic work with a minimum of guidance.

Independent Study may take a variety of forms including theoretical studies, studio practice, or a combination of both. Admission to Independent Study is achieved through consent of the instructor, who agrees to guide the Study, and by approval of the Department and the Dean. Enrolment may be for a regular term or during a summer session. Credit for Independent Study is at the discretion of the Department, upon recommendation of the Instructor. Grades are due at the end of the term of registration, as for regular courses.

Since Independent Study is intended to expand a student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings.

8. TOPICS COURSES

Topics courses (numbered 1850, 2850, 3850, or 4850) may be offered in a discipline. The subject matter of Topics courses varies with each offering, with different offerings indicated by distinct titles. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e. if each offering taken has a different title).

Topics courses are offered on an irregular basis and do not appear in the Course Catalogue of the Calendar; Topics courses are listed in the current term timetable. Contact hours for Topics courses may vary according to the nature of the course and will appear in the timetable entry.

Prerequisites/corequisites/recommended background for individual offerings will appear in the timetable and will normally specify one or more of the following: level-appropriate courses in the discipline/related disciplines, year of standing, appropriate majors, admission to a University of Lethbridge program, or some other special requirement (e.g. an interview).

9. DEGREE PROGRAMS

a. B.F.A. - Art

The Department of Art offers degrees in Art Studio and Art History/Museum Studies. Within a liberal education context, the programs provide the opportunity for intensive instruction in studio production and in art history and museum studies, and for engagement with theoretical and historical discourses related to contemporary art.

Art Studio courses combine traditional and emerging media, such as drawing, painting, sculpture, computer-based art, audio art, photography, video, printmaking, installation and performance art. Spacious and well-equipped facilities permit students to undertake projects in an environment of expert technical support, creative guidance, and critical dialogue. Foundation courses provide an introduction to a diversity of materials and ideas that are expanded upon in upper-level courses. Senior students are allocated individual studio spaces facilitating independent art production at an advanced level.

The Art History/Museum Studies program concentrates primarily on nineteenth to twenty-first century European, North American, and First Nations art history. This degree program is unique in Canada with its combination of history, theory, and hands-on museum experience at the undergraduate level. Students intern in regional public art galleries and museums and gain valuable, career-specific skills in the context of the University's renowned teaching collection of over 13,000 objects.

The Visiting Speakers in the Arts Program, offered through Art NOW and Architecture and Design NOW, provides extensive exposure to leading practitioners in the field. With several high-profile visitors every week—including artists, critics, historians and curators—students have a unique learning experience, one that illuminates national and international achievement. Course credit is available for attendance in the Visiting Speakers Series in Art 3261 - Art NOW, Art 3262 - Art NOW, Art 3210 - Architecture and Design NOW I, and Art 4210 - Architecture and Design NOW II.

These programs prepare students to become professional artists or art educators, or for careers in gallery and museum work. They provide a solid base for further studies in Art Studio, Art History, Museum Studies, Media Studies, Art Education, Architecture, Design, and related disciplines.

Students interested in pursuing a B.A. with an Art major should refer to the degree requirements listed under **Arts and Science, Art (B.A.) (p. 103)**.

I. Degree Requirements

- a. Successful completion of 40 courses (120.0 credit hours) with a cumulative GPA of at least 2.00 (on the University of Lethbridge's 4.0 scale).
- b. A minimum cumulative GPA of 2.50 (on the University of Lethbridge's 4.0 scale) in all Art, Art History, and Museum Studies courses.
- c. Completion of four courses from each of List II: Social Sciences and List III: Sciences to fulfill the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
- d. At least 13 Art, Art History, and/or Museum Studies courses (39.0 credit hours) at the 3000/4000 level.
- e. A maximum of five Independent Studies (15.0 credit hours) (see **Academic Regulations, Exceeding Course Limits, p. 61**).
- f. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses and courses numbered in the range of 0520 to 0530 are exempted from this limit (see **Academic Regulations, Exceeding Course Limits, p. 61**).
- g. Residence requirement: 20 courses (60.0 credit hours), including a minimum of 12 offered by the Department of Art of which at least seven must be at the 3000/4000 level.
- h. Completion of a minimum of 27 (81.0 credit hours) Art, Art History, and Museum Studies courses for Art Studio majors and a minimum of 25 (75.0 credit hours) Art, Art History, and Museum Studies courses for Art History/ Museum Studies majors to a maximum of 32 courses in Art, Art History, and Museum Studies (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Note: Good writing is central to Art History and Museum Studies, so *Writing 1000* is highly recommended as an elective taken early in the degree.

3. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

2. 'Honours Thesis' Designation

Qualified students in the Bachelor of Fine Arts - Art program may elect to complete an Undergraduate Thesis course (6.0 credit hours). Students who complete all requirements and satisfy the academic standards required for the Undergraduate Thesis course are eligible to receive the 'Honours Thesis', designation on their official academic transcript and degree parchment.

The B.F.A. - Art Undergraduate Thesis courses are Art 4995 for Art Studio majors, and Art History 4995 or Museum Studies 4995 for Art History/Museum Studies majors. (See **Course Catalogue** for details.)

a. Prerequisites

Prospective 'Honours Thesis' candidates in the B.F.A. - Art must meet the prerequisites as indicated for Art 4995 for Art Studio majors and Art History 4995 or Museum Studies 4995 for Art History/Museum Studies majors. (See **Course Catalogue (p. 291)** for details.)

b. Supervisory Committee

For each prospective 'Honours Thesis' candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the Art Department will consist of the Thesis Supervisor from the Art Department and a minimum of one other member, who may be from outside the Art Department.

c. Initial Approval

1. The prospective student must present a *Thesis Proposal* to be approved by the Supervisory Committee prior to registration for the course.
2. The Supervisory Committee will establish at the outset the weighting of the studio (if applicable), written and oral components of the thesis, as well as the procedure for determining the final grade.
3. Subsequent changes to the approved *Thesis Proposal* must be approved by the Supervisory Committee.
4. The prospective student must submit an unofficial academic transcript for review by the Supervisory Committee.
5. Admission to the course is achieved through approval of the Supervisory Committee and the Art Department, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.

6. The student must register for the Undergraduate Thesis course by the last day for course Add/Drop for the given fall/spring term or summer session.
- d. Final Assessment

The final assessment for the Undergraduate Thesis is based on two criteria:

1. Studio and/or Written Component

The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of artistic and/or academic ability on a matter approved by the Supervisory Committee prior to registration in the course.

The Thesis should be of high quality and made publicly available by the Art Department.

2. Oral Component

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology, and the results of the project. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the Thesis, unless so specified by the Art Department.

- e. Eligibility for 'Honours Thesis' Designation

Students are eligible to receive the 'Honours Thesis' designation on their official academic transcript and degree parchment only if they achieve a minimum grade of 'B+' (3.30 or higher) for the Undergraduate Thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B', inclusively, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation.

Inquiries about the 'Honours Thesis' option should be directed to the Art Department. Please refer to **Academic Regulations, Honours Thesis Designation (p. 62)** for more information on the 'Honours Thesis' designation.

Note: *The 'Honours Thesis' designation is not available for Combined Degree programs, Post-Diploma programs or the B.F.A. - Art as a Second Degree.*

3. Double Major in Art History/Museum Studies and Art Studio

Although the Faculty of Fine Arts does not recognize double majors as official student programs leading toward the B.F.A. - Art degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for both the Art History/Museum Studies and Art Studio majors.

Completion of a double major in both Art History/Museum Studies and Art Studio would require the minimum of 40 courses (120.0 credit hours). The Faculty cannot guarantee that course sequencing and

timetables will accommodate the double major combination within eight consecutive regular terms of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with an academic advisor regarding the double major as early as possible in their academic programs.

b. B.F.A. - Dramatic Arts

The Department of Drama offers courses in various aspects of the discipline. Within the context of a liberal education, the Department provides opportunities for suitably qualified students to pursue a specialized or general degree in Dramatic Arts.

c. B.F.A. - Multidisciplinary

The B.F.A. - Multidisciplinary is based upon a program of courses offered in the Departments of Art, Drama, and Music requiring students to do a major concentration in one area, as well as a selection of courses in each of the other two.

This program emphasizes essential knowledge and skills in Art, Drama, and Music, together with areas of studies offered in other Faculties/Schools. It provides excellent preparation for students wishing to pursue professions in fields related to Fine Arts such as dramatic arts therapy, administration, performance studies, journalism, musical theatre, recreation, applied theatre arts and technology, arts criticism, design, etc.

This program allows students to choose groups and combinations of courses from within or outside the Faculty of Fine Arts to support and complement the direction or focus they choose. Students accepted into this program must contact the Faculty of Fine Arts Advisor for guidance and information about various options available and the particular routes they decide to follow.

Program Planning Guides for sample programs are available from the Fine Arts Advising Office in W660.

2. Degree Requirements

- a. Successful completion of 40 courses with a cumulative GPA of at least 2.00 (on the University of Lethbridge's 4.0 scale).
- b. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
- c. A minimum of 10 courses (30.0 credit hours) at the 3000/4000 level in the Faculty of Fine Arts and/or other Faculties or Schools.
- d. Residence requirement: 20 courses, including a minimum of 12 in the Faculty of Fine Arts and the last 10 taken for credit toward the degree.
- e. Courses in Art, Art History, Drama, Museum Studies, Music, and Music Studio as follows:
 - l. Minimum of 13 courses in a major area.
 - a. Art - If the major area is Art, required courses include: Art 2031, Art 2032, and Art History 1000.
 - b. Drama - If the major area is Drama, required courses include: Drama 1000, Drama 2100, Drama 2120 and Drama 2130.
 - c. Music - If the major area is Music, required courses include: Music Studio (Music Studio 2148, Music Studio 2248, Music Studio 3348, Music Studio 3448), Music Theory (Music 2160, Music 2161, Music 2260, Music 2261, Music 3360,

3. Minimum of three courses in a third area. For example, if the first area is Art and the second area is Drama, the third area must be Music.

Note: *In the second and third areas, students may take any combination of courses, including Music Ensemble Activities, providing prerequisites are met.*

- f. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses and courses numbered in the range of 0520 to 0530 are exempted from this limit (see **Academic Regulations, Exceeding Course Limits, p. 61**).

d. B.F.A. - Native American Art

The Bachelor of Fine Arts - Native American Art is offered by the Faculty of Fine Arts. Required courses in the program are offered by the Department of Art and the Department of Indigenous Studies. Students may choose a major in Art Studio or Art History/Museum Studies, each of which has an Indigenous Art emphasis. Within a liberal education context, the programs provide the opportunity for intensive instruction in studio production and in art history and museum studies, and for engagement with theoretical and historical discourses related to contemporary art.

Art Studio courses combine traditional and emerging media, such as drawing, painting, sculpture, computer-based art, audio art, photography, video, printmaking, installation, and performance art. Spacious and well-equipped facilities permit students to undertake projects in an environment of expert technical support, creative guidance, and critical dialogue. Foundation courses provide an introduction to a diversity of materials and ideas that are expanded upon in upper-level courses. Courses focusing on Indigenous Art are taught from a First Nations' perspective allowing for a deep engagement with First Nations' studio issues. Senior students are allocated individual studio spaces facilitating independent art production at an advanced level.

The Art History/Museum Studies program concentrates primarily on nineteenth to twenty-first century European, North American, and First Nations' Art History. This degree program is unique in Canada with its combination of history, theory, and hands-on museum experience at the undergraduate level. Students intern in regional public art galleries and museums and gain valuable, career-specific skills in the context of the University's renowned teaching collection of over 13,000 objects. Courses taught from a First Nations' perspective on Indigenous Art history provide an important component of this degree.

The Visiting Speakers in the Arts Program, offered through Art Now and Architecture and Design NOW, provides extensive exposure to leading practitioners in the field. With several high-profile visitors every week—

including artists, critics, historians, and curators—students have a unique learning experience, one that illuminates national and international achievement.

These programs prepare students to become professional artists or art educators, or for careers in gallery and museum work. They provide a solid base for further studies in Art Studio, Art History, Museum Studies, Media Studies, Art Education, Architecture, Design, and related disciplines.

Students interested in pursuing a B.A. with an Art major or Indigenous Studies major should refer to the degree requirements listed under **Arts and Science, Art (B.A.)** or **Indigenous Studies (B.A.) (formerly Native American Studies)** (p. 103 and p. 119).

e. B.F.A. - New Media

The rapid advancement and integration of digital and interactive technologies within our culture has radically changed the way we communicate and interact with each other. The B.F.A. - New Media degree was created to meet the present and future need for content creators capable of applying both linear and non-linear strategies to problem-solving situations. By combining traditional art, music, drama practices, theory, and criticism with digital and interactive media, the Department of New Media provides students with the skills, knowledge and

experience essential for personal and professional excellence and growth in the field of New Media communication.

The combination of professional-level technology and in-depth, multidisciplinary artistic investigation makes this New Media program unique. As the industry shifts its focus from a primarily technical workforce to a more intellectually developed, technically diverse talent pool, graduates of the B.F.A. - New Media program will be ready to take on complex professional duties requiring high levels of maturity, intellect, and technical proficiency.

 New Media 2040 - Function and Culture of Design
 New Media 3040 - Colour Theory and Digital Photo Manipulation
 New Media 3820 - Information Design

j. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

2. 'Honours Thesis' Designation

Qualified students in the Bachelor of Fine Arts - New Media program may elect to complete an Undergraduate Thesis course (6.0 credit hours). Students who complete all requirements and satisfy the academic standards required for the Undergraduate Thesis course are eligible to receive the 'Honours Thesis' designation on their official academic transcript and degree parchment.

The B.F.A. - New Media Undergraduate Thesis course is New Media 4995. (See **Course Catalogue** for details.)

a. Prerequisites

Prospective 'Honours Thesis' candidates in the B.F.A. - New Media must meet the prerequisites as indicated for New Media 4995. (See **Course Catalogue** for details.)

b. Supervisory Committee

For each prospective 'Honours Thesis' candidate, a Supervisory Committee will be established. The Supervisory Committee, approved by the New Media Department will consist of the Thesis Supervisor from the New Media Department and a minimum of one other reader, who may be from outside the New Media Department.

c. Initial Approval

1. The prospective student must present a *Thesis Proposal* to be approved by the Supervisory Committee prior to registration for the course.
2. The Supervisory Committee will establish at the outset the weighting of the studio (if applicable), written and oral components of the Thesis, as well as the procedure for determining the final grade.
3. Subsequent changes to the approved *Thesis Proposal* must be approved by the Supervisory Committee.
4. The prospective student must submit an unofficial academic transcript for review by the Supervisory Committee.
5. Admission to the course is achieved through approval of the Supervisory Committee and the New Media Department, endorsed by the Dean whose signature indicates that the necessary resources are available for the project.
6. The student must register for the Undergraduate Thesis course by the last day for course Add/Drop for the given fall/spring term or summer session.

d. Final Assessment

The final assessment for the Undergraduate Thesis is based on two criteria:

1. Studio and/or Written Component

The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of artistic and/or academic ability on a matter

approved by the Supervisory Committee prior to registration in the course.

The Thesis should be of high quality and made publicly available by the New Media Department.

2. Oral Component

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the project undertaken, the research methodology and the results of the project. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the Thesis, unless so specified by the New Media Department.

e. Eligibility for 'Honours Thesis' Designation

Students are eligible to receive the 'Honours Thesis' designation on their official academic transcript and degree parchment only if they achieve a minimum grade of 'B+' (3.30 or higher) for the Undergraduate Thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B', inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation.

Inquiries about the 'Honours Thesis' option should be directed to the New Media Department. Please refer to **Academic Regulations, Honours Thesis Designation (p. 62)** for more information on the 'Honours Thesis' designation.

f. **B.Mus.**

The Department of Music offers courses within four basic subject areas: History and Literature; Theory and Composition; Applied Music Studies (Studio courses, Ensemble Activity courses, Conducting); and Digital Audio Arts. All Music courses are available to any student provided that he/she can comply with the prerequisites listed in **Course Catalogue (p. 291)** of this Calendar. Entrance to the studio sequence is dependent upon the results of audition and is subject to the availability of instructors.

The B.Mus. with a major in Music is a general Music degree that provides students with a balanced curriculum of scholarly, theoretical and applied performance studies. The B.Mus. with a major in Digital Audio Arts integrates technology courses with the core curriculum of the general Bachelor of Music degree, but students may also draw from curricula in other disciplines. Students in both majors are encouraged to pursue their individual interests through electives and the Liberal Education List Requirement of the program.

Students intending to pursue a B.Mus. should note that courses in the subject area of theory and studio are sequential in nature. Additionally, many theory and history courses core to the B.Mus. are currently offered only once per calendar year. Prospective B.Mus. candidates are advised to begin their theory studies (Music 2160 and Music 2161) in their first fall term at the

University in order to permit the completion of the degree within a four-year period. While all B.Mus. students with a major in Music should begin the studio sequence (Music Studio 2148) in their first term at the University, composition students must begin Studio I in the fall term.

Students interested in pursuing a B.A. with a Music major should refer to the degree requirements listed under **Arts and Science, Music (B.A.) (p. 119)**.

I. Degree Requirements

- a. Successful completion of 40 courses (120.0 credit hours) with a cumulative GPA of at least 2.00 (on the University of Lethbridge 4.0 scale).
- b. A minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.0 scale) in all Music and Music Studio courses.
- c. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
- d. A maximum of five Independent Studies (15.0 credit hours) (see **Academic Regulations, Exceeding Course Limits, p. 61**).
- e. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses, including ensembles, and courses numbered in the range of 0520 to 0530 are exempted from this limit (see **Academic Regulations, Exceeding Course Limits, p. 61**).
- f. Residence requirement: 20 courses, including a minimum of 12 in Music and/or Music Studio of which at least seven must be at the 3000/4000 level.
- g. Completion of a minimum of 30 Music, Music Studio and/or Music Ensemble Activity courses (90.0 credit hours).

i. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

2. Double Major in Digital Audio Arts and Music

Although the Faculty of Fine Arts does not recognize double majors as official student programs leading toward the B.Mus. degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for both the Digital Audio Arts and Music majors.

Completion of a double major in Digital Audio Arts and Music would require a minimum of 51 courses (153.0 credit hours). The Faculty cannot guarantee that course sequencing and timetables will accommodate the double major combination within a minimum number of regular terms of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with an academic advisor regarding the double major as early as possible in their academic programs.

3. Studio Audition Procedure

Studio Course instruction is available in piano, voice, strings, guitar, woodwinds, brass, percussion and composition.

Fall Term: Instrumental and vocal auditions for the fall term are held in February, March and May.

Although a live audition is highly preferred, it is possible to submit an audition video to SlideRoom (www.ulethbridge.slideroom.com) by the deadline of June 15.

Spring (January) Term: Instrumental and vocal auditions are held within the last two weeks of November only if space is available. Although a live audition is highly preferred, it is possible to submit an audition video to SlideRoom (www.ulethbridge.slideroom.com) by the deadline of November 15.

Note: Some entrance scholarships are available based on live auditions and completing the appropriate scholarship application form by the deadline (Early entrance - March 1; others - June 1).

Audition dates and more audition information:
www.uleth.ca/finearts/departments/music/studio-audition-requirements

Audition application:
www.uleth.ca/finearts/departments/music/studio-audition-application

Instrumental and vocal auditions must be accompanied unless the piece is written as an unaccompanied solo. Applicants are encouraged to supply the accompanist. If that is not possible, please call 403-329-2495 at least two weeks prior to the scheduled audition.

Students who wish an emphasis in composition must:

- a. Successfully complete an instrumental or vocal audition at the entry level for Music Studio 2148 - Studio I - Instrument; and

- b. Successfully complete a composition audition.

Requests for a specific studio instructor should be made at the time of the audition. Every effort will be made to accommodate the request, but final assignment of instructors rests with the Department of Music.

Late auditions will be granted under extenuating circumstances, but admission to Studio courses is not guaranteed after the audition deadline.

Once enrolled in Studio, students must achieve a minimum grade of 'C' in order to be eligible for the subsequent course in their Studio sequence (Studio II-VIII). Should a grade below 'C' be earned, advancement to the next Studio will be based upon the results of a mandatory audition.

Studio courses may not be repeated for the purposes of grade replacement except in the case where a student has previously earned an 'F' (an audition for re-entry to the Studio sequence is required).

Students who withdraw from a Studio course or have not registered in a Studio course for one or more consecutive terms are required to audition for re-entry to the studio sequence.

Practice facilities are available to Studio course registrants. Detailed information concerning audition requirements and Studio course procedures may be obtained from the Department of Music.

4. Additional Information

Ensemble Activities include the University Singers, Women's Chorus and Vox Musica choral ensembles; the University Wind Orchestra; Collaborative Piano/Guitar; Orchestra; Jazz Ensemble; Percussion Ensemble; Electroacoustic Ensemble; Chamber Ensembles; and Collegium Musicum. Ensemble Activity courses carry a 1.5 credit hour weight (one-half course credit). Ensemble Activity courses may be taken for credit by any student but are also available to all qualified students on a non-credit basis. In addition to the six required Ensemble Activity courses listed in the degree requirements, B.Mus. degree students may credit a maximum of four Ensemble Activity courses (6.0 credit hours) toward their degree (see **Academic Regulations, Exceeding Course Limits, p. 61**).

The Department of Music presents numerous recitals for the general public including Ensemble concerts and numerous other musical events and lectures. Contact the University Theatre Box Office or the Department of Music for further details.

g. **Post-Diploma Degree Program (Admission after a Two-Year Diploma)**

A minimum of 20 courses (60.0 credit hours), at least 12 of which are in the discipline: Art, Art History, and Museum Studies for the B.F.A. - Art; Drama for the B.F.A. - Dramatic Arts; or Music and Music Studio for the B.Mus. A GPA of at least 2.00 must be maintained at all times.

1. Program Requirements
 - a. A minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.0 scale) in all courses in the Fine Arts discipline.
 - b. Completion of the Liberal Education List Requirement. Courses from the Diploma may be used toward this requirement. Contact an academic advisor in the Faculty of Fine Arts for detailed information (see **School of Liberal Education, Liberal Education List Requirement, p.95**).

 - d. Not more than three Independent Study courses may be taken for credit toward the degree (see **Academic Regulations, Exceeding Course Limits, p. 61**).
 - e. The entire program must be approved in advance by an academic advisor in the Faculty of Fine Arts.
 - f. Residence requirement: 20 courses.
2. Course Requirements

All current specified course requirements for the B.F.A. or B.Mus. will apply. Courses from the diploma program may apply. Depending on the content of the diploma presented, students will be required to complete a 20-course subset of the courses required for the four-year degree program. These courses are referenced below:

 - a. Required Art, Art History, and Museum Studies Courses:
See **Section 8.a.1.h. (p. 161)**.
 - b. Required Drama Courses:
See **Section 8.b.1.h. (p. 163)**.
 - c. Required Music and Music Studio Courses:
See **Section 8.e.1.g. (p. 170)**.
3. **Post-Diploma B.F.A. - Multidisciplinary Degree Program (Admission after a Two- or Three-Year Diploma)**

A minimum of 20 courses, at least 12 of which are in the discipline: Art, Art History, Drama, Museum Studies, Music, or Music Studio. A GPA of at least 2.00 (on the University of Lethbridge 4.0 scale) must be maintained at all times.

 1. Program Requirements
 - a. Completion of seven courses from the Social Sciences and Sciences to fulfill the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**):
 1. Two courses from each of List II - Social Science Courses and List III - Science Courses.
 2. Three additional courses from either of these two areas.
 - b. A minimum of 10 courses at or above the 3000 level. Courses from the diploma may be used toward the requirement.
 - c. Not more than three Independent Study courses may be taken for credit toward the degree (see **Academic Regulations, Exceeding Course Limits, p. 61**).
 - d. The entire program must be approved in advance by an academic advisor in the Faculty of Fine Arts.
 - e. Residence requirement: 20 courses.
4. **Post-Diploma Degree Program (Admission after a Three-Year Diploma)**

A minimum of 15 courses (45.0 credit hours), at least eight of which are in the discipline: Art, Art History, and Museum Studies for the B.F.A. - Art; Drama for the B.F.A. - Dramatic Arts; or Music and Music Studio for the B.Mus. A GPA of at least 2.00 must be maintained at all times.

 1. Program Requirements
 - a. A minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.0 scale) in all courses in the Fine Arts discipline.

r. **B.F.A. or B.Mus. After an Approved Degree**

The Faculty of Fine Arts offer the Bachelor of Fine Arts - Art, Bachelor of Fine Arts - Dramatic Arts, Bachelor of Fine Arts - Multidisciplinary, Bachelor of Fine Arts - Native American Art, Bachelor of Fine Arts - New Media, and Bachelor of Music degree programs to holders of previous undergraduate degrees. This program is primarily of interest to degree-holders wishing to pursue an entirely different field of study to enhance or change their career focus and to international students seeking North American credentials.

Requirements:

A student may complete the B.F.A. or B.Mus. after an approved degree by meeting the following requirements:

1. Residence requirement: All courses in the second degree program must be completed at the University of Lethbridge.
2. Approval: The entire program must be approved in advance by the Dean.
3. Total program: A minimum of 20 courses after admission to the second degree program.
4. Academic standards: A cumulative GPA of at least 2.50 (on the University of Lethbridge 4.0 scale) in the Fine Arts discipline(s), and an overall cumulative GPA of at least 2.00 must be maintained at all times.

5. Liberal Education List Requirement: Six courses, two from each of List I, List II, and List III (see **School of Liberal Education, Liberal Education List Requirement, p. 83**). Courses earned towards a previous degree may be used to meet this requirement.

6. Course Level: A minimum of 10 courses at or above the 3000 level.

7. Independent Study: Not more than three Independent Study courses may be taken for credit toward the degree.

8. Fine Arts Course Requirements:

- a. A minimum of 15 courses in the Fine Arts discipline.
- b. All current required courses, including electives, in the Fine Arts discipline must be completed.
- c. Credit earned towards a previous degree may be used to determine the requirements for the second bachelor's degree.

Note: *The length of a second degree program may vary due to the sequencing of required courses in the chosen Fine Arts discipline.*

10. ART GALLERY

The University of Lethbridge Art Gallery maintains the Art Collection, organizes on-campus and touring exhibitions for the entire campus and the general public, and provides research access to the collection to the Faculty of Fine Arts. The Collection is one of the most significant in Canada with over 13,000 objects including work from Canada, America, and Europe, as well as media ranging from drawing, printmaking, and painting to photography, sculpture, and installation. The majority of works span the nineteenth and twentieth centuries, but does include earlier periods and continues to grow with twenty-first century additions.

The Gallery programs are an integral part of the teaching program in the Department of Art. The collection was founded with the goal of providing students with an experience of original works of art on their own terms. Students have incomparable opportunities for research access to works in the Collection and to information associated with these works. Students and faculty are able to view individual works on request.

11. UNIVERSITY THEATRES

The Faculty of Fine Arts has four performance spaces in the Centre for the Arts: the University Theatre, the Recital Hall/Film Theatre, the David Spinks Theatre, and the Drama Studio. The **University Theatre** is a 450 seat fully-equipped proscenium theatre, while the **Recital Hall/Film Theatre** is a smaller venue ideally suited for music concerts, lectures and films. The **David Spinks Theatre** is a completely equipped black box theatre with flexible seating for approximately 220 and the **Drama Studio** is a smaller version of the Spinks Theatre.

All four of the performance spaces are prime teaching facilities of the Departments of Drama and Music. Visiting artists complement and support the programs of the Faculty and of the University as a whole.

12. CONSERVATORY OF MUSIC

The University of Lethbridge Music Conservatory offers non-credit individual and group instruction to students of all ages and ability levels. The Conservatory Program offers instruction in piano, voice, strings, guitar, woodwinds, brass and percussion. Classes are also offered in theory and history. Ensemble Activities include chamber music, string orchestras, world drumming, as well as choirs.

Prospective students should contact the Conservatory at tel. 403-329-2304 for information on programs, instructor availability and placement. Returning students may contact Recreation Services directly for registration (PE209; tel. 403-329-2706). Students are accepted for registration at any time during the fall, winter and spring/summer sessions, provided space is available.

a. Music Conservatory Fees

Fees based on number of weeks in study. Please visit the website for current fees www.uleth.ca/music-conservatory/private-instruction.

b. Theory Program

An opportunity for preparation for 'standard' examination systems will be available as the courses will align with the requirements prescribed by the Royal Conservatory of Music and Western Board of Music for completion of their programs.

c. Music Ensemble Activity Fees

Please visit the website for current fees www.uleth.ca/music-conservatory/programs-classes.

I. GENERAL PHILOSOPHY

The Faculty of Health Sciences bases its statement of philosophy upon that of the University. In doing so, it:

- a. Accepts the need for, and promotes a liberal education;
- b. Seeks to achieve openness, flexibility, and innovation in its programs and in its relationship with various communities;
- c. Promotes the development of life-long learning while fostering a spirit of inquiry and the critical interpretation of ideas;
- d. Encourages students to participate in all phases of university life and encourages the highest degree of interaction between student and faculty;
- e. Encourages close relationships with the local community as well as the wider provincial, national; and international communities; and
- f. Protects the right, for students and faculty, of free expression and communication of ideas, and expects that they will assume responsibility for such action.

2. ADVICE AND INFORMATION

a. General

The Faculty welcomes both part-time and full-time students, however, it assumes and sometimes requires attendance as a full-time student. It is recognized that many students are working on a full- or part-time basis, and students are encouraged to consider very carefully their paid workload as they plan their program of study. The Faculty will not modify its course requirements in consideration of the work status of its students.

b. Academic Advising

Students should obtain advice and information from an academic advisor as early as possible. This advice may include information about program planning, academic regulations, degree requirements, Withdrawal with Cause, readmission, and authorization for an Independent Study.

c. Skills and Abilities for Becoming a Registered Nurse

Students require certain abilities and basic skills to successfully progress through the Nursing program and to meet the requirements of initial entry to practice in Alberta. To adequately recognize the general demands and performance expectations of the nursing profession, applicants are encouraged to review the document *Requisite Skills and Abilities for Becoming a Registered Nurse in Alberta* (http://www.nurses.ab.ca/content/dam/carnal/pdfs/DocumentList/Guidelines/RN_RequisiteSkills_May2011.pdf). Information in this document may be useful in identifying an applicant's fit with the requirements of becoming a Registered Nurse and/or identifying the applicant's potential need for accommodation¹ in becoming a member of the nursing profession.

¹*Accommodation is the process of making alterations (to the point of undue hardship) to the delivery of services so that those services become accessible to more people, including people with disabilities. The Alberta Human Rights Commission interpretive document Duty to Accommodate Students with Disabilities in Post-Secondary Educational Institutions stipulates that accommodation does not*

require post-secondary institutions to lower the academic or non-academic standards to accommodate students with disabilities nor does it relieve students of the responsibility to develop the essential skills and competencies expected of all students (Alberta Human Rights Commission, 2010).

3. ADMISSION

a. Bachelor of Nursing

The Bachelor of Nursing (B.N.) program is offered collaboratively by the University of Lethbridge and Lethbridge College. Applicants must apply for admission directly to the University of Lethbridge. Newly admitted students will register in and attend courses at Lethbridge College for the first two years of the program. For the final two years, students will register in and attend courses at the University of Lethbridge.

Enrolment in the B.N. program is limited and fulfilment of the minimum admission requirements does not guarantee admission. The Faculty of Health Sciences reserves the right of selection of all applicants for admission and readmission based on academic qualifications.

Applicants are advised to refer to www.uleth.ca/ross/admissions/undergrad/deadlines for Application and Document Deadlines.

Note: *Applicants may be invited to an interview.*

I. Admission Requirements

a. Academic Qualifications

In addition to the general admission requirements outlined in **Admission (p. 21)**, applicants to the B.N. program must present the following Alberta high school courses or equivalents:

- English Language Arts 30-1 (minimum of 60%)
- Biology 30
- Chemistry 30
- Mathematics 30-1 or Mathematics 30-2
- A distinct fifth course at the Grade 12 level (excluding Special Projects) (see **p. 21**)

b. Reporting Midterm Grades

Applicants who are currently studying at a high school or post-secondary institution may report their midterm grades for courses in progress using the *Request for Midterm Grades* form before the Admission Decision Documents deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines). This form is available at www.uleth.ca/healthsciences/forms.

c. Spoken English Language Proficiency Requirement (SELP) (see **p. 181**).

d. Competitive Admission

For competitive admission purposes, applicants will be ranked on the basis of the average of the grades in the five courses listed above. For Transfer applicants, a grade in an approved university-level course (minimum 3.0 credit hours) in the same discipline may be used in place of the high school mark, if it is more advantageous. The fifth course may be substituted by any minimum 3.0 credit hour university-level course.

e. Health Care Experience

A limited number of exceptionally qualified applicants with previous health care related experience who do not meet current competitive admission requirements will be considered on a case-by-case basis. Applicants who are seeking admission based on this experience should submit the following documents by the Decision Document Deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines):

1. A *Letter of Intent*, describing the nature of previous experience as it relates to nursing and the reason for pursuing Nursing
2. A *Letter of Reference* from an employer
3. A resume detailing relevant work, volunteer, and life experience

Note: Number of years, currency and relevance of experience will be considered.

2. Readmission to B.N. program

Applicants seeking readmission to the B.N. program must submit a *Letter of Intent* at the time of application (see www.uleth.ca/healthsciences/intent).

3. Applicants transferring from another B.N. program

Transfer applicants from B.N. programs at other post-secondary institutions must submit a *Letter of Intent* at the time of application (see www.uleth.ca/healthsciences/intent).

4. Degree Holders

Applicants who have an earned degree from a recognized university and who wish to enter the B.N. program may have their course load reduced to the extent that the first degree includes courses that are required in the B.N. program. Due to the sequencing of Nursing courses, such course reduction may not reduce the length of the program.

5. Time Limit for Retention of Courses

Nursing, Human Anatomy/Physiology, and Microbiology courses must have been completed at an accredited post-secondary institution not more than seven years prior to the expected date of completion of the B.N. program. See **Academic Regulations, Residence Requirements and Time Limits, p. 63**.

6. Required Documentation

Newly admitted students must provide the following documents by the first day of classes:

- a. A specific schedule of immunization (forms provided by Lethbridge College). Immunizations must be renewed as required in each year of the program.
- b. Evidence of a current CPR-HCP (Cardio Pulmonary Resuscitation at the Health Care Provider Level) certificate. Students must have current CPR-HCP certification before entering a clinical setting.
- c. Current criminal record check (or equivalent). Renewal of a criminal record check may be required at the discretion of faculty or staff of partnering agencies. See **Internship and Practicum Placements (p. 183)**.

Note: Students will not be allowed to enter clinical practica if they do not provide these documents.

All students will be required to have face masks fitted prior to clinical placements. This procedure will occur during the first month of classes.

b. Bachelor of Nursing After an Approved Degree

The Bachelor of Nursing After an Approved Degree (B.N. After Degree) is a 24-month continuous program offered in collaboration by the University of Lethbridge and Lethbridge College. Applicants must apply for admission directly to the University of Lethbridge. Newly admitted students will register in and attend courses at Lethbridge College for the first year of the program. For the final year of the program, students will register in and attend courses at the University of Lethbridge.

Enrolment in the B.N. After Degree program is limited and fulfilment of the minimum admission requirements does not guarantee admission. The Faculty of Health Sciences reserves the right of selection of all applicants for admission and readmission based on academic qualifications.

Applicants are advised to refer to www.uleth.ca/ross/admissions/undergrad/deadlines for Application and Document Deadlines.

Note: Applicants may be invited to an interview.

1. Admission Requirements

- a. Applicants to the B.N. After Degree program must present an approved undergraduate degree no later than the final document deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines).

An approved degree is a baccalaureate degree requiring a minimum of 30 or more courses (90.0 credit hours) from a recognized degree-granting institution. (See **Admission, Previous Degree, p. 23**).

Applicants who present a Nursing degree but are not yet licensed in a Canadian jurisdiction will be considered for admission on a case-by-case basis and are not eligible for admission without the approval of the Faculty of Health Sciences. The decision of the Faculty of Health Sciences will be final in these matters.

Note: Applicants who have an approved degree from a recognized university may choose to complete either the B.N. After Degree program or the 40-course Bachelor of Nursing program (see **p. 178**).

- b. Spoken English Language Proficiency (SELP) Requirement (see **p. 181**).
- c. The following courses are required for admission:
 1. Human Anatomy and Physiology, 6.0 credit hours (two term courses);
 2. Microbiology, 3.0 credit hours (one term course);
 3. Statistics, 3.0 credit hours (one term course); and,
 4. Fine Arts or Humanities courses, 6.0 credit hours (two term courses) (See School of Liberal Education, LIST I: Fine Arts and Humanities Courses, **p. 84**); and,

5. Social science courses, 6.0 credit hours (two term courses) (See School of Liberal Education, LIST II: Social Science Courses, p. 84).

Note: *Human Anatomy and Physiology, Microbiology and Statistics must be completed within 10 years preceding the term of admission.*

d. Reporting Midterm Grades

Applicants who are currently completing the above courses required for admission are strongly encouraged to report their midterm grades using the *Request for Midterm Grades* form before the April 1 Admission Decision Documents deadline (see www.uleth.ca/healthsciences/forms). Reporting midterm grades for other courses is optional.

e. Competitive Admission

Admission will be granted on a competitive basis using a grade point average (GPA) calculated using Human Anatomy and Physiology (6.0 credit hours), Microbiology (3.0 credit hours), Statistics (3.0 credit hours) and the terms containing the most recent additional 16 graded university-level term courses (48.0 credit hours).

f. Health Care Experience

A limited number of exceptionally qualified applicants with previous health care related experience who do not meet current competitive admission requirements will be considered on a case-by-case basis. Applicants who are seeking admission based on this experience should submit the following documents by the Decision Document Deadline:

1. A *Letter of Intent*, describing the nature of previous experience as it relates to nursing and/or human health/healthcare, and the reason for pursuing Nursing
2. A *Letter of Reference* from an employer
3. A resume detailing relevant work, volunteer, and life experience

Note: *Number of years, currency and relevance of experience will be considered.*

2. Readmission to B.N. After Degree program

Applicants seeking readmission to the B.N. After Degree program must submit a *Letter of Intent* at the time of application (see www.uleth.ca/healthsciences/intent).

3. Required Documentation

Newly admitted students must provide the following documents by the first day of classes:

- a. A specific schedule of immunization (forms provided by Lethbridge College). Immunizations must be renewed as required in each year of the program.
- b. Evidence of a current CPR-HCP (Cardio Pulmonary Resuscitation at the Health Care Provider Level) certificate. Students must have current CPR-HCP certification before entering a clinical setting.

- c. Current criminal record check (or equivalent). Renewal of a criminal record check may be required at the discretion of faculty or staff of partnering agencies. See **Internship and Practicum Placements (p. 183)**.

Note: *Students will not be allowed to enter clinical practica if they do not provide these documents.*

All students will be required to have face masks fitted prior to clinical practicum placements. This procedure will occur during the first month of classes.

c. Bachelor of Health Sciences

1. Aboriginal Health

a. Admission Requirements:

1. In addition to the general admission requirements outlined in **Admission (p. 21)**, applicants to the Bachelor of Health Sciences (B.H.Sc.) program with a major in Aboriginal Health must present the following Alberta high school courses or equivalents:
 - English Language Arts 30-1
 - Biology 30
 - Mathematics 30-1 or Mathematics 30-2
2. Spoken English Language Proficiency Requirement (SELP) (see **p. 181**).

2. Addictions Counselling

Enrolment in the Bachelor of Health Sciences (B.H.Sc.) program with a major in Addictions Counselling is limited and fulfilment of the minimum admission requirements does not guarantee admission. The Faculty of Health Sciences reserves the right of selection of all applicants for admission and readmission based on admission average and suitability for the program as indicated in the *Admission Statement*.

a. Admission Requirements

1. All applicants must meet the general admission requirements outlined in **Admission (p. 21)**.
2. Admission Statement

All applicants to the B.H.Sc. program with a major in Addictions Counselling must submit an *Admission Statement* by June 15. This statement provides the Faculty of Health Sciences with the experience, inspirations and goals of applicants to the Addictions Counselling major. The *Admission Statement* can be submitted at www.uleth.ca/healthsciences/statement.
3. Spoken English Language Proficiency Requirement (SELP) (see **p. 181**).

3. Public Health

a. Admission Requirements:

1. In addition to the general admission requirements outlined in **Admission (p. 21)**, applicants must present the following Alberta high school courses or equivalents:

English Language Arts 30-1
Biology 30
Chemistry 30
Mathematics 30-1 or Mathematics
30-2

2. Spoken English Language Proficiency Requirement (SELP) (see **p. 181**).

d. Post-Diploma Bachelor of Health Sciences

1. Addictions Counselling

Applicants to the Post-Diploma Bachelor of Health Sciences (B.H.Sc.) program with a major in Addictions Counselling must meet the following requirements for admission:

- a. Approved Diploma

The Addictions Counselling major in the Post-Diploma B.H.Sc. program is available to applicants who have completed an approved college diploma with a minimum diploma GPA of 3.00 (on the University of Lethbridge 4.00 scale).

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to the Post-Diploma B.H.Sc. program. The Faculty of Health Sciences will consider other diplomas in Addictions Counselling on a case-by-case basis.

Subject to permission of the Faculty of Health Sciences, applicants with extensive practical experience in the field will be considered for admission with a diploma GPA below 3.00, but not less than 2.00 (on the University of Lethbridge 4.00 scale).

- b. Spoken English Language Proficiency Requirement (SELP) (see **p. 181**).

2. Public Health

- a. Approved Diploma

The Public Health major in the Post-Diploma B.H.Sc. program is available to applicants who have completed an approved college diploma with a minimum diploma GPA of 3.00 (on the University of Lethbridge 4.00 scale).

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to the Post-Diploma B.H.Sc. program. The Faculty of Health Sciences will consider other diplomas on a case-by-case basis.

Subject to permission of the Faculty of Health Sciences, applicants with extensive practical experience in the field will be considered for admission with a diploma GPA below 3.00, but not less than 2.00 (on the University of Lethbridge 4.00 scale).

- b. Spoken English Language Proficiency Requirement (SELP) (see **p. 181**).

e. Bachelor of Therapeutic Recreation

Enrolment in the Bachelor of Therapeutic Recreation (B.T.R.) program is limited and fulfilment of the minimum admission requirements does not guarantee admission. The Faculty of Health Sciences reserves the right of

selection of all applicants for admission and readmission based on admission GPA. Applicants must meet the following requirements for admission to this program:

1. Approved Diploma

Admission to the B.T.R. program is available to applicants who have completed an approved college diploma with a minimum diploma GPA of 2.00 (on the University of Lethbridge 4.00 scale).

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to the B.T.R. program. The Faculty of Health Sciences will consider other diplomas in Therapeutic Recreation or Recreation Therapy on a case-by-case basis.

OR

Approved Undergraduate Degree

Admission to the B.T.R. program is available to applicants who have completed an approved baccalaureate degree with a minimum admission GPA of 2.00 (on the University of Lethbridge 4.00 scale) from a recognized degree-granting institution. See **Admission, Previous Degree, p. 23**.

Note: Preference may be given to applicants with diplomas in Therapeutic Recreation or Recreation Therapy.

2. Spoken English Language Proficiency Requirement (SELP) (see **p. 181**).

f. Bachelor of Health Sciences After an Approved Degree

The Faculty of Health Sciences does not offer a formal Bachelor of Health Sciences second-degree program, due to the high number of unique courses that are required in each major in the B.H.Sc. program. Degree holders will be eligible to have course requirements waived in recognition of equivalent courses completed in the previous degree, in accordance with the Residence Requirement for the program (see **Academic Regulations, Residence Requirements and Time Limits, p. 63**).

An individualized program of study will be planned and approved by an academic advisor in the Faculty of Health Sciences at the time of admission.

g. Bachelor of Health Sciences/Bachelor of Management

See **Combined Degrees (p. 267)**.

h. Spoken English Language Proficiency Requirement (SELP)

In addition to the English Language Proficiency requirement for general admission to the University of Lethbridge (see **Admission, English Language Requirements, p. 26**), applicants to the Faculty of Health Sciences must also meet a SELP requirement. This additional SELP requirement is essential because students must be able to communicate clearly and effectively with colleagues, instructors, professionals and the public in a variety of settings. The SELP requirement must be met prior to admission and may be shown in one of the following ways:

1. At least six consecutive years of full-time study in a country where the primary language is English from a recognized institution where the language of instruction is English. These studies must include

satisfactory completion of English Language Arts 30-1 or its equivalent, or satisfactory completion of a university-level course in English (minimum 3.0 credit hours).

2. A score of at least 26 on the iBT TOEFL Speaking section.
3. A score of at least 7.5 on the Academic IELTS band for Speaking.
4. A score of at least 70 on the CAEL sub-test for Speaking.
5. A score of at least 3 on the MELAB Speaking section.
6. Current registration with the College and Association of Registered Nurses of Alberta (CARNA) or College of Licensed Practical Nurses of Alberta (CLPNA).

Note: Beginning Fall 2020, test-based assessments must have successfully met required within the two years prior to the term of admission.

i. Readmission after Required Withdrawal

A student dismissed from the Faculty of Health Sciences or the University of Lethbridge for academic reasons may apply for readmission by the appropriate deadline after a lapse of one full year. In addition to an *Application for Admission*, applicants must submit a letter to the Faculty of Health Sciences identifying the causes of previous unsatisfactory work and how they have been addressed and remedied. Readmission is not guaranteed. Students dismissed for a second time will not be readmitted to the program. Students are advised to contact an academic advisor as early as possible to discuss the possibility of readmission.

Tabula Rasa will be granted to all first-degree University of Lethbridge students upon readmission after required withdrawal for unsatisfactory academic performance. For details regarding the granting of *Tabula Rasa*, see **Admission, Readmission after Required Withdrawal (p. 31)**.

4. APPLIED STUDIES AND CO-OPERATIVE EDUCATION

Faculty of Health Sciences students may be eligible to enhance their program through participation in Applied Studies courses and/or Co-operative Education.

See **Applied Studies and Co-operative Education, p. 287** for more details. Further information may be obtained from the Career Bridge office (AH151; 403-329-2000; career.bridge@uleth.ca; www.ulethbridge.ca/career-bridge).

5. INDEPENDENT STUDY

Credit for Independent Study is at the discretion of the Faculty of Health Sciences upon recommendation of the supervising faculty member. Independent Study registration occurs after approval by the supervising faculty member, the Academic Advisor, and the Dean.

Since the purpose of an Independent Study is to expand the student's program beyond the limits of the regular curriculum, it may not be used to duplicate course offerings and should be undertaken only in areas not covered by courses in the curricula.

6. POLICIES AND REGULATIONS

a. Standards of Professional Conduct

The Faculty of Health Sciences at the University of Lethbridge, along with our collaborative partner, Lethbridge College, is committed to maintaining freedoms of thought, belief, opinion and expression for students. The programs also have an obligation to foster academic freedom within the context of relevant professional standards of conduct and with the goal of assisting students to becoming practicing health professionals. The standards outlined below give direction to behaviours which must be visible to all instructors within the program and related courses. These standards are in addition to the standards of Academic and Non-Academic Conduct for the University of Lethbridge outlined in **Academic Regulations** of this Calendar. **Serious violations of the standards of professional conduct may result in a student being disciplined, including being suspended or expelled from the program. A student disciplined in this way may appeal under Academic Regulations, Student Policies (p. 66) of this Calendar.**

1. Bachelor of Nursing Programs
Students and faculty are bound by the Standards of Practice of the College and Association of Registered Nurses of Alberta (www.nurses.ab.ca) and the Code of Ethics of the Canadian Nurses Association (www.cna-aicc.ca).
2. Bachelor of Health Sciences
Aboriginal Health
Ethical standards expected of students and faculty include the following fundamental principles:
 1. Respect for the dignity of persons
 2. Not willfully harming others
 3. Integrity in relationships
 4. Responsible caring
 5. Respect for the health and well-being of others

Addictions Counselling

The ethical standards expected of students and faculty are those found in the Standards of Practice and Code of Ethics of the Canadian Counselling and Psychotherapy Association (www.ccpa-accp.ca/en/ethics/).

Public Health

The ethical standards expected of students and faculty are guided by the Public Health Code of Ethics of the Public Health Leadership Society and the American Public Health Association (www.apha.org/~?media/files/pfd/membergroups/ethics_brochure.ashx).

3. Bachelor of Therapeutic Recreation
The ethical standards expected of students and faculty are found in the Canadian Therapeutic Recreation Association's Code of Ethics (www.canadian-tr.org) and the Alberta Therapeutic Recreation Association's Code of Ethics (<http://www.alberta-tr.org>).

b. Academic Standing

To be in good standing, on academic probation or required to withdraw, a student must fall within the GPA ranges as indicated below:

Number of Completed Courses (includes transfer courses) ¹	Good Standing	Academic Probation	Required Withdrawal
0-5	1.70 or higher	0.00-1.69	-
6-10	1.70 or higher	1.50-1.69	Below 1.50
11-20	1.85 or higher	1.70-1.84	Below 1.70
21-30	2.00 or higher	1.85-1.99	Below 1.85
31-40	2.00 or higher	-	Below 2.00

¹ The number of completed courses is based on a standard 3.0 credit hour course. Post-diploma students and students coming from Lethbridge College in the collaborative nursing programs are considered to have a minimum of 20 completed courses.

c. Required Withdrawal

1. A student is required to withdraw from the Faculty of Health Sciences if any of the following occurs:
 - The cumulative GPA falls below the required levels for two or more consecutive terms at the end of the spring term;
 - The student fails any internship or Nursing practicum course; or
 - The student fails to meet the Standards of Professional Conduct (see **p. 182**)

A student dismissed for academic reasons may apply for readmission by the appropriate deadline after a lapse of one full year. Readmission is not guaranteed. Students dismissed for a second time will not be re-admitted to the program. Students are advised to contact an academic advisor as early as possible to discuss the possibility of readmission.

2. Faculty members who are supervising practice experiences may require a student to leave a practice setting at any time if, in the opinion of the faculty member, the student's practice threatens patient/client safety or is disruptive to patient/client care. The Dean will review the case in a timely fashion to determine whether, and under what conditions, the student may return to the practice setting.

d. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the fall and spring terms. There are two ways to qualify for the Dean's Honour List:

1. Students completing four or more graded courses in one term must achieve a GPA of 3.75 or higher on these courses; or,

2. Students completing three or fewer courses in one term must achieve a GPA of 3.75 or higher on these courses AND must have a cumulative University of Lethbridge GPA of 3.75 or higher AND must have completed a minimum of four graded courses at the University, including the current term.

e. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees 'With Distinction' or 'With Great Distinction.'

Students with a cumulative GPA of 3.50 to 3.74 at graduation are awarded their degree 'With Distinction.' Students with a cumulative GPA of 3.75 or higher at graduation are awarded their degree 'With Great Distinction.'

f. Internship and Practicum Placements

Practicum and internship placements provide a critical learning experience that is essential to the completion of the student's academic program in the Faculty of Health Sciences. Students engaged in these experiences should be aware that they are not only subject to University policies and procedures but also that of the agency/health facility in which they are placed. The policies of some external sites may include drug and alcohol testing. If a student is refused or released from an internship or practicum placement because they have tested positive, the Faculty of Health Sciences will undertake its best efforts to accommodate the student. The Faculty cannot, however, guarantee a subsequent placement.

Individuals with a history of addiction or dependency should note that placement agencies may require students to have a minimum two-year alcohol-free and other drug-free lifestyle prior to their acceptance in an internship or practicum placement.

While not an admission requirement for programs in the Faculty of Health Sciences, many agencies and organizations providing internship/practicum placements require criminal record checks (or equivalent) of students. Consequently, all students accepting an *Offer of Admission* from the Faculty of Health Sciences must immediately make application for a criminal record check and provide the completed criminal record check by the dates specified earlier in **Admission, p. 178**.

Criminal record checks are not kept on file by the Faculty of Health Sciences, but must be in the student's possession and available to present to agencies and organizations providing internship/practicum placements. The consequences of a prior criminal conviction on a student's status in the program will be examined and discussed on an individual basis. Please note that students with certain criminal convictions may be refused by agencies and organizations providing internship/practicum placements. Should an internship/practicum placement be refused for any reason by an agency or organization, the Faculty of Health Sciences does not guarantee an alternate placement and the student may be required to withdraw from the program.

Students are required to inform the Faculty of Health Sciences if a change in their criminal record status has occurred while they are in the program and submit a new copy of their criminal record check.

g. Nursing Regulations and Information

1. Nursing course sequence requirements
Due to the structured nature of the Bachelor of Nursing and Bachelor of Nursing After an Approved Degree programs, students are required to complete Nursing courses during the terms in which they are assigned. Students who do not follow the sequence plan each term are at risk of not being able to complete the program. Contact an academic advisor in the Faculty of Health Sciences.
2. Out-of-region practice course placement guidelines
Students who have clearly identified specific clinical learning goals that require practice placements outside the southwestern part of Alberta Health Services South Zone may apply for an out-of-region placement for Nursing 4750. Out-of-region placements are located beyond this geographic region and may include provincial, national, or international placements. Students intending to seek an out-of-region placement must have a cumulative GPA of at least 3.00 on all courses counted towards program requirements (including courses taken at the University of Lethbridge and courses transferred from Lethbridge College or other institutions that are used to meet program requirements) completed by the end of the first term of the third year for B.N. students or by the end of Summer Session III of the first year for B.N. After Degree students.
3. Travel requirements
The richness of the B.N. program is built upon our close connection with rural communities. As a result, travel outside Lethbridge will be expected for clinical practice, and students will incur costs related to this travel.
4. Graduation GPA calculation
A graduation GPA will be calculated using all courses taken for credit towards completion of the Bachelor of Nursing degree. This includes all required courses (Nursing and non-Nursing) completed at Lethbridge College, the University of Lethbridge, and other institutions from which transfer credit has been awarded.

7. DEGREE PROGRAMS

a. Bachelor of Nursing

1. General Requirements

- a. Successful completion of at least 41.3 course equivalents (124.0 credit hours) with a cumulative GPA of at least 2.00 on all courses taken for credit towards the degree.

I. PHILOSOPHY AND PROGRAMS

The Dhillon School of Business incorporates in its program the University of Lethbridge philosophy of providing a liberal education. The program encourages personal growth through the enhancement of knowledge about the individual and society and our political and economic environments, and through development of interpersonal abilities, habits of precise reasoning and confidence in professional skills.

The School offers a four-year, 40-course program leading to the Bachelor of Management degree (B.Mgt.).

Within the B.Mgt. program, students may choose one of the following majors: Accounting; Agricultural Enterprise Management; Computer Science; Economics; Finance; General Management; Human Resource Management and Labour Relations; Indigenous Governance and Business Management; International Management; Marketing; and Political Science.

The School offers a two-year, 20-course Post-Diploma program leading to the Bachelor of Management degree. This Post-Diploma program is open to students holding an approved college diploma in business administration, management, or a related discipline (see **Collaborating and Partnering Institutions** for a list of colleges with approved diplomas). Majors available are Accounting; Finance; General Management; Human Resource Management and Labour Relations; Indigenous Governance and Business Management; International Management; and Marketing.

The School offers a 25-course Post-Diploma program with a General Management major leading to the Bachelor of Management degree. This program is available to graduates of approved diploma programs.

Certificate in Management programs for both degree-holding and non-degree students are also offered in the fields of Finance; General Management; Human Resource Management and Labour Relations; Indigenous Governance and Business Management; International Management; and Marketing.

The Dhillon School of Business offers a Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting) for students with an undergraduate degree seeking a Chartered Professional Accountant (CPA) designation or diploma in Accounting (see **p. 208**).

The Dhillon School of Business also offers a Bachelor of Management (B.Mgt.) as a Second Degree program (see **p. 205**).

2. DHILLON SCHOOL OF BUSINESS CAMPUSES

The Dhillon School of Business offers programs on two campuses: Lethbridge and Calgary. On the Lethbridge campus, students can pursue all programs and majors offered by the Dhillon School of Business.

The Calgary campus serves adult learners who may be in the work force wanting to further their education. This campus offers the B.Mgt., Post-Diploma B.Mgt., Second Degree in Management, the Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting), and Certificates in Management. The following majors are offered on the Calgary campus: Accounting, Finance, General Management, Human Resource Management and Labour Relations, and Marketing.

All Combined Degrees applicants will be assigned to the Lethbridge campus as Combined Degrees programs (B.A./B.Mgt., B.Sc./B.Mgt., B.F.A. - New Media/B.Mgt., B.H.Sc./B.Mgt., B.Mgt./B.Ed., and Post-Diploma B.Mgt./B.Ed.) cannot be completed in their entirety on the Calgary campus (see **Admission on page 190**).

3. ADVISING AND INFORMATION

The need for programs to meet degree requirements makes it essential for new and returning students to seek advice concerning their academic goals, program and standing.

Students must obtain the approval of the Dhillon School of Business for authorized study at other universities.

Students may obtain advice and information from the Dhillon School of Business Advising and Academic Support Office for:

- a. Program selection and planning
- b. Academic regulations and degree requirements
- c. Grading system and appeals
- d. Future scheduling of courses
- e. Prerequisite(s), corequisite(s), and recommended backgrounds
- f. Availability of Independent Studies and Applied Studies
- g. Eligibility for the Post-Diploma program

4. ADMISSION

Applicants to Dhillon School of Business programs are advised to refer to **Admission (p. 19)** for general admission requirements, policies, and application deadlines.

a. Bachelor of Management

Enrolment in the Bachelor of Management (B.Mgt.) degree program is limited and fulfilment of the minimum admission requirements does not guarantee admission. The Dhillon School of Business reserves the right of selection of all applicants for admission and readmission based on admission average. In addition to the general admission requirements outlined in **Admission (p. 19)**, applicants to the B.Mgt. program must satisfactorily complete the following Alberta high school math course, University of Lethbridge's Mathematics 0500, or equivalent:

Major	Additional Admission Requirement
Quantitative Majors: Accounting, Economics, Finance	Mathematics 30-1
Non-Quantitative Majors: All other Management majors	One of: Mathematics 30-1 or Mathematics 30-2

b. Post-Diploma Bachelor of Management

Applicants may gain admission to the competitive Post-Diploma Bachelor of Management degree program by completing an approved diploma in Business Administration or Management no more than eight years prior to admission, with a cumulative program grade point average (GPA) at or above the current admission cut-off and not less than 2.00 (on the University of Lethbridge 4.00 scale). Admission is guaranteed to applicants who have completed an approved diploma with a GPA of 3.00 or higher (on the University of Lethbridge 4.00 scale).

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to the Post-Diploma Bachelor of Management program. The Dhillon School of Business will consider diplomas not previously approved for admission on a case-by-case basis.

Note: *Some students may be required to extend their programs beyond 20 courses, depending on the major chosen and the diploma completed. For details, see **Post-Diploma Program** (p. 201).*

c. Post-Diploma Bachelor of Management (25 course)

Applicants may gain admission to the competitive Post-Diploma Bachelor of Management (25 course) degree program by completing an approved diploma no more than eight years prior to admission, with a cumulative program GPA at or above the current admission cut-off and not less than 2.00 (on the University of Lethbridge 4.00 scale). Admission is guaranteed to applicants who have completed an approved diploma with a GPA of 3.00 or higher (on the University of Lethbridge 4.00 scale).

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to the Post-Diploma Bachelor of Management (25 course) program. The Dhillon School of Business will consider diplomas not previously approved for admission on a case-by-case basis.

Applicants to the Post-Diploma Bachelor of Management (25 course) program will be admitted to the General Management major. Applicants may choose a different major after admission by contacting an academic advisor. Additional courses will be required for the new major (see p. 205 for details).

d. Bachelor of Management as a Second Degree

The Bachelor of Management (B.Mgt.) as a Second Degree program in the Dhillon School of Business is available to applicants who have completed an approved undergraduate degree in a field other than Management or an equivalent, and have a minimum GPA of 2.00 (on the University of Lethbridge 4.00 scale) on their most recent undergraduate degree. An approved degree is a baccalaureate degree requiring a minimum of 30 courses (90.0 credit hours), or its academic equivalent, from a recognized degree-granting institution.

Applicants are not eligible to pursue a second degree which is similar to one already completed at a recognized institution. Generally, degrees with identical or closely related majors are considered to be similar.

International applicants who possess a management-related degree from a recognized institution will be considered for admission on a case-by-case basis and are not admissible without the prior approval of the Dhillon School of Business. The decision of the School will be final.

e. Certificate Program

Admission to this program is possible through four admission routes (see **Admission** (p. 19)):

- Eight or more transfer courses
- A college diploma
- A previous undergraduate degree

- Adult applicants who are 21 years of age or older. Please refer to **Admission, Adult Student (Mature) Admission Route** (p. 23). Note that, in most cases, English Language Arts 30-1 and Mathematics 30 or Pure Mathematics 30 are required.

- I. Certificates in Finance, Human Resource Management and Labour Relations, and Marketing
In addition to the General Admission requirements outlined in **Admission** (p. 19), applicants to the Certificate programs in Finance, Human Resource Management and Labour Relations, or Marketing must satisfactorily complete:

Alberta's Mathematics 30-1 or Mathematics 30-2, University of Lethbridge's Mathematics 0500, or equivalent

Applicants with a Management-related college diploma or previous undergraduate degree are considered to have met this requirement.

Courses for the Certificate of Management are listed in **Certificate of Management Program** (p. 206).

f. Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting)/Chartered Professional Accountant (CPA) Bridging

The Post-Bachelor Certificate in Accounting program is available to applicants who have completed an approved undergraduate degree and have a minimum GPA of 2.00 (on the University of Lethbridge 4.00 scale) on the last 20 graded university-level courses (60.0 credit hours).

Note: *Some courses required in this program have prerequisite, corequisite and/or recommended background requirements. Students who do not have this background upon admission may be required to complete more than 10 courses to meet the requirements of this program. Please contact an academic advisor before applying for admission to discuss your specific program requirements.*

- g. **Bachelor of Management/Bachelor of Education**
See **Combined Degrees** (p. 244).
- h. **Bachelor of Arts or Bachelor of Science/Bachelor of Management**
See **Combined Degrees** (p. 247).
- i. **Post-Diploma Bachelor of Management/Bachelor of Education**
See **Combined Degrees** (p. 273).
- j. **Bachelor of Fine Arts - New Media/Bachelor of Management**
See **Combined Degrees** (p. 275).
- k. **Bachelor of Health Sciences/Bachelor of Management**
See **Combined Degrees** (p. 267).
- l. **Returning After an Absence from the Dhillon School of Business**
Students returning after no more than a two-year absence may be readmitted to their program of study in the Dhillon School of Business upon application to the University and the School prior to the published deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines).

1. Management students in good standing who are returning after an absence of up to two years are eligible to return to their previous program of studies regardless of current admission requirements.
2. Any student who has been absent for more than two years or who takes transferable post-secondary courses during an absence must meet current admission requirements.

m. Readmission after Required Withdrawal

Students dismissed for academic reasons may be granted readmission after the lapse of one year. To be eligible for readmission after required withdrawal, applicants will have completed no less than eight transferable courses (24.0 credit hours) with an overall GPA of 2.00 or higher (on the University of Lethbridge 4.00 scale). Students required to withdraw twice are not usually eligible for readmission.

Tabula Rasa will be granted to all first-degree students upon readmission after required withdrawal for unsatisfactory academic performance. For details regarding the granting of *Tabula Rasa*, see **Admission, Readmission after Required Withdrawal, p. 31**.

n. Time Limit for Retention of Course Credit

Students may receive credit for both Management and non-Management courses. Management courses must have been completed at an accredited post-secondary institution not more than eight years prior to admission to the Dhillon School of Business.

Eligible diplomas for the Post-Diploma Bachelor of Management Degree program can be no more than eight years old.

5. UNDERGRADUATE THESIS COURSE (HONOURS THESIS DESIGNATION)

Qualified students in the Bachelor of Management degree, Second Degree in Management, and Post-Diploma Bachelor of Management programs may elect to complete an Undergraduate Thesis course (6.0 credit hours) linked to their declared major. Students who complete all requirements and satisfy the academic standards required for the Undergraduate Thesis course for their declared major are eligible to receive the 'Honours Thesis' designation on their official academic transcript and degree parchment. The Undergraduate Thesis course is Management 4995. Please note that not all eligible candidates will be selected. Approval will also be subject to the availability of appropriate supervision.

a. Application

Students are strongly recommended to apply to the Undergraduate Thesis course after completion of 10 University of Lethbridge courses (30.0 credit hours) with a GPA of 3.30 (on the University of Lethbridge 4.0 scale) or higher.

Applications to the Dhillon School of Business Undergraduate Thesis course must include academic transcripts, a resume, a *Letter of Intent* and written consent from supervisors of each of the program requirements. The application is available from the Dhillon School of Business Advising and Academic Support office or online at www.uleth.ca/dhillon/study/degrees/honours-thesis-designation. Please see an academic advisor for more information.

b. Prerequisites

Prospective 'Honours Thesis' candidates must meet the following requirements:

1. A GPA of 3.30 (on the University of Lethbridge 4.0 scale) or higher on the last 10 University of Lethbridge courses (30.0 credit hours) completed.
2. Two honours-approved Management courses at the 3000 or 4000 level, one of which must be within the student's major.
3. Management 4895 - Honours Component I
4. Management 4896 - Honours Component II
5. One of the following enrichment experiences:
 - a. Management 3002 - Co-op Work Experience I
 - b. Management 3091 and Management 3092 - Integrated Management Experience
 - c. Full-term international exchange
 - d. Any TWO of the following: Management 3980 - Applied Studies, Management 3990 - Independent Study, Management 4640 - Cross-Cultural Work Study, Management 4980 - Applied Studies, or Management 4990 - Independent Study

Note: For information on international exchanges, see the International Programs website: www.uleth.ca/international/go-exchange.

c. Supervision

Each prospective candidate for the Undergraduate Thesis course is responsible for obtaining support from a faculty supervisor for the Undergraduate Thesis.

d. Initial Approval

1. The prospective student must present a *Thesis Proposal* to be approved by the supervisor and the Dhillon School of Business Honours Committee prior to registration in the course.
2. The supervisor will establish at the outset the weighting of the written and oral components of the Thesis, as well as the procedure for determining the final grade.
3. Subsequent changes to the approved *Thesis Proposal* must be approved by the supervisor.
4. Admission to the course is achieved through approval of the supervisor and the Dhillon School of Business Honours Committee.
5. The student must register for the Undergraduate Thesis course by the last day for course Add/Drop for the given fall/spring term or summer session.

e. Final Assessment

The final assessment for the Undergraduate Thesis is based on two criteria:

1. Written Component
 - a. The Undergraduate Thesis must be a sustained piece of supervised research demonstrating a superior level of academic ability on a matter approved by the supervisor prior to registration in the course.
 - b. The Thesis should be of high quality and made publicly available by the Dhillon School of Business.

2. Oral Component

The student will be required to make a formal oral presentation demonstrating the ability to articulate clearly the nature of the Thesis undertaken, the research methodology, and the results of the Thesis. This component is a demonstration of the student's competence in oral communication and not necessarily an oral defence of the Thesis, unless so designated by the School.

f. Eligibility for 'Honours Thesis' Designation

Students are eligible to receive the 'Honours Thesis' designation on their official academic transcript and degree parchment only if they achieve a minimum grade of 'B' (3.00 or higher) for the Undergraduate Thesis course, and have satisfactorily completed the required oral component. Students who achieve grades between 'D' and 'B-', inclusive, and/or do not complete the oral component will retain credit for the equivalent of two courses (6.0 credit hours) but will not be eligible for the 'Honours Thesis' designation. Please refer to **Academic Regulations, Honours Thesis Designation, (p. 62)** for more information on the 'Honours Thesis' designation.

g. Standards for Continuance

In order to receive the 'Honours Thesis' designation on their official academic transcript and degree parchment, students must maintain a term GPA of at least 3.30 at the University of Lethbridge. Students will be given a one term grace period if the term GPA falls below 3.30, to accommodate life circumstances.

Inquiries about the Undergraduate Thesis should be directed to the Dhillon School of Business Advising and Academic Support Office (M2060; tel. 403-329-2153; email: dhillion.advising@uleth.ca; website: www.uleth.ca/dhillon/study/degrees/honours-thesis-designation).

Note: *The Management Undergraduate Thesis is not available for Combined Degrees programs.*

6. APPLIED STUDIES AND CO-OPERATIVE EDUCATION

Dhillon School of Business students may be eligible to enhance their program through participation in Applied Studies courses and/or Co-operative Education.

See **Applied Studies and Co-operative Education, p. 287** for more details. Further information may be obtained from the Career Bridge office (AH151; 403-329-2000; career.bridge@uleth.ca; www.ulethbridge.ca/career-bridge).

7. ACADEMIC STANDARDS

a. In Good Standing

To be in good standing, a student must maintain the following minimum cumulative GPA:

Number of Completed Courses (includes transfer courses)*	GPA (U of L)
1-10	1.70
11-20	1.85
21 or more	2.00

b. Academic Probation

Students whose cumulative GPA falls below the levels identified above are considered to be on academic probation. A student on academic probation may not register in more than four courses in a term.

c. Required Withdrawal for One Full Year

Students will be required to withdraw only following the spring term. Students whose cumulative GPA, at the end of the spring term, falls below the following for two consecutive terms are required to withdraw for one full year from the University of Lethbridge:

Number of Completed Courses (includes transfer courses)*	GPA (U of L)
6-10	1.50
11-20	1.70
21-30	1.85
31 or more	2.00

A student who has taken fewer than six courses at the University of Lethbridge will not be required to withdraw.

A student required to withdraw for academic reasons must wait a minimum of 12 months from the date of the required withdrawal to reapply. The Dhillon School of Business does not guarantee that students who have been required to withdraw will be readmitted. Upon readmission, a student is admitted on condition of academic probation.

**The number of completed courses is based on a standard 3.0 credit-hour course.*

8. REGULATIONS THAT APPLY TO COURSES TAKEN IN MANAGEMENT PROGRAMS

a. Course Load

The usual course load for a full-time student is five courses (15.0 credit hours) per term. Students in good standing may take up to six courses (18.0 credit hours) in the fall and spring terms (see **Registration, Maximum Credit Hours, p. 42**). Students may accelerate their programs by carrying heavier study loads or by attending summer sessions (see **Summer Session chart, p. 42**). Students may also complete degree requirements with a diminished course load or entirely on a part-time basis.

It should be stressed that heavy course loads are a common cause of poor academic performance.

b. Course Enrolment Limits

Enrolment limits are placed on Management courses to maintain the quality of instruction.

c. Prerequisite(s), Corequisite(s), and Recommended Background

Course prerequisites and corequisites must be met. Only students with the appropriate prerequisite(s) and/or corequisite(s) are considered for enrolment. For some courses, a recommended background is listed instead of, or in addition to, the prerequisite(s) and/or corequisites(s) so that the student may judge his or her own academic preparation (see **Course Catalogue, Prerequisite(s), Corequisite(s), Recommended**

Background, and Other Registration Restrictions, p. 293 and Academic Regulations, Waiver of Prerequisite/Corequisite, p. 62).

d. Independent Study

A student may be permitted to earn credit by Independent Study, designated by the numbers Management 3990 or Management 4990. An Independent Study may not be used to duplicate course offerings.

A proposal for study must be submitted to a faculty member who will supervise the proposed study. The student may proceed with a formal registration of the study when approval from the instructor and the Dean of the Dhillon School of Business has been obtained. It is advisable to register in the study in the term in which the work is expected to be completed.

All applications for Independent Studies shall be reviewed by a committee of the Dhillon School of Business and no grade shall be registered until approved by the committee. Completion of a written research report is required.

The grading mode is standard.

The prerequisite for Management 3990 is third-year standing (a minimum of 60.0 credit hours), admission to the Dhillon School of Business, and successful application to a committee of the Dhillon School of Business.

The prerequisite for Management 4990 is fourth-year standing (a minimum of 90.0 credit hours), admission to the Dhillon School of Business, and successful application to a committee of the Dhillon School of Business.

No student shall receive credit for more than three such Independent Studies while registered in the Bachelor of Management or Post-Diploma Bachelor of Management programs (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Contact the Advising and Academic Support Office (M2060) in the Dhillon School of Business for details.

9. GRADUATION

a. Minimum Grade Requirement

Students must meet the minimum grade requirement specified for their program—see Bachelor of Management (p. 195), Post-Diploma Bachelor of Management (p. 201), Certificate of Management Program (p. 206), B.A./B.Mgt. or B.Sc./B.Mgt. (p. 247), B.Mgt./B.Ed. (p. 244), Post-Diploma B.Mgt./B.Ed. (p. 273), B.F.A. - New Media/B.Mgt. (p. 275), B.H.Sc./B.Mgt. (p. 267), and Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting) (p. 208).

b. Minimum Cumulative Grade Point Average

For graduation, a student must attain a minimum cumulative GPA of 2.00 on courses taken at the University of Lethbridge. Courses from another institution accredited to a transfer student are not included in calculation of the cumulative GPA.

A student must also attain a minimum graduation GPA of 2.00 to graduate with a Bachelor of Management degree, a Certificate of Management, or the Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting).

c. How Graduation GPA is Calculated

The Dhillon School of Business calculates graduation GPA as follows:

Program	How GPA is Calculated
B.Mgt. (first degree)	GPA calculated on the last 20 courses ¹ taken at the U of L
Post-Diploma B.Mgt.	GPA calculated on the last 20 courses ¹ taken at the U of L
B.Mgt. (second degree)	GPA calculated on the last 20 courses ¹ required for the second degree taken at the U of L
B.Mgt./B.Ed.	GPA calculated on all MGT courses (from 10-20) ¹ taken at the U of L
Post-Diploma B.Mgt./B.Ed.	GPA calculated on all MGT courses (from 10-20) ¹ taken at the U of L
B.A./B.Mgt., B.Sc./B.Mgt., B.F.A. - New Media/B.Mgt., and B.H.Sc./B.Mgt.	GPA calculated on all MGT courses (from 10-20) taken at the U of L
Certificate of Management and Post-Bachelor Certificate in Accounting (formerly PDA)	GPA calculated on the last five MGT courses ¹ taken at the U of L

1. The courses needed for GPA calculation will be counted starting from the most recent courses completed to the least recent. If the last course falls in a term where the student has completed more courses than needed for GPA calculation, the courses with the highest grades in that term will be used.

d. Limit on Introductory-Level Courses

Not more than 12 courses (36.0 credit hours) may be completed at the 1000 level (or lower) for credit towards the degree, excluding Activity courses (labelled PHAC and MUSE) and courses numbered in the range of 0520 to 0530.

e. Maximum Number of Activity Courses

Not more than six credit hours in Activity courses may be taken for credit towards the degree.

f. Residence Requirement

A student must satisfy the minimum residence requirement through successful completion of courses, or their equivalent, at the University of Lethbridge as follows:

B.Mgt.

As the first degree:

20 courses, including 10 3000 or 4000-level courses in Management.

Accounting residence requirement: see note below.

As the second degree:

15 courses, including at least 10 3000 or 4000-level courses in Management.

Accounting residence requirement: see note below.

Post-Diploma B.Mgt.

20 courses.

Accounting residence requirement: see note below.

Certificate of Management

Five courses towards the Management Certificate.

Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting)

Five courses towards the Post-Bachelor Certificate in Accounting.

Accounting residence requirement: see note below.

Note: In addition to meeting the residence requirement for their program, students in the Accounting major must complete five of the following courses at the University of Lethbridge:

Management 3100
 Management 3101
 Management 3130
 Management 3131
 Management 3151
 Management 3160
 Management 3170
 Management 3180
 Management 4110
 Management 4125
 Management 4130
 Management 4151
 Management 4160

g. Time Limit for Degree

All degree requirements must be completed within 10 years after acceptance into the Dhillon School of Business.

All certificate and Post-Bachelor Certificate in Accounting (formerly Professional Diploma in Accounting) requirements must be completed within five years after acceptance into the Dhillon School of Business.

h. Liberal Education List Requirement

See **School of Liberal Education, Liberal Education List Requirement (p. 83)**.

10. INSTITUTIONAL HONOURS

a. Dean's Honour List

Students with outstanding academic performance are recognized on the Dean's Honour List. The list is compiled twice yearly at the end of each of the fall and spring terms. There are two ways to qualify for the Dean's Honour List:

1. Students completing four or more graded courses (12.0 credit hours or more) in one term must achieve a GPA of 3.75 or higher on these courses; or
2. Students completing fewer than four graded courses (12.0 credit hours) in one term must achieve a GPA of 3.75 or higher on these courses AND must have a cumulative University of Lethbridge GPA of 3.75 or higher AND must have completed a minimum of four graded courses at the University, including those completed in the current term.

b. Standards for Distinction and Great Distinction

Students who have displayed outstanding academic performance during their undergraduate degree programs are awarded their degrees 'With Distinction' or 'With Great Distinction.'

Students with a graduation GPA of 3.50 to 3.74 are awarded their degree 'With Distinction.' Students with a graduation GPA of 3.75 or higher are awarded their

degree 'With Great Distinction.' See **How Graduation GPA is Calculated (p. 194)** for information on how the graduation GPA is calculated.

11. BACHELOR OF MANAGEMENT (B.Mgt.)

The Bachelor of Management program is available with the following majors: Accounting; Agricultural Enterprise Management; Computer Science; Economics; Finance; General Management; Human Resource Management and Labour Relations; Indigenous Governance and Business Management; International Management; Marketing; and Political Science.

Students are advised to take the following courses in their first year:

If students choose a different Management major, they may be required to extend their programs beyond 25 courses (see Post-Diploma Bachelor of Management Major Requirements, p. 201, for all Management major requirements).

Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

13. BACHELOR OF MANAGEMENT AS A SECOND DEGREE

Second degree programs consist of the following:

- Core requirements, which include specific Management and Arts and Science courses, and
- Specific Management and Arts and Science courses, which are required for the chosen major.

A minimum of 15 courses, including 10 3000 or 4000-level Management courses, must be completed at the University of Lethbridge, extra to the first degree, in order to satisfy the residence requirement. Second degree programs will be developed individually and will be a maximum of 25 courses in length. Students who change to another major after admission will need to have their program reassessed and may be required to complete additional courses for the new major. Courses completed as part of a first degree may be used to waive course requirements in the B.Mgt. as a second degree. Such waivers will be decided at the time of admission by the Advising and Academic Support Office in the Dhillon School of Business.

14. DOUBLE MAJORS

Although the Dhillon School of Business does not recognize double majors as official student programs leading toward a Bachelor of Management degree, it will authorize the designation of the double major for all students who, upon graduation, have completed all of the minimum requirements for two majors.

Double majors can only be formed by completing the requirements of two established single disciplinary majors.

Because all possible combinations of single disciplinary majors are eligible for double major designation by a student, the School cannot guarantee that course sequencing and timetables will accommodate all double major combinations within four consecutive regular terms of work. While students may intend to pursue two majors, only one major will be recognized on their official program forms and for establishing priority in access to courses. Double major status will only be designated upon application for graduation.

Interested students are encouraged to consult with Dhillon School of Business academic advisors.

15. COMBINED DEGREES

There are Combined Degrees leading to the degrees B.A./B.Mgt., B.Sc./B.Mgt., B.F.A. - New Media/B.Mgt., B.H.Sc./B.Mgt., B.Mgt./B.Ed. and Post-Diploma B.Mgt./B.Ed. Upon successful completion of the program, the student receives the degree B.A. or B.Sc. from the Faculty of Arts and Science or the degree B.Ed. Both degrees are granted when the entire program is completed. Persons already holding baccalaureate degrees are not eligible for these programs.

For further information, please refer to **Combined Degrees (p. 213)**.

16. CERTIFICATE OF MANAGEMENT PROGRAM

The Dhillon School of Business offers a Certificate of Management program with a focus in Finance; General Management; Human Resource Management and Labour Relations; Indigenous Governance and Business Management, International Management; and Marketing.

Please contact an academic advisor before applying to this program for information on course sequencing and possible waivers for equivalent courses already taken.

The Certificate of Management is composed of a series of 10 required courses designed to provide a suitable combination of breadth and depth of knowledge in a specific area of study. This program is designed to be completed on a part-time studies basis, and many of the certificate courses have prerequisite, corequisite, and/or recommended background requirements that are above and beyond the 10 courses in the program. As a result, completion of this program will take more than one year of study. Please contact an academic advisor before applying to this program to discuss your specific program requirements.

3. ADMISSION	210	WITH A B.S.W.	210
a. Transfer Students	210		
b. After Degree Students	210		

1. ADVICE AND INFORMATION

The following is an abridgement of program details and regulations provided in the University of Calgary Calendar, which should be consulted for official program information. Inquiries may be addressed to the Student Advisor, Faculty of Social Work (Southern Alberta Region), care of the University of Lethbridge.

2. BACHELOR OF SOCIAL WORK PROGRAM

The University of Calgary offers the Bachelor of Social Work (B.S.W.) program on the University of Lethbridge campus in Lethbridge.

The objective of the B.S.W. program is to prepare students for entry-level general social work practice. The program provides opportunities for students to acquire sufficient knowledge, values and skills to enable them to maintain a professional standard of practice.

In the B.S.W. program, students register with the University of Calgary, which awards their degree; however, they attend all courses on the University of Lethbridge campus in Lethbridge and have full access to University of Lethbridge facilities.

3. ADMISSION

Application to the University of Calgary is completed online at www.ucalgary.ca.

Application instructions are online at www.ucalgary.ca/fswsouth.

The deadline for application is March 1.

a. Transfer Students

By the end of the spring session preceding the fall session for which entry is sought, applicants must have completed:

19 non-social work half-course equivalents plus Social Work 201 - Introduction to Social Welfare.

The prerequisite course listed above will be offered through the Faculty of Social Work and is available to University of Lethbridge students on a Visiting student or Open Studies student basis. Please consult with the Faculty office for details on when this course is offered at fswsar@ucalgary.ca.

b. After Degree Students

Students who have completed an undergraduate degree and the Social Work 201 - Introduction to Social Work course may apply to the third year of the B.S.W. via the university transfer route. These students may also apply to the Master of Social Work (M.S.W.) program at the Calgary site. The M.S.W. route requires two years of social work experience to be eligible to apply (3000 hours of volunteer or work experience in the human services).

Once admitted to the program, students may apply for advance credit for Social Work courses. Students will receive credit for a maximum of two half-courses in Social Work.

4. PROGRAM REQUIREMENTS

The B.S.W. curriculum consists of core content, field education, and social work options. The social work option courses are taken in the spring and summer between year three and year four. The following is a typical program profile for a regular student:

Year Three

Social Work 355 - Research in Context
 Social Work 361 - Professional Use of Self
 Social Work 363 - Human Development and Environments
 Social Work 365 - Critical Approaches to Social Work Practice

 Social Work 393 - Practice and Evaluation with Families
 Social Work 395 - Practice and Evaluation with Groups
 Social Work 397 - Practice and Evaluation with Communities
 Social Work 399 - Practice and Evaluation with Organizations

Year Four

Social Work 383 - Social Policy and Social Justice
 Social Work 410 - Introductory Practicum (three days per week)
 Social Work 411 - Integrative Seminar: Portfolio-Based Application of Research and Theory in Practice
 Social Work 412 - Senior Practicum (four days per week)
 Social Work 413 - Integrative Seminar: Portfolio-Based Application of Research and Theory in Practice
 Three Social Work options

Note: Students must be registered as full-time students when they enrol in practicum.

Social Work 410 and 412 are field practicum courses that provide an opportunity for the student to be directly involved in social work practice. Successful completion of the practica is a requirement for graduation.

Field settings where students have completed practica in the past include:

- Alberta Health Services: Addictions
- Alberta Health Services: Mental Health
- Alberta Health Services: Lethbridge Regional Hospital
- Barons Eureka Warner FCSS
- Chinook High School

- YWCA Outreach Program

5. SOUTHERN ALBERTA M.S.W. FOR STUDENTS WITH A B.S.W.

This clinically oriented Master of Social Work (M.S.W.) program prepares students for advanced clinical practice and for the supervision of practitioners.

The program features a flexible delivery model, allowing students to stay in their home communities and to maintain their employment through most or all of the program. The majority of courses will be delivered through a combination of face-to-face and online instruction. A few courses will be delivered entirely face-to-face or online. Six short periods of on-campus residency in Lethbridge are required during two years.

Practica will be planned in consultation with each student. Where possible, and desired by students, practica will be arranged in students' home communities.

Courses

Students will be required to complete ten half-courses, as well as 525 hours of field-based practicum (one full-course equivalent). Although a one-year curriculum, this program will be delivered over a two-year period. The program begins in the spring session (May).

All courses are offered in a combination of face-to-face and online instruction.

Students may select a Thesis route with permission of the Faculty. A final project or Thesis is required after completion of all course work.

I. GENERAL INFORMATION

Combined Degrees programs at the University of Lethbridge are generally 50 courses (five years) in length and provide students with the opportunity to meet the requirements for two degrees offered by two different Faculties or Schools. Note that some Combined Degrees programs require more than 50 courses. Students must be admitted to both Faculties and/or Schools responsible for a particular Combined Degrees program before they may be registered formally in the program. Some programs have enrolment limits and there is no guarantee of admission to Combined Degrees programs. The student is granted neither degree until all program requirements for both degrees are satisfied.

All applicants to Combined Degrees programs must meet the general admission requirements and deadlines outlined in **Admission (p. 19)**.

If a student is admitted to a Combined Degrees program and subsequently withdraws from the program, the student must make a formal application to the Faculty or School in which he or she intends to pursue a degree.

The University of Lethbridge offers programs leading to the following Combined Degrees:

- Bachelor of Arts/Bachelor of Education (50 courses)
- Bachelor of Science/Bachelor of Education (50 courses)
- Bachelor of Fine Arts - Art/Bachelor of Education (50 courses)

- Post-Diploma Bachelor of Music*/Bachelor of Education (35 courses)
- Post-Diploma Bachelor of Management/Bachelor of Education (35 courses)

*After a two- or three-year diploma

Note: The Faculty of Education does not offer a B.Ed. degree alone, except after an approved degree. All other students must be admitted to a Combined Degrees program in order to receive a B.Ed.

2. ADVISING

Combined Degrees are made possible by the collaboration of two different Faculties or Schools. Students should consult with advisors from each Faculty or School throughout their program.

3. BACHELOR OF ARTS/BACHELOR OF EDUCATION OR BACHELOR OF SCIENCE/ BACHELOR OF EDUCATION

The Faculties of Arts and Science and Education jointly offer a 50-course (150.0 credit hour) Combined Degrees program leading to the degrees Bachelor of Arts (B.A.) or Bachelor of Science (B.Sc.) and Bachelor of Education (B.Ed.). Upon successful completion of the Combined Degrees program, the student receives the B.A. or B.Sc. degree from the Faculty of Arts and Science and the B.Ed. degree from the Faculty of Education.

a. Admission

Students begin in the Pre-B.A./B.Ed. or Pre-B.Sc./B.Ed. program in the Faculty of Arts and Science where they progress toward completion of Arts and Science degree requirements and prepare to meet the admission requirements for the Faculty of Education. After completion of the minimum admission requirements for the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.A./B.Ed. or B.Sc./B.Ed. Combined Degrees program.

Students are not officially in the Combined Degrees program until they have been admitted to both the Faculty of Arts and Science and the Faculty of Education.

Applicants should consult **Admission (p. 19)** for general admission requirements, policies, and deadlines.

1. Faculty of Arts and Science Admission Requirements for the Pre-B.A./B.Ed., Pre-B.Sc./B.Ed., B.A./B.Ed., and B.Sc./B.Ed.

All applicants to the Pre-B.A./B.Ed. or Pre-B.Sc./B.Ed. and B.A./B.Ed. or B.Sc./B.Ed. programs must meet the general admission requirements outlined in **Admission (p. 19)**.

In addition, applicants to the following majors must satisfactorily complete the Alberta high school courses indicated, or equivalents:

Major	Additional High School Admission Requirement(s)
Mathematics/ Mathematics Education	Mathematics 30-1 (Mathematics 31 recommended)
General Major in the Sciences/ Mathematics Education	Mathematics 30-1 (Mathematics 31 recommended)
Kinesiology (B.Sc.)/ Physical Education ¹	Biology 30
Biological Sciences/ Science Education	Biology 30 Chemistry 30 Mathematics 30-1
Chemistry/ Science Education	Chemistry 30 Mathematics 30-1
Geography/ Science Education	Chemistry 30 Mathematics 30-1
Physics/ Science Education	Mathematics 30-1
Economics/ Social Studies Education	Mathematics 30-1 or Mathematics 30-2

¹ Beginning with admission for Fall 2020, students applying to the major in Kinesiology for the B.Sc. will need Biology 30, Chemistry 30, and Mathematics 30-1 (or equivalent courses).

2. Faculty of Education Admission Requirements for the B.A./B.Ed. and B.Sc./B.Ed.

Based on the Faculty's quota system, normally a total of 216 students will be admitted to Bachelor of Education programs (Combined Degrees and After Degree) each year. Admission for this undergraduate teacher preparation program is available in the fall term only.

Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both Combined Degrees and After Degree applicants.

Applicants are encouraged to consult early with Student Program Services in the Faculty of Education regarding admission requirements and program planning.

Applicants must meet the following minimum requirements for admission to the Faculty of Education:

- a. Completion of a minimum of 14 University of Lethbridge or transferable courses (42.0 credit hours), including the appropriate minimum number of courses in the B.A. or B.Sc. major, as follows:
 1. At least five courses (15.0 credit hours) in a major; or
 2. At least eight courses (24.0 credit hours) in a 16-course general major, including at least four courses (12.0 credit hours) in the main teaching subject area.

Note: *Students should consult with an academic advisor in the Faculty of Arts and Science for assistance planning the sequencing of their remaining B.A. or B.Sc. degree requirements after admission to the Faculty of Education.*

- b. A minimum admission GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all University of Lethbridge and transferable courses taken within the terms containing the last 14 courses (42.0 credit hours). All courses must be graded.
- c. A minimum major GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all graded courses comprising the B.A. or B.Sc. major.
- d. Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor ("**Education 2500 Prerequisite**" on **page 144**).
- e. Only courses completed by the admission document deadline will be considered for admission (see www.uleth.ca/ross/admissions/undergrad/deadlines). Exceptions are made for the completion of Education 2500 when applicants are completing the course over the spring or summer preceding admission.

- f. Completion of additional admission requirements for the Indigenous Education Major

Completion of three of the seven courses required in the school subject minor. A minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.00 scale) is required on all graded courses comprising the minor.

- g. Special Case Admission
Applicants who have a satisfactory academic record but who, for some reason, had a period of time when their performance was significantly lower may apply for Special Case admission (up to four such applicants may be admitted each year). See **Education, Special Case Admission, (p. 140)** for details.
- h. Admission Procedures Available to Students of Aboriginal Descent
The Faculty of Education provides two alternative admission opportunities for applicants of Aboriginal descent. See **Education, Admission Procedures Available to Students of Aboriginal Descent (p. 140)** for details.
- i. Returning after Withdrawal or Required Withdrawal from the Faculty of Education
Students who withdrew or who were required to withdraw from the Faculty of Education should refer to **Education, Readmission after Withdrawal (p. 141)**.

3. Choice of majors

Applicants must choose majors for B.A./B.Ed. and B.Sc./B.Ed Combined Degrees programs from the list of **Eligible Major Combinations (p. 217)**.

b. Faculty of Arts and Science Degree Requirements for the 50-Course B.A./B.Ed. or B.Sc./B.Ed.

General Requirements for the B.A. or B.Sc.

1. Completion of at least 30 courses (90.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education with a GPA of at least 2.00 (on the University of Lethbridge 4.0 scale).
2. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
3. Not more than 10 courses (30.0 credit hours) completed at the 1000 level (or lower) for credit towards the degree, excluding Activity courses (labelled PHAC and MUSE) and courses numbered in the range of 0520 to 0530.
4. Completion of at least 10 courses (30.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education at the 3000 or 4000 level, excluding Activity courses (labelled PHAC and MUSE).
5. Not more than three Independent Study courses (9.0 credit hours) may be completed for credit toward the degree.

6. Not more than three Disciplinary Credit Applied Studies courses (9.0 credit hours) may be completed for credit towards the degree. Students may, in addition, complete Applied Studies 2000, 2001, 2010, and 2011.
7. Not more than 17 courses (51.0 credit hours) may be completed from any one discipline (see **Arts and Science, Arts and Science Disciplines, p. 93**).

Note: Disciplines are identified by a specific course label (e.g. KNES, ASTR, and HIST are separate disciplines).

8. Not more than six credit hours in Activity courses (i.e. courses labelled PHAC and MUSE) may be completed for credit towards the degree, except for Kinesiology majors (not more than 15.0 credit hours) and Music majors (not more than 12.0 credit hours).
9. Residence requirement: at least 15 courses (45.0 credit hours) offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education must be completed at the University of Lethbridge.

(See **Academic Regulations, Exceeding Course Limits, p. 61**.)

c. Faculty of Education Degree Requirements for the 50-Course B.A./B.Ed. or B.Sc./B.Ed.

General Requirements for the B.Ed.

1. Application and admission to the Faculty of Education.
2. Completion of the equivalent of 20 Education courses including:
Education 2500
*Professional Semesters I, II, and III
**One Education Foundation course
Three Education electives

*Students entering the Faculty of Education should note that practicum placements include locations outside of Lethbridge. Students must be prepared to travel. Some locations require relocation Monday to Friday.

While not an admission requirement to the Faculty of Education, school jurisdictions and schools require a criminal record check (or equivalent) from student teachers prior to practicum. The student is responsible for the cost of obtaining such documentation.

**The Education Foundation Requirement may be met in the following ways:
 1. One course from the following list:
Education 4310 - Comparative Studies of Education in Developed and Third World Nations
Education 4311 - World Issues and Problems in Education
Education 4320 - Education and Society from a Sociological Perspective
Education 4321 - Social Issues in Education

Education 4360 - Studies in the History of Western Education
Education 4361 - History of Canadian Education
Education 4362 - Concepts of Childhood in the History of Education
Education 4380 - Developing a Philosophy of Education
Education 4381 - Ethics of Teaching
Education 4391 - Seminar in Educational Foundations (Series)
 2. One appropriate Independent Study.
3. Maintenance of a program GPA of 2.50 in Education courses.

4. Completion of the appropriate Education major as defined by the program.
5. Maintenance of a program GPA of 2.50 in the appropriate Education major.
6. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
7. Residence requirement: see **page 233** for details.

d. Major Requirements for the 50-Course B.A./B.Ed. or B.Sc./B.Ed.

1. Arts and Science Majors

For the B.A., a major program must be chosen and completed from among the following majors: Anthropology, Art, Canadian Studies, Dramatic Arts, Economics, English, French, French/Spanish, Geography, History, Indigenous Studies, Kinesiology, Music, Political Science, Sociology, a General Major in the Humanities, or a General Major in the Social Sciences.

For the B.Sc., a major program must be chosen and completed from among the following majors: Biological Sciences, Chemistry, Geography, Kinesiology, Mathematics, Physics, or a General Major in the Sciences.

At least half the required courses in the major must be completed at the University of Lethbridge.

2. Education Majors

There are a total of 11 Education majors, with 10 Education majors in the B.A./B.Ed. or B.Sc./B.Ed. degree program: Art Education, Drama Education, English Language Arts Education, Indigenous Education, Mathematics Education, Modern Languages Education (French or French/Spanish), Music Education, Physical Education, Science Education and Social Studies Education. One additional Education major, Career and Technology Studies (CTS): Business Focus, is available for the B.Mgt./B.Ed. Combined Degrees program and the CTS: New Media Focus is available for the B.F.A. - New Media/B.Ed. Combined Degrees program.

For most majors, the requirements for Education and Arts and Science disciplinary majors are identical; however, some Education majors do require specific and/or additional courses. In other cases there is a distinct Combined Degrees major.

Students must meet the Education major requirements by completing one of the following:

- A disciplinary major;
- A Combined Degrees major;
- The major in Canadian Studies; or,
- A General Major in the Humanities, Social Sciences, or Sciences (as specified by the Education major).

3. Eligible Major Combinations for Combined Degrees Programs

Students enrolled in a Combined Degrees program must choose a major for the B.A. or B.Sc. and then select a corresponding major for the B.Ed. Listed below are the eligible major combinations for the Combined Degrees programs:

Arts and Science Major	Education Major
Anthropology	Social Studies Education
Art	Art Education
Biological Sciences	Science Education
Canadian Studies	Social Studies Education
Chemistry	Science Education
Dramatic Arts	Drama Education
Economics	Social Studies Education
English	English Language Arts Education

Sociology	Social Studies Education
General Major in the Humanities	English Language Arts Education
General Major in the Sciences	Mathematics Education
General Major in the Sciences	Science Education
General Major in the Social Sciences	Indigenous Education
General Major in the Social Sciences	Physical Education
General Major in the Social Sciences	Social Studies Education

Requirements for each major combination are listed in the following sections. Please note that information has been grouped under the Education major (e.g., the requirements for a History major in the B.A./B.Ed. Combined Degrees program would be located under the corresponding Social Studies Education major).

Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

 Of the 16 courses (48.0 credit hours) required in the major, six courses (18.0 credit hours) must be at the 3000/4000 level

Notes

To determine if a given course in a disciplinary stream has a Humanities designation, see List I: Fine Arts and Humanities Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

If one of the disciplinary streams selected is a language discipline, students may use a course in a different language or an additional course in the chosen stream to meet the language requirement.

Students are strongly encouraged to choose Humanities disciplines which are school subject areas or are taught in the provincial curriculum.

General Major in the Humanities/English Language Arts Education (B.A./B.Ed.)
Number of courses required for the major. 16

d. Mathematics Education

Students may meet the Mathematics Education major requirements by completing the major in Mathematics or the General Major in the Sciences.

I. Mathematics

Required courses:

- Computer Science 1620 - Fundamentals of Programming I
- Mathematics 1410 - Elementary Linear Algebra
- Mathematics 2000 - Mathematical Concepts
- Mathematics 2570 - Calculus III
- Mathematics 2580 - Calculus IV
- Mathematics 3400 - Group and Ring Theory
- Mathematics 3410 - Linear Algebra
- Mathematics 3500 - Analysis I
- Statistics 1770 - Introduction to Probability and Statistics
- ¹Statistics 2780 - Statistical Inference

One of:

- Mathematics 1560 - Calculus I
- Mathematics 1565 - Accelerated Calculus I (recommended)

One of:

- Mathematics 2560 - Calculus II
- Mathematics 2565 - Accelerated Calculus II (recommended)

One additional course (3.0 credit hours) in Mathematics or Statistics at the 3000/4000 level, excluding Mathematics 3980, Mathematics 4980, Statistics 3980, and Statistics 4980 (Applied Studies) and Mathematics 3990, Mathematics 4990, Statistics 3990, and Statistics 4990 (Independent Study)

Notes

¹ One course (3.0 credit hours) in Mathematics at the 3000/4000 level, excluding Mathematics 3980, Mathematics 4980, Statistics 3980, and Statistics 4980 (Applied Studies) and Mathematics 3990, Mathematics 4990, Statistics 3990, and Statistics 4990 (Independent Study), may replace Statistics 2780 in the list of required courses.

Mathematics/Mathematics Education (B.Sc./B.Ed.)
Number of courses required for the major. 13

2. General Major in the Sciences

Required courses:

- Seven courses (21.0 credit hours) in Mathematics or Statistics
- Four courses (12.0 credit hours) in each of two other disciplinary streams chosen from the following list:
 - Archaeology - all courses designated Science
 - Biological Sciences - all Biology courses
 - Chemistry - all courses (including courses in Biochemistry)
 - Computer Science - all courses
 - Geography - all courses designated Science (including courses in Geology)
 - Kinesiology - all courses designated Science (neither Kinesiology 1160 nor Kinesiology 1161 may be included)
 - Neuroscience - all courses
 - Physics - all courses (including courses in Astronomy and Engineering)
 - Psychology - all courses designated Science

One of (Science in Human Affairs):

- Biochemistry 2300 - Elements of Human Nutrition
- Environmental Science 2000 - Fundamentals of Environmental Science
- Philosophy 2233 - Philosophy and the World View of Science: Earth and Life Sciences

Philosophy 2234 - Philosophy and the World View of Science: Space, Time and Matter
 Philosophy 3402 - Biomedical Ethics
 Physics 2020 - The Physics of Everyday Life

Of the 16 courses (48.0 credit hours) required in the major, six courses (18.0 credit hours) must be at the 3000/4000 level

Notes

To determine if a given course in a disciplinary stream has a Science designation, see List III: Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

Some of the Science in Human Affairs courses have prerequisites which may or may not be included in the major.

Students are strongly encouraged to choose Science disciplines which are school subject areas or are taught in the provincial curriculum.

General Major in the Sciences/Mathematics Education (B.Sc./B.Ed.)

Number of courses required for the major. 16

e. Modern Languages Education

Students may meet the Modern Languages Education major requirements by completing the major in French or French/Spanish.

I. Modern Languages Education: French

Required courses:

One of the following pairs (a. or b.):

a. Non-Immersion Pair

(for students who have completed French 30, French 31, or equivalent)
 French 1500 - Intermediate Language I
 French 2000 - Intermediate Language II

OR

b. Immersion Pair

(for students who have completed French Language Arts 30, Français 30, or equivalent)
 French 2001 - Intermediate Language for Immersion Graduates
 One additional course (3.0 credit hours) in French

French 2250 - French Immersion

One of:

French 4002 - Advanced Studies in Language (Series)
 French 4600 - Seminar in Literature (Series)

Two additional courses (6.0 credit hours) in French

Notes

Students may **not** count French 1000 (Beginners' French I) among the minimum requirements for the major.

Students registering in introductory language courses must complete the *Student Information Form* to determine whether they are registered in the appropriate course. Students may be asked to write the Student Placement Test. Advanced placement may be granted to students who have acquired language skills outside of a formal academic environment. Please refer to www.uleth.ca/artsci/modern-languages/departement-modern-languages-placement-policy for more information.

Students who have not completed French 30 or French 31 (or equivalent) should begin their program with French 1000 and/or French 1100, depending on the placement test.

French 2250 is a required course along with the off-campus study term. Students must take two courses (3.0 credit hours) for which the language of instruction is French. It is recommended that students successfully complete French 2250 before enrolling in Professional Semester I. For details, see the French Off-Campus Studies Coordinator in the Department of Modern Languages.

- Linguistics 2300 - Introduction to Linguistics I: Phonetics and Phonology
- Linguistics 2600 - Introduction to Linguistics II: Morphology, Syntax and Semantics

One of:

- Spanish 3001 - Advanced Language
- Spanish 3002 - Spanish for Professional Contexts

Six additional courses (18.0 credit hours) in French

Six additional courses (18.0 credit hours) in Spanish

Participation in the Department's French or Spanish Visiting Student program at a French- or Spanish-language university.

Five of the above courses (15.0 credit hours) must be at the 3000/4000 level

Notes

Students may **not** count either French 1000 (Beginners' French I) or Spanish 1000 (Beginners' Spanish I) among the minimum requirements for the major.

Students registering in introductory language courses must complete the *Student Information Form* to determine whether they are registered in the appropriate course. Students may be asked to write the Student Placement Test. Advanced placement may be granted to students who have acquired language skills outside of a formal academic environment. Please refer to www.uleth.ca/artsci/modern-languages/department-modern-languages-placement-policy for more information.

The French Visiting Student Program (FVSP) or Spanish Visiting Student Program (SVSP) includes the immersion course (French 2250 or Spanish 2250) and at least two courses taught in French or Spanish at a host university. These courses may be used to meet course requirements in the major if they transfer as French or Spanish courses. It is recommended that students successfully complete French 2250 or Spanish 2250 before enrolling in Professional Semester I. For details, see the French or Spanish Off-Campus Studies Coordinator in the Department of Modern Languages.

French/Spanish/Modern Languages Education: French/Spanish (B.A./B.Ed.)

Number of courses required for the major. 16

f. Music Education

Students may meet the Music Education major requirements by completing the major in Music.

Required courses:

- Music 2080 - Western Art Music
- Music 2090 - The Eighteenth Century
- Music 2160 - Theory I
- ¹ Music 2161 - Musicianship Skills I
- Music 2260 - Theory II
- ¹ Music 2261 - Musicianship Skills II
- Music 3360 - Theory III
- ¹ Music 3361 - Musicianship Skills III
- Music 3460 - Theory IV
- ¹ Music 3461 - Musicianship Skills IV
- Music 3500 - Conducting I

One of:

- Music 3090 - The Medieval Era to the Early Baroque
- Music 3480 - The Nineteenth Century
- Music 3580 - The Twentieth and Twenty-first Centuries

- Music Studio 2148 - Studio I - Instrument
- Music Studio 2248 - Studio II - Instrument
- Music Studio 3348 - Studio III - Instrument
- Music Studio 3448 - Studio IV - Instrument
- Four Music Ensemble Activity courses (6.0 credit hours)

¹ 1.5 credit hours

Note: Music Ensemble Activity participation is determined by the focus of the Music major and must be fulfilled as follows:

Major Focus	Music Ensemble Activity
Studio wind & percussion	Wind Orchestra
Studio voice	University Singers or Women's Chorus
Studio pianist & guitarist	Music Ensemble Activity 2450, Music Ensemble Activity 2451, and a minimum of two terms (1.5 credit hours each) of: Contemporary and Electroacoustics Ensemble Jazz Ensemble Percussion Ensemble University Singers Wind Orchestra Women's Chorus
Studio string	Orchestra (or through other approved ensemble or Independent Study by permission of the Department of Music)

Not more than two Music Ensemble Activities may be counted toward the Ensemble participation requirement in a given term.

Notes

Composition is not available as a Studio area in the B.A./B.Ed.

Each Music Ensemble Activity counts as one-half course (i.e. 1.5 credit hours).

Students with an interest in Music Education are also referred to the B.Mus./B.Ed. (p. 241).

Music/Music Education (B.A./B.Ed.)

Number of courses required for the major. 16 (includes four one-half MUSE courses)

g. Indigenous Education (formerly Native Education)

Students may meet the Indigenous Education major requirements by completing the major in Indigenous Studies or the General Major in the Social Sciences.

1. Indigenous Studies

Required courses:

Indigenous Studies 1000 - Introduction to Native American Studies

One course (3.0 credit hours) in Blackfoot or Cree

One of (Art and Literature):

Indigenous Studies 2300 - North American Indian Art History and Theory

Indigenous Studies 2350/Art 2350 - Indigenous Art Studio

Indigenous Studies 2600 - Native American Literature

One of (Culture and History):

Indigenous Studies 2000 - Native American Philosophy

Indigenous Studies 2500 - Canadian Indian History

Indigenous Studies 2550 - U.S. Indian History

One of (Law and Politics):

Indigenous Studies 2100 - Aboriginal Peoples and Law

Indigenous Studies 2150 - Native Rights in the U.S.

Indigenous Studies 2800 - Native American Politics

One of (Contemporary Issues):

Indigenous Studies 2400 - Traditional Aboriginal Political Economy

Indigenous Studies 2700 - Native American Women

Indigenous Studies 3700 - Native American Health

Three courses (9.0 credit hours) in Indigenous Studies at the 3000/4000 level

One course (3.0 credit hours) in Indigenous Studies at the 4000 level

Three additional courses (9.0 credit hours) in Indigenous Studies, Blackfoot, or Cree

Additional requirements for the Indigenous Education major include:

A seven-course school subject minor (excluding Blackfoot Education, Religious Studies Education, and any Career and Technologies Studies

Focus except Business, Administration, Finance & Information Technology (BIT))

A Methods course in the required minor

Completion of Professional Semester III in Education 4576 - Indigenous Education Internship (Fall)

Indigenous Studies/Indigenous Education (B.A./B.Ed.)

Number of courses required for the major. 13

2. General Major in the Social Sciences

Required courses:

Seven courses (21.0 credit hours) in Indigenous Studies

Four courses (12.0 credit hours) in each of two other disciplinary streams chosen from the following list:

Anthropology – all courses

Archaeology – all courses designated Social Science

Economics – all courses designated Social Science

Geography – all courses designated Social Science (courses in Geology may not be included)

History – all courses

Kinesiology – all courses designated Social Science (Physical Activity courses may not be included)

Political Science – all courses designated Social Science

Psychology – all courses designated Social Science

Sociology – all courses

Women and Gender Studies – all courses designated Social Science

One of (Quantitative Methods):

Economics 2900 - Economics and Business Statistics

Geography 2700 - Geographical Data and Analysis

Psychology 2030 - Methods and Statistics

Sociology 2130 - Social Statistics I

Statistics 2780 - Statistical Inference

Of the 16 courses (48.0 credit hours) required in the major, six courses (18.0 credit hours) must be at the 3000/4000 level

Additional requirements for the Indigenous Education major include:

A seven-course school subject minor (excluding Blackfoot Education, Religious Studies Education and any Career and Technologies Studies Focus except Business, Administration, Finance & Information Technology (BIT))

A Methods course in the required minor
 Completion of Professional Semester III in
 Education 4576 - Indigenous
 Education Internship (Fall)

Notes

To determine if a given course in a disciplinary stream has a Social Science designation, see List II: Social Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

The Quantitative Methods courses have prerequisites which may or may not be included in the major.

Students are strongly encouraged to choose Social Science disciplines which are school subject areas or are taught in the provincial curriculum.

**General Major in the Social Sciences/
 Indigenous Education (B.A./B.Ed.)**

**Number of courses required for
 the major. 16**

h. Physical Education

Students may meet the Physical Education major requirements by completing the major in Kinesiology for the B.A., the major in Kinesiology for the B.Sc., or the General Major in the Social Sciences.

I. Kinesiology (B.A.)

Required courses:

- Kinesiology 1000 - Wellness and Physical Activity
- Kinesiology 2110 - Biophysical Perspectives
- Kinesiology 2130 - Humanities Perspectives
- Kinesiology 2140 - Psychological Perspectives
- Kinesiology 2150 - Sociological Perspectives
- Kinesiology 2200 - Research Methodologies
- Kinesiology 2600 - Functional Human Anatomy

¹Physical Activity 2130 - Educational Dance

¹Physical Activity 2135 - Educational Gymnastics

One of:

- Kinesiology 2160 - Management Perspectives
- Kinesiology 3300 - Leadership Skills Development

One course (3.0 credit hours) in Kinesiology at the 3000/4000 level with a Humanities or Social Science designation

One course (3.0 credit hours) in Kinesiology at the 4000 level with a Humanities or Social Science designation, excluding

Kinesiology 4980 (Applied Study) and
 Kinesiology 4990 (Independent Study)

Two courses (6.0 credit hours) in Physical Activity at the 3000 level

Notes

¹Physical Activity 2130 and 2135 are half courses (1.5 credit hours each).

To determine if a given course in Kinesiology has a Humanities or Social Science designation, see List I: Fine Arts and Humanities Courses and List II: Social Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

Kinesiology/Physical Education (B.A./B.Ed.)

**Number of courses required for
 the major. 13
 (includes two one-half PHAC courses)**

2. Kinesiology (B.Sc.)

Required courses:

- Biology 1010 - Cellular Basis of Life
- Kinesiology 1000 - Wellness and Physical Activity
- Kinesiology 2200 - Research Methodologies
- Kinesiology 2600 - Functional Human Anatomy
- Kinesiology 2610 - Human Physiology
- Kinesiology 2650 - Functional Biomechanics
- Kinesiology 3610 - Exercise Physiology
- Kinesiology 3630 - Growth, Development and Aging
- Kinesiology 3650 - Biomechanics
- ¹Physical Activity 2130 - Educational Dance
- ¹Physical Activity 2135 - Educational Gymnastics
- Physics 1050 - Introduction to Biophysics

One of:

- Chemistry 1000 - General Chemistry I
- Chemistry 1110 - Chemistry for Life Sciences I

One of:

- Kinesiology 2160 - Management Perspectives
- Kinesiology 3300 - Leadership Skills Development

²One course (3.0 credit hours) in Kinesiology at the 4000 level with a Science designation, excluding Kinesiology 4980 (Applied Study) and Kinesiology 4990 (Independent Study)

Two courses (6.0 credit hours) in Physical Activity at the 3000 level

Notes

¹Physical Activity 2130 and 2135 are half courses (1.5 credit hours each).

² *Kinesiology 4900 (Interdisciplinary Research Dialogues)* may be used in place of one Kinesiology course at the 4000 level with a Science designation.

To determine if a given course in Kinesiology has a Science designation, see List III: Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

Kinesiology/Physical Education (B.Sc./B.Ed.)
Number of courses required for the major 16 (includes two one-half PHAC courses)

3. General Major in the Social Sciences

Required courses:

Seven courses (21.0 credit hours) in Kinesiology (designated as Social Science), including the following:

- Kinesiology 1000 - Wellness and Physical Activity
- Kinesiology 2140 - Psychological Perspectives
- Kinesiology 2150 - Sociological Perspectives

One of:

- Kinesiology 2160 - Management Perspectives
- Kinesiology 3300 - Leadership Skills Development

Four courses (12.0 credit hours) in each of two other disciplinary streams chosen from the following list:

- Anthropology – all courses
- Archaeology – all courses designated Social Science
- Economics – all courses designated Social Science
- Geography – all courses designated Social Science (courses in Geology may not be included)
- History – all courses
- Indigenous Studies - all courses (Blackfoot and Cree may not be included)
- Political Science – all courses designated Social Science
- Psychology – all courses designated Social Science
- Sociology – all courses
- Women and Gender Studies – all courses designated Social Science

One of (Quantitative Methods):

- Economics 2900 - Economics and Business Statistics
- Geography 2700 - Geographical Data and Analysis
- Psychology 2030 - Methods and Statistics
- Sociology 2130 - Social Statistics I
- Statistics 2780 - Statistical Inference

Of the 16 courses (48.0 credit hours) required in the major, six courses (18.0 credit hours) must be at the 3000/4000 level. Two courses (6.0 credit hours) must be Kinesiology.

Notes

To determine if a given course in a disciplinary stream has a Social Science designation, see List II: Social Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

The Quantitative Methods courses have prerequisites which may or may not be included in the major.

Students are strongly encouraged to choose Social Science disciplines which are school subject areas or are taught in the provincial curriculum.

General Major in the Social Sciences/Physical Education (B.A./B.Ed.)
Number of courses required for the major 16

i. Science Education

Students may meet the Science Education major requirements by completing the major in Biological Sciences, Chemistry, Geography (Physical Geography), Physics, or the General Major in the Sciences.

1. Biological Sciences

Required courses:

- Biochemistry 2000 - Introductory Biochemistry
- Biology 1010 - Cellular Basis of Life
- Biology 1020 - Diversity of Life
- Biology 2000 - Principles of Genetics
- Biology 2200 - Principles of Ecology
- Biology 3300 - Evolution
- Chemistry 1000 - General Chemistry I
- Chemistry 2000 - General Chemistry II
- Chemistry 2500 - Organic Chemistry I

One of:

- Mathematics 1410 - Elementary Linear Algebra
- Mathematics 1560 - Calculus I
- Mathematics 1565 - Accelerated Calculus I

One of:

- Physics 1000 - Introduction to Physics I
- Physics 1050 - Introduction to Biophysics (preferred)

¹ Five courses (15.0 credit hours) in Biology at the 3000/4000 level, including two courses (6.0 credit hours) from two of the following subfield lists, and one course (3.0 credit hours) from the third subfield list; one of the five courses must be at the 4000 level

List 1 - Cellular and Molecular Biology

- Biology 3000 - Gene Expression and Regulation
 Biology 3005 - Genome Maintenance
 Biology 3105 - Signal Transduction
 Biology 3115 - Principles of Cell Growth
 Biology 3210 - Experimental Methods in Molecular and Cellular Biology
 Biology 4100 - Advances in Agricultural Biotechnology
 Biology 4130 - Genomics and Biotechnology
 Biology 4140 - RNA Biology
 Biology 4170 - Plant Biotechnology
 Biology 4200 - Techniques in Molecular Biology
 Biology 4230 - Molecular and Cellular Biology of Cancer

List 2 - Organismal Biology

- Biology 3310 - Developmental Biology
 Biology 3400 - Principles of Microbiology
 Biology 3420 - Animal Physiology
 Biology 3460 - Plant Physiology
 Biology 3505 - Freshwater Biology
 Biology 3520 - Invertebrate Zoology
 Biology 3530 - Vertebrate Zoology
 Biology 3560 - Integrative Plant Biology
 Biology 4420 - Environmental Physiology
 Biology 4440 - Toxicology
 Biology 4560 - Plant Development

List 3 - Ecology and Evolutionary Biology

- Biology 3605 - Conservation Biology
²Biology 3610 - Prairie Conservation
 Biology 3630 - Field Biology
 Biology 3660 - Field Botany and Ecology
 Biology 3700 - Ecosystem Ecology
 Biology 3710 - Population Biology
 Biology 3800 - Aquatic Ecosystems
 Biology 3810 - Experimental Design and Analysis
 Biology 4700 - Molecular Ecology
 Biology 4710 - Evolutionary and Ecological Modelling
 Biology 4740 - Behavioural Ecology
 Biology 4800 - Biology of Parasitism

Recommended course:

- Environmental Science 2000 - Fundamentals of Environmental Science

Notes

¹ Topics courses (Biology 3850 and 4850) may be assigned to one of the Biological Sciences lists at the time of scheduling. Please refer to the current term timetable.

² Prerequisite required: Environmental Science 2000.

Biological Sciences/Science Education (B.Sc./B.Ed.)

Number of courses required for the major. 16

2. Chemistry**Required courses:**

- Chemistry 1000 - General Chemistry I
 Chemistry 2000 - General Chemistry II
 Chemistry 2410 - Analytical Chemistry I
 Chemistry 2500 - Organic Chemistry I
 Chemistry 2600 - Organic Chemistry II
 Chemistry 2740 - Physical Chemistry
 Mathematics 1410 - Elementary Linear Algebra
 Physics 2000 - Introduction to Physics II

One of:

- Mathematics 1560 - Calculus I
 Mathematics 1565 - Accelerated Calculus I (recommended)

One of:

- Mathematics 2560 - Calculus II
 Mathematics 2565 - Accelerated Calculus II (recommended)

One of:

- Physics 1000 - Introduction to Physics I (recommended)
 Physics 1050 - Introduction to Biophysics
¹ Engineering 2060 - Engineering Mechanics

Four of:

- Biochemistry 2000 - Introductory Biochemistry
 Biochemistry 3100 - Proteins, Enzymes and Nucleic Acids
 Biochemistry 3300 - Bioenergetics and Metabolism
 Chemistry 3250 - Contemporary Chemistry
 Chemistry 3410 - Analytical Chemistry II
 Chemistry 3730 - Advanced Physical Chemistry
 Chemistry 3830 - Inorganic Chemistry I
 Chemistry 3840 - Inorganic Chemistry II

Recommended course:

- Biology 1010 - Cellular Basis of Life

Notes

¹ Prerequisite required: Engineering 2000

The major in Chemistry for the Combined Degrees program is not accredited by the Canadian Society of Chemistry, nor is it sufficient for pursuing graduate studies in Chemistry.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years.

Students are advised to seek help in planning their programs from the Departmental Advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

Chemistry/Science Education (B.Sc./B.Ed.)
Number of courses required for the major..... 15

3. Geography

Required courses:

- Biology 1020 - Diversity of Life
- Chemistry 1000 - General Chemistry I
- Geography 1000 - Introduction to Physical Geography
- Geography 2030 - Geomorphology
- Geography 2300 - Weather and Climate
- Geography 2700 - Geographical Data and Analysis
- Geography 2735 - Introduction to Geographical Information Science

One of:

- Mathematics 1560 - Calculus I
- Mathematics 1565 - Accelerated Calculus I

One of:

- Physics 1000 - Introduction to Physics I
- Physics 1050 - Introduction to Biophysics

One of:

- Geography 2090 - Biogeography
- Geology 2060 - Physical Geology

One of:

- Geography 3710 - Field Techniques in the Earth Sciences
- Geography 3720 - Remote Sensing
- Geography 3740 - Geographical Information Systems

Two of:

- Geography 3035 - Fluvial Geomorphology
- Geography 3060 - Glaciology and Glacial Geomorphology
- Geography 3080 - Soils
- Geography 3300 - Microclimatology
- Geography 3400 - Hydrology

One of:

- Geography 4065 - Irrigation Science
- Geography 4400 - Advanced Hydrology
- Geography 4415 - Integrated Watershed Management
- Geography 4725 - Advanced Remote Sensing

Two additional lab-based courses (6.0 credit hours) in Biology, Chemistry, or Physics

Recommended courses:

- Biology 1010 - Cellular Basis of Life
- Environmental Science 2000 - Fundamentals of Environmental Science

Geography/Science Education (B.Sc./B.Ed.)
Number of courses required for the major..... 16

4. Physics

Required courses:

- Mathematics 1410 - Elementary Linear Algebra
- Mathematics 2570 - Calculus III
- Physics 2000 - Introduction to Physics II
- Physics 2020 - The Physics of Everyday Life
- Physics 2120 - Introduction to Physics III
- Physics 2130 - Waves, Optics and Sound
- Physics 2150 - Quantum Mechanics I
- Physics 2925 - Introduction to Experimental Physics
- Physics 3750 - Contemporary Physics

One of:

- Mathematics 1560 - Calculus I
- Mathematics 1565 - Accelerated Calculus I (recommended)

One of:

- Mathematics 2560 - Calculus II
- Mathematics 2565 - Accelerated Calculus II (recommended)

One of:

- Physics 1000 - Introduction to Physics I
- Physics 1050 - Introduction to Biophysics
- ¹ Engineering 2060 - Engineering Mechanics

One of:

- Astronomy 2020 - Modern Astronomy
- Astronomy 2070 - The Solar System

One of:

- Biology 1010 - Cellular Basis of Life
- Biology 1020 - Diversity of Life

One of:

- Chemistry 1000 - General Chemistry I
- Chemistry 1110 - Chemistry for Life Sciences I

One additional course (3.0 credit hours) in Physics, Astronomy, or Engineering

Notes

¹ Prerequisite required: Engineering 2000

Students wishing to include 3000-level Physics courses in their program must take Mathematics 2580 (Calculus IV) which is a prerequisite for such courses except Physics 3750 and some offerings of the Physics 3900 series.

It is recommended that Physics majors include courses in Biology, Chemistry, Computer Science, and Mathematics.

Since a number of senior-level Physics courses are offered only in alternate years, students are advised to plan carefully to include the desired courses. Students are strongly advised to seek help in planning their program from the Department of Physics and Astronomy.

Physics/Science Education (B.Sc./B.Ed.)
Number of courses required for the major. 16

5. General Major in the Sciences

Required courses:

Seven courses (21.0 credit hours) in one of Biology, Chemistry, Physical Geography or Physics

Four courses (12.0 credit hours) in one other area of Biology, Chemistry, Physical Geography, or Physics

Four courses (12.0 credit hours) in one other disciplinary stream chosen from the following list:

Archaeology – all courses designated Science

Biological Sciences – all Biology courses

Chemistry – all courses (including courses in Biochemistry)

Computer Science – all courses

Geography – all courses designated Science (including courses in Geology)

Kinesiology – all courses designated Science (neither Kinesiology 1160 nor Kinesiology 1161 may be included)

Mathematics – all courses (including courses in Statistics)

Neuroscience – all courses

Physics – all courses (including courses in Astronomy and Engineering)

Psychology – all courses designated Science

One of (Science in Human Affairs):

Biochemistry 2300 - Elements of Human Nutrition

Environmental Science 2000 - Fundamentals of Environmental Science

Philosophy 2233 - Philosophy and the World View of Science: Earth and Life Sciences

Philosophy 2234 - Philosophy and the World View of Science: Space, Time and Matter

Philosophy 3402 - Biomedical Ethics

Physics 2020 - The Physics of Everyday Life

Of the 16 courses (48.0 credit hours) required in the major, six courses (18.0 credit hours) must be at the 3000/4000 level

Notes

To determine if a given course in a disciplinary stream has a Science designation, see List III: Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

Some of the Science in Human Affairs courses have prerequisites which may or may not be included in the major.

Students are strongly encouraged to choose Science disciplines which are school subject areas or are taught in the provincial curriculum.

Number of courses required for the major. 16

j. Social Studies Education

Students may meet the Social Studies Education major requirements by completing the major in Anthropology, Canadian Studies, Economics, Geography, History, Political Science, Sociology, or the General Major in the Social Sciences.

1. Anthropology

Required courses:

Anthropology 1000 - The Anthropological Perspective

Anthropology 2210 - Cultures of the World (Series)

Anthropology 2410 - Anthropological Approaches to Prehistory

Anthropology 3000 - Anthropological Thought

Geography 2600 - Canada

History 2710 - Canada to 1867

History 2720 - Canada Since 1867

Political Science 2210 - Canadian Politics and Government

One of:

Economics 1010 - Introduction to Microeconomics

Economics 1012 - Introduction to Macroeconomics

Indigenous Studies 1000 - Introduction to Native American Studies

One of:

History 1000 - The Western World History 1200 - World History

Two additional courses (6.0 credit hours) in Anthropology at the 3000 or 4000 level

Two courses (6.0 credit hours) in Anthropology at the 4000 level

Two additional courses (6.0 credit hours) in Anthropology at the 2000 level or above

Notes

Independent Studies courses, Applied Studies courses, and the Undergraduate Thesis may not be counted as part of the minimum requirements for the major.

Anthropology/Social Studies Education (B.A./B.Ed.)
Number of courses required for the major. 16

2. Canadian Studies

Required core:

- English 1900 - Introduction to Language and Literature
- English 2000 - Survey of Canadian Literature
- Geography 2600 - Canada
- History 2710 - Canada to 1867
- History 2720 - Canada Since 1867
- Indigenous Studies 1000 - Introduction to Native American Studies
- Political Science 2210 - Canadian Politics and Government

One of:

- Economics 1010 - Introduction to Microeconomics
- Economics 1012 - Introduction to Macroeconomics

One of:

- History 1000 - The Western World
- History 1200 - World History

Two of:

- French 1000 - Beginners' French I
- French 1100 - Beginners' French II
- French 1500 - Intermediate Language I
- French 2000 - Intermediate Language II
- French 2001 - Intermediate Language for Immersion Graduates
- French 2200 - Culture and Civilization I
- French 2300 - Introduction to Modern Literature and Literary Analysis

Options (Five courses from the following, including at least four courses at the 3000/4000 level):

- English 3001 - Canadian Poetry
- English 3002 - Contemporary Canadian Drama
- French 3001 - Advanced Language I
- French 3200 - Culture and Civilization II (Series)
- French 3500 - Survey of French or French-Canadian Literature (Series)
- French 3600 - Literary Genres (Series)
- French 4001 - Advanced Language II
- French 4002 - Advanced Studies in Language (Series)

- French 4600 - Seminar in Literature (Series)
- History 3703 - History of Western Canada
- History 3707 - Canada Since 1939
- History 3708 - History of Atlantic Canada
- History 4070 - Seminars in Canadian History (Series)
- Indigenous Studies 3400 - Contemporary Aboriginal Political Economy
- Indigenous Studies 3500 - History of Prairie Indian Treaties
- Indigenous Studies 4200 - Law and Aboriginal Development in Canada
- Indigenous Studies 4700 - The Metis
- Political Science 3120 - Canadian Foreign Policy
- Political Science 3221 - The Politics of Canadian Federalism
- Political Science 3241 - Canadian Constitutional Law I: Federalism and First Nations
- Political Science 3242 - Canadian Constitutional Law II: The Charter
- Political Science 3260 - Canadian Public Policy
- Political Science 3280 - Canadian Political Behaviour
- Political Science 4200 - Seminars in Canadian Politics and Government (Series)

One of:

- Indigenous Studies 2100 - Aboriginal Peoples and Law
- Indigenous Studies 2400 - Traditional Aboriginal Political Economy
- Indigenous Studies 2500 - Canadian Indian History
- Indigenous Studies 2600 - Native American Literature
- Indigenous Studies 2800 - Native American Politics

Recommended courses:

- Art History 3240 - Canadian Art History to 1960
- Art History 3245 - Canadian Art History from 1960 to the Present
- English 3810 - Contemporary Canadian Literature
- Sociology 2010 - Canadian Society

Notes

Selected Topics courses, Applied Studies, Independent Studies, and offerings in the French 3200, French 3500, French 3600, and French 4600 Series may be counted as options toward the major provided (1) they are clearly related to Canadian Studies and (2) they are approved by the Coordinator of Canadian Studies.

Students are strongly encouraged to choose Options courses which are associated with the provincial Social Studies curriculum (i.e. History, Indigenous Studies, Political Science)

Many of the options courses require prerequisites, thus students should choose courses with this in mind.

3. Economics

Required courses:

- Economics 1010 - Introduction to Microeconomics
- Economics 1012 - Introduction to Macroeconomics
- Economics 2900 - Economics and Business Statistics
- Economics 3010 - Intermediate Microeconomic Theory
- Economics 3012 - Intermediate Macroeconomic Theory
- Geography 2600 - Canada
- History 2710 - Canada to 1867
- History 2720 - Canada Since 1867
- Political Science 2210 - Canadian Politics and Government
- Statistics 1770 - Introduction to Probability and Statistics

One of:

- History 1000 - The Western World
- History 1200 - World History

Three additional courses (9.0 credit hours) in Economics at the 3000/4000 level

Two additional courses (6.0 credit hours) in Economics

Economics/Social Studies Education (B.A./B.Ed.)
Number of courses required for the major..... 16

4. Geography

Required courses:

- Environmental Science 2000 - Fundamentals of Environmental Science
- Geography 1000 - Introduction to Physical Geography
- Geography 1200 - Introduction to Human Geography
- Geography 2000 - World Regional Geography
- Geography 2210 - Spatial Organization of Economic Activity
- Geography 2535 - Introduction to Planning
- Geography 2600 - Canada
- Geography 2700 - Geographical Data and Analysis
- Geography 3075 - Environmental Resources Management

- Geography 3230 - Urban Social Geography
- History 2710 - Canada to 1867
- History 2720 - Canada Since 1867
- Indigenous Studies 1000 - Introduction to Native American Studies
- Political Science 2210 - Canadian Politics and Government

One of:

- Economics 1010 - Introduction to Microeconomics
- Economics 1012 - Introduction to Macroeconomics

One of:

- History 1000 - The Western World

General Major in the Social Sciences/Social Studies Education (B.A./B.Ed.)

**Number of courses required for
the major..... 16**

e. Education Minor Requirements

Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education Methods course, usually selected from the Education 3700 Series. Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor. Please refer to **Education, Education Minors (p. 146)** for information on Education minor requirements.

f. Education Specialization Requirements

Students may elect to complete a specialization in addition to a major or minor, with the exception of those enrolled in the Indigenous Education major, who must complete Education 4576 - Indigenous Education Internship (Fall). Students will be eligible to receive an endorsement on their official academic transcript upon completion of a specialization.

Education students completing a major or minor may not include, in the specialization, any of the courses that are included in the minimum requirements for their major or minor.

Please refer to **Education, Education Specializations (p. 150)** for information on Education Specialization Requirements.

g. Academic Regulations

In the Combined Degrees program, students divide their time between two different Faculties or Schools which measure different standards of academic performance. Students should read the academic regulations for each Faculty or School in which a portion of the Combined Degrees will be taken. For the B.A./B.Ed. or B.Sc./B.Ed., students should be aware of the **Faculty of Arts and Science (p. 87)** regulations and the **Faculty of Education (p. 137)** regulations.

h. Residence Requirement

Students must complete a minimum of 30 courses at the University of Lethbridge, including 15 Education courses, and 15 courses offered by the Faculty of Arts and Science or the Faculty of Fine Arts, including at least one-half of the required courses in the major.

i. Education Special Study Arrangements

Applied Studies

Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2510 and Education 4980. The Applied Studies Program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

Independent Study

A maximum of two Independent Studies may be completed in the B.Ed. portion of the B.A./B.Ed. or B.Sc./B.Ed. (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Study Tours

Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education.

4. BACHELOR OF FINE ARTS - ART/BACHELOR OF EDUCATION

The Faculties of Fine Arts and Education jointly offer a 50-course (150.0 credit hour) Combined Degrees program leading to the degrees Bachelor of Fine Arts - Art (B.F.A. - Art) and Bachelor of Education (B.Ed.). Upon successful completion of the Combined Degrees program, the student receives the B.F.A. - Art degree from the Faculty of Fine Arts and the B.Ed. degree from the Faculty of Education.

a. Admission

Students begin in the Pre-B.F.A. - Art/B.Ed. program in the Faculty of Fine Arts where they progress toward completion of Fine Arts degree requirements and prepare to meet the admission requirements for the Faculty of Education. After completion of the minimum admission requirements for the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.F.A. - Art/B.Ed. Combined Degrees program.

Students are not officially in the Combined Degrees program until they have been admitted to both the Faculty of Fine Arts and the Faculty of Education.

Applicants should consult **Admission (p. 19)** for general admission requirements, policies, and deadlines.

1. Faculty of Fine Arts Admission Requirements for the Pre-B.F.A. - Art/B.Ed. and B.F.A. - Art/B.Ed.

In addition to the general admission requirements outlined in **Admission (p. 19)**, applicants to the Pre-B.F.A. - Art/B.Ed. and B.F.A. - Art/B.Ed. programs must submit a portfolio for consideration by the appropriate decision document deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines). Portfolio requirements are indicated within **Fine Arts, Admission (p. 154)**.

Enrolment in these programs is limited and admission is competitive; selections are made based on the following:

- Academic proficiency, as demonstrated by grade achievement; and
- Completed portfolio.

2. Faculty of Education Admission Requirements for the B.F.A. - Art/B.Ed.

Based on the Faculty's quota system, normally a total of 216 students will be admitted to Bachelor of Education programs (Combined Degrees and After Degree) each year. Admission for this undergraduate teacher preparation program is available in the fall term only.

Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both Combined Degrees and After Degree applicants.

Applicants are encouraged to consult early with Student Program Services in the Faculty of Education regarding admission requirements and program planning.

Applicants must meet the following minimum requirements for admission to the Faculty of Education:

- Completion of a minimum of 14 University of Lethbridge transferable courses (42.0 credit hours), including at least five courses (15.0 credit hours) in the B.F.A. - Art major.

Note: Due to the sequencing of retired courses, the Faculty of Fine Arts strongly advises students to apply to the Faculty of Education for admission only after completion of three years of study in the Faculty of Fine Arts. Students who opt to apply to the Faculty of Education earlier should consult with an academic advisor in the Faculty of Fine Arts to discuss the implications entering the Faculty of Education may have on their remaining requirements in the B.F.A. - Art.

- A minimum admission GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all University of Lethbridge and transferable courses taken within the terms containing the last 14 courses (42.0 credit hours). All courses must be graded.
- A minimum major GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all graded courses comprising the B.F.A. - Art major.
- Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (**Education 2500 Prerequisite, p. 144**).
- Only courses completed by the admission document deadline will be considered for admission (see www.uleth.ca/ross/admissions/undergrad/deadlines). Exceptions are made for the completion of Education 2500 when applicants are completing the course over the spring or summer preceding admission.
- Special Case Admission
Applicants who have a satisfactory academic record but who, for some reason, had a period of time when their performance was significantly lower may apply for Special Case admission (up to four such applicants may be

admitted each year). See **Education, Special Case Admission (p. 140)** for details.

- g. Admission Procedures Available to Students of Aboriginal Descent

The Faculty of Education provides two alternative admission opportunities for applicants of Aboriginal descent. See **Education, Admission Procedures Available to Students of Aboriginal Descent (p. 140)** for details.

- h. Returning after Withdrawal or Required Withdrawal from the Faculty of Education
Students who withdrew or who were required to withdraw from the Faculty of Education should refer to **Education, Readmission after Withdrawal (p. 141)**.

b. Faculty of Fine Arts Requirements for the 50-Course (150.0 credit hours) B.F.A. - Art/B.Ed.

1. Completion of at least 30 courses (90.0 credit hours) from disciplines offered by the Faculty of Fine Arts, Faculty of Arts and Science, or the School of Liberal Education with a GPA of at least 2.00 (on the University of Lethbridge 4.0 scale).
2. A minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.0 scale) on all Art, Art History, and/or Museum Studies courses.
3. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
4. Completion of at least eight Art, Art History, and/or Museum Studies courses (24.0 credit hours) at the 3000/4000 level.
5. A maximum of three Independent Studies (9.0 credit hours) (see **Academic Regulations, Exceeding Course Limits, p. 61**).
6. Not more than eight courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses and courses numbered in the range 0520 to 0530 are exempted from this limit (see **Academic Regulations, Exceeding Course Limits, p. 61**).

1. Application and admission to the Faculty of Education.
2. Completion of the equivalent of 20 Education courses including:
 - Education 2500
 - *Professional Semesters I, II and III
 - **One Education Foundation course
 - Three Education electives

**Students entering the Faculty of Education should note that practicum placements include locations outside of Lethbridge. Students must be prepared to travel. Some locations require relocation Monday to Friday.*

While not an admission requirement to the Faculty of Education, some school jurisdictions and schools may require a criminal record check (or equivalent) from student teachers prior to practicum. The student is responsible for the cost of obtaining such documentation.

***The Education Foundation Requirement may be met in the following ways:*

 - a. One course from the following list:
 - Education 4310 - Comparative Studies of Education in Developed and Third World Nations

6. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

d. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

e. Academic Regulations

In the Combined Degrees program, students divide their time between two different Faculties or Schools which measure different standards of academic performance. Students should read the academic regulations for each Faculty or School in which a portion of the Combined Degrees will be taken. For the B.F.A. - Art/B.Ed., students should be aware of the **Faculty of Education (p. 137)** regulations and **Faculty of Fine Arts (p. 153)** regulations.

f. Education Minor Requirements

Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education Methods course, usually selected from the Education 3700 Series. Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor. Please refer to **Education, Education Minors (p. 146)** for information on Education minor requirements.

g. Residence Requirement

Students must complete a minimum of 30 courses (90.0 credit hours) at the University of Lethbridge, including 15 Education courses, and 15 courses offered by the Faculty of Fine Arts, Faculty of Arts and Science, or the School of Liberal Education, including a minimum of seven courses in Art, Art History, and/or Museum Studies. Students should note that the residence requirement for the B.F.A. - Art/B.Ed. is subject to the Faculty of Fine Arts transfer policy. If a student withdraws from the B.F.A. - Art/B.Ed. and is admitted to a program offered by the Faculty of Arts and Science, transfer credit will be reassessed based on the Faculty of Arts and Science transfer policy.

h. Education Special Study Arrangements

Applied Studies

Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2510 and Education 4980. The Applied Studies program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, the Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

b. One appropriate Independent Study.

3. Maintain a program GPA of 2.50 in Education courses.
4. Completion of the appropriate Education major as defined by the program.
5. Maintenance of a program GPA of 2.50 in the appropriate Education major.
6. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

d. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

e. Academic Regulations

In the Combined Degrees program, students divide their time between different Faculties or Schools which measure different standards of academic performance. Students should read the academic regulations for each Faculty or School in which a portion of the Combined Degrees will be taken. For the B.F.A. - Dramatic Arts/B.Ed., students should be aware of the **Faculty of Education (p. 137)** regulations and **Faculty of Fine Arts (p. 153)** regulations.

f. Education Minor Requirements

Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education Methods course, usually selected from the Education 3700 Series. Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor. Please refer to **Education, Education Minors (p. 146)** for information on Education minor requirements.

g. Residence Requirement

Students must complete a minimum of 30 courses at the University of Lethbridge, including 15 Education courses, and 15 courses offered by the Faculty of Fine Arts, Faculty of Arts and Science, or the School of Liberal Education, including a minimum of seven courses in Drama. Students should note that the residence requirement for the B.F.A. - Dramatic Arts/B.Ed. is subject to the Faculty of Fine Arts transfer policy. If a student withdraws from the B.F.A. - Dramatic Arts/B.Ed. and is admitted to a program offered by the Faculty of Arts and Science, transfer credit will be reassessed based on the Faculty of Arts and Science transfer policy.

h. Education Special Study Arrangements

Applied Studies

Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2510 and Education 4980. The

Applied Studies program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

Independent Study

A maximum of two Independent Studies may be completed in the B.Ed. portion of the B.F.A. - Dramatic Arts/B.Ed (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Study Tours

Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education (see Student Program Services for policies and procedures governing Study Tours).

6. BACHELOR OF FINE ARTS - NEW MEDIA/ BACHELOR OF EDUCATION

The Faculties of Fine Arts and Education jointly offer a 50-course (150.0 credit hour) Combined Degrees program leading to the degrees Bachelor of Fine Arts - New Media (B.F.A. - New Media) and Bachelor of Education (B.Ed.). Upon successful completion of the Combined Degrees program, the student receives the B.F.A. - New Media degree from the Faculty of Fine Arts and the B.Ed. degree from the Faculty of Education.

a. Admission

Students begin in the Pre-B.F.A. - New Media/B.Ed. program in the Faculty of Fine Arts, where they progress toward completion of Fine Arts degree requirements and prepare to meet the admission requirements for the Faculty of Education. After completion of the minimum admission requirements for the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.F.A. - New Media/B.Ed. Combined Degrees program.

Students are not officially in the Combined Degrees program until they have been admitted to both the Faculty of Fine Arts and the Faculty of Education.

Applications are accepted for the Pre-B.F.A. - New Media/B.Ed. and B.F.A. - New Media/B.Ed. programs for the fall term only. Applicants should consult **Admission (p. 19)** for general admission requirements, policies, and deadlines.

I. Faculty of Fine Arts Admission Requirements for the Pre-B.F.A. - New Media/B.Ed. and B.F.A. - New Media/B.Ed.

In addition to the general admission requirements outlined in **Admission (p. 19)**, applicants to the Pre-B.F.A. - New Media/B.Ed. and B.F.A. - New Media/B.Ed. programs must submit a portfolio for consideration by the appropriate decision document deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines). Portfolio requirements are indicated within **Fine Arts, Admission (p. 155)**

The Pre-B.F.A. - New Media/B.Ed. and B.F.A. - New Media/B.Ed. accepts applications for fall admission only.

Enrolment in these programs is limited and admission is competitive; selections are made based on the following:

- a. Academic proficiency, as demonstrated by grade achievement; and
- b. Completed portfolio (or essay alternative), and Summary Questionnaire.

2. Faculty of Education Admission Requirements for the B.F.A. - New Media/B.Ed.

Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to Bachelor of Education programs (Combined Degrees and After Degree) each year. Admission for this undergraduate teacher preparation program is available in the fall term only.

Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both Combined Degrees and After Degree applicants.

Applicants are encouraged to consult early with Student Program Services in the Faculty of Education regarding admission requirements and program planning.

Applicants must meet the following minimum requirements for admission to the Faculty of Education:

- a. Completion of a minimum of 14 University of Lethbridge or transferable courses (42.0 credit hours), including at least five courses (15.0 credit hours) in B.F.A. - New Media major.

Note: Due to the sequencing of required courses, the Faculty of Fine Arts strongly advises students to apply to the Faculty of Education for admission only after completion of three years of study in the Faculty of Fine Arts. Students who opt to apply to the Faculty of Education earlier should consult with an academic advisor in the Faculty of Fine Arts to discuss the implications entering the Faculty of Education may have on their remaining requirements in the B.F.A. - New Media.

- b. A minimum admission GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all University of Lethbridge and transferable courses taken within the terms containing the last 14 courses (42.0 credit hours). All courses must be graded.
- c. A minimum major GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all graded courses comprising the B.F.A. - New Media major
- d. Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Education 2500 Prerequisite, p. 144**).
- e. Only courses completed by the admission document deadline will be considered for admission (see www.uleth.ca/ross/admissions/undergrad/deadlines). Exceptions are made for the completion of Education 2500 when applicants are completing the course over the spring or summer preceding admission.

- f. **Special Case Admission**
Applicants who have a satisfactory academic record but who, for some reason, had a period of time when their performance was significantly lower may apply for Special Case admission (up to four such applicants may be admitted each year). See **Education, Special Case Admission (p. 140)** for details.
- g. **Admission Procedures Available to Students of Aboriginal Descent**
The Faculty of Education provides two alternative admission opportunities for applicants of Aboriginal descent. See **Education, Admission Procedures Available to Students of Aboriginal Descent (p. 140)** for details.
- h. **Returning after Withdrawal or Required Withdrawal from the Faculty of Education**
Students who withdrew or who were required to withdraw from the Faculty of Education should refer to **Education, Readmission after Withdrawal (p. 141)**.

b. Faculty of Fine Arts Requirements for the 50-Course (150.0 credit hours) B.F.A. - New Media/ B.Ed.

1. Completion of at least 30 courses (90.0 credit hours) from disciplines offered by the Faculty of Fine Arts, Faculty of Arts and Science, or the School of Liberal Education with a GPA of at least 2.00 (on the University of Lethbridge 4.0 scale).
2. A minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.0 scale) on all courses from the Department of New Media (NMED and CINE).
3. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
4. Completion of at least eight Cinema and/or New Media courses (24.0 credit hours) at the 3000/4000 level.
5. A maximum of three Independent Studies (9.0 credit hours) (see **Academic Regulations, Exceeding Course Limits, p. 61**).
6. Not more than eight courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses and courses numbered in the range of 0520 to 0530 are exempted from this limit (see **Academic Regulations, Exceeding Course Limits, p. 61**).

A maximum of two Independent Studies may be completed in the B.Ed. portion of the B.F.A. - New Media/B.Ed. (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Study Tours

Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education (see Student Program Services for policies and procedures governing Study Tours).

7. BACHELOR OF MUSIC/BACHELOR OF EDUCATION

The Faculties of Fine Arts and Education jointly offer a 52-course (156.0 credit hour) Combined Degrees program leading to the degrees Bachelor of Music (B.Mus.) and Bachelor of Education (B.Ed.). Upon successful completion of the Combined Degrees program, the student receives the B.Mus. degree from the Faculty of Fine Arts and the B.Ed. degree from the Faculty of Education.

a. Admission

Students begin in the Pre-B.Mus./B.Ed. program in the Faculty of Fine Arts, where they progress toward completion of Fine Arts degree requirements and prepare to meet the admission requirements for the Faculty of Education. After completion of the minimum admission requirements for the Faculty of Education, students may apply and, if accepted, be formally enrolled in the B.Mus./B.Ed. Combined Degrees program.

Students are not officially in the Combined Degrees program until they have been admitted to both the Faculty of Fine Arts and the Faculty of Education.

Applications are accepted for the Pre-B.Mus./B.Ed. and B.Mus./B.Ed. programs for the fall term only. Applicants should consult **Admission (p. 19)** for general admission requirements, policies, and deadlines.

1. Faculty of Fine Arts Admission Requirements for the Pre-B.Mus./B.Ed. and B.Mus./B.Ed.

In addition to the general admission requirements outlined in **Admission (p. 19)**, applicants to the Pre-B.Mus./B.Ed. and B.Mus./B.Ed. programs must successfully audition for Music Studio by the

appropriate decision document deadline (see www.uleth.ca/ross/admissions/undergrad/deadlines). Audition procedures are indicated within **Fine Arts, Admission (p. 156)**.

Enrolment in these programs is limited and admission is competitive; selections are made based on the following:

- a. Academic proficiency, as demonstrated by grade achievement; and
 - b. Successful audition.
2. Faculty of Education Admission Requirements for the B.Mus./B.Ed.

Based on the Faculty's quota system, normally a total of 216 students will be admitted to Bachelor of Education programs (Combined Degrees and After Degree) each year. Admission for this undergraduate teacher preparation program is available in the fall term only.

Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both Combined Degrees and After Degree applicants.

Applicants are encouraged to consult early with Student Program Services in the Faculty of Education regarding admission requirements and program planning.

Applicants must meet the following minimum requirements for admission to the Faculty of Education:

- a. Completion of a minimum of 14 University of Lethbridge or transferable courses (42.0 credit hours), including at least five courses (15.0 credit hours) in B.Mus. major.

Note: Due to the sequencing of required courses, the Faculty of Fine Arts strongly advises students to apply to the Faculty of Education for admission only after completing of three years of study in the Faculty of Fine Arts. A maximum of two Independent Studies may be completed in the B.Ed. portion of the B.Mus./B.Ed. (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Study Tours

Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education (see Student Program Services for policies and procedures governing Study Tours).

8. BACHELOR OF MANAGEMENT/BACHELOR OF EDUCATION

The Dhillon School of Business and the Faculty of Education jointly offer a Combined Degrees program leading to the degrees Bachelor of Management (B.Mgt.) and Bachelor of Education (B.Ed.). Upon successful completion of the Combined Degrees program, the student receives the B.Mgt. degree from the Dhillon School of Business and the B.Ed. degree from the Faculty of Education.

The Combined Degrees program may be completed in 50 courses (150.0 credit hours) when the General Management major is chosen for the B.Mgt degree. Students who choose to complete a different B.Mgt. major may be required to extend their programs beyond 50 courses.

a. Admission

Students begin in the Pre-B.Mgt./B.Ed. program in the Dhillon School of Business, where they progress toward completion of Management degree requirements and prepare to meet the admission requirements for the Faculty of Education. After completion of the minimum admission requirements for the Faculty of Education, students may apply to and, if accepted, be formally enrolled in the B.Mgt./B.Ed. Combined Degrees program. Transfer students must meet the competitive admission requirements for both the Dhillon School of Business and the Faculty of Education to be admitted directly to the B.Mgt./B.Ed. program.

Students are not officially in the Combined Degrees program until they have been admitted to both the Dhillon School of Business and the Faculty of Education.

Applicants should consult **Admission (p. 19)** for general admission requirements, policies, and deadlines.

1. Dhillon School of Business Admission Requirements for the Pre-B.Mgt./B.Ed. and B.Mgt./B.Ed.

Admission to the Pre-B.Mgt./B.Ed. and B.Mgt./B.Ed. programs is competitive and fulfilment of the minimum academic admission requirements does not guarantee admission. The Dhillon School of Business reserves the right of selection of all applicants for admission and readmission based on admission average.

- a. In addition to the general admission requirements outlined in **Admission (p. 19)**, applicants to the Pre-B.Mgt./B.Ed. and B.Mgt./B.Ed. programs must satisfactorily complete the following Alberta high school math course, University of Lethbridge's Mathematics 0500, or equivalent:

Major	Additional Admission Requirement
Quantitative Majors: Accounting, Economics, Finance	Mathematics 30-1
Non-Quantitative Majors: All other Management majors	One of: Mathematics 30-1 or Mathematics 30-2

- b. Time Limit for Retention of Course Credit
Students may receive transfer credit for both Management and non-Management courses. Management courses must have been completed at an accredited post-secondary institution not more than eight years prior to admission to the Dhillon School of Business. The Dhillon School of Business will consider requests, on a case-by-case basis, to extend this time limit for applicants with recent work experience in the field.
2. Faculty of Education Admission Requirements for the B.Mgt./B.Ed.
Based on the Faculty's quota system, normally a total of 216 students in all programs will be admitted to Bachelor of Education programs (Combined Degrees and After Degree) each year. Admission for this undergraduate teacher preparation program is available in the fall term only.
Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both Combines Degrees and After Degree applicants.
Applicants are encouraged to consult early with Student Program Services in the Faculty of Education regarding admission requirements and program planning.
Applicants must meet the following minimum requirements for admission to the Faculty of Education:
- a. Completion of a minimum of 14 University of Lethbridge or transferable courses (42.0 credit hours), including at least five Management courses (15.0 credit hours), which may include:
- Economics 1010 - Introduction to Microeconomics
 - Economics 1012 - Introduction to Macroeconomics
 - Statistics 1770 - Introduction to Probability and Statistics
- Note:** Students should consult with an academic advisor in the Dhillon School of Business for assistance planning the sequencing of their remaining B.Mgt. degree requirements after admission to the Faculty of Education.
- b. A minimum admission GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all University of Lethbridge and transferable courses taken within the terms containing the last 14 courses (42.0 credit hours). All courses must be graded.
- c. A minimum major GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all graded courses comprising the Management major.
- d. Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Education 2500 Prerequisite, p. 144**).
- e. Only courses completed by the admission document deadline will be considered for admission (see www.uleth.ca/ross/admissions/undergrad/deadlines). Exceptions are made for the completion of Education 2500 when applicants are completing the course over the spring or summer preceding admission.
- f. Special Case Admission
Applicants who have a satisfactory academic record but who, for some reason, have had a period of time when their performance was significantly lower may apply for Special Case admission (up to four such applicants may be admitted each year). See **Education, Special Case Admission (p. 140)** for details.
- g. Admission Procedures Available to Students of Aboriginal Descent
The Faculty of Education and Dhillon School of Business provide two alternative admission opportunities for applicants of Aboriginal descent. See **Education, Admission Procedures Available to Students of Aboriginal Descent (p. 140)** for details.
- h. Returning after Withdrawal or Required Withdrawal from the Faculty of Education
Students who withdrew or who were required to withdraw from the Faculty of Education should refer to **Education, Readmission after Withdrawal (p. 141)**.
- b. Dhillon School of Business Requirements for the 50-Course B.Mgt./B.Ed.**
1. A minimum grade of 'C-' is required in Statistics 1770; Economics 1010 and Economics 1012; Writing 1000 OR a university English course; and all Management courses.
Note: The Dhillon School of Business requires that students complete Writing 1000 or a university English course with a minimum grade of 'C-'.
 2. A minimum graduation GPA of 2.00 in Management courses is required (see **Dhillon School of Business, How Graduation GPA is Calculated, p. 194**).
 3. A minimum cumulative GPA of 2.00.
 4. Completion of the General Management Major, comprising the following courses:
Economics 1010 - Introduction to Microeconomics
Economics 1012 - Introduction to Macroeconomics
Management 1000 - Introduction to Management
Management 2020 - Marketing
Management 2030 - Introduction to Organizational Behaviour
Management 2070/Economics 2070 - Operations and Quantitative Management
Management 2100 - Introductory Accounting
Management 2400 - Management Accounting
Management 2700 - Business Research Methods
Management 3031 - Managing Responsibly in a Global Environment
Management 3040 - Finance
Management 3050 - Human Resource Management
Management 3061 - Information Systems and Management

Management 3080 - Managerial Skill Development
 Management 3650 - Introduction to International Management
 Management 4090 - Management Policy and Strategy
 Statistics 1770 - Introduction to Probability and Statistics

One of:

Writing 1000 - Introduction to Academic Writing
 A university English course

Three Management courses at the 3000 or 4000 level

5. Students are advised to take the following courses in their first year: Management 1000; Management 2100; Economics 1010; Economics 1012; Statistics 1770; and Writing 1000 OR a university English course.
6. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
7. All degree requirements must be completed within 10 years after admission to the Dhillon School of Business.
8. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses and courses numbered in the range of 0520 to 0530 are exempted from this limit. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, Japanese and Spanish. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. Only one of Geography 1000 and Geography 1200 will be counted toward this limit (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Note: *Students should be aware that these are the requirements for the General Management major only. Students may choose to complete a different Management major in the Combined Degrees program. If students choose a different Management major, they may be required to extend their programs beyond 50 courses (see **Major Requirements for the 50-Course B.A./B.Mgt. or B.Sc./B.Mgt., p. 248** for all Management major requirements).*

c. Faculty of Education Requirements for the 50-Course B.Mgt./B.Ed.

1. Application and admission to the Faculty of Education.
2. Completion of the equivalent of 20 Education courses including:
 Education 2500
 *Professional Semesters I, II and III
 **One Education Foundation course
 Three Education electives

**Students entering the Faculty of Education should note that practicum placements include locations outside of Lethbridge. Students must be prepared to travel. Some locations require relocation Monday to Friday.*

While not an admission requirement to the Faculty of Education, school jurisdictions and schools require a criminal record check (or equivalent) from student teachers prior to practicum. The student is responsible for the cost of obtaining such documentation.

****The Education Foundation Requirement may be met in the following ways:**

- a. One course from the following list:
 Education 4310 - Comparative Studies of Education in Developed and Third World Nations
 Education 4311 - World Issues and Problems in Education
 Education 4320 - Education and Society from a Sociological Perspective
 Education 4321 - Social Issues in Education
 Education 4341 - Foundations of Multicultural Education in Canada
 Education 4360 - Studies in the History of Western Education
 Education 4361 - History of Canadian Education
 Education 4362 - Concepts of Childhood in the History of Education
 Education 4380 - Developing a Philosophy of Education
 Education 4381 - Ethics of Teaching
 Education 4391 - Seminar in Educational Foundations (Series)
 - b. One appropriate Independent Study.
3. Maintenance of a program GPA of 2.50 in Education courses.
 4. Completion of the Career and Technology Studies (CTS): Business Focus Education major.
 5. Maintenance of a program GPA of 2.50 in the appropriate Education major.
 6. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

d. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

e. Academic Regulations

In the Combined Degrees program, students divide their time between different Faculties or Schools which measure different standards of academic performance. Students should read the academic regulations for each Faculty or School in which a portion of the Combined Degrees will be taken. For the B.Mgt./B.Ed., students should be aware of the **Faculty of Education (p. 137)** regulations and **Dhillon School of Business (p. 189)** regulations.

f. Education Minor Requirements

Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education Methods course, usually selected from the Education 3700 Series. Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor. Please refer to **Education, Education Minors (p. 146)** for information on Education minor requirements.

g. Education Specialization Requirements

Students may elect to complete a specialization in addition to a major or minor. Students will be eligible to receive an endorsement on their official academic transcript upon completion of a specialization. Please refer to **Education, Education Specializations (p. 150)** for information on Education Specialization Requirements.

h. Residence Requirement

Students must complete a minimum of 30 courses at the University of Lethbridge, including 15 Education courses and 10 Management courses, seven of which must be at the 3000/4000 level.

i. Education Special Study Arrangements

Applied Studies

Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2510 and Education 4980. The Applied Studies program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

Independent Study

A maximum of two Independent Studies may be completed in the B.Ed. portion of the B.Mgt./B.Ed. (see **Academic Regulations, Exceeding Course Limits, p. 61**).

Study Tours

Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education (see Student Program Services for policies and procedures governing Study Tours).

9. BACHELOR OF ARTS/BACHELOR OF MANAGEMENT OR BACHELOR OF SCIENCE/ BACHELOR OF MANAGEMENT

The Faculty of Arts and Science and the Dhillon School of Business jointly offer a 50-course (150.0 credit hour) Combined Degrees program leading to the degrees Bachelor of Arts (B.A.) or Bachelor of Science (B.Sc.) and Bachelor of Management (B.Mgt.). Upon successful completion of the Combined Degrees program, the student receives the B.A. or B.Sc. degree from the Faculty of Arts and Science and the B.Mgt. degree from the Dhillon School of Business.

a. Admission

Enrolment in the B.A./B.Mgt and B.Sc./B.Mgt. Combined Degrees programs is limited and fulfilment of the minimum academic admission requirements does not guarantee admission. The Faculty of Arts and Science and the Dhillon School of Business reserve the right of selection of all applicants for admission and readmission based on admission average.

Applicants should consult **Admission (p. 19)** for general admission requirements, policies, and deadlines.

1. Faculty of Arts and Science Admission Requirements for the B.A./B.Mgt. or B.Sc./B.Mgt.

All applicants to the B.A./B.Mgt. and B.Sc./B.Mgt. programs must meet the general admission requirements outlined in **Admission (p. 19)**.

In addition, applicants to the following majors must satisfactorily complete the Alberta high school courses indicated, or equivalents:

Major	Additional High School Admission Requirement(s)
Biological Sciences	Biology 30 Chemistry 30 Mathematics 30-1

Chemistry	Chemistry 30 Mathematics 30-1
Computer Science	Mathematics 30-1
Economics	Mathematics 30-1 or Mathematics 30-2
Kinesiology (B.Sc.) ¹	Biology 30
Mathematics	Mathematics 30-1 (Mathematics 31 recommended)
Physics	Mathematics 30-1

¹ Beginning with admission for Fall 2020, students applying to the major in Kinesiology for the B.Sc. will need Biology 30, Chemistry 30, and Mathematics 30-1 (or equivalent courses).

2. Dhillon School of Business Admission Requirements for the B.A./B.Mgt. and B.Sc./B.Mgt.

Admission to the B.A./B.Mgt. and B.Sc./B.Mgt. programs is competitive and fulfilment of the minimum academic admission requirements does not guarantee admission. The Dhillon School of Business reserves the right of selection of all applicants for admission and readmission based on admission average.

In addition to the general admission requirements outlined in **Admission (p. 19)**, applicants to the B.A./B.Mgt. and B.Sc./B.Mgt. programs must satisfactorily complete the following Alberta high school math course, University of Lethbridge's Mathematics 0500, or equivalent:

Major	Additional Admission Requirement
Quantitative Majors: Accounting, Economics, Finance	Mathematics 30-1
Non-Quantitative Majors: All other Management majors	One of: Mathematics 30-1 or Mathematics 30-2

3. Time Limit for Retention of Course Credit

Students may receive transfer credit for both Management and non-Management courses. Management courses must have been completed at an accredited post-secondary institution not more than eight years prior to admission to the Dhillon School of Business.

The Dhillon School of Business will consider requests, on a case-by-case basis, to extend this time limit for applicants with recent work experience in the field.

4. Choice of majors

Applicants seeking the B.A./B.Mgt. or B.Sc./B.Mgt. degrees must declare distinct majors in the Combined Degrees program. For example, if Economics, Indigenous Studies, or Political Science is chosen for the B.A. portion of the B.A./B.Mgt. program, the applicant must declare a Management major other than Economics, Indigenous Governance and Business Management or Political Science, respectively.

b. General Requirements for the 50-Course B.A./B.Mgt. or B.Sc./Mgt.

1. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
2. Residence requirement: Students must complete a minimum of 30 courses at the University of Lethbridge, including 20 courses from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education and 10 Management courses at the 3000/4000 level.

Depending on the major combination chosen, students may be required to extend their program beyond 50 courses. (See **Academic Regulations, Exceeding Course Limits, p. 61**).

c. Faculty of Arts and Science Degree Requirements for the 50-Course B.A./B.Mgt. or B.Sc./Mgt.

1. Completion of at least 30 courses (90.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education with a GPA of at least 2.00.
2. Not more than 10 courses (30.0 credit hours) may be completed at the 1000 level (or lower) for credit towards the Arts and Science degree, excluding Activity courses (labelled PHAC and MUSE) and courses numbered in the range of 0520 or 0530.
3. Completion of at least 10 courses (30.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or the School of Liberal Education at the 3000/4000 level, excluding Activity courses (labelled PHAC and MUSE).
4. Not more than three Independent Study courses (9.0 credit hours) may be completed for credit towards the degree.
5. Not more than three Disciplinary Credit Applied Studies courses (9.0 credit hours) may be completed for credit towards the degree. Students may, in addition, complete Applied Studies 2000, 2001, 2010, and 2011.
6. Not more than 17 courses (51.0 credit hours) may be completed from any one discipline for credit towards the degree (see **Arts and Science, Arts and Science Disciplines, p. 93**).

Note: Disciplines are identified by a specific course label (e.g. KNES, ASTR, and HIST are separate disciplines).

7. Not more than six credit hours in Activity courses (i.e. courses labelled PHAC and MUSE) may be completed for credit towards the degree, except for Kinesiology majors (not more than 15.0 credit hours) and Music majors (not more than 12.0 credit hours).
8. Residence requirement: at least 20 courses (60.0 credit hours) from disciplines offered by the Faculty of Arts and Science, Faculty of Fine Arts, or School of Liberal Education must be completed at the University of Lethbridge.

(See **Academic Regulations, Exceeding Course Limits, p. 61**).

d. Dhillon School of Business Degree Requirements for the 50-Course B.A./B.Mgt. or B.Sc./B.Mgt.

1. A minimum grade of 'C-' is required in Statistics 1770; Economics 1010 and Economics 1012; Writing 1000 OR a university English course; all Management courses, including those cross-listed with Management; and all courses in the major marked with an asterisk (*).
2. A minimum graduation GPA of 2.00 in Management courses is required (see **Dhillon School of Business, How Graduation GPA is Calculated, p. 194**).
3. Completion of a minimum of 20 Management courses including all courses required for the Management major and the courses listed below.
 - Management 1000 - Introduction to Management
 - Management 2020 - Marketing
 - Management 2030 - Introduction to Organizational Behaviour
 - **Management 2070/Economics 2070 - Operations and Quantitative Management
 - Management 2100 - Introductory Accounting
 - Management 2400 - Management Accounting
 - Management 3031 - Managing Responsibly in a Global Environment
 - Management 3040 - Finance
 - Management 3050 - Human Resource Management
 - Management 3061 - Information Systems and Management
 - Management 3080 - Managerial Skill Development
 - *Management 3650 - Introduction to International Management
 - Management 4090 - Management Policy and Strategy
 - **Economics 1010 - Introduction to Microeconomics
 - **Economics 1012 - Introduction to Macroeconomics
 - **Statistics 1770 - Introduction to Probability and Statistics
- ** **One of:**
 - Writing 1000 - Introduction to Academic Writing
 - A university English course
- *Students completing the Accounting major are not required to complete Management 3650
- **These courses count toward the 30 courses required for the B.A. or B.Sc. portion of the B.A./B.Mgt. or the B.Sc./B.Mgt.
4. All degree requirements must be completed within 10 years after admission to the Dhillon School of Business.
5. Students are advised to take the following courses in their first year: Management 1000; Management 2100; Economics 1010; Economics 1012; Statistics 1770; Writing 1000 OR a university English course.

e. Major Requirements for the 50-Course B.A./B.Mgt. or B.Sc./B.Mgt.

1. Arts and Science Majors
 - For the B.A., a major program must be chosen and completed from among the following majors: Anthropology, Art, Canadian Studies, Dramatic Arts, Economics, English, French, French/Spanish, Geography, History, Indigenous Studies, Kinesiology, Music, Philosophy, Political Science, Psychology, Religious Studies, Sociology, Urban and

Regional Studies, Women and Gender Studies, a General Major in the Humanities, or a General Major in the Social Sciences.

For the B.Sc., a major program must be chosen and completed from among the following majors: Biological Sciences, Chemistry, Computer Science, Geography, Kinesiology, Mathematics, Physics, Psychology, or a General Major in the Sciences.

At least half the required courses in the major must be completed at the University of Lethbridge.

a. Anthropology

Students must complete a minimum of 13 courses.

Required courses:

Anthropology 1000 - The Anthropological Perspective

Anthropology 2210 - Cultures of the World (Series)

Anthropology 2410 - Anthropological Approaches to Prehistory

Anthropology 3000 - Anthropological Thought

Anthropology 3010 - Methods, Knowledge, and Ethics

Two additional courses (6.0 credit hours) in Anthropology at the 3000 or 4000 level

Two courses (6.0 credit hours) in Anthropology at the 4000 level

Four additional courses (12.0 credit hours) in Anthropology at the 2000 level or above

Notes

Independent Studies courses, Applied Studies courses, and the Undergraduate Thesis may not be counted as part of the minimum requirements for the major.

b. Art

Students must complete a minimum of 13 courses.

Required courses:

Art 2031 - Foundation Studio (Drawing and Image)

Art 2032 - Foundation Studio (Object and Space)

Art 3010 - Drawing (Principles and Practices)

Art History 1000 - Introduction to Art

Art History 2001 - Contemporary Art Practices and Theories

Art History 2225 - A Brief History of World Art

One of:

Art 3261 - Art NOW

Art 3262 - Art NOW

One of:

Art History 3200 - Issues in 19th-Century Art and Culture

Art History 3215 - 20th-Century Art History to 1945

Art History 3240 - Canadian Art History to 1960

Museum Studies 2900 - Introduction to Museum Studies

One of:

Art History 3151 - Art History (Series)
Art History 3152 - Indigenous Art History (Series)

Art History 3220 - Art from 1945 to 1980
Art History 3245 - Canadian Art History from 1960 to the Present

Art History 3270 - Global Art Since 1980

Art History 3850 - Topics in Art History

Art History 4150 - Art History (Series)

Museum Studies 3850 - Topics in Museum Studies

Museum Studies 3900 - Exhibiting

Cultures: Art Galleries, Museums and Cultures of Display

Museum Studies 4000 - Museum Studies Internship

Four additional courses (12.0 credit hours) Art, Art History, or Museum Studies

c. Biological Sciences

Students must complete a minimum of 16 courses.

Required courses:

Biochemistry 2000 - Introductory Biochemistry

Biology 1010 - Cellular Basis of Life

Biology 1020 - Diversity of Life

Biology 2000 - Principles of Genetics

Biology 2200 - Principles of Ecology

Biology 3300 - Evolution

Chemistry 1110 - Chemistry for Life Sciences I

Chemistry 2120 - Chemistry for Life Sciences II

Physics 1050 - Introduction to Biophysics

Statistics 1770 - Introduction to Probability and Statistics

One of:

One course (3.0 credit hours) in English (at the 1000 level or higher)

Writing 1000 - Introduction to Academic Writing

¹ Five courses (15.0 credit hours) in Biology at the 3000 or 4000 level, including two courses (6.0 credit hours) from two of the following subfield lists, and one course (3.0 credit hours) from the third subfield list; one of the five courses must be at the 4000 level

List 1 - Cellular and Molecular Biology

Biology 3000 - Gene Expression and Regulation

Biology 3005 - Genome Maintenance

Biology 3105 - Signal Transduction

Biology 3115 - Principles of Cell Growth

² Biology 3210 - Experimental Methods in Molecular and Cellular Biology

Biology 4100 - Advances in Agricultural Biotechnology

Biology 4130 - Genomics and Biotechnology

Biology 4140 - RNA Biology

Biology 4170 - Plant Biotechnology

Biology 4200 - Techniques in Molecular Biology

Biology 4230 - Molecular and Cellular Biology of Cancer

List 2 - Organismal Biology

Biology 3310 - Developmental Biology

Biology 3400 - Principles of Microbiology

Biology 3420 - Animal Physiology

Biology 3460 - Plant Physiology

Biology 3505 - Freshwater Biology

Biology 3520 - Invertebrate Zoology

Biology 3530 - Vertebrate Zoology

Biology 3560 - Integrative Plant Biology

Biology 4420 - Environmental Physiology

Biology 4440 - Toxicology

Biology 4560 - Plant Development

List 3 - Ecology and Evolutionary Biology

Biology 3605 - Conservation Biology

³Biology 3610 - Prairie Conservation

Biology 3630 - Field Biology

Biology 3660 - Field Botany and Ecology

Biology 3700 - Ecosystem Ecology

Biology 3710 - Population Biology

Biology 3800 - Aquatic Ecosystems

Biology 3810 - Experimental Design and Analysis

Biology 4700 - Molecular Ecology

Biology 4710 - Evolutionary and Ecological Modelling

Biology 4740 - Behavioural Ecology

Biology 4800 - Biology of Parasitism

Recommended course:

Environmental Science 2000 - Fundamentals of Environmental Science

Notes

¹Topics courses (Biology 3850 and 4850) may be assigned to one of the Biological Sciences lists at the time of scheduling. Please refer to the current term timetable.

²Prerequisite required: Chemistry 2000.

³Prerequisite required: Environmental Science 2000.

d. Canadian Studies

Students must complete 15 of the 20 courses normally required for the major in Canadian Studies for the B.A. (see **Arts and Science, p. 105**). At least six of the courses must be taken at the 3000 or 4000 level. Nine courses should be selected from the core list. The remaining six courses must include at least two disciplines. Please contact an Arts and Science academic advisor for more information.

e. Chemistry

Students must complete a minimum of 14 courses.

Required Courses:

Chemistry 1000 - General Chemistry I

Chemistry 2000 - General Chemistry II

Chemistry 2410 - Analytical Chemistry I

Chemistry 2500 - Organic Chemistry I

Chemistry 2600 - Organic Chemistry II

Chemistry 2740 - Physical Chemistry

Physics 2000 - Introduction to Physics II

One of:

Mathematics 1560 - Calculus I

Mathematics 1565 - Accelerated Calculus I (recommended)

One of:

Mathematics 2560 - Calculus II

Mathematics 2565 - Accelerated Calculus II (recommended)

One of:

Physics 1000 - Introduction to Physics I (recommended)

Physics 1050 - Introduction to Biophysics

¹Engineering 2060 - Engineering Mechanics

Four of:

Biochemistry 2000 - Introductory Biochemistry

Biochemistry 3100 - Proteins, Enzymes and Nucleic Acids

Biochemistry 3300 - Bioenergetics and Metabolism

Chemistry 3250 - Contemporary Chemistry

Chemistry 3410 - Analytical Chemistry II

²Chemistry 3730 - Advanced Physical Chemistry

Chemistry 3830 - Inorganic Chemistry I

Chemistry 3840 - Inorganic Chemistry II

Recommended course:

Biology 1010 - Cellular Basis of Life

Notes

¹Prerequisite required: Engineering 2000.

²Prerequisite required: Mathematics 1410

The major in Chemistry for the Combined Degrees program is not accredited by the Canadian Society of Chemistry, nor is it sufficient for pursuing graduate studies in Chemistry.

Chemistry courses are organized in sequences and must be taken in the proper order. In addition, several of the 3000-level courses are offered only in alternate years. Students with a major in Chemistry are advised to seek help in planning their programs from the Departmental Advisor or from any faculty member in the Department of Chemistry and Biochemistry at an early stage of their studies.

f. Computer Science

Students must complete a minimum of 11 courses.

Required courses:

Computer Science 1620 - Fundamentals of Programming I

Computer Science 1820 - Discrete Structures

Computer Science 2610 - Introduction to Digital Systems

Computer Science 2620 - Fundamentals of Programming II

Computer Science 2720 - Practical Software Development

Computer Science 3620 - Data Structures and Algorithms

Computer Science 3660 - Introduction to Database Systems
 Computer Science 3740 - Programming Languages
 Mathematics 2000 - Mathematical Concepts
 One course (3.0 credit hours) in Computer Science at the 4000 level, excluding Computer Science 4850 (Topics), Computer Science 4980 (Applied Studies), and Computer Science 4990 (Independent Study)
 One additional course (3.0 credit hours) in Computer Science

g. Dramatic Arts

Students must complete a minimum of 15 courses.

Required courses:

Drama 1000 - Introduction to Dramatic Arts
 Drama 2010 - Performance Fundamentals
 Drama 2100 - Play Reading and Analysis
 Drama 2120 - History and Development of Theatre I
 Drama 2130 - History and Development of Theatre II
 Drama 2810 - Introduction to Stagecraft
 Drama 3100 - Theatre in Performance
 Drama 3130 - Canadian Theatre
 Drama 3151 - Play Reading and Analysis II
 Drama 4211 - Theories of Theatre

One of:

Drama 2310 - Acting I
 Drama 2320 - Voice I
 Drama 2340 - Movement I
 Drama 2420 - Directing I
 Drama 2510 - Theatre for Young Audiences I
 Drama 2740 - Devised Theatre I
 Drama 2750 - Playwriting I
 Drama 2825 - Introduction to Design for Theatre

One of:

Drama 2600 - Drama Portfolio I
 Drama 2611 - Technical Theatre Portfolio I

One of:

English 3201 - Elizabethan and Jacobean Drama
 English 3602 - Shakespeare
 English 3620 - Modern Drama
 English 3660 - Contemporary Drama

One additional course (3.0 credit hours) in Drama at the 3000/4000 level

One additional course (3.0 credit hours) in Drama

h. Economics

Students must complete a minimum of 14 courses.

Required courses:

Economics 1010 - Introduction to Microeconomics
 Economics 1012 - Introduction to Macroeconomics
 Economics 2750 - Quantitative Methods in Economics
 Economics 2900 - Economics and Business Statistics
 Economics 3010 - Intermediate Microeconomic Theory
 Economics 3012 - Intermediate Macroeconomic Theory
 Economics 3950 - Econometrics I
 Statistics 1770 - Introduction to Probability and Statistics

Three courses (9.0 credit hours) in Economics at the 4000 level

Three additional courses (9.0 credit hours) in Economics

i. English

Students must complete a minimum of 13 courses.

Required courses:

English 1900 - Introduction to Language and Literature

Two of (Literary Surveys):

English 2000 - Survey of Canadian Literature
 English 2400 - Survey of English Literature I
 English 2450 - Survey of English Literature II
 English 2500 - Survey of American Literature I
 English 2550 - Survey of American Literature II
 English 2610 - Survey of Children's Literature
 English 2625 - Survey of World Literature
 English 2700 - Surveys of Literature (Series)

Two of (Genres, Approaches and Themes):

English 2100 - Poetry
 English 2200 - Drama
 English 2300 - Prose Fiction
 English 2720 - Approaches to Literature (Series)
 English 2800 - Rhetoric
 English 2810 - Grammar

q. Kinesiology (B.A.)

Students must complete a minimum of 13 courses.

Required courses:

Kinesiology 1000 - Wellness and Physical Activity

Kinesiology 2110 - Biophysical Perspectives

Kinesiology 2130 - Humanities Perspectives

Kinesiology 2140 - Psychological Perspectives

Kinesiology 2150 - Sociological Perspectives

Kinesiology 2200 - Research Methodologies

Kinesiology 2600 - Functional Human Anatomy

Kinesiology 3300 - Leadership Skills Development

One course (3.0 credit hours) in Kinesiology at the 3000/4000 level with a Humanities or Social Science designation

One course (3.0 credit hours) in Kinesiology at the 4000 level with a Humanities or Social Science designation, excluding Kinesiology 4980 (Applied Study) and Kinesiology 4990 (Independent Study)

Three courses (9.0 credit hours) in Physical Activity at the 3000 level

Notes

To determine if a given course in Kinesiology has a Humanities or Social Science designation, see List I: Fine Arts and Humanities Courses and List II: Social Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

r. Kinesiology (B.Sc.)

Students must complete a minimum of 16 courses.

Required courses:

Biology 1010 - Cellular Basis of Life

Kinesiology 1000 - Wellness and Physical Activity

Kinesiology 2200 - Research Methodologies

Kinesiology 2600 - Functional Human Anatomy

Kinesiology 2610 - Human Physiology

Kinesiology 2650 - Functional Biomechanics

Kinesiology 3300 - Leadership Skills Development

Kinesiology 3610 - Exercise Physiology

Kinesiology 3630 - Growth, Development and Aging

Kinesiology 3650 - Biomechanics

Physics 1050 - Introduction to Biophysics

One of:

Chemistry 1000 - General Chemistry I

Chemistry 1110 - Chemistry for Life Sciences I

¹ One course (3.0 credit hours) in Kinesiology at the 4000 level with a Science designation, excluding Kinesiology 4980 (Applied Study) and Kinesiology 4990 (Independent Study)

Three courses (9.0 credit hours) in Physical Activity at the 3000 level

Notes

¹ *Kinesiology 4900 (Interdisciplinary Research Dialogues) may be used in place of one Kinesiology course at the 4000 level with a Science designation.*

To determine if a given course in Kinesiology has a Science designation, see List III: Science Courses (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

s. Mathematics

Students must complete a minimum of 13 courses.

Required courses:

**II. BACHELOR OF FINE ARTS - NEW MEDIA/
BACHELOR OF MANAGEMENT**

The Faculty of Fine Arts and the Dhillon School of Business
 jointly offer a 50-course (150.0 credit hours) Combined
 Degrees program leading to the degrees (Bachelor of Fine Arts
 - New Media (B.F.A. - New Media) and Bachelor of
 Management (B.Mgt.). Upon successful completion of the
 Combined Degrees program, the student receives the B.F.A. -
 New Media degree from the Faculty of Fine Arts and the
 B.Mgt. degree from the Dhillon School of Business.

The B.F.A. - New Media/B.Mgt. Combined Degrees program
 may be completed in 50 courses when the General
 Management major is chosen for the B.Mgt. degree. Students
 who choose to complete a different B.Mgt. major may be
 required to extend their programs beyond 50 courses. See
Section d.3 (below) for details.

a. Admission

Applicants may be admitted to the B.F.A. - New Media/
 B.Mgt. when they are admitted to the University.
 Enrolment in both the Faculty of Fine Arts and the Dhillon
 School of Business is limited and fulfillment of the
 minimum admission requirements does not guarantee
 admission. Applications are accepted for the B.F.A. - New
 Media/B.Mgt. program for the fall term only. Applicants
 should consult **Admission (p. 19)** for general admission
 requirements, policies and deadlines.

In addition to the general admission requirements
 outlined in **Admission (p. 19)**, all applicants to the B.F.A.
 - New Media/B.Mgt. must satisfy the following
 requirements:

I. New Media Portfolio)

Applicants to the B.F.A. - New Media/B.Mgt.
 Combined Degrees program must submit a portfolio
 by the appropriate decision document deadline (see
www.uleth.ca/ross/admissions/undergrad/deadlines).
 Portfolio requirements are indicated below.

New Media Portfolio Content**Questionnaire**

The questionnaire provides insight to the
 Department of New Media about an applicant's
 background, experience, inspirations and goals. For
 each of the following questions, an applicant should
 provide an approximately 200-word statement per
 question:

- Interest: What areas of interest does the
 applicant have in New Media (examples:
 graphic design, web design and
 development, interaction design, 3D

modeling, animation, gaming, narrative screen writing, cinema production and studies, historical and contemporary new media theory).

- Background: What is the applicant's background? What fine arts classes and technology experience do they have?
- Goals: What are the applicant's goals when they complete a degree in this field?

10-20 Examples of Work

An applicant must submit examples of 10 to 20 current pieces of their work. The applicant is encouraged to submit works that display variety and the breadth of their experiences. This may be from any of the following areas: art, drama, music and new media. Works may be created inside or outside a formal class setting.

Examples of the type of works an applicant can submit, but are not limited to, include:

- Graphic design, digital drawing, or illustration
- Video, animation, or audio-based work
- Interaction design or website design
- Graphic novel and zine productions
- Digital fabrications (like 3D printing)
- Photography (analogue or digital)
- Drawings, prints, paintings, or murals
- Selections from sketchbooks and journals
- Sculpture, fibre, or ceramic work
- Drama performance/construction/participation documentation (reviews, photos, programs)
- Music production - a piece of music from any genre produced and recorded by the applicant
- Other creative works

Note: Applicants may submit more than one image of a single work as a PDF if the work is large or complex.

The applicant should include the following information with their work:

- Title
- Year of work
- Technology or equipment used
- Brief description of the work - maximum 50 words (optional)
- Names of any collaborators (if relevant)

750-Word Essay (optional)

If the applicant does not have access to the necessary technology, they can submit an essay instead of providing examples of work (a questionnaire is also required as part of the application).

The applicant will research the term New Media, its many media components, and then write a 750 word essay explaining why they are interested in it, and what it is about their particular background skills and interests that makes the B.F.A. - New Media degree interesting to them. In one of the paragraphs, the applicant shall address the reasons why they decided to submit an essay rather than examples of their work.

Portfolio Review Dates

Portfolio submissions will be reviewed according to the following schedule:

- December 15 - first round
- February 15 - second round
- March 15 - third round
- June 15 - final deadline for submission and final evaluation

Portfolio Submission

Portfolios (or essay alternative) are submitted online at:

www.ulethbridge.slideroom.com

5. Students are advised to take the following courses by the end of their second year: Economics 1010; Economics 1012; Management 1000; Management 2100, Statistics 1770; and Writing 1000 OR a university English course.

e. Academic Regulations

In the Combined Degrees program, students divide their time between two different Faculties or Schools which have different standards of academic performance. Students should read the academic regulations for each Faculty or School in which a portion of the Combined Degrees will be taken. For the B.F.A. - New Media/B.Mgt, students should be aware of the **Faculty of Fine Arts (p. 153)** regulations and the **Dhillon School of Business (p. 189)** regulations.

f. Residence Requirement

Students must complete a minimum of 30 courses at the University of Lethbridge including seven New Media courses and 10 Management courses at the 3000 or 4000 level.

g. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

12. BACHELOR OF HEALTH SCIENCES/BACHELOR OF MANAGEMENT

The Faculty of Health Sciences and the Dhillon School of Business jointly offer a 50-course (150.0 credit hour) Combined Degrees program leading to the degrees Bachelor of Health Sciences (B.H.Sc.) and Bachelor of Management (B.Mgt.) Upon successful completion of the Combined Degrees program, the student receives the B.H.Sc. degree from the Faculty of Health Sciences and the B.Mgt. degree from the Dhillon School of Business.

The Combined Degrees program may be completed in 50 courses when the General Management or Human Resource and Labour Relations major is chosen for the B.Mgt. degree. Students who choose to complete a different B.Mgt. major may be required to extend their program beyond 50 courses. The B.H.Sc. in the Combined Degrees program is available only with the major in Public Health.

a. Admission

Applicants may be admitted to the B.H.Sc./B.Mgt. when they are admitted to the University. Enrolment in both the Faculty of Health Sciences and the Dhillon School of Business is limited and fulfillment of the minimum admission requirements does not guarantee admission. Students are not officially in the B.H.Sc./B.Mgt. Combined Degrees program until they have been admitted to both the Faculty of Health Sciences and the Dhillon School of Business.

In addition to the general admission requirements outlined in **Admission (p. 19)**, all applicants to the

B.H.Sc./B.Mgt. Combined Degrees program must satisfy the following Alberta high school courses or equivalents:

Major	Additional Admission Requirement
Quantitative Majors: Accounting, Economics, Finance	Biology 30 English Language Arts 30-1 Chemistry 30 Mathematics 30-1
Non-Quantitative Majors: All other Management majors	Biology 30 Chemistry 30 English Language Arts 30-1 One of: Mathematics 30-1 or Mathematics 30-2

1. Spoken English Language Proficiency Requirement (SELP)

In addition to the English Language Proficiency requirement for general admission to the University of Lethbridge (see **Admission, English Language Proficiency Requirement, p. 26**), applicants to the B.H.Sc./B.Mgt. must also meet the Faculty of Health Sciences' Spoken English Language Proficiency (SELP) requirement (see **Health Sciences, Spoken English Language Proficiency Requirement (SELP), p. 181**).

b. General Requirements for the 50-Course B.H.Sc./B.Mgt.

1. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).
2. Not more than 10 courses may be taken at the 0100/1000 level for credit toward the degree. Activity courses are exempted from this limit. Language courses are offered in the 0100-1990 range. Only the first course in the range counts toward this limit in the language subjects of French, German, Greek, Japanese, Latin and Spanish. Only one of Economics 1010 and Economics 1012 will be counted toward this limit. Only one of Biology 1010 and Biology 1020 will be counted toward this limit. Only one of Geography 1000 and Geography 1200 will be counted toward this limit (see **Exceeding Course Limits, p. 73**).
3. Students must complete a minimum of 30 courses (90.0 credit hours) at the University of Lethbridge, including a minimum of 15 Health Sciences courses and 10 Management courses at the 3000 or 4000 level.

c. Faculty of Health Sciences Degree Requirements for the 50-Course B.H.Sc./B.Mgt.

1. A minimum GPA of 2.50 in all Public Health courses taken and a cumulative GPA of at least 2.00 (on the University of Lethbridge 4.0 scale) on courses for credit towards the degree.
2. All degree requirements must be completed within seven years after the first Public Health course taken towards the degree.

Students should be aware that some of the above courses have prerequisites which may require taking courses extra to their degrees. Check with an academic advisor for more information.

Note: *Students should be aware that these are the requirements for the General Management or Human Resource Management and Labour Relations majors only. Students may choose to complete a different Management major in the Combined Degrees program. If students choose a different Management major, they may be required to extend their programs beyond 50 courses (see **Management, Major Requirements for the 50-Course B.A./B.Mgt. or B.Sc./B.Mgt., p. 248** for all Management major requirements).*

e. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

f. Academic Regulations

In the Combined Degrees program, students divide their time between two different Faculties or Schools which have different standards of academic performance. Students should read the academic regulations for each Faculty or School in which a portion of the Combined Degrees will be taken. For the B.H.Sc./B.Mgt., students should be aware of the **Faculty of Health Sciences (p. 177)** regulations and the **Dhillon School of Business (p. 189)** regulations.

13. POST-DIPLOMA COMBINED DEGREES PROGRAMS IN FINE ARTS AND EDUCATION

The Faculties of Fine Arts and Education jointly offer a 35-course (105.0 credit hour) Combined Degrees program leading to the degrees Bachelor of Fine Arts - Art (B.F.A. - Art), Bachelor of Fine Arts - Dramatic Arts (B.F.A. - Dramatic Arts), or Bachelor of Music (B.Mus.), and Bachelor of Education (B.Ed.) to holders of eligible diplomas in Art, Theatre or Dramatic Arts, or Music. Upon successful completion of the Combined Degrees program, the student receives the B.F.A. - Art, B.F.A. - Dramatic Arts, or B.Mus. degree from the Faculty of Fine Arts and the B.Ed. degree from the Faculty of Education.

Note: *The B.F.A. - Multidisciplinary is not available as a Post-Diploma Combined Degrees program.*

a. Admission

Students begin in the Pre-Post-Diploma B.F.A. - Art or Dramatic Arts/B.Ed. or Pre-Post-Diploma B.Mus./B.Ed. program in the Faculty of Fine Arts. After completion of 10 courses (30.0 credit hours), including Education 2500 (or equivalent), students must apply for admission to the Faculty of Education. Students are not officially in the Post-Diploma Combined Degrees program until they have been admitted to both the Faculty of Fine Arts and the Faculty of Education.

Applications are accepted for the Pre-B.Mus./B.Ed. and the Pre-B.F.A. - Dramatic Arts/B.Ed. programs for the fall term only. Applications are accepted for the Pre-B.F.A. - Art program for both fall and spring terms. Applicants should consult **Admission (p. 19)** for general admission requirements, policies, and deadlines.

- I. Faculty of Fine Arts Admission Requirements for the Pre-Post-Diploma B.F.A. - Art, Pre-Post-Diploma B.F.A. - Dramatic Arts/B.Ed., and Pre-Post-Diploma B.Mus./B.Ed.

- a. Completion of an approved two- or three-year college diploma in Art, Theatre or Dramatic Arts, or Music with a cumulative diploma GPA of at least 2.50.

See www.uleth.ca/postdiploma for current information on diplomas approved for admission to Post-Diploma degree programs in the Faculty of Fine Arts. The Faculty will consider diplomas not previously approved for admission on a case-by-case basis.

Note: *Approval is dependent upon the diploma program containing the courses required for the first two years of the B.F.A. - Art or Dramatic Arts, or B.Mus. program. The diploma program must include a minimum of 16 courses in the discipline.*

- b. The appropriate portfolio or audition for the program by the appropriate decision document deadline. Details are provided below.

Portfolio/Audition Content

Art

See Art Portfolio instructions in **Fine Arts, Bachelor of Fine Arts - Art, p. 154**. Portfolio requirements are also available at:

www.uleth.ca/finearts/admissions

Dramatic Art

Materials representative of 10-20 recent theatre experiences as a performer, designer, or technician. Examples include: list of productions, roles, reviews, photographs, programs, and/or video.

Portfolio requirements are also available at:

www.uleth.ca/finearts/admissions

Music

A live audition or 20-minute video demonstrating musicianship, musical development, overall ability, and potential. Applicants to the Pre-Post-Diploma B.Mus./B.Ed. program must successfully audition into Studio V - Instrument (Music Studio 3548) to be eligible for admission. The audition application and additional information are available at:

www.uleth.ca/finearts/admissions

Also see **Fine Arts, Bachelor of Music, Music Major, p. 156**.

Portfolio Submission

Portfolios are submitted online at:

www.ulethbridge.slideroom.com

For more information, visit the Faculty of Fine Arts website at www.uleth.ca/finearts/ admissions, contact the Faculty of Fine Arts Admissions and Portfolio Advisor at 403-380-1864, or email finearts.admissions@uleth.ca.

2. Faculty of Education Admission Requirements for the Post-Diploma B.F.A. - Art, Post-Diploma B.F.A. - Dramatic Arts/B.Ed., and Post-Diploma B.Mus./B.Ed.

Based on the Faculty's quota system, normally a total of 216 students will be admitted to Bachelor of Education programs (Combined Degrees and After Degree) each year. Admission for this undergraduate teacher preparation program is available in the fall term only.

Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both Combined Degrees and After Degree applicants.

Applicants are encouraged to consult early with Student Program Services in the Faculty of Education regarding admission requirements and program planning.

Applicants must meet the following minimum requirements for admission to the Faculty of Education:

- a. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Education, Education 2500 Prerequisite, p. 144**).

- b. A minimum admission GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all University of Lethbridge and transferable courses completed within the terms containing the last 14 courses (42.0 credit hours). If any part of the diploma falls within the last 14 courses (42.0 credit hours), the entirety of the diploma (i.e., the diploma GPA) is included in the calculation. All courses must be graded with the exception of Education 2500.
- c. A minimum major GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on the completed diploma and all additional graded courses comprising the major:
- Art: Art, Art History, and Museum Studies courses
- Dramatic Arts: Drama courses
- Music: Music and Music Ensemble Activity courses
- d. Special Case Admission
- Applicants who have a satisfactory academic record but who, for some reason, had a period of time when their performance was significantly lower may apply for Special Case admission (up to four such applicants may be admitted each year). See **Education, Special Case Admission (p. 140)** for details.
- e. Admission Procedures Available to Students of Aboriginal Descent
- The Faculty of Education provides two alternative admission opportunities for applicants of Aboriginal descent. See **Education, Admission Procedures Available to Students of Aboriginal Descent (p. 140)** for details.
- f. Returning after Withdrawal or Required Withdrawal from the Faculty of Education
- Students who withdrew or who were required to withdraw from the Faculty of Education should refer to **Education, Readmission after Withdrawal (p. 141)**.
- b. Faculty of Fine Arts Requirements for the 35-Course (105.0 credit hours) Post-Diploma B.F.A. - Art or Dramatic Arts/B.Ed. or Post-Diploma B.Mus./B.Ed.**
1. Completion of at least 15 courses from disciplines offered by the Faculty of Fine Arts, the Faculty of Arts and Science, or the School of Liberal Education with a GPA of at least 2.00 (on the University of Lethbridge 4.0 scale).
 2. Completion of a minimum of eight courses (24.0 credit hours) in the discipline (Art, Art History, Drama, Museum Studies, or Music) with a GPA of at least 2.50 (on the University of Lethbridge 4.0 scale). These courses will be a subset of the courses currently required in the B.F.A. - Art or Dramatic Arts/B.Ed. or B.Mus./B.Ed. programs.
 3. Completion of seven courses from the Social Sciences and Sciences to fulfill the Liberal Education List Requirement as follows (see **School of Liberal Education, Liberal Education List Requirement, p. 83**):
 - a. Two courses from each of List II: Social Sciences and List III: Sciences.
 - b. Three additional courses from either of these two areas.
 4. Completion of at least eight courses (24.0 credit hours) at the 3000/4000 level.
 5. A maximum of three Independent Studies (see **Academic Regulations, Exceeding Course Limits, p. 61**).
 6. The entire program must be approved in advance by an academic advisor in the Faculty of Fine Arts.

The Combined Degrees program may be completed in 35 courses (105.0 credit hours) when the General Management major is chosen for the B.Mgt. degree. Students who choose to complete a different Management major may be required to extend their programs beyond 35 courses.

a. Admission

Students begin in the Pre-Post-Diploma B.Mgt./B.Ed. program in the Dhillon School of Business. After completion of one or two terms, including Education 2500, students must apply for admission to the Faculty of Education.

Students are not officially in the Post-Diploma B.Mgt./B.Ed. Combined Degrees program until they have been admitted to both the Dhillon School of Business and the Faculty of Education.

Enrolment in both the Dhillon School of Business and the Faculty of Education is limited and fulfillment of the minimum admission requirements does not guarantee admission to the Combined Degrees program.

Applicants should consult **Admission** (for general admission requirements, policies, and deadlines).

I. Dhillon School of Business Admission Requirements for the Pre-Post-Diploma B.Mgt./B.Ed.

- a. Applicants may gain admission to the competitive Pre-Post-Diploma B.Mgt./B.Ed. program by completing an approved diploma in Business Administration or Management, completed not more than eight years prior to admission, with a cumulative GPA at or above the current admission cut-off and not less than 2.00 (on the University of Lethbridge 4.00 scale). Admission to the Pre-Post-Diploma B.Mgt./B.Ed program is guaranteed to applicants who have completed an approved diploma with a GPA of 3.00 or higher (on the University of Lethbridge 4.00 scale).

See www.uleth.ca/postdiploma for current information on diplomas approved for

admission to the Pre-Post-Diploma B.Mgt./B.Ed. program. The Dhillon School of Business will consider diplomas not previously approved for admission on a case-by-case basis.

2. Faculty of Education Admission Requirements for the Post-Diploma B.Mgt./B.Ed.

Based on the Faculty's quota system, normally a total of 216 students will be admitted to the Bachelor of Education programs (Combined Degrees and After Degree). Admission for this undergraduate teacher preparation program is available in the fall term only. Because admission to the Faculty is competitive within each teaching major, the completion of minimum admission requirements does not guarantee admission to the program. Successful applicants are selected each year from a pool that includes both Combined Degrees and After Degree applicants.

Applicants are encouraged to consult early with Student Program Services in the Faculty of Education regarding admission requirements and program planning.

Applicants must meet the following minimum requirements for admission to the Faculty of Education:

- a. Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor (see **Education, Education 2500 Prerequisite, p. 144**).
- b. A minimum admission GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on all University of Lethbridge and transferable courses completed within the terms containing the last 14 courses (42.0 credit hours). If any part of the diploma falls within the last 14 courses, the entirety of the diploma (i.e., the diploma GPA) is included in the calculation. All courses must be graded with the exception of Education 2500.
- c. A minimum major GPA of 2.50 (on the University of Lethbridge 4.00 scale), calculated on the completed diploma and all additional graded Management courses and, if completed, Economics 1010, Economics 1012, and Statistics 1770.
- d. Special Case Admission
Applicants who have a satisfactory academic record but who, for some reason, had a period of time when their performance was significantly lower may apply for Special Case admission (up to four such applicants may be admitted each year). See **Education, Special Case Admission (p. 140)** for details.
- e. Admission Procedures Available to Students of Aboriginal Descent

The Faculty of Education provides two alternative admission opportunities for applicants of Aboriginal descent. See **Education, Admission Procedures Available to Students of Aboriginal Descent (p. 140)** for details.

- f. Returning after Withdrawal or Required Withdrawal from the Faculty of Education
Students who withdrew or who were required to withdraw from the Faculty of Education should refer to **Education, Readmission after Withdrawal (p. 141)**.

b. Dhillon School of Business Requirements for the 35-Course (105.0 credit hours) Post-Diploma B.Mgt./B.Ed.

1. A minimum grade of 'C-' is required in Statistics 1770; Writing 1000 OR a university English course; all Management courses, including those cross-listed with Management; and all courses in the major marked with an asterisk (*). Students who take Economics 1010 and/or Economics 1012 as part of their degree requirements must achieve a minimum grade of 'C-'.

Note: *The Dhillon School of Business requires that students complete Writing 1000 or a university English course with a minimum grade of 'C-'.*

2. A minimum Management graduation GPA of 2.00 (on the University of Lethbridge 4.0 scale) is required (see **Dhillon School of Business, How Graduation GPA is Calculated, p. 194**).
3. A minimum cumulative GPA of 2.00 (on the University of Lethbridge 4.0 scale).
4. Completion of the General Management Major comprising the following courses.

Required courses:

One of:

Writing 1000 - Introduction to Academic Writing
A university English course

Electives:

Three Management courses at the 3000 or 4000 level

Note: *Students should be aware that these are the requirements for the General Management major only. Students may choose to complete a different Management major in the Combined Degrees program. If students choose a different Management major, they may be required to extend their programs beyond 35 courses (see **Dhillon School of Business, Post-Diploma Program, p. 201** for all Management major requirements).*

5. Completion of seven courses from Lists I, II and III for the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**) as follows:

- Three courses from List I: Fine Arts and Humanities Courses (includes Writing 1000 OR a university English course from above);
- Two courses from List II: Social Science Courses (includes Management 3050 from above); and,
- Two courses from List III: Science Courses (includes Statistics 1770 and Management 2070/Economics 2070 from above).

c. Faculty of Education Requirements for the 35-Course (105.0 credit hours) Post-Diploma B.Mgt./B.Ed.

1. Application and admission to the Faculty of Education.
2. Completion of the equivalent of 20 Education courses including:

Education 2500

*Professional Semesters I, II and III

**One Education Foundation course
Three Education electives

**Students entering the Faculty of Education should note that practicum placements include locations outside of Lethbridge. Students must be prepared to travel. Some locations require relocation Monday to Friday.*

While not an admission requirement to the Faculty of Education, school jurisdictions and schools require a criminal record check (or equivalent) from student teachers prior to practicum. The student is responsible for the cost of obtaining such documentation.

***The Education Foundation Requirement may be met in the following ways:*

- a. One course from the following list:
Education 4310 - Comparative Studies of Education in Developed and Third World Nations
Education 4311 - World Issues and Problems in Education
Education 4320 - Education and Society from a Sociological Perspective
Education 4321 - Social Issues in Education

Education 4360 - Studies in the History of Western Education
Education 4361 - History of Canadian Education
Education 4362 - Concepts of Childhood in the History of Education
Education 4380 - Developing a Philosophy of Education
Education 4381 - Ethics of Teaching
Education 4391 - Seminar in Educational Foundations (Series)
- b. One appropriate Independent Study.

3. Maintenance of a GPA of 2.50 in Education courses.
4. Completion of the Career and Technology Studies (CTS): Business Focus Education major.
5. Maintenance of a program GPA of 2.50 in the appropriate Education major.
6. Completion of the Liberal Education List Requirement (see **School of Liberal Education, Liberal Education List Requirement, p. 83**).

d. Sample Sequencing Plan

Sample sequencing plans are created to provide students with an example of how to plan courses for the duration of a program. For sample sequencing plans see www.uleth.ca/ross/sequencing-plans.

e. Academic Regulations

In the Post-Diploma Combined Degrees program, students divide their time between two different Faculties or Schools which measure different standards of academic performance. Students should read the academic regulations for each Faculty or School in which a portion of the Combined Degrees will be taken. For the Post-Diploma B.Mgt./B.Ed. students should be aware of the **Faculty of Education** regulations and **Dhillon School of Business** regulations.

f. Education Minor Requirements

Students may elect to complete a minor in addition to a major. The minor must be a school subject and include five non-Education courses and an appropriate Education Methods course, usually selected from the Education 3700 Series. Students are eligible to receive an endorsement on their official academic transcripts upon completion of a minor. Please refer to **Education, Education Minors (p. 146)** for information on Education minor requirements.

g. Education Specialization Requirements

Students may elect to complete a specialization in addition to a major or minor. Students will be eligible to receive an endorsement on their official academic transcript upon completion of a specialization. Please refer to **Education, Education Specializations (p. 150)** for information on Education Specialization Requirements.

h. Residence Requirement

Students must complete a minimum of 30 courses at the University of Lethbridge, including a minimum of eight Management courses and 15 Education courses (three Professional Semesters).

i. Education Special Study Arrangements*Applied Studies*

Eligible students in the Faculty of Education may earn up to five course credits through Applied Studies, designated by the numbers Education 2510 and Education 4980. The Applied Studies program for the Faculty of Education is coordinated through the Coordinator of Applied Studies, the Faculty of Arts and Science, in consultation with the Associate Dean, Faculty of Education.

Independent Study

A maximum of two Independent Studies may be completed in the B.Ed. portion of the Post-Diploma B.Mgt./B.Ed.

Study Tours

Credit may be received for a maximum of two Study Tour courses (Education 4920). The Study Tours must be approved in advance by the Assistant Dean, Student Program Services, Faculty of Education (see Student Program Services for policies and procedures governing Study Tours).

1. GENERAL PHILOSOPHY

In keeping with the principles of liberal education, the University of Lethbridge offers minors in a variety of areas. Minors are available across Faculties and Schools and provide students in undergraduate programs the opportunity to pursue their interests in an area or areas distinct from their chosen major and degree program.

A minor is a defined set of six courses, designed to provide depth in a particular discipline, study in an interdisciplinary area, or focus on a theme-related topic.

Students may wish to consider declaring a minor for a variety of reasons: to enhance depth of knowledge in a diverse area, to gain exposure to a range of perspectives, to build a foundation for an intended career, to pursue multiple passions, or to broaden talents.

Students may declare a maximum of two minors in a single program. For students who successfully complete the specified requirements, the minor(s) will be acknowledged on the official academic transcript.

2. ADVISING AND INFORMATION

Academic advising units throughout the University of Lethbridge provide program advising and academic planning with consideration of the educational goals of the student, allowing each student to meet his or her personal, professional, and academic goals.

Students should consult with their program academic advisors to ensure ability to take courses in a minor. All available minors are listed below and any major exception will be indicated within each minor's information section.

3. GENERAL POLICIES

- Minors are accessible to any student in an undergraduate program except combined degrees with Education, Education After Degree programs, or where the minor is directly related to the student's major. Second degree students may not complete a minor that is directly related to the major or any minor taken in their first degree program. For minors available to undergraduate students in Education programs, please see **Education Minors (p. 146)**.
- Students choosing to complete a minor may be required to complete more than the minimum number of courses required for the degree depending on the program and choice of major(s). Courses within a minor may have prerequisites and/or corequisites that may be an elective within the minor or that may require taking additional courses.
- A minor is comprised of a minimum of six courses (18.0 credit hours), including at least one course (3.0 credit hours) at the 3000/4000 level.
- Residence requirement: three courses (9.0 credit hours), must be completed at the University of Lethbridge, including at least one senior level course at the 3000/4000 level.
- Courses required for the minor may not be double-counted in fulfilling requirements for a degree program's core, major or another minor. The six courses comprising the minor must be distinct from any specified core, major or other minor requirements.

- After admission to an undergraduate program, a maximum of two minors may be declared within the deadlines assigned for submitting an *Undergraduate Changes within a Program* form (see Academic Schedule, **p. 15**).
- Students must declare the minor(s) no later than the *Application for Graduation* (see Academic Schedule, **p. 15**).
- Course availability is not guaranteed.

2. APPLIED STUDIES	288	a. Eligibility for Participation	288
a. Eligibility for Participation	288	b. Requirements	289
b. Registration	288	c. Registration and Grading	289
c. Earning Credit	288	d. Co-operative Education Designation	289

1. GENERAL PHILOSOPHY AND INFORMATION

University of Lethbridge students may explore liberal education through their academic classes and work-integrated learning experiences. The University of Lethbridge offers students services through the Career Bridge, which administers Applied Studies courses and Co-operative Education courses for students in many undergraduate programs.

Further information and details concerning eligibility and requirements may be obtained from the Career Bridge office (AH151; 403-329-2000; career.bridge@uleth.ca; www.ulethbridge.ca/career-bridge).

2. APPLIED STUDIES

Applied Studies courses offer students the opportunity to earn course credit through employment or volunteer experiences that offer significant learning at a level suitable for the awarding of university credit. During the Applied Studies placement, students explore their interests and aptitudes, and test and reinforce the theories and principles learned in the classroom.

Applied Studies:

- Allows students to earn course credit through paid or volunteer employment at the 2000/3000/4000 level; and
- Relates academic theory to practice in the student's field of study.

a. Eligibility for Participation

Students must achieve a minimum cumulative GPA of 2.00 (on the University of Lethbridge 4.00 scale), and second-year standing (minimum of 30.0 credit hours) to be eligible to take an Applied Studies course.

b. Registration

To register in Applied Studies courses, students must apply to the Career Bridge office no later than the application deadline. Application packages and deadline dates may be obtained from the Career Bridge office (AH151; 403-329-2000; applied.studies@uleth.ca; www.ulethbridge.ca/career-bridge).

c. Earning Credit

Credit is earned in Applied Studies 2000 or 2001 for successful completion of 120 placement hours, an employer evaluation, and written assignments. Additional credit in Applied Studies 2010 or 2011 may be earned by successful completion of a *Learning Plan* that outlines learning objectives, and an academic project or paper exploring a job-related issue within a specific academic context.

Disciplinary credit is earned for successful completion of 120 placement hours, an employer evaluation, submission of a *Learning Plan* that outlines learning objectives, and an academic project or paper to be graded by a supervising faculty member from within the selected discipline. Disciplinary credit is signified by the series numbers 2980-85, 3980-85, and 4980-85.

3. CO-OPERATIVE EDUCATION

Co-operative Education is an optional academic program for students in the Faculties of Arts and Science, Fine Arts, Health Sciences, and the Dhillon School of Business. Dual Admission students are also eligible to participate in Co-operative Education prior to or after activation of their enrolment at the University of Lethbridge. Co-operative Education is a nationally recognized form of work-integrated learning that combines real-world work experience with academic studies to enrich the student's academic, intellectual, personal, and professional development. The program works to create a partnership between students, the University, and the employer; bridging academic theory with professional development and practical application. The co-op experience allows students to alternate academic terms of study with remunerated work terms in a professional work place.

Benefits of Co-operative Education:

- Allows students to experience real-world application of their discipline;
- Introduces students to employment possibilities in the workplace;
- Develops valuable research skills for future work experience or graduate school;
- Encourages proactive job search skills and professional development;
- Provides students with challenging and relevant remunerated work experience;
- Assists students in making realistic and informed career choices;
- Provides the opportunity for students to build valuable contacts with employers; and
- Assists students in the transition from University to the workplace.

Students must acknowledge, accept, and abide by the requirements and regulations as outlined in the Academic Calendar and the co-op student handbook/agreement.

a. Eligibility for Participation

Students seeking to participate in a co-op program are encouraged to contact the Career Bridge office as early as possible in their academic programs. It is recommended that students complete a minimum of 10 courses (30.0 credit hours) prior to their first co-op work term.

1. Criteria for Eligibility

a. Academic Standing

Dhillon School of Business

- Minimum cumulative GPA of 2.70 (on the University of Lethbridge 4.00 scale), or 70% for direct entry from high school.

Faculties of Arts and Science, Fine Arts, and Health Sciences

- Minimum cumulative GPA of 2.50 (on the University of Lethbridge 4.00 scale).

Note: *Students who do not meet the above GPA requirements may be considered on a case-by-case basis and are encouraged to contact the Career Bridge office.*

b. Submission of co-op application online (www.ulethbridge.ca/career-bridge).

c. Successful completion of co-op admission workshops and personal intake interview.

2. **Dual Admission Applicants**
Students participating in Dual Admission are eligible to apply for a co-op program while attending a partner institution and prior to or after activation of their enrolment at the University of Lethbridge. These individuals are encouraged to contact the Career Bridge office at least six months in advance of their intended co-op term. Dually admitted students must meet the criteria for admission for their intended University of Lethbridge program to be eligible to participate in a co-op program.

3. **Transfer of Co-op Terms**
For the purpose of fulfilling the Co-operative Education designation requirement of three co-op work terms, a maximum of one co-op work term from another institution with formal Co-operative Education programs shall be eligible for recognition toward the requirement. To be eligible for recognition, the co-op work term shall be subject to special assessment by the Career Bridge office. An approved co-op work term must be registered as a non-academic course on the student's transcript from the sending institution and must have received either a passing letter grade or 'Pass'.

b. Requirements

Students may complete between one and six co-op work terms in one or more placements. Co-op work terms are normally four months in length (minimum 420 hours per term) and can begin in January, May, or September. Students are required to complete pre-employment preparation training prior to the first work term.

Co-op internships are also available and are 12-16 months in duration at a single workplace. Co-op internships are usually taken by students in the third or fourth year of their program.

Co-op work terms are assigned the following course names and numbers:

Dhillon School of Business

- Management 3002 - Co-op Work Experience I
- Management 3003 - Co-op Work Experience II
- Management 3004 - Co-op Work Experience III
- Management 3005 - Co-op Work Experience IV
- Management 3008 - Co-op Work Experience V
- Management 3009 - Co-op Work Experience VI

Faculty of Arts and Science

- Arts and Science 3011 - Co-op Work Experience I
- Arts and Science 3012 - Co-op Work Experience II
- Arts and Science 3013 - Co-op Work Experience III
- Arts and Science 3014 - Co-op Work Experience IV
- Arts and Science 3015 - Co-op Work Experience V
- Arts and Science 3016 - Co-op Work Experience VI

Faculty of Fine Arts

- Fine Arts 3001 - Co-op Work Experience I
- Fine Arts 3002 - Co-op Work Experience II
- Fine Arts 3003 - Co-op Work Experience III
- Fine Arts 3004 - Co-op Work Experience IV
- Fine Arts 3005 - Co-op Work Experience V
- Fine Arts 3006 - Co-op Work Experience VI

Faculty of Health Sciences

- Health Sciences 3331 - Co-op Work Placement I
- Health Sciences 3332 - Co-op Work Placement II
- Health Sciences 3333 - Co-op Work Placement III
- Health Sciences 3334 - Co-op Work Placement IV
- Health Sciences 3335 - Co-op Work Placement V
- Health Sciences 3336 - Co-op Work Placement VI

c. Registration and Grading

Students may complete co-op work terms from more than one Faculty/School; each successive work term is registered sequentially. Students may opt to complete a maximum of six co-op work terms.

Note: *International students require a co-op work permit to participate in a Co-operative Education program. International students may complete three co-op work terms; no more and no less. See www.canada.ca/en/immigration-refugees-citizenship/services/study-canada/work/intern.html for specific details. For more information on campus, please visit the International Centre (SU060) or the Career Bridge office (AH151).*

Students must be registered for the entire duration of the work term(s) applied for through the co-op programs, including extensions. Once registered, students are not permitted to withdraw from the work term without penalty of failure ('F'). A grade of 'F' will be entered on the academic transcript for the term(s) unless extenuating circumstances warrant granting of a Withdrawal with Cause ('WC'), in accordance with University of Lethbridge policy (see **Academic Regulations, p. 58**). Where approval is granted by the Co-op program and the appropriate Faculty/School Dean, a 'WC' will be entered on the academic transcript. Tuition fees will be assessed as per the University's policy. Students should contact a co-op coordinator for assistance with the procedure.

d. Co-operative Education Designation

To receive the Co-operative Education designation upon conferral of their degree, students must have successfully completed a minimum of three co-op work terms in addition to their degree program requirements.

Students in eligible combined degree programs will receive the Co-operative Education designation on both degrees if they complete at least two co-op work terms from each Faculty/School. In the case where a student completes only three co-op work terms, the designation will apply to the degree where the majority of co-op terms is completed.

HEBREW (HEBR)	362	WRITING (WRIT)	451

Note: The courses listed in this part of the Calendar are undergraduate-level courses. Graduate-level courses are available to students admitted to graduate programs and available to other students only with Faculty/School permission. For a complete listing of graduate-level courses, see the University of Lethbridge Graduate Studies Calendar and Course Catalogue or visit www.uleth.ca/ross/courses.

1. COURSE SUBJECT ABBREVIATIONS

The University assigns an abbreviated designation to each course subject. These subject abbreviations are listed in parentheses for subjects included in this Calendar's course listings.

Some subjects do not appear in the course listings in this Calendar, including Modern Languages (MODL) at the undergraduate level.

2. WHERE TO GET MORE INFORMATION

Students may obtain information about the content of a specific course by inquiring at the academic unit - department, Faculty, or School - which offers that course.

Information about which courses will be offered - when, where, and by which instructor - is provided in the current term timetable, available online at www.uleth.ca/ross/timetable.

3. COURSE NUMBERING SYSTEM

The first digit indicates the level of the course:

0100 - 0999

Elementary courses.

1000 - 1998

Introductory courses usually taken during the first year. The basic course in each subject is usually 1000.

2000 - 2998

Intermediate courses usually taken during the first and second years.

3000 - 3998

Senior courses usually taken during the third year.

4000 - 4998

Senior courses usually taken during the fourth year.

1850, 2850, 3850, 4850

Numbers which designate Topics courses in various disciplines.

2980-85, 3980-85, 4980-85

Numbers which designate Applied Studies in various disciplines.

1990, 2990, 3990, 4990

Numbers which designate Independent Study courses in various disciplines at the undergraduate level (3.0 credit hours).

1999, 2999, 3999, 4999

Placeholder courses.

4995

Undergraduate Thesis courses.

4. DEFINITIONS

a. Term

Term refers to a period of study (for more information, see the **Glossary, p. 505**). Students should consult the **Academic Schedule (p. 15)** at the front of this Calendar to learn the specific dates for the start and end of each term.

b. Course

Course refers to a unit of study (called a course or course equivalent) normally studied for one term. A course normally carries a weighting of three credit (3.0) hours. The University offers some units of study which deviate from this norm.

c. Course Types

1. Applied Studies

An opportunity for students to gain University course credit for volunteer or employment experience. See **Applied Studies and Co-operative Education, p. 287**.

2. Independent Study

A course for which credit is earned through individual study under the supervision of an instructor. This option may be elected as early as the first term or as late as the last, depending upon the capability of the student for undertaking academic work with minimum guidance. Course work may require library and/or field research and/or a major term paper.

Students wishing to improve their grade in an Independent Study course must repeat the section with the identical title (for more information, see **Academic Regulations, Repeat of a Course, p. 61**).

For further information, students should consult the department or the faculty member under whom they wish to pursue an Independent Study (see also the Independent Study sections in **Faculty of Arts and Science, p. 93**; **Faculty of Education, p. 146**; **Faculty of Fine Arts, p. 160**; **Faculty of Health Sciences, p. 182**; and **Dhillon School of Business, p. 194**).

3. Series

A course that is offered regularly at the University of Lethbridge, but whose content may vary with different offerings. Each Series has one number (e.g., Anthropology 3900, English 3700) and different offerings in the Series are indicated by the title of the course, as listed in the current term timetable. Students may take more than one offering of a Series course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Students wishing to improve their grade in a Series course must repeat the section with the identical title (for more information, see **Academic Regulations, Repeat of a Course, p. 61**).

A Series course may be specified as a required course in a major or program.

4. Topics

A course that is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Any Faculty or School may offer Topics courses. Each Topics course is identified by the number 1850, 2850, 3850, or 4850, and different offerings are indicated by the title of the particular section, as listed in the current term timetable. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e., if each offering taken has a different title).

Contact hours for Topics courses may vary according to the nature of the course. Check the specific Topics offering for complete information.

Students wishing to improve their grade in a Topics course must repeat the section with the identical

title. From time to time, Topics offerings are made into regularly scheduled courses and listed in the Calendar. In this case, students must complete the regularly scheduled course that corresponds to the particular Topics offering in order to improve their grade (for more information, **Academic Regulations, Repeat of a Course, p. 61**).

A Topics course cannot be specified as a required course in any major or program.

5. Cross-Listed

A cross-listed course is a single course originating from two different Faculties or Schools or two different departments within the same Faculty or School. Cross-listed courses appear in the Calendar and on student's academic records in the dual form, for example, Management 2070/Economics 2070.

6. Online

Courses may be offered online or have online components. Such courses are identified in the current term timetable. The course information listed in the Calendar (e.g., credit hours, course description) applies to all offerings of that course.

7. Placeholder

a. Active Student Status

A Placeholder course (e.g., New Media 4999) that enables students not registered in credit courses to maintain active student status in their program. No credit hours are attached to this Placeholder.

b. Continuing Student Status

A Placeholder course (e.g., Agricultural Studies 3999, Environmental Science 3999, Visiting 9999, Exchange 9999) that enables students registered elsewhere to maintain continuing student status for registration purposes. No credit hours are attached to this Placeholder.

c. Full-Time Status

Professional Semester I and II Placeholder courses (i.e., Education 3599 and Education 3699) that facilitate block-registration arrangements to be finalized by the Faculty of Education. For student loan/scholarship enrolment verification purposes, 15.0 credit hours are attached to this Placeholder.

d. Course Elements

1. Subject and Course Number

The subject identifies the course discipline, and the course number identifies the course level (see **Course Numbering System, p. 292**).

2. Course Title

A descriptive title is given for each subject and course number. The title of a given course may occasionally change. A change in course title does not constitute a new course. Accordingly, students who repeat a course with the same subject and course number, regardless of the course title, are

bound by the regulations given in **Academic Regulations, Repeat of a Course (p. 61)**.

Special regulations apply to Topics and Series courses (see **Series, p. 292** and **Topics, p. 292**).

3. Credit Hours

The weighting factor of a course when determining GPA. Regular full-term credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., Art 3040 is worth 6.0 credit hours). A student requires a minimum of 120.0 credit hours to complete a standard undergraduate four-year degree at the University of Lethbridge.

4. Contact Hours

There are two types of contact hours: (1) hours per week, and (2) other hours per term. 'Contact hours per week' are regularly scheduled weekly meeting times, while 'Other hours per term' are meeting times that are scheduled at irregular times over the term.

Contact hours per week: a-b-c

- a - number of required lecture or studio* hours per week
- b - number of required laboratory hours per week
- c - number of required hours per week in a different setting (e.g., tutorial)

Other hours per term: d-e-f

- d - number of required lecture or studio* hours per term
- e - number of required laboratory hours per term
- f - number of required hours per term in a different setting (e.g., tutorial, field trip, rehearsal)

All contact hours may be delivered by a number of means, including, but not limited to, the following:

- a regular University classroom
- a University computer lab
- online
- an off-campus location

* Studio courses are identified as such in the offering note for the course.

5. Prerequisite(s), Corequisite(s), Recommended Background, and Other Registration Restrictions

Some courses require an appropriate background of knowledge as indicated by the prerequisite(s), corequisite(s), and recommended background. A prerequisite must be completed successfully before a student is eligible to register in a given course. A corequisite must be taken prior to or in conjunction with another course. Students who have previously passed such a course will be deemed to have met the corequisite requirement.

A student lacking the prerequisite or corequisite for a particular course may apply for a waiver of prerequisite/corequisite from the Faculty/School offering the course.

For some courses, a recommended background is listed instead of, or in addition to, prerequisite(s) and corequisites(s) so that the student may judge his or her own academic preparation.

Prerequisites, corequisites, and recommended backgrounds are normally expressed in terms of Alberta high school subjects, one or more courses, admission to programs offered by the University of Lethbridge, year of standing, and/or other special requirements.

A prerequisite or recommended background that specifies year of standing indicates that students are expected to have attained a certain level of academic or intellectual advancement prior to registering in a particular course.

For some courses, students may not exceed a defined year of standing prior to registering in the course. These courses are closed to students who have taken more than the specified number of courses or who are beyond the determined year of standing at the time of registration. These limits are applied when a course is targeted to a specific group of junior students.

Although students may choose to have their program requirements governed by the Calendar in effect at the time of their most recent admission to the University (see **Admission, Year of the Calendar, p. 36**), all students are bound by the current Calendar with regard to prerequisites, corequisites, and recommended backgrounds for individual courses.

6. Equivalent

Equivalent courses can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of GPA (see **Academic Regulations, Repeat of a Course, p. 61**).

Note: A course offered at a given level (2000-, 3000-, 4000-level) will be used to meet requirements only at that level.

7. Substantially Similar

Substantially similar courses contain a high percentage of similar course content but are not deemed equivalent. Students cannot use a substantially similar course to replace another course specified as a prerequisite. Students completing substantially similar courses must complete more than the minimum number of courses required in the program (see **Academic Regulations, Substantially Similar Course Limits, p. 61**).

8. Mutually Exclusive

When courses are mutually exclusive, students who are currently registered or who have earned a minimum passing grade in one of the mutually exclusive courses or equivalent may not subsequently register in a section of another course with which it is mutually exclusive.

9. Grading

Grading indicates what type of grade will be awarded as defined in **Academic Regulations (p. 57)**. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is at the discretion of the student, is not a grading mode.

5. FEES

For complete information about all fees, including additional fees for field trips, major specialty, etc., see **Fees (p. 45)**.

6. TIMETABLE

Normally classes start at 8:00 a.m. on a 50-minute schedule Mondays, Wednesdays and Fridays, and on a 75-minute schedule Tuesdays and Thursdays. Some classes may be scheduled on Saturdays, if necessary, or in the evenings. Normal lecture time is three hours per week, excluding laboratories. Special timetabling is arranged for summer session.

7. DISCLAIMER

The appearance of a course in this Calendar does not guarantee that the course will be offered during the academic year for which this Calendar is published.

The University reserves the right to add, modify or withdraw any course or courses without notice.

8. HOW TO READ A COURSE DESCRIPTION

See examples bottom of **page 295**.

See also Additional Prerequisite(s)/Corequisite(s)/Recommended Background examples top of **page 295**.

ADDITIONAL PREREQUISITE(S)/COREQUISITE(S)/RECOMMENDED BACKGROUND EXAMPLES

Prerequisite(s), corequisite(s), and recommended background may require a single item or more than one item.

A specified item may be a single course, a course chosen from a list, year of standing, admission to a University of Lethbridge program, or some other special requirement (for example, an audition, an interview, a specified cumulative GPA).

When a student must complete two or more prerequisites, items are separated by 'AND' (see Example 1 below).

When a student must complete one course chosen from a list, the items are normally preceded by 'One of' (see Physics 1000 example below).

When a student may satisfy the prerequisite(s)/corequisite(s) by alternate methods, the alternatives are normally separated by 'OR' (see Example 2 below).

EXAMPLE 1

Prerequisite(s): *Biochemistry 2000 AND Chemistry 2600*
 Corequisite(s): *Chemistry 2740*

In this example, two prerequisites and one corequisite must be met to register in the course.

To meet the prerequisites, students must have completed Biochemistry 2000 AND Chemistry 2600.

To meet the corequisite, students must complete or have previously completed Chemistry 2740.

EXAMPLE 2

Prerequisite(s): *Biology 2200 AND Environmental Science 2000*
 OR
Admission to the Post-Diploma B.Sc. in Environmental Science program

In this example, either one or two prerequisites must be met to register in the course. To meet the prerequisites, students must have completed Biology 2200 AND Environmental Science 2000. However, students who have been admitted to the Post-Diploma B.Sc. in Environmental Science program are not required to present Biology 2200 and Environmental Science 2000.

Lib Ed Req: Social Science

ADDICTIONS COUNSELLING 1020
Introduction to the Counselling Interview

Credit hours: 3.00

Contact hours per week: 3-3-0

An introduction to the basic concepts, skills and self-awareness required for interviewing and talking with individuals who are struggling with personal or professional problems. Approaches to individual and intercultural interviewing, including attending to behaviours and communication, use of questions, client observation, emotions and interview structure will be addressed.

Prerequisite(s): Admission to the B.H.Sc. program with a major in Aboriginal Health or Addictions Counselling

Equivalent: Health Sciences 1020 (prior to 2014/2015)

ADDICTIONS COUNSELLING 1220
Counselling I (Individual Counselling)

Credit hours: 3.00

Contact hours per week: 3-3-0

Introduction to the theory and practice of counselling in general, and of individuals experiencing addiction and related problems.

Prerequisite(s): Addictions Counselling 1020 AND Psychology 1000 AND Admission to the B.H.Sc. program with a major in Addictions Counselling

Equivalent: Health Sciences 1220 (prior to 2014/2015)

ADDICTIONS COUNSELLING 2050
Internship in Addictions Counselling I

Credit hours: 15.00

Contact hours per week: 3-0-32

Students observe and participate in the practice of addictions counselling in a fieldwork experience. Weekly seminars facilitate the integration of theory, practice and research.

Prerequisite(s): Addictions Counselling 2120 AND Addictions Counselling 3420 AND Admission to the B.H.Sc. program with a major in Addictions Counselling

Equivalent: Health Sciences 2050 (prior to 2014/2015)

Grading: Pass/Fail

**ADDICTIONS COUNSELLING 2120
Counselling II (Group Counselling)***Credit hours: 3.00**Contact hours per week: 3-4-0*

Theories and techniques of counselling individuals and groups are examined. Lab work includes techniques for working with individuals and groups of addicted persons.

Prerequisite(s): Addictions Counselling 1220 AND

Admission to the B.H.Sc. program with a major in Addictions Counselling

Equivalent: Health Sciences 2120 (prior to 2014/2015)

**ADDICTIONS COUNSELLING 2140
Drugs of Abuse***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course is an introduction to the use and effects of drugs of abuse. It covers the history of drug use, rates of drug consumption in North America, basic drug processes and bodily responses, an introduction to epigenetics, addiction across the life span, drug policies, and a brief survey of various drugs of abuse; legal, illicit, and prescription medication. It briefly covers the treatment of addiction and drugs as therapeutics.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Health Sciences 2850 (Drugs of Abuse) (prior to 2017/2018)

**ADDICTIONS COUNSELLING 2235
First Nations Counselling***Credit hours: 3.00**Contact hours per week: 3-0-0*

Introduction to counselling with First Nations populations. First Nations issues as well as specific mainstream and traditional counselling approaches will be explored.

Prerequisite(s): Addictions Counselling 1020

**ADDICTIONS COUNSELLING 2245
Assessment of Addictions***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course will provide students with the necessary knowledge and skills to identify and understand individuals with needs related to addictions and plan interventions in partnership with the client.

Prerequisite(s): Addictions Counselling 1220 AND

Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Health Sciences 2245 (prior to 2014/2015)

**ADDICTIONS COUNSELLING 3002
Health Education and Promotion***Credit hours: 3.00**Contact hours per week: 3-0-0*

An ecological examination of the epidemiological, social, cultural, economic and policy contexts of addictions and health. Theories, models, skills and strategies pertaining to individuals, groups and populations for health education, promotion, and prevention will be explored.

Prerequisite(s): Addictions Counselling 1020 OR

Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Health Sciences 3002 (prior to 2014/2015)

Lib Ed Req: Social Science

**ADDICTIONS COUNSELLING 3120
Counselling III (Family Counselling)***Credit hours: 3.00**Contact hours per week: 3-4-0*

Theories and techniques of counselling families who are struggling with problems of addictions are examined. Practical work focuses on further development of counselling skills as applied to families.

Prerequisite(s): Addictions Counselling 2120 AND

Third-year standing (a minimum of 60.0 credit hours)

Equivalent: Health Sciences 3120 (prior to 2014/2015)

Substantially Similar: Public Health 3420

ADDICTIONS COUNSELLING 3729 **Studies in Specific Addictive Disorders (Series)**

Credit hours: 3.00

Contact hours per week: 3-0-0

In-depth study of the issues and interventions relevant to particular addictions.

Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours) in the Faculty of Health Sciences

Equivalent: Health Sciences 3749 (prior to 2014/2015)

ADDICTIONS COUNSELLING 3739 **Addictions in Particular Populations (Series)**

Credit hours: 3.00

Contact hours per week: 3-0-0

In-depth study of the issues and interventions relevant to particular population groups.

Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours) in the Faculty of Health Sciences

Equivalent: Health Sciences 3759 (prior to 2014/2015)

ADDICTIONS COUNSELLING 4050 **Internship in Addictions Counselling II**

Credit hours: 15.00

Contact hours per week: 3-0-32

Students participate, at an advanced level, in the practice of addictions counselling in a fieldwork setting. Seminars facilitate the integration of theory, practice and research.

Prerequisite(s): Addictions Counselling 2050 AND Addictions Counselling 3120 AND Admission to the B.H.Sc. program with a major in Addictions Counselling OR Addictions Counselling 3120 AND Admission to the Post-Diploma B.H.Sc. program with a major in Addictions Counselling

Equivalent: Health Sciences 4050 (prior to 2014/2015)

Grading: Pass/Fail

ADDICTIONS COUNSELLING 4200 **Community Development and Outreach**

Credit hours: 3.00

Contact hours per week: 3-0-0

Theory and practice of community development applied to planning, implementation and evaluation of community-level outreach and strategies to address addictions and related problems.

ASIAN STUDIES 1000

Introduction to Asia

Credit hours: 3.00

Contact hours per week: 3-0-0

Examination of histories, cultures, and societies of Asia. Diversity across time and space while also emphasizing commonalities in the civilizations of South, Southeast, and East Asia. Thematic organization will make reference to history, geography, literature, religion, philosophy, anthropology, sociology, politics, economics, global health, gender and social issues to provide a broad introduction to Asia.

Lib Ed Req: Social Science

ASIAN STUDIES 3150/WOMEN AND GENDER STUDIES 3150

Gender and Asia (Series)

Credit hours: 3.00

Contact hours per week: 3-0-0

This series examines the complex intersections of gender in the Asian context. Individual course offerings will focus on, but not be limited to, the following: development and economy, cross-border migration, militarization and regional conflicts, impact of globalization, culture and politics, youth and democratization, environment and sustainability, tradition and sexualities, science and modernization, and social justice movements.

Prerequisite(s): One of Women and Gender Studies 1000 or Asian Studies 1000

ASIAN STUDIES 3200/RELIGIOUS STUDIES 3200

Asian Religions and Film (Series)

Credit hours: 3.00

Contact hours per week: 3-0-0

This series examines the interplay between Asian religious traditions and film. Films about Asian religions will be analyzed along with films shaped by Asian religious, philosophical, and aesthetic sensibilities. Hinduism, Buddhism, and East Asian religions will be most prominently represented.

Prerequisite(s): One of Asian Studies 1000, Religious Studies 2100, Religious Studies 2200, Religious Studies 2330, or Religious Studies 2360

Lib Ed Req: Fine Arts and Humanities

ASIAN STUDIES 3400/JAPANESE STUDIES 3400**Japanese Society and Culture***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of Japanese society and culture from pre-modern to present day encompassing a range of different theoretical perspectives from history, education, religion, food, language, holidays, pop culture, family, modernization, and subcultures.

Prerequisite(s): 15 university-level courses (a minimum of 45.0 credit hours)

Equivalent: Modern Languages 2850 (Japanese Society and Culture) (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

ASTRONOMY**(ASTR)***Faculty of Arts and Science***ASTRONOMY 2020****Modern Astronomy***Credit hours: 3.00**Contact hours per week: 3-0-0**Other hours per term: 0-0-6*

Following an introduction to gravitation and light, this course explores the nature of stars and galaxies and their evolution.

Material studied: the sun, the birth and death of stars, neutron stars, black holes, the Milky Way, galaxies, and cosmology.

Lib Ed Req: Science

Note: *Other hours include supervised evening observing sessions.*

ASTRONOMY 2070**The Solar System***Credit hours: 3.00**Contact hours per week: 3-0-0**Other hours per term: 0-0-6*

The foundation of astronomy, including descriptions of such naked-eye observations as eclipses and planetary motions and such basic tools as Kepler's laws, the fundamental properties of light. Material studied: the formation of the solar system, physical structure of planets, evolution of planetary atmospheres, Galilean satellites.

Lib Ed Req: Science

Note: *Other hours include supervised evening observing sessions.*

ASTRONOMY 3020**Introduction to Cosmology***Credit hours: 3.00**Contact hours per week: 3-0-0**Other hours per term: 0-0-6*

Recent developments in Astronomy, Astrophysics, and Cosmology such as the current understanding of black holes, dark matter, dark energy, expansion of the universe, Big Bang Theory, inflation, structure within the universe, and the cosmological constant.

Prerequisite(s): One of Astronomy 2020, Astronomy 2070, Engineering 2060, Physics 1000, or Physics 1050

Lib Ed Req: Science

Note: *Other hours include two evening observing sessions per term.*

BIOCHEMISTRY**(BCHM)***Faculty of Arts and Science***BIOCHEMISTRY 2000****Introductory Biochemistry***Credit hours: 3.00**Contact hours per week: 3-0-0*

Chemistry of biomolecules including proteins, nucleic acids, carbohydrates and lipids.

Prerequisite(s): One of Chemistry 2120 or Chemistry 2500

Recommended Background: Biology 1010

Lib Ed Req: Science

BIOCHEMISTRY 2300**Elements of Human Nutrition***Credit hours: 3.00**Contact hours per week: 3-0-0*

The science of human nutrition based on some elementary principles of Chemistry and Biochemistry. Nutritional requirements, the function and metabolism of nutrients and the practical means for achieving adequate nutrition are emphasized. The relationship among social and economic issues, nutrition, food production and distribution will be discussed.

Prerequisite(s): One of Chemistry 30, Chemistry 0500, or Chemistry 0520

Lib Ed Req: Science

BIOCHEMISTRY 3100**Proteins, Enzymes and Nucleic Acids***Credit hours: 3.00**Contact hours per week: 3-3-0*

Chemistry of proteins and nucleic acids with an emphasis on experimental techniques and the relation of structure to function.

Prerequisite(s): Biochemistry 2000 AND Chemistry 2600

Corequisite(s): Chemistry 2410

Lib Ed Req: Science

BIOCHEMISTRY 3300**Bioenergetics and Metabolism***Credit hours: 3.00**Contact hours per week: 3-3-0*

Chemistry of carbohydrates and lipids and the metabolism of these and other cellular constituents. Energy transduction associated with catabolism and synthesis.

Prerequisite(s): Biochemistry 2000 AND Chemistry 2600

Corequisite(s): Chemistry 2740

Lib Ed Req: Science

BIOCHEMISTRY 4000**Studies in Biochemistry (Series)***Credit hours: 3.00*

*Contact hours per week: 3-0-0 or
3-3-0 or
3-0-1*

Advanced subjects in Biochemistry, drawing on the expertise of the instructor.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings, but will normally include one of Biochemistry 3100 or Biochemistry 3300

Note: *This course may occasionally be offered with a laboratory when resources permit and the course theme is appropriate.*

BIOCHEMISTRY 4150**Contemporary Methods in Biochemistry**

Credit hours: 3.00

Contact hours per week: 3-0-0 or 3-0-1

Recent and advanced experimental biochemical and biophysical techniques. Examination of experimental methods includes technical background, experimental design, data analysis and current applications of these methods in the scientific literature.

Prerequisite(s): One of Biochemistry 3100 or Biochemistry 3300

Equivalent: Biochemistry 4000 (Contemporary Methods in Biochemistry) (prior to 2017/2018)

Lib Ed Req: Science

BIOCHEMISTRY 4995**Undergraduate Thesis**

Credit hours: 6.00

Contact hours per week: Variable

This is a research-oriented course in which students will conduct an original research project, report orally on the work, and submit a final report in the form of an Undergraduate Thesis. The Thesis, which will normally be submitted in both print and electronic forms, will be made publicly available.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND
A cumulative GPA of 3.30 or higher AND
One of Biochemistry 3100 or Biochemistry 3300

Note: Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work. Faculty regulations require extensive preparatory work prior to registration, including the submission of a Thesis Proposal. Students interested in the Undergraduate Thesis option should therefore discuss the matter with potential supervisors at least several weeks prior to the registration deadline.

BIOLOGY

(BIOL)

Faculty of Arts and Science

BIOLOGY 0520**Foundations of Biology**

Credit hours: 3.00

Contact hours per week: 2-3-0

Introduction to concepts concerning the organization of life, from macromolecules and cells to ecosystems. Dynamic and interactive properties of living systems. Diversity and classification of living organisms with particular emphasis on evolution as a unifying theme in biology.

Prerequisite(s): Admission to the First Nations' Transition Program AND
Biology 20

Equivalent: Biology 0500 (prior to 2016/2017)

Lib Ed Req: Science

BIOLOGY 1010**Cellular Basis of Life**

Credit hours: 3.00

Contact hours per week: 3-3-0

Fundamental principles of cellular biology, including structure and function, metabolism, genetics, and molecular biology of eukaryotic and prokaryotic cells. Attention will be given to the application of cellular and molecular biology in medicine, agriculture and biotechnology.

Prerequisite(s): One of Biology 30 or Biology 0520 AND
One of Chemistry 30, Chemistry 0500, or Chemistry 0520
OR
One of admission to the Post-Diploma B.Sc. in Agricultural Studies or admission to the Post-Diploma B.Sc. in Environmental Science

Lib Ed Req: Science

BIOLOGY 1020**Diversity of Life**

Credit hours: 3.00

Contact hours per week: 3-3-0

Comparative examination of the diversity of the major lineages of eukaryotic organisms from an evolutionary perspective.

Recommended Background:
One of Biology 30 or Biology 0520

Lib Ed Req: Science

BIOLOGY 2000**Principles of Genetics**

Credit hours: 3.00

Contact hours per week: 3-3-0

Fundamental principles of heredity, including Mendelian laws and genetic recombination. Topics include general concepts of gene structure, inheritance, organization, and expression.

Prerequisite(s): Biology 1010 AND
Biology 1020 AND
One of Mathematics 30-1, Pure Mathematics 30, Mathematics 0500, or Mathematics 0520
OR
Biology 1010 AND
One of admission to the Post-Diploma B.Sc. in Agricultural Studies or admission to the Post-Diploma B.Sc. in Environmental Science

Lib Ed Req: Science

BIOLOGY 2001**Research Internship I: Scientific Discovery**

Credit hours: 3.00

Contact hours per week: 1-5-0

Experimental approaches and methodology specific to disciplines within the Life Sciences. The scientific process of discovery including: hypothesis testing; experimental design; qualitative and quantitative analysis tools; data acquisition, management and presentation; library resource utilization; scientific writing and presentation. Students will work in small groups under the supervision of several faculty members.

Prerequisite(s): Admission to the Concentration: Research Internship for the major in Biological Sciences AND
One of Biology 1010 or Biology 1020

Lib Ed Req: Science

BIOLOGY 2002**Research Internship II: Scientific Data and Analysis***Credit hours: 3.00**Contact hours per week: 1-0-0**Other hours per term: Variable*

Working in small groups, students will engage in novel research projects under the supervision of faculty members. In close consultation with faculty, students will propose a set of experiments to address a novel and current research question. Students will be trained in experimental approaches and methodology appropriate to their project. As a cohort, students will be trained in the scientific process of discovery including: evaluating methodology; data acquisition, management and presentation; appropriate methods for analyzing data; critical evaluation of scientific discovery; scientific writing and presentation.

*Prerequisite(s): Biology 2001**Lib Ed Req: Science*

Note: *Contact hours will vary, but will average about five hours per week. Students should be aware that this course involves regular contact with the research supervisor(s) as well as some independent work.*

BIOLOGY 2003/HEALTH SCIENCES 2003**Epidemiology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Scope and application of epidemiology in relation to factors that affect health and contribute to disease in a global context.

*Prerequisite(s): One of Biology 1010 or admission to the Faculty of Health Sciences**Lib Ed Req: Science***BIOLOGY 2200****Principles of Ecology***Credit hours: 3.00**Contact hours per week: 3-3-0*

Examination of relationships between animals, plants, and their non-living and living environment. Topics include energy flow, nutrient cycles, ecological succession, and the ecology of individuals, populations, communities and ecosystems.

Prerequisite(s): Biology 1010 AND Biology 1020 AND One of Mathematics 30-1, Pure Mathematics 30, Mathematics 0500, or Mathematics 0520 OR Biology 1010 AND admission to the Post-Diploma B.Sc. in Agricultural Studies

*Lib Ed Req: Science***BIOLOGY 2806/HEALTH SCIENCES 2806****Immunology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Biological role of immunity and natural resistance.

*Prerequisite(s): One of Biology 1010 or admission to the Faculty of Health Sciences**Lib Ed Req: Science***BIOLOGY 3000****Gene Expression and Regulation***Credit hours: 3.00**Contact hours per week: 3-0-0*

Molecular mechanisms of inheritance, rearrangement and regulated expression of genetic information.

Prerequisite(s): Biology 2000

Recommended Background: One of Chemistry 2120 or Chemistry 2600

*Lib Ed Req: Science***BIOLOGY 3001****Research Internship III: Communicating Science***Credit hours: 3.00**Contact hours per week: 1-0-0**Other hours per term: Variable*

Working individually, students will engage in novel research projects under the supervision of faculty members. In close consultation with faculty, students will review literature related to a specific area, and then propose and execute a set of experiments to address a novel and current research question. Students will be trained in advanced experimental approaches and methodology. As a cohort, the students will be trained in science development and communication including: establishing a meaningful research project; defining a project within a broad context; different forms of written presentation; effective oral presentation styles and format; making science accessible to a general audience.

*Prerequisite(s): Biology 2002**Lib Ed Req: Science*

Note: *Contact hours will vary, but will average about five hours per week. Students should be aware that this course involves regular contact with the research supervisor(s) as well as considerable independent work.*

BIOLOGY 3005**Genome Maintenance***Credit hours: 3.00**Contact hours per week: 3-0-0*

Examination of the processes involved in maintaining the stability of the cellular genome. Topics include DNA damage and repair, DNA recombination, transposable DNA elements, and epigenetics.

*Prerequisite(s): Biology 2000**Lib Ed Req: Science***BIOLOGY 3105****Signal Transduction***Credit hours: 3.00**Contact hours per week: 3-0-0*

Intracellular systems regulating cell growth, division and differentiation; emphasis will be placed on how cells communicate.

*Prerequisite(s): Biology 2000**Lib Ed Req: Science***BIOLOGY 3115****Principles of Cell Growth***Credit hours: 3.00**Contact hours per week: 3-0-0*

Intracellular systems regulating cell communication in selected organisms, with emphasis on animal systems.

*Prerequisite(s): Biology 2000**Lib Ed Req: Science***BIOLOGY 3210****Experimental Methods in Molecular and Cellular Biology***Credit hours: 3.00**Contact hours per week: 3-3-0*

Modern techniques in cell biology including elementary DNA sequence analysis, DNA purification, gene transfer systems, cell culture, cell staining and labelling, cell cycle analysis, and Western blotting.

*Prerequisite(s): Biology 2000 AND Chemistry 2000**Lib Ed Req: Science***BIOLOGY 3300****Evolution***Credit hours: 3.00**Contact hours per week: 3-1-0*

Study of the mechanisms underlying the evolutionary process. Topics include natural selection, quantitative genetics, adaptation, and speciation.

Prerequisite(s): Biology 2000 AND

One of Biology 2200 or admission to the Post-Diploma B.Sc. in Environmental Science

Lib Ed Req: Science

BIOLOGY 3310**Developmental Biology**

Credit hours: 3.00

Contact hours per week: 3-0-0

Genetic mechanisms controlling embryonic development, pattern formation, morphogenesis, and cell differentiation in selected model organisms.

Prerequisite(s): Biology 2000 AND

*One of Biochemistry 2000,
Biology 3000, or Biology 3105*

Lib Ed Req: Science

BIOLOGY 3400**Principles of Microbiology**

Credit hours: 3.00

Contact hours per week: 3-3-0

Introduction to microorganisms with an emphasis on metabolism, growth and control of growth, genetics, ecology, and microbial diversity, including bacteria, archaea, fungi, protists, algae and viruses.

Prerequisite(s): Biology 2000

Lib Ed Req: Science

BIOLOGY 3420**Animal Physiology**

Credit hours: 3.00

Contact hours per week: 3-3-0

Organization and diversity of animal functions, including muscle contractions, respiration, circulation, osmoregulation, digestion, thermoregulation and the roles of the endocrine and nervous systems. Emphasis on vertebrates.

Prerequisite(s): Biology 2000

Recommended Background:

*Biology 2200 AND
Chemistry 2600*

Lib Ed Req: Science

BIOLOGY 3460**Plant Physiology**

Credit hours: 3.00

Contact hours per week: 3-3-0

Physiological and molecular basis for plant growth and development. Topics include water relations, photosynthesis, mineral nutrition, active transport, hormones, and physiological acclimation to environmental stress.

Prerequisite(s): One of Biology 2000 or

Biology 2200

Recommended Background:

Chemistry 2500

Lib Ed Req: Science

BIOLOGY 3505**Freshwater Biology**

Credit hours: 3.00

Contact hours per week: 3-3-0

Survey of the major eukaryotic and prokaryotic organisms that play an important role within inland aquatic ecosystems. Topics include functional diversity, biogeography, and conservation and management of aquatic biodiversity.

Prerequisite(s): One of Biology 2000 or

Biology 2200

Lib Ed Req: Science

BIOLOGY 3520**Invertebrate Zoology**

Credit hours: 3.00

Contact hours per week: 3-3-0

Phylogeny and evolution of protozoans and invertebrate animals. Emphasis is on functional diversity of form and function, ecology, physiology, conservation, and behaviour of selected groups.

Prerequisite(s): Biology 2000 AND

*One of Biology 2200 or
admission to the Post-Diploma
B.Sc. in Environmental Science*

Lib Ed Req: Science

BIOLOGY 3530**Vertebrate Zoology**

Credit hours: 3.00

Contact hours per week: 3-3-0

Comparative survey of the morphology, evolution, classification, and natural history of the vertebrates.

Prerequisite(s): Biology 2000 AND

*One of Biology 2200 or
admission to the Post-Diploma
B.Sc. in Environmental Science*

Lib Ed Req: Science

BIOLOGY 3560**Integrative Plant Biology**

Credit hours: 3.00

Contact hours per week: 3-3-0

A general overview of plant structure and function with emphasis on flowering plant morphology and diversity. The molecular mechanisms of the adaptation and acclimation of plant form and function will be explored.

Prerequisite(s): Biology 2000 AND

*One of Biology 2200 or
admission to the Post-Diploma
B.Sc. in Environmental Science*

Lib Ed Req: Science

BIOLOGY 3605**Conservation Biology**

Credit hours: 3.00

Contact hours per week: 3-0-0

Application of genetic, ecological and evolutionary theory to the understanding and management of biodiversity.

Prerequisite(s): Biology 2000 AND

*One of Biology 2200 or
admission to the Post-Diploma
B.Sc. in Environmental Science*

Recommended Background:

Biology 3300

Lib Ed Req: Science

BIOLOGY 3610**Prairie Conservation**

Credit hours: 3.00

Contact hours per week: 3-3-0

Comprehensive overview of the native prairie landscape in Alberta, including physical, ecological and cultural attributes of the prairies. Examination of ecological, social, industrial, management and policy issues.

Prerequisite(s): Biology 2200 AND

Environmental Science 2000

OR

*Admission to the Post-Diploma
B.Sc. in Environmental Science*

Lib Ed Req: Science

BIOLOGY 3630**Field Biology**

Credit hours: 3.00

Contact hours per week: 3-0-0

Other hours per term: 0-0-70

Theory, implementation and analyses of ecological field experiments.

Prerequisite(s): Biology 2000 AND

One of Biology 2200 or

*admission to the Post-Diploma
B.Sc. in Environmental Science*

Lib Ed Req: Science

Note: *The seven-day mandatory field component is completed prior to the regular fall term. This component is based out of a field camp located in Cypress Hills Provincial Park. A fee to offset field-related expenses and accommodation will be applied.*

BIOLOGY 3660**Field Botany and Ecology***Credit hours: 3.00**Contact hours per week: 3-3-0*

Lectures, laboratory, and field exercises provide an introduction to the identification, classification, distribution, and ecology of local vascular plants. Mandatory field trips comprise the laboratory component of the course. As this is a field course, students should be prepared for moderately strenuous exercise in a variety of weather conditions.

Prerequisite(s): One of Biology 2200 or admission to the Post-Diploma B.Sc. in Environmental Science

Equivalent: Biology 3850 (Field Botany and Ecology) (prior to 2019/2020)

Lib Ed Req: Science

BIOLOGY 3700**Ecosystem Ecology***Credit hours: 3.00**Contact hours per week: 3-3-0*

Examination of processes controlling ecosystem function. Topics include controls on ecosystem species composition, carbon acquisition, water use, decomposition, and nutrient cycling. Field work, computer simulations, and calculations are included in laboratory assignments.

Prerequisite(s): One of Biology 2200 or admission to the Post-Diploma B.Sc. in Environmental Science

Recommended Background: Biology 2000 AND Statistics 1770

Lib Ed Req: Science

BIOLOGY 3710**Population Biology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Population genetics and population ecology, with emphasis on mutation, genetic drift, gene flow, selection and quantitative genetics, population growth, population regulation, demography and life tables, life-history evolution, and species interactions.

Prerequisite(s): Biology 2000 AND One of Biology 2200 or admission to the Post-Diploma B.Sc. in Environmental Science

Recommended Background: Statistics 1770

Lib Ed Req: Science

BIOLOGY 3800**Aquatic Ecosystems***Credit hours: 3.00**Contact hours per week: 3-3-0*

Examination of major processes that occur in rivers and lakes, and the approaches presently used in modelling and managing them. Topics include primary and secondary production, nutrient loading and eutrophication, and physical and chemical processes that underlie aquatic ecosystem function.

Prerequisite(s): One of Biology 2200 or admission to the Post-Diploma B.Sc. in Environmental Science

Lib Ed Req: Science

BIOLOGY 3810**Experimental Design and Analysis***Credit hours: 3.00**Contact hours per week: 3-3-0*

Introduction to statistics and experimental design. Topics include descriptive statistics, data visualization, experimental design, goodness-of-fit tests, contingency analysis, two-sample and multi-sample comparisons, correlation, and regression, with emphasis on biological applications. The course includes practical instruction using the statistics program R.

Prerequisite(s): Biology 2200 AND Statistics 1770

Equivalent: Biology 3850 (Experimental Design and Analysis) (prior to 2017/2018)

Substantially Similar: Statistics 3700

Lib Ed Req: Science

BIOLOGY 4100**Advances in Agricultural Biotechnology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Recent and advanced aspects of molecular biology and biotechnology related to agriculture.

Prerequisite(s): Two of Biology 3000, Biology 3105, Biology 3210, or Biology 3400

Lib Ed Req: Science

BIOLOGY 4130**Genomics and Biotechnology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Recent and advanced aspects of molecular genetics, bioinformatics and high throughput genomics, with an emphasis on cloning and human diseases.

Prerequisite(s): One of Biology 3000 or Biology 3005 AND One of Biology 3105 or Biology 3115

Lib Ed Req: Science

BIOLOGY 4140**RNA Biology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Examination of the cellular roles of RNA molecules and their effects on gene expression. Focus on RNA structure, protein-RNA complexes, RNA viruses, RNA processing, and modern experimental techniques used in the study of RNA function.

Prerequisite(s): Biology 3000

Recommended Background: Biochemistry 2000

Lib Ed Req: Science

BIOLOGY 4170**Plant Biotechnology***Credit hours: 3.00**Contact hours per week: 3-3-0*

Lecture, seminar and laboratory study of plant molecular biology and opportunities for biotechnological applications for crop plants in agriculture, horticulture and forestry.

Prerequisite(s): Biology 3210 AND One of Biology 3000 or Biology 3005

Recommended Background: Biology 3460

Lib Ed Req: Science

BIOLOGY 4200**Techniques in Molecular Biology***Credit hours: 3.00**Contact hours per week: 1-5-0*

DNA isolation and manipulation, including experiments in subcloning, transformation, mutagenesis, PCR, restriction analyses, agarose gel electrophoresis, and DNA sequencing.

Prerequisite(s): One of Biology 3210 or Biology 3400

Recommended Background: Fourth-year standing (a minimum of 90.0 credit hours)

Lib Ed Req: Science

BIOLOGY 4230**Molecular and Cellular Biology of Cancer***Credit hours: 3.00**Contact hours per week: 3-0-0*

Recent developments in molecular and cellular biology of cancer. Topics include genetics and epigenetics of cancer, models of carcinogenesis, roles of oncogenes, DNA repair and genome instability, anti-cancer treatment strategies.

Prerequisite(s): One of Biology 3000 or Biology 3005 AND One of Biology 3105 or Biology 3115

*Lib Ed Req: Science***BIOLOGY 4420****Environmental Physiology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Comparative study of physiological functions of vertebrates and invertebrates, with emphasis on growth and reproduction, and the adaptations and responses of animals to environmental challenges such as salinity, temperature, hypoxia, food availability, altitude and pressure.

Prerequisite(s): One of Biology 3420 or Kinesiology 2610

*Lib Ed Req: Science***BIOLOGY 4440****Toxicology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Science of toxicology, including sources of toxicants, toxicokinetics, biotransformation, factors influencing toxicity, and target-organ toxicology with emphasis on the mechanisms of action of toxicants. Topics include cellular responses, biomarkers of exposure and effects, and species differences in vulnerability to toxicants.

Prerequisite(s): Biology 3420 AND Biochemistry 2000

*Lib Ed Req: Science***BIOLOGY 4500****Seminars in Biological Sciences***Credit hours: 3.00**Contact hours per week: 3-0-0*

Emphasis on understanding principles of research in the modern Biological Sciences through weekly presentations from established researchers and associated readings from the primary literature.

Prerequisite(s): Biology 3300 AND One course (3.0 credit hours) from subfield List 1 (Cellular and Molecular Biology) AND One course (3.0 credit hours) from subfield List 2 (Organismal Biology) AND One course (3.0 credit hours) from subfield List 3 (Ecology and Evolutionary Biology)

*Lib Ed Req: Science***BIOLOGY 4560****Plant Development***Credit hours: 3.00**Contact hours per week: 3-3-0*

Examination of molecular genetic mechanisms and environmental factors controlling plant development.

Prerequisite(s): One of Biology 3000, Biology 3105, Biology 3115, Biology 3310, Biology 3460, or Biology 3560

*Lib Ed Req: Science***BIOLOGY 4700****Molecular Ecology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Application of genetic data to study the ecology of individuals, populations and communities. Emphasis is on the use of molecular markers to study biogeography, dispersal, mating systems, biodiversity, ecological interactions, speciation, and conservation genetics.

Prerequisite(s): Biology 2000 AND One of Biology 2200 or admission to the Post-Diploma B.Sc. in Environmental Science AND One course in Biology (3.0 credit hours) at the 3000 or 4000 level

*Lib Ed Req: Science***BIOLOGY 4710****Evolutionary and Ecological Modelling***Credit hours: 3.00**Contact hours per week: 3-3-0*

Analytical and simulation modelling in ecology and evolution. Population growth, selection, models of disease, the evolution of cooperation, and the evolution of aging.

Prerequisite(s): One course (3.0 credit hours) from subfield List 3 (Ecology and Evolutionary Biology) AND One of Mathematics 1410, Mathematics 1560, or Mathematics 1565

Recommended Background: Statistics 1770

*Lib Ed Req: Science***BIOLOGY 4740****Behavioural Ecology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Examination of how ecological contexts shape animal behaviour through natural selection. Topics include foraging, competition, sociality, mating systems, and communication.

Prerequisite(s): Biology 3300

Equivalent: Biology 4850 (Behavioural Ecology) (prior to 2014/2015)

*Lib Ed Req: Science***BIOLOGY 4800****Biology of Parasitism***Credit hours: 3.00**Contact hours per week: 3-3-0*

Application of ecological and evolutionary principles to host-parasite interactions. Topics include parasite biodiversity, ecological epidemiology, host-parasite coevolution, and applied parasitology.

Prerequisite(s): One of Biology 2200 or admission to the Post-Diploma B.Sc. in Environmental Science AND

Two courses (6.0 credit hours) from subfield List 2 (Organismal Biology) and/or List 3 (Ecology and Evolutionary Biology)

Lib Ed Req: Science

BIOLOGY 4995**Undergraduate Thesis**

Credit hours: 6.00

Contact hours per week: Variable

This is a research-oriented course in which students will conduct empirical research, report orally on the work, and submit a report in the form of an Undergraduate Thesis, which will be made publicly available. In consultation with their Thesis Supervisor, students will define a research problem and formulate a research plan.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND A cumulative GPA of 3.30 or higher AND Six Biology courses (18.0 credit hours)

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

BLACKFOOT**(BKFT)**

Faculty of Arts and Science

BLACKFOOT 1000**Introductory Spoken Blackfoot**

Credit hours: 3.00

Contact hours per week: 3-0-0

An introduction to Blackfoot emphasizing the spoken language.

Lib Ed Req: Fine Arts and Humanities

BLACKFOOT 2000**Spoken Blackfoot II**

Credit hours: 3.00

Contact hours per week: 3-0-0

Intermediate-level Blackfoot. The course combines the study of conversational Blackfoot with an introduction to reading and writing skills.

Prerequisite(s): Blackfoot 1000

Lib Ed Req: Fine Arts and Humanities

Note: *Students who already speak some Blackfoot are eligible to take the course.*

BLACKFOOT 2210**Structure of the Blackfoot Language**

Credit hours: 3.00

Contact hours per week: 3-0-0

Distinctive sounds of Blackfoot and their phonetic detail. The Blackfoot alphabet and grammatical system.

Lib Ed Req: Fine Arts and Humanities

BLACKFOOT 3210**Blackfoot Morphology and Syntax**

Credit hours: 3.00

Contact hours per week: 3-0-0

Grammatical system of Blackfoot with special attention to stem formation and sentence structure.

Prerequisite(s): Blackfoot 2210

Lib Ed Req: Fine Arts and Humanities

BLACKFOOT 4210**Seminar in Blackfoot**

Credit hours: 3.00

Contact hours per week: 3-0-0

Topics in Blackfoot syntax and lexicon.

Prerequisite(s): Blackfoot 3210

Lib Ed Req: Fine Arts and Humanities

CANADIAN STUDIES**(CNST)**

Faculty of Arts and Science

CANADIAN STUDIES 4995**Undergraduate Thesis**

Credit hours: 6.00

Contact hours per week: Variable

This is a research-oriented course in which students will conduct fieldwork, text or library-based research, submit a report in the form of an Undergraduate Thesis which will be made publicly available, and report orally on the work. In consultation with their Thesis Supervisor, students will define a research problem and formulate a research plan.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND A cumulative GPA of 3.30 or higher AND Successful completion of an Independent Study at the 3000 or 4000 level in a field relevant to the thesis AND Approval of the Coordinator of Canadian Studies

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

CAREER DEVELOPMENT (CDEV)

Faculty of Education

CAREER DEVELOPMENT 2000**Life-Career Planning**

Credit hours: 3.00

Contact hours per week: 3-0-0

The development of personal career and educational plans. A variety of activities will be used to help students recognize and craft career and life goals, and to identify and develop the skills and supports necessary for success.

Prerequisite(s): Fewer than 60.0 credit hours completed OR Fewer than 30.0 credit hours completed for post-diploma students

Grading: Pass/Fail

Note: *This course does not count as an Education elective in Education programs. For Arts and Science programs, this course counts toward the limit outside Arts and Science. All students are advised to check their program limits and to consult the appropriate academic advising office.*

CHEMISTRY**(CHEM)**

Faculty of Arts and Science

CHEMISTRY 0500**Introduction to Modern Chemistry**

Credit hours: 3.00

Contact hours per week: 3-0-0

Selected subjects in Chemistry, with emphasis on material necessary as background preparation for Chemistry 1000. This course is intended for students with little or no background in Chemistry.

Recommended Background:

One of Chemistry 20 or Science 30 AND One of Mathematics 30-1, Mathematics 30-2, Pure Mathematics 30, or Mathematics 0500

Equivalent: Chemistry 0520

Lib Ed Req: Science

Note: *Credit for Chemistry 0500 will not normally be granted to those with Chemistry 30 or equivalent. Students may be able to take this course for credit with permission of the Department.*

CHEMISTRY 0520**Introductory Chemistry**

Credit hours: 3.00

Contact hours per week: 2-3-0

Introductory foundation in chemistry. Composition, structure, and properties of substances and the transformations that they undergo.

Prerequisite(s): Admission to the First Nations' Transition Program AND Chemistry 20

Equivalent: Chemistry 0500

Lib Ed Req: Science

CHEMISTRY 1000**General Chemistry I**

Credit hours: 3.00

Contact hours per week: 3-3-0

An introduction to the discipline and essential concepts of Chemistry.

Prerequisite(s): One of Chemistry 30, Chemistry 0500, or Chemistry 0520 AND One of Mathematics 30-I, Pure Mathematics 30, Mathematics 0500, or Mathematics 0520

Recommended Background: Mathematics 31 AND Physics 30

Substantially Similar: Chemistry 1110

Lib Ed Req: Science

CHEMISTRY 1110**Chemistry for Life Sciences I**

Credit hours: 3.00

Contact hours per week: 3-3-0

A survey of general and organic chemistry with an emphasis on the life sciences.

Recommended Background: One of Chemistry 30, Chemistry 0500, or Chemistry 0520 AND One of Mathematics 30-I, Pure Mathematics 30, Mathematics 0500, or Mathematics 0520

Substantially Similar: Chemistry 1000

Lib Ed Req: Science

Note: Chemistry 1110 cannot be used to meet the requirements for the major in Chemistry.

CHEMISTRY 2000**General Chemistry II**

Credit hours: 3.00

Contact hours per week: 3-3-0

Continuation of the introduction to the discipline and advanced concepts of Chemistry.

Prerequisite(s): Chemistry 1000

Lib Ed Req: Science

CHEMISTRY 2120**Chemistry for Life Sciences II**

Credit hours: 3.00

Contact hours per week: 3-3-0

Continued survey of organic chemistry with an emphasis on the life sciences.

Prerequisite(s): Chemistry 1110

Substantially Similar: Chemistry 2500

Lib Ed Req: Science

Note: Chemistry 2120 cannot be used to meet the requirements for the major in Chemistry. Students who have credit for Chemistry 1000 and are interested in completing this course should contact the Department of Chemistry and Biochemistry.

CHEMISTRY 2310**Chemistry and Biochemistry in Society**

Credit hours: 3.00

Contact hours per week: 3-0-0

A course designed for non-Chemistry or non-Biochemistry majors. The course will examine the history of basic chemistry and its impact on society. This will include energy, synthetic materials, pollution, consumer chemistry, drugs and other current topics of interest.

Lib Ed Req: Science

Note: Credit is not allowed for Chemistry 2310 subsequent to the completion of any other course in Chemistry.

CHEMISTRY 2320**History of Chemistry**

Credit hours: 3.00

Contact hours per week: 3-0-0

An introduction to key figures and major discoveries throughout the history of chemistry. Topics include the origins of chemistry; the development of fundamental theories; the beginnings of organic chemistry; and the rise of inorganic, analytical, physical and industrial chemistry.

Prerequisite(s): One of Chemistry 30, Chemistry 0500, or Chemistry 0520 AND Second-year standing (a minimum of 30.0 credit hours)

Lib Ed Req: Science

CHEMISTRY 2410**Analytical Chemistry I**

Credit hours: 3.00

Contact hours per week: 3-3-0

Principles of quantitative analysis: gravimetric and volumetric analysis; acid-base, complexation and oxidation-reduction titrations; statistical treatment of data.

Prerequisite(s): Chemistry 2000

Lib Ed Req: Science

CHEMISTRY 2500**Organic Chemistry I**

Credit hours: 3.00

Contact hours per week: 3-3-0

An introduction to the chemistry of carbon-containing compounds. This course builds a foundation for the study of organic compounds by examining their structure, bonding and stereochemistry. Methods of structure determination and investigations of reaction mechanism are also introduced.

Prerequisite(s): Chemistry 2000

Substantially Similar: Chemistry 2120

Lib Ed Req: Science

Note: Some familiarity with Calculus and Physics is recommended.

CHEMISTRY 2600**Organic Chemistry II**

Credit hours: 3.00

Contact hours per week: 3-3-0

A continuation of Chemistry 2500 with an emphasis on the transformations of organic compounds and the mechanistic processes involved.

Prerequisite(s): Chemistry 2000 AND Chemistry 2500

Lib Ed Req: Science

CHEMISTRY 2740**Physical Chemistry**

Credit hours: 3.00

Contact hours per week: 3-3-0

Basic theories of thermodynamics and kinetics with applications in chemistry, biochemistry, and the life sciences. The laboratory will emphasize experimental methods of physical chemistry, data handling and report writing.

Prerequisite(s): Chemistry 2000 AND One of Mathematics 2560 or Mathematics 2565

Corequisite(s): Physics 2000

Lib Ed Req: Science

CHEMISTRY 3250**Contemporary Chemistry***Credit hours: 3.00**Contact hours per week: 3-0-0*

A survey of current developments in chemistry. Current research interests and recent applications of chemistry in industry. Specific topics will be presented each week by invited speakers and staff. Student presentations; effective searching of chemical literature and databases.

Prerequisite(s): Chemistry 2410 AND Chemistry 2600 AND Chemistry 2740 AND One of Mathematics 2560 or Mathematics 2565 AND Physics 2000 AND Third-year standing (a minimum of 60.0 credit hours)

Lib Ed Req: Science

Note: *Credit will only be given once for Chemistry 3250; however, Chemistry majors are encouraged to attend seminars offered in the context of this course.*

CHEMISTRY 3410**Analytical Chemistry II***Credit hours: 3.00**Contact hours per week: 3-3-0*

Introduction to the major instrumental methods of analytical chemistry; atomic and molecular spectrophotometry; gas and liquid chromatography.

Prerequisite(s): Chemistry 2410 AND Chemistry 2600 AND Chemistry 2740 AND One of Mathematics 2560 or Mathematics 2565 AND Physics 2000

Lib Ed Req: Science

CHEMISTRY 3730**Advanced Physical Chemistry***Credit hours: 3.00**Contact hours per week: 3-3-0*

Principles of quantum mechanics and applications in chemistry; applications to molecular structure and spectroscopy. The computational laboratory includes both a computer algebra module in support of the theoretical developments and an introduction to ab initio quantum chemical calculations.

Prerequisite(s): Chemistry 2600 AND Mathematics 1410 AND One of Mathematics 2560 or Mathematics 2565 AND Physics 2000

Corequisite(s): Chemistry 2740

Lib Ed Req: Science

CHEMISTRY 3830**Inorganic Chemistry I***Credit hours: 3.00**Contact hours per week: 3-4-0*

Basic concepts of inorganic chemistry; bonding and symmetry; chemistry of the elements with an emphasis on main group elements and their inorganic and organometallic compounds. Laboratory experiments illustrate the lecture topics with an emphasis on chemical synthesis and characterization.

Prerequisite(s): Chemistry 2600 AND Chemistry 2740

Lib Ed Req: Science

CHEMISTRY 3840**Inorganic Chemistry II***Credit hours: 3.00**Contact hours per week: 3-4-0*

Chemistry of the elements with an emphasis on transition metals and their inorganic and organometallic compounds. Laboratory experiments illustrate the lecture topics with an emphasis on chemical synthesis and characterization.

Prerequisite(s): Chemistry 3830

Lib Ed Req: Science

CHEMISTRY 4000**Advanced Chemistry (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

In each offering, an area of chemistry including advanced topics in analytical, organic, inorganic, physical, and theoretical chemistry will be explored in depth.

Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours) AND

Additional prerequisites will be specified, including any recommended background, for individual offerings, but will normally include all of Chemistry 2410 AND Chemistry 2600 AND Chemistry 2740 AND One of Mathematics 2560 or Mathematics 2565 AND Physics 2000

CHEMISTRY 4010**Advanced Chemistry with Laboratory (Series)***Credit hours: 3.00**Contact hours per week: 3-3-0*

In each offering, an area of chemistry including advanced topics in analytical, organic, inorganic, physical, and theoretical chemistry will be explored in depth.

Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours) AND

Additional prerequisites will be specified, including any recommended background, for individual offerings, but will normally include all of Chemistry 2410 AND Chemistry 2600 AND Chemistry 2740 AND One of Mathematics 2560 or Mathematics 2565 AND Physics 2000

Equivalent: Lab-based offerings of Chemistry 4000 (prior to 2017/2018)

CHEMISTRY 4995**Undergraduate Thesis***Credit hours: 6.00**Contact hours per week: Variable*

This is a research-oriented course in which students will conduct an original research project, report orally on the work, and submit a final report in the form of an Undergraduate Thesis. The Thesis, which will normally be submitted in both print and electronic forms, will be made publicly available. Students will define a research plan in consultation with their Thesis Supervisor.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

A cumulative GPA of 3.30 or higher AND

At least 10 courses completed in the Chemistry major

Corequisite(s): Chemistry 3250

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as a considerable amount of independent work. Faculty regulations require extensive preparatory work prior to registration, including the submission of a Thesis Proposal. Students interested in the Undergraduate Thesis option should therefore discuss the matter with potential supervisors at least several weeks prior to the registration deadline.*

CINEMA (CINE)
Faculty of Fine Arts

CINEMA 1000**Introduction to Cinema Studies**

Credit hours: 3.00

Contact hours per week: 3-2-0

An introduction to the study of narrative cinema focusing on the historical function, effects, and uses of various formal properties including narrative structure, design, composition, cinematography, editing, sound, and performance.

Equivalent: *Drama 3030 (prior to 2017/2018)*Lib Ed Req: *Fine Arts and Humanities*

Note: The two lab contact hours involve the assigned weekly screening.

CINEMA 3000**Contemporary American Cinema**

Credit hours: 3.00

Contact hours per week: 3-0-0

This course examines a variety of forms of contemporary American filmmaking, including Hollywood, "indie" narrative, documentary, and amateur practices. Students will become acquainted with the industrial, technological, and economic forces that determine recent production, distribution, and exhibition strategies.

Prerequisite(s): *Cinema 1000 or 15 university-level courses (a minimum of 45.0 credit hours)*

Equivalent: *New Media 3850 (Contemporary American Cinema) (prior to 2017/2018)*

Lib Ed Req: *Fine Arts and Humanities***CINEMA 3001****Film Authorship**

Credit hours: 3.00

Contact hours per week: 3-0-0

An investigation of the tensions between individual creativity and collaborative enterprise in commercial filmmaking, with a focus on the work of two major directors.

Prerequisite(s): *Cinema 1000 or second-year standing (a minimum of 30.0 credit hours)*

Equivalent: *New Media 2850 (Film Authorship) (prior to 2014/2015); New Media 3001 (prior to 2017/2018)*

Lib Ed Req: *Fine Arts and Humanities***CINEMA 3010****Cinematography and Lighting**

Credit hours: 3.00

Contact hours per week: 3-0-0

An exploration of concepts and techniques of cinematography including composition, camera movement, lenses, and lighting as expressive tools.

Prerequisite(s): *Cinema 1000 AND New Media 2030*

Equivalent: *New Media 3010 (prior to 2017/2018)*

Lib Ed Req: *Fine Arts and Humanities***Note:** *Studio course***CINEMA 3110****Postproduction and Visual Effects**

Credit hours: 3.00

Contact hours per week: 4-0-0

An exploration of post-production methods with an emphasis on narrative editing technique, motion graphics, colour correction, visual effects and compositing.

Prerequisite(s): *Cinema 1000 AND New Media 2030*

Recommended Background: *Cinema 3010*

Equivalent: *New Media 3620 (prior to 2017/2018)*

Lib Ed Req: *Fine Arts and Humanities***Note:** *Studio course.***CINEMA 3201****Documentary Film Studies**

Credit hours: 3.00

Contact hours per week: 3-0-0

Reviewing some of the fundamental ethical and aesthetic principles of non-fiction filmmaking, the course provides an overview of the major documentary modes' historical development.

Prerequisite(s): *Cinema 1000 or 15 university-level courses (a minimum of 45.0 credit hours)*

Equivalent: *New Media 2850 (Documentary Film Studies) (prior to 2013/2014)*

Lib Ed Req: *Fine Arts and Humanities***CINEMA 3202****Film Noir and Crime Cinema**

Credit hours: 3.00

Contact hours per week: 3-0-0

Drawing on various models of genre theory, the course analyzes the recurring thematic, stylistic and rhetorical preoccupations of film noir and hard-boiled crime films. Additionally, the course demonstrates how this category is informed by the socio-political climate in which it is produced.

Prerequisite(s): *Cinema 1000 or 15 university-level courses (a minimum of 45.0 credit hours)*

Equivalent: *New Media 3200 (Film Genres: Film Noir) (prior to 2017/2018)*

Lib Ed Req: *Fine Arts and Humanities***CINEMA 3203****Film Comedy**

Credit hours: 3.00

Contact hours per week: 4-0-0

Comedy has long been the most popular film genre with audiences. This course will try to understand the comic perspective and explore the world of comedy, and many different aspects pertaining to it, through examples from film and television.

Prerequisite(s): *Cinema 1000 or 15 university-level courses (a minimum of 45.0 credit hours)*

Equivalent: *New Media 3850 (Film Genres: Comedy) (prior to 2013/2014); New Media 3200 (Film Genres: Comedy) (prior to 2017/2018); Cinema 3200 (Film Genres: Comedy) (prior to 2018/2019)*

Lib Ed Req: *Fine Arts and Humanities***CINEMA 3550****History of Animation**

Credit hours: 3.00

Contact hours per week: 4-0-0

This course traces the evolution of animation from silent cinema through the 'Golden Age of Animation' to the digital age. Study areas will include the impact of television and other media on animation and focus on some of the important people, studios, and institutions that have contributed to its rich and varied tradition across the globe.

Prerequisite(s): *Cinema 1000 or 15 university-level courses (a minimum of 45.0 credit hours)*

Equivalent: *New Media 3550 (prior to 2017/2018)*

Lib Ed Req: *Fine Arts and Humanities*

CINEMA 3810**Expanded Cinema***Credit hours: 3.00**Contact hours per week: 4-0-0*

A theoretical and practical investigation of experimental moving image practices from pre- and early cinema to contemporary digital media. Areas of investigation may include, but are not limited to: locative media/gps cinema, site-specific works, installations, projection mapping, augmented/virtual reality, multi-projection, database cinema, and interactive cinema.

Prerequisite(s): One of New Media 2030, Art 3060, or Art 3061

Equivalent: New Media 3810 (prior to 2017/2018); New Media 3850 (Expanded Cinema: Moving Images and their Forgotten Futures) (prior to 2015/2016)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

CINEMA 4010**Narrative Production Techniques***Credit hours: 3.00**Contact hours per week: 4-0-0*

An intensive exploration of the craft of short-form narrative cinema production, including methods in producing, directing, cinematography, and editing.

Prerequisite(s): One of Cinema 3010 or New Media 3420

Recommended Background: Cinema 3110

Equivalent: New Media 3510 (prior to 2017/2018)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

Students enrolling in Cinema 4010 should have a short narrative screenplay ready for production (5-10 pages).

CINEMA 4420**Screenwriting***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploring the fundamentals of screenwriting and story development through script writing and film analysis. The importance of character and conflict is explored with an emphasis on the scene as the basic unit of the screenplay.

Prerequisite(s): One of New Media 3420 or Drama 2750

Equivalent: New Media 4420 (prior to 2017/2018)

Lib Ed Req: Fine Arts and Humanities

CINEMA 4820**Writing for Comedy***Credit hours: 3.00**Contact hours per week: 3-0-0*

Writing for comedy is serious business. This course explores the important difference between simply being funny, and comic, which requires an understanding of what comedy is and how it works. It covers how to write comedy for movies, television situation comedies, web series, sketch comedy, and stand up.

Prerequisite(s): One of Cinema 3203, New Media 3420, or Drama 2750

Equivalent: New Media 4850 (Writing for Comedy) (prior to 2017/2018)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

COMPUTER SCIENCE (CPSC)**Faculty of Arts and Science****COMPUTER SCIENCE 1000****Introduction to Computer Science***Credit hours: 3.00**Contact hours per week: 3-2-0*

Overview of computer technology and computer science. Hardware and the concept of software. Introduction to common applications. Problem solving using the computer. Social issues in computing.

Substantially Similar:

Management 2060 (prior to 2015/2016)

Lib Ed Req: Science

Note: This course may NOT be included among the courses required for a Computer Science or Mathematics major in Arts and Science.

COMPUTER SCIENCE 1620**Fundamentals of Programming I***Credit hours: 3.00**Contact hours per week: 3-1-1*

Introduction to problem-solving and algorithms. Machine representation of data. Implementation of algorithms in a programming language. Fundamentals of programming concepts including branching and loops. Top-down programming and modular design. Arrays. Records. Techniques for constructing elegant and robust programs.

Prerequisite(s): One of Mathematics 30-1, Mathematics 30-2, Pure Mathematics 30, Mathematics 0500, Mathematics 0520, admission to the Post-Diploma B.Sc. in Agricultural Studies, or admission to the Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science

Lib Ed Req: Science

COMPUTER SCIENCE 1820**Discrete Structures***Credit hours: 3.00**Contact hours per week: 3-0-1*

Introduction to proofs. Algorithms and complexity. Divisibility and modular arithmetic. Matrix algebra. Counting. Discrete probability. Graphs and trees.

Prerequisite(s): One of Mathematics 30-1, Mathematics 30-2, Pure Mathematics 30, Mathematics 0500, Mathematics 0520, or admission to the Post-Diploma B.Sc. in Computer Science

Lib Ed Req: Science

COMPUTER SCIENCE 2610**Introduction to Digital Systems***Credit hours: 3.00**Contact hours per week: 3-2-0*

Review of number systems. Boolean algebra and simplification of Boolean functions. Combinational circuits. Sequential circuits. Registers and counters.

Prerequisite(s): Computer Science 1620 AND One of Computer Science 1820 or Mathematics 1410

Lib Ed Req: Science

COMPUTER SCIENCE 2620 Fundamentals of Programming II

Credit hours: 3.00

Contact hours per week: 3-1-1

Introduction to object-oriented programming techniques: classes, objects, and methods. Generic programming. Recursion. Abstract data types: lists, stacks, queues, priority queues, binary trees. Algorithms for searching and sorting, and algorithm analysis.

Prerequisite(s): Computer Science 1620 AND One of Computer Science 1820 or Mathematics 1410

Lib Ed Req: Science

COMPUTER SCIENCE 2720 Practical Software Development

Credit hours: 3.00

Contact hours per week: 3-2-0

Advanced object-oriented techniques including inheritance and polymorphism. Introduction to object-oriented design. Error detection and handling. Testing. Correctness and efficiency of programs. Collaborative software project. Version control. UNIX programming tools and scripting languages.

Prerequisite(s): One of Computer Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science

Lib Ed Req: Science

COMPUTER SCIENCE 3200 Practical Problem Solving in Computer Science

Credit hours: 3.00

Contact hours per week: 1.5-1.5-0

A study of problem solving techniques including divide and conquer, dynamic programming, greedy algorithms, search and backtracking, heuristics for hard problems. The techniques will be applied for programming solutions to small but challenging problems from a variety of areas, including arithmetic and algebra, number theory, graph theory, combinatorics, geometry, strings.

Prerequisite(s): Computer Science 3620 AND Application to the Department of Mathematics and Computer Science

Lib Ed Req: Science

Note: *The course is intended for students who enjoy solving programming contest problems and will serve as preparation for the ACM International Collegiate Programming Contest.*

COMPUTER SCIENCE 3615 Computer Architecture

Credit hours: 3.00

Contact hours per week: 3-0-0

Register-level transfer design. Constructions of the basic subsystems of computers (control unit, arithmetic and logic unit, data path, memory, input/output). Assembly of subsystems into basic computer architecture. Performance enhancement techniques.

Prerequisite(s): Computer Science 2610 AND Computer Science 2620 OR Admission to the Post-Diploma B.Sc. in Computer Science

Lib Ed Req: Science

COMPUTER SCIENCE 3620 Data Structures and Algorithms

Credit hours: 3.00

Contact hours per week: 3-0-0

Efficient algorithm design and algorithm analysis. Abstract data types and data structures. Algorithm design and problem-solving techniques for sorting problems, tree-based problems and graph-based problems.

Prerequisite(s): Computer Science 1820 AND One of Computer Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science

Lib Ed Req: Science

COMPUTER SCIENCE 3630 Theoretical Foundations of Computing

Credit hours: 3.00

Contact hours per week: 3-0-0

Computation as strings and languages. Regular languages, finite state automata and their equivalence. Formal Grammars. Context-free languages, push-down automata and their equivalence. Recursive languages and recursively enumerable languages. Turing machines and effective computability. Church's thesis. The Chomsky hierarchy.

Prerequisite(s): One of Computer Science 1620 or admission to the Post-Diploma B.Sc. in Computer Science AND Mathematics 2000

Lib Ed Req: Science

COMPUTER SCIENCE 3655 Operating Systems

Credit hours: 3.00

Contact hours per week: 3-0-0

Overview of operating systems: history, functionality, design issues. Operating system principles and structures. Concurrency: process state, context switches, mutual exclusion, semaphores, deadlock. Scheduling: preemption, schedules, processes and threads. Memory management: swapping, paging, segmentation, placement and replacement algorithms.

Prerequisite(s): Computer Science 2720 AND Computer Science 3615

Lib Ed Req: Science

COMPUTER SCIENCE 3660 Introduction to Database Systems

Credit hours: 3.00

Contact hours per week: 3-0-0

Fundamental concepts of database management: modelling, design and implementation. The languages and facilities provided by database management systems, and system implementation techniques.

Prerequisite(s): One of Computer Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science AND One of Computer Science 1820 or Mathematics 2000

Recommended Background:

Computer Science 2720

Lib Ed Req: Science

COMPUTER SCIENCE 3710 Computer Graphics

Credit hours: 3.00

Contact hours per week: 3-0-0

Two- and three-dimensional geometric transformations. Viewing and projection principles. Object representation and simple lighting. Hidden line and surface removal, clipping. Surface Representations: Bezier and Spline methods. Texture mapping. Graphics pipeline programming.

Prerequisite(s): One of Computer Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science

Lib Ed Req: Science

COMPUTER SCIENCE 3720**Introduction to Software Engineering***Credit hours: 3.00**Contact hours per week: 3-0-0*

System life cycle and methodologies, estimating and planning, requirements gathering and specification, system external design, system internal design, development and implementation, testing, operation and maintenance, quality assurance.

*Prerequisite(s): Computer Science 2720**Lib Ed Req: Science***COMPUTER SCIENCE 3730****Cryptography***Credit hours: 3.00**Contact hours per week: 3-0-0*

Classical ciphers, substitution ciphers, permutation ciphers. Shannon's information theory, entropy, Huffman codes, perfect secrecy and the one-time pad. Symmetric-key ciphers: block and stream ciphers. Public-key cryptosystems. Key distribution. Message authentication and digital signatures.

Prerequisite(s): One of Computer

Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science AND Mathematics 2000

*Lib Ed Req: Science***COMPUTER SCIENCE 3740****Programming Languages***Credit hours: 3.00**Contact hours per week: 3-0-0*

A comparison of programming languages and their implementations. One language from each of the following families: functional, declarative/logic, Object-Oriented. Topics selected from: garbage collection, heap management, procedural languages, historical developments.

Prerequisite(s): One of Computer

Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science AND Mathematics 2000

*Lib Ed Req: Science***COMPUTER SCIENCE 3750****Artificial Intelligence***Credit hours: 3.00**Contact hours per week: 3-0-0*

Problem-solving in artificial intelligence. Knowledge representation and reasoning. Selected topics from uncertainty, probabilistic reasoning, planning and robotics, learning techniques, pattern recognition, natural language processing, and computer vision.

Prerequisite(s): One of Computer

Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science

Recommended Background:

One of Computer Science 1820 or Mathematics 2000

*Lib Ed Req: Science***COMPUTER SCIENCE 3770****Human-Computer Interaction***Credit hours: 3.00**Contact hours per week: 3-0-0*

Characteristics of humans in the context of user interfaces. Design principles and methodologies. Interface evaluation with and without user involvement. Development of graphical user interfaces. Applications of human-computer interaction in program design.

*Prerequisite(s): Computer Science 2720**Lib Ed Req: Science***COMPUTER SCIENCE 3780****Data Communications and Networking***Credit hours: 3.00**Contact hours per week: 3-0-0*

Layered network design. Data encoding and transmission. Data link protocols, network protocols, and network applications. OSI and TCP/IP models.

Prerequisite(s): One of Computer

Science 2620 or admission to the Post-Diploma B.Sc. in Computer Science

*Lib Ed Req: Science***COMPUTER SCIENCE 4110****Studies in Algorithms (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced topics in algorithms. Subjects may include, but are not limited to, discrete and continuous optimization, computational geometry, computational mathematics.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

Additional Prerequisites will be specified (including any recommended background) for individual offerings

COMPUTER SCIENCE 4210**Studies in Systems (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced topics in the design of systems. Subjects may include, but are not limited to, database systems, computer networks, operating systems, topics related to circuit design, compilers and compilation techniques, parallel and distributed systems.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

Additional prerequisites will be specified (including any recommended background) for individual offerings

COMPUTER SCIENCE 4310**Studies in Computational Intelligence (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced topics in computational intelligence. Subjects may include, but are not limited to, artificial intelligence, data mining, image processing, audio processing, natural language processing, human-computer interaction, bioinformatics, computer vision, machine learning.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

Additional prerequisites will be specified (including any recommended background) for individual offerings

COMPUTER SCIENCE 4600**Compiler Design***Credit hours: 3.00**Contact hours per week: 3-0-0*

Lexical and syntax analysis. Top-down and bottom-up parsing. Syntax-directed definition, semantics, and code generation.

Prerequisite(s): Computer Science 3620 AND Computer Science 3630

Recommended Background: Computer Science 3740

GEOGRAPHY 2700**Geographical Data and Analysis***Credit hours: 3.00**Contact hours per week: 3-1.5-0*

Introduction to quantitative methods and statistical problem solving in geography. Unique features of geographical data. Introductory methods for analysis and description of areal and point data. Central tendency, dispersion and shape of distributions. Classification methods. Use of Normal, Binomial, and Poisson distributions in geographical analysis. Bivariate correlation and regression analysis. Computer applications in statistical problem solving.

Prerequisite(s): One of Geography 1000, Geography 1200, Environmental Science 2000, admission to the Post-Diploma B.Sc. in Agricultural Studies, admission to the Post-Diploma B.Sc. in Environmental Science, or admission to the Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science

*Lib Ed Req: Science***GEOGRAPHY 2735****Introduction to Geographical Information Science***Credit hours: 3.00**Contact hours per week: 3-3-0*

An introductory course in the geographical information sciences with an emphasis on concepts in geographical information systems (GIS) and remote sensing. Data structures and fundamental GIS functions. Introduction to remote sensing of the Earth's surface, aerial photography, photogrammetry, and visual image interpretation. Laboratory work will involve techniques in GIS software, aerial photography interpretation, and image assessment.

Prerequisite(s): One of Geography 1000, Geography 1200, or admission to the Post-Diploma B.Sc. in Agricultural Studies

*Lib Ed Req: Science***GEOGRAPHY 3035****Fluvial Geomorphology***Credit hours: 3.00**Contact hours per week: 3-3-0*

A study of landforms and deposits created by running water. Aspects of drainage basin development, the measurement of drainage basin processes, concepts of drainage basin hydraulics and flood frequency analysis will be illustrated with field and computer-based laboratory exercises. The watershed will serve as the basic unit of study with emphasis on western Canadian river basins.

*Prerequisite(s): Geography 2030**Lib Ed Req: Science***GEOGRAPHY 3060****Glaciology and Glacial Geomorphology***Credit hours: 3.00**Contact hours per week: 3-3-0**Other hours per term: 0-0-8*

The study of perennial snow and ice and the effects of glaciers in the development of landforms. A one-day field trip will be scheduled on a Saturday.

*Prerequisite(s): Geography 2030**Lib Ed Req: Science***GEOGRAPHY 3070****Hazards, Disasters and Global Change***Credit hours: 3.00**Contact hours per week: 3-0-0*

The relationships of natural extremes, global environmental change and human systems. A key emphasis is identification of natural and human-induced global environmental change. Case studies demonstrating societal vulnerabilities to potential hazards and disasters.

Prerequisite(s): One of Geography 2030, Geography 2300, or Geology 2060 AND Third-year standing (a minimum of 60.0 credit hours)

*Lib Ed Req: Science***GEOGRAPHY 3075****Environmental Resources Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course considers the theory and methods of environmental assessment, adaptive management, and issues in resource analysis, allocation and development.

Prerequisite(s): One of Environmental Science 2000 or admission to the Post-Diploma B.Sc. in Environmental Science

*Lib Ed Req: Social Science***GEOGRAPHY 3080****Soils***Credit hours: 3.00**Contact hours per week: 3-3-0**Other hours per term: 0-0-8*

Physical, chemical, biological properties of soils; soil formation, classification and distribution, insights into the uses and abuses of soils, role of soil agronomy in resource development. A one-day field trip will be scheduled on a Saturday.

Prerequisite(s): One of Geography 2030, Geology 2060, or admission to the Post-Diploma B.A. or B.Sc. in Agricultural Studies

*Lib Ed Req: Science***GEOGRAPHY 3210****Agricultural Geography***Credit hours: 3.00**Contact hours per week: 3-0-0**Other hours per term: 0-0-8*

An examination of the nature and spatial complexion of agricultural systems in advanced, market economics. The course will focus on various physical, economic, social and institutional forces which influence the geography of agriculture. Examples and case studies will be drawn mainly from North America and Western Europe. A one-day field trip (or two half-days) may be scheduled, preferably, but not necessarily, on a Saturday.

Prerequisite(s): One of Agricultural Studies 1000 or a previous course (3.0 credit hours) in Geography AND Third-year standing (a minimum of 60.0 credit hours) OR Admission to the Post-Diploma B.A. or B.Sc. in Agricultural Studies.

Industrial Location and Globalization
of Enterprise**

Credit hours: 3.00

Contact hours per week: 3-0-0

Other hours per term: 0-0-8

Industrial geography is concerned with the location of industrial activity at local, continental and global scales of analysis. The course explores locational patterns and behaviour of small, medium-sized and transnational manufacturing firms with special emphasis on locational dynamics over time. By taking a geographical perspective, the course links the spatial behaviour of firms with economic development issues at the local, regional and global scales. A one-day field trip will be scheduled.

Urban Social Geography**

Credit hours: 3.00

Contact hours per week: 3-0-0

Other hours per term: 0-0-12

Internal social geography of cities. Classical and contemporary approaches to the study of neighbourhood and community differentiation, social inequalities in the city, social segregation, social polarization, and urban social structure. Intra-urban variations in morphology, land use, crime, housing, deprivation, well-being, community conflict and community organizations. A full-day field trip may be scheduled on a weekend.

Prerequisite(s): Geography 1200

Lib Ed Req: Social Science

**GEOGRAPHY 3235
Quantitative Models for Geographic

GEOGRAPHY 3700**Cartography***Credit hours: 3.00**Contact hours per week: 3-3-0*

Theoretical principles and practical aspects of cartography. The course will cover the history of cartography; map projections; geographic data processing and generalization; cartographic design and symbolization; computer mapping.

Prerequisite(s): One of Geography 2735, admission to the Post-Diploma B.Sc. in Environmental Science, or admission to the Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science

Lib Ed Req: Science

GEOGRAPHY 3710**Field Techniques in the Earth Sciences***Credit hours: 3.00**Contact hours per week: 3-3-0**Other hours per term: 0-0-30*

Mapping, recording and analysis of physical and cultural features in the southern Alberta landscape. Practical work to illustrate field research methodologies. Study projects will be carried out individually and in groups. Weekly field trips will be scheduled during the afternoon and may run as much as two hours beyond the lab period, especially where a considerable amount of travel time is required.

Prerequisite(s): Geography 2700 AND One of Geography 2030 or Geology 2060

Lib Ed Req: Science

GEOGRAPHY 3720**Remote Sensing***Credit hours: 3.00**Contact hours per week: 3-3-0*

Principles of digital remote sensing and image analysis. Fundamentals of the electromagnetic spectrum. Analysis of the interaction of energy with the Earth and atmosphere using remote sensing systems. Computer laboratory work will involve digital image analysis with environmental applications.

Prerequisite(s): One of Geography 2735, admission to the Post-Diploma B.Sc. in Environmental Science, or admission to the Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science

Lib Ed Req: Science

GEOGRAPHY 3740**Geographical Information Systems***Credit hours: 3.00**Contact hours per week: 3-3-0*

Geographical data, modelling, functions, data structures, and analysis. Spatial database management systems and applications. Laboratory work involves a variety of computer applications.

Prerequisite(s): One of Geography 2735, admission to the Post-Diploma B.Sc. in Environmental Science, or admission to the Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science

Lib Ed Req: Science

GEOGRAPHY 3750**GIS Applications in Human Geography***Credit hours: 3.00**Contact hours per week: 3-1-0*

An applied introduction to GIS in Canadian human geography. Students will be exposed to the Canadian census of population, agricultural census, and other spatial data products. Manipulation of variables, interpretation of spatial patterns and trends and hypothesis testing using these data within GIS software.

Prerequisite(s): One of Geography 2735, admission to the Post-Diploma B.Sc. in Environmental Science, or admission to the Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science

Lib Ed Req: Science

GEOGRAPHY 3780**Field Research in Geography***Credit hours: 3.00**Contact hours per week: 3-0-0**Other hours per term: 0-0-70*

Review of the physical and human geography of the study area will be followed by information gathering and data analysis using geographical field techniques and equipment.

Prerequisite(s): One of Geography 1000, admission to the Post-Diploma B.Sc. in Environmental Science, or admission to the Post-Diploma B.Sc. in Geography, with a Concentration in Geographical Information Science AND Geography 1200 AND Geography 2700

GEOGRAPHY 4700**Advanced Computer Mapping***Credit hours: 3.00**Contact hours per week: 3-3-0*

Advanced topics and concepts in analytical and computer cartography. Development, analysis and integration of multisource geographical data and databases.

Algorithms for computer mapping and visualization of geographical phenomena. Laboratory work will develop applications using computer mapping software and spatial data.

*Prerequisite(s): Geography 3700**Lib Ed Req: Science***GEOGRAPHY 4710****Remote Sensing Field Techniques***Credit hours: 3.00**Contact hours per week: 3-0-0**Other hours per term: 0-0-10*

Field measurement for airborne and satellite image analysis. The spatial, spectral, radiometric, biophysical, ecological and morphometric properties of the Earth's surface will be measured, analysed, mapped and modelled. Field instrumentation, use, interpretation, analysis and validation as well as instruction in spectroradiometry, global positioning systems, ecological data collection, computer image analysis, and GIS will be provided. Includes field work and computer laboratory exercises.

*Prerequisite(s): Geography 3720**Recommended Background:**A course in data analysis**Lib Ed Req: Science***Note:** *May involve off-campus field work and require a field trip fee.***GEOGRAPHY 4725****Advanced Remote Sensing***Credit hours: 3.00**Contact hours per week: 3-3-0*

Digital image analysis of aerial and satellite data for earth observation and studies of environmental and landuse change from local to global scales. Computer graphics and image processing in spatial, spectral and time dimensions. Data integration, classification, predictive models and fundamentals of spectroradiometry. Laboratory work will focus on digital image analysis software and applications.

*Prerequisite(s): Geography 3720**Lib Ed Req: Science***GEOGRAPHY 4730****Spatial Statistics***Credit hours: 3.00**Contact hours per week: 3-3-0*

An introduction to statistical methods of spatial analysis, including techniques for description, sampling, comparison, relationships and trends.

Note: Students completing a major in Kinesiology or a disciplinary stream in Kinesiology for a General Major in the Sciences may not count this course for credit towards their major.

KINESIOLOGY 1161
Human Anatomy and Physiology II

Credit hours: 3.00

Contact hours per week: 3-1-0

A continuation of Kinesiology 1160, covering advanced concepts in human anatomy and physiology.

Prerequisite(s): Kinesiology 1160

Substantially Similar:

Health Sciences 3850 (Human Anatomy and Physiology) (prior to 2015/2016)

Lib Ed Req: Science

Note: Students completing a major in Kinesiology or a disciplinary stream in Kinesiology for a General Major in the Sciences may not count this course for credit towards their major.

KINESIOLOGY 2110**Biophysical Perspectives***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course uses a multidisciplinary approach to examine the capacities of human movement by means of knowledge contained within and between exercise physiology, motor control, and biomechanics.

*Lib Ed Req: Science***KINESIOLOGY 2130****Humanities Perspectives***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of historical, philosophical and literary perspectives of physical activity involvement.

*Lib Ed Req: Fine Arts and Humanities***KINESIOLOGY 2140****Psychological Perspectives***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of psychological perspectives of physical activity involvement related to groups and individuals.

*Lib Ed Req: Social Science***KINESIOLOGY 2150****Sociological Perspectives***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to sociological thinking about sport and physical activity. Explores the relation of sport and physical activity to the social and cultural contexts in which we live. Includes an introductory examination of the ways in which class, race, gender, sexuality and ability shape (and are shaped by) sport and physical activity.

*Lib Ed Req: Social Science***KINESIOLOGY 2160****Management Perspectives***Credit hours: 3.00**Contact hours per week: 3-0-0*

Introduction to management concepts for sport, physical education, physical activity, fitness and recreation programs. Event management principles are reinforced through practical learning experiences.

*Substantially Similar:**Kinesiology 4620 (prior to 2014/2015)**Lib Ed Req: Social Science***Note:** *Students in the Human Resource*

Management and Labour Relations (HRLR) major cannot count this course for credit towards their degree(s). Students majoring in HRLR will be blocked from registering in this course.

KINESIOLOGY 2200**Research Methodologies***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of qualitative and quantitative research methods used in the study of sport and physical activity involvement.

*Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)**Lib Ed Req: Science***KINESIOLOGY 2600****Functional Human Anatomy***Credit hours: 3.00**Contact hours per week: 3-2-0*

A functionally-oriented approach to human anatomy with specific emphasis on the musculoskeletal system.

*Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)**Recommended Background:**One of Kinesiology 2110 or Biology 1010**Lib Ed Req: Science***KINESIOLOGY 2610****Human Physiology***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to the function of the human body. Various systems will be examined with emphasis on the maintenance of homeostasis and the integration of functions to meet changing demands.

*Prerequisite(s): Biology 1010**Lib Ed Req: Science***KINESIOLOGY 2650****Functional Biomechanics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Use of functional anatomical models, current research and technology from kinesiology to explore fundamentals of biomechanics in a qualitative fashion.

*Equivalent: Kinesiology 2850 (Introduction to Biomechanics) (prior to 2014/2015)**Lib Ed Req: Science***KINESIOLOGY 3100****Social Constructions of the Body***Credit hours: 3.00**Contact hours per week: 3-0-0*

Examination of the sociology and cultural studies of the body. Introduction to representations of the body in film and literature. Cultural metaphors of the body and illness. The body as labour and commodity in late capitalism. Body politics in relation to race, ethnicity, gender, sexuality and ability. Body modification and consumerism.

*Prerequisite(s): One of Kinesiology 2150 or Sociology 1000**Lib Ed Req: Social Science***KINESIOLOGY 3120****The Modern Olympic Movement***Credit hours: 3.00**Contact hours per week: 3-0-0*

Critical examination of historical, sociological and current issues related to the Modern Olympic Movement and the place of the Olympics in Canadian and global culture.

*Prerequisite(s): Kinesiology 2150**Equivalent: Kinesiology 3850 (The Modern Olympic Movement) (prior to 2013/2014)**Lib Ed Req: Social Science***KINESIOLOGY 3200****Movement Disorders***Credit hours: 3.00**Contact hours per week: 3-0-0*

Overview of the major types of movement disorders (MD). Particular emphasis on the neural correlates of MD and on the functional deficits associated with the pathology.

*Prerequisite(s): Neuroscience 2600**Equivalent: Kinesiology 2670 (prior to 2014/2015)**Lib Ed Req: Science***KINESIOLOGY 3300****Leadership Skills Development***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course is designed with innovative and contemporary approaches to stimulating thinking and creativity about the development of individual leadership styles and behaviours. A combination of classroom and field experiences will enhance core concepts in effective leadership, group dynamics and fair play.

*Prerequisite(s): One 2000-level course (3.0 credit hours) in Kinesiology**Lib Ed Req: Social Science*

KINESIOLOGY 3350**Recognition and Care of Athletic Injuries**

Credit hours: 3.00

Contact hours per week: 3-3-0

An introduction to the mechanics of injury and the care and rehabilitation of athletic injuries. Course content will include recognition and effective management of acute and chronic injury, and various support and splinting techniques.

Prerequisite(s): Kinesiology 2600

Recommended Background:

Kinesiology 2610

Equivalent: Kinesiology 2350 (prior to 2014/2015)

Lib Ed Req: Science

KINESIOLOGY 3400**History of Sport and Physical Activity**

Credit hours: 3.00

Contact hours per week: 3-0-0

From ancient times to the present with emphasis on the North American setting.

Prerequisite(s): One of Kinesiology 2130, History 1000, or History 1200

Lib Ed Req: Fine Arts and Humanities

KINESIOLOGY 3430**Literature and Physical Activity**

Credit hours: 3.00

Contact hours per week: 3-0-0

Selected examples of poetry, short stories, and works of fiction and non-fiction that engage physical activity and sport. An examination of central issues concerned with the role and significance of human physical activities, including sport and games, in ancient and more recent societies and cultures.

Prerequisite(s): One of Kinesiology 2130 or Third-year standing (a minimum of 60.0 credit hours)

Equivalent: Kinesiology 3850 (Literature and Physical Activity) (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

KINESIOLOGY 3500**Nutrition and Physical Activity**

Credit hours: 3.00

Contact hours per week: 3-0-0

An examination of the fundamentals of nutrition for healthful living and optimal performance; nutritional requirements of persons who are physically active or competitive athletes; body composition and weight management.

Prerequisite(s): Kinesiology 2610

Lib Ed Req: Science

KINESIOLOGY 3610**Exercise Physiology**

Credit hours: 3.00

Contact hours per week: 3-1.5-0

Examination of how the human body responds to physical stress. Physiological and metabolic responses to acute exercise stimuli as well as adaptations to long-term training.

Prerequisite(s): Kinesiology 2610

Recommended Background: Kinesiology 2600

Lib Ed Req: Science

KINESIOLOGY 3630**Growth, Development and Aging**

Credit hours: 3.00

Contact hours per week: 3-0-0

Basis for exercise derived from study of individual physical, social and psychological growth patterns and the physical and environmental factors affecting human development stages.

Prerequisite(s): Kinesiology 2200

Lib Ed Req: Science

KINESIOLOGY 3645**Media and Physical Activity**

Credit hours: 3.00

Contact hours per week: 3-0-0

Exploration of the intersections of sport, mass media and popular culture in a globalized contemporary context.

Prerequisite(s): One of Kinesiology 2150 or Sociology 1000

Lib Ed Req: Social Science

KINESIOLOGY 3650**Biomechanics**

Credit hours: 3.00

Contact hours per week: 3-1.5-0

Complex movements, specialized skills and motor coordination in terms of mechanics of skeletal and muscular movements.

Prerequisite(s): Kinesiology 2600 AND Kinesiology 2650

Lib Ed Req: Science

KINESIOLOGY 3680**Sport Psychology**

Credit hours: 3.00

Contact hours per week: 3-0-0

Emphasis upon performance differences and performance manipulation as they can be traced to psychological constraints such as anxiety, imagery and mental rehearsal, motivation and feedback.

Prerequisite(s): Kinesiology 2200 AND One of Kinesiology 2140 or Psychology 1000 AND Third-year standing (a minimum of 60.0 credit hours)

Lib Ed Req: Social Science

KINESIOLOGY 3690**Motor Control**

Credit hours: 3.00

Contact hours per week: 3-2-0

An examination of the neural processes involved in the control and regulation of movement and posture. Specific topics include an overview of human neuroanatomy, theories of motor control, spinal mechanisms underlying movement, control of voluntary movement, posture and balance, movement disorders.

Prerequisite(s): Kinesiology 2200 AND Kinesiology 2600

Recommended Background: Neuroscience 2600

Lib Ed Req: Science

KINESIOLOGY 3740**Philosophy of Physical Activity**

Credit hours: 3.00

Contact hours per week: 3-0-0

A critical examination of basic philosophic questions relevant to physical education, sport and recreation with special consideration for ethical issues.

Prerequisite(s): Kinesiology 2130

Recommended Background: Philosophy 1000

Lib Ed Req: Fine Arts and Humanities

KINESIOLOGY 3780**Exercise Psychology***Credit hours: 3.00**Contact hours per week: 3-0-0*

An overview of the interaction of psychological factors and acute and chronic exercise participation. Exercise and the individual participant, the environment and physical activity, theoretical models of exercise involvement, and the promotion of regular exercise participation.

Prerequisite(s): Kinesiology 2200 AND One of Kinesiology 2140 or Psychology 1000 AND Third-year standing (a minimum of 60.0 credit hours)

*Lib Ed Req: Social Science***KINESIOLOGY 4200****Health and Physical Activity***Credit hours: 3.00**Contact hours per week: 3-0-0*

Critical examination of the role of physical activity in primary prevention of chronic disease and health promotion.

Prerequisite(s): Two 3000-level courses (6.0 credit hours) in Kinesiology

Recommended Background: Kinesiology 2200 AND Kinesiology 3610

*Lib Ed Req: Science***KINESIOLOGY 4300****Work and Physical Ergonomics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Physical ergonomics is the evidence-based examination of anthropometric, biomechanical, and physiological factors related to safe and unsafe worker loading and workplace design. This course will examine anatomical and mechanical bases of common work-related musculoskeletal disorders and explore techniques for identifying, assessing, and preventing soft tissue injuries at work.

Prerequisite(s): Kinesiology 3650

Substantially Similar: Kinesiology 2750 (prior to 2014/2015)

*Lib Ed Req: Science***KINESIOLOGY 4400****Canadian Sport History***Credit hours: 3.00**Contact hours per week: 3-0-0*

The social historical examination of sport and physical activity in Canada from pre-Colonial times to the present. The place of physical recreation in Canadian society is examined from the linked perspectives of gender, class, race and ethnicity.

Prerequisite(s): Kinesiology 3400

Recommended Background: History 2710 AND History 2720

*Lib Ed Req: Fine Arts and Humanities***KINESIOLOGY 4500****Aging and Physical Activity***Credit hours: 3.00**Contact hours per week: 3-0-0*

An examination of physical activity involvement of middle-aged and older adults. The course investigates both personal and societal factors that influence the adoption, adherence and/or cessation of a physically healthy lifestyle.

Prerequisite(s): Two 3000-level courses (6.0 credit hours) in Kinesiology

Recommended Background: Kinesiology 3630

*Lib Ed Req: Social Science***KINESIOLOGY 4550****Advanced Biomechanics***Credit hours: 3.00**Contact hours per week: 3-3-0*

Methods of multi-linked segment analysis used in quantitative human performance studies. Theories and applied examples related to two- and three-dimensional biomechanical modelling, technologies for motion capture, plus programming, testing, and trouble-shooting model output and biosignal integration.

Prerequisite(s): Kinesiology 3650

Substantially Similar: Kinesiology 4665 (prior to 2014/2015)

*Lib Ed Req: Science***KINESIOLOGY 4610****Fitness and Lifestyle Assessment***Credit hours: 3.00**Contact hours per week: 3-3-0*

Practical lab-based course that covers a wide range of exercise science laboratory methods, as well as theoretical information required to interpret test data. Foundation knowledge for professional certification through Canadian Society for Exercise Physiology.

Prerequisite(s): Kinesiology 3610

Recommended Background: Kinesiology 3780

*Lib Ed Req: Science***KINESIOLOGY 4615****Advanced Exercise Physiology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Detailed understanding of the physiological processes that regulate human exercise tolerance. Emphasis on neuromuscular fatigue mechanisms, electrophysiology, and skeletal muscle metabolism. Adaptations to hypoxic conditions.

Prerequisite(s): Kinesiology 2200 AND Kinesiology 3610

Recommended Background: Kinesiology 2600

*Lib Ed Req: Science***KINESIOLOGY 4640****Applied Ethics in Sport and Physical Activity***Credit hours: 3.00**Contact hours per week: 3-0-0*

An examination of important ethical issues in the professional practice of physical activity, physical education and/or sport; sensitivity towards professional ethical duties; development of critical analytical skills for making ethical decisions.

Prerequisite(s): One of Kinesiology 2130 or Philosophy 1000 AND Two 3000-level courses (6.0 credit hours) in Kinesiology, Anthropology, or Sociology

Recommended Background: Kinesiology 2200 AND Kinesiology 3740

Lib Ed Req: Fine Arts and Humanities

KINESIOLOGY 4660**Bioinstrumentation***Credit hours: 3.00**Contact hours per week: 3-3-0*

Principles and methods for biological signal detection and processing for human motion and activity analyses. Hands-on experience with state-of-the-art bioinstrumentation and data analysis methods.

*Prerequisite(s): Kinesiology 3650**Lib Ed Req: Science***KINESIOLOGY 4680****Advanced Exercise and Sport Psychology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced topics in exercise and sport psychology. Strong emphasis will be placed on student's abilities to relate research findings to practical applications within the field.

Prerequisite(s): One of Kinesiology 3680 or Kinesiology 3780 AND Fourth-year standing (a minimum of 90.0 credit hours)

*Lib Ed Req: Social Science***KINESIOLOGY 4720****Gender and Physical Activity***Credit hours: 3.00**Contact hours per week: 3-0-0*

An examination of gender with a focus on how sport and physical activity reproduce, shape, and challenge constructions of femininity and masculinity. A socio-historical perspective on the relationship of sport to the cultural construction and interpretation of gender in Canadian society, and how gender operates as a central factor in the way that sport is played, organized and funded.

Consideration of the issues of, and intersections between, equity, race, ethnicity, sexualities and social class.

Prerequisite(s): Kinesiology 2150 AND Third-year standing (a minimum of 60.0 credit hours)

Recommended Background:

One of Anthropology 2600, Sociology 2410, or Women and Gender Studies 1000

*Lib Ed Req: Social Science***KINESIOLOGY 4725****Race, Ethnicity, and Physical Activity***Credit hours: 3.00**Contact hours per week: 3-0-0*

The racial politics of sport and physical activity in popular culture. Key concepts in post-Colonialism, black liberation discourse, and critical multiculturalism, all of which are applied to the context of sport and physical activity in North America.

Prerequisite(s): Two 3000-level courses (6.0 credit hours) in Kinesiology AND Third-year standing (a minimum of 60.0 credit hours)

Recommended Background:

Kinesiology 2150 AND One course (3.0 credit hours) in Anthropology or Sociology, preferably Anthropology 2510 or Sociology 1000

*Lib Ed Req: Social Science***KINESIOLOGY 4900****Interdisciplinary Research Dialogues***Credit hours: 3.00**Contact hours per week: 3-0-0*

Seminar-based 'capstone' course. Research questions and conventions from across the disciplines (Humanities, Science, and Social Science) in Kinesiology. Emphasis is on creating productive research dialogues within and between students, faculty and diverse disciplinary approaches to the field.

Prerequisite(s): Kinesiology 2200 AND Third-year standing (a minimum of 60.0 credit hours)

*Lib Ed Req: Social Science***KINESIOLOGY 4995****Undergraduate Thesis***Credit hours: 6.00**Contact hours per week: Variable*

This is a research-oriented course in which students will conduct empirical research, submit a report in the form of an Undergraduate Thesis which will be made publicly available, and report orally on the work. In consultation with their Thesis Supervisor, students will define a research problem and formulate a research plan.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

A cumulative GPA of 3.30 or higher AND

Kinesiology 2200 AND One of Kinesiology 3990 or Kinesiology 4990 AND Application to the Department of Kinesiology and Physical Education

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

LATIN**(LATI)****Faculty of Arts and Science****LATIN 1000****Elementary Latin I***Credit hours: 3.00**Contact hours per week: 3-0-0*

Latin grammar with exercises in translating simple sentences and texts from Latin into English.

*Lib Ed Req: Fine Arts and Humanities***LATIN 1100****Elementary Latin II***Credit hours: 3.00**Contact hours per week: 3-0-0*

Completion of survey of Latin grammar, translation of elementary Latin texts selected from Caesar, Cicero and other basic authors.

*Prerequisite(s): Latin 1000**Lib Ed Req: Fine Arts and Humanities*

LIBERAL EDUCATION (LBED)
School of Liberal Education

LIBERAL EDUCATION 1000
Knowledge and Liberal Education

Credit hours: 3.00

Contact hours per week: 2-1-1

Introductory, multidisciplinary, and critical examination of knowledge, the foundation of a liberal education; broad integration of examples from Sciences, Social Sciences, Humanities, and Fine Arts. Discussion groups and labs teach basic skills (critical thinking, numeracy, oral and written communications, and research).

Note: *Students who complete both Liberal Education 1000 and either Liberal Education 2000 or Library Science 2000 may reduce the Liberal Education List Requirement by one course from each of the three lists. Liberal Education 1000 alone does not fulfill any list requirement.*

LIBERAL EDUCATION 1150
Multidisciplinary Perspectives on Global Citizenship I

Credit hours: 1.50

Contact hours per week: 1.5-0-0

The first of two 1.5-credit courses offering a multidisciplinary examination of topics relating to the current cohort theme. Students will relate topics from their other courses to the theme and to Global Citizenship through a variety of activities.

Prerequisite(s): Admission to the Global Citizenship Cohort

Grading: Pass/Fail

LIBERAL EDUCATION 1500
The First-Year Experience: Mapping Our Communities

Credit hours: 3.00

Contact hours per week: 3-0-0

Introduction to the University as a physical, social, and academic space, and to membership in new academic communities. Includes introduction to the many resources available for student support on campus, the liberal education philosophy of the University of Lethbridge, a study of how a variety of academic disciplines map out their knowledge, and career and study skills.

Equivalent: *Liberal Education 1850 (The First Year Experience: Mapping Our Communities) (prior to 2015/2016); Liberal Education 2850 (The First Year Experience: Mapping our Communities) (prior to 2015/2016); Liberal Education 2850 (Mapping Self, Career, Campus, Community) (prior to 2015/2016)*

Lib Ed Req: Social Science

Note: *This course is intended for first-year students (having completed fewer than 30.0 credit hours).*

LIBERAL EDUCATION 2000
Identity and Liberal Education

Credit hours: 3.00

Contact hours per week: 3-0-0

Broad exploration of individual and group identities, key concepts in a liberal education; multidisciplinary and integrative perspective; examples from the Sciences, Social Sciences, Humanities, and Fine Arts. Discussion groups and labs teach higher level critical thinking, communication, and research skills.

Prerequisite(s): *One of Liberal Education 1000 or four courses (12.0 credit hours) in Arts and Science*

Note: *Students who complete both Liberal Education 1000 and Liberal Education 2000 may reduce the Liberal Education List Requirement by one course from each of the three lists. Liberal Education 2000 alone does not fulfill any list requirement.*

LIBERAL EDUCATION 2100
Quantitative Reasoning

Credit hours: 3.00

Contact hours per week: 3-0-0

Number systems: historical development and current systems, types of numbers, operations on numbers and their properties, scientific notation, estimation; relationships between numbers: graphs and functions, rates of change, modelling; quantitative data: graphical and numerical description, inference production and evaluation. Applications and examples selected from a range of disciplines. Intended for students with little or no mathematics background.

Lib Ed Req: Science

LIBERAL EDUCATION 2150
Multidisciplinary Perspectives on Global Citizenship II

Credit hours: 1.50

Contact hours per week: 1.5-0-0

The second of two 1.5-credit courses offering a multidisciplinary examination of topics relating to the current cohort theme. Students will relate topics from their other courses to the theme and to Global Citizenship through a variety of activities.

Prerequisite(s): Liberal Education 1150

Grading: Pass/Fail

LIBERAL EDUCATION 2200
Problems and Puzzles

Credit hours: 3.00

Contact hours per week: 3-0-0

Problems and puzzles across a wide range of disciplines, including word problems, logic puzzles, mathematical problems, and famous problems and puzzles in history. Strategies and techniques for solving problems, including Pólya's method of problem-solving and metacognitive theories.

Lib Ed Req: Science

LIBERAL EDUCATION 2400
Great Literature and Thought Across Disciplines: A Brief History

Credit hours: 3.00

Contact hours per week: 3-0-0

Interdisciplinary integrative introduction to great literature and thought in Western civilization from the ancient Greeks to the 1700s.

Equivalent: *Liberal Education 2850 (Great Books Across Disciplines: A Brief History) (prior to 2015/2016)*

Lib Ed Req: Fine Arts and Humanities

LIBERAL EDUCATION 2500 Scientific Knowledge Across Disciplines

Credit hours: 3.00

Contact hours per week: 3-0-0

What is science? What are the methods for obtaining good scientific knowledge, and how can different scientific approaches be explained across a wide variety of natural sciences? This course gives a historical overview of the quest to define and develop science.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Liberal Education 2850 (Scientific Knowledge Across Disciplines) (prior to 2019/2020)

Lib Ed Req: Science

LIBERAL EDUCATION 3010 Liberal Education (Series)

Credit hours: 3.00

Contact hours per week: 3-0-0

Critical examination of significant contemporary themes; multidisciplinary and integrative perspective; broad integration of Sciences, Social Sciences, Humanities, and Fine Arts. Content varies from year to year. Offerings may include, for example, Genocide, Progress, or Friendship and Family.

Prerequisite(s): One of Liberal Education 1000, Liberal Education 2000, or eight courses (24.0 credit hours) in Arts and Science

Note: Students who complete both Liberal Education 3010 and Liberal Education 4000 may reduce the Liberal Education List Requirement by one course from each of the three lists. Liberal Education 3010 alone does not fulfill any list requirement.

LIBERAL EDUCATION 3100 History of Mathematics

Credit hours: 3.00

Contact hours per week: 3-0-0

A study of the major developments in mathematics from prehistory to the seventeenth century, especially the development of geometry and algebra over the centuries. Development of numbers and counting systems; early Egyptian, Babylonian, Greek, and Roman mathematics; the Arabic empire; expansion in the Middle Ages; the solution of the quartic; the invention of calculus.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Lib Ed Req: Science

LIBERAL EDUCATION 3300 Creativity and Innovation

Credit hours: 3.00

Contact hours per week: 3-0-0

An interdisciplinary study of current research into creative thinking and innovation in a Liberal Education context, as well as practice in a variety of specific skills and tools that can enhance creative thought.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Liberal Education 3850 (Creativity Across Disciplines) (prior to 2019/2020)

Lib Ed Req: Fine Arts and Humanities

LIBERAL EDUCATION 3350 Themes in Innovation

Credit hours: 3.00

Contact hours per week: 3-0-0

Themes in Innovation focuses on skills like creativity, critical thinking, and innovation for dealing with complex problems, with creativity, philosophy and history of technology, and social change at the core. Introduction to foundational ideas that contribute to the innovation culture, and the principles of problem-solving, designing and building solutions, and supporting community growth through collaboration. Students are able to move an idea from inception to proposal; successful projects may continue being developed once the course is completed, through Agility funding.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Liberal Education 3850 (Themes in Innovation) (prior to 2019/2020); FA 3850 (Themes in Innovation) (prior to 2018/2019)

Lib Ed Req: Social Science

LIBERAL EDUCATION 3400 Great Literature and Thought Across Disciplines: The Long Conversation

Credit hours: 3.00

Contact hours per week: 3-0-0

Interdisciplinary integrative introduction to great literature and thought in Western civilization from the 1700s to modern times.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Liberal Education 3850 (Great Books Across Disciplines: Rise of the Modern Self) (prior to 2015/2016)

Lib Ed Req: Fine Arts and Humanities

LIBERAL EDUCATION 3500 Natural versus Human Sciences

Credit hours: 3.00

Contact hours per week: 3-0-0

An inquiry into the differences between the natural and human sciences, including historical development of the sciences since the Scientific Revolution in the 16th and 17th centuries and the growth of the human/social sciences in the 19th and 20th centuries. This course will survey the complex and numerous similarities and differences that exist between the natural and human sciences across a wide range of disciplines, including the underlying debate over what human nature is.

Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours)

Equivalent: Liberal Education 3850 (Natural vs Human Sciences) (prior to 2019/2020)

Lib Ed Req: Fine Arts and Humanities

LIBERAL EDUCATION 3600/ ARCHAEOLOGY 3600 Human Evolution

Credit hours: 3.00

Contact hours per week: 3-0-0

Theories and major developments in the study of human evolution. Examination of hominid fossils and stone tools in order to understand human biological and cultural development. Contributions made by various disciplines to this research area are reviewed.

Prerequisite(s): One of Archaeology 1000, a previous course (3.0 credit hours) in Archaeology, or Third-year standing (a minimum of 60.0 credit hours)

Lib Ed Req: Science

LIBERAL EDUCATION 3700 Charles Darwin's On the Origin of Species (1859)

Credit hours: 3.00

Contact hours per week: 3-0-0

A presentation and analysis of the ideas of Charles Darwin's classic 1859 book *On the Origin of Species*, which promotes the theory of evolution by natural selection, including major scientific and philosophical components. The book will be placed in the historical context of the time, and the question of its current relevancy raised. A study of the importance of Darwinism across multiple disciplines.

Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours)

Equivalent: Liberal Education 3850 (Charles Darwin on the Origin of Species) (prior to 2019/2020)

Lib Ed Req: Science

LIBERAL EDUCATION 4000**Capstone Ideas in Liberal Education***Credit hours: 3.00**Contact hours per week: 3-0-0*

Senior seminar; critical examination and discussion of selected readings; synthetic integration across the disciplines in Sciences, Social Sciences, Humanities, and Fine Arts. Content varies from year to year.

Prerequisite(s): Two Liberal Education courses (6.0 credit hours)
 OR
Third-year standing (a minimum of 60.0 credit hours)

Note: *Students who complete both Liberal Education 3010 and Liberal Education 4000 may reduce the Liberal Education List Requirement by one course from each of the three lists. Liberal Education 4000 alone does not fulfill any list requirement.*

LIBERAL EDUCATION 4500**Critical Approaches to Knowledge***Credit hours: 3.00**Contact hours per week: 3-0-0*

In recent decades, our view of science keeps changing as seen in three main successive yet overlapping intellectual movements of positivism, post-positivism, and postmodernism. This had led to the realizations that knowledge-building is a complex business and that an ever more critical view of science could lead to its very negation. The merits and limitations of each of these three main intellectual movements will be exposed, analyzed, and debated, with examples from a broad range of scientific disciplines.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: Liberal Education 4850 (Critical Approaches to Knowledge) (prior to 2019/2020)

Lib Ed Req: Science

LIBRARY SCIENCE**(LBSC)***Faculty of Arts and Science***LIBRARY SCIENCE 0520****Information Literacy***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course is designed to teach Library research skills and a companion set of study skills and computer skills that together will help students adjust to the university environment and enhance their opportunity for academic success. Students will learn how information is organized, how to search for and retrieve information using both print and online resources, and how to evaluate and use information. In formulating and conducting research strategies, students will also have the opportunity to develop skills in time management, goal setting, note taking and critical thinking, all of which are essential for success in any academic program.

Prerequisite(s): Admission to the First Nations' Transition Program

LOGIC

(LOGI)

Faculty of Arts and Science

LOGIC 1000

Critical Thinking

Credit hours: 3.00

Contact hours per week: 3-0-0

Logic is the general examination of arguments and the distinction between good arguments and merely good-looking arguments. Techniques, both formal and informal, are presented for evaluation of reasoning in all walks of life - in ordinary conversation, in political debates and in science. The study of logic fosters the ability to think critically and carefully in all fields of endeavour.

Lib Ed Req: Science

LOGIC 2003

Symbolic Logic I

Credit hours: 3.00

Contact hours per week: 3-0-0

An introductory course in formal techniques of argument analysis. Students will learn how to formalize arguments of English in Sentential Logic - which has important links to Boolean Algebra and Computation Theory - and apply semantic and syntactic techniques for evaluating such arguments. In addition, students will be exposed in a preliminary way to Predicate Logic.

Lib Ed Req: Science

LOGIC 2500

Studies in Logic (Series)

Credit hours: 3.00

Contact hours per week: 3-0-0

The Logic 2500 series makes available to students special courses that are not offered regularly. Some of these courses reflect the research interests of members of the faculty, and thus offer students an early glimpse of how research is done. In other cases, the course could be a response to student interest.

*Prerequisite(s): Will be specified (including any
recommended background) for
individual offerings*

LOGIC 3003

Symbolic Logic II

Credit hours: 3.00

Contact hours per week: 3-0-0

A second course in formal techniques of argument analysis. Students will learn how to formalize arguments of English in Predicate Logic and apply semantic and syntactic techniques for evaluating such arguments. In addition, students will be introduced to soundness and completeness proofs for both Sentential and Predicate Logic.

Prerequisite(s): Logic 2003

Lib Ed Req: Science

LOGIC 3500

Intermediate Studies in Logic (Series)

Credit hours: 3.00

Contact hours per week: 3-0-0

The Logic 3500 series has the same function as the Logic 2500 series but at levels of study appropriate to more senior students.

*Prerequisite(s): Will be specified (including any
recommended background) for
individual offerings*

LOGIC 4500

Advanced Studies in Logic (Series)

Credit hours: 3.00

Contact hours per week: 3-0-0

The Logic 4500 series has the same function as the Logic 2500 and Logic 3500 series but at levels of study appropriate to senior philosophy or mathematics students with a strong background in logic.

*Prerequisite(s): Will be specified (including any
recommended background) for
individual offerings*

LOGIC 4995**Undergraduate Thesis**

Credit hours: 6.00

Contact hours per week: Variable

This is a challenging, work-intensive, research-oriented course. This research will be presented in a report in the form of an Undergraduate Thesis which will be made publicly available and which will be the subject of an oral defence.

*Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND
A cumulative GPA of 3.30 or higher AND
A cumulative GPA of 3.50 or higher on all Logic and Philosophy courses*

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

**MANAGEMENT 3606
Managing Innovation and Emerging
Markets**

Credit hours: 3.00

Contact hours per week: 3-0-0

Of the roughly 160 countries recognized by the United Nations, the majority can be classified as emerging markets in the sense that they are low-income and/or rapid economic-growth countries, in which business opportunities are as challenging as they are enticing. This course examines managerial challenges of engaging emerging market opportunities, relying on current research, real-life case studies, and current events. Each emerging market is characterized by its own set of political, economic, cultural, and technological characteristics. Addressing emerging market opportunities thus requires innovative approaches to both management practices and business models. This course challenges students to examine different forms of managerial mindsets, the conditions under which they are appropriate, and the preferred shift towards a more truly metanational approach to global business.

Topics include financial reporting and measurement of biological assets and products; exploration of government assistance and related accounting issues; costing, control, and valuation challenges related to agricultural assets, particularly inventory; and taxation and succession planning. An overview of the audit process and related preparation may also be provided.

Prerequisite(s): Management 2100 AND Management 2400

Corequisite(s): Management 3040

MANAGEMENT 4130**Advanced Managerial Accounting II***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course is intended as a capstone course using the concepts and techniques taught in Management 3130 and Management 3131 in real-life case situations. Students define problems and apply management accounting knowledge to specific situations.

Prerequisite(s): Management 3131 AND One of Writing 1000 or a university English course (3.0 credit hours)

Note: All prerequisite courses must have a minimum 'C-' grade.

MANAGEMENT 4151**Advanced Tax***Credit hours: 3.00**Contact hours per week: 3-0-0*

The objective of this course is to provide advanced exposure to the workings of the personal and corporate Canadian income tax systems. Emphasis is placed on applying, analyzing, synthesizing, and evaluating advanced concepts as they pertain to tax planning and decision making. Topics such as individual tax planning, corporate tax planning, corporate reorganizations, partnerships, business acquisitions and divestitures, business valuations, international business expansion, and employee compensation will be covered.

Prerequisite(s): Management 3100 AND Management 3151

Note: All prerequisite courses must have a minimum 'C-' grade.

MANAGEMENT 4160**Accounting Theory***Credit hours: 3.00**Contact hours per week: 3-0-0*

The study of theoretical constructs such as efficient markets, agency and economic consequences which impact the preparation and use of accounting information. Focus is on applying the theories to understand and analyze current issues in accounting practice. The course is designed to provide students with the opportunity to exercise and improve skills in critical thinking, persuasive writing and oral communication.

Prerequisite(s): Management 3100 AND One of Writing 1000 or a university English course (3.0 credit hours)

Corequisite(s): Economics 3030 AND Management 3101 AND Management 3160

Note: All prerequisite courses must have a minimum 'C-' grade.

MANAGEMENT 4215**Advanced Marketing Communications and Social Media***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course is a continuation of students' exploration of advertising and public relations theory, social media, media structures, regulations and social responsibility. The class will enrich students' understanding of these topics by developing advertising strategies and plans with case studies or competitions.

Prerequisite(s): Management 3215

MANAGEMENT 4220**Cross-Cultural Marketing***Credit hours: 3.00**Contact hours per week: 3-0-0*

International marketing and intelligence: economic, cultural, political, product policy, foreign market entry methods, international promotion and pricing.

Prerequisite(s): Management 2020

MANAGEMENT 4230**Marketing Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

Strategy-oriented, marketing environment, marketing information and analysis of markets and buying behaviour; program development.

Prerequisite(s): Management 3210 AND Management 3220 AND Fourth-year standing (a minimum of 90.0 credit hours)

MANAGEMENT 4305**Canadian Labour and Employment Law***Credit hours: 3.00**Contact hours per week: 3-0-0*

Labour law topics address employment relationships in a unionized setting and employment law addresses non-union employment relationships. Compare and contrast of union and non-union approaches to dispute resolution, human rights, privacy, workers' compensation, and occupational health and safety law.

Prerequisite(s): Management 2030 AND Management 3050

Substantially Similar:

*Management 3330 (prior to 2013/2014);
Management 3340 (prior to 2013/2014)*

MANAGEMENT 4310**Advanced Organizational Behaviour***Credit hours: 3.00**Contact hours per week: 3-0-0*

An in-depth exploration and analysis of new areas of research and current debates in organizational behaviour. Examples of topics that may be addressed include leadership, conflict management, power and politics, goal setting, and cultural diversity.

Prerequisite(s): Management 2030 AND Management 3050

MANAGEMENT 4315**Performance Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course provides an in-depth look at performance management. Performance management involves a number of continuous activities including: defining performance in the context of specific organizations and jobs, measuring performance, improving and developing the performance of individuals and groups, and aligning performance with the strategic objectives of the organization.

Prerequisite(s): Management 2030 AND Management 3050

Equivalent: Management 4850 (Performance Management) (prior to 2013/2014)

MANAGEMENT 4330**The Art of Negotiations and Bargaining***Credit hours: 3.00**Contact hours per week: 3-0-0*

Develop negotiation knowledge and skills in a variety of organizational situations. Includes legal and theoretical frameworks, collective bargaining, preparation, negotiation techniques, and contract language clarity. Substantial experiential component.

Prerequisite(s): Management 2030 AND Management 3050

MANAGEMENT 4350**Staffing***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course covers staffing-related topics dealing with obtaining and maintaining a productive workforce. Students will study topics such as strategic planning for staffing, job analysis, recruiting, selection, legal issues, international staffing, and decision-making through theoretical and quantitative analysis.

*Prerequisite(s): Management 2700 AND Management 3050
OR
Health Sciences 3260 or Addictions Counselling 3260 AND
Health Sciences 3450/
Psychology 3450 AND
Management 3050*

MANAGEMENT 4355**Training and Development***Credit hours: 3.00**Contact hours per week: 3-0-0*

A comprehensive study of training and development in organizations. Topics may include: employee learning, needs analysis, training methods, training delivery, and training evaluation.

Prerequisite(s): Management 2030 AND Management 3050

MANAGEMENT 4370**Leadership in Organizations***Credit hours: 3.00**Contact hours per week: 3-0-0*

An in-depth study of leadership theories; an overview of the historic development of leadership thought; leadership in the workplace through the critical analysis of leadership theory, research and practice.

Prerequisite(s): Management 2030 AND Management 3050

MANAGEMENT 4390**Leading Organizational Change***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course focuses on the theory and practice of organizational change in response to the challenges faced by organizations when they expand internationally, merge, downsize, introduce new technologies, and respond to government regulations, increasing competition, and changing customer needs. Issues covered include understanding change at the industrial, organizational, and individual levels; resistance and adaptation to change; and strategies for leading and navigating the organizational change process.

Prerequisite(s): Management 3031 AND Management 3050 AND Management 3061 AND Fourth-year standing (a minimum of 90.0 credit hours)

MANAGEMENT 4421**Financial Institutions and Markets***Credit hours: 3.00**Contact hours per week: 3-0-0*

The Canadian financial system governing capital flows between borrowers and lenders; financial institutions and other participants in the financial system; the financial markets.

Prerequisite(s): Management 3470

MANAGEMENT 4430**Financial Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

Financial management and decision-making in the corporate environment. Application of current theories and techniques. Extensive use of case discussions.

Prerequisite(s): Management 3412 AND Management 3470

MANAGEMENT 4451**Derivative Securities Markets***Credit hours: 3.00**Contact hours per week: 3-0-0*

Derivative securities and their uses. Includes discussion of options, futures, swaps and their uses in risk management.

Prerequisite(s): Management 3412 AND Management 3470

MANAGEMENT 4460**Trading and Portfolio Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course first introduces students to interactive trading of financial instruments where students can learn the principles of price discovery. The second part of the course covers the topics of equity valuation, portfolio management, and portfolio evaluation. Through taking this course, students will develop practical skills in trading financial securities, conducting company analysis, managing investment portfolio, and evaluating portfolio performance.

Prerequisite(s): Management 3412 AND Management 3470 AND One of Economics 2900 or Statistics 2780

MANAGEMENT 4470**Student Managed Investment Fund***Credit hours: 0.00**Contact hours per week: 1.5-1.5-0*

Students are provided a unique opportunity to gain practical experience in investment analysis and portfolio management to prepare them for careers in the investment industry. Students who have applied and have been selected invest real money to generate real performance. Student Managed Investment Fund is a two-course series offered over consecutive fall and spring terms.

Prerequisite(s): Management 3412 AND Management 3470 AND One of Economics 2900 or Statistics 2780 AND Successful application to the Student Managed Investment Fund course

Recommended Background:

Past investment experience

Note: *Management 4470 and 4471 must be taken in sequence (fall > spring) in order to receive credit. In the fall term, students will register in Management 4470, with 0.0 credit hours and 1.5 billing hours, and will be given an 'X' grade at the end of that term. In the following spring term, students will register in Management 4471, with 3.0 credit hours and 1.5 billing hours. At the end of the spring term, students will be given a final letter grade (for Management 4471). Students must apply for approval to take Management 4470-4471. Acceptance is based on academic background, past experience in investment (if any) and grades.*

MANAGEMENT 4501**Canadian Indigenous Tax Issues***Credit hours: 3.00**Contact hours per week: 3-0-0*

The issues surrounding taxation as it applies to Indigenous populations in Canada are very complex and far too often misunderstood. This course will attempt to address and dispel the understanding of the exceptional nature of taxation as it applies to Indian, Metis and Inuit populations. This course will not only make students acquainted with the tax benefits that apply to citizens recognized as Indian under the Canadian Indian Act but also the restrictions and obligations that come with that classification. Topics will include section 87 of the Indian Act, its effect on income tax, GST/HST and excise taxes. These will then address proper business and taxation practices for On-Reserve employees, clients, contractors and the like as well as those same practices for Off-Reserve circumstances.

*Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours)**Recommended Background:**Indigenous Studies 2100***MANAGEMENT 4507/****INDIGENOUS STUDIES 4120****Historical and Legal Aspects of Canadian Indigenous Governments***Credit hours: 3.00**Contact hours per week: 3-0-0*

Historical and legal exploration of Indigenous Governments, including pre-European contact, traditional forms of governments to present forms of Indigenous Governments under Canadian Law. Examination of sources of legal authority, legal status, and powers of Indigenous Governments, including sovereignty and case law.

*Prerequisite(s): One of Management 2500 or Indigenous Studies 1000**Recommended Background:**Indigenous Studies 2100**Equivalent: Management 4507/Native American Studies 4120 (prior to 2019/2020)**Lib Ed Req: Fine Arts and Humanities***MANAGEMENT 4508/****INDIGENOUS STUDIES 4150****Administrative Aspects of Canadian Indigenous Governments***Credit hours: 3.00**Contact hours per week: 3-0-0*

Survey of infrastructures and organization of Indigenous Governments and their administration of education, housing, public works, policing, social services, natural resources, health, and other programs.

*Prerequisite(s): One of Management 2500 or Indigenous Studies 1000**Recommended Background:**Indigenous Studies 2100**Equivalent: Management 4508/Native American Studies 4150 (prior to 2019/2020)**Lib Ed Req: Fine Arts and Humanities***MANAGEMENT 4570****Indigenous Leadership and Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

The fields of leadership and management are essential within Indigenous communities across the country and Indigenous communities around the world. Effective management and leadership are also imperative for those wanting to do business in Canada today and into the future. Whether looking at environment, mining, forestry, tourism, not-for-profit, government or private sector, Indigenous and non-Indigenous alike must work together to lead our communities into a better future managing the intricacies of working with Indigenous. It is urgent and essential that all leaders and managers understand the Indigenous world perspectives, where they stem from, how they have evolved and where we can take them into the future Using best practices and wise practices students will build a strategic plan for the future.

*Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours) AND**One of Management 2500 or Indigenous Studies 1000**Equivalent: Management 4850 (Indigenous Leadership and Management) (Prior to 2017/2018)***MANAGEMENT 4580****Environmental Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course constitutes an in-depth exploration of domestic and international topics in environmental management, including public participation and human rights issues, and the role of aboriginal/indigenous peoples.

Prerequisite(s): One of Management 3580/ Indigenous Studies 3280 or third-year standing (a minimum of 60.0 credit hours)

MANAGEMENT 4615**Sustainable Agriculture and Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course introduces the three components of agricultural sustainability (ecological, economic and social/institutional) and their interactions with different levels of influence: farm and field, community, national and international. Students gain a deeper understanding of the interface of agricultural management decisions with the environment, in our broad efforts to produce food, feed and fibre for a rapidly expanding population, in dramatically shifting climates. Historical and current practices are assessed based on evidence demonstrating strengths and weaknesses.

*Prerequisite(s): Management 2600***MANAGEMENT 4625****Issues in Agricultural Business***Credit hours: 3.00**Contact hours per week: 3-0-0*

This is a case-based course that covers current topics related to agricultural and agribusiness management, including, but not limited to NAFTA and cooperatives.

*Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours)***MANAGEMENT 4640****Cross-Cultural Work Study***Credit hours: 3.00**Other hours per term: 0-0-117*

Examines the cultural issues involved in international management via participation in a six-week work study which consists of hands-on experience in applying business knowledge and skills in a culturally-challenging environment in an organization outside Canada. Classes will be conducted by both Canadian expatriates and local academics, and will cover topics such as trade relationships, marketing, cultural specifics and the economy of the region. Students will be involved in a variety of business-related projects, depending upon the particular needs of their assigned company.

*Prerequisite(s): Successful application to the Cross-Cultural Work Study course AND One of Management 3640 or Management 3650***Note:** *Apply online at www.uleth.ca/dhillon/student-experience/international-experiences.***MANAGEMENT 4650****Integrated Global Management***Credit hours: 3.00**Contact hours per week: 3-0-0*

In a globalized world, an effective manager needs to understand the nature of international management and how crossnational similarities and differences impact their decisions. Thus, the purpose of this course is to integrate relevant global issues at the intersection of international management and cross-national realities. This course covers a narrow set of key international management topics (e.g., internationalization, cross-cultural leadership, working across borders, emerging markets strategies). Integrated global management of organizations requires the implementation of a global strategy to manage challenges—that is, the various combinations of organizational structure and people necessary to execute it. For this, we will rely on state-of-the art research, illustrative case studies, and relevant current events.

*Prerequisite(s): Management 3640 AND Management 3650***MANAGEMENT 4775****Seminars on Supply Chain and Operations Management Issues (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

From time to time advanced seminars courses may be offered to take advantage of the industrial or research experience of faculty members or visiting instructors, where a similar course is not available on this topic area elsewhere at the University. Topics will be announced for the session they are offered. Topics of seminars may include applications of Supply Chain and Operations Management in Agricultural Operations, Data Analytics, Energy Management, Enterprise Resource Planning, Forestry Management, Healthcare Operations Management, Logistics Management, Procurement Management, Service Operations, Sustainability Development, Transportation Management, etc.

*Prerequisite(s): Management 3070 AND Management 3075***MANAGEMENT 4806****Small Business Diagnostics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Small-business owners bring a unique set of talents to their businesses, but may not have the necessary framework or skills for identifying growth opportunities, buying or investing in other ventures, setting up a new venture, or attracting outside investors. This course applies management theories and practical diagnostic tools to case studies, and in discussions and seminars with professional advisors.

*Prerequisite(s): Management 3406***MANAGEMENT 4895****Honours Component I***Credit hours: 0.00*

The first honours component for the Management Undergraduate Thesis option is a non-credit course attached to an honours-approved Management course at the 3000 or 4000 level, where the student will be given additional academic/research work, to be graded by an assigned faculty member.

*Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours) AND**Approval of the Dhillon School of Business**Grading: Pass/Fail***Note:** *Contact hours vary; students should be aware that this course involves regular contact with a faculty supervisor. Students who fail to complete Honours Component I may not register for a second time in the course.***MANAGEMENT 4896****Honours Component II***Credit hours: 0.00*

The second honours component for the Management Undergraduate Thesis option is a non-credit course attached to an honours-approved Management course at the 3000 or 4000 level in the student's major, where the student will be given additional academic/research work, to be graded by an assigned faculty member.

*Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours) AND**Approval of the Dhillon School of Business**Grading: Pass/Fail***Note:** *Contact hours vary; students should be aware that this course involves regular contact with a faculty supervisor. Students who fail to complete Honours Component II may not register for a second time in the course.*

MANAGEMENT 4901**Applied Consulting**

Credit hours: 3.00

Contact hours per week: 0-0-1

Other hours per term: 0-0-117

Client-student interaction will focus on specific and actual consulting process assignments with external clients.

Prerequisite(s): Management 3901 AND One of Management 2700 or Management 3220 AND Successful application to the Applied Consulting course

Note: For more information visit www.uleth.ca/dhillon/applied-consulting

MANAGEMENT 4980**Applied Studies/Field Experience I**

Credit hours: 3.00

An opportunity to earn credit for an employment or volunteer experience with a significant learning component. Completion of a written report is required, which includes consultation of relevant literature and relation of theoretical precepts to practical experience.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND Admission to the Dhillon School of Business AND Permission of the Applied Studies Field Coordinator and approval of the Dhillon School of Business

MANAGEMENT 4981**Applied Studies/Field Experience II**

Credit hours: 3.00

An opportunity to earn credit for an employment or volunteer experience with a significant learning component. Completion of a written report is required, which includes consultation of relevant literature and relation of theoretical precepts to practical experience.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND Admission to the Dhillon School of Business AND Permission of the Applied Studies Field Coordinator and approval of the Dhillon School of Business

MANAGEMENT 4995**Undergraduate Thesis**

Credit hours: 6.00

Contact hours per week: Variable

This is a research-oriented course in which students will conduct empirical research in their major area after consultation with their Thesis Supervisor; submit a publically available report in the form of an Undergraduate Thesis and report orally on the work. The research methods of the Thesis must conform to the norms of social science.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND A GPA of 3.30 or higher on the last 10 University of Lethbridge courses (30.0 credit hours) AND

Two honours-approved Management courses at the 3000 or 4000 level AND Approval of the Dhillon School of Business AND Management 4895 AND Management 4896 AND One of Management 3002, Management 3091 and Management 3092, a full-term international exchange, or [any two of the following: Management 3980, Management 3990, Management 4640, Management 4980, or Management 4990]

Note: Students would benefit from taking a research methods course, for example, Economics 3950 or Management 2700. Contact hours vary but students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work. Students interested in a full-term international exchange should see the International Programs website (www.uleth.ca/international/go-exchange).

MATHEMATICS 3400**Group and Ring Theory***Credit hours: 3.00**Contact hours per week: 3-0-0*

Groups, abelian groups, subgroups, quotient groups. Homomorphism. Isomorphism theorems. Lagrange's theorem. Permutation groups. Sylow theorems. Commutative rings, subrings, ideals. Quotient rings and ideals. Polynomial rings.

Prerequisite(s): Mathematics 2000

Recommended Background:

At least one 3000-level course (3.0 credit hours) in Mathematics

Lib Ed Req: Science

MATHEMATICS 3410**Linear Algebra***Credit hours: 3.00**Contact hours per week: 3-0-0*

Vector spaces over the real and complex numbers. Basis and dimension. Linear transformations. Change of basis. Gram-Schmidt orthogonalization. Eigenvectors and diagonalization. Canonical forms. Cayley-Hamilton Theorem.

Prerequisite(s): Mathematics 1410 AND Mathematics 2000

Lib Ed Req: Science

MATHEMATICS 3461**Elementary Number Theory***Credit hours: 3.00**Contact hours per week: 3-0-0*

Division algorithm. Fundamental Theorem of Arithmetic. Euclidean Algorithm. Linear Diophantine equations. Congruences. Chinese Remainder Theorem. Quadratic reciprocity. Additional topics such as Pythagorean triples, Gaussian integers, sums of squares, continued fractions, arithmetic functions, or cryptography.

Prerequisite(s): Mathematics 2000

Lib Ed Req: Science

MATHEMATICS 3500**Analysis I***Credit hours: 3.00**Contact hours per week: 3-0-0*

Rigorous treatment of the notions of calculus of a single variable, emphasizing epsilon-delta proofs. Completeness of the real numbers. Upper and lower limits. Continuity. Differentiability. Riemann integrability.

Prerequisite(s): Mathematics 2000 AND Mathematics 2570

Recommended Background:

At least one 3000-level course (3.0 credit hours) in Mathematics

Lib Ed Req: Science

MATHEMATICS 3560**Functions of a Complex Variable***Credit hours: 3.00**Contact hours per week: 3-0-0*

Complex number system and complex plane. Analytic functions. Complex integration. Power series. Calculus of residues.

Prerequisite(s): Mathematics 2580 AND One of Mathematics 2000 or Physics 2150

Lib Ed Req: Science

MATHEMATICS 3600**Differential Equations I***Credit hours: 3.00**Contact hours per week: 3-0-0*

First order ordinary differential equations. Second and higher order ordinary differential equations. Linear systems of ordinary differential equations. Qualitative theory of ordinary differential equations. Applications. Series solutions. Singular point expansions. Elementary linear difference equations.

Prerequisite(s): Mathematics 1410 AND One of Mathematics 2560 or Mathematics 2565

Corequisite(s): Mathematics 2570

Lib Ed Req: Science

MATHEMATICS 3650**Differential Equations II***Credit hours: 3.00**Contact hours per week: 3-0-0*

Adjoint. Oscillation theory. Matrix methods. Matrix exponential functions. Sturm-Liouville theory. Orthonormal systems and Fourier series. Eigenfunction expansions. Laplace, Fourier and Mellin transforms. Convolutions. Convergence theory. Plancherel and Parseval formulae. Distributions. Solving PDEs using integral transforms. Fundamental solutions. Separation of variables. Heat, wave and Poisson equations. Harmonic functions.

Prerequisite(s): Mathematics 3600

Corequisite(s): Mathematics 2580

Lib Ed Req: Science

MATHEMATICS 3860**Combinatorics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Graph theory. Combinatorial designs. Enumerative Combinatorics or other topics.

Prerequisite(s): Mathematics 2000

Lib Ed Req: Science

MATHEMATICS 4310**Topology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Topological spaces. Topology of metric spaces. Continuity. Open covers and compactness. Separation. Connectedness.

Prerequisite(s): Mathematics 3500

Lib Ed Req: Science

MATHEMATICS 4400**Field Theory***Credit hours: 3.00**Contact hours per week: 3-0-0*

Polynomial rings. Fields and field extensions, construction problems. Finite fields. Galois Theory. Fundamental Theorem of Algebra.

Prerequisite(s): Mathematics 3400

Lib Ed Req: Science

MATHEMATICS 4405**Algebra (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Topics in group and ring theory, modules, commutative and non-commutative algebras.

Prerequisite(s): Mathematics 3400 AND Mathematics 3410

MATHEMATICS 4460**Advanced Number Theory (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Topics in analytic and algebraic number theory, elliptic curves, and modular forms.

Prerequisite(s): Mathematics 346 I

MATHEMATICS 4500**Analysis II***Credit hours: 3.00**Contact hours per week: 3-0-0*

Sequences and series of functions. Uniform continuity. Uniform convergence. The Stone-Weierstrass Theorem. The Lebesgue (or Riemann-Stieltjes) integral. Fourier series. Other topics.

Prerequisite(s): Mathematics 3500

Lib Ed Req: Science

MATHEMATICS 4505**Analysis (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Topics in measure theory, Banach spaces, L_p-spaces, Fourier and Complex analysis.

Prerequisite(s): Mathematics 4500

MATHEMATICS 4995**Undergraduate Thesis***Credit hours: 6.00**Contact hours per week: Variable*

This is a challenging, work-intensive, research-oriented course in which students will conduct fieldwork, text, library-based or empirical research, submit a report in the form of an Undergraduate Thesis which will be made publicly available, and report orally on the work. In consultation with their Thesis Supervisor, students will define a research problem and formulate a research plan.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND A cumulative GPA of 3.30 or higher

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

MUSEUM STUDIES (MSTU)
Faculty of Fine Arts

MUSEUM STUDIES 2900

Introduction to Museum Studies

Credit hours: 3.00

Contact hours per week: 3-0-0

Other hours per term: 0-0-30

Using the University of Lethbridge Art Gallery collection, students are introduced to many areas of gallery and museum practice: curating, collections management and research, database practices, registration, exhibition preparation, and public programming.

Prerequisite(s): Art History 1000

Equivalent: Art History/Museum Studies 2900 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSEUM STUDIES 3900

Exhibiting Cultures: Art Galleries, Museums and Cultures of Display

Credit hours: 3.00

Contact hours per week: 3-0-0

Provides a critical framework for examining theoretical issues such as the creations of canons, inclusions and exclusions in museum practices, and the politics of display with respect to race, gender, nationalism, and colonialism.

Prerequisite(s): One of Museum Studies 2900 or third-year standing (a minimum of 60.0 credit hours)

Equivalent: Art History/Museum Studies 3900 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSEUM STUDIES 4000

Museum Studies Internship

Credit hours: 3.00

Other hours per term: Variable

Museum Studies research directed toward practical application (such as exhibitions, collections, documentation, text production and/or public programming) within the University of Lethbridge Art Gallery or other cultural organizations.

Prerequisite(s): Museum Studies 2900 AND Museum Studies 3900

Equivalent: Art History/Museum Studies 4000 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSEUM STUDIES 4001

Advanced Museum Studies Internship I

Credit hours: 3.00

Other hours per term: Variable

Builds on Museum Studies 4000 to provide advanced study in one area or breadth across art gallery and museum experience. Museum Studies research directed toward practical application (such as curating and installing exhibitions, collections care and management, and/or public programming) within the University of Lethbridge Art Gallery and other cultural organizations.

Prerequisite(s): Museum Studies 4000 AND Permission of the internship coordinator

Equivalent: Art History/Museum Studies 4001 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSEUM STUDIES 4002

Advanced Museum Studies Internship II

Credit hours: 3.00

Other hours per term: Variable

Builds on Museum Studies 4001 to provide advanced study in one area or breadth across art gallery and museum experience. Museum Studies research directed toward practical application (such as curating and installing exhibitions, collections care and management, and/or public programming) within the University of Lethbridge Art Gallery and other cultural organizations.

Prerequisite(s): Museum Studies 4001 AND Permission of the internship coordinator

Equivalent: Art History/Museum Studies 4002 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSEUM STUDIES 4003

Advanced Museum Studies Internship III

Credit hours: 3.00

Other hours per term: Variable

Builds on Museum Studies 4002 to provide advanced study in one area or breadth across art gallery and museum experience. Museum Studies research directed toward practical application (such as curating and installing exhibitions, collections care and management, and/or public programming) within the University of Lethbridge Art Gallery and other cultural organizations.

Prerequisite(s): Museum Studies 4002 AND Permission of the internship coordinator

Equivalent: Art History/Museum Studies 4003 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSEUM STUDIES 4004

Advanced Museum Studies Internship IV

Credit hours: 3.00

Other hours per term: Variable

Builds on Museum Studies 4003 to provide advanced study in one area or breadth across art gallery and museum experience. Museum Studies research directed toward practical application (such as curating and installing exhibitions, collections care and management, and/or public programming) within the University of Lethbridge Art Gallery and other cultural organizations.

Equivalent: Art History/Museum Studies 4004 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSEUM STUDIES 4995**Undergraduate Thesis**

Credit hours: 6.00

Contact hours per week: Variable

This is a challenging, work-intensive, research-oriented course. In consultation with the Thesis Supervisor, students will define a research problem, formulate a research plan, conduct research, report orally, and submit a report in the form of an Undergraduate Thesis or by curating an exhibition with an accompanying essay, which will be made publicly available.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours)

AND

A cumulative GPA of 3.50 or higher

AND
Completion of a minimum of 9 courses (27.0 credit hours) in Art History and/or Museum Studies 4995

Application to the Department of Art

Equivalent: Art History/Museum Studies 4995 (prior to 2016/2017)

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

MUSIC**(MUSI)****Faculty of Fine Arts****MUSIC 1000****Introduction to Music**

Credit hours: 3.00

Contact hours per week: 3-0-0

Lectures and prescribed listening (both recording and concerts) to encourage aural familiarity with compositions representative of significant musical styles. Previous formal education in music not required.

Lib Ed Req: Fine Arts and Humanities

Note: *Not counted in the basic 16-course Arts and Science major or toward required Music courses in the B.Mus. degree. Credit is not allowed for Music 1000 subsequent to the completion of Music 2080.*

MUSIC 1011**Materials of Music**

Credit hours: 3.00

Contact hours per week: 3-0-0

An introduction to the language and materials of music theory including: notation, meter, rhythm, intervals, modes, scales and chords.

Lib Ed Req: Fine Arts and Humanities

Note: *Not counted in the basic 16-course Arts and Science major or toward required Music courses in the B.Mus. degree. Credit is not allowed for Music 1011 subsequent to the completion of Music 2160.*

MUSIC 2080**Western Art Music**

Credit hours: 3.00

Contact hours per week: 3-0-0

A survey of the styles and trends in Western art music from the Medieval period to the 21st century with an emphasis on the recognition of characteristic musical traits of the various periods. This course will introduce the student to academic writing and research in music.

Recommended Background:

A knowledge of music theory rudiments

Lib Ed Req: Fine Arts and Humanities

MUSIC 2090**The Eighteenth Century**

Credit hours: 3.00

Contact hours per week: 3-0-0

18th-century music history with an emphasis on musical styles, trends, genres, and compositional features as found in the works of representative composers; aural style identification from selected compositions and continued development of research and writing skills in music.

Prerequisite(s): Music 2080

Substantially Similar:

Music 3380 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSIC 2149**Second-Study Studio I**

Credit hours: 1.50

Contact hours per week: 0.5-0-0

Preparation and performance of appropriate technical exercises, studies, and repertoire assigned by the instructor with one-half (1/2) hour of individual instruction per week.

Prerequisite(s): Audition-contact the Department of Music for further information

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

This course is subject to instructor availability. Studio offerings are subject to quotas. For more information, contact the Department of Music.

MUSIC 2160**Theory I**

Credit hours: 3.00

Contact hours per week: 3-0-2

This course comprises the first term of the core music theory sequence for all undergraduate Music majors. Students will begin by reviewing music fundamentals and basic principles of music notation. The primary goal of the course is to become familiar with analytical terms and symbols that communicate the essential compositional tools of tonal music. Students will study dissonance treatment and melodic writing by composing species counterpoint in two voices. Subsequently, they will apply these principles to the study of functional harmony through compositional and analytical exercises in four-voice writing and other common-practice and contemporary tonal music idioms.

Recommended Background:

A knowledge of music theory rudiments

Lib Ed Req: Fine Arts and Humanities

MUSIC 2161**Musicianship Skills I**

Credit hours: 1.50

Contact hours per week: 2-0-0

A practical approach to the cultivation of critical aural perception: specifically to develop the student's sight-singing, rhythm, transcription, and related keyboard skills.

Corequisite(s): Music 2160

Recommended Background:

A knowledge of music theory rudiments

Lib Ed Req: Fine Arts and Humanities

MUSIC 2181**Acoustics***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to the physics and psychophysics of music with demonstrations of relevant phenomena and theories explaining them. Topics include studio and sonic environment design; the basic physics of music production including modes of oscillation of mechanical systems, resonance, feedback, and transmission; room reverberation and acoustics; and physical acoustics with applications to music.

*Lib Ed Req: Fine Arts and Humanities***MUSIC 2249****Second-Study Studio II***Credit hours: 1.50**Contact hours per week: 0.5-0-0*

Preparation and performance of appropriate technical exercises, studies, and repertoire assigned by the instructor with one-half (1/2) hour of individual instruction per week.

*Prerequisite(s): A minimum grade of 'C' in Music 2149**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.*

This course is subject to instructor availability. Studio offerings are subject to quotas. For more information, contact the Department of Music. Should a grade of less than 'C' be earned in a prerequisite studio course, advancement in the studio sequence shall depend upon the results of an audition.

MUSIC 2260**Theory II***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course continues the study of common-practice harmony and voice leading. Topics covered throughout the term include diatonic harmony, an introduction to chromatic harmony, phrase structure, and binary form. Analysis and stylistic composition are the primary means by which these topics will be approached and studied.

*Prerequisite(s): Music 2160**Lib Ed Req: Fine Arts and Humanities***MUSIC 2261****Musicianship Skills II***Credit hours: 1.50**Contact hours per week: 2-0-0*

A practical approach to the cultivation of critical aural perception, specifically to develop the student's sight-singing, rhythm, transcription, and related keyboard skills.

*Prerequisite(s): Music 2161**Corequisite(s): Music 2260**Lib Ed Req: Fine Arts and Humanities***MUSIC 2500****Introduction to Music Technology***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to the requisite historical perspective, compositional techniques, and experience with software-based tools to create self-directed sound environments. Emphasis on digital audio theory and electronic/computer generated music to orient students to sound design, audio recording, abstract electronic composition, and new media applications. Topics include introductions to basic acoustics, studio and recording techniques, psychoacoustics, digital representations of sound, sampling, audio processing (DSP), MIDI applications, sequencing, music notation programs, and sound synthesis.

Recommended Background:

A knowledge of music theory rudiments

*OR**Music 1011**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.*

Credit is not allowed for Music 2500 subsequent to the completion of Music 2510.

MUSIC 2510**Introduction to Digital Audio***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to the nature and properties of digital audio through theory and experiment. Max/MSP is used throughout the course as an experimental tool to investigate the technical principles of digital audio capture, storage, and processing, as well as the principles of other foundations of digital music technology. The requisite fundamentals of mathematics and physics that are required for an effective, informed sound engineering work are reviewed.

Recommended Background:

A knowledge of music theory rudiments

*OR**Music 1011**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***MUSIC 2550****Audio Production Techniques***Credit hours: 3.00**Contact hours per week: 1.5-1.5-0*

This course introduces studio production for music and sound projects. The main emphasis is placed on technical ear training, theory and practice of recording, and postproduction techniques such as microphone technology and placement, mixing balance, reverberation, EQ, and dynamic compression.

*Prerequisite(s): Music 2500**OR**Music 2510 (Corequisite)**Lib Ed Req: Fine Arts and Humanities***MUSIC 3000****Seminar in Music (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Areas of special interest not covered by regular Music courses may be offered under this designation, depending on student interest and availability of faculty time and expertise.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings

MUSIC 3030**Film Music***Credit hours: 3.00**Contact hours per week: 3-0-0*

A survey of the major trends, styles, and composers of film music from the silent era until the present day.

Prerequisite(s): 15 university-level courses (a minimum of 45.0 credit hours)

Lib Ed Req: Fine Arts and Humanities

MUSIC 3080**Popular Music History (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

An in-depth study of specific developments in the history of popular music styles.

Topics may change each time the course is offered, and may address developments in pop, rock, jazz, and other related styles.

Various research methods from the field of popular music studies will be introduced, and may draw from musicology, sociology, music and technology, and other relevant disciplines. The overall goal of the course is to relate developments in popular musical styles to a broader history of music and popular culture. Research and writing will be emphasized.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings

MUSIC 3090**The Medieval Era to the Early Baroque***Credit hours: 3.00**Contact hours per week: 3-0-0*

Music history from the Medieval era to the early Baroque, with an emphasis on musical styles, trends, genres and compositional features as found in representative works by major composers; aural style identification from selected compositions; and continued development of research and writing skills in music.

Prerequisite(s): Music 2090 AND Music 2260

Substantially Similar:

Music 2180 (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

MUSIC 3149**Composition I***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course is designed to expose the student to the basic elements of music composition such as basic elements of notation; introduction to formal elements; basic pitch architectures; historical models for new works; elementary aesthetics.

Prerequisite(s): Music 3460

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

This course is not open to students studying Composition in the Studio portion of any Music program.

MUSIC 3200**Popular Music (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Offerings in subject areas dealing with significant developments in the Popular Music of the 20th and 21st Centuries.

Prerequisite(s): 15 university-level courses (a minimum of 45.0 credit hours)

Note: *Not counted toward required Music courses in the B.Mus. degree.*

MUSIC 3249**Composition II***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course is a continuation of Music 3149. Topics covered may include advanced notational techniques; the score and parts; continued exploration of basic pitch designs; rhythmic notation and basic organizational principles; basic concepts of orchestration; sophisticated historical models for new works; elementary aesthetics; and philosophy of music.

Prerequisite(s): Music 3149

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

MUSIC 3261**Music in Recital***Credit hours: 3.00**Contact hours per week: 3-0-0*

Through a series of weekly noon-hour recitals, this course builds listening skills by exposing students to a diverse cross-section of music from classical through jazz and world music. Preparatory lectures and assignments supplement the concert series by focusing on issues related to music performance and music philosophy. Students will be encouraged to engage the guest performers and composers in open discussion of the ideas and music presented in the recitals and lectures.

Prerequisite(s): 15 university-level courses (a minimum of 45.0 credit hours)

Lib Ed Req: Fine Arts and Humanities

Note: *Not counted toward required Music courses in the B.Mus. degree.*

MUSIC 3360**Theory III***Credit hours: 3.00**Contact hours per week: 3-0-0*

A continuation of the study of materials of common-practice tonal music, drawing mostly from the Western classical canon, and occasionally from North American popular music. Students will learn the tools necessary to analyze tonal music drawn from the classical common practice repertoire and articulate their findings in their writing. Students will gain facility to compose tonal music that models the form and idioms of eighteenth-century keyboard music, nineteenth-century Romantic lieder and character pieces.

Prerequisite(s): Music 2260

Lib Ed Req: Fine Arts and Humanities

MUSIC 3361**Musicianship Skills III***Credit hours: 1.50**Contact hours per week: 2-0-0*

A practical approach to the cultivation of critical aural perception, specifically to develop the student's sight-singing skills, rhythm, transcription, and related keyboard skills.

Prerequisite(s): Music 2261

Corequisite(s): Music 3360

Lib Ed Req: Fine Arts and Humanities

MUSIC 3460**Theory IV***Credit hours: 3.00**Contact hours per week: 3-0-0*

A continuation of the study of tonal harmony, focusing primarily on chromaticism from the Romantic and early twentieth century, including both Western art music and jazz. Students will also be introduced to post-tonal techniques of the early twentieth century, including modes, non-diatonic scales and collections, free atonality, and the twelve-tone method. Students will engage these topics both through analysis and model composition.

*Prerequisite(s): Music 3360**Lib Ed Req: Fine Arts and Humanities***MUSIC 3461****Musicianship Skills IV***Credit hours: 1.50**Contact hours per week: 2-0-0*

A practical approach to the cultivation of critical aural perception, specifically to develop the student's sight-singing, rhythm, transcription, and related keyboard skills.

*Prerequisite(s): Music 3361**Corequisite(s): Music 3460**Lib Ed Req: Fine Arts and Humanities***MUSIC 3480****The Nineteenth Century***Credit hours: 3.00**Contact hours per week: 3-0-0*

Music history of the nineteenth century with an emphasis on musical styles, trends, genres and compositional features as found in the works of representative composers; aural skill identification from selected compositions; and continued development of research and writing skills in music.

*Prerequisite(s): Music 2090 AND Music 2260**Lib Ed Req: Fine Arts and Humanities***MUSIC 3500****Conducting I***Credit hours: 3.00**Contact hours per week: 3-0-3*

Principles of conducting, style, score preparation, leadership, conducting and rehearsal techniques. Course requirements include: participation in and observation of rehearsals and performances of a Department of Music ensemble as assigned by the instructor.

*Prerequisite(s): Music 3461**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***MUSIC 3511****Counterpoint***Credit hours: 3.00**Contact hours per week: 3-0-0*

Modal melody and the combination of melodic lines in the 16th-Century contrapuntal style; appraisal of excerpts from the literature; composition of examples; development of parallel aural and sight-singing skills.

*Prerequisite(s): Music 3460 AND Music 3461**Lib Ed Req: Fine Arts and Humanities***MUSIC 3560****Musicians' Health and Health Research***Credit hours: 3.00**Contact hours per week: 3-0-0*

An exploration of relationships between health and music performance including health risks and illnesses that are frequently encountered by professional and amateur musicians, and factors that shape the performance of healthy musicians.

*Prerequisite(s): Completion of 15 university-level courses (a minimum of 45.0 credit hours)**Equivalent: Music 3850 (Musicians' Health Research) (prior to 2018/2019)**Lib Ed Req: Fine Arts and Humanities***MUSIC 3580****The Twentieth and Twenty-first Centuries***Credit hours: 3.00**Contact hours per week: 3-0-0*

The history of music in the twentieth and twenty-first centuries with an emphasis on musical styles, trends, genres and compositional features as found in the works of representative composers; aural skill identification from selected compositions; and continued development of research and writing skills in music.

*Prerequisite(s): Music 2090 AND Music 3460**Lib Ed Req: Fine Arts and Humanities***MUSIC 3600****Conducting II***Credit hours: 3.00**Contact hours per week: 3-0-3*

Advanced principles of conducting, style, score preparation, leadership, conducting and research techniques; incorporating aspects of both choral and instrumental conducting.

*Prerequisite(s): Music 3360 AND Music 3361 AND Music 3500**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.**Participation/observation of rehearsals/performances of Department of Music ensembles.***MUSIC 3605****Introduction to Audio Software Programming***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to computer programming using the Python language. Students will learn how to use audio programming libraries for recording, playback of samples, wavetable synthesis, plotting of audio signals, and manipulation of audio files, filtering, and audio analysis. Students will also process musical information for score notation and computer-aided composition.

*Prerequisite(s): One of Music 2510 or Computer Science 1620**Equivalent: Music 4600 (prior to 2018/2019)**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio Course.***MUSIC 3606****Orchestration***Credit hours: 3.00**Contact hours per week: 3-0-2*

Characteristics and limitations of musical instruments; appraisal of compositions representative of various facets of the art of orchestration; scoring and arrangement for selected instrumental combinations. Course requirements may include: concert attendance, directed score study, prescribed listening.

*Prerequisite(s): Music 3460 AND Music 3461**Lib Ed Req: Fine Arts and Humanities*

MUSIC 3612**Interactive Computer Music Performance and Production***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of present-day concepts of integrating technology with music, especially in relation to sensor-to-computer interfaces for creative expression and music production. Course activities are designed to give students the techniques and tools for creating their own interactive system and to prepare students for the increasing presence of interactive technology in the music studio and concert hall.

*Prerequisite(s): Music 3735**Equivalent: Music 4610 (prior to 2014/2015)**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***MUSIC 3630****Advanced Audio Production Techniques***Credit hours: 3.00**Contact hours per week: 4-0-0*

This course focuses on music production from recording to mixing, with an introduction to mastering. Productions include overdubbing projects and live sessions for a diverse variety of musical genres, e.g. pop, indie rock, jazz. The main emphasis of the course is placed on studio practice and critical listening.

*Prerequisite(s): Music 2550 AND One of Music 1011 or Music 2160**Equivalent: Music 4630 (prior to 2013/2014)**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***MUSIC 3650****Location Recording and Production***Credit hours: 3.00**Contact hours per week: 1-2-0*

A continuation of Music 3630 using an apprenticeship model whereby students receive hands-on experience with on-site audio captures and reproductions. Focus on specific theoretical constructs and manipulation of live analog and digital recordings. Students will record and produce professional quality CD reproductions of faculty, student, and guest artist performances. Topics include microphone selection and placement, managing environmental anomalies, stereo versus multi-miking situations, real-time digital and analog processing, mastering, and the psychometrics of capturing live audio.

*Prerequisite(s): Music 3460 AND Music 3630**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***MUSIC 3660****Analysis of Twentieth- and Twenty-first-Century Music***Credit hours: 3.00**Contact hours per week: 3-0-0*

A study of the major analytical theories of twentieth- and twenty-first-century music; analysis of representative repertoire.

*Prerequisite(s): Music 3460 AND Music 3461**Lib Ed Req: Fine Arts and Humanities***MUSIC 3670****Audio Synthesis***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course provides the requisite technical background and theoretical framework for digital sound synthesis methods and audio processing techniques. It begins with a theoretical and practical study of spectral representation, spectral analysis, and spectral modification of sound. Digital sound synthesis and sound processing techniques are then presented as specific spectral models or as projected alterations of sonic structures. The capabilities, properties, and limitations of various types of audio processing for sound synthesis are explored.

*Prerequisite(s): Music 2181 AND Music 2510**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***MUSIC 3721****World Music***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to music in selected world cultures and to the field of ethnomusicology.

Participatory studies in chamber choir performance with a focus on historical and stylistic performance practices within the chamber choir literature. The University Singers' activities consist of two weekly rehearsals together with such supplementary rehearsals and performances as may be arranged.

Prerequisite(s): One of Music Ensemble Activity 4550 or Music Ensemble Activity 4560 AND Audition

Note: Also available to all qualified students on a non-credit basis.
Attendance requirement.

**MUSIC ENSEMBLE ACTIVITY 4560
Women's Chorus VII***Credit hours: 1.50**Contact hours per week: 0-0-4*

Participatory studies in women's chamber choir performance with a focus on historical and stylistic performance practices within the chamber choir literature. The Women's Chorus activities consist of two weekly rehearsals together with such supplementary rehearsals and performances as may be arranged.

Prerequisite(s): One of Music Ensemble Activity 355 I or Music Ensemble Activity 356 I AND Audition

Note: Also available to all qualified students on a non-credit basis.
Attendance requirement.

**MUSIC ENSEMBLE ACTIVITY 456 I
Women's Chorus VIII***Credit hours: 1.50**Contact hours per week: 0-0-4*

Participatory studies in women's chamber choir performance with a focus on historical and stylistic performance practices within the chamber choir literature. The Women's Chorus activities consist of two weekly rehearsals together with such supplementary rehearsals and performances as may be arranged.

Prerequisite(s): One of Music Ensemble Activity 4550 or Music Ensemble Activity 4560 AND Audition

Note: Also available to all qualified students on a non-credit basis.
Attendance requirement.

MUSIC ENSEMBLE ACTIVITY 4870**Chamber Music III***Credit hours: 1.50**Contact hours per week: 1-0-3*

Chamber music performance with a focus on historical and stylistic performance practices. Weekly one-hour coachings; weekly rehearsals with supplementary rehearsals and performances required.

Prerequisite(s): Music Ensemble Activity 3871

Note: Subject to availability of the instructor and funding.
Attendance requirement.

MUSIC ENSEMBLE ACTIVITY 4871**Chamber Music IV***Credit hours: 1.50**Contact hours per week: 1-0-3*

Chamber music performance with a focus on historical and stylistic performance practices. Weekly one-hour coachings; weekly rehearsals with supplementary rehearsals and performances required.

Prerequisite(s): Music Ensemble Activity 4870

Note: Subject to availability of the instructor and funding.
Attendance requirement.

MUSIC STUDIO**(MUSS)****Faculty of Fine Arts****MUSIC STUDIO 2148****Studio I - Instrument***Credit hours: 3.00**Contact hours per week: 1-4-0 or 3-0-0*

Preparation and performance of appropriate technical exercises, studies, and repertoire assigned by the instructor. Course requirements include: one hour of individual and up to four hours of master class instruction, or three hours of classroom instruction, per week; concert attendance.

Prerequisite(s): Audition – contact the Department of Music for further information

Equivalent: Music 2148 (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

MUSIC STUDIO 2248**Studio II - Instrument***Credit hours: 3.00**Contact hours per week: 1-4-0*

Preparation and performance of appropriate technical exercises, studies and repertoire assigned by the instructor. Course requirements include: one hour of individual and up to four hours of master class instruction per week; concert attendance.

Prerequisite(s): A minimum grade of 'C' in Music Studio 2148

Equivalent: Music 2248 (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

Should a grade of less than 'C' be earned in a prerequisite studio course, advancement in the studio sequence shall depend upon the results of an audition.

MUSIC STUDIO 3348**Studio III - Instrument***Credit hours: 3.00**Contact hours per week: 1-4-0*

Preparation and performance of appropriate technical exercises, studies and repertoire assigned by the instructor. Course requirements include: one hour of individual and up to four hours of master class instruction per week; concert attendance.

Prerequisite(s): A minimum grade of 'C' in Music Studio 2248

Equivalent: Music 3348 (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

Should a grade of less than 'C' be earned in a prerequisite studio course, advancement in the studio sequence shall depend upon the results of an audition.

MUSIC STUDIO 3448**Studio IV - Instrument***Credit hours: 3.00**Contact hours per week: 1-4-0*

Preparation and performance of appropriate technical exercises, studies and repertoire assigned by the instructor. Course requirements include: one hour of individual and up to four hours of master class instruction per week; concert attendance.

Prerequisite(s): A minimum grade of 'C' in Music Studio 3348

Equivalent: Music 3448 (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

Should a grade of less than 'C' be earned in a prerequisite studio course, advancement in the studio sequence shall depend upon the results of an audition.

MUSIC STUDIO 3548**Studio V - Instrument***Credit hours: 3.00**Contact hours per week: 1-4-0*

A natural extension of the previous Studio course, but the literature selected is to be more demanding and a higher level of performance is expected. Course requirements include: one hour of individual and up to four hours of master class instruction per week; concert attendance.

Prerequisite(s): Music 2090 AND Music 2260 AND Music 2261 AND

A minimum grade of 'C' in Music Studio 3448

OR

Admission to a Post-Diploma B.Mus. program with a major in Music

Equivalent: Music 3548 (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

Should a grade of less than 'C' be earned in a prerequisite studio course, advancement in the studio sequence shall depend upon the results of an audition.

MUSIC STUDIO 3648**Studio VI - Instrument***Credit hours: 3.00**Contact hours per week: 1-4-0*

A natural extension of the previous studio course, but the literature selected is to be more demanding and a higher level of performance is expected. Course requirements include: one hour of individual and up to four hours of master class instruction per week; concert attendance. Design and presentation of a recital in lieu of examination at the discretion of the studio instructor.

Prerequisite(s): A minimum grade of 'C' in Music Studio 3548

Equivalent: Music 3648 (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

Should a grade of less than 'C' be earned in a prerequisite studio course, advancement in the studio sequence shall depend upon the results of an audition.

MUSIC STUDIO 4748**Studio VII - Instrument**

Credit hours: 3.00

Contact hours per week: 1-4-0

A natural extension of the previous studio course, but the literature selected is to be more demanding and a higher level of performance is expected. Course requirements include: one hour of individual and up to four hours of master class instruction per week; concert attendance.

Prerequisite(s): Music 3460 AND Music 3461 AND Music 3480 AND A minimum grade of 'C' in Music Studio 3648

Equivalent: Music 4748 (prior to 2018/2019)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

Should a grade of less than 'C' be earned in a prerequisite studio course, advancement in the studio sequence shall depend upon the results of an audition.

MUSIC STUDIO 4848**Studio VIII - Instrument**

Credit hours: 3.00

Contact hours per week: 1-4-0

One hour of individual and up to four hours of master class instruction per week; concert attendance requirement. A natural extension of the previous studio course, but the literature selected is to be more demanding and a higher level of performance is expected. Design and presentation of a recital in lieu of examination.

Prerequisite(s): A minimum grade of 'C' in Music Studio 4748

Equivalent: Music 4848 (prior to 2018/2019)

NEUROSCIENCE (NEUR)

Faculty of Arts and Science

NEUROSCIENCE 1000**Introduction to Neuroscience**

Credit hours: 3.00

Contact hours per week: 3-0-0

Introduction to the brain and how its ability to process information affects the way we interact with each other and the world around us.

Lib Ed Req: Science

NEUROSCIENCE 2600**Brain and Behaviour**

Credit hours: 3.00

Contact hours per week: 3-0-0

Theories and research on brain function and its relation to behaviour in humans and other animals.

Prerequisite(s): One of Neuroscience 1000, Biology 1010, or Psychology 1000

Lib Ed Req: Science

NEUROSCIENCE 3600**Fundamental Neurobiology**

Credit hours: 3.00

Contact hours per week: 3-0-0

The basic principles of brain structure and function.

Prerequisite(s): One of Neuroscience 2600 or Biology 2000

Lib Ed Req: Science

NEUROSCIENCE 3605**Research Methods in Neuroscience**

Credit hours: 3.00

Contact hours per week: 3-0-0

An introduction to the techniques and methods used in modern neuroscience research.

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Neuroscience or Psychology

Recommended Background: One of Neuroscience 2600 or Biology 2000

Lib Ed Req: Science

Note: Students who wish to pursue graduate studies in Neuroscience should take Neuroscience 3605.

NEUROSCIENCE 3610**Human Neuropsychology**

Credit hours: 3.00

Contact hours per week: 3-0-0

Theories and research on human brain function and the diagnosis of brain damage in humans. Study of brain asymmetry and effect of neurological disorders on complex psychological functions such as language, perception, memory and personality.

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Neuroscience or Psychology

Recommended Background:

Neuroscience 2600

Lib Ed Req: Science

NEUROSCIENCE 3615**Functional Neuroanatomy**

Credit hours: 3.00

Contact hours per week: 3-0-0

A detailed examination of the functional organization of the mammalian brain. Students are expected to have an introductory-level understanding of the brain.

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Neuroscience or Psychology

Recommended Background:

Neuroscience 2600

Lib Ed Req: Science

NEUROSCIENCE 3625**Cellular and Molecular Neurobiology**

Credit hours: 3.00

Contact hours per week: 3-0-0

Genetic and environmental influences on the regulation of cellular and molecular processes underlying brain function and behaviour. The implications of these processes for understanding diseases of the nervous system will be emphasized.

Prerequisite(s): Biology 2000

Recommended Background:

Neuroscience 2600

Lib Ed Req: Science

NEUROSCIENCE 3640**Brain Plasticity and Memory**

Credit hours: 3.00

Contact hours per week: 3-0-0

Molecular and morphological bases of experience-induced changes in the brain.

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Neuroscience or Psychology

Recommended Background:

Neuroscience 2600

Lib Ed Req: Science

NEUROSCIENCE 3645**Cognitive Neuroscience I***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of the neural mechanisms that convert sensory stimuli into perceptual experiences. Emphasis on sensory physiology, perception, and the attentional processes that filter sensory input.

Prerequisite(s): Neuroscience 2600

Equivalent: Neuroscience 3680 (*Cognitive Neuroscience I: Sensory Physiology, Perception and Attention*) (prior to 2014/2015)

Lib Ed Req: Science**NEUROSCIENCE 3655****Cognitive Neuroscience II***Credit hours: 3.00**Contact hours per week: 3-0-0*

Examination of the methods and findings which connect mental processes with the brain, with emphasis on higher-level functions such as cognitive control, emotion, memory, and consciousness.

Prerequisite(s): Neuroscience 2600 AND One course (3.0 credit hours) at the 2000 level in Psychology

Recommended Background: Neuroscience 3645

Equivalent: Neuroscience 3680 (*Cognitive Neuroscience II: Memory, Emotion and Higher Cortical Function*) (prior to 2014/2015)

Lib Ed Req: Science**NEUROSCIENCE 3660****Neurobiological Basis of Learning and Memory in the Mammal***Credit hours: 3.00**Contact hours per week: 3-0-0*

Analysis of the processes by which the mammalian nervous system acquires and stores information and how it transforms this information into thought and behaviour. Exploration of theoretical and empirical contributions to our understanding of the neural basis of learning and memory. Topics will include: mechanisms of synaptic plasticity, localization of function, electrophysiological correlates of learning, modulation of memory, age-related cognitive decline, and psychiatric disorders.

Prerequisite(s): Neuroscience 2600

Equivalent: Neuroscience 3850 (*Neurobiology of Learning and Memory*) (prior to 2018/2019)

Lib Ed Req: Science**NEUROSCIENCE 3680****Neuroscience (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Offerings will focus on the relationship between the structure and the function of the nervous system. Specific offerings may include the cellular basis of nervous system disorders, the biological basis of behaviour, and the neural substrates of cognitive processes.

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Neuroscience or Psychology

Recommended Background: Neuroscience 2600

NEUROSCIENCE 3690**Introduction to Programming and Statistics in MATLAB***Credit hours: 3.00**Contact hours per week: 3-0-0*

Introduction to programming in MATLAB. Acquisition of basic MATLAB programming skills, data analysis, and application of different statistical methods.

Prerequisite(s): Two courses (6.0 credit hours) at the 2000 level designated 'Science'

Equivalent: Neuroscience 3850 (*Statistics and Programming in Matlab*) (prior to 2014/2015); Neuroscience 3850 (*Introduction to Programming for Neurobiologists*) (prior to 2014/2015)

Lib Ed Req: Science**NEUROSCIENCE 3705****Evolution of Brain and Behaviour***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course will examine how understanding the function and evolutionary origins of behaviour can enhance our understanding of the organization and function of the brain. Emphasis will be placed on problems, such as finding food and avoiding predators, finding mates, and communicating with social partners, that have shaped the relationship between brains and behaviour.

Prerequisite(s): Neuroscience 2600

Recommended Background: Psychology 2700

Lib Ed Req: Science**NEUROSCIENCE 4600****Understanding Behaviour***Credit hours: 3.00**Contact hours per week: 3-0-0*

How and why do we do what we do? Once a decision to act is taken, how is a coherent set of movements strung together to achieve the appropriate outcome? The course will explore the theoretical frameworks that have been used to explain the organization of action.

Prerequisite(s): Two courses (6.0 credit hours) at the 3000 level in Neuroscience or Psychology

Recommended Background: One of Neuroscience 3705 or Psychology 2700

Equivalent: Neuroscience 4850 (*Understanding Behaviour*) (prior to 2014/2015)

Lib Ed Req: Science**NEUROSCIENCE 4620****Introduction to Computation in Neural Systems***Credit hours: 3.00**Contact hours per week: 3-0-0*

Theoretical principles and biological mechanisms underlying how brains acquire, assimilate, store, and retrieve information, and how they compute adaptive responses to external inputs.

Prerequisite(s): Two courses (6.0 credit hours) at the 3000 level or higher in Biology, Computer Science, Mathematics, Neuroscience, Physics, or Psychology

Recommended Background: Neuroscience 3600

Equivalent: Neuroscience 3680 (*Introduction to Computational Neural Systems*) (prior to 2014/2015); Neuroscience 3850 (*Introduction to Computational Neural Systems*) (prior to 2014/2015)

Lib Ed Req: Science

NEUROSCIENCE 4630**Neuroscience (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced seminars in Neuroscience. Offerings will focus on the relationship between the structure and the function of the nervous system. Specific offerings may include the cellular basis of nervous system disorders, the biological basis of behaviour, and the neural substrates of cognitive processes.

Prerequisite(s): Two 3000-level courses (6.0 credit hours) in Neuroscience or Psychology

Recommended Background:

One of Neuroscience 3600, Neuroscience 3605, Neuroscience 3610, Neuroscience 3640, Neuroscience 3680, Psychology 3525, or Psychology 3535

NEUROSCIENCE 4995**Undergraduate Thesis***Credit hours: 6.00**Contact hours per week: Variable*

This is a challenging, work-intensive, research-oriented course in which students will conduct empirical research, report orally on the work, and submit a report in the form of an Undergraduate Thesis which will be made publicly available.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

A cumulative GPA of 3.30 or higher AND

Application to the Department of Neuroscience

Recommended Background:

One Independent Study, Applied Study, or summer research internship in Neuroscience (or a cognate discipline)

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

NEW MEDIA**(NMED)****Faculty of Fine Arts****NEW MEDIA 1000****Introduction to New Media***Credit hours: 3.00**Contact hours per week: 4-0-0*

A survey of artistic developments related to the electronic era, the relationship of computer-facilitated arts to traditional genres and a critical examination of selected contemporary works.

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

NEW MEDIA 1010**Introduction to Animation***Credit hours: 3.00**Contact hours per week: 4-0-0*

A survey of animation using traditional and contemporary techniques.

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

Not counted in the core New Media courses in the B.F.A. - New Media.

NEW MEDIA 2000**Interactive Technology (Series)***Credit hours: 3.00**Contact hours per week: 4-0-0*

Offerings in subject areas dealing with interactive technology.

Note: *Studio course.*

Not counted in the core New Media courses in the B.F.A. - New Media.

NEW MEDIA 2005**Design Fundamentals for New Media***Credit hours: 3.00**Contact hours per week: 4-0-0*

Introduction to design fundamentals and principles as they relate to new media. Concepts and practice of graphic design, typography, and colour theory will be explored in relation to specific media such as print, web, and other new media applications.

Corequisite(s): New Media 1000

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

NEW MEDIA 2010**Visual Communications for New Media***Credit hours: 3.00**Contact hours per week: 4-0-0*

Design and communication theory and practice with emphasis on increasing comprehension by an audience as relevant to various areas of static and time based digital media.

Prerequisite(s): New Media 1000 AND New Media 2005

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

NEW MEDIA 2015**Digital Drawing and Animation***Credit hours: 3.00**Contact hours per week: 3-0-0*

A critical investigation of digital mark-making including histories, code-based drawing, interactive drawing, frame-based animation, and exploratory drawing techniques.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: New Media 2850 (Computer Drawing and Illustration) (prior to 2014/2015)

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

NEW MEDIA 2030**Digital Video Production***Credit hours: 3.00**Contact hours per week: 4-0-0*

An introduction to the fundamental concepts and techniques of digital video production, with studies in aesthetics and sequence construction, utilizing elements and principles of directing, cinematography, and editing.

Prerequisite(s): New Media 1000

Lib Ed Req: Fine Arts and Humanities

Note: *Studio course.*

NEW MEDIA 2040**Function and Culture of Design***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of topics centered on creative problem solving through design. A selection of visual, industrial, and product related design approaches are examined and foundational skills in design thinking are developed that address the functional, cultural, and philosophical aspects of design.

Prerequisite(s): New Media 1000 or Second-year standing (a minimum of 30.0 credit hours)

Equivalent: New Media 2850 (The Culture of Digital Visualization and Computer Interactivity) (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

NEW MEDIA 2150**History and Theory of New Media***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to the field of new media and its major technologies, cultures, aesthetics, and contemporary practices through a variety of foundational, historical, and theoretical perspectives.

Lib Ed Req: Fine Arts and Humanities

NEW MEDIA 2900**Social Media and Digital Identity***Credit hours: 3.00**Contact hours per week: 3-0-0*

Students create and polish a cohesive online professional presence for their future careers or creative goals.

Prerequisite(s): Second-year standing (a minimum of 30.0 credit hours)

Equivalent: New Media 2850 (Social Media and Your Digital Identity) (prior to 2017/2018)

Lib Ed Req: Fine Arts and Humanities

NEW MEDIA 3030**3-D Computer Modelling and Animation***Credit hours: 3.00**Contact hours per week: 5-0-0*

Theory and professional practice of 3-D computer modelling, animation, lighting, texturing and rendering.

Prerequisite(s): Art 2031 AND Art 2032 AND New Media 2030

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

NEW MEDIA 3040**Colour Theory and Digital Photo Manipulation***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced design, with emphasis on colour theory, with relation to principles of digital photography and image manipulation.

Prerequisite(s): New Media 2010

Equivalent: New Media 3850 (Colour Theory and Digital Photo Manipulation) (prior to 2015/2016)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

NEW MEDIA 3150**Seminar in New Media Studies***Credit hours: 3.00**Contact hours per week: 3-0-0*

Seminar presentation on contemporary issues related to New Media and interactive technology in a critical and theoretical context.

Prerequisite(s): New Media 1000 AND Second-year standing (a minimum of 30.0 credit hours)

Lib Ed Req: Fine Arts and Humanities

NEW MEDIA 3250**Media, Advertising, and Consumer Culture***Credit hours: 3.00**Contact hours per week: 3-0-0*

An investigation of the various approaches and theoretical ideas concerning modern advertising, media, and consumer society in North America, primarily from a media studies perspective. Other topics include the history of advertising and media and their relation to industrial society, the rise of modern forms of consumption and communication, spectatorship and audience interpretation, advertising standards and regulations, political advertising, gender representation, the role of the consumer, and the creation of consumer desire in contemporary society.

Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours)

Lib Ed Req: Fine Arts and Humanities

NEW MEDIA 3300**Theory and Aesthetics of Digital Games***Credit hours: 3.00**Contact hours per week: 4-0-0*

A structural and analytical study of the medium of video and computer-based games that explores digital games for their uniqueness as a medium, but also in relation with other aesthetic artifacts such as cinema. Topics explored include: history and origins, aesthetics and interpretation, genre, interactivity and narrative, character development, game play, mise-en-scene, and social issues such as gender and violence.

Prerequisite(s): Cinema 1000 AND Third-year standing (a minimum of 60.0 credit hours)

Recommended Background:

An intermediate level of experience with video and computer games (console, PC, and/or online)

Lib Ed Req: Fine Arts and Humanities

NEW MEDIA 3310**Game Design: Theory and Practice***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to game design fundamentals, principles, and practice. Traditional and contemporary approaches to game design will be explored through an iterative process of game analysis, design, production and critique.

Prerequisite(s): New Media 3030

Equivalent: New Media 3850 (Game Design: Theory and Practice) (prior to 2014/2015)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

NEW MEDIA 3380**Programming for Artists***Credit hours: 3.00**Contact hours per week: 4-0-0*

Programming fundamentals for artists and designers. This course will familiarize students with programming as an expressive medium for new media art and design practice.

Prerequisite(s): New Media 2010

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

NEW MEDIA 3420**Narrative for New Media***Credit hours: 3.00**Contact hours per week: 3-0-0*

The use of script writing to facilitate content creation for new media with an emphasis on story, character, and visuals. How interplay of form and content affects narrative. Exercises in script writing for animation, film, gaming, and television.

Prerequisite(s): New Media 2030

OR

Drama 2100

OR

*New Media 1000 and 15 university-level courses (a minimum of 45.0 credit hours)**Lib Ed Req: Fine Arts and Humanities***NEW MEDIA 3520****Web Design and Development***Credit hours: 3.00**Contact hours per week: 4-0-0*

Design, aesthetics, and development practices for web-based media.

*Prerequisite(s): One of New Media 2010, Art 3060, or Computer Science 3770**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***NEW MEDIA 3560****Popular Narrative***Credit hours: 3.00**Contact hours per week: 3-0-0*

Through close examinations of various videos, novels, television programs, games, films and comics, the course observes the ways in which narrative form operates in different media. Students will investigate the cultural politics of taste, revealing the stakes involved in separating 'high' narrative art from 'low'.

*Prerequisite(s): 15 university-level courses (a minimum of 45.0 credit hours)**Equivalent: New Media 2560 (prior to 2014/2015)**Lib Ed Req: Fine Arts and Humanities***NEW MEDIA 3640****Character Animation I***Credit hours: 3.00**Contact hours per week: 4-0-0*

Introduces students to character animation based on understanding of the anatomical structure of characters, mechanics of real and animated movement, timing, and animation principles. An important emphasis is placed on understanding the process of character development for 3D animation. Concepts and techniques are explored through short 2D and 3D animation assignments.

*Prerequisite(s): New Media 3030**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***NEW MEDIA 3650****Modern Media, War and Propaganda***Credit hours: 3.00**Contact hours per week: 3-0-0*

An investigation of the modern use of popular media and propaganda in times of war. Consideration is given to early forms of modern mass communication, propaganda techniques and how propaganda can be considered both as media hegemony and cultural expression. The course will focus primarily on the period between World War II to the present and on the North American context. It will consider the use of modern media forms (documentary film, animation, advertising/marketing, dramatic film, television, news reporting, interactive entertainment, and social media).

*Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours)**Equivalent: New Media 3850 (Modern Media, War and Propaganda) (prior to 2016/2017)**Lib Ed Req: Fine Arts and Humanities***NEW MEDIA 3680****Interaction Design***Credit hours: 3.00**Contact hours per week: 4-0-0*

Creation of interface using materials from original sources to produce user-driven projects.

*Prerequisite(s): New Media 3030 AND**New Media 3380 AND**New Media 3520**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***NEW MEDIA 3700****Event and Exhibition Design***Credit hours: 3.00**Contact hours per week: 4-0-0*

Students will learn to design and mount new media group event and exhibition experiences that are relevant to various departmental and student activities.

*Prerequisite(s): Third-year standing (a minimum of 60.0 credit hours)**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***NEW MEDIA 3710****Creative Foundations For Game Development***Credit hours: 3.00**Contact hours per week: 3-0-0*

Students explore game development software, production workflow, and collaborate in small development teams to design and produce creative interactive products that diverge from conventional game genres. The course focuses on establishing a foundation of creativity, artistry, ingenuity, teamwork, professionalism, and technical proficiency.

*Prerequisite(s): New Media 3310**Equivalent: New Media 3850 (Creative Foundations for Game Development) (prior to 2017/2018)**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.***NEW MEDIA 3720****The Dynamic Web***Credit hours: 3.00**Contact hours per week: 4-0-0*

This project-based course explores the interactive environments in dynamic web applications. It integrates multiple current technologies and approaches for both commercial and artistic expression.

*Prerequisite(s): New Media 3380 AND**New Media 3520**Equivalent: New Media 3850 (The Interactive Web: Dynamic Applications and Markup Language) (prior to 2016/2017)**Lib Ed Req: Fine Arts and Humanities***Note:** *Studio course.*

NEW MEDIA 3820**Information Design***Credit hours: 3.00**Contact hours per week: 4-0-0*

Theory and practice in the design of information from a visual communication perspective.

Prerequisite(s): New Media 3380 AND New Media 3520

Equivalent: New Media 3850 (*Information Design*) (prior to 2016/2017)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

NEW MEDIA 3900**Portfolio and Professional Practice***Credit hours: 3.00**Contact hours per week: 3-0-0*

An exploration of portfolio concepts and types. Prepares students in the management of their careers by developing a professional approach to self-promotion and examining ways in which they can pursue opportunities as New Media practitioners. Students will create a comprehensive foundational portfolio through the review, selection, assembly, and refinement of their current body of work, highlighting their technical, creative, professional, and academic abilities.

Prerequisite(s): 25 university-level courses (a minimum of 75.0 credit hours) AND

Admission to the B.F.A. - New Media program

Equivalent: New Media 4640 (prior to 2017/2018)

Lib Ed Req: Fine Arts and Humanities

Note: Studio course.

NEW MEDIA 4520**Advanced Web Design***Credit hours: 3.00**Contact hours per week: 4-0-0*

Exploration of current and emerging web design technologies, including web graphics and media Application Program Interfaces (APIs) in the production of advanced creative works for the Web.

Prerequisite(s): New Media 3380 AND New Media 3520

PHILOSOPHY**(PHIL)****Faculty of Arts and Science****PHILOSOPHY 1000****Introduction to Philosophy***Credit hours: 3.00**Contact hours per week: 3-0-0*

The branches of philosophy study humanity's ultimate questions. Metaphysics considers what is truly real. Does God exist? Is there free will? How real is the past or the future? Epistemology asks whether answers to such questions can be known. Ethics investigates rights and duties, vices and virtues, and tries to define the good life for humans. Social and political philosophy study and assess human communities.

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 2000**Studies in Philosophy (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

The Philosophy 2000 series makes available to students special courses that are not offered regularly. Some of these courses reflect the research interests of members of the faculty, and thus offer students an early glimpse of how research is done. In other cases, the course could be a response to student interest.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings

PHILOSOPHY 2001**Introduction to Ethics***Credit hours: 3.00**Contact hours per week: 3-0-0*

In this course, we will critically consider several main theories concerning right and wrong action, good and bad states of affairs, and virtuous and vicious character.

Recommended Background:

Philosophy 1000

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 2002**Belief, Truth, and Paradox***Credit hours: 3.00**Contact hours per week: 3-0-0*

The course serves as a general introduction to issues in metaphysics and epistemology. The central focus is on how a perceiving subject can acquire knowledge of the world in which it finds itself. Topics may include perception, belief, truth, knowledge, skepticism, realism and anti-realism, and the relation between minds and matter. The connections between these issues will enable the investigation of a number of interesting and perplexing paradoxes.

Recommended Background:

Philosophy 1000

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 2010**Ancient Philosophy***Credit hours: 3.00**Contact hours per week: 3-0-0*

We study the first thousand years of Western philosophy and its importance today, focusing on Plato and Aristotle, the most influential thinkers of all time. Includes the Presocratics (Thales, Pythagoras, Heraclitus, Parmenides, Zeno) and their relations to Greek mythology; the Sophists (Protagoras, Gorgias); Cynics, Epicureans, Stoics, Plotinus and their influence on early Christianity.

Recommended Background:

Philosophy 1000

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 2030**17th-Century Philosophy: Descartes to Leibniz***Credit hours: 3.00**Contact hours per week: 3-0-0*

Seventeenth-Century Western philosophy (like science) challenged ideas that had dominated thought for centuries. Philosophers set out to rebuild our view of the world from the ground up. A new philosophy of human nature and the world emerged, becoming what we now call the modern world view. Descartes, Hobbes, Spinoza, Locke and Leibniz.

Recommended Background:

Philosophy 1000

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 2150**Philosophy of Art***Credit hours: 3.00**Contact hours per week: 3-0-0*

The course examines major philosophical views of art and literature. Topics may include the concept of art, the ontology of artworks, aesthetic properties, the interpretation and value of art, and fictionality. Philosophical puzzles specific to particular art forms, such as music and literature, may also be addressed.

*Recommended Background:**Philosophy 1000**Lib Ed Req: Fine Arts and Humanities***PHILOSOPHY 2210****Philosophy of Religion***Credit hours: 3.00**Contact hours per week: 3-0-0*

We make use of analytical resources found in present-day cosmology, formal semantics, decision theory and other branches of natural science. Issues to be examined usually include God's nature, the problem of evil, the rationality and prudence of religious belief and the alleged conflict between religion and science.

*Recommended Background:**Philosophy 1000**Lib Ed Req: Fine Arts and Humanities***PHILOSOPHY 2220****Philosophy of Mind***Credit hours: 3.00**Contact hours per week: 3-0-0*

We probe the nature of mind (soul, consciousness), cognition, perception, emotion, voluntary action, religious beliefs about the mind, and unconscious mental states; and we compare ideas to language, personal to bodily identity and explanations in 'folk' psychology to neuroscience.

*Recommended Background:**Philosophy 1000**Lib Ed Req: Fine Arts and Humanities***PHILOSOPHY 2233****Philosophy and the World View of Science: Earth and Life Sciences***Credit hours: 3.00**Contact hours per week: 3-0-0*

A philosophical approach to the world view of contemporary earth and life sciences. We discuss the origins of modern geology and the modern synthesis in biology of genetics and evolution by natural selection. Issues include the status of evidence about the past, evolution versus creationism and the idea of fitness.

*Recommended Background:**Philosophy 1000**Lib Ed Req: Science***PHILOSOPHY 2234****Philosophy and the World View of Science: Space, Time and Matter***Credit hours: 3.00**Contact hours per week: 3-0-0*

Philosophical controversies in the world view of contemporary physical science, including the special and general theories of relativity, quantum mechanics and cosmology. Issues include reductionism, the nature of scientific theories, evidence for theories, different theories of space and time, causality, scientific revolutions and the status of theoretical entities.

*Prerequisite(s): Philosophy 1000**Recommended Background:**One of Science 30 or a 1000-level course (3.0 credit hours) in Mathematics or Science**Lib Ed Req: Science***PHILOSOPHY 2236****Environmental Philosophy***Credit hours: 3.00**Contact hours per week: 3-0-0*

Is there really an environmental crisis? Do we even know what the environment is? How can we resolve conflicts between environmental and economic priorities? Do we have ethical obligations to the environment or to future generations? Using techniques of philosophical analysis, students are introduced to key issues in this growing and important field of applied philosophy.

*Recommended Background:**Philosophy 1000**Lib Ed Req: Fine Arts and Humanities***PHILOSOPHY 3000****Studies in Philosophy (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

The Philosophy 3000 series has the same function as the Philosophy 2000 series but at levels of study appropriate to more senior students.

*Prerequisite(s): Will be specified (including any recommended background) for individual offerings***PHILOSOPHY 3260****Metaphysics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Metaphysics is the attempt to construct the biggest possible picture of the world. Students will be introduced to such questions as these: Is God ultimately real? What is time? Do we have free will? Are there other possible worlds? Can we understand the relation between mind and matter? Do such questions even have answers?

*Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy**Recommended Background:**Philosophy 2002**Lib Ed Req: Fine Arts and Humanities***PHILOSOPHY 3270****Theory of Knowledge***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to epistemology, focusing on the rational justification of belief, the nature of knowledge and learning (ordinary, mathematical and scientific), perception and the use and abuse of skepticism. Special topics, including epistemology of religion, scientific method and mathematics, may also be taken up.

*Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy**Recommended Background:**Philosophy 2002 AND**Logic 2003**Lib Ed Req: Fine Arts and Humanities***PHILOSOPHY 3280****Philosophy of Language***Credit hours: 3.00**Contact hours per week: 3-0-0*

The nature of language and representation in general and their emphasis in 20th-Century philosophy. The reality of symbolic forms, relations between language and thought, reality, communication, translation, human action and culture, meaningfulness, nonsense, truth and falsehood. Thinkers discussed include Peirce, Austin, Quine, Chomsky and their followers.

*Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy**Recommended Background:**Logic 2003 AND**At least one 2000-level course (3.0 credit hours) in Philosophy**Lib Ed Req: Fine Arts and Humanities*

PHILOSOPHY 3350**Analytic Philosophy***Credit hours: 3.00**Contact hours per week: 3-0-0*

Today's analytic philosophy is marked by the centrality of the philosophy of language, the rise of naturalized epistemology, reductionist theories of the mind, evolutionary ethics, and feminist challenges to traditional ways of philosophizing. By tracing these developments we will see what is fuelling philosophy at the turn-of-the-millennium.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background: Philosophy 2002 AND Logic 2003

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 340I**Social and Political Philosophy***Credit hours: 3.00**Contact hours per week: 3-0-0*

A critical examination of the concepts that lie at the core of our social commitments and the political institutions that support them. What, if anything, do we owe to the State? What laws, if any, may we, or even must we, disobey? What justifies private property? Why do we value liberty and equality? What do we do when liberty and equality conflict in cases such as affirmative action or pornography?

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background: Philosophy 2001

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3402**Biomedical Ethics***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course examines a number of difficult moral issues lying at the intersection of health, medicine, science and social policy. Issues to be examined may include euthanasia, abortion, genetic engineering, informed consent, patient competence, medical experimentation and the right of all citizens to an adequate and equal level of health care.

Prerequisite(s): One of Philosophy 1000, a 2000-level course (3.0 credit hours) in Philosophy, or Admission to the Post-Diploma B.A. or B.Sc. in Agricultural Studies

Recommended Background: At least one 2000-level course (3.0 credit hours) in Philosophy

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3404**Philosophy of Law***Credit hours: 3.00**Contact hours per week: 3-0-0*

We study historical and contemporary controversies about analytical, normative and historical jurisprudence: the reality of legitimacy laws and legal systems; adversarial and inquisitorial systems, common law and civil law systems, branches of law (criminal, civil, tort, contract, administrative, etc.), law and morality, liability and entitlement, defenses and rights and duties.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background: At least one 2000-level course (3.0 credit hours) in Philosophy

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3409**18th-Century Philosophy: Leibniz to Kant***Credit hours: 3.00**Contact hours per week: 3-0-0*

Does our knowledge of the world come chiefly from reason, or from the senses? In the 18th Century, Leibniz, Berkeley, Hume and Kant focused on the workings of perception, the relation between mind and body, and the foundations of knowledge. The tension between reason and experience that they explored continues to drive work on these problems today, influencing (for example) debates over nature versus nurture in human behaviour.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background: At least one 2000-level course (3.0 credit hours) in Philosophy

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3410**Advanced Ethics***Credit hours: 3.00**Contact hours per week: 3-0-0*

How is knowledge about morality possible? Can reason and argument really tell us how we ought to act? And even if we can sometimes know how we ought to act, can morality act as a decisive check on self-interest? This course will examine current accounts of moral reasoning as well as deeper questions about what moral values are.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background: Philosophy 2001

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3411**Game Theory in Philosophy***Credit hours: 3.00**Contact hours per week: 3-0-0*

Philosophers, mathematicians and economists are developing a powerful tool for resolving problems in human interaction - game theory. Using the techniques of philosophical analysis, we will study this tool for its insights into disciplines as diverse as politics, economics, ethics, military strategy, psychology and evolutionary biology.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background:

Logic 2003 AND

At least one 2000-level course (3.0 credit hours) in Philosophy

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3412**Philosophy of Science***Credit hours: 3.00**Contact hours per week: 3-0-0*

Our modern world has been shaped by science, and it is important for all of us to reflect on its meaning and justification. In this course we examine questions such as: How can we tell the difference between science and pseudo-science? Is science literally true? Is science biased by class, culture or gender? What really happens during a scientific revolution? Is there really such a thing as scientific progress? How do scientists test their theories? What factors threaten scientific progress? Are there limits to science? Can we have too much science, or be too much influenced by it? Which scientific developments are philosophically important? This course is accessible to students who are not specialists in science but who have an open mind to new concepts.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background:

Logic 2003 AND

Philosophy 2002 and/or one course designated 'Science'

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3413**Feminist Philosophy***Credit hours: 3.00**Contact hours per week: 3-0-0*

An examination of feminist critiques of traditional approaches to some central areas of philosophy, which may include epistemology, philosophy of science, ethics and political philosophy, and the history of philosophy. Central philosophical issues will include feminist ways of thinking about knowledge, objectivity and value.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background:

At least one 2000-level course (3.0 credit hours) in Philosophy

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3420**Wittgenstein***Credit hours: 3.00**Contact hours per week: 3-0-0*

One of the most important and original philosophers of the 20th Century, Ludwig Wittgenstein influenced philosophical movements (Logical Positivism, Linguistic Philosophy, Logical Behaviourism) and our very conception of the nature of Philosophy. Beginning with the Tractatus Logico-Philosophicus (1921) and its picture theory of meaning, this course examines Wittgenstein's Tractarian integration of logic, language, representation, and reality. The course then examines Wittgenstein's intermediate (1929-34) criticism of the Tractatus and his unorthodox views on scientific hypotheses and the illusion of mathematical truth, culminating in an examination of Wittgenstein's later discussions (primarily in Philosophical Investigations) of rules, rule-following, language-games, private languages, mind, and certainty.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background:

Logic 2003 AND

At least one 2000-level course (3.0 credit hours) in Philosophy

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 3450**Philosophy of War***Credit hours: 3.00**Contact hours per week: 3-0-0*

Though war occupies but a tiny fraction of our lives, its implications influence our every moment. In this course we consider practical questions about the costs and benefits of war, ethical questions about deterrent threats, terrorism, and having and using nuclear weapons, social and psychological questions about the causes of war and the nature of military institutions, and strategic/game theoretical puzzles.

Prerequisite(s): One of Philosophy 1000 or a 2000-level course (3.0 credit hours) in Philosophy

Recommended Background:

At least one 2000-level course (3.0 credit hours) in Philosophy

Lib Ed Req: Fine Arts and Humanities

PHILOSOPHY 4000**Studies in Philosophy (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

The Philosophy 4000 series has the same functions as the Philosophy 2000 and Philosophy 3000 series but at levels of study appropriate to senior philosophy majors or other students with a strong philosophical background.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings

PHILOSOPHY 4995**Undergraduate Thesis***Credit hours: 6.00**Contact hours per week: Variable*

This is a challenging, work-intensive, research-oriented course. This research will be presented in a report in the form of an Undergraduate Thesis which will be made publicly available and which will be the subject of an oral defence.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

A cumulative GPA of 3.30 or higher AND

A cumulative GPA of 3.50 or higher on all Philosophy and Logic courses

Note: *Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.*

PHYSICAL ACTIVITY (PHAC)
Faculty of Arts and Science

PHYSICAL ACTIVITY 2130
Educational Dance

Credit hours: 1.50

Contact hours per week: 0-3-0

Development of a repertoire of dominant movement patterns leading to basic concepts, skills and fundamentals in educational dance.

Substantially Similar:

Physical Activity 2225 (prior to 2014/2015);

Physical Activity 2235 (prior to 2014/2015);

Physical Activity 3225 (prior to 2014/2015)

PHYSICAL ACTIVITY 2135
Educational Gymnastics

Credit hours: 1.50

Contact hours per week: 0-3-0

Development of a repertoire of dominant movement patterns leading to basic concepts, skills and fundamentals in educational gymnastics.

PHYSICAL ACTIVITY 3020
Movement Literacy: Upper Body Actions

Credit hours: 3.00

Contact hours per week: 1-2-0

Observation, analysis, acquisition and correction of basic movement patterns including striking, throwing, catching, and other upper body actions that are part of sport and activities of daily living.

PHYSICAL ACTIVITY 3030
Movement Literacy: Lower Body Actions

Credit hours: 3.00

Contact hours per week: 1-2-0

Observation, analysis, acquisition, and correction of basic movement patterns including running, jumping, kicking, and other lower body actions that are part of sport and activities of daily living.

PHYSICAL ACTIVITY 3040
Resistance Training for Health and Performance

Credit hours: 3.00

Contact hours per week: 1-2-0

Movement-based approach in the application of principles and methods used to develop the components of fitness through resistance training.

Substantially Similar:

Physical Activity 2445 (prior to 2014/2015);

Physical Activity 3445 (prior to 2014/2015)

PHYSICAL ACTIVITY 3050
Conditioning for Cardiovascular Health and Performance

Credit hours: 3.00

Contact hours per week: 1-2-0

Assessment of cardiovascular fitness and development of training programs through exposure to a wide range of physical activity environments.

Substantially Similar:

Physical Activity 3605 (prior to 2014/2015)

PHYSICAL ACTIVITY 3060
Adapting Physical Activity

Credit hours: 3.00

Contact hours per week: 1-2-0

Current trends, theory, and practice in adapted physical activity. Emphasis is placed on gaining instructional and leadership skills in physical activity, fitness, and sport programs for individuals requiring activity adaptations.

Substantially Similar:

Kinesiology 4630 (prior to 2014/2015)

PHYSICAL ACTIVITY 3070
Structure and Strategy of Games

Credit hours: 3.00

Contact hours per week: 1-2-0

Strategic and tactical principles used across various categories of games along with models of understanding that allow for the transfer of strategic knowledge between game settings.

PHYSICS (PHYS)
Faculty of Arts and Science

PHYSICS 1000
Introduction to Physics I

Credit hours: 3.00

Contact hours per week: 3-3-0

Other hours per term: 0-0-6

Calculus-based introduction to mechanics and modern physics. Concepts and problem-solving skills are emphasized. Material studied: kinematics and mechanics, and a brief introduction to nuclear physics and particle physics.

Prerequisite(s): Physics 30 AND

One of Mathematics 30-1, Pure Mathematics 30, Mathematics 0500, or Mathematics 0520

Corequisite(s): One of Mathematics 1560 or Mathematics 1565 (recommended)

Substantially Similar:

Physics 1050

Lib Ed Req: Science

PHYSICS 1050
Introduction to Biophysics

Credit hours: 3.00

Contact hours per week: 3-3-0

A non-calculus based introduction to biophysics, which emphasizes the application of physical principles to problems of biological significance. Material studied: animal mechanics, acoustics, radiation biophysics, and fluid properties.

Prerequisite(s): One of Mathematics 30-1, Pure

Mathematics 30, Mathematics 0500, Mathematics 0520, or

admission to the Post-Diploma B.Sc. in Environmental Science

Recommended Background:

One course in the physical sciences at the 20 level or above

Substantially Similar:

Physics 1000

Lib Ed Req: Science

PHYSICS 2000**Introduction to Physics II**

Credit hours: 3.00

Contact hours per week: 3-3-0

Other hours per term: 0-0-6

The second introductory calculus-based physics course. Concepts and problem-solving skills are emphasized. Material studied: electricity, magnetism, electromagnetism, and circuits.

Prerequisite(s): One of Mathematics 1560 or Mathematics 1565 (recommended) AND One of Physics 1000 (recommended), Physics 1050, or Engineering 2000

Corequisite(s): One of Mathematics 2560 or Mathematics 2565

Lib Ed Req: Science

PHYSICS 2020**The Physics of Everyday Life**

Credit hours: 3.00

Contact hours per week: 3-0-0

Investigation of the connection between science and the world in which we live. Exploration of the fundamental science behind ordinary objects, devices, and technologies upon which we all depend in our everyday lives.

Lib Ed Req: Science

Note: *No mathematical or science background is required for this course.*

PHYSICS 2120**Introduction to Physics III**

Credit hours: 3.00

Contact hours per week: 3-3-0

The third introductory calculus-based physics course. Concepts and problem-solving skills are emphasized. Material studied: rotational physics, thermodynamics, gravitation, relativity, photons, and matter waves.

Prerequisite(s): One of Mathematics 1560 or Mathematics 1565 (recommended) AND One of Physics 1000 (recommended), Physics 1050, or [Physics 2130 and Engineering 2000]

Corequisite(s): One of Mathematics 2560 or Mathematics 2565

Lib Ed Req: Science

PHYSICS 2130**Waves, Optics and Sound**

Credit hours: 3.00

Contact hours per week: 3-3-0

An introductory-level, calculus-based course in waves, optics and sound. The course will cover fluids; oscillations; mechanical and sound waves; superposition and standing waves; geometric optics including refraction, reflection and optical instruments; physical optics including interference, diffraction and polarization.

Prerequisite(s): One of Physics 30 or Physics 1050 AND One of Mathematics 30-1, Pure Mathematics 30, Mathematics 0500, or Mathematics 0520

Corequisite(s): One of Mathematics 1560 or Mathematics 1565 (recommended)

Lib Ed Req: Science

PHYSICS 2150**Quantum Mechanics I**

Credit hours: 3.00

Contact hours per week: 3-0-0

An introductory course in quantum mechanics. Topics include the origin of quantum mechanics, wave properties of particles, and the Schrödinger equation and solutions in one and three dimensions.

Prerequisite(s): Physics 2000 AND Physics 2130 AND One of Mathematics 2560 or Mathematics 2565 (recommended)

Corequisite(s): Mathematics 2570

Lib Ed Req: Science

PHYSICS 2800**Methods in Mathematical Physics**

Credit hours: 3.00

Contact hours per week: 3-0-0

A course which provides the tools and develops the skills required to solve physical problems typical of those encountered at the second-year level and above. Areas studied include: matrix theory and applications, ordinary differential equations, series solutions, Laplace transforms, and vector analysis.

Prerequisite(s): Mathematics 1410 AND One of Mathematics 2560 or Mathematics 2565 (recommended)

Corequisite(s): Mathematics 2570

Lib Ed Req: Science

PHYSICS 2900**Studies in Experimental Physics (Series)**

Credit hours: 3.00

Contact hours per week: 3-3-0

Topics and techniques used in experimental physics are explored at an introductory level.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings

PHYSICS 2925**Introduction to Experimental Physics**

Credit hours: 3.00

Contact hours per week: 3-3-0

Experiments selected from areas such as analog electronics, digital electronics, mechanics, acoustics, X-ray crystallography, solid state physics, electricity and magnetism, optics, thermometry, and nuclear physics.

Prerequisite(s): Physics 2000 AND Physics 2120 AND Physics 2130

Lib Ed Req: Science

PHYSICS 3150**Quantum Mechanics II**

Credit hours: 3.00

Contact hours per week: 3-0-0

The fundamentals of quantum mechanics, starting with the wave-mechanical description of Schrödinger. Material studied: quantum states and amplitudes, simple harmonic oscillator, superposition and packet states, scattering and barrier penetration, angular momentum, the hydrogen atom, identical particles, and atomic radiation.

Prerequisite(s): Physics 2150 AND Mathematics 2580

Recommended Background: Physics 3175

Lib Ed Req: Science

PHYSICS 3175**Electricity and Magnetism**

Credit hours: 3.00

Contact hours per week: 3-0-0

The basic elements of electromagnetic theory. Material studied: electrostatics, magnetostatics, steady currents, electromagnetic induction, Maxwell's equations in both differential and integral forms, and electric and magnetic fields in matter.

Prerequisite(s): Physics 2000 AND Mathematics 2580

Lib Ed Req: Science

PHYSICS 3200**Mechanics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Intermediate-level classical mechanics. Material studied: Newton's laws of motion and their applications, conservation laws, collisions, oscillators, rigid body dynamics, central forces, relativistic dynamics, introduction to Lagrangian and Hamiltonian methods.

Prerequisite(s): Physics 2000 AND Mathematics 2580

Lib Ed Req: Science

PHYSICS 3400**Thermal and Statistical Physics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Phenomena of heat and properties of matter from a statistical point of view. Material studied: thermal equilibrium, processes and their reversibility, laws of thermodynamics and their microscopic basis, thermodynamic measurements; classical and quantum properties of matter and radiation, statistical ensembles, and distributions.

Prerequisite(s): Physics 2120 AND Physics 2150 AND Mathematics 2580

Lib Ed Req: Science

PHYSICS 3650**Optics***Credit hours: 3.00**Contact hours per week: 3-3-0*

Classical electromagnetic waves. Physical optics. Quantum optics. Experimental work includes: constructing optical systems, use of lasers in optical measurements, holography.

Prerequisite(s): Physics 2000 AND Physics 2130 AND Mathematics 2580

Recommended Background: Physics 3175

Lib Ed Req: Science

PHYSICS 3750**Contemporary Physics***Credit hours: 3.00**Contact hours per week: 3-0-1*

A survey of current developments in physics. The focus will be to highlight current research interests and recent applications of physics in industry and academia. Specific topics will be presented each week in seminars given by invited speakers and staff. Pre-seminar literature will be made available, and there will be class discussions, written reports, and student presentations associated with the seminars.

Prerequisite(s): Physics 2120 AND Physics 2130

Lib Ed Req: Science

PHYSICS 3800**Methods of Theoretical Physics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Mathematical tools essential for advanced-level courses in classical and quantum mechanics. Topics may include: complex analysis, Fourier series and integral transforms, solution of partial differential equations, special and generalized functions, Green's functions, tensors, and group theory.

Prerequisite(s): Physics 2800 AND Mathematics 2580

Lib Ed Req: Science

PHYSICS 3840**Introduction to Computational Physics***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to numerical techniques and their application in experimental and theoretical physics. Material studied: symbolic and numeric computation, numerical analysis, and introductory programming and applications.

Prerequisite(s): Mathematics 2580

Lib Ed Req: Science

Note: *Prior knowledge of physics and programming is preferred but is NOT required.*

PHYSICS 3900**Intermediate Experimental Physics (Series)***Credit hours: 3.00**Contact hours per week: 3-3-0*

Topics and techniques used in experimental physics are explored at an intermediate level.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings

PHYSICS 3925**Experimental Physics***Credit hours: 3.00**Contact hours per week: 3-3-0*

Emphasis on techniques in experimental research such as experimental design and precise measurements. Experiments may include topics from: EM waves; solid state physics; semiconductor physics; NMR, NQR, MRI and ESR; spectroscopy; and digital electronics.

Prerequisite(s): Physics 2150 AND Physics 2925

Lib Ed Req: Science

PHYSICS 4000**Advanced Studies in Physics (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Subject material is chosen from advanced topics in contemporary physics.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings

PHYSICS 4100**Nuclear and Particle Physics***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introductory survey of nuclear and modern particle physics. Topics range from the structure of nuclei and radioactivity to elementary particles such as quarks, gluons, and neutrinos, and their Feynman diagrams.

Prerequisite(s): Physics 3150 AND Physics 3200

Lib Ed Req: Science

PHYSICS 4150**Quantum Mechanics III***Credit hours: 3.00**Contact hours per week: 3-0-0*

Mathematical and conceptual foundations of quantum mechanics at an advanced level. Material studied: general formalism, quantum dynamics, angular momentum, symmetries, approximate methods, scattering theory, path integrals, and interpretation.

Prerequisite(s): Physics 3150 AND Physics 3200

Lib Ed Req: Science

PHYSICS 4175**The Electromagnetic Interaction***Credit hours: 3.00**Contact hours per week: 3-0-0*

Fundamental concepts of electromagnetic theory at an advanced level and some of their applications. Unity of electric and magnetic phenomena emphasized. Material studied: boundary value problems; energy density and energy flow; electromagnetism in relativistic notation; radiation; resonant cavities and waveguides.

Prerequisite(s): Physics 3175 AND
Mathematics 2580

Lib Ed Req: Science

PHYSICS 4200**Advanced Mechanics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Hamilton's equations, canonical transformations, Lagrange and Poisson brackets, Hamilton-Jacobi equations, separation of variables, action angle variables, constants of motion, integrability, simple non-linear Hamiltonian systems, chaotic motion.

Prerequisite(s): Physics 3200

Lib Ed Req: Science

PHYSICS 4250**Solid State Physics***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introductory study of the physical properties of solids. Material studied: crystalline structures; the formation of solids (different types of bonding); diffraction; energy bands in solids; and physical properties such as electrical, thermal, optical, and magnetic.

Prerequisite(s): Physics 2150 AND
Physics 2925 AND
Mathematics 2580

Corequisite(s): Physics 3150

Recommended Background:
Physics 3400

Lib Ed Req: Science

PHYSICS 4995**Undergraduate Thesis***Credit hours: 6.00**Contact hours per week: Variable*

This is a challenging, work-intensive, research-oriented course in which the student will conduct research under the supervision of a faculty member, give a public presentation on their work, and submit an Undergraduate Thesis which will be made publicly available.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

A cumulative GPA of 3.30 or higher AND

A minimum of 13 courses (39.0 credit hours) in Physics

Corequisite(s): A minimum of two further courses (6.0 credit hours) in Physics

Note: Contact hours will vary. Students should be aware that this course involves regular contact with the Thesis Supervisor as well as considerable independent work.

POLITICAL SCIENCE (POLI)
Faculty of Arts and Science

POLITICAL SCIENCE 1000**Introduction to Political Science***Credit hours: 3.00**Contact hours per week: 3-0-0*

Basic concepts for political inquiry such as power, authority, state. Examination of governmental institutions and systems.

Lib Ed Req: Social Science

POLITICAL SCIENCE 2110**International Relations***Credit hours: 3.00**Contact hours per week: 3-0-0*

Relations among nations, covering such topics as foreign policies of major powers, nature and functions of international organizations, international law and contemporary world problems.

Prerequisite(s): One of Political Science 1000 or a previous course (3.0 credit hours) in Political Science

Lib Ed Req: Social Science

POLITICAL SCIENCE 2210**Canadian Politics and Government***Credit hours: 3.00**Contact hours per week: 3-0-0*

Canadian political system, with special attention to political parties, the nature of federalism and functioning of the parliamentary system.

Prerequisite(s): One of Political Science 1000, a previous course (3.0 credit hours) in Political Science, or seven courses (21.0 credit hours) in Arts and Science

Lib Ed Req: Social Science

POLITICAL SCIENCE 2310**Comparative Politics and Government***Credit hours: 3.00**Contact hours per week: 3-0-0*

Comparative study of power, authority, administration, law, leadership and participation in selected political systems.

Prerequisite(s): One of Political Science 1000, a previous course (3.0 credit hours) in Political Science, or seven courses (21.0 credit hours) in Arts and Science

Lib Ed Req: Social Science

POLITICAL SCIENCE 2511**Introduction to Political Theory***Credit hours: 3.00**Contact hours per week: 3-0-0*

A selective introduction to the basic concepts of western political theory, focusing on ideas such as rights, consent, obligation, citizenship and the common good. Readings drawn from classical (e.g., Plato, Hobbes, Rousseau, Mill) and contemporary (e.g., Walzer, Taylor, MacIntyre, Nozick, Rawls) theorists.

Prerequisite(s): One of Political Science 1000 or a previous course (3.0 credit hours) in Political Science

Lib Ed Req: Fine Arts and Humanities

POLITICAL SCIENCE 2610**Introductory Research Methods***Credit hours: 3.00**Contact hours per week: 3-0-0*

Concepts and methods of political inquiry; organization, development and articulation in research papers.

Prerequisite(s): One of Political Science 1000 or a previous course (3.0 credit hours) in Political Science

Lib Ed Req: Social Science

POLITICAL SCIENCE 3120**Canadian Foreign Policy***Credit hours: 3.00**Contact hours per week: 3-0-0*

Process and institutions. Environmental, historical, social and economic influences on the process; external forces, including bilateral and multilateral commitments.

Prerequisite(s): One of Political Science 2110 or Political Science 2210

Lib Ed Req: Social Science

POLITICAL SCIENCE 3130**International Political Economy***Credit hours: 3.00**Contact hours per week: 3-0-0*

A review of the major theoretical approaches of the field. These theoretical perspectives will then be applied to various issue areas, such as international trade, foreign investment, regional integration, North-South relations, migration, labour, and the environment.

Prerequisite(s): Political Science 2110

Lib Ed Req: Social Science

POLITICAL SCIENCE 3170/**MANAGEMENT 3670****The Politics of Canadian Trade Policy***Credit hours: 3.00**Contact hours per week: 3-0-0*

Focus on the political economy of Canadian trade policy. Exploration of political, economic and institutional factors shaping Canada's participation in international agreements on trade and related issues. Examination of the interaction of regional, economic, intergovernmental, and societal factors with trade policies in Canadian domestic politics. Students will also be exposed to theoretical literature related to international political economy, public policy, Canadian federalism, and Canadian foreign policy.

Prerequisite(s): Political Science 2110

Lib Ed Req: Social Science

POLITICAL SCIENCE 3210**Local Government and Politics***Credit hours: 3.00**Contact hours per week: 3-0-0*

Municipal policy-making and administrative decision-making, financial functions, legal powers, land use management, public participation, and relations between municipalities and higher levels of government.

Prerequisite(s): Political Science 2210

Lib Ed Req: Social Science

POLITICAL SCIENCE 3215**Indigenous Peoples and Local Government in Canada***Credit hours: 3.00**Contact hours per week: 3-0-0*

An examination of the key policy and administrative challenges as they relate to local governments and First Nations and urban Aboriginal Peoples. Topics include the impact of Aboriginal self-government and urban Indigenous self-determination, urban Aboriginal political representation and public participation, the politics of planning with neighbouring First Nations and urban Aboriginal peoples, urban government and sustainability, and conceptualizing urban governments in this new setting.

Prerequisite(s): Political Science 2210

Equivalent: Political Science 3850 (Municipal Indigenous Governance in Canada) (prior to 2017/2018)

Lib Ed Req: Social Science

POLITICAL SCIENCE 3221**The Politics of Canadian Federalism***Credit hours: 3.00**Contact hours per week: 3-0-0*

Historical and current roles of federalism and regionalism in evolution of Canadian politics and policy; major issues including regional representation in federal institutions, federal-provincial and inter-provincial relations, influence of transnational and Aboriginal politics, and impact of federalism on Canadian economic and social policies.

Prerequisite(s): Political Science 2210

Lib Ed Req: Social Science

POLITICAL SCIENCE 3241**Canadian Constitutional Law I: Federalism and First Nations***Credit hours: 3.00**Contact hours per week: 3-0-0*

Basic principles of Canadian constitutional law as they relate to the evolving concept and practice of Canadian federalism. The concept and practice of judicial review. Basics and evolution of the constitutional division of powers. Aboriginal rights and First Nations. Evolution and process of constitutional amendment.

Prerequisite(s): Political Science 2210

Lib Ed Req: Social Science

POLITICAL SCIENCE 3242**Canadian Constitutional Law II: The Charter***Credit hours: 3.00**Contact hours per week: 3-0-0*

Basic principles of Canadian constitutional law and the power of judicial review. The notion of civil liberties; civil liberties before and since the entrenchment of the Canadian Charter of Rights and Freedoms. Application and limits of the Charter. The notwithstanding clause. The evolution of judicial interpretation of the Charter.

Prerequisite(s): Political Science 2210

Lib Ed Req: Social Science

POLITICAL SCIENCE 3245/**WOMEN AND GENDER****STUDIES 3245****The Charter, Gender, and Social Change***Credit hours: 3.00**Contact hours per week: 3-0-0*

An interdisciplinary examination of the relationship between the Canadian Charter of Rights and Freedoms, gender, and social change that includes: theories of the legitimacy of judicial review; analyses of selected sections of the Constitution Act through Supreme Court and appellate court decisions; contemporary critical race, postcolonial, gender, sexualities, Indigenous and legal literatures that address intersecting forms of discrimination; current issues that highlight the role of law as a means of social control and political contestation; analyses of selected statutes, regulations and the facts presented to courts.

Prerequisite(s): One of Political Science 1000, Political Science 2210, or Women and Gender Studies 1000

Lib Ed Req: Social Science

POLITICAL SCIENCE 3250**Alberta Politics and Government***Credit hours: 3.00**Contact hours per week: 3-0-0*

Problems in Alberta provincial politics; the formal and informal institutions of the Provincial government.

Prerequisite(s): Political Science 2210

Lib Ed Req: Social Science

POLITICAL SCIENCE 3260**Canadian Public Policy***Credit hours: 3.00**Contact hours per week: 3-0-0*

Factors and processes that enter into the making of Canadian public policy. Emphasis on specific policy areas which change periodically to take into account current government activities.

*Prerequisite(s): Political Science 2210**Lib Ed Req: Social Science***POLITICAL SCIENCE 3265****Social Policy in Canada***Credit hours: 3.00**Contact hours per week: 3-0-0*

An introduction to Canadian social policy, outlining the historical trajectory of social policy and the social, ideological, political, and economic factors that shape contemporary debates. Analysis of certain national and provincial social programs, such as child welfare, social/public housing, employment insurance reform, and immigration.

Prerequisite(s): Political Science 2210

Equivalent: Political Science 3850 (Social Policy in Canada) (prior to 2017/2018)

*Lib Ed Req: Social Science***POLITICAL SCIENCE 3280****Canadian Political Behaviour***Credit hours: 3.00**Contact hours per week: 3-0-0*

Mass and elite political behaviour in Canada, including political culture, public opinion, political participation, voting and elections.

*Prerequisite(s): Political Science 2210**Lib Ed Req: Social Science***POLITICAL SCIENCE 3290****Digital Politics***Credit hours: 3.00**Contact hours per week: 3-0-0*

The impact of digital communications technologies on the political process, including representation, campaigning, citizen activism and participation, and e-government.

Prerequisite(s): One of Political Science 2210 or Political Science 2310

*Lib Ed Req: Social Science***POLITICAL SCIENCE 3320****Western European Political Systems***Credit hours: 3.00**Contact hours per week: 3-0-0*

A comparative examination of the government and politics of selected Western European countries such as Great Britain, Germany, the Netherlands and Spain.

*Prerequisite(s): Political Science 2310**Lib Ed Req: Social Science***POLITICAL SCIENCE 3322****Eastern European Political Systems***Credit hours: 3.00**Contact hours per week: 3-0-0*

A comparative examination of the communist legacy and the post-communist government and politics of selected Eastern European countries such as Russia, Poland, Hungary and Romania.

Recommended Background: Psychology 2800

*Lib Ed Req: Social Science***PSYCHOLOGY 3360****Sensation and Perception***Credit hours: 3.00**Contact hours per week: 3-0-0*

The study of sensation and perception is the evaluation of human reception and computation of incoming information about ourselves and the environment. This course will cover the five senses – sight, hearing, touch, taste, and smell. It will also cover the changes in these senses over the lifespan, aspects of individual differences and sensory malfunction, the interaction between perception and cognition, and common characteristics of processing by all the systems.

Prerequisite(s): Neuroscience 2600 AND Psychology 3050

*Lib Ed Req: Science***PSYCHOLOGY 3370****Animal and Human Minds***Credit hours: 3.00**Contact hours per week: 3-0-0*

Exploration of the merits of a more embodied, embedded approach to the study of psychology through drawing on work in robotics; artificial life; cognitive science; comparative, experimental, and developmental psychology; and animal behaviour.

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Psychology or Neuroscience

*Lib Ed Req: Science or Social Science***PSYCHOLOGY 3400****Advanced Research Design and Data Analysis***Credit hours: 3.00**Contact hours per week: 3-0-1.5*

Advanced discussion of research design and data analysis with emphasis on sophisticated research designs, high-level statistical computer packages and current controversies in the area.

Prerequisite(s): Psychology 2030 AND One additional 2000-level course (3.0 credit hours) in Psychology or Neuroscience

*Lib Ed Req: Science or Social Science***PSYCHOLOGY 3405/
LINGUISTICS 3405****First Language Acquisition***Credit hours: 3.00**Contact hours per week: 3-0-0*

Introduction to first language acquisition. Topics include: research methods; phonological, morphological, syntactic, lexical and communicative development; language acquisition in special circumstances (deafness, blindness, mental retardation, autism); bilingual language acquisition.

Prerequisite(s): Linguistics 2300 AND Linguistics 2600

Recommended Background: A 2000-level course in Psychology

Equivalent: Linguistics 3400 (prior to 2016/2017)

*Lib Ed Req: Social Science***PSYCHOLOGY 3450/HEALTH
SCIENCES 3450****Applied Statistics for Clinical Practice***Credit hours: 3.00**Contact hours per week: 3-1-0*

Traditional application of descriptive and inferential statistical techniques used in applied disciplines such as health sciences and clinical psychology. Topics include choosing statistical tests, data entry and coding, parametric and non-parametric tests, correlation, chi-square, t-tests, ANOVA, interpretation of statistical tests, statistical significance versus clinical significance, and clinical implications of statistical testing.

Prerequisite(s): Two courses (6.0 credit hours) at the 2000 level or higher in Addictions Counselling, Health Sciences, Neuroscience, or Psychology OR Third-year standing (a minimum of 60.0 credit hours)

*Lib Ed Req: Science***PSYCHOLOGY 3525****Hormones and Behaviour***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course will explore how hormones, external environmental signals and the nervous system interact to produce complex behaviour.

Prerequisite(s): Neuroscience 2600 AND One additional 2000-level course (3.0 credit hours) in Psychology or Neuroscience

Lib Ed Req: Science

PSYCHOLOGY 3535**Drugs and Behaviour***Credit hours: 3.00**Contact hours per week: 3-0-0*

This course will explore the interaction between the cellular and molecular effects of psychotropic drugs on brain function, and the resulting effects on behaviour.

Prerequisite(s): Neuroscience 2600 AND One additional 2000-level course (3.0 credit hours) in Psychology or Neuroscience

*Lib Ed Req: Science***PSYCHOLOGY 3570/HEALTH SCIENCES 3570****Contemporary Issues in Mental Health***Credit hours: 3.00**Contact hours per week: 3-0-0*

Mental health issues, including mental health research, the mental health care system, the nature of mental health, the DSM diagnostic system, the interplay between the pharmaceutical industry and the mental health care system, gender issues, mental health treatments, the role of trauma in mental health, and various specific mental health concerns such as depression, anxiety, schizophrenia, ADHD, and eating disorders.

Prerequisite(s): One 2000-level course (3.0 credit hours) in Psychology, Neuroscience, or Health Sciences OR Third-year standing (a minimum of 60.0 credit hours)

*Lib Ed Req: Social Science***PSYCHOLOGY 3760****Animal Communication***Credit hours: 3.00**Contact hours per week: 3-0-0*

Survey of the diversity of systems of communication found in animals, including humans, and how they are tailored to the variety of social and ecological challenges that different species face. The overarching goal will be to distill from this variety some common design principles from which we can begin to understand how communication systems function, how they evolve, and how they are organized mechanistically.

Prerequisite(s): Psychology 2700 AND One additional 2000-level course (3.0 credit hours) in Psychology or Neuroscience

*Lib Ed Req: Science or Social Science***PSYCHOLOGY 3770****Primate Lives and Human Cognitive Evolution***Credit hours: 3.00**Contact hours per week: 3-0-0*

Comparative information on phylogeny, ecology, and social lives of other primates will be used to assess the extent to which the nature of human cognition can be understood in terms of evolutionary processes.

Prerequisite(s): Psychology 2700 AND One additional 2000-level course (3.0 credit hours) in Psychology or Neuroscience

*Lib Ed Req: Science or Social Science***PSYCHOLOGY 3780****Animal and Human Personalities***Credit hours: 3.00**Contact hours per week: 3-0-0*

Examination of the development, mechanisms, function, and evolution of personality traits in humans and other animals, by exploring the theoretical foundations, methodological approaches, and broad implications of this psychological research field. Ultimately, it aims to answer a key question: What defines and explains who someone really is?

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Psychology

Equivalent: Psychology 3850 (Animal and Human Personalities) (prior to 2018/2019)

*Lib Ed Req: Science***PSYCHOLOGY 3790****Human Behavioural Ecology***Credit hours: 3.00**Contact hours per week: 3-0-0*

The intention of this course is to contextualise human psychology by considering the ways in which biology and culture play off each other to structure human action. It takes as its starting premise that our understanding of the behaviour and social organisations of modern humans can usefully be interpreted within a historical socio-ecological framework that acknowledges our biology without reducing to it.

Prerequisite(s): Psychology 2030 AND Psychology 2700 AND Psychology 2800 AND Third-year standing (a minimum of 60.0 credit hours)

Equivalent: Psychology 2850 (Human Behavioural Ecology) (prior to 2018/2019); Psychology 3850 (Human Behavioural Ecology) (prior to 2018/2019)

*Lib Ed Req: Science***PSYCHOLOGY 3845****Issues in Sexuality***Credit hours: 3.00**Contact hours per week: 3-0-0*

Human universals in sexuality examined within the broader context of human sexual diversity.

Prerequisite(s): Two 2000-level courses (6.0 credit hours) in Psychology or Neuroscience

Prerequisite(s): Will be specified (including any recommended background) for individual offerings, but will normally include two 3000-level courses (6.0 credit hours) in Psychology or Neuroscience

Recommended Background: Psychology 2030

PSYCHOLOGY 4210**Speech Development***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced seminar on child speech acquisition. Topics include speech production and perception mechanisms, classical theories and recent findings in child phonological development, and hands-on practice in the application of acoustic analytical tools.

Prerequisite(s): Psychology 3240/ Linguistics 3240

Recommended Background: Linguistics 2300

Lib Ed Req: Social Science

PSYCHOLOGY 4220**The Psychology of Choice***Credit hours: 3.00**Contact hours per week: 3-0-0*

Choice is an integral component of adaptive behaviour in humans and other living organisms. In this seminar-style course, we discuss rational choice, as well as deviations from rationality that can bias decisions. We focus on psychological and economic theories of choice, but we also consider choice from biological, philosophical, and neuroscientific perspectives.

Prerequisite(s): Psychology 2700 AND

Two 3000-level courses (6.0 credit hours) in Psychology or Neuroscience

Equivalent: Psychology 4850 (The Psychology of Choice) (prior to 2018/2019)

*Lib Ed Req: Science***PSYCHOLOGY 4325****Advanced Cognition and Perception (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced seminar in cognition and perception. Offerings will focus on processes involved in thinking and perceiving.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings, but will normally include two 3000-level courses (6.0 credit hours) in Psychology or Neuroscience

Recommended Background: Psychology 2030

PSYCHOLOGY 4460**Celluloid Psychology***Credit hours: 3.00**Contact hours per week: 3-0-0*

Advanced scientific study at the intersection of experimental psychology, perceptual science, and film studies, with topics focusing on psychological and technical aspects of film-making, perceptual and psychological dimensions of film viewing, and associated psychological representations in film. Combines findings and theory from basic empirical research in psychology with corresponding applied elements in the construction, presentation, and perception of film, as may also pertain to the subfield of cognitive film studies.

Prerequisite(s): One of Psychology 3360 or Psychology 3850 (Mechanisms of Human Perception) (prior to 2019/2020)

Equivalent: Psychology 4850 (Celluloid Psychology) (prior to 2019/2020)

*Lib Ed Req: Science***PSYCHOLOGY 4550****Abnormal Psychology (Series)***Credit hours: 3.00**Contact hours per week: 3-0-0*

Offerings will focus on issues and concepts involved in psychological abnormality through evaluation of specific disorder categories.

Prerequisite(s): Will be specified (including any recommended background) for individual offerings, but will normally include two 3000-level courses (6.0 credit hours) in Psychology or Neuroscience

Recommended Background: Psychology 2030

*Lib Ed Req: Science or Social Science***PSYCHOLOGY 4995****Undergraduate Thesis***Credit hours: 6.00**Contact hours per week: Variable*

This is a challenging, work-intensive, research-oriented course in which students will conduct empirical research, report orally on the work, and submit a report in the form of an Undergraduate Thesis which will be made publicly available.

Prerequisite(s): Fourth-year standing (a minimum of 90.0 credit hours) AND

A cumulative GPA of 3.30 or higher AND

One Independent Study or Applied Study (3.0 credit hours) in Psychology AND

Application to the Department of Psychology

I. APPLICATION FOR AWARDS

a. Introduction

These guidelines are intended to ensure consistency and equity in the administration of awards and financial aid. The guidelines also assist students in developing an argument to defer or appeal an award decision. The Student Awards Committee is at liberty to set these guidelines aside when extenuating circumstances arise.

b. Eligibility

1. Application and Application Deadlines

To be eligible for awards and scholarships, application forms must be completed and received by Scholarships and Student Finance no later than the designated date. Application forms are available on the Bridge (www.uleth.ca/bridge). Only in circumstances that are substantially beyond the student's control will an appeal be considered for an application submitted after the stated deadline date. Unless otherwise stated, application deadlines are as follows:

Board of Governors' Admission Scholarship

A completed *Application for Admission* must be received by **December 15**

High School Applicant and Leadership Awards

March 15

Transfer Awards

June 15

Undergraduate Awards

May 1

All online applications close at midnight on the stated deadline. Successful applicants will be notified in August.

When the deadline falls on a holiday or weekend, paper applications will be accepted until closing the next business day.

When no application is required, the award is made automatically on the basis of academic achievement.

When an award recipient is to be nominated and no nomination is received; where appropriate, the University reserves the right to make a selection based on academic achievement.

2. Tenure of Awards

Scholarships administered by the University of Lethbridge are available only to students pursuing University of Lethbridge programs or to students enrolled in recognized professional transfer programs. All awards are contingent upon students proceeding with their University program in the next academic session and are payable only when the student is in actual attendance as a full-time student in a study term at the University of Lethbridge. Students are required to be registered as of August 15.

Exceptions to this requirement are:

- a. **Part-time Awards** - If an award has been granted to a part-time student, the award will be payable when the student is in actual attendance at the University of Lethbridge.

- b. **Immersion Students** - If an award has been granted to a student who will be attending another institution to participate in an approved Visiting Student program, the award will be disbursed to the student. Students must be registered in French 2250 or Spanish 2250 at the University of Lethbridge to receive payment.

- c. **Graduating Students** - If a student has been granted an award designated for a graduating student, the student will receive payment of the award without being required to register in the next academic session.

If a student withdraws from full-time studies after having received a payment for an award, unpaid balances of awards outstanding are forfeited.

Grades received in prior years will not be considered a second time for scholarship purposes. Eligibility for future scholarships will be based on future academic achievement.

3. Payment of Awards

- a. **Replacement** - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.

- b. **Payment Schedule** - Awards equaling \$1,000 or less are paid on October 1. Awards totaling more than \$1,000 are paid in two equal payments: the first on October 1 and the second on February 1.

- c. **Students Graduating in December** - If the award is paid in two payments, the student must be registered in both the fall and spring terms. However, students who graduate in December will receive the second payment upon written request to Scholarships and Student Finance.

- d. **Deductions** - The University may deduct from award payments any funds owed to the University.

- e. According to Canadian Tax regulations all financial awards granted to a student may be considered taxable income. Students will receive a T4A information slip for awards paid to them in the calendar year (January - December).

4. Deferral

A request for a deferral must be submitted **in writing** by the student to Scholarships and Student Finance by October 31 for the fall term and February 28 for the spring term. Justifiable reasons for deferral include:

- a. **Unavoidable Circumstances** - An award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the term for which an award was made.

5. **Returning After an Absence**
Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of full-time attendance at the University of Lethbridge subject to the rules guiding Undergraduate Awards.
6. **Posthumous Awards**
Financial awards will not be disbursed posthumously.
7. **Note of Appreciation**
Where a donor contact is available, award recipients will be expected to write a note of appreciation to the donor.

c. Measuring Academic Performance for Scholarship Purposes

1. **Academic Records**
Final official academic transcripts must be received by August 15 in order to receive an award. Only academic records from the last five years will be considered for measurement of academic achievement.
2. **High School Applicant Awards**
These awards are for students entering the University for the first time. Unless otherwise stated, the criterion for awards for new post-secondary students is demonstrated academic achievement. Academic achievement for Alberta high school graduates is based on the admission average, as defined in **Admission (p. 19)**. Unless otherwise stated, the minimum admission average required is 80 percent for scholarships and 70 percent for awards.

Equivalent credentials from other educational jurisdictions will be considered in accordance with the Admission guidelines stated in the University of Lethbridge Undergraduate Calendar and Course Catalogue.

Awards offered to high school applicants based on admission average are subject to cancellation or changes to the award value if final admission averages deviate more than five percent and/or drop below an actual admission average of 80 percent.
3. **Transfer Awards**
These awards are for students entering the University for the first time and admitted as transfer applicants as defined in **Admission (p. 19)**. Unless otherwise stated, the criterion for transfer awards is demonstrated academic achievement measured by the award transferable GPA as defined in **Definition of Terms (p. 456)**. In the case of scholarships and awards for which the main criterion is academic achievement, consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours while enrolled in a post-secondary level program. These courses must transfer into the program for which the candidate has been admitted to the University. The minimum award transferable GPA required is 3.50 for scholarships and 3.00 for awards.

4. **Post-Diploma Awards**
These awards are for students entering the University for the first time and admitted as college diploma applicants as defined in **Admission (p. 19)**. Unless otherwise stated, the criterion for post-diploma awards is demonstrated academic achievement measured by the diploma cumulative program GPA. The minimum cumulative program GPA required is 3.50 for scholarships and 3.00 for awards.
5. **Collaborative Program Awards**
These awards are for students who have completed their course work at the collaborating college and are starting their full-time course work at the University of Lethbridge. Unless otherwise stated, the criterion for collaborative program awards is demonstrated academic achievement measured by the award transferable GPA as defined in **Definition of Terms (p. 456)**. In the case of scholarships and awards for which the main criterion is academic achievement, consideration is only given to candidates who have successfully completed a minimum of 24.0 credit hours in the preceding fall and spring terms while attending full-time studies at the collaborating college. The minimum award transferable GPA required is 3.50 for scholarships and 3.00 for awards.
6. **Undergraduate Awards**
These awards are for students who are continuing in full-time studies in their undergraduate degree program. Unless otherwise stated, the criterion for undergraduate awards is demonstrated academic achievement measured by the award GPA as defined in **Definition of Terms (p. 456)**. Consideration is given only to candidates who have successfully completed a minimum of 24.0 credit hours in the last two terms while attending full-time studies at the University of Lethbridge. While 24.0 credit hours is the minimum criterion that applies, all other things being equal, those students taking more than 24.0 credit hours over the academic year will be given priority in the case of a tie. Summer session courses are not calculated in a student's award GPA. Unless otherwise stated the minimum award GPA required is 3.50 for scholarships and 3.00 for awards.

For award purposes, Pass/Fail courses are included in the 24.0 credit hours; courses designated Credit/Non-Credit are not included in the 24.0 credit hours.

Students with an Incomplete or Continuing grade appearing on their academic transcript in the last two terms will have until **August 15** to complete the course and remain eligible for awards. This guideline applies to all students applying for Undergraduate Awards.
7. **Athletic Awards**
Athletes must have been enrolled in full-time studies (9.0 credit hours) in each of the previous fall and spring terms while participating on a University of Lethbridge Pronghorn athletic team. Athletes must be pursuing a University of Lethbridge degree or enrolled in a recognized professional transfer program. Unless otherwise stated, the minimum award GPA required is 2.00. All athletic awards are subject to U Sports regulations.

d. Disclaimer

Since the University of Lethbridge Calendar is published a considerable time before the beginning of the academic year, the University reserves the right to make whatever changes circumstances may require, including cancellation of particular awards or changes to the minimum GPA required for awards.

e. Definition of Terms

Note: Award is used generically throughout Awards and Scholarships to describe non-repayable financial support.

1. **Academic Medals** - Academic medals are awarded to the most distinguished students graduating from the University of Lethbridge. Medals are presented at spring Convocation and all students who have completed degree requirements between May 1 and April 30 may be considered for medals. Students receiving academic medals are nominated by their respective Faculties/Schools.
2. **Athletic Award** - An athletic award is non-repayable financial support provided to a student who is participating on a Pronghorn Athletics team and enrolled in full-time studies. Athletic awards are subject to U Sports regulations.
3. **Award** - An award is non-repayable financial support provided to a student who demonstrates academic achievement and meets additional defined criteria. These criteria may include participation in extracurricular activities, demonstrated leadership, contribution to the campus community and/or the local community, and financial need.
4. **Award Grade Point Average (GPA)** - For award purposes, the award GPA is calculated on all University of Lethbridge courses completed in the fall and spring terms of the previous academic year with the exception of Audit and Credit/Non-Credit course designation.
5. **Award Transferable Grade Point Average (GPA)** - For award purposes, the award transferable GPA is calculated on all transferable courses that were completed.
6. **Bursary** - A bursary is non-repayable financial support provided to a student who demonstrates financial need and who is in good standing academically.
7. **Course Load Requirements** - To be considered eligible for most undergraduate and transfer awards at the University of Lethbridge, candidates must have successfully completed a minimum of 24.0 credit hours in the previous fall and spring terms.
8. **Deferral** - A deferral is a postponement of a payment of an award, scholarship, or bursary until the student is registered full-time in credit courses at the University of Lethbridge.
9. **Full-Time** - An undergraduate student is considered to be in full-time studies when enrolled in a minimum of 9.0 credit hours in a fall or spring term.

10. **High School Applicant Awards** - High School Applicant Awards are available for students admitted to the University of Lethbridge on the basis of their high school credentials. Students may complete a maximum of two transferable post-secondary courses and still remain eligible for High School Applicant Awards.

11. **Prize** - A prize is awarded for outstanding achievement in a course or a set of courses or an academic competition. A prize may be monetary or a gift-in-kind.

12. **Scholarship** - A scholarship is non-repayable financial support provided to a student primarily on the basis of academic achievement. Additional defined eligibility or criteria may include program, year of program, major, demonstrated leadership, or artistic excellence.

13. **Service Award** - A service award is for students in good academic standing who have demonstrated excellence in a range of non-academic fields, such as community service, student leadership, volunteerism, and athletic or artistic performance.

2. AWARDS

A wide range of awards and bursaries are available to undergraduate students based on academic achievement, leadership potential, community involvement, specific areas of interest or skill, as well as financial need. A complete listing of awards available to undergraduate students administered by the University of Lethbridge can be found on the Scholarships and Student Finance website (www.uleth.ca/ross/student-finance/awards).

a. Entrance Awards

Entrance awards include Board of Governors' Admission scholarship, leadership scholarships, awards for High School Applicants, and transfer scholarships. These awards are for students entering an undergraduate program at the University for the first time and, except for the transfer scholarships, for those without previous participation in a post-secondary program.

High school students participating in dual credit programs may be eligible for high school entrance awards. High school grades will be used to determine award eligibility. Students who are participating in dual admission may be eligible for transfer awards. Transfer grades will be used to determine award eligibility.

While not all awards require the applicant to apply, application is strongly recommended for students who feel that they may qualify for scholarships. Award applicants must submit a complete *Application for Admission* to the Registrar's Office by the appropriate application deadline, and ensure that the Registrar's Office receives all admission documents by the appropriate official document deadline. Students need not have been accepted for admission to the University prior to applying for entrance awards, but students must have applied for admission prior to applying for awards.

For further information regarding policies affecting entrance awards, please refer to **Application for Awards (p. 454)**.

b. Undergraduate Awards

Undergraduate awards include general awards and scholarships, Faculty-, School-, or program-specific awards, and Athletic awards. These awards are for students continuing in full-time studies in their undergraduate degree program at the University.

For further information regarding policies affecting undergraduate awards, please refer to **Application for Awards (p. 454)**.

3. FINANCIAL ASSISTANCE

Application forms and information for government student financial assistance programs are available from Scholarships and Student Finance (AH115, tel. 403-329-2585). General eligibility for full-time assistance is:

- Canadian Citizen or Permanent Resident of Canada;
- a valid Social Insurance Number;
- study in an approved post-secondary program of at least 12 weeks in length;
- courses must be applied to a recognized degree; and
- demonstrated financial need.

Most government financial aid programs are need-based. Students apply for the program through a provincial/territorial application form. One application encompasses the Canada Student Loans and Grants program and provincial/territorial loans and grants. Scholarships and Student Finance will assist students to determine which application to use. Students must apply to the province/territory in which they are considered a resident, not necessarily the province/territory they are attending school in.

The government determines financial need by assessing costs the student will incur for tuition, fees, books, and moderate living costs. Savings, part-time earnings, scholarships, assets, and parental contributions may be assessed as resources and formulated as to whether a student has need. Students may appeal the outcome of the government needs assessment.

Allow four to eight weeks for an application to be processed. Students are advised to apply before July 1 for fall funding. Students will receive directions from the lender on where the loan, grant payments or documents will be sent. Tuition and fees owing will be deducted from the loan payments.

Students are strongly advised to read all applications and documents before submitting. Know your rights and responsibilities!

When a returning student who has previous government student loans does not take out additional student loans, it is essential the student request and submit a *Confirmation of Enrolment* form. This will protect the student status (interest-free) of the loan. *Confirmation of Enrolment* forms must be filed for both Canada and provincial student loans, if both have been previously issued to the student.

General eligibility for part-time financial assistance is the same as full-time assistance. Check with the staff at Scholarships and Student Finance for further details.

Financial assistance programs for students with permanent disabilities are also available. Check with the staff at Scholarships and Student Finance for further details.

The following websites have more information on government financial assistance programs for students:

- Alberta residents:
www.studentaid.alberta.ca
- All other provincial/territory links can be accessed from:
www.esdc.gc.ca/en/student_loans/provincial.page

- The University of Lethbridge does not participate in the U.S. Department of Education (USDE) Federal Student Aid programs. Students can receive *Confirmation of Enrolment* for existing USDE-issued loans, but cannot access new USDE loans to attend the University of Lethbridge.

a. Repayment

Students are responsible for repaying their student loans. However, loans are not repayable during periods of full-time studies and for six months after graduation or withdrawal. In certain cases, repayment may be deferred for additional periods after the six months' exemption, upon successful application for the Repayment Assistance Program.

b. Withdrawal While on Government Student Assistance (Loans/Grants Program)

Students must maintain registration to stay eligible for government student assistance. When on full-time government student assistance, a student must remain a full-time student throughout the funded period of study. If a student withdraws or drops below full-time standing, the student may be required to repay some or all funding received. Grant money may be converted to loan money. Students may be restricted from further government student assistance for 12 months. Check with the staff at Scholarships and Student Finance before withdrawing or dropping registration. Part-time funding programs are available for students who are studying part-time.

c. Incomplete (I) and Continuing (X) Grades

Courses used in one term to determine eligibility for student loan purposes cannot be used in subsequent terms toward a student's full-time registration. Independent Studies and Applied Studies courses are classified as one course and can only be used in one term to determine eligibility for student loan purposes. Students taking more than one term to complete these courses should plan their subsequent term schedules accordingly.

d. Emergency Student Loan Fund

The purpose of the fund is to provide temporary assistance to full-time University of Lethbridge students to meet expenses related to an unexpected shortfall in their personal finances or an unanticipated delay in their receipt of financial assistance funding.

An emergency is defined as an unexpected shortfall in finances that has caused an inability to meet the rent payments when due, lack of adequate food supplies, and any other type of expenses related to the necessities of life that cannot be delayed. Students will not receive emergency financial assistance to cover registration deposits, tuition fees, books, fines, or debts to other University departments.

Emergency loans are available to assist students experiencing delays in the normal disbursement of their confirmed government student loans, or grants. These advances are also available, in extenuating circumstances, to those students ineligible for government financial aid. In such cases, students must have written proof of their ability to repay the loan.

The full policy is available online at www.uleth.ca/policy/emergency-student-loan-fund.

1. ACCOMMODATED LEARNING CENTRE**Students with Disabilities**

The Accommodated Learning Centre (ALC) provides academic accommodations for students with a wide range of documented conditions including, but not limited to: learning disabilities, ADHD, psychiatric disorders, medical, mobility, and sensory conditions. Required documentation may include: a psycho-educational assessment, psychological report, psychiatric report, counsellor's letter or diagnostic document from a health professional; depending on the condition and accommodations required. Services may include: exam accommodations, specialized support staff, assistive technologies and/or funding assistance. For those without a diagnosis, we can offer suspected learning disability screenings. The ALC also encourages skill development and promotes self-advocacy toward increased independence among students registered with the Centre. For more information and possible assistance, please contact the Accommodated Learning Centre.

Office: B760

2. BOOKSTORE**Retail Services**

The University Bookstore is located on Level 2 of the Students' Union Building. It stocks all required course materials as well as a full line of general reading books, stationary, art supplies, University apparel and giftware.

Textbook Reservation Service

The Bookstore can do your textbook shopping for you. Access the Bookstore's website for information as it becomes available. Textbook reservation sign-up occurs in April and is only available for the fall term for the Lethbridge campus only.

Online Ordering

The Bookstore has all your books available for online ordering through its e-commerce site, bookstore.uleth.ca. New term titles are available two weeks prior to the start of each term. Purchases can be picked up in-store (at the Lethbridge campus only) or shipped to you (charges are applied for shipping).

Returns Policy

The Bookstore's policy for returning textbooks and other materials is clearly stated on the *Return Policy* attached to the receipt with your purchase. If you are unsure whether an item is returnable, please ask the Bookstore staff for clarification.

Used Book Sell Backs

If a textbook is going to be used the following term, and the Bookstore requires inventory, good-quality used copies from students will be purchased. This service is available daily, except during term opening (watch for time changes). As well, the Bookstore sponsors semi-annual 'Used Book Sell Backs' during exam week in April and December. Exact dates and times are posted on campus and on the Bookstore website.

Various Forms of Course Materials Available

The Bookstore staff are continually reviewing various opportunities to provide cost savings to our students. Watch for options as they become available such as rental for new and used books, digital formats and special requests from instructors.

Website: www.uleth.ca/bookstore

3. BUS SERVICE

The City of Lethbridge operates a regular bus service between west Lethbridge and downtown in accordance with a published schedule, including one stop at the campus.

Bus passes and additional information on schedules are available from the Students' Union *Rockerman's Service Centre* (SU232) and the City of Lethbridge.

4. CAMPUS ID CARD

The University of Lethbridge Campus ID Card is the official picture identification of the University of Lethbridge. All students, faculty and staff need this card in order to access vending, printing, photocopying, food services, recreation facilities, athletic events, the Library and some off-campus services.

Campus ID Cards may be obtained at the ITS Solutions Centre in Turcotte Hall. Government-issued photo ID is required. For more information contact the ITS Solutions Centre (tel. 403-329-2490). The initial card is free—replacing a damaged, lost or stolen card is \$15.50.

Office: TH218

Phone: 403-329-2490

5. CAMPUS MOBILITY SERVICES

Anyone intending to park a vehicle on the University of Lethbridge campus must purchase a parking permit. Please note, parking stalls on campus are a finite resource and the availability of a stall is not guaranteed; early online reservation is strongly recommended. Current permit rates can be accessed on the Bridge or the Campus Mobility Services website. Individuals holding a current disabled license plate and/or parking placard requiring specific needs should contact Campus Mobility Services for a permit to park in a pre-assigned area.

Short-term visitor Pay & Park is also available in various lots around campus, ranging from one hour to all day. Pay & Park permit dispensers are located in Lots C, D, G, H, E, and N. Students living in residence are to contact Campus Mobility Services to purchase a parking permit.

Website: www.uleth.ca/facilities/parking

6. CAMPUS SAFETY

Campus Safety is primarily a service-oriented department committed to providing a healthy, safe and secure environment for our community and meeting the specialized needs of the University. Campus Safety is comprised of four service divisions: Emergency Management, Safety Services, Insurance and Risk, and Security Services.

Website: www.uleth.ca/campus-safety

Emergency Management

Emergency Management is responsible for providing emergency planning guidance to all university departments through **Mitigation, Preparedness, Response and Recovery**. By adopting an "all hazards" approach to planning and providing leadership during times of crisis, Emergency Management strives to ensure life safety, protect property, enhance resilience through business continuity best practices, and protect the environment. Emergency Management goals are achieved through maintaining a volunteer workforce of Campus Incident Response Team members; providing training; developing key partnerships to establish overarching University and department emergency plans; maintaining a

mass notification system and providing leadership to the Emergency Management Team in accordance with Incident Command System best known practices. Prepare, Plan, Practice!

Website: www.uleth.ca/campus-safety/emergency-management

Insurance and Risk Services

Insurance and Risk is responsible for the administration of the University's insurance portfolio, risk management services for University activities, claims management, contract review relating to insurance and indemnity agreements, and the administration of the University's Alcohol and Student Safety Abroad policies.

Website: www.uleth.ca/risk-and-safety-services

Safety Services

Safety Services provides oversight for administration of the University's Environment, Health and Safety program and works collaboratively with the University community to promote a strong safety culture.

Our team supports development of tools and strategies to control recognized hazards and meet regulatory requirements. We provide guidance, educational services and programs that foster a safe and healthy environment for research, work and study.

Website: www.uleth.ca/risk-and-safety-services/content/safety-0

Security Services

Security Services patrol the campus 24 hours a day and are responsible for promoting a safe campus environment with the assistance and support of the campus community. In addition to foot and CCTV patrols, Security Services also delivers the following programs: Safe Walk, Working Alone, Crime Prevention, First Aid, Incident Investigation and the campus Lost and Found service.

Website: www.uleth.ca/security

7. CAMPUS WOMEN'S CENTRE (CWC)

The Campus Women's Centre offers many services to the University and its surrounding community. It's a safe, quiet place where all students can come to talk. Student volunteers, experienced with student life on campus, are easy to talk to and can relate to issues such as frustrations with roommates, juggling home life with school life, and personal conflict. Although the Campus Women's Centre is not a licensed counselling centre, student volunteers are trained to recognize when someone is in need of counselling services and will direct them accordingly. The Campus Women's Centre can facilitate help for students through contact with local organizations such as the YWCA, the Womanspace Resource Centre, shelters and food banks.

The Women's Centre has a wide range of pamphlets and information about topics including sexual health, birth control, cancer, STI's, pregnancy, nutrition, HIV and AIDS, drug and alcohol abuse, sexual abuse, mental health, spirituality, feminism, daycare services, self-esteem, losing weight and piercings.

Throughout the year, the Women's Centre organizes and participates in a variety of events impacting women in our society today. These events include National Day of Remembrance and Action on Violence Against Women, International Women's Day, Breast Cancer Awareness Month and AIDS Week.

Currently, each student contributes a levy fee of one dollar in the fall and spring terms. Since the Women's Centre fee is not

compulsory, students may choose to opt out. To do so, students must submit a formal email request, indicating their full name and University ID number from a valid 'uleth.ca' account. Alternatively, students may stop by the office and fill out an opt-out form. Refunds will be administered during the last week in October for the fall term and the last week in February for the spring term. Applications and requests for opt out must be submitted prior to the refund dates. Students will receive an email confirmation instructing them to come to the Women's Centre in person to receive their refund in cash. A valid University ID card is required.

8. CAREER BRIDGE

Discover the path to your future by visiting the Career Bridge office.

Offering students unique opportunities in work-integrated learning, the Career Bridge office administers Applied Studies courses and the Co-operative Education programs for students in the Faculties of Arts and Science, Fine Arts, Health Sciences, and the Dhillon School of Business.

See **Applied Studies and Co-operative Education, p. 287.**

Office: AH151

Phone: 403-329-2000

9. CHAPLAINCY

Chaplains provide private consultation to any University student or staff in relation to spiritual or religious needs.

The Chaplaincy consists of Ministers of many faiths. Participating Chaplains have regularly scheduled hours for consultation.

Office: MH4054

Phone: 403-317-2849

10. CKXU RADIO

CKXU 88.3 FM is a campus-based community radio station that broadcasts at 2900 Watts ERP. We are a volunteer-driven radio society that provides independent campus and community radio, and opportunities through programming, tools, training and events in Southern Alberta. Through our care of community, we cultivate an environment full of opportunities that foster an inclusive and diverse culture.

The station and its volunteers are committed to serving the interests of both the University community and the community at large. The station's programming functions as an alternative to mainstream media by showcasing a variety of musical styles and genres, supporting musical artists, local events, providing a platform to underrepresented voices, and exploring marginalized issues. An interest in diversity, and a willingness to learn, is all that is required to participate within CKXU.

11. CONFERENCE AND EVENT SERVICES

Conference and Event Services provides support for the extended learning of faculty and students enabling the most recent research and knowledge to be shared on campus with both our on-campus and local communities. Conference and Event Services coordinates conferences, meetings, special events, the on-campus LUX Hotel, and provides support within a sustainable environment for the University, southern Alberta community, and casual guests.

Conveniently located, the on-campus LUX Hotel provides easy access to University facilities as well as the downtown core, and comfortable accommodations at affordable prices. Providing full accommodations May to August and limited accommodations September to April, the LUX Hotel is the only hotel on the west side of Lethbridge.

Conference and Event Services can help coordinate every aspect of your event, from setup to take down. On-campus meeting spaces can be rented to accommodate groups of five to 450 people. Rooms are located across campus and can provide cost-effective, state-of-the-art venues that can accommodate all the requirements for meetings, conferences or group events.

12. CONVOCATION

Convocation represents the culmination and celebration of a student's academic accomplishments at the University of Lethbridge; it is the formal ceremony where students don caps and gowns and receive their degrees, diplomas or certificates. University of Lethbridge Convocation ceremonies are held in the summer and fall terms, and are memorable and grand occasions. We strongly encourage all graduating students to attend and celebrate this important milestone with family, friends, faculty and University staff.

Email: convocation@uleth.ca

13. COUNSELLING AND CAREER SERVICES

Counselling and Career Services provides personal counselling and career services to students.

Office: AH153

Counselling Services

Counselling services are provided free of charge to registered students. The purpose of counselling services provided is to contribute to the total well-being and development of individual students. Individual personal counselling and career counselling, as well as group and wellness workshops are offered to assist students in realizing their educational and personal potential.

Although Counselling and Career Services normally operates on an appointment basis, counsellors see students experiencing a personal crisis as quickly as possible. After-hours and weekend emergencies should be handled through Campus Security (403-329-2345) or the emergency service at Chinook Regional Hospital (403-388-6300). Personal crisis situations experienced after hours should be directed to the Distress Line of Southwestern Alberta (403-327-7905 or 1-888-787-2880).

Students with career and/or personal concerns are encouraged to make a counselling appointment before the situation becomes overwhelming. Students are required to come to our office (AH153) to schedule an appointment.

For employees of the University, personal counselling is available through the Employee and Family Assistance Program. Call 403-329-2480 or 1-800-663-1142 (24 hours) for further information.

Career Services

The following career services are available free of charge for students and alumni:

Career Exploration/Job Search Techniques - The department supports students in gathering occupational information such as: what you can do with your major; job qualifications, job duties, educational requirements and labour market conditions. The department assists students in all aspects of the job search process (e.g., resume writing, interview techniques) on an individual appointment basis or in a group workshop.

Job Postings - Students/alumni looking for a job (part-time, temporary, summer or full-time after graduation) can view job postings via the online job board. Log onto the job board with your University of Lethbridge username and password.

On-Campus Recruitment (OCR) - The department assists employers in recruiting University of Lethbridge students throughout the year. On-campus recruiting (OCR) postings can be found on our job board.

Career Events - The department coordinates the annual university-wide Career Fair. The Career Fair is open to all students and the broader community, and provides an exceptional opportunity to gather information on career paths and to network with potential employers.

Note: For further information on all programs, please contact Counselling and Career Services at 403-317-2845, visit us in Anderson Hall (AH153), or access additional information through the following:

14. ENROLMENT SERVICES

The Enrolment Services department includes student recruitment, student engagement and student communications. The department is responsible for events, programming and support for prospective students and their families, high school and college guidance counsellors, new and current University of Lethbridge students, as well as University Faculties and staff. Events include Open House, Information Evenings, New Student Orientation and Convocation. Programming includes prospective student advising, Mentor Mail, student communications, campus tours, Student-for-a-Day, tutoring, study skills and learning strategies, as well as mental health awareness and education. Resources such as the Viewbook, Parent and Family handbook, To-do List, prospective student website and the off-campus housing directory are created and maintained by Enrolment Services.

15. FOOD SERVICES AND CATERING

Food Services offers an enhanced dining and catering experience to our students, faculty, staff and guests of the University of Lethbridge.

Delivered in an a-la-carte style with a variety of retail food outlets on campus, choices include a contemporary range of healthy menu options to meet most dietary requirements and fully satisfy the needs of our residence students on our mandatory dining plans.

Retail Food Locations

Urban Market (University Hall, 6th floor)

Our signature dining outlet, Urban Market, is located adjacent to the Atrium on Level 6 of University Hall. This contemporary

concept includes personal service stations offering fresh, made-to-order selections such as hand-made pizzas, calzones and bakery items; a Euro-style deli featuring a daily selection of soups, salads and sandwiches; a “home-style” entree station; sushi made fresh daily; custom stir-fry station; and full-service BBQ grill. Menus are rotated weekly featuring traditional favourites as well as new and innovative menu ideas.

Other locations include:

- Starbucks (Library Building, 9th floor)
- Cinnamon Cafe (Markin Hall, Atrium)
- Subway (University Hall, 6th floor)
- Tim's Express (University Hall, 6th floor)
- Tim Horton's' (1st Choice Savings Centre, 2nd floor)

Catering

Catering services offers a choice of three professional catering partners providing a full range of services to suit any occasion on campus.

Services range from refreshments for small groups, luncheons, full-services formal banquets and receptions. Menus can be customized to meet individual client requirements and budgets.

17. HOUSING SERVICES

'Come Live With Us!'

Our focus in Housing Services is to provide students with the best possible environment for academic success and personal development. Residence Life programming is offered and coordinated through live-in Residence Assistants. Some examples of the programs and workshops offered in the past include: time management, physical activities, health and nutrition, alcohol awareness, study skills, exam preparation,

library use, tutoring, movie nights, cabarets, résumé writing, and effective interview and job search skills.

The convenience of living on campus, together with access to the University's services and programs, gives students educational, social and cultural advantages. Residents tend to be more involved in campus life, build stronger friendships than their off-campus counterparts and develop greater tolerance and understanding. All this adds up to an enhanced opportunity to graduate from the University of Lethbridge.

Campus Housing Choices

The University provides campus housing for single students in fully-furnished dormitories, self-contained apartment units and townhomes. Units meeting the needs of students with mobility challenges are also available. University Hall, Kainai, and Piikani Houses are available to students in their first year of study. Tsuu T'ina House, Siksika House, Residence Village, and Mount Blakiston House units are furnished and assigned to students in their second and subsequent years of study.

New High School Graduates

University Hall Residence - Our most convenient, on-campus accommodation offers 275 single and double rooms within University Hall. These traditional-style, fully-furnished dorm rooms are available on the first four floors and are reserved for first-year residents coming to the University directly from high school. The residence is equipped with common rooms, a games room, a laundry centre and study rooms. The Library, main campus food outlet, and study rooms are conveniently located, and most academic areas are accessible without going outside on inclement days.

Kainai and Piikani House - Our Kainai House and Piikani House apartment buildings accommodate 120 students respectively in one-, two-, four- and six-bedroom, fully-furnished units. All bedrooms are single occupancy and suites are assigned on a bedroom-by-bedroom basis. Swipe-card laundry facilities are provided on each floor. This building also includes study and meeting rooms, television lounge, and games room. The apartment buildings are conveniently located south of Aperture Drive, just a short five-minute walk away from the centre of campus.

Residence Dining Plan

All University Hall, Kainai House and Piikani House residents must participate in the Residence Dining Plan as these rooms are offered on a “Room and Board” basis only.

Website: www.uleth.ca/housing/eating

Further information on meal plans can be obtained from the Dine on Campus website.

Website: www.dineoncampus.ca/uleth

Transfer and Continuing Students

Aperture Residential Park Single Housing Apartments and Townhomes - Our apartment and townhouse-style buildings accommodate 456 students in studio, one-, two- and four-bedroom, fully-furnished units. All bedrooms are single occupancy and suites are assigned on a bedroom-by-bedroom basis. Study areas, swipe-card and coin-operated laundry facilities, and barbeques are provided in each residential area. These buildings include a fitness room, study and meeting rooms, television lounge, and games room which are available to all residence students. The Tsuu T'ina House, Residence Village and Mount Blakiston House buildings are located south of Aperture Drive.

Aperture Park Graduate and Mature Student Townhouses

Housing for mature and graduate students is provided in Siksika House with two- and three-bedroom townhome units, Residence Village four-bedroom townhomes, or studio apartments in Mt. Blakiston House. All townhomes have a refrigerator, stove and window coverings. Central, coin-operated laundry facilities are available in each of the buildings. Each home has its own entrance and balcony, with living room and kitchen on one floor and bedrooms on a separate level. The townhomes are located just south of the two apartment buildings in Aperture Residential Park. Studio apartments are fully self-contained one-bedroom units with private bathroom, kitchen and bedroom located on the fifth floor of Mt. Blakiston House.

What You Should Bring for Comfort

What to bring varies depending on the type of room that is assigned. The following items are suggestions only: personal computer, circuit breaker-equipped power bar, extension cords, alarm clock, hair dryer, towels, toiletry items, athletic gear, laundry soap, cleaning supplies, vacuum cleaners and bedding.

Note: All electrical appliances must be CSA approved.

Please refer to our website for more detailed information regarding what to bring by building/room type.

Website: www.uleth.ca/housing/what-bring

Application Process

Applications are accepted starting in September for the following September occupancy. Applications may be obtained online. You must apply to the University of Lethbridge for Admission prior to being eligible to apply for campus housing. Once you have received your University of Lethbridge ID number you may log on to the Housing Residence Portal to apply. All applications must be accommodated with a non-refundable application fee plus deposit payable online.

Students are advised to apply as early as possible to improve their chances for accommodation. Newly admitted applicants applying before April 1 will have their names entered into an accommodation lottery. Approximately 75% of the allocated beds will be randomly selected. The names drawn will be guaranteed accommodation prior to June 15. Returning students whose applications are received by January 15 will participate in the lottery draw for 75% of the allocated beds. Others will have their names placed on the application list in priority order according to date received. Offers will be based on roommate compatibility, application profiles and unit availability. Applications are available online at www.uleth.ca/housing.

Offer of Accommodation

Once accommodation is assigned, the student is advised through an *Offer of Accommodation* letter via email. This letter must be signed and returned, along with the second advance payment, by the deadline date as stated in the offer. Failure to meet this deadline will result in cancellation of the application and loss of the first advance payment.

Security Deposit

All students staying in campus accommodation will be required to submit a security deposit of \$400 for single student housing. Interest will be payable on any unused amount if applicable under Provincial Government Statute. Security deposits will be used to cover any outstanding housing-related charges deemed

payable upon termination of occupancy, including cancellation fees, damage, cleaning, lost keys, dining plan, etc.

The security deposit shall not be deemed to constitute a limit for any charges which may be incurred under the lease.

Cancellations

Applicants who are declined admission to the University, who cannot be accommodated by Housing Services by the first day of classes, or who cancel their application in writing prior to receiving a room offer may request a refund of all advance payments. Cancellation for any other reason will be subject to forfeiture of the advance payments according to the cancellation schedule as outlined in the *Offer of Accommodation*. The refund amount for these cancellations is based on the date upon which written notice is received by Housing Services; therefore, students are advised to contact Housing Services as soon as their plans change. Students who cancel a current booking will be subject to a cancellation fee. Cancellation over the Christmas break may be submitted by email to housing@uleth.ca. All cancellations received after a student has moved into residence are subject to one calendar month's notice. Failure to provide this notice will result in next month's rent charges.

Fees

Rates for single student housing (Traditional-Style Dorms, Apartments and Townhomes) must be paid at the beginning of each term.

The Residence Dining Plan must be paid in full by the beginning of the fall term.

A utility surcharge may be levied to offset increased utility costs due to the effects of deregulation and the resulting inflationary impact.

Rental rates include all utilities except telephone line and internet access and are based on a two-term (single) or 12-month contract. Arrangements may be made with Housing Services for a summer contract for single students (May-August).

For more information on current fees, please see www.uleth.ca/housing/single-students.

Residence Network Access Fee

All residence bedroom spaces are equipped with the VoIP (Voice over Internet Protocol) communication system, which provides each resident with Internet access and a telephone in their room. The system allows for efficient communication within residence for emergency response in the event of critical incidents. A mandatory fee is levied to each resident per term for this service. All residence spaces are equipped with wireless internet access.

Organization of Residence Students (ORS)

The ORS (a Students' Union club) provides community development opportunities to meet, interact and socialize in the academic atmosphere for the benefit of each member and the community as a whole. A \$47.50 membership fee is levied to each resident per term.

Policies

The University has policies, regulations and programs to provide for students' personal, academic, social and cultural growth, as well as their privacy and well-being. Breach of these policies and certain Criminal Code offences will be grounds to terminate the students' use agreements and evict them from

University Housing. Housing policies are available online (refer to the *Residence Community Handbook*).

All students living on campus are required to participate in a mandatory tenant insurance program offering students liability and contents coverage.

Summer Housing and 12-Month Contracts

Students working or studying in Lethbridge over the summer are invited to stay in our residence. Special contract terms and rates are available. Accommodation is available in residence from approximately May to August for summer session students. Discounts of 10-20% are available for on-campus summer accommodations. Discounts of one month free rent are also available for 12-month contracts for students starting in September to August.

18. INDIGENOUS STUDENT AFFAIRS

Indigenous Student Affairs is a free, confidential service housed in the Paterson Center, that is also the site of Ikaisskini FNMI Gathering Place, for those students who self-identify as First Nations, Non-Status, Métis, and Inuit peoples. The primary role of the Indigenous Student Affairs office is to guide, encourage and empower students in the University environment.

Indigenous Student Affairs can help you make the transition to the University of Lethbridge by helping you access services such as:

- Housing Information (www.uleth.ca/housing)
- Off-Campus Housing (www.uleth.ca/offcampushousing)
- Parking (www.uleth.ca/facilities/parking)
- Academic Advising (www.uleth.ca/ross/academic-advising)

19. INFORMATION TECHNOLOGY SERVICES

The Department of Information Technology Services provides computer support to the University community.

Student computing facilities are supported by the ITS Department at the following locations:

AH147	1 general purpose PC lab	Open M-F 6:00 AM-10:00 PM
B5 Labs	3 PC labs and 1 Mac lab (B515, B519, B520 & B516)	Open 24 hours (Swipe card access to B519 & B520 between 6:00 PM-8:00 AM)
E6 Labs	3 general purpose PC labs	Open 24 hours
W650 Lab (Student Study Centre)	Mix of PC/Mac computers	Open 24 hours
Library	50 PC computers	Library hours
Email stations	50 PC computers	Open 24 hours

Additional lab information can be found on the Information Technology website (www.uleth.ca/information-technology/resources/lab-resources).

All computer facilities are equipped with a broad selection of current software that include Office Suite, productivity and creative packages, as well as a large selection of class-specific software. Printing is available for a nominal fee using the campus *Bridgebucks* card system. Scanners are available for student use in the main lab locations.

A number of other departments maintain additional computing facilities, including Computer Science (60 Linux stations), Geography (25 PC computers), and Modern Languages (36 PC computers).

Wireless networking is available in most areas on campus. Service is available via two different methods:

Enhanced Wireless (Student @ UofL)

The enhanced network will require you to enter your student username and password and provides access to additional services that are not available to guests. This is the preferred network for general student use.

Guest Access Wireless (Guest @ UofL)

This guest access will provide basic web browsing and access to email services. Simply connect to the "Guest @ UofL" wireless network and you will be able to browse the web and access email.

All students on campus automatically receive an email account at no charge. Check out the Computer Use Policy: www.uleth.ca/policy/computer-use-policy

20. LETHBRIDGE PUBLIC INTEREST RESEARCH GROUP (LPIRG)

The Lethbridge Public Interest Research Group (LPIRG) is a student-funded, student-directed, not-for-profit organization providing resources for undergraduate students to engage with

economic, environmental, and social justice issues. LPIRG embraces plurality and participation and encourages students to critically evaluate the institutions and systems in which they take part. LPIRG assists students in translating their knowledge through research, education, and action to serve public interest.

LPIRG receives \$5 from each University of Lethbridge undergraduate student in the fall and spring terms (this levy is fully refundable if a student so chooses.) LPIRG uses this money to fund student research, events and projects demonstrated to be in the public interest, as well as to provide additional administration, organization and information resources that allow students to become engaged citizens.

Funding can be accessed for undergraduate research, special events, and working groups (collectives of students and possibly community members who work together on a public interest issue; groups may focus on research, events, action, publications or other activities, and have long-term goals). LPIRG also facilitates opportunities for skill development through educational events, public campaigns and partnerships with community organizations.

To find out more about LPIRG funding, events, volunteer opportunities, or the opt-out process, please contact us.

26. REGISTRAR'S OFFICE

The Registrar's Office (RO) houses a number of units that assist students with everything from an introduction to the University, to registering in courses and applying for graduation. The units located in the Registrar's Office include Admissions; Curriculum Management Services; the Information Centre; the Student Information System (SIS) team; and Student Records/Registration. This office is responsible for producing the Calendar and the Timetable; managing admissions, registration, and Convocation; maintaining the official academic student record; responding to inquiries about student records; providing access to grades at the end of each term; and issuing academic transcripts.

Website: www.uleth.ca/ross

27. SPORT AND RECREATION SERVICES

Pronghorn Athletics (403-329-2681)

The intercollegiate athletics program has been an integral part of student life at the University of Lethbridge since 1969. Any full-time student interested in participating in an athletic activity at a high competitive level is eligible to try out.

Currently, the University of Lethbridge has the following athletic teams:

- Men's and Women's basketball
- Men's and Women's ice hockey
- Men's and Women's soccer
- Men's and Women's swimming
- Men's and Women's track and field
- Women's rugby

The University of Lethbridge Pronghorns compete in the Canada West Conference of U Sports. The Pronghorns are full members of U Sports, which represents universities across Canada and operates annual National Championships for the four university conferences across the country.

As a result of the high level of athletic competition, many Pronghorn athletes have represented the province and the country in national and international competitions. This speaks well for the calibre of coaching and the quality of athletes at the University of Lethbridge.

All student athletes who maintain the appropriate academic standing are eligible for financial assistance, in the form of scholarships, awards and grants through Scholarships and Student Finance.

For those students who are interested in athletics but are not able to compete, the Athletics program offers other opportunities, such as team managers, athletic trainers, game day staff, event coordinators and volunteers.

University of Lethbridge students are entitled to reduced admission prices to all Pronghorn home athletic events.

28. STUDENT AWARDS - SCHOLARSHIPS AND BURSARIES

The University of Lethbridge offers a wide range of awards that serve to recognize the achievements of students who pursue their university education at the University of Lethbridge.

These awards are granted based on academic achievement as well as other factors (e.g., financial need, leadership potential, community involvement, artistic ability).

Students are eligible to apply for awards if they are:

- An applicant entering the University from high school or from another post-secondary institution; or,
- A student continuing his/her studies at the University of Lethbridge.

While not all awards require the student to apply, an application is strongly recommended for students who feel that they may qualify for awards. Application forms for most awards are online on the Bridge and information on procedures are available at Scholarships and Student Finance, located in Anderson Hall or online.

Deadlines for applications are:

Board of Governors' Admission Scholarships

December 15 (a completed Admission application is required)

Entrance Awards - High School students

Fall Entrance Awards - March 15

Entrance Awards - Transfer students

Fall Entrance Awards - June 15

Undergraduate Awards - Continuing students

University-administered Awards - May 1

General Policies and Procedures

For a complete description of awards administered by the University of Lethbridge, please refer to the Scholarships and Student finance website.

Liability - The University assumes liability for the payment of scholarships, bursaries, prizes and other awards only to the extent that expected gifts from donors or returns from particular investments of endowed funds are realized.

Application - To be eligible for awards, application forms must be submitted via the Bridge no later than the designated date. Application forms and information are available from the website.

A student who has not applied for awards cannot claim for the right of consideration by the University.

Academic records - Only academic records from the last five years will be considered for measurement of academic achievement.

Interrupted studies - Students who interrupt post-secondary studies and return after an absence shall be considered for University of Lethbridge awards. Evaluation will be based on the student's last year of attendance at the University of Lethbridge subject to the rules guiding undergraduate awards.

Conditions - Unless otherwise stated, awards made to full-time students are conditional on the student proceeding with full-time studies at the University of Lethbridge in the fall and spring terms following the award. Failure to meet this condition may result in the forfeiture of any unpaid balance.

Replacement - Any award administered by the University of Lethbridge is subject to replacement by an award of equal or greater value.

Payment schedule - Awards equaling \$1,000 or less are paid on October 1. Awards totaling more than \$1,000 are

disbursed in two equal payments: the first on October 1 and the second on February 1.

Deductions - The University may deduct from award payments any funds owed to the University.

Tax receipts - T4A forms will be issued to award recipients by the University or any other issuing agency in the spring following the year of the award.

Government Student Loan Programs - It is the responsibility of the student receiving an award, who is currently receiving financial assistance in the form of student loans and grants, to notify the applicable government student loan program as soon as possible regarding the number and value of scholarships, bursaries and other awards.

Deferral - A deferral postpones the payment of a financial award until a student is registered full-time at the University of Lethbridge. A request for a deferral must be submitted in writing by the student to the Manager, Scholarships and Student Finance by October 31 for the fall term and February 28 for the spring term. Justifiable reasons for deferral include:

- unavoidable circumstances; an award may be deferred when circumstances which are substantially beyond the student's control prevent his/her full-time registration in the term for which an award was made.

29. STUDENT FINANCE - GOVERNMENT STUDENT LOANS AND GRANTS

The Federal, Provincial and Territorial governments of Canada provide financial assistance to help residents in the pursuit of post-secondary education. This assistance is provided in the form of loans and grants. Scholarships and Student Finance provides advising concerning these government student assistance programs.

The level of government financial assistance awarded to a student depends on evidence of financial need and on personal circumstances. In Alberta, parental income is no longer used to determine the loan funding a 'dependent' student can receive. The maximum amount an Alberta resident is eligible to receive is \$15,000, September - April, in combined Canada and Alberta student loan funding. Students may also qualify for the Canada Student Grant for Full-time Students in their first and subsequent years of study. Grants are also available for students with dependents and students with permanent disabilities.

Financial assistance is also available to students who are considered to be residents of other provinces and territories. The amount and type of provincial or territorial funding available for out-of-province students varies according to the appropriate provincial or territorial guidelines.

Government student loans are interest-free while students are attending full-time at a post-secondary institution. To ensure that interest-free status continues during full-time study, it is the student's responsibility to provide appropriate proof of enrolment to all lenders holding the student's loan(s). Repayment of government student loans begins six months after ceasing to be a full-time student.

Students in receipt of financial assistance to attend full-time studies who withdraw completely or revert to part-time studies may be required to repay a proportionate amount of their assistance granted for the current academic session. Furthermore, such assistance for the next term is automatically cancelled and students may be ineligible to

receive further funding for a 12-month period. Students intending to return to full-time studies in the next term and who require financial assistance must submit a new financial assistance application for the appropriate period of studies.

Students who need to apply for financial assistance should apply prior to the term in which assistance will be required. Many provinces and territories do have deadlines and it is advisable to check the deadlines in advance of application. Processing of an application can take four to six weeks and processing must be completed prior to the end of the term to which it pertains. Independent and Applied Studies courses are classified as one course (3.0 credit hours) and can only be used in one term to determine eligibility for student loan purposes. Students taking more than one term to complete these courses should plan their subsequent term schedules accordingly.

Payment of tuition and fees are a first charge against assistance received from government student loans and grants. Refunds of tuition and fees are subject to be returned to the lender.

For application forms and more information, please visit Scholarships and Student Finance, located in Anderson Hall.

30. STUDENTS' UNION

The Students' Union exists to provide advocacy and services for its members. It represents students on University of Lethbridge internal committees, as well as Federal and Provincial committees and agencies, which determine education policies. Promoting the rights and welfare of all University of Lethbridge students is the Students' Union's primary concern.

Any undergraduate student registered at the University may run for one of the 20 positions on the Students' Council (some restrictions may apply). Elections are held in February or March each year with the term of office running May 1 to April 30. Council meetings are held regularly and are open to all students.

Students' Union Building (SUB)

Opened in the fall of 1990, the SUB is a joint project of the Students' Union, the University of Lethbridge and the Government of Alberta. Overlooking the Oldman River Valley, the Students' Union owns and occupies 56 percent of the SUB, featuring a retail floor, The Zoo pub, conference and major event facilities, food kiosks, convenience store, office suite, and club rooms. *The Meliorist*, CKXU, Campus Women's Centre, Pride Centre, Lethbridge Public Interest Research Group (LPIRG), University of Lethbridge Bookstore, Health Centre, Enrolment Services, the International Centre, and the Registrar's Office are also located in the SUB.

Committee Representation

Student representatives serve on various University committees, ensuring the student perspective on matters such as program structure and content, degree requirements, tuition fees, and academic regulations are represented. Students interested in committee work or additional information are invited to visit the Students' Union Office or contact their VP Academic. Many students have found

committee representation to be a rewarding experience. The following committees are only a sampling of those requiring student representation each academic year:

General Faculties Council (GFC) Committees

- General Faculties Council
- General Faculties Executive Committee
- GFC Admission Standards Committee
- GFC Advisory Committee on Inter-Varsity Athletics

31. THE MELIORIST PUBLISHING SOCIETY (STUDENT PUBLICATION)

The Meliorist has been the student publication at the University of Lethbridge since 1967. It offers a monthly magazine service and provides an open forum for all students of the University community. *The Meliorist* Publishing Society is an autonomous body that determines the editorial direction of the publication, with students providing the content. *The Meliorist's* staff, contributors, and volunteers gain first-hand knowledge in writing, editing, photography, layout and management of a monthly magazine.

Since its inception, the publication has embraced the philosophy of Meliorism, which holds that the world naturally tends to get better as the result of human effort.

I. COLLABORATING INSTITUTIONS AND PROFESSIONAL PROGRAM PARTNERS

A collaborative program is offered jointly by the University of Lethbridge and a collaborating post-secondary institution. These programs are distinguished by policies relating to admission and graduation. Students are initially admitted to both the University of Lethbridge and to the collaborating post-secondary institution. Graduating students are awarded a University of Lethbridge degree.

Nursing Education in Southwestern Alberta (NESA) Bachelor of Nursing Programs (B.N. and B.N. (After Degree)) Lethbridge College

The University of Lethbridge partners with other institutions to offer pathways to professional degrees that enable students to complete a portion of their program at the University of Lethbridge and then transfer to other institutions to complete the program. For further detail, see **Arts and Science, Pre-Professional Transfer Programs (p. 134)**.

2. POST-DIPLOMA PARTNER INSTITUTIONS

Programs are offered independently by another post-secondary institution and lead to the completion of a diploma or applied/technology degree. Under agreements between the University of Lethbridge and the partner institution, these credentials are recognized by the University of Lethbridge for admission to a post-diploma degree program. Graduating students are awarded a University of Lethbridge degree. For a complete list of the approved diplomas at each institution, please visit www.uleth.ca/postdiploma.

3. DUAL ADMISSION PARTNER INSTITUTIONS

The University of Lethbridge has dual admission agreements with partner institutions for some degree programs. Dual admission enables students to be admitted to a University of Lethbridge program while still attending the partner institution and offers additional benefits regarding registration, program requirements (Calendar year), and access to student services. For further information, see **Admission, Dual Admission (p. 25)**.

4. EXCHANGE PARTNER INSTITUTIONS

Through exchange agreements with partner institutions in several countries, the University of Lethbridge provides opportunities for students to enrich their educational experience by earning credit towards their degree program through study abroad. Details on these exchange opportunities are available through University of Lethbridge International (www.uleth.ca/international/content/education-abroad).

GLOSSARY

Academic Advisor

A University of Lethbridge employee who provides advice to students regarding their program, major or other academic concerns at the University of Lethbridge.

Academic Medals

Awarded to mark the achievements of the University's top students. The University's Faculties and Schools award gold medals at spring Convocation to the top undergraduate students in Arts, Science, Education, Management, Fine Arts and Health Sciences. An additional undergraduate gold medal (the William Aberhart Medal) is awarded by the Alberta Teachers' Association. In the School of Graduate Studies, medals of merit are awarded to the most distinguished students graduating with a master's degree. The overall top undergraduate and graduate students in the institution receive, respectively, the silver and gold medals of the Governor General of Canada.

Academic Objective

Students planning to transfer to another post-secondary institution to complete a professional program declare an academic objective, which is their intended program of study at the transfer institution (see **Faculty of Arts and Science, Pre-Professional Transfer Program in Engineering, p. 134**).

Academic Schedule

The University's schedule of dates and deadlines. These dates are legislated by General Faculties Council (GFC) (see **p. 15**).

Accredited or Recognized Institution

A post-secondary institution approved by the government of the country in which it is located to grant degrees, diplomas or certificates, or to provide post-secondary courses leading to these qualifications, or one licensed for post-secondary education purposes.

Add/Drop

Period of time at the beginning of each term and session when students may register in (add or drop) courses. For more information, see **Registration, Course Registration (p. 43)**, and **Fees, Cancellations, Refunds and Withdrawals (p. 47)**. For Add/Drop Deadlines, see the **Academic Schedule (p. 15)**. See also **Extended Drop Deadline**.

Alberta Council on Admissions and Transfer (ACAT)

An independent body consisting of representatives from the public, students, universities, public colleges, technical institutions, Alberta Vocational Colleges, private colleges and Alberta Education. The Council is responsible for developing policies, guidelines and procedures designed to facilitate course and program transfer arrangements among post-secondary institutions in Alberta. The basic objective of the Council is the development of educational opportunities for students.

Alumni

Individuals who have had a degree conferred on them by the University of Lethbridge. Associate alumni are those who have completed 10 or more courses toward a University of Lethbridge degree.

Alum of the Year Award

Awarded by the University of Lethbridge Alumni Association to recognize those individuals who have demonstrated outstanding academic achievement and have gained an international reputation in their chosen field.

Applied Studies

An opportunity for students to gain course credit for volunteer or employment experience. See the Coordinator of Applied Studies for specific information (AH151; tel. 403-329-2000), or **Applied Studies, p. 288**.

Audit Student

A student who has been granted permission by an instructor to attend lectures in a course on the understanding that the student may not submit assignments, sit for examinations or participate in class discussions (except by invitation of the instructor). The course appears on the academic transcript with a non-grade AU designation (see **Registration, p. 41**).

Bridge (www.uleth.ca/bridge)

The University's online system that contains information and services, such as application status, scholarship applications, course registration, fees, tax statements and access to final grades.

Calendar Year

See **Year of the Calendar**.

Canadian Registered Nurse Examination (CRNE)

A national examination for all students who have completed a program at an approved nursing school.

Cognates

Courses from a related discipline deemed to complement the chosen area of study and to encompass knowledge and skills essential to that area.

Cohorts

A group of students with a particular program focus that are admitted together and register together in a particular sequence of courses.

Combined Degrees

Programs offered at the University of Lethbridge that allow a student to complete requirements for two degrees simultaneously. The requirements for the 40-course single degree configuration are modified for the combined degrees program. Neither degree is awarded until all requirements for both degrees are completed.

Concentration

A defined set of typically four or five courses with a focus on a specific topic within a program. It may be required or optional. If a concentration is required for a major, both the major and concentration must be completed as neither may stand alone.

Contact Hours

The total number of hours of instruction for a specific course. This number includes weekly lectures, labs and tutorials, as well as other irregularly scheduled requirements

Continuing Student

An admitted student who has been enrolled in at least one course (including Placeholder courses) in each consecutive fall or spring term from the time of his or her most recent admission to the University.

Convocation

An assembly for the purpose of conferring degrees (see **Graduation**).

Corequisite(s)

A course that must be taken prior to or in conjunction with another course.

Counsellor

A mental health professional eligible for provincial certification who provides personal counselling for students. This may include career or academic counselling. Vocational interest and related testing is provided by counsellors as required.

Credit Hours

The weighting factor of the course when determining grade point average. Regular, full-term credit courses carry a weighting of 3.0 credit hours, while half-credit courses carry a weighting of 1.5 credit hours. Some courses carry non-standard credit hours (e.g., 6.0 credit hours). A University of Lethbridge student requires 120 credit hours to graduate with a four-year degree.

Cross-listed Course

A single course originating from two different Faculties or Schools or two different departments within the same Faculty or School. Cross-listed courses appear in the Calendar and on students' academic records in the dual form. Courses that are cross-listed are noted in the course title.

Dean

The head of a Faculty or School at the University of Lethbridge. The term "Dean" may refer to either the Dean of a Faculty or School, or to their Designate.

Department

A formal subdivision within the Faculty of Arts and Science and the Faculty of Fine Arts at the University of Lethbridge. Departments are responsible for developing and administering programs and courses related to specific disciplines.

Discipline

A branch of knowledge or learning.

Distinguished Teaching Award

The Distinguished Teaching Award was established in 1987 to recognize the central importance of teaching to the philosophy and goals of our University. The award is presented at Convocation.

Domestic Student

Any student who is a Canadian citizen, permanent resident, protected person in accordance with the Immigration and Refugee Protection Act, and any student who is a holder of a diplomatic visa issued by the Government of Canada. Classification as a domestic student affects fee assessment only. See **International Student** (p. 507) and **Fees, Definitions** (p. 46).

English for Academic Purposes (EAP)

An English language program designed for students seeking admission to a University of Lethbridge program who have not yet met the English language requirements. For more information, see **International** or visit www.uleth.ca/international/EAP.

English Language Proficiency (ELP)

All applicants to the University of Lethbridge and Open Studies registrants must demonstrate English language proficiency sufficient to meet the demands of classroom instruction, written assignments, and participation in tutorials and discussions. This requirement may be met in a variety of ways (see **Admission, English Language Requirements**, p. 26).

Equivalent Courses

Courses that can be substituted, one for the other, to meet any specified course requirement. The regulations that apply to repeated courses also apply to equivalent courses. Students should note, in particular, the calculation of grade point average (see **Academic Regulations, Repeat of a Course**, p. 61). Courses that are equivalent are denoted with an 'Equivalent' course element in the course description.

Exchange Student

A student enrolled at his or her home university who is attending another university under an approved exchange program.

Extended Drop Deadline

Last day in each term and summer session when students may cancel registration (drop courses) before tuition, program, and compulsory fees are non-refundable. Courses that are dropped by the Extended Drop Deadline do not appear on transcripts. For more information, see **Registration, Course Registration** (p. 43), and **Fees, Cancellations, Refunds and Withdrawals** (p. 47). For Extended Drop Deadlines, see the **Academic Schedule** (p. 15). See also **Add/Drop** and **Withdrawal**.

Extra-to-Program Course Credit

University of Lethbridge and transferable course credit that cannot be used to meet program requirements. Examples of course credit that may be deemed extra-to-program include a University of Lethbridge course taken outside a student's program requirements or eligible electives, one of a substantially similar course pair, and awarded institutional transferable course that does not fulfill program requirements or does not meet program residence requirements. Extra-to-program course credit is maintained on the student record and calculated into applicable grade point averages. Should students change programs, previous extra-to-program course credit should be reviewed to determine if it may be used to meet the program requirements of the new program. (See **Admission, Transfer Credit**, p. 43 and **Academic Regulations, Exceeding Course Limits**, p. 61).

Faculty

A formal subdivision within the University. Faculties are responsible for the development, approval and administration of programs and courses related to specific degrees.

Fiat Lux - 'Let there be light.'

The University's motto and the words seen on its shield.

Final Grades

Grades recorded on the academic transcript for completed courses. Students may access their final grades via the Bridge.

Full-time Student

Any student enrolled in at least 9.0 credit hours in a fall, spring, or summer term is considered full-time. Students receiving government student loans for full-time studies during summer (May - August) must be registered in a minimum of 9 credit hours and enrolled in Summer Session I and II/III or Summer Session I, II and III. Students enrolled in Co-operative Education courses are considered to be full-time. Some exceptions to provincial/territorial student loan regulations exist. Students should contact Scholarships and Student Finance for eligibility requirements. For more information, see **Registration, Part-Time and Full-Time (p. 40)**.

Government or other agencies may require more than these minimums per term for loans or scholarships for which only full-time students are eligible.

General Admission

The minimum admission requirements that all applicants to undergraduate programs at the University of Lethbridge must meet. Many programs have additional admission requirements that must be met. See **Admission**.

Grade Point Average (GPA)

The current GPA is calculated on all graded courses completed in a given term. The cumulative GPA is calculated on all graded courses completed at the University of Lethbridge at a given level (undergraduate or graduate). Other types of GPA, such as Admission GPA or Program GPA, are used by certain Faculties, Schools or units at the University of Lethbridge. These are defined by the Faculty, School or Unit that uses them (see **Academic Regulations, Grade Point Average Calculations, p. 59**).

Grading Mode

The type of grade that will be awarded in a course as defined in **Academic Regulations, Grading (p. 58)**. The standard grading mode employed by instructors is a letter grade; the alternative grading mode is Pass/Fail. Credit/Non-Credit, which is designated at the discretion of the student, is not a grading mode.

Graduate Student

A student enrolled in a graduate or post-graduate program that leads to a master's or doctoral credential at the University of Lethbridge.

Honorary Degree

A degree awarded by the University of Lethbridge Senate to an individual in recognition of outstanding achievement. The specific degree awarded varies according to both the individual's area of accomplishment and the source of the original nomination.

Independent Study

Individual study for course credit under the supervision of a professor. Course work may require independent library research or field work and a major term paper. For further information, students should consult the department or faculty member under whom they wish to pursue independent study.

Individual Multidisciplinary Major

An individual major designed by the student. The major must be an in-depth study of a subject rather than a broad survey. The major must incorporate knowledge from several disciplines and should be derived from the existing Arts and Science curriculum. It may not duplicate a program offered at the University.

Ingrid Speaker Medal for Distinguished Research, Scholarship, or Performance

The Ingrid Speaker Medal was established in 1995 to recognize the importance of research, scholarship and performance at the University of Lethbridge. The award is presented at Convocation.

Interdisciplinary Studies

Courses that examine a single topic from a variety of disciplinary perspectives.

International Student

Any student who is not a citizen or resident of Canada. Classification as an International Student impacts fee assessment only. See **Domestic Student (p. 506)** and **Fees, Definitions (p. 46)**.

Laboratory

A scheduled class meeting time separate from the normal hours per week in which a lecture is held. The laboratory is set aside for practical learning, such as experiments, solving problems or listening and speaking (in the case of language courses).

Liberal Education List Requirement

The 12-course requirement for all University of Lethbridge undergraduate students that embodies the University's liberal education philosophy. Liberal Education encompasses: breadth across disciplines, the ability to connect and integrate knowledge, critical thinking and problem solving skills, and education for citizenship.

Major

The primary academic focus of a program. It is generally a defined set of courses in a subject area. For each declared single degree, diploma or certificate, a major must be declared. Generally, unless otherwise specified, a student may declare only one major per credential sought, i.e., degree, diploma, or certificate (refer to the applicable Faculty or School sections of the Calendar). For the BAsc., two majors must be declared. For combined degrees and double majors, two majors must be declared, i.e., one major for each degree sought.

Member of the University Community

Any student, employee, alumni, volunteer, person participating in a non-credit program offered by the University, person invited to participate in a University-sponsored event, contractor, or guest of the University.

Minor

A defined set of six courses, designed to provide depth in a particular discipline, study in an interdisciplinary area, or focus on a theme-related topic. To learn more about minor requirements and which minors are available, see **Minors**.

Mutually Exclusive

When courses are mutually exclusive, students who are currently registered or who have earned a minimum passing grade in one of the mutually exclusive courses or equivalent may not subsequently register in a section of another course with which it is mutually exclusive.

Notice Board (www.uleth.ca/notice/)

A website maintained by Information Technology Services where campus community members can post notices about upcoming events or happenings.

Nursing Education in Southwestern Alberta (NESA)

The Faculty of Health Sciences, in collaboration with Lethbridge College, prepares baccalaureate graduates for the nursing profession through the Nursing Education in Southwestern Alberta (NESA), Bachelor of Nursing, and Bachelor of Nursing After Degree programs.

Official Academic Transcript

An official academic transcript is the official, permanent academic record of a student's enrolment activity at the University of Lethbridge, and bears the seal and signature of the University of Lethbridge Registrar. See **Academic Regulations, Academic Transcripts, p. 60**.

On-campus Recruitment (OCR)

The process by which employers conduct job interviews on campus.

On-campus Student

A student enrolled in one or more courses delivered on the University of Lethbridge campus, even if the student is enrolled in other courses delivered off-campus.

Open Studies Student

A student who is not formally admitted to a program at the University but who is permitted to take one or more courses in a given term. Courses taken as an Open Studies student may count in a University program if a student applies and is later admitted to a program at the University (see **Registration, Open Studies Student, p. 41**).

Part-time Student

A student who is registered in fewer than 9.0 credit hours in a fall, spring or summer term is considered part-time. For more information, see **Registration, Part-Time and Full-Time (p. 40)**.

Plagiarism

The submission by a student of the writings, ideas or data of another individual as the student's own in any essay or assignment.

Pre-program

A program in which the student completes requirements for admission to a professional program at the University of Lethbridge or for transfer to a professional program at another post-secondary institution.

Prerequisite(s)

The preliminary requirement that must be met or waived before a course can be taken.

Prerequisite Waiver

Written permission from a Faculty/School allowing a student to register in a course without the specific prerequisite. Prerequisite waivers may be obtained from the academic unit delivering the course (see **Academic Regulations, Waiver of Prerequisite/Corequisite, p. 62**).

President's Award for Service Excellence

Inaugurated in Spring 2003, this award honours administrative staff members who enhance the reputation and improve the effectiveness of the University of Lethbridge through service, commitment, and participation.

Program

A specific set of course requirements leading to the completion of a set of admission requirements, a degree, diploma, or certificate, either at the University of Lethbridge or at a post-secondary institution with which the University has a formal transfer agreement.

Recommended Background

A course that is not a preliminary requirement for another course but contains material that would provide a good background for that course. Students may take a course for which they do not have the recommended background but should be aware that they may have more difficulty with the course than a student who has the recommended background.

Residence Requirement

The number of courses that must be completed at the University of Lethbridge and, in some cases, when these courses must be taken in order for the degree, diploma or certificate to be conferred. For specific information on all program residence requirements, see **Academic Regulations, Residence Requirements and Time Limits (p. 63)**.

Returning After an Absence

Applicants who were admitted to a University of Lethbridge program, completed one or more terms at the University, subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the students), and who did not complete any university-level studies in the interim.

Returning Transfer

Applicants who were admitted to a University of Lethbridge program, completed one or more terms at the University, subsequently interrupted their continuing student status prior to the completion of the program (whether the interruption was voluntary or involuntary on the part of the students), and who completed university-level studies in the interim.

School

A formal subdivision within the University. Schools are responsible for the development, approval, and administration of programs and courses related to specific degrees.

Senate Volunteer Award

Inaugurated in Spring 2005, this award honours worthy recipients who have a record of singularly exemplary and distinguished volunteer service to the University. This award is available to any member of the University community.

Senior Citizen

Any individual aged 65 years or older. Classification as a Senior Citizen impacts fee assessment only.

Series Course

A regularly offered course whose content may vary with each offering. Each Series course has one course number (e.g., Anthropology 2210 or English 3700). Different offerings in a Series course are indicated by the course title. A Series course may be specified as a requirement in a program. Students may receive credit for more than one offering in a series if the offerings are distinct (i.e., if each offering has a different course title).

Specialization

A defined set of courses related to the major but over and above the minimum requirements for the major. It includes an experiential learning component such as a required internship. It may be required or optional. Specializations are not available in all programs.

Spoken English Language Proficiency

An admission requirement for programs offered by the Faculty of Health Sciences. For more information, see **Faculty of Health Sciences, Spoken English Language Proficiency Requirement (SELP) (p. 181)**.

Student

Any person who is a) registered or enrolled in one or more credit or non-credit courses or programs at the University of Lethbridge for the current or a future term; or b) registered or enrolled in any University-sponsored program.

Substantially Similar Courses

Courses that contain a high percentage of similar course content but are not deemed equivalent (see **Academic Regulations, Substantially Similar Course Limits, p. 61**). Courses that are substantially similar are denoted with a 'Substantially Similar' course element in the course description.

Summer Session

Summer session refers to a period of study within the summer term, which occurs during the period May through August. Summer Session I occurs during the period early May through late June; Summer Session II occurs during the period early to late July; Summer Session II/III occurs during the period early July to mid-August; and Summer Session III occurs during the period late July to mid-August. The aggregate of all summer sessions is considered to be a summer term. For more information regarding financial support and maximum course load during summer session, see **Registration, Part-Time and Full-Time (p. 40)**. See **Term** for information on courses that run full-term over the summer.

Tabula Rasa

Literally 'a clean slate.' *Tabula Rasa* is granted to students upon readmission after being required to withdraw. It allows the student to retain ungraded credit for certain courses completed prior to the required withdrawal, while the points and hours are removed from the student's record and the GPA is reset. This academic amnesty allows the student to retain credit for courses that were successfully completed and to have a fresh start with respect to grade point average. *Tabula Rasa* is only available in the Faculty of Arts and Science (see **Arts and Science, Readmission after Required Withdrawal, p. 92**), the Faculty of Fine Arts (see **Fine Arts, Readmission after Required Withdrawal, p. 159**), the Faculty of Health Sciences (see **Health Sciences, Readmission after Required Withdrawal, p. 182**), and the Dhillon School of Business (see **Dhillon School of Business, Readmission after Required Withdrawal, p. 192**).

Term

Term refers to a period of study.

- Fall term occurs during the period September through December.
- Spring term occurs during the period January through April.
- Summer term occurs during the period May through August. Students registered in graduate or undergraduate courses that run full-term during the period May through August are considered to be enrolled in the summer term. See **Summer Session** for information on courses that do not run full-term over the summer.

Topics Course

A course that is not offered regularly at the University of Lethbridge and whose content varies with different offerings. Each Topics course is identified by the number 1850, 2850, 3850, 4850 or 5850, and different offerings are indicated by the title of the particular section. Students may take more than one offering of a Topics course for credit if the offerings are distinct (i.e., if each section taken has a different title).

A Topics course cannot be specified as a required course in any major or program.

Transferable Course

A course completed at another post-secondary institution that may be awarded transfer credit according to the policies outlined in **Admission, Transferable Courses, p. 22**.

Transferable Grade Point Average

The average of all grades an applicant has earned in all completed institutional transferable courses (including both passing and failing grades), whether or not these courses can be used to meet the requirements of a University of Lethbridge program.

Transfer Credit

Credit awarded by the University of Lethbridge for courses taken at another post-secondary institution. Specified transfer credit corresponds directly to specific courses at the University of Lethbridge. Unspecified transfer credit (1000-level unspecified, 2000-level unspecified, etc.) is awarded when the course is not equivalent to a specific course at the University of Lethbridge but is recognized as being university-level. See **Admissions, Transfer Credit, p. 43**.

Transfer Student

A student who has attended another post-secondary institution and who has been admitted to the University of Lethbridge on the basis of the completion of six or more transferable courses. See **Admission, Post-Secondary Admission Route, p. 22**.

Tutorial

A scheduled class meeting time separate from the normal hours per week in which a lecture is held. Tutorials allow students the opportunity to receive help from an instructor in specific areas, or to practice skills gained during lectures.

Unclassified Student

See **Open Studies Student**.

Undergraduate Student

A student enrolled in a program that leads to a bachelor's degree, diploma or certificate at the University of Lethbridge.

University Shield

The University's shield was designed in the University's colours of blue and gold. The gold sun on the blue shield represents southern Alberta. The University's motto, 'Fiat Lux', Latin for 'Let there be light', is lettered on a gold and silver band below the shield.

Unofficial Academic Transcript

An unofficial academic transcript does not bear the Registrar's seal or signature. This type of academic transcript is not the official academic record of the University of Lethbridge; however, it is accessible to students online through the Bridge (www.uleth.ca/bridge). See **Academic Regulations, Academic Transcripts, p. 60**.

Visiting Student

There are two types of visiting students:

- A University of Lethbridge student who has obtained special permission to study at another post-secondary institution for a specified time and to receive credit at the University of Lethbridge for any course(s) taken at another post-secondary institution. Permission must be obtained from the student's Faculty/ies and/or School(s) before enrolment at the other post-secondary institution. Contact the relevant academic advising office for more information.
- A student enrolled at another post-secondary institution who has obtained permission to study at the University of Lethbridge for a specified time and to receive credit at the other institution for any course(s) taken at the University of Lethbridge.

Withdrawal

Students can withdraw from individual courses or their complete registration after the extended drop deadline up to and including the last day of classes in a term or session. A designation of 'W' is recorded on the transcript for withdrawn courses. For more information, see **Registration, Withdrawal (p. 43)**, and **Fees, Cancellations, Refunds and Withdrawals (p. 47)**. For Withdrawal Deadlines, see the **Academic Schedule (p. 15)**. See also **Extended Drop Deadline**.

Year of the Calendar

The specific University of Lethbridge Academic Calendar and Course Catalogue that governs a student's program requirements. Students are normally governed by the program requirements of the Calendar in effect at the time of their most recent admission but are governed by the current Calendar in all other respects (see **Academic Regulations, Year of the Calendar, p. 63**).
